"Not many years ago in the autumn a regatta was held on Little Lake. It consisted of all the best elements of a good regatta, four oars, singles, and above all canoe races. The young men of the town instead of devoting their time to lounging, then trained and gave the public the benefit of such an exhibition of skill and strength as Little Lake has not since seen. On lovely September days there have been as many as 3,000 and 4,000 people lining the banks near Burnham's Point full of enthusiasm and charmed with the regatta. Such men as Mr. Price, Mr. Beckett, and the late Geo. Rogers, who was one of that famous crew of which Mr. Alfred Belcher was stroke, that brought renown to Peterborough. Then who does not remember the magnificent contest between Beauvais, George Fitzgerald and G. Cochrane for the amateur championship of canoeing in this county. So close were the contestants that the excitement was at fever heat, and a dead heat between Fitzgerald and Beauvais will remain in the memory of the oldest inhabitants. One of these now says that he does not know that he can paddle much, but that he can down anything in the county. Oh, why have all those spirits vanished? If the intelligent remains, in the shape of the boating clubs once the glory of Peterborough, was to do something besides giving an exhibition of debating on subjects they know little about or care less, would organize and give us some races this autumn! One reason why this healthy fondness for sport has decayed, is that it takes an energetic and abstemious man to train. Let the reorganized Otonabee Canoe Club rise up and try to do something on behalf of Peterborough's once famous sport. The regatta which at their annual meeting was discussed, could by a little enthusiasm and energy on the part of the club and the quondam lovers of the grand sport of canoeing, which, was formerly held in such love by Peterboroughians, be carried to a successful issue. Let something be done, and do not let that, for which Peterborough was so long famous fall, as a well known American said, into "innocuous desuetude." Even the interest taken by private parties in canoes and canoeing seems waining and it is seldom that more than a dozen crafts dot the surface of Little Lake in the eventide, where in former times the pretty sheet of water was unable to bear on its bosom the flotilla of human freight."

Died from Cigaret Smoking.

NEW YORK, Aug. 3.—Emil C. Babel, 25 years old, a waiter, died suddenly at his home, No. 134 West Twenty-seventh-street, yesterday from heart failure.

Babel had been an inveterate cigaret-smoker, often consuming 10 packages a day. He had been in poor health of late and it is supposed that his death was directly due to his excessive smoking.

A Baby Every Year.

NORWICH, Conn., Aug. 3.—Mrs. Jacob Simon of the West Side has just added her fifteenth item to the census statistics of this town, and Jacob is walking up and down the street accepting congratulations. Mrs. Simon, who is not quite 40 years old, was wedded when she was 16. In the past 18 years she has presented Simon with a child a year. Ten of the children are living.

Shot and Killed His Wife.

SAGINAW, Aug. 3.—Judd Fosdyk shot and instantly killed his wife to-day. He then ran into the woodshed and fired two bullets into his own head. He died shortly afterwards. He also made a futile attempt to kill his mother. The killing is attributed to jealousy.

Terribly Mangled.

TAMWORTH, Ont., Aug. 3.—Herbert Brown, aged 23 years, an employe of the Marlbank Cement Works, was almost instantly killed at their works this afternoon. He was caught on a belt, which he had thrown off, and was terribly mangled. When picked up he was quite dead. Deceased was unmarried.

Protection in Practice.

The *Engineering and Mining Journal* gives an exceedingly valuable illustration of the manner in which a protective tariff raises its beneficiaries above the operations of the natural law of trade. The illustration concerns steel rails, which are now $4 a ton higher than they were in 1885, although the cost of production and the tariff tax are less and the demand is slight. The command of the market by reason of the tariff on rails and the ownership of the Bessemer patents has enabled the rail makers to fix arbitrarily the price of their products.

The American manufacturers make much of the fact that improved machinery has greatly increased their output, and the *Journal* estimates that the cost of producing steel rails, when the manufacturer makes his own pig, cannot exceed $20 a ton. In In 1885 steel rails sold a $28 a ton, and the cost of Bessemer pig alone was $16. At $30 a ton the profits on the annual output of steel rails is necessarily between $10,000,000 and $12,000 000.

That the protective tariff gives this enormous dividend to the makers, who, instead of increasing wages are trying to cut them down, is shown by an examination of English prices. In May, 1892, English rails sold for $19 44. The duty on this, $13 44, would make their price $32.88, not counting freight and insurance. It is clear, therefore, that $30 is the price at which the English rails can be kept out. While the English price has fallen since 1885 from $23 17 a ton to $19.-44, the price of English pig has risen from $10 09 a ton to $12 15.

In other words the English maker pays $1 43 more for his pig and gets $5 73 less for his rails. At the same time, while the price of American rails advanced from $26 to $30 a ton, the price of American pig fell from $17 to $14 a ton, so that the American maker paid $3 less for his pig and got $4 more for his produce. The gain he keeps for himself. —*New York World.*

How Can Canada Retaliate?

The Ottawa *Free Press* says: Premier Abbott has returned from his fishing expedition, but he does not seem in a mood to declare "commercial war" against the United States. On the contrary his attitude and utterances are such that if he were a Reformer he would be described at once "cringing to the Yankees," by the Jingo organs. Possibly the premier has been reckoning up the loss which his railway company would sustain in the event of the Washington authorities abolishing the bonding privilege. The Canadian Government has no power to comply with the demands of its more violent supporters by closing the Welland Canal to United States vessels, or imposing excessive tolls upon American vessels using that waterway, because Great Britain has guaranteed by treaty to United States citizens the use of that canal on the same terms as those upon which British subjects are allowed to use it.

How the Roll Stands.

The Stratford *Beacon* says:—The martyr account in re the annexationists now stand. Myers county crown attorney, Dufferin.

Farrer, leader, writer on *The Globe*.

Makes Flesh and Blood

When the system is all run down and there seems to be no hope of obtaining nourishment for the body by the ordinary process of food supply and digestion, when the body is sinking fast, then is the time to use Miller's Emulsion of pure Norwegian Cod Liver Oil. A Close Call.

After suffering for three weeks from cholera infantum, so that I was not expected to live, and, at the time, would even have been glad had death called me, so great was my suffering. A friend recommended Dr. Fowler's Extract of Wild Strawberry, which acted like magic on my system. But for this I would not be alive now.

Stick to the Right.

Right actions spring from right principles. In cases of diarrhœa, dysentery, cramps, colic, summer complaint, cholera morbus, etc. the right remedy is Fowler's Extract of Wild Strawberry—an unfailing cure—made on the principle that nature's remedies are best. Never travel without it. dw

The Grand Old Man at Church.

A correspondent who worshipped in the church at Hawarden, thus describes the Grand Old Man at divine service:—

The church was filled with an eager and expectant congregation, but as the Premier did not read the lessons, there was a look of disappointment in every quarter. The service was choral, and he joined heartily in the responses. By-and bye the good old hymn commencing, 'O God, our help in ages past," was sung. It was then that he was seen at his best, for he seemed to put all his soul into the singing of that hymn, waving his body to and fro, his very attitude making one believe that he could vie with any Methodist in the world in earnestness and devotion to religious exercises.

It must be rather inconvenient to have a parishioner who is expected by visitors from all parts of the world to take part in the service. Gladstone's parson can hardly venture to think he is the most influential man in the congregation he ministers to.

Republican Jingoism.

Mr. Harrison evidently believes in the efficacy of a jingo policy on the eve of a Presidential election. Not content with bullying Canada he has started a quarrel with the little republic of Honduras. We should imagine that with labour troubles and agricultural discontent, the work of looking after the affairs of the nation would be enough employment for an ordinary man without seeking cause for quarrel with weaker neighbours. The president of a great republic should be above playing the game of Old World monarchs who strive to distract the attention of their subjects from home evils and miseries by getting up quarrels with foreign nations.—*Witness.*

Bengough Retires From Grip.

Mr. J. W. Bengough, who was the founder of *Grip*, and who has been for many years its editor and cartoon artist is about to sever his connection with that paper. *Grip* without Bengough, will be like Hamlet with the part of Hamlett omitted. As a cartoonist Mr. Bengough has few equals, and it is to be regretted that the Canadian field for genius such as his is so limited. Mr. Bengough is about to visit England, and may join one of the London comic papers. His departure is a serious loss to Canadian journalism.

Registered Insurance Agents.

The last issue of the Ontario *Gazette* contains the names of 353 persons who have been registered as agents in Ontario under the Insurance Corporation Act of 1892. Henceforth it will be unlawful for others than those holding certificates to act in the capacity of agents for life and accident insurance. The registration must be repeated annually by those who wish to take advantage of it.

An Unfortunate Canine.

Mr. John Nugent has a fine three year old cocker spaniel dog, which, on Tuesday met with a serious accident. The canine must have come, it is supposed, in contact with a barbed wire fence and his hide catching on a barb near the nape of the neck, the poor animal strove to extricate himself, with the result that he was nearly flayed alive before being freed from his cruel trap. The dog was literally skinned both on the back of the neck and down the back to the flanks and root of the tail. Dr. Stephenson, V.S., attended to the injuries and put 28 stitches in the canine's hide, which is getting along well.

Mechanics' Institute New Books.

Large numbers of books are constantly being added to our Mechanics' Institute until its library is now one of the best equipped and most varied in the province. A few days ago the EXAMINER published a list of new books that had been added to this worthy institution's library and the following are the names of other books which have increased the reading matter in the Institute. This excellent showing reflects great credit upon the president, Dr. Geo. Burnham and the other officers and directors:—Interference, Crooker; Shakespeare's England, Winter; Novell in Vain, Cambridge; Miss Eyon on Eyes Count McQuad; Love of a Lady, Thomes; History of Ancient Civilization (2 vols.) That Stut, C. Younge; Peter Ibbetson, Du Maurier; Dynamic Electricity, Herring; Auld Licht Idylls, Barrie.

One of the Old Timers in Sight.

One of the old time picnics, excursions and social gatherings will be held in Johnston's far famed grove on the river Trent at Hastings, on Aug. 18th, Peterborough's Civic Holiday. This is the day set apart for the citizens to enjoy themselves and have a days refreshing outing. Then hurrah with the grand union excursion under the management of the C.M.B.A., E.B.A. and C.O.F. Societies. This is going to be the excursion of the day. Sports of all kind, dancing for every one, finest fishing points in Ontario. Hot water provided for those with baskets. The committee has left nothing out; everything for the comfort, convenience, amusement, enjoyment and pleasure of those attending. If you miss this you will miss the best day's enjoyment this season and don't forget it. The price is only a trifle and you depart and arrive home at a most reasonable time. Then be sure to make arrangements to take it in. See the posters for full particulars.

Bankrupt Stock still in the ring. Everything goes at T. Dolan & Co.'s store at your own price.

TO THE BUYING PUBLIC.

People of Peterborough, buy no goods after six o'clock to encourage the early closing movement and give the boys a chance to get a mouthful of fresh air; as I am aware you never give them anything but lots of lip. If this is not carried out clubs will have to be used.

Respectfully yours,

J. DOLAN

County Entrance Examinations.

The copy of the results of the County Entrance Examinations, held at Norwood and Lakefield, was received too late for to-day's issue of the EXAMINER.

Pollard's Home Made Bread.

Real, genuine, home-made bread, buns and pastry can always be had at Mrs. Pollard's, 456 George street, a few doors north of the old post office block.

There Every Time.

For your boots and shoes go to R. J. Kidd. He is the man who gives the best value and sells at reasonable prices. He handles the famous boots of J. D. King & Co., Toronto, a sufficient guarantee of their quality and durability. Go see him—Kidd the Booter. dtf

Ackermen's Harness Factory.

Mr. B. Ackermen's wholesale harness factory is now in full operation. About forty hands are busily occupied in co-operating with the complete outfit of machinery in turning out daily a large amount of complete harness. Mr. Ackermen's traveller for the Northwest is preparing his samples for a business invasion of that region.

E. B. A. Reception.

The local branch of the E.B.A. will tender a reception to the brethren of Eastern Ontario on St. Joseph's Hospital grounds on Saturday afternoon, August 6th, the O'Connell anniversary. The programme will include a base ball match, between Toronto and Peterborough nines, and a fine list of athletic sports at which $150 in prizes will be offered. Butcher's orchestra will furnish music for dancing. Admission to grounds 10 cents. 21

Christian Endeavour Excursion—Port Hope and Peterborough.

Tickets for above excursion, to be held on Tuesday, Aug. 9th, are now for sale by members of each society and at the stores of Messrs. J. Nugent, J. D. Tully, Frank Mason, O. C. Rowse and R. J. Kidd. Owing to Port Hope Endeavourers joining with us our tickets from town are limited to 250. The committee hope that all Endeavourers and their friends who intend going, will purchase their tickets if possible before going to the station. Tickets 60c. each. 4129

The Frog Industry.

Mr. H. H. Pollock, the veteran frog catcher of Trent Bridge, informed us on Saturday last, that he is catching, and skinning and packing for shipment to New York, two barrels of frog meat every week. The Americans, who are the principal consumers of this article of diet, pay 50 cents per pound at the present time, and when it is served up in small quantities at the hotels and restaurants, it is quite possible that $1 per pound is realized therefrom. Mr. Pollock catches the green and brown croakers in the Moira and Salmon rivers, and makes his shipments from Shannonville, Tweed, Arden and Madoc.—Campbellford *Herald*.

Summer Reading.

New books arrived at the Peterborough Bookstore:—Verbena, Camellia, Stephanotis, by G. W. Beant; Nada the Lily, by H. R. Haggard; The Wrecker, by R. L. Stevenson; A Transplanted Rose, by M. E. W. Sherwood; Larchedon, by G. J. Whyte Melville; Pray you, Sir, whose Daughter, by Helen Gardner; Proved Unworthy, by Mrs. E. L. Cameron; Why I'm Single, by Albert Rose; Out at Twinetts by John Habberton; Well out of it, by John Habberton.

Make the Niagara Falls Trip.

You are going out of town on Civic Holiday! Why not go somewhere where you can see something? You can run around home any day. It is only once a year you can see Niagara for so little money as by the Foresters excursion per C.P.R. and steamers. Three whole days to do the trip. You can go the night before if you like. By taking either of the morning boats of the excursion line from Toronto you can see all the special features of the great cataract, the rapids, Goat Island, the big bridges and return to Toronto and town the same night. The Falls is now a public park, no tolls or fees charged. The train from Lewiston to the Falls affords a splendid view of the river. Tickets only $2.25 to go and return, and plenty of time to stop a day or two in Toronto. See posters and folders. 2129-w33

He is an Old Peterborough Boy.

The Montreal *Herald* of Saturday contains an excellent portrait of Richard Kelly, an old Peterborough boy, who about six years ago was a prominent player with the lacrosse team here. He is now one of the best players of the Shamrocks, playing centre field in great style. The *Herald* says in its account of his lacrosse career:—

"There is no better player in the big league. The field game he put up against Ottawa on Saturday was the finest exhibition that has ever been seen on any lacrosse field. Last year he joined the Shamrocks, and since then his brilliant work is known to all lacrosse men. He has played lacrosse for the past six years, having played with the "Independents" of Quebec. He played also with the "Independents" of Boston, then the champions of the United States.

Accident to the Golden Eye.

A slight accident occurred to the steamer Golden Eye on Wednesday evening. When going into Campbelltown for wood she sprung a plank in her bottom. The steamer was returning from her Harwood trip with about twenty passengers. She dropped inshore to take on wood at Campbelltown. In backing out her hull came in contact with a boulder and a plank was sufficiently started to cause her to spring aleak. Her nose was run ashore and the passengers took their places in the fore part of the steamer, feeling no alarm, for the simple reason that there was no cause for alarm. Dr. Shaw, who was at Campbelltown at the time, drove to Keene and telephoned the state of affairs to Commodore Calcutt who drove down and intercepted the "Daisy" on her return trip. She was sent back to bring the passengers to town, which was reached about two o'clock a.m. The lady passengers especially speak in the warmest terms of the kindness of the officers and crew in making the detention as little irksome as possible. The injury to the steamer is not serious and will be repaired in a few days.

News Nuggets.

—Campbellford's civic holiday is August 17th.

—Large live stock shipments are being made from Campbellford.

—A Campbellford miller has already ground a grist of new wheat.

—Street Inspector Pope has a gang of men at work grading Reid street.

—Campbellford defeated Grafton at cricket on Friday last by an innings and 60 runs.

—There was no police court this morning; no tramps in the cells, and no arrests last night.

—The raspberries are said to be a poor crop this year, owing to the unusual amount of rain.

—Something new is Fancy Table Covers at Miss E MELVILLE'S, 424 George street. Stamping done.

—A drive of 250 000 logs is now on their way down the Trent. 200 000 are for Rathbun Co., and the balance for Gilmour.

—Messrs. Robert S. Wilbo and Chas. N. Lane, of Rochester, N.Y., who have been fishing at Burleigh Falls returned home today.

—The Lakefield Tennis Club are playing a return friendly match with the Peterborough Tennis Club on their grounds this afternoon.

—A large addition is being made to Mr. Donnell's planing mill on Dublin street. It is to be brick-clad, and will be used principally as a storeroom.

—Mr. John Lancaster, of Birdsalls, sold his four-year-old trotting mare, "Maud L," last week to a gentleman from Buffalo; the price paid was $300.

—Twenty one took in the popular Thursday excursion of the G.T.R. to-day for a trip up the lakes. These weekly cheap rates are largely patronized.

—Mr. R. A. Morrow is erecting a snug butcher shop on Charlotte street, near the G.T.R. station, which will be occupied by Mr. J. Grady in a few weeks.

—The editor of the Campbellford *Herald* has "shut up shop" for a week and gone fishing with his family,—that is, in company with them—in back country lakes.

—The council of the little village of Campbellford has voted $150 to help the brass band to purchase new instruments. Will our city fathers do likewise and more so?

—The lacrosse match which was to have taken place to-morrow evening between the Shamrocks and junior Peterboroughs has been postponed until Monday evening.

—The monthly matches of the Rifle Association and the fifth and last series of the Canadian Military Rifle League will be shot to-morrow afternoon at the rifle ranges.

—The Gun Club will hold a shoot to-morrow afternoon. The club will in all probability shoot a match with the Port Hope Gun Club next week at Port Hope.

—A meeting of the ambulance corps of the 57th battalion is called for to-morrow evening at 8 o'clock at the drill shed. The corps are to be handsomely photographed this week.

—An assault case which took place some weeks ago on board a Stony Lake steamer, and which was to have come up before County Magistrate Elmhirst to-day, was settled out of court.

—A little six-year-old boy of Mrs. Graham, Rubidge street, while playing on lawn yesterday afternoon fell and by some means broke his right arm. He is progressing favourably to-day.

—Messrs. J. J. Turner & Son yesterday made a heavy shipment of awnings and tents. They shipped two tents to Orillia, two awnings to Norwood, two to Lakefield and a large tent to Deseronto.

—No. 5 Company of the 57th Battalion, accompanied by their friends, are spending the day down the river at Jubilee Point. They went down this morning on the steamer Daisy with the snow attached.

—In the list of registered insurance agents pursuant to the Insurance Corporation Act, published in yesterday's EXAMINER, the name of Jay W. Doxsee should have been that of his brother, George W. Doxsee.

—It is understood that application has been made by local athletic clubs to practice on the market square in the evenings as soon as the new building is completed and the scales are removed from their present site.

—The Hastings *Star* says it is pleased to state that the band has chartered the Golden Eye for their annual excursion, which will be held on Tuesday, August 16th. This will, it says, be the best excursion of the season.

—There are now six floating marshy islands in Chemong Lake. Two moved down towards the bridge yesterday and the others are moving in that direction. Chemong Lake is becoming an archipelago of "floating islands."

—A young lady while driving on Water street this afternoon, met with a narrow escape. Her horse ran away at the corner of McDonnel and Water street, throwing the occupant out, but happily not injuring the lady. The wheel and axle of the vehicle were broken.

—The Hastings *Star* says:—Our lacrosse boys received a request from Campbellford on Monday to play a lacrosse match either here or in that town on Friday next. As our boys have not practised at all this season, and are not in condition, they wisely decided to decline.

—There will be a great baseball match on Saturday between Toronto and Peterborough baseball clubs. Much interest is being taken in the match, which will be played at the E.B.A. reception for a silver cup on St. Joseph's Hospital grounds.

—A general meeting of the Board of Trade will be held on Monday evening in the council chamber to discuss the sewerage by-law. There should be a large attendance of the citizens, as the subject is an important one and voting on the by-law is close at hand—one week from to-morrow.

—A large party of Nimrods went out last night to Capt. Wallis woods to hunt down "the wild steer. They searched until 12 o'clock for the untamed bovine but failed to locate their game. Another party left this afternoon on a similar mission. The hunters are afraid to shoot the animal in the woods if they see it for fear of shooting some of their companions in the thick bush.

—Mr. Wm. Langford, arbitrator for Peterborough, Mr. John Moloney, arbitrator for Monaghan township, have appointed Mr. H. Calcutt as the third arbitrator on the question of the sewerage of the town being emptied into the river. Mr. Calcutt has consented to act. The arbitrators will meet and appoint a day for the arbitration. They have 30 days to bring in their award.

For the Good of Others

Rev. Mr. Williams Heartily Endorses Hood's Sarsaparilla.

We are pleased to present this from Rev. A. A. Williams, of the Sillsbee street Christian Church, Lynn, Mass.:

"I see no reason why a clergyman, more than a layman, who knows whereof he speaks, should hesitate to approve an

Article of Merit

and worth, from which he or his family have been signally benefited, and whose commendation may serve to extend those benefits to others by increasing their confidence. My wife has for many years been a sufferer from severe

Nervous Headache

for which she found little help. She has tried many things that promised well but performed little. Last fall a friend gave her a bottle of Hood's Sarsaparilla. It seems surprising what simply one bottle could and did do for her. The attacks of headache decreased in number and were less violent in their intensity, while her general health has been improved. Her appetite has also been better. From our experience with

Hood's Sarsaparilla

I have no hesitation in endorsing its merits."

West Ward School Improvements.

Well and Carefully Made—How the Children's Educational Home Has Been Brightened.

There is certainly one department of the school board's work that is attended to with due regard to economy and effectiveness, and that is the department presided over by Mr. J. J. McBain, chairman of the Property Committee. The improvements in the Central school grounds, where every dollar was made to count and where a good job was done, are one instance, and the improvements to the west ward school buildings, now completed, are another. These buildings were in bad shape for lack of paint, and this defect has been removed. The whole buildings inside and outside have been thoroughly repainted in a most careful manner. The work has been well done, and with the best of material, Brandom's best English lead having been used. The outside shade is a dark durable salmon colour. The weather cheeks in the wood work have been well filled and the best possible protection against the ravages of the weather provided. Within the building the work has also been thorough. The wood work has been painted a salmon colour, two coat work. The walls have been tinted a lighter, but harmonizing tone of the same colour; the ceilings have been calcimined, the black boards have been thoroughly repaired and repainted, and the slat blinds also repainted. This applies to all the rooms and the result is clean bright and neat. The halls have also received attention, the hardwood (ash) risers of the stairs have been varnished and the balusters and stair rails rubbed down, stained and varnished. In fact, every detail has been attended to and when the first of September comes the teachers and children of the west ward school, will have a bright, clean and neat school home both inside and outside. The lawn in front is well looked after and presents a pleasant appearance. The plants in the large circular flower plots and in the border skirting the front foundation walls, are in full bloom.

The money that has been expended upon these improvements represents a good investment. The influence of clean, tidy scenes upon children at the formative stage of taste and habit, must have a most beneficial effect, and this influence must react upon those homes which are not distinguished for too scrupulous cleanliness and neatness, and give children, whose home surroundings are not of the best, memories that will bear fruit when they enter upon the duties of adult life.

In a more material sense the money has been well expended. The work was done at the lowest possible rate and practically by tender. The cost was $95, and when one knows that it required the services of three men, furnishing their own material and that of the best, three weeks, it will be seen that no extravagant profits were made.

The job was taken by Mr. A Corbett, and he deserves credit for the conscientious care bestowed upon every detail of the work.

VOTERS' LIST, 1892.

Municipality of the Townships of
GALWAY AND CAVENDISH,
In the County of Peterborough.

NOTICE IS HEREBY GIVEN, that I have transmitted or delivered to the persons mentioned in the third and fourth sections of the "The Voters' List Act" the copies required by said section to be transmitted or delivered of the list made pursuant to said act of all persons appearing by the the last revised Assessment Roll of the said Municipality, to be entitled to vote in the said Municipality, at elections for members of the Legislative Assembly and at Municipal Elections; and that said list was first posted up at my office at Galway, on the 26th day of July, 1892, and remains there for inspection. Electors are called upon to examine the said list, and if any omissions or any other errors are found therein, to take immediate proceedings to have the said errors corrected according to law.

OSGOODE HALL JESTS.

TAKEN FROM THE SMOKING ROOM "YARN" BOOK.

Some Are Good—Others From Fair to Medium—B. B. Osler and Dalton McCarthy Figure as Funny Men—Judge Ferguson's Keen Sarcasm.

Of all the sacred spots at Osgoode Hall, the spot most sacred is the smoking room. Towards it none are expected to go except the lovers of the brier root and such as worship the beauties of nature as revealed in the tobacco plant or the graceful curling of ascending smoke. The smoking room aforesaid is buried down in the eastern wing of the building. On any afternoon the eminent legal lights may be seen wending their way down the winding stairs. Each finds himself a comfortable chair, and swaps his pipe with any other, borrowing tobacco from all who will lend. Of course there are cuspidors there, but these are never used while a dry spot of floor remains. The interest is, however, centered around a certain book. Frequenters of this "den" spin yarns among themselves. The yarns are then adjudicated upon by a special committee appointed for the purpose. Those that stand the test are recorded in the book aforementioned. On the fly leaf of the book are the following verses:

Oh, gentle followers of Coke,
Who love to hear or tell a joke,
If you shall hear a pretty thing,
Or keen or blunt with humor ring,
Pray put it in this book.

A few of the jokes that have been inscribed are given below:

Old but Good.

Mr. B. B. Osler was minutely discribing to the Court of Appeal the method in which a certain house was lifted from its position and transferred elsewhere. The Chief Justice, with his usual desire to master detail, plied him with questions.

"And Mr. Osler, on what did you say he raised it?"

"On four jacks, my Lord."

The C. J. tumbled to the joke. On the other three learned judges the metaphor was lost.

Go Hire a Lawyer.

A minor light in the profession was one day engaged in trying to persuade the Chancellor in Chambers of the erroneousness of the judgment of the Master-in-Chambers. He exhausted himself unsuccessfully, and was apparently overcome with the difficulty of his position and the awkwardness of his client's situation. He remarked plaintively:

"But, my Lord, what in the world is my client to do?"

"My advice would be that he should consult counsel," was the sarcastic reply.

Hamilton Not Their Home.

This occurred in the Common Pleas Division. It was a motion for judgment in an action for the construction of a will and administration. In the will there was a bequest to the Sisters of Charity at Hamilton.

Argued, that inasmuch as there is no such incorporation or association as the Sisters of Charity, the bequest is void.

The Hamilton counsel, endeavoring to support the bequest, argues that it may be good as a bequest to the individuals in Hamilton answering the description of Sisters of Charity.

"So far as I am aware," said the opposing counsel, "Charity only had originally two sisters, namely, Faith and Hope, and both these ladies ceased to reside in Hamilton many years ago."

Afraid of Mighty D'Alton.

At Barrie Assizes some time ago, a rugged Irishman had just given his evidence in chief, and Mr. D'Alton McCarthy, Q.C., was about to open his fire of cross-examination. The learned and not a little dreaded Q.C. was slowly advancing towards the box, adjusting his gown and clearing his throat as he advanced. The witness realized what was in store for him; he turned to the judge and said:

"Yer Honour, ivery worrd I have been sayin' is the God's truth an' if I say anything else when Mr. McCarthy is talkin' to me, it will be a cursed lie."

Jest by B. B. Osler, Q. C.

The action was brought for damages for non-repair of highway, whereby the plaintiff was injured. Osler, Q. C., is cross-examining a small parson as to the hole in the highway which occasioned the accident.

Q.—You are not a very good witness in matters of this kind?

A.—Why not, Mr. Osler?

Q.—Well, you keep your eyes on things above rather than things below.

A.—I certainly should, Mr. Osler.

Q.—However, perhaps this is not the case when you are walking on "holy" ground.

Holy is the key word of the joke. It means full of holes.

Shot at the Inferior Judiciary.

Recent legislation authorizing interchange of duties between County Court judges is under discussion. Counsel attacks it and the court observes:

"Surely it is a great hardship to send a County Court judge among people totally unused to his law."

A most estimable lady almost destroyed until Dr. Butler's Golden Pills came to the rescue. After their use for a short time she was able to resume her duties, after suffering untold misery from nervous prostration and the ills that attend that most distressing disease. These, if not checked in time, lead to insanity and death. Golden Pills are guaranteed to cure all nervous and blood diseases.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give free who call for it, a sample bottle free, that they may try it before purchasing. The large bottles are 50c and a dollar. We certainly would advise a trial. It may save you from consumption. dw

Ideal and Real.

He was a reader of Shakespeare,
And longing a poet to be.
She was a student at college,
In quest of an M.D. degree.
They stood in the pale, silent moonlight.
He holding her soft, dimpled hand;
A happier lover than he was
Sure, never lived in the land,
For she had just told him, the darling,
A secret he'd long sighed to know—
Ah, lady, you'll guess what the thing was,
That is, if you e'er had a beau—
"My loved one," he murmured in rapture,
With a fine touch of dramatic art,
"Are you sure that those words you have uttered
Come straight from your warm, tender heart?"
She answered—her full tones were sweeter
Than crescendoes from nightingales' tongues,
"Ha, ha! From my heart? How absurd, dear!
The voice always comes from the lungs."
—Pharm. Era.

Human Nature.

Magistrate—Why did you run away from Farmer Furrow? Didn't you get enough to eat?

Bound boy—Got plenty.

"Did you get enough clothes?"

"Had lots."

"Were you worked too hard?"

"Hadn't much ter do."

"Was it lonely there?"

"None; I had a good enough time."

"Then why did you run away?"

"Cause I had a good chance."—Good News.

A Doubtful Compliment.

Delude—That man called me a liar, a cad, a scoundrel and a puppy. Would you advise me to fight for that?

Old gent—By all means. There's nothing nobler in this world, young man, than fighting for the truth.

For Impoverished Blood.

B. Jardine, North Sidney, B.C., writes:—"I suffered from weakness and impoverished blood, and only found relief in Pink Pills. I heartily recommend them." All dealers or by mail at 50c a box or 6 boxes for $2.50. Dr. Williams' Med. Co., Brockville, Ont., and Schnectady, N.Y. Beware of imitations.

Uric acid in the blood is the cause of nearly all disease, it visits every part of the body and is liable to fasten disease on any organ; the duty of the kidneys is to extract waste from the blood; a cold will stop this action, a pain in the back follows, and unless relief is obtained, permanent inability of the kidneys to perform their functions follows, which may terminate in liver complaint, dyspepsia, blood disease, dropsy, diabetes or Bright's disease. Dodd's Kidney Pills assist the kidneys to natural work, and cure all complaints and results arising from same. dw

WOULD YOU BUY,

If the Price were Low?

Most men who do not own houses would become owners if they could do so at a moderate cost.

It is my business to build houses, the cost of which is within the reach of people in fairly comfortable circumstances.

I have one house, well built, good location Aylmer streets, between Townsend and Rink streets—$2,200. Look it up. Will have two on Dalhousie; work now going on.

MORTGAGE SALE

OF VALUABLE

TOWN AND FARM PROPERTIES

In the Town of Peterborough and in the Townships of Ennismore, Otonabee and Smith, in the County of Peterborough.

Under and by virtue of the power of sale contained in certain indentures of Mortgage, which will be produced at the time of sale there will be sold at the ORIENTAL HOTEL in the Town of Peterborough, on

Wednesday the 17th day of August,

1892, at Two o'clock in the afternoon, the following freehold properties:—

PARCEL I.

Under mortgage from Daniel Costello, the south half of the south half of lot number nine in the sixth concession of the Township of Ennismore, in the County of Peterborough, containing Fifty acres more or less.

The following improvements are said to be on the premises:—

This is a choice fifty acres of land, nearly all under cultivation, and in good state of cultivation; there is a frame, two-storey house, 20x30, a brick kitchen, 18x20 bricked, and a frame barn, 30x40.

PARCEL II.

Under mortgage from Andrew McFarlane.

Lot number twenty-eight north of Gilmour street and all lot number twenty-one south of Homewood avenue, as shown on registered plan Number 61 for the town of Peterborough, save and except the north twenty-one feet of said lot number twenty-one taken into and made part of Homewood avenue.

The following improvements are said to be on the premises:—A large and commodious two storey brick house fronting on Homewood avenue. This is a very choice property, and situated in one of the most desirable localities in the town, being directly opposite to the handsome residence and grounds of A. L. Davis, Esq.

PARCEL III.

Under mortgage from Mary Ann Heather and Francis William Heather.

That part of lot number thirteen on the south side of Hibbard street and west of George street, in the Town of Peterborough, described as follows:—

Commencing at a point on the east side of Rubidge street, sixty-three and one-half feet from the north-west corner of said lot. Thence southerly along the eastern boundary of Rubidge street, sixty-three and one-half feet. Thence easterly in a line parallel with Sherbrooke street, one hundred and fourteen feet more or less to the rear of said lot. Thence northerly along the rear of said lot, sixty three and one-half feet. Thence westerly in a line parallel with Sherbrooke street, one hundred and fourteen feet more or less to the place of beginning.

The following improvements are said to be on the premises:—A large comfortable two storey brick residence and small frame store, lately occupied as a grocery store.

PARCEL IV.

Under mortgage from William Northey.

The south half of lot number thirty-two in the sixteenth concession the east half of lot number thirty-four in the seventeenth concession, and part of the south-east quarter of lot number twenty-four in the twelfth concession, all in the Township of Smith, in the County of Peterborough, the last mentioned parcel being particularly described as follows:—Commencing at a point on the western limit of the Buckhorn Road at the distance of 349 feet northerly from the south east angle of said lot thence westerly parallel with the line between lots numbers eleven and twelve, 104½ feet, thence northerly parallel with the western limit of the Buckhorn Road 345 feet, thence easterly parallel with the said line between lots eleven and twelve 104½ feet more or less, to the western limit of said Buckhorn Road, thence southerly along the western limit of said Buckhorn Road 345 feet more or less to the place of beginning.

The following improvements are said to be on the premises:—On the south half of lot thirty-two in the sixteenth concession there is a good house, barn and stable, and ample wood and water. There is about fifty acres under cultivation. The east half of lot thirty-four concession 17, is situated on the west shore of Deer Bay, there are about ten acres cleared, and the balance is lightly timbered with mixed timber. The remaining parcel consists of about three-quarters of an acre situated in the Village of Selwyn, on which there had been a hotel, which has been destroyed by fire.

PARCEL V.

Under mortgage from Mary Ann Metcalf and William Henry Metcalf.

The east half of lot number ten in the first concession of the township of Smith in the county of Peterborough, containing one hundred acres, more or less, save and except the right of way sold to the Midland Railway of Canada.

The following improvements are said to be on the premises: This farm is one of the finest in the county, situated one mile from the boundary of the Town of Peterborough, immediately opposite the residence of Capt. Wallis. There is a fine young orchard, of six years' standing, of very thrifty trees just beginning to bear fruit. The whole farm is under the very highest state of cultivation. There is a good creek crossing the south end, and it is also watered by wells. There is a two-story frame house, 32x26, with an addition 20x30, a wood shed 18x20, a frame stable and driving house 25x30, a frame barn, 30x60. The farm is well adapted for dairying purposes.

PARCEL VI.

Under mortgage from Rose Linda Coon and Francis Coon.

Part of lot number ten on Walton street in the Town of Peterborough, as laid out on a plan of the subdivision of part of park lots number nine and ten in township lot number thirteen in the thirteenth concession of the Township of Monaghan, more particularly described as follows; commencing at a point on the western side of Walton street in the said town of Peterborough, distant southerly from the intersection of Walton and Weller streets, 109 feet, thence southerly along the western side of Walton street aforesaid 60 feet, then westerly parallel to Weller street, to the western limit of said lot ten, thence northerly along the western limit of said lot ten, 60 feet, thence easterly in a straight line to the place of beginning.

The following improvements are said to be on the premises.

There is a small 1½ story frame house situated in a good locality and is at present rented.

TERMS and conditions of sale. Ten per cent of the purchase money on the day of sale and the balance in one month thereafter without interest. Further particulars will be made known at the time of sale or on application to DUNBLE & LEONARD,
Vendors Solicitors.

Dated at Peterborough, this 30th day of July A.D. 1892.

Chief among our instruments which have received preferences from the best musical artists, stand

—THE—

HEINTZMAN AND EVANS PIANOS.

These instruments have been before the Canadian public for a number of years, and the great praise bestowed upon them by musical experts, along with the continued increase of sales year by year, testify to their high excellence.

The aim of the manufacturers of these two favorite Pianos has persistently been to produce the best instruments at a moderate price. They are of solid build, warranted for durability, of handsome appearance and good finish; pleasant touch and quick repetition. TONE: rich, full, bright and resonant. Beautifully singing and sympathetic in quality. The prices are moderate, and within the reach of the majority of purchasers.

We are exclusive agents in Peterborough for the celebrated

KARN ORGANS

which stand ahead of all competitors. We have also at all times in stock the well-known and popular

THOMAS ORGANS,

AND OTHER MAKES.

Our large and well-lighted show room enables us to carry the Largest Stock ever shown in Peterborough, and as regards Prices, we have only to say that **we positively will not be undersold.**

Those not having the inclination or the means to purchase an instrument outright, can by a small monthly investment, secure a Piano or Organ on rental until paid for.

JACKSON & CO. wish it to be distinctly understood that in cases of emergency, they are always desirous of dealing justly and fairly with their customers. They do not want both the money and the instrument.

NOTICE.

To insure confidence and satisfaction, Jackson & Co. are willing to exchange any instrument purchased from them within twelve months if not approved of, themselves bearing all expense of carriage, and allowing all that has been paid, towards any other instrument selected.

All kinds of Instruments Tuned or Repaired on short notice.

For Throat and Lungs

Hemorrhage Five Years.

"I have been ill for "about five years, "have had the best "medical advice, "and I took the first "dose in some doubt. This result- "ed in a few hours easy sleep. There "was no further hemorrhage till next "day, when I had a slight attack "which stopped almost immediate- "ly. By the third day all trace of "blood had disappeared and I had "recovered much strength. The "fourth day I sat up in bed and ate "my dinner, the first solid food for "two months. Since that time I "have gradually gotten better and "am now able to move about the "house. My death was daily ex- "pected and my recovery has been "a great surprise to my friends and "the doctor. There can be no doubt "about the effect of German Syrup, "as I had an attack just previous to "its use. The only relief was after "the first dose." J. R. LOUGHHEAD, Adelaide-Australia.

MARQUIS DE MORES AND SECONDS COMMITTED FOR MANSLAUGHTER.

The Government Will Object to Michael Davitt Taking a Seat in the House of Commons—50,000 Cholera Victims in Russia.

PARIS, Aug. 3.—Marquis de Mores and four seconds who assisted at the late duel between the Marquis and Capt. Mayer, in which the captain was killed, have been committed for trial on a charge of manslaughter.

HIS SENTENCE HAS EXPIRED.

Will Object To Davitt Taking a Seat In the House of Commons.

LONDON, Aug. 3.—The News says it understands that the Government will object to Michael Davitt taking a seat in the House of Commons on the ground that he has not completed the full term of his sentence on a criminal charge. Objections on this score, The News adds, are invalid as Davitt's sentence has long since expired.

50,000 CHOLERA VICTIMS.

Deaths in Asiatic Russia Not Included in These Figures.

LONDON, Aug. 3.—The Chronicle's St. Petersburg correspondent learns that over 50,000 persons died of cholera in Russian Caucasus in July. The figures do not include the deaths from cholera in Asiatic Russia.

Cholera Again in Moscow.

ST. PETERSBURG, Aug. 3.—It is again reported that cholera has appeared in Moscow. The disease has made its appearance in Riasan, a town and capital of the Government of Riasan, 110 miles southwest of Moscow. The epidemic is decreasing in the Volga districts, but is increasing in the Don territory, including the Government of Rosteff, where 1055 new cases and 447 deaths occurred in one day.

PRINCE OR PRINCESS.

Great Preparations For the Coming Birth In the Marble Palace.

BERLIN, Aug. 3.—The confinement of the Empress will take place within a few weeks, and Her Majesty will hereafter keep closely to the Marble Palace, where a small army of physicians have now taken permanent headquarters.

The baby things were yesterday deposited in the extensive vestibule of the Schloss. As usual there are two sets of them, one garnished with blue, which is to be put to use if the new arrival should turn out to be a girl, and the other garnished with the Prussian colors, black and white, in case it should be a Prince.

Prussian Minister of Interior Resigns.

BERLIN, Aug. 3.—The Vossische Zeitung asserts yesterday that Herr Herrefurth, the Prussian Minister of the Interior, will soon resign his portfolio, in consequence of the differences existing between himself and Dr. Miquel, Minister of Finance. It is also said that Count von Eulenberg, President of the Prussian Ministry, will succeed Herr Herrefurth as Minister of the Interior.

Gladstone's Circular.

LONDON, Aug. 3.—Mr. Gladstone, in the circular to his Parliamentary supporters, which was issued yesterday, urges them to attend the election for Speaker of the House of Commons on Thursday, and especially impresses upon them the necessity of being present on Monday next, when the address is moved in reply to the Speech from the Throne.

THIS CHILD A JAIL BREAKER.

Daniel France, Only 8 Years Old, But He Is a Wonder.

BURLINGTON, N.J., Aug. 3.—Daniel France, a lad less than 8 years old, broke from the jail in this city for the second time on Saturday night.

When the police went to look for him in the morning France was gone. In the corner of the cell lay a small pile of ragged clothing. An investigation showed that the little jail-breaker had divested himself of his clothes, climbed to the barred transom over the door and crawled through an aperture not more than 12 inches square. He then ran to his mother's home in a nude condition, where he was subsequently found by the police hiding under a lounge.

Young France was arrested some time ago for stealing coal from the Pennsylvania Railroad Company and locked in the city prison with a number of boys somewhat older than he. He then crawled through a sinkhole in the floor, dragged his companions after him and escaped by digging his way out under the foundation wall of the jail. He disappeared for a week, and then came back and told Mayor Sitpath he was ready to be locked up again.

Will Form a New Cabinet.

YOKOHAMA, Aug. 3.—Premier Matsukato has resigned owing to the appointment of Viscount Tokano, the Minister of Justice, to the home ministry. Count Ito will form a new cabinet.

RAISED NINETY CENTS

Result of the Anarchist Meeting in New York City.

NEW YORK, Aug. 3.—Nearly 1000 Anarchists were packed into Military Hall, 163 Bowery, last night. Over a score were women. Almost all were dirty. They had met to glorify Bergmann and his unlawful acts. Too much publicity had been given the meeting to permit of very rabid harangues. There were no red flags and no incendiary placards. Dyer D. Lum, who has been arrested a dozen times in Philadelphia for blackmail and such things, and who edited The Alarm, Anarchist Parson's paper in Chicago, begged for quiet. He shouted:

"We do not meet here to condole with the poor workingmen of Homestead, but to glorify the hero who sold his life for the cause."

Joseph Peukert, the leader of the Autonomist, stood up and yelled a disjointed declamation His voice ran from a whisper to a shout, and he screamed to please the crowd. "Bergmann's heart," he exclaimed, "was in the right spot. His example will be followed by hundreds. It was a noble example."

Emma Goldmann, the toothless queen of the reds, got up, dressed in a cheap blue and white striped gown, wearing eyeglasses and her hair away. She began: "I hope you will all be quiet now. There are detectives here and spies of the police ready to kill the speakers." She did not look frightened, however. "America is no better than Russia," she went on. "It is worse; it is worse; it is choked with sham republicanism. The report of Bergmann's shot will be heard around the world and echo through the ages. His bullet did not kill, but others are being moulded and they will fly with sure aim." Miss Goldman spoke in German and did better than any of the other orators of the evening.

Dr. Merlin, an Italian Anarchist, who edits Solidarity, spoke in broken English. He said it was necessary to combat capital with crime.

Erits Oerter, who shares the tiny apartment of Miss Goldmann in common with several other reds, stood at the door, hat in hand, and took all the pennies the frowsy hearers had not spent in beer. After all had gone but he and Miss Goldmann, they counted the returns. Ninety-eight cents, including all—bogus, mutilated and foreign coin—was the result. The collection, it had been announced, was for a fund to defend Bergmann.

PASSED FIELDS OF ICE.

Immense Quantities Seen By Capt. Swain in the South Atlantic.

NEW YORK, Aug. 4.—The bark Alice, which arrived at this port yesterday, only 85 days out from Auckland, N.Z., passed immense fields of ice in the South Atlantic.

The Alice left Auckland on May 8 with kauri gum and flax for Arnold, Cheney & Co. Captain Swain reports that she rounded Cape Horn on June 8, and on June 18, in latitude 43 deg. 40 min., longitude 30 degrees, he sighted an iceberg 300 to 400 feet high. The Alice sailed into a field of ice at daylight the following morning. There was a strong northwest wind. The bark sailed for 35 miles with a solid body of ice on the port side. More than 300 bergs were counted on the starboard side at noon of June 19.

The horizon gradually cleared to the north during the afternoon and the vessel apparently got out of the field, but during the night nine large bergs and several small ones were passed, and at daylight Captain Swain found himself again in another solid body of ice that extended on the port side a distance of 40 miles.

The Alice sailed through a channel a half mile to a mile wide.

Captain Swain said yesterday that only once before, 30 years ago, when he was mate of a vessel, had he seen ice in any such quantities.

A Dominie Has His Horse Shod On Sunday and Is Criticised.

JENKINTOWN, Pa., Aug. 4. — Rev. J. A. Hartze, an Episcopal clergyman, drove up to the house of George Carver, the village blacksmith, last Sunday, and requested the smith to shoe his horses.

Carver was astonished, but he complied with the request and the clergyman was enabled to catch a train for Philadelphia to keep an appointment to preach.

The smith's act, however, has caused turmoil in the village, but both the smith and dominie sturdily maintain that they are right.

OSWEGO, Aug. 4.—The High Court of the State of New York Independent Order of Foresters is holding its annual session in this city. About a hundred delegates are present. Among the officers in attendance are Dr. Oronhyatekha, Supreme High Chief Ranger; Judge Jacob Stern of Buffalo, High Chief Ranger; Charles R. Fitzgerald of Buffalo, High Secretary; John A. McGilvay of Toronto, Supreme Secretary; H. C. Munson of Perry, N.Y., Grand Lecturer. There are 43 courts in the State. The session will conclude to-morrow. A public meeting was held to-night.

ALICE MITCHELL IN AN ASYLUM.

She Was Allowed to Gather Flowers From Her Victim's Grave.

MEMPHIS, Aug. 4.—Alice Mitchell was taken to the insane asylum at Bolivar, Tenn., yesterday. She expressed a desire to visit Elmwood Cemetery and view the grave of her victim, Freda Ward. Her request was granted, and in company with her father and mother, under guard of Sheriff McLendon, she was driven to the cemetery. She displayed great emotion, and, as she gazed upon the little mound of earth, tears flowed in great profusion.

Before leaving she gathered a handful of flowers from the grave, which she pressed to her bosom and carried away with her.

BLOODY BATTLE EXPECTED.

Legalists Advancing on Barcelona, Where Monagas Is in Force.

TRINIDAD, W.I., Aug. 4.—It is rumored here that the legalist Generals Velutino Morales are marching on Barcelona, and it is expected that news will be received here before long that a bloody battle has been fought between the troops under them and those under General Monaga.

Accuses a Boy of Her Mother's Murder.

NASHVILLE, Tenn., Aug. 4.—Mrs. Hendrix, a poor widow, who has been working on Reed Robinson's farm, near Chester, in Marion County, was found dead in the field a few days ago. Robinson's 14-year-old son reported that the woman met her death by falling across a plow. Yesterday Mrs. Hendrix's 9-year-old daughter told the sheriff that young Robinson had knocked her mother down with a hoe and then, with a hatchet that he ordered the girl to bring to him, pounded the woman's head until she was dead.

Mount Etna Again Burst Forth.

CATANIA Aug. 4.—The eruptions of Mount Etna have again burst forth with renewed violence. Enormous masses of lava are issuing from the southern crater and a large stream of molten lava has made its appearance on the eastern side.

GOSSIP!

"Dear me, those are the most beautiful photographs I ever saw."

"Yes, they certainly are very fine and elegantly finished, besides, they are permanent."

"Do they cost more than before"

"No, not to us, though the material is much more expensive, yet Mr. Sponge believes in having the best obtainable. He says nothing is too good for his patrons, and these certainly bear out his statements; and his studio is so convenient—no stairs to climb yourself, nor have you any fear about the children."

"Yes, I have heard about the ground floor studio being so convenient,—but those photographs."

"Will you come down with me to-morrow to Charlotte street? I must have some."

"Yes, that is the only place where such work is made."

GRAFTON & CO.

HOW WE HAVE DONE IT, AND HOW WE WILL KEEP ON DOING IT!

This is how we have done it—By purchasing our own materials direct from the manufacturers, thus giving us an opportunity to see every pattern that is turned from the loom in Canadian or Foreign Markets. We choose our own patterns and get the choicest that is to be had. Every garment is made up in our factory, with best linings, best making, and all the most stylish cuts that the designers of this enlightened age can produce. This is how we have done it

Now this is how we will keep on doing it—For the balance of this season we will keep on selling all Summer Goods at what they cost us to make them up, and never think of profit enough to pay for the paper and string tow rap them up in.

Drop in and See our Goods

HAYING TIME!

This is haying time, therefore, to make hay while the sun shines is the best of advice at this season of the year.

We are determined that buyers of Dry Goods will find the sun shining to their heart's content, at the Golden Lion, and that an abundant harvest of ripened bargains await all comers to our store.

Our Store Front

will be taken out next week to make further improvements in our premises, and the display of goods in our window will have to be removed. But, customers will find us all alive inside, and better prepared than ever to give them VALUES that cannot be duplicated in any other dry goods store in town.

Although our great midsummer sale has attracted crowds of customers during July, the prices will be hammered down still lower during the alterations of our Store Front and all through the month of August,

Gleanings From Our Contemporaries.

What is Transpiring in the Busy Towns and Villages Around Peterborough—Our Exchanges Seized, Seissored and Sorted for "Examiner" Readers.

Cowan's bridge has been declared unsafe for travel, and the Emily council will not be responsible for any accidents.

An exchange remarks that the latest swindle is carried on by means of a double fountain pen, one end of which is filled with good, substantial ink, the other with ink that will fade away in a day or two. The sharper writes the contract, agreement or whatever he may have chosen, with ink that will not last. In a few days he has a piece of paper with nothing but the signature, over which he can write a note and easily turn it into cash.

The Methodists of Stirling will run their annual excursion to Massassauga Park on the 9th inst.

Philip Martin, a pedlar of clothing, has been in Belleville for some time. Last week he obtained some money from Mr. M. McMahon, livery keeper, it is alleged by fraud. A warrant was issued for his arrest, but he had left those parts. Word was subsequently received that he had been arrested at Toronto. Chief Newton left for the Queen City and returned with the accused.

Some of the Millbrook sports took in the lacrosse match at Port Hope on Friday afternoon of last week between the Cornwalls and the Orillias, and they are not at all pleased with what they saw. Port Hope claimed the Cornwall team as their own, simply because they (Port Hope) supplied a few unimportant players, and the match was advertised as between Port Hope and Orillia. The Cornwalls won.

The boys of Tweed are too lazy to play lacrosse, baseball, cricket, football, or even to ride a bicycle—if they purchased it. This is a deplorable lack of interest in the physical culture of the young men who lounge around the town doing nothing rather than engage in manly sports.

The "faith mission," who go around in a caravan holding open gospel meetings, has struck Kingston. The workers secure no financial remuneration but trust in God's providence to fulfil all their arising needs.

The Millbrook *Reporter* says during Mr. Ruddy's, barrister, absence in England, Mr. H. B. Edwards, of Peterborough, will take charge of his legal business.

The Port Hope *Times* says: The Patrons of Industry of Grant township held their last meeting on Saturday night. They abandoned the cause, and appointed a committee to divide up the money and property of the order between the twenty members in good standing at that date. A short time ago this lodge numbered over two hundred members. The question was asked, "Has the order benefitted the members financially or morally?" and the answer was "No." So they voted to let it pass into history as a thing of the past.

Mrs. McKibbon who has been visiting Mrs. Alex. Johnston of Millbrook for the past two weeks has returned home.

Thirty-five candidates passed the entrance examination at Millbrook.

Two cattle belonging to Mr. James Gibson were killed at the crossing near the Summit not far from Millbrook, on Wednesday evening of last week by the local.

The Foresters had a great excursion to Brighton, Presqu Isle, Trenton and the Murray Canal on Thursday last. The steamer Rocket proved herself to be a fine excursion boat. The Millbrook band accompanied the excursionists.

A society event of unusual interest took place in Cobourg on Tuesday last, when the genial C. Howard Nicholson, master of the steamer North King, was married to Miss Lilly Williams, proprietor of the Dunham House. Rev. J. A. Waterworth solemnized the event. The groom was assisted by his friend, Rev. H. Taylor, Louisville, N. Y., while Miss Carrie Williams, sister of the bride and Miss Maud Mackie, acted as bridesmaids. The bride was attired in a rich white robe, entrain, with veil, and carried a beautiful bouquet. The rooms of the Dunham House were gaily decorated with white flowers. The honeymoon trip includes Buffalo and other large centres.

In all probability Tuesday, 16th inst., will be proclaimed by Mayor Burnham, of Port Hope, a. that town's civic holiday.

The Sons of Canada and the 46th Battalion Band of Port Hope, are going to run an excursion to Burleigh Falls, on August 12th by Midland Railway and steamer Golden City.

Durham Lodge, No. 78, I.O.O.F., Port Hope, decorated the graves of their deceased brothers in the cemetery on Monday last. The ceremony was an impressive one and passed off successfully.

The township of Seymour is to vote on a bylaw granting $5,000 to the proposed Cobourg-Pacific Railway.

Mr. Jas. Haw's mill at Nevar was burned on Monday evening. The loss is heavy and the insurance light.

Another of the oldest inhabitants of Colborne, Mr. Hiram Spencer, died last week in his 87th year.

A child in Bowmanville, who has been ailing for some time past, was thought to have a touch of inflammation of the bowels. A doctor was called in, who administered a dose of physic, when the child passed a live snake 14 inches long. For some time past the child had eaten ravenously, nothing seeming to satisfy its appetite.

At the weekly meeting of the Campbellford Cheese Board, on Tuesday evening last the product of all three factories was sold, Prince of Wales, Stanwood and Crow Hay, at 9 and 5 16ths. Mr. J. T. Warrington, of Belleville, was the purchaser. Ten factories boarded 613 boxes white, 178 of which were sold.

Mr. John W. Waters, of Campbellford, has sold his old established grocery business to Mr. H. Denike, son of Rev. E. B. Denike, late of Toronto.

B. Mahoney, proprietor of the Dominion Hotel, Campbellford, was fined $20 and costs for his first offence against the Liquor License Act, by selling liquor on Sunday the 17th.

Mr. Jas. Gould, the veteran old fisherman of Bradley Bay, says that he has not known a less favourable season for fishing in forty-six years than at the present time in the river Trent. He was out lately as guide to fishing parties three days in succession, and not a single fish took hold of his hook during that time.

The Testimonials

Published in behalf of Hood's Sarsaparilla are not extravagant, are not "written up," nor are they from its employes. They are facts, and prove that Hood's Sarsaparilla possesses absolute merit and is worthy the full confidence of the people.

Hood's Pills are purely vegetable, perfectly harmless, effective, but do not cause pain or gripe. Be sure to get Hood's.

A Close Call.

After suffering for three weeks from cholera infantum, so that I was not expected to live, and, at the time, would even have been glad had death called me, so great was my suffering. A friend recommended Dr. Fowler's Extract of Wild Strawberry, which acted like magic on my system. But for this I would not be alive now.

A Pleasant Herb Drink.

The best cure we know of for constipation and headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs, and is made for use by pouring boiling water onto the dried roots and herbs. It is remarkably efficacious in all blood disorders, and is now the sovereign remedy for ladies in clearing up the complexion. Druggists sell the packages at 50c and $1 dw

Makes Flesh and Blood

When the system is all run down and there seems to be no hope of obtaining nourishment for the body by the ordinary process of food supply and digestion, when the body is sinking fast, then is the time to use Miller's Emulsion of pure Norwegian Cod Liver Oil. It always works wonders, because it is a flesh and blood maker, and contains all the constituents for nourishment found in wheat, in fact Miller's Emulsion is a perfect "staff of life" and has saved and cured thousands. In big bottles, 50c. and $1, at Peterborough drug stores. dw

Harvey.

(From Our Own Correspondent.)

The Harvey council met at Thomas Wynn's August 1st. Members all present. Communications were read from Gilmour & Co. re cedar taken off lot 10, concession 2, to build the bridge across Deer Bay Bay Creek. From E. Pearse, county clerk, advising as to the amount required to be levied in Harvey for county purposes. From W. D. Ventress re Mrs. Reynard's claim for nursing Mrs. Flanigan; also requisitions for levy from the trustees of the several school sections kept open during the year, numbers 1, 2, 3, 4, 5, 6 and 8. A bylaw was passed levying the rates and taxes in Harvey for county, $581.94; for township purposes, $1,016; the extra levy on school sections, $675; school trustees require for school section No. 1, $275; No. 2, $250; No. 3, $250; No. 4 $100; No. 5, $225; No. 6 $250 and No. 8, $290. Orders drawn on the Treasurer as follows: Wm H. Taylor, for repairing a hill on Government road, $12; Samuel Purser, supplies for Abbott, $3 35; Mrs. Reynard, for nursing Mrs. Flanigan, $8; D. R. Montgomery, improving road on his beat, $12; David Sherdeon is to have all the timber on the concession line road between concessions 13 and 14 and opposite lot 21 in the said concessions, for clearing up road and to give up when required by the Harvey council.

The council adjourned to meet at the town hall, Sept. 26th, 1892.

The Code of the Anarchists.

Since the attempt on the life of Mr. Frick, at Homestead, special attention has been given to the Anarchists, their organs and their propaganda. In New York, Chicago and other large cities, the police know and understand them thoroughly, and are aware that the most talented among them are personally the most harmless. Their power for evil lies in the control they exercise over weak and criminal intellects. The translated extracts from Anarchist publications rival the wildest ravings of lunacy, and point out by name the men whose murder is intended. Take is enjoying the hospitality of the United States with a vengeance. "Despise the care of wife and children," says the *Anarchist*, "as revolutionists we must do what is necessary to "tear out the heart of the present society." Men who thus place themselves at war with society and openly advocate the murder of private citizens are either madmen or criminals, and should be dealt with accordingly. To send them back to the countries from which they came would, perhaps, be the best way to deal with them. In the case of the five Anarchists hanged at Chicago, it will be remembered that some of them were found guilty of complicity in murder and executed, although it was only proved that they advocated assassination in their papers.

A New Presbytery.

The Presbytery of Algoma held its first meeting the other day, and started on its career in good ecclesiastical health and spirits. The formation of a new Presbytery is usually followed by an increase of activity within its bounds, and no doubt this youthful northern court will soon show that it was a good thing to give it Presbyterial existence. Like all new fields, Algoma has its difficulties. On the whole, the work to be done in a new field is more encouraging than the work of an old Presbytery. There is not much inspiration in working a field that may not produce one new mission station in a quarter of a century.

Stick to the Right.

Right actions spring from right principles. In cases of diarrhœa, dysentery, cramps, colic, summer complaint, cholera morbus, etc., the right remedy is Fowler's Extract of Wild Strawberry—an unfailing cure—made on the principle that nature's remedies are best. Never travel without it. dw

Did Balfour Boodle?

A petition has been filed against the return of Hon. Arthur J. Balfour, who has been returned for the British House of Commons for one of the divisions of Manchester, and no doubt the inquiry will afford the public an idea of the methods resorted to by the Conservative leader to make his election sure. About ten thousand votes were polled, and Mr. Balfour had a majority of four hundred. And unless some very flagrant charges of bribery are established, or a general system of electoral corruption is shown to have existed, the British courts are likely to take a lenient view of the case. Candidates for the British House of Commons have been obliged to be very cautious since the passage of Mr. Gladstone's Corrupt Practices at Elections Act, and constituencies can no longer be bought up *en bloc* as in the olden days or as we do in Canada these days, with railway subsidies *et al.*

THE FACT

That AYER'S Sarsaparilla CURES OTHERS of Scrofulous Diseases, Eruptions, Boils, Eczema, Liver and Kidney Diseases, Dyspepsia, Rheumatism, and Catarrh should be convincing that the same course of treatment WILL CURE YOU. All that has been said of the wonderful cures effected by the use of

Monday Night a Board of Trade Meeting.

A great deal of interest is being taken in the public meeting of the Board of Trade called on Monday night in the town council chamber. The purport of this meeting is to discuss the sewerage by-law providing for the sum of $40 000 for the construction of main sewers, which will be submitted to the ratepayers on Friday next—week from to-day. Every intelligent ratepayer and every citizen who has the interests and prosperity of Peterborough thoroughly at heart, should attend this meeting and take an active interest in its proceedings. If the meeting deems it advisible, committees will be appointed to farther the carrying of the by-law and to promote a general interest in its submission to the people.

Grand Triple Combination

On Peterborough's Civic Holiday, Aug. 18th. All the citizens are looking forward to secure a good day's beneficial outing. All parties taking advantage of the magnificent excursion to Hastings, under the triple management of the C.M.B.A., E.B.A. and C.O.F. Associations, will be right. Now this is the route to take in on above date, providing you want to have a solid day's comfort, good amusement, superior fishing, grand list of sports, elegant music for dancing, or in fact to secure anything to complete a genuine day's fun. Don't miss this and regret it afterwards. Johnston's grave is noted as having no equal in Ontario for holding a picnic, everything is perfect and the committee has made proper arrangements for all those attending. Make your arrangements so as not to avoid this monster excursion, because it will have no equal on above date. This is going to be one of the old reliable social gatherings, everybody will have a good time and make no mistake.

Another Junior Baseball Match.

A return baseball match was played yesterday afternoon on the grounds near St. Peter's Cathedral, between the Vatican Park nine and the Junior Park nine. Five innings were played, and the latter club won by a score of 15 runs to their opponents' 12 and an innings. Albert Green umpired the game, which was an exciting one. Bert and Keiser Dolan did fine battery work. Gus Johnson did some heavy batting. Pat Butler, on third base for the Vaticans, played well and was a good batter. John Connors and Harry Speare were the battery. The Park Nine won on their great batting. Following are the names of the players and the number of runs made by each:—

You are going out of town on Civic Holiday! Why not go somewhere where you can see something? You can run around home any day. It is only once a year you can see Niagara for so little money as by the Foresters excursion per C.P.R. and steamers. Three whole days to do the trip. You can go the night before if you like. By taking either of the morning boats of the excursion line from Toronto you can see all the special features of the great cataract, the rapids, Goat Island, the big bridges and return to Toronto and town the same night. The Falls is now a public park, no tolls or fees charged. The train from Lewiston to the Falls affords a splendid view of the river. Tickets only $2.25 to go and return, and plenty of time to stop a day or two in Toronto. See posters and folders. 2129-w33

To-Morrow and What it Will Bring Forth.

The seven branches of the Emerald Beneficial Association of Toronto will run a grand united excursion to Peterborough to-morrow by the C. P. R. It is expected, estimating at the lowest, that 1,000 will be present to participate in the enjoyment of the day and the numerous events thereof. The visitors, who will arrive at noon, will get off at the Ashburnham station, or they may be run down by the spur line and embark at the Hunter street bridge. They will have a special and will return about eight o'clock in the evening. At the station they will be greeted by a reception committee of the local board of the E.B.A., composed of Messrs. Dr. McGrath, Jas. Drain, W. Hogan, and G. H Giroux. The pic-nickers will at once repair to the St. Joseph's hospital grounds, where dinner will be served, and in the afternoon a fine programme of games, sports and dancing will be carried out under the supervision of an expert committee. Tug of war, baseball matches, races, etc., will fill in an afternoon pleasantly. The Toronto Lacrosse Team and Baseball Club will arrive with the excursionists. In the evening the Grand Branch Officers will be entertained by the local branch to a grand banquet at the Belmoral Hotel. Great preparations have been made to receive the visitors and our citizens should co-operate in giving them a hearty welcome.

'Twas a Great Success.

"E" Company of the 57th Battalion, Wesley Miller, captain, held their outing yesterday down the river and the boys spent a pleasant time with their many friends, both on board the steamer and at Jubilee Point. Owing to the accident which befel the Golden Eye, about 150 who were desirous of going were unable to take in the trip owing to lack of accommodation. However, a merry party of 200 persons boarded the Daisy and palace scow at 8 o'clock yesterday morning and reached the Point shortly before dinner time. Here a stay of five hours was passed in boating, bathing, fishing and other customary picnic pursuits. The return home was made in good time and without mishap. The boys were all in uniform and on the way down and up indulged with their fair ones in tripping the festive dance on board the scow to the creditable selections of F. W. Miller's orchestra. Toe fife and drum band of the battalion was also on board and gave a good account of itself. The singing on the return was charming upon the water, many of the excursionists proving they had well trained voices. The committee in charge of the trip and to whom can be ascribed in a great measure its success, were Colour-Sergt. T. Hounsell and Sergts. H. Hounsell and Chas. Rabey. Corporals S. Kemp and T. Hooper had charge of the refreshment booth, which was largely patronized. Capt. Clare Calcutt and R. Parker looked after the comfort of the picnickers with a watchful eye.

A junior match will also be played between the Torontos and Peterboroughs. To-morrow will be a field day for baseball.

Another Morning Runaway.

This morning about 8 o'clock Mr. T. Hurley and his little son were at the G. T. R. station. Mr. Hurley was standing beside his horse in front of Mr. J. J. McBain's elevator talking to a friend while his son was seated in the buggy. The horse becoming frightened, Mr. Hurley seized it by the head, but the animal made off. Mr. Hurley was thrown against the elevator platform, His son was thrown out heavily to the ground and sustained a severe scalp wound. Mr. Hurley was much shaken up and badly hurt about the back and hip. The horse ran up Charlotte to Water and down Hunter, where it was captured by Mr. Wesley Owens. The conveyance was somewhat damaged. Miss Lillie Hurley, daughter of Mr. T. Hurley, also had a runaway on Water street yesterday afternoon. She was thrown out but not not hurt. The vehicle was smashed.

The Graveyard Insurance man, of Auburn.

The Auburn *Daily Advertiser* of July 27th has been received, containing an account of the arrest of Geo. Clark, the graveyard insurance agent, in Peterborough. The sheet contains a column article on the man's arrest and crime, and details all the movements by which his arrest was effected. It attributes a great deal of praise to Chief of Police McMaster, of Auburn, for his sagacity and shrewdness in working up the case, but forgets to mention that any Canadian officers played an important part in the drama. It was Chief of Police Reid who arrested Clarke on receipts of telegrams from the sheriff of Auburn stating that he was in Canada, and who handed the prisoner over to Sheriff Mead and Ralph Marsden, superintendent of Citizen's Mutual Life Association Agencies, of which Clarke was an unscrupulous agent. The *Advertiser* did not recognize the Canadian officers in the matter. Clarke was arraigned on the numerous charges of forgery and grand larceny laid against him, but waived an investigation. He has been held for action of Grand Jury on October 1st, and has engaged one of the best criminal lawyers of Cayuga County for his defence.

East Riding Colonization Road Grants.

Well Spent Money.

The expenditure, during the past month, of the municipal and Ontario Government grants in the northeastern portions of the townships of Belmont and Methuen, and in Dummer, south of Stony Lake, amounting in all to $800, has not only placed the people of these localities in the possession of some of the finest roads in the townships, but also provided employment for a large number of people at a most opportune time—just between seeding and harvest—to say nothing of the benefits to be derived from the circulation of that amount of money at that particular season of the year. Never has money been expended to better advantage. For every dollar spent a dollar's worth of honest, hard work has been secured, and the work on the various sections shows it plainly and unmistakably. Commissioner McWilliams must certainly have been fortunate in his choice of foremen. The roads constructed will fill wants of the "long felt" variety and furnish further proof of Mr. Blezard's deep interest in the welfare of his constituents Mr. McWilliams, when inspecting the work and paying the men, was accompanied by Thos. Blezard, Esq., M. P. P., and Thos. Fraser, Esq., of this place. The $800 expended on the above roads and the $300 spent on the 9th line of Dummer—referred to in a recent issue—makes a total of $1,100 laid out in these three townships in the month of June.

The road from McAdams' to Oak Lake was divided into four sections as follows:—(1) From McAdams to North River bridge—Stewart Wannamaker, foreman—$150; (2) from Robert Anderson's to Wm. Clark's—Robert Anderson, foreman—$100; (3) from Clark's to Oak Lake—Samuel Hubble, foreman—$200; (4) from Oak Lake to Sandy Lake—Allan Monroe, foreman—$100. The branch of the Stony Lake road was divided into two sections as follows: (1) East end—Wm Brooks, foreman—$50; (2) West end—Wm. Marshall, foreman—$50. On the road running parallel with and south of Stony Lake, $150 was expended under the foremanship of Messrs. Christopher Chrowe and John Drain.—*Norwood Register.*

Sporting Notes

The Cobourg cricket club will play East Toronto, Peterborough and Campbellford during the week between August 15 and 20 It is the intention to play Picton and Grafton at Cobourg before that date.

Sporting Editor *Mail*:—As the Tilsonburg baseball club and the Dukes of Toronto intend playing in Toronto on the 15th August, why not let Cobourg in and have a tournament and thus decide the amateur championship of Canada? At Tilsonburg is the best team west of Toronto, the Dukes the best in the city, and Cobourg has not lost a game this year and have the best claim on the Eastern championship, a tournament between the above teams ought to decide the amateur championship of Canada. The Cobourgs are willing to go if an opportunity is afforded. Yours truly,

CHAS N GILL,
Mgr. C. B. B. C.

A New and Important Publication.

The July number of an illustrated magazine designated "The World's Columbian Exposition Illustrated" is to hand. It is a creditable production, printed on fine toned paper and contains many photo lithographs of the buildings and exhibits to be seen at the fair, together with the portraits of those prominently identified in its colossal interests. The magazine contains fine photographs of Pope Leo XIII, and a fac simile representation of an autograph written by His Holiness. It also contains an excellent likeness of Cardinal Gibbons, and full page engravings of all the principal archbishops, together with their biographies prepared by Rev. Bro. Maurilian, F. S. C., Secretary of the Catholic Educational Exhibit. A fine photo of Vice-Pres. H. M. Higginbottom appears on the title page. The whole is a marvel of neatness, taste, skill and enterprise.

An All-Day Round of Enjoyment.

That is the tour of the lakes on civic holiday. Just note that you leave the Grand Trunk station at 7 a.m., and in a few minutes you embark on board the "Golden City," and palace barge "Wave Crest." You steam through Chemong Lake, Gannon's Narrows, Buckhorn Lake, Lovesick Lake, Lovesick Rapids, Burleigh Locks, Stony Lake, Clear Lake, Lake Katchewanoonka, and then take train at Lakefield for home, on one of the most delightful excursions of Civic Holiday or of the season. With the early start there is time for two hour's delightful stay at Buckhorn and one hour at Burleigh. There will be found excellent means of enjoyment and two first class hotels where meals may be had. Don't think of any other route on Civic Holiday, but take the best and cheapest. Round trip tickets 85 cents, children 40 cents. A perpetual round of pleasure from 7 o'clock—remember thats' the time the train starts—till your happy return home.

TO WHOM IT MAY CONCERN.

All accounts due me will have to be paid to my lawyers after the 1st of August next, as I shall place my books in their hands at that date. THOMAS KELLY. d

To Enjoy Life

and rise up fresh from sleep with a clear head and keen appetite, free from aches or pains, even "sciatica." I would advise all to try St. Leon Water. I never found its equal; also, I have sold it for years, and it gives the greatest satisfaction all round. Cures where other medicines failed. JAMES COMB, Restaurant, Palmerston.

Beware of Grain Fruit.

Now that the heated term is approaching, people should pay particular attention to their diet, above all things avoiding unripe fruit and acids vegetables, which invariably bring on Cramps, Cholera Morbus, or Diarrhœa. Children are particularly subject to complaints of this kind, and no mother can feel safe without having a bottle of PERRY DAVIS PAIN KILLER within easy reach. It is a safe, sure, and speedy cure for the disorders named, and no family medicine chest is complete without it. Ask for the Big 25c. bottle.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give those who call for it, a sample bottle free, that they may try it before purchasing. The large bottles are 50c and a dollar. We certainly would advise a trial. It may save you from consumption. dw

Uric acid in the blood is the cause of nearly all diseases, it visits every part of the body and is liable to fasten disease on any organ; the duty of the kidneys is to remove this poison from the blood; a cold will stop this action, a pain in the back follows, and unless relief is obtained, permanent inability of the kidneys to perform their functions follows, which may terminate in liver complaint, dyspepsia, blood poison, dropsy, diabetes or Bright's disease. Doan's Kidney Pills restore the kidneys to natural work, and overcome complaints and results arising from same. dw

Are free from all crude and irritating matter. Concentrated medicine only. Carter's Little Liver Pills. Very small; very easy to take; no pain; no griping; no purging. Try them. dw

"August Flower"

Dyspepsia. There is a gentleman at Malden-on-the-Hudson, N. Y., named Captain A. G. Pacis, who has written us a letter in which it is evident that he has made up his mind concerning some things, and this is what he says.

"I have used your preparation called August Flower in my family for seven or eight years. It is constantly in my house, and we consider it the best remedy for Indigestion, and Constipation we **Indigestion.** have ever used or known. My wife is troubled with Dyspepsia, and at times suffers very much after eating. The August Flower, however, relieves the difficulty. My wife frequently says to me when I am going to town, 'We are out **Constipation** of August Flower, and I think you had better get another bottle.' I am also troubled with Indigestion, and whenever I am, I take one or two teaspoonfuls before eating, for a day or two, and all trouble is removed." ●

North and South Meath Protested.

DUBLIN, Aug. 4.—At a meeting of leading members of the Parnellite party in this city it was agreed that a petition be issued protesting against the return of Mr. Michael Davitt and Mr. Patrick Fullam, anti-Parnellites, to the House of Commons from the north and south divisions of Meath respectively. This action of the Parnellites is taken on the ground that the election of the two men named in the recent campaign was owing to the undue influence exercised by the priests over the electors. A portion of the £2000 necessary to lodge the petition with the proper authorities was subscribed at the meeting.

The Emperor's Yacht Again Beaten.

COWES, Aug. 4.—Emperor William's yacht again suffered defeat yesterday, being beaten in the race for the squadron prizes by the Iverna. In the race for the Australian Cup Prince Henry's yacht Irene was beaten by the Queen Mab.

No Beer-Bought Verdict.

Appeal to the Court of Appeal to recover balance of amount, one item of which was for beer sold by the plaintiff to the defendant. The verdict of the jury was a lengthy and curious production, and the last line of it was:

"The defendant is to pay for the beer."

This caught the chief's ear, and a question flew out which he judged would be snapped at.

"And to what does this last item refer?" he asked.

"The beer supplied was a part of the cause of action," was the counsel's reply.

"Oh I thought it was the beer for the jury," said the Chief Justice, leaning back in his chair with an apparent air of disappointment.

Keen Sarcasm of His Lordship

It was the last Chancery day before long vacation. Justice Ferguson was on the bench. The seats were filled with an anxious perspiring crowd. The afternoon sun poured through the windows and bluebottles buzzed against the window-pane. There a succession of weary, tedious and exasperating arguments, and yet fully half of the first row remained to be heard. At last the usually sweet and unruffled temper of the presiding judge became ruffled under the stress, and the lot of each applicant became harder. Talking had been severely reprimanded in the court room once or twice and the patient waiters scarcely dared whisper. Then began a motion which transcended all previous motions in length and apparent lack of importance.

As the involved skein is being slowly unravelled the learned judge begins to move uneasily in his chair. His eyes wander far into the distance, his thoughts likewise journey, returning only to direct his hand and handkerchief to his perspiring brow. The voice of the counsel becomes fainter until it is lost in the distant rear; but all at once his wandering senses comes back to his Lordship and this is the result.

"It appears—to me—that the matters—which come before this court—occupy—his time—in a ratio inverse to their importance. I suppose—if it could be conceived—that an argument should take place—about absolutely nothing—it would last for ever and ever. You may go on."

The remainder of the argument was crowded into a remarkably little space.

Every Month Has Two Ends.

A student enters the office of the Registrar of the Common Pleas Division with an affidavit which he reads with a view to convincing the officer that a certain act was done towards the close of the month of May.

"What is the language of the affidavit?" is asked.

"That the plaintiff did in the end of May, 18—, etc., etc.

"Does he specify which end of May?"

"Certainly, the end of May."

"I am afraid," said the registrar, "this affidavit will not do; it might allude you know, to either end. You had better provide yourself with another."

Done to a Turn.

"Do you kill germs in the hydrant water, ma'am?" queried the family physician.

"Yes, I try to doctor."

"You boil the water, I suppose."

"Not now, doctor, it's so thick we bake it."—Chicago News.

LEADING LIBERALS HOLD A CONFERENCE WITH GLADSTONE.

The Privy Council Gives Judgment in Favor of the Bishop of Lincoln—Petition Against Return of Davitt and Fullham.

LONDON, Aug. 4.—Mr. Gladstone fully resumed work yesterday. Justin McCarthy and John Dillon called upon the Liberal leader and held a conference with him which lasted an hour. Yesterday afternoon Mr. Gladstone took a drive.

Mr. Gladstone also held a conference with Sir William Vernon Harcourt, Earl Spencer, Mr. John Morley, the Earl of Kimberley, Sir George Otto Travelyan and Mr. Arnold Morley. At this conference the terms of the motion of "no confidence," which is to be presented by the Gladstonians at the opening of Parliament, were arranged.

THEATRE PROGRAMS.

A Manager-Dramatist Fined for Distributing the Bills Free of Charge.

LONDON, Aug. 4.—The trial of the suit of Mr. Payne, the program contractor at the Avenue Theatre, against Mr. Henry Arthur Jones, the dramatist, for breach of contract and libel was decided yesterday. The suit was brought in consequence of the action of Mr. Jones, who, during his recent experience as manager of the Avenue Theatre distributed programs free, thus breaking the contract entered into with Mr. Payne and depriving the latter of the income from the sale of programs. The court decreed that the defendant should pay to Mr. Payne £20 damages for breach of contract and £25 damages for libel in having stigmatized Mr. Payne's action in charging for programs as a most outrageous and indefensible exhibition of a middleman's parasitic spirit.

During the trial Mr. Jones was called to the witness box to testify in his own behalf. He contended that his attack was made upon the fee system and not upon Mr. Payne personally.

RITUALISM SUSTAINED.

Her Majesty's Privy Council Gives Judgment In Favor of Dr. King.

LONDON, Aug. 4.—The Privy Council Tuesday unanimously dismissed on all points the appeal of Mr. Read and others, members of the Church Association, from the judgment of the Archbishop's Court in the case of the Bishop of Lincoln (Dr. King), and upheld that judgment, which declined to inflict any penalty or monition upon the Bishop for alleged ritualistic practices.

AFTER DEAD MEN'S CLOTHES.

Sale of Criminals' Effects in Paris—Large Audience Expected.

PARIS, Aug. 4.—On Monday will begin the sale of criminals' effects seized by the state. The lots include the clothes of the assassin Eyraud, and those of Gabrielle Bompard, as well as the famous trunk. All the dime museum proprietors in the world are on the alert for this sale. America is represented by Sanderson. The Tussauds of London also have an agent here. The contest promises great interest. Large sums will certainly be paid for these sinister relics. Usually these sales are attended by only the lowest class of junkmen. But this time they will draw quite an audience of playwrights, managers and museum proprietors.

Reports from Charkoff says that the cholera there is still of a mild form, although the mortality is increasing. More deaths are reported from the outskirts than at the centre of population.

In Astrachan the Government has established an orphanage for children whose parents have been carried off by the disease.

In Nishni-Novgorod and Astrachan, inflammatory literature has been distributed in the last few days, apparently for the purpose of inciting the people to a repetition of the riots in the latter city. Two suspects have been arrested in Nishni-Novgorod, and seven in Astrachan.

Disinfection of mail matter has begun systematically in several cities, and the newspapapers published warnings to travlers that they can pass with safety through the stricken districts only after sprinkling their baggage and clothing with disinfectants.

ORANGEVILLE, April 4th, 1892.

DR. L. A. SMITH & Co.:

DEAR SIRS,—Anti-Dandruff is evidently giving satisfaction. I have sold about half of the gross I bought from you on the 23rd of January last. I use it in my own family and like it well. Can recommend it to all who are troubled with dandruff.

Yours truly,
dw THOS. STEVENSON.

Self Application of Electricity
FOR MEDICAL PURPOSES BY THE
DORENWEND
ELECTRIC BELT
And Attachments.
HEAD OFFICE—103 Yonge St., Toronto
THE WORLD'S BEST.

ALL diseases curable by Electricity can be treated at home by the Dorenwend Appliance. The Dorenwend is the only legitimate Electric Belt made which fulfils the requirements of Electro-medical science. It is a complete BODY BATTERY. It has an independent Battery, which generates a mild, continuous current of Electricity (without shocks) and can be regulated to suit the strongest man or the weakest child. It is a CURRENT OF QUANTITY, not merely a sensation current, and the quantity current is the greatest curative. It is a successful treatment for INDIGESTION, RHEUMATISM, NEURALGIA, SCIATICA, LUMBAGO, LIVER AND KIDNEY TROUBLES, WEAK BACK, SPINAL DISEASE, HEART DISEASE, NERVOUS DEBILITY, PARALYSIS, VERTIGO, FEMALE COMPLAINTS, IMPOTENCY, SEXUAL DEBILITY and all diseases of the Nervous and Muscular Systems.

Remember that the DORENWEND BELT is the very latest invention in this line, and was invented by a competent electrician, and ranks as the best in the world) we defy anyone to bring proof to the contrary.

Do not class this Belt with the humbug combinations of leather and metal with which the country is being flooded. If you wish to experiment with cheap articles, buy THEM. But if you want to procure a genuine Electric Belt and one that will be a benefit get a Dorenwend Belt.

Send name and address for Illustrated Book on Home Electro-medical treatment and mention this paper. J. D. TULLY, Agent, Peterborough. wed w

WAR IN INDIA.

Professor Vambery Says It May Result from the Afghan Rebellion.

VIENNA, Aug. 5.—Prof. Vambery has an article in The Neue Freie Presse in which he declares that the Hazara rebellion in Afghanistan is a serious movement due to Russian intrigues. It is probable, he says, that the insurgents are supplied with Russian weapons, and that if the rebellion increases in gravity the Ameer will be obliged to call for English aid, in which event Russia will probably push Ishak Khan, the Czar's protege, to the front as a rival of the Ameer. This view is supported by the fact that a confidential partisan of Ishak Khan is now employed as a police officer in Merv.

Skirmish With Russians and Chinese.

SIMLA, Aug. 5.—The Afghans are skirmishing with both the Russians and Chinese on the Alichur Pamir and have taken a number of Kirghis prisoners. A force of 500 Russians, under command of Col. Yanoff, armed with mountain guns, have reached Aktash.

Goschen's Niece Assaulted.

LONDON, Aug. 5.—A dastardly outrage was committed yesterday near Chiselhurst, Kent. As Miss Woods, daughter of the Vicar of Bickley, and a niece of Right Hon. George J. Goschen, Chancellor of the Exchequer, were walking along the road in the company of a friend, they were approached by two men carrying guns. The men accosted Miss Woods and her friend. Their advances were repulsed and Miss Woods' companion fled and succeeded in escaping, but Miss Woods was assaulted and fired upon, the shot taking effect in her face. She was rendered unconscious by the wound and was found lying in the road in that condition by a searching party.

A man named Manklow, who was acting in a suspicious manner near the spot, was arrested, and despite his protestations that he knew nothing of the crime, he was identified by Miss Woods as one of the two men who assaulted her and her companion and declared positively that he was the man who shot her.

Opening of the Meerwede Canal.

AMSTERDAM, Aug. 5.—The young Queen and her mother, the Queen Regent, opened the first section of the new Meerwede Canal. The canal will be navigable for large vessels from this city to the River Rhine. The day was observed as a public holiday. The Royal party, accompanied by the Cabinet Ministers, steamed through the canal to the Vreeswick lock, where the Queen unveiled a memorial stone.

Discontent In Tangier.

TANGIER, Aug. 5.—The camp of the Imperial troops at Mogoga is daily receiving reinforcements. Much discontent is expressed in Tangier at the prolongation of the contest with the rebels, which is declared to be ruinous to the interests of the European residents of Morroco. Many Spaniards are leaving the country.

Negotiations for Treaty Resumed.

TANGIER, Aug. 5.—The Sultan of Morocco has appointed eight delegates to resume the negotiations for a commercial treaty with Sir Charles Euan-Smith, the British Minister to Morocco.

BALFOUR IS ALL RIGHT.

There Are No Grounds for the Petition to Unseat Him.

LONDON, Aug. 5.—The petition which has been filed against the return of the Right Hon. Arthur James Balfour as member of Parliament for the east division of Manchester, which he has represented since 1883, is merely an annoyance to the Government leader, and it is not intended by the Liberals to be anything else. There is no solid ground for the accusation of bribery, or for charging his election agents with treating men to drink in order to obtain votes.

A similar petition has been presented against the return of the chief Liberal whip, Arnold Morley, who received 4861 votes to his Conservative opponent's 4284 in the Eastern division of Nottingham. The charges in this case are equally unfounded. These proceedings are taken on either side by irresponsible local partisans without consulting their leaders, and are simply flashes in the pan.

The Debate On "No Confidence."

The debate on the motion of "no confidence" on the reading of the Speech from the Throne will occupy the whole of next week, so that nothing definite can be done for at least 10 days after Parliament meets. Mr. Balfour's speech explaining the future Conservative program, which is a necessary part of the proceedings, will not in the least affect the issue of the debate, which will be a purely party vote. Balfour knows that perfectly well, and his object in speaking at length any way, beyond the mere presentation of a competitive program, is to give the Unionists a basis of resistance to the proposed or possible measures which will be advanced by the Gladstone Government.

PLAYED TO THE LUNATICS.

Alice Mitchell Makes Herself at Home in the Asylum.

MEMPHIS, Tenn., Aug. 5.—Deputy Sheriff Perkins, who took Alice Mitchell to the insane asylum at Bolivar Tuesday, says that at every station along the route crowds of curious idlers boarded the car to see the prisoner. Alice, however, took it very coolly, as she subsequently did the parting with her parents.

When the officer left the Asylum Alice was the centre of an admiring group of lunatics, whom she was entertaining with music from the French harp, an instrument on which she performs with remarkable skill.

A Buffalo Boy Drowned.

BRACEBRIDGE, Ont., Aug. 5.—A drowning accident took place at Squaw shute, 8 miles below Bala, Tuesday evening, when Ralph Green of Buffalo, aged 19, was drowned.

Green, in company with his friend, E. W. Eames of Buffalo, were fishing, and they attempted to cross the river above the shute, but the current being too strong, both were carried over the first fall. Young Eames tried to save his companion from going over the second fall, but he was unsuccessful, and managed with difficulty to reach shore.

Green was carried over the second and third falls and drowned.

PITTSBURG, Aug. 5.—A Pittsburger yesterday received a letter from a friend who is now in Canada which says that Hugh O'Donnell is in Toronto.

Killed His Daughter's Murderer.

PARIS, Tex., Aug. 5.—At Goodland, in the Choctaw nation, on Tuesday, Martin Holmes was shot and instantly killed by John Bohanon. Holmes married Bohanon's daughter, a pretty Indian girl, about two years ago, and the couple quarrelled frequently. On July 6 he shot and killed his wife and then left the country. He was captured and taken back, and Tuesday was taken before Judge Oakes at Goodland. He was sent to jail. As the sheriff was taking him away Bohanon shot Holmes and then escaped. Public opinion is in Bohanon's favor at last accounts. Holmes' body was lying on the prairies where he was killed and no preparations were being made to bury him.

Killed By a Bull.

PORT HOPE, Aug. 5.—Thomas Hannah went to milk his cows when he was attacked by a large Durham bull and crushed to death by the savage brute. Deceased was 52 years of age and leaves a wife and three small children.

Connolly-McGreevy Trial.

QUEBEC, Aug. 5.—The proceedings instituted by the Federal Government against the Messrs. Connolly and Hon. Thomas McGreevy will be proceeded with in the month of October next.

THE FUN OF A FOOL.

It Results in a Double Drowning in Tennessee.

NASHVILLE, Tenn., Aug. 5.—While out skiff riding a mile from Nashville, Mary McEwan and Harry Hooper were drowned. Hooper turned the boat over just for fun and neither could swim.

GOSSIP!

"Dear me, these are the most beautiful photographs I ever saw."

"Yes, they certainly are very fine and elegantly finished, besides, they are permanent."

"Do they cost more than before"

"No, not to us, though the material is much more expensive, yet Mr. Sproule believes in having the best obtainable. He says nothing is too good for his patrons, and these certainly bear out his statements; and his studio is so convenient—no stairs to climb yourself, nor have you any fear about the children."

"Yes, I have heard about the ground floor studio being so convenient,—but those photographs."

"Will you come down with me to-morrow to Charlotte street? I must have some."

"Yes, that is the only place where such work is made."

HAYING TIME!

This is haying time, therefore, to make hay while the sun shines is the best of advice at this season of the year.

We are determined that buyers of Dry Goods will find the sun shining to their heart's content, at the Golden Lion, and that an abundant harvest of ripened bargains await all comers to our store.

Our Store Front

will be taken out next week to make further improvements in our premises, and the display of goods in our window will have to be removed. But, customers will find us all alive inside, and better prepared than ever to give them VALUES that cannot be duplicated in any other dry goods store in town.

Although our great midsummer sale has attracted crowds of customers during July, the prices will be hammered down still lower during the alterations of our Store Front and all through the month of August.

EDWARD BLAKE'S SPEECH

TEXT OF HIS ADDRESS BEFORE THE EIGHTY CLUB.

The Member for South Longford Says He Believes Ireland is on the Eve of Realizing the Result That Mr. Parnell Fought for.

LONDON, Aug. 6.—The Eighty Club entertained Hon. Edward Blake at dinner Thursday. Prof. James Bryce presided, Mr. Blake occupying the position on his right hand.

In the introductory speech which Prof. Bryce, who is member for the South division of Aberdeen, delivered he said that although the Liberal majority was small it was full of fighting spirit. The one main object of the Liberal party was the attainment of Home Rule for Ireland. Therefore the Liberals welcomed a new and powerful ally in the person of Hon. Edward Blake, who brought from Canada a keen intelligence, a large experience as a statesman and a sound judgment, which would be valuable aids in the solution of the Irish problems.

Mr. Blake, in responding to the remarks of Mr. Bryce, recalled the fact that the last time he was present at the Eighty Club, the occasion being a dinner in 1888, he sat beside Mr. Charles Stewart Parnell, who, he said, was a leader of men who compelled rather than conciliated the admiration of the masses. Despite all drawbacks he would retain a great place in history. He referred to Mr. Parnell's confidence in the good faith of his Liberal allies and his sincerity in his adherence to moderate constitutional courses.

He believed that Ireland was on the eve of realizing the results that Mr. Parnell fought for. The combined efforts of the Liberal sections were certain to attain the common objects they had in view. It was well that each of the allied forces recognizes the conditions under which the other is constituted. The Irish party was created and maintained for a definite object under a strict system of discipline allowing only a limited latitude. Experience had shown the truth of the assertion that the Irish interests in the Imperial Parliament required a limited system. The parliamentary weapons forged under Mr. Parnell's leadership had such weight, solidity, temper and keenness and had wrought such great things for Ireland that the Liberals had taken up the Irish cause in an honorable and cordial alliance, creating a friendly feeling between the Irish and British democracies. The might of Mr. Parnell's weapons may have been lessened, but even now they were fully adequate for the original purpose for which they were intended. He hoped that the Irish minority would ultimately see that the tactics of the majority were sound. Every one had the interests of Ireland at heart and desired the passage of an effective home rule bill. It might not be that every detail of the measure would be exactly what some Irishmen would like, but, as Mr. Parnell had once said, any sound measure would be cheerfully accepted.

If they worked with a desire to make a success of a substantial measure it would give them a field for action in Ireland which would produce a great a feeling of contentment in that country that there would be neither time nor inclination for captious criticism or factious agitation.

The Canadian Interest.

Mr. Blake also said that the Canadians had a material interest in the settlement of the Irish question. Like the people of every English-speaking nation they had been troubled about the matter of Home Rule. But they were actuated with a nobler spirit than that of self-interest. They remembered the American revolutionary struggle for home rule and the development of home rule in the Canadian possessions, and sympathized with the condition of a nation of fellow-subjects entitled to and refused self-government. England tried the experiment a century ago of giving Canada sole self-government without the essential condition that the executive should be responsible to and therefore controlled by the people. That was done under the fear that they were incapable of self-government and the belief that the majority being of the same race and creed would use the power thus obtained to oppress the so-called loyal minority. But the system caused gross abuses, discontent and agitation, and on the advice of an able commissioner, the Government, in 1841, gave a fuller measure of Home Rule, which largely secured the contentment and affection of the Canadians.

Since then the blemishes contained in the measure have been removed as experience guided.

The capital error was the legislative union of Upper and Lower Canada, which failed to extinguish the French national feeling and broke down after 25 years' trial when the federal union was substituted. The results fully justified the advocates of Home Rule. The hostility, jealousy and opposition of the two provinces have disappeared. Doubtless the constitution of Canada had a seamy side. He belonged to the party numbering half the population and which for 28 years had been the opposition, and he believed the policy of the Government was wrong and injurious. Yet the attachment to Home Rule was not confined to the dominant party. The minority had rather be misgoverned at home for the moment than well governed from abroad. [Cheers.] They had a powerful Orange party and bigoted Catholics and Protestants, but the sober, settled thought of the people proved the general adhesion to the principle of civil and religious liberty and equal rights. Minorities throughout the world were apt to be suspicious and exacting. He himself believed that the duty of the majority included the moral obligation to give the minority, not a grudging measure of strict justice, but a full, overflowing measure. This was the principle he had expounded to Irish meetings with enthusiastic acceptance.

Ireland's Imperial Interests.

He was convinced that the respect, loyalty and affection of the mass of the Canadians toward the United Kingdom owed their vitality and their strength to the concession of home rule. [Cheers.] The difficulties in the case of Canada did not exist in Ireland. Ireland had great imperial interests in common with England. While she could not claim to participate in the decisions of England's local affairs she would be unworthy of herself if she did not take a share in the imperial affairs. Therefore she strongly opposed the exclusion of Irish members from Westminster, which was indefensible in principle and dangerous in tendency. He rejoiced that it had been eliminated from the present Home Rule proposals, and that the supremacy of the Imperial Parliament would continue, because while it was hoped that the Imperial Parliament would not unnecessarily meddle with decisions of the Irish Parliament, yet in the highly improbable case of ultra vires legislation being proposed prejudicial to the general interests, Great Britain could always exercise plenary parliamentary authority and might insert executive powers of reservation and disallowance in case of such emergencies. He hopes the Home Rule bill would embrace a final settlement of the land question.

There were also great British social, labor and electoral questions which he thought might be grappled with during the lifetime of the present Parliament. When the Home Rule bill was launched and moving steadily along he would welcome the progress in its wake of other pressing legislation which would give the masses of Ireland, through their representatives in Parliament, an opportunity to show their sympathy with the just demands of the British people. [Cheers.]

Mr. Morton, M.P., in proposing Mr. Blake's health, said the granting of home rule to Canada had changed it from a rebellious dependency to a loyal colony.

Mr. Blake, acknowledging the hearty manner in which the toast of his health had been honored, said that he had left home almost at a moment's notice. In coming across the Atlantic to do what he could for the pacification and conciliation of Ireland he had severed the ties of a lifetime. The kindness that he had experienced since coming amongst them, however, and the generous treatment that had been everywhere accorded him went far to compensate him for the loss sustained. The banquet was a very successful and enjoyable one.

The Pall Mall Gazette says the statement of Canada's experiences as a Canadian argument for Home Rule was a most important contribution to the subject. Mr. Blake's remarks on the relation of Home Rule to other political questions were the voice of common sense.

The Daily News says that Blake's grasp of the situation was firm and thorough.

The Star says that the speech more than fulfilled the expectation of an authoritative review of the inner working of Home Rule.

The Times, however, makes a severe criticism and says that Mr. Blake has no real acquaintance with the problem he purported to treat of. At the best he was but humorous in his speech.

When Mr. Blake was referring to a possible rejection of the bill by the House of Lords, he quoted the proverb: "It is time enough to bid the devil good morning when you meet him."

He is a Leader of the Irish Party.

NEW YORK, Aug. 6.—The Times' London special says there is a consensus of disquieting rumors that Gladstone is not as young in mind as in body and that he sets his foot down resolutely against the movement to introduce new blood into the Cabinet. Everybody is full of the story that he insists on having the whole old band of fossils once more about him, saying he is now too old to learn how to use new tools.

The Irish party had a meeting in the historic committee room No. 15, looked itself over, and was very well pleased with itself.

The new Committee of Control contains all the old members—McCarthy, Healy, the two O'Connors, Sexton, Dillon and O'Brien, with the exception of Davitt in place of William Abraham, who is not a member of the new House, and David Sheehy, retired to make room for Edward Blake. It will be his own fault if, thus splendidly started, he does not make a mark in the House.

Blake Read His Speech.

LONDON, Aug. 6.—Blake's address at the Eighty Club dinner Thursday was the chief subject of political comment in the papers yesterday. Some surprise is felt that Mr. Blake follows his manuscript so closely, but the subject matter of the speech was warmly praised by the audience and heartily recognized by the Liberal press.

TRADE GOSSIP.

Business is of Customary Moderate Volume Without Special Activity.

NEW YORK, Aug. 6.—Special telegrams to Bradstreet's show that at most commercial centres general trade is of customary moderate volume without special activity, though there are some exceptions.

Advices from the Province of Quebec indicate that the results of six months' business there have been on the whole disappointing. Harvest products, however, are good and the outlook is bright.

In Ontario wholesale trade is fairly active with some lines improving.

The wheat yield there will probably not equal earlier estimates.

Bank clearings at Halifax, Montreal, Toronto and Hamilton equal $19,170,000 this week, a decrease from the previous week's total of less than 2 per cent. The first three cities named report bank clearings of $18,446,000 this week, a decrease of nearly 2½ per cent. from last week, but an increase of fully 11 per cent. as compared with the total the first week in August, 1891.

There were 16 business failures in the Dominion of Canada this week as compared with 23 last week and 23 in the like week a year ago.

Died from Heart Disease.

KINGSTON, Aug. 6.—The Rev. James Godfrey, who was in the Church of England for 40 years, died suddenly yesterday from heart disease. He retired in 1884. In 1870 fire ravaged the Ottawa district. He rode 20 miles through the flaming country to his family. His house was destroyed, and with his family he laid in a furrow all night. He never recovered from the nervous shock.

Minnetonka Regatta.

WINNIPEG, Man., Aug. 6.—Races were rowed Thursday in International regatta at Lake Minnetonka, crews of St. Paul, Minneapolis, Duluth and Winnipeg entering. First race, junior fours—Winnipeg won by 10 lengths. Second race, senior singles—Fox of Winnipeg won easily. Third race, junior doubles—St. Paul 1, Minneapolis 2, Winnipeg 3, Duluth 4.

Toronto Cricketers Defeated.

LONDON, Ont., Aug. 6.—The London Asylum cricketers easily defeated the Toronto in the match played on the asylum grounds here yesterday. Only one innings each was played, the game being called on account of rain. Toronto made 71 in their innings. The asylum made 185 runs with no wickets down.

Bad Wreck On the Lake Shore Road.

ERIE, Pa., Aug. 6.—A bad wreck occurred on the Lake Shore road at Harbor Creek between a passenger and a freight train. It is reported many passengers are killed and wounded. Physicians have been sent to the scene of the wreck from this city.

THE CANADIAN BUDGET.

WHAT CAUSED THE DEATH OF WILLIAM CHAPMAN?

The Northwest School Bill—Sent His Money to His Mother—The Recount Made a Tie—A Jockey Scalped.—Prairie Crops.

TORONTO, Aug. 6.—The death of William Chapman of Thornhill has been investigated, and the verdict of the coroner's jury is that he died from injuries received by a fall; cause of fall unknown.

Coroner Orr presided at the inquest, which was held at Skardon's Hotel yesterday afternoon, and County Crown Attorney Dewart did all the questioning. High Constable Jones looked after the jury, and everything was carried out with despatch.

The following is a true story of the whole affair, as gleaned from the evidence of the half-dozen witnesses who were sworn:

The deceased, William Chapman, was a hard drinker, and has several relatives in Thornhill who are all highly respectable. On Friday night last he called at Skardon's Hotel at 8.30 and again at 10 o'clock. On the occasion of his last visit he was considerably under the influence of liquor, and was given several more drinks. Towards 11 o'clock Skardon, wanting to close his house, told Chapman and another man named Edward Parkinson to go home.

The two men went out accompanied by the proprietor, who wished to close the shutters. When they had walked into the street Chapman and Parkinson began to wrestle with each other, and both fell with Chapman on top. The only onlookers were Skardon, William Henry Wright, the hostler, and Mrs. Parkinson, who had come to the hotel to fetch her husband home.

After the wrestlers had both regained their feet, Chapman threatened to kick Skardon, and the latter replying said, "I'm damned if you will." Just at this moment, so three witnesses said, Chapman staggered and fell like a log on the hard road. The bystanders thought that he was simply drunk, and accordingly carried him into the driving shed, where he had often lain before, and left him there for the night. Next morning he was found in the same position, apparently not having moved, and he was taken into the hotel and well cared for until Dr. Langstaff arrived. The doctor after a little deliberation came to the conclusion that he was suffering from concussion of the brain, but could not benefit him and without becoming conscious he died at 5.30 on Monday afternoon. His friends at Thornhill would have nothing to do with him and he was buried at the public expense.

What the Post Mortem Showed.

The post mortem examination showed that death had been caused from concussion of the brain. The skull had been badly fractured, there being a clean split from a point just above the left ear down to almost the base of the frontal bone. There was also a contusion near the inner corner of the left eye, at the extremity of the fracture. Drs. Langstaff and Ferguson were of the opinion that the fracture had been caused by a fall.

Acting on this evidence the jury brought in a verdict as given above, but there are discrepancies which yet cause considerable talk among the villagers, and which at some future time may be more fully explained. In the first place, although three witnesses saw deceased fall in front of Skardon's Hotel, yet none of them saw a blow struck. Now, supposing no blow had been struck, which, despite the evidence, is not certain, how did Chapman receive the mark on the inner side of his eye? It is hardly reasonable to suppose that a backward fall would have caused it. In the second place the doctors who performed the post mortem removed only the upper part of the skull cap, and did not trace the fracture down to the point near the eye. This point may have been the beginning of the fracture, and the split discovered by the doctors may have been only a secondary fracture radiating from the principal one, such as is seen when a window is broken by a stone.

The case will probably rest at least for some time, for the Crown will not take any further action until some more conclusive evidence is brough forth.

PRAIRIE CROPS.

The Yield of Grain in Some Districts Will Be Even Better Than Last Year.

WINNIPEG, Aug. 6.—As August advances the feeling regarding the safety of the crops grows more intense, and Manitoba farmers and business men will be on the anxious seat for the next month until all is safely harvested. The weather still remains all that could be desired, and will hasten the ripening of the grain.

A despatch from McGregor, an important shipping point in the Brandon district, says: Crops in this locality are looking excellent, and are equally as promising as last year, some claim even more so.

Few estimates as to the yield per acre in various districts have as yet been heard, but from 15 to 25 bushels per acre may be put as a safe limit, should hail or frost not interfere, with higher yields in the districts where an abundance of moisture fell during the early growing months.

Wounded While Making an Arrest.

PICTON, Aug. 6.—Last Thursday County Constable D. A. Spencer went out to Athol to arrest a young man named Geddes Dainard, who had been threatening to shoot people. The constable located his man, but on attempting to make the arrest was shot in the leg. Spencer drew a revolver and fired at Dainard's hand, the ball shattering the thumb and forefinger. The young man was soon overpowered and taken to the county jail.

The New Northwest School Bill.

WINNIPEG, Aug. 6.—The new school bill regulating public schools in the Canadian Northwest was introduced at the session of the Northwest Assembly yesterday. This bill does not disturb separate schools, but provides that English shall be taught in them and that both Protestant and Roman Catholic inspectors may inspect them. It also disqualifies all clergymen from holding office as either inspectors, teachers or trustees.

One of the Bodies Recovered.

WIARTON, Ont., Aug. 6.—The body of Maggie Stevens of Guelph, one of the four victims of the boat accident of July 27, was found at 4 p.m. yesterday floating on the water about 200 yards from the Camden dock, two miles from the scene of the capsize.

Father and Son Drowned.

QUEBEC, Aug. 6.—A sad drowning accident occurred at St. Francois Beauce lately. A young man having fallen into the river, his father rushed to the rescue, when father and son were drowned together.

Sent His Money to His Mother.

WINNIPEG, Aug. 6.—Robert S. Rankin, who came to Manitoba from Dublin, Ireland, recently, has suicided at Virden. He leaves letters to friends directing that the money found on his body be sent to his mother at home, but gives no cause for suicide. He was working on a farm and doing well.

O'CONNELL THE LIBERATOR.

To-day is the 117th birthday of Daniel O'Connell, the great Irish Liberator. The present anniversary is attracting all the more attention on account of the triumph at the recent British elections of the principles which he so eloquently and persistently advocated. O'Connell, born in Kerry on Aug. th, 1775, was the son of a small landed proprietor in Ireland, by whom he was sent to France to be educated for the Roman Catholic priesthood. After residing at both St. Omer's and Douay, he, at the outburst of the French Revolution, fled from St. Omer's and reached the shores of England in safety. In 1794 he commenced the study of the law, and four years afterwards was called to the bar. His first public speech was against the proposed union of the Irish and the English legislatures, and was delivered at Dublin, in which city he obtained a fair amount of legal practice. But about the year 1803 he began to take a leading part in urging the claims of the Catholics upon the attention of the English legislature. An account of his labours was furnished by himself, in a letter to Lord Shaftesbury. "For more than twenty years before the passing of the Emancipation bill, the burden of the cause was thrown upon me, I had to arrange the meetings, to prepare resolutions, to furnish replies to the correspondence, to rouse the torpid, to animate the lukewarm, to control the violent and inflammatory, to avoid the shoals and breakers of the law." In 1828 he was elected to represent the county of Clare in parliament, but was not allowed to take his seat in consequence of the civil disabilities under which he, as a Roman Catholic, laboured. The passing of the Emancipation bill, however, enabled him to enter the House of Commons in the following year. From this period, until the year 1843, he laboured incessantly at the great movement he had inaugurated, and which was called by himself "the Repeal of the union." In the last named year however, he was convicted of sedition, sentenced to pay a fine of £2,000, and to be imprisoned for a year. An appeal to the House of Lords subsequently led to the reversal of this judgement; but from that time his his power to excite the political sympathies of his countrymen appeared greatly to decline. Exhausted by his long labours, he went to Italy in 1847, to recruit his shattered health, but expired at Genoa, on his way to Rome. It may be remarked that the same year that witnessed the death of O'Connell, witnessed the election of Gladstone for Oxford, a circumstance that influenced the Grand Old Man's conversion, to Liberalism "which he had been brought up to regard as an evil." Thus as one mighty friend of Ireland left the scene, another took his place and the cause that both have done so much to advance, seems to be on the eve of triumph.

It Commands Thanks and Praises.

When a baby's life is saved, the loving mother is always ready to acknowledge the value of the agent that defeated sickness and summer diseases.

Already this summer, scores of letters have been received from happy and thankful mothers, testifying strongly in favor of Lactated Food, and declaring that it saved their babies from sickness and death.

No other food in Canada has ever received such strong words of approval. Lactated Food is doing a grand work for babies and young children who were languishing under inferior foods and poor milk. It has built up the little ones in flesh, bone and muscle, and caused them to be bright and happy. Babies love Lactated Food, and when once fed to them, will relish no other.

THE BOARD OF TRADE AND THE SEWERAGE BY-LAW.

On Monday evening next an important question will be discussed under the auspices of the Board of Trade, and the Board is called upon to justify its existence as an influential and useful factor in the promotion of the interests of the town. It will be expected of the Board that a sufficient amount of information in reference to the sewerage by-law to be submitted to popular vote on Friday, August 12th, to enable the competent ratepayers to pronounce an intelligent opinion upon the subject represented by the by-law, will be furnished on Monday night next. And it seems from all that has been said by critics of the by-law and the scheme, especially the scheme, that there is need for no little amount of enlightenment. No doubt the several speakers whom the board will contrive to have present at the meeting in question will present the several phases of the subject in a manner that will serve to remove any captious objections that may be urged against the adoption or rejection of the bylaw. As to the bylaw itself, exception has been, and is, made to the amount of money to be voted, but that is a minor matter compared to the merits of the system itself. The people who attend the public meeting on Monday night—and it is to be hoped there will be a large attendance—will expect light on many points. They will expect to be enlightened upon the exact nature of the work of the system of sewerage it is proposed to begin with and its extent, and they will need to be convinced that it is suitable in the matter of size and capacity to the work it is expected to do in the future. There have been important alterations made in the calibre and depth of several important sections of sewerage, and the people will naturally expect to be assured by some expert authority that the work they are asked to endorse by their votes is the best that modern sanitary science and engineering skill can provide. The people will require to be convinced that the opinion, estimates and plans of one engineer, on an enterprise of so costly a nature, on a work that should last for half a century, should be accepted on the *ipse dixit* of such an engineer, who, no matter how capable he is, is human, and is therefore subject to mistakes in calculation and errors in judgment. The public will need to be convinced that in the preparation of the plans, in the routes taken, in the size and disposition of the several mains and pipes invariable regard has been had to serving the public interests in the fullest sense—the providing the best possible effective system in every respect at the lowest possible price. They will need to be convinced that no personal or sectional interest has exercised a bearing in any of the regards referred to. In fine, in order to be able to form an intelligent idea of the proper manner of casting their ballots, the people will require that the search light of truth be thrown upon every part of the scheme and of the machinery suggested for carrying it into effect. The subject is one of the most vital importance to the town. Every intelligent and progressive citizen is convinced that the town needs a system of sewerage and all will agree that we want the best that can be produced within reasonable limits of expense. There is no doubt that a first class system of sewerage can be constructed at a reasonable expense, if the matter is properly and prudently managed. The aim should be to provide the most effective system in the public interests,—without any attention to personal or sectional interests, aside from the personal or sectional benefits that may be incidental to the construction of a proper and effective system. And the meeting on Monday night should elicit all the information bearing upon the points adverted to and other points vital to the discussion of so important a subject. We believe that if the people are convinced that the system proposed is the best that can be got within the limits of reasonable expenditure; if they are shown that plans submitted and the scheme proposed comprise the best obtainable solution of the problem of providing an efficient system of sewerage that, with, the public spirit that characterizes them, they will be willing to endorse the project and vote the supplies; otherwise—

Men Admire Beauty in Women

How Women may Become Healthy and Beautiful.

People often wonder why some lady friend is not looking herself. Men who admire beauty in women are the first to detect change and decay. They look with pain and astonishment on the pale face, the hollow cheeks and the sunken eyes surrounded by dark circles. They note the feeble and faltering step, lack of strength and elasticity want of spirit and ambition.

These are all alarming and dangerous signs and plainly indicate the existence of disease in some form. The troubles mentioned above are usually caused by indigestion, dyspepsia and impure blood, and demand instant attention if women desire to maintain the beauty which a kind Creator has given to them.

Many of the healthiest women in Canada to-day, owe their good health to Paine's Celery Compound. This valuable and unfailing medicine quickly removes every obstruction and difficulty. It causes the life-stream to course freely and purely throughout the body; it corrects digestion; it removes the intolerable enemy dyspepsia; it brings the blush of health to the faded cheek, and gives to the whole system a new vigor.

Paine's Celery Compound is truly woman's best friend in her hour of suffering, and will accomplish more for her than all the efforts of physicians.

Retaliation Folly.

A cable despatch from London stating that the government of Victoria, Australia, had increased the import duty on Oregon pine $6.25 per 1,000 feet, and the duty on canned fruit to 6 cents a pound, or about fifteen cents per tin, has caused much excitement in California, as it is regarded as the first gun in the foreign fight against the McKinley Bill. The McKinley bill entirely barred out Australian wool from the United States and the Victoria government has taken revenge. If Australian colonies follow suit it will be a heavy blow to San Francisco merchants, as this is the port of entry for all these goods. The blow is particularly severe to fruit growers and canners, as they have been several years in building up a market for California canned goods in Australia.

A most estimable lady almost destroyed until Dr. Butler's Golden Pills came to the rescue. After their use for a short time she was able to resume her duties, after suffering untold misery from nervous prostration and the ills that attend that most distressing disease. These, if not checked in time, lead to insanity and death. Golden Pills are guaranteed to cure all nervous and blood diseases.

THE FACT

That AYER'S Sarsaparilla CURES OTHERS of Scrofulous Diseases, Eruptions, Boils, Eczema, Liver and Kidney Diseases, Dyspepsia, Rheumatism, and Catarrh should be convincing that the same course of treatment WILL CURE YOU. All that has been said of the wonderful cures effected by the use of

AYER'S Sarsaparilla

during the past fifty years, truthfully applies to-day. It is, in every sense, The Superior Medicine. Its curative properties, strength, effect, and flavor are always the same; and for whatever blood diseases AYER'S Sarsaparilla is taken, they yield to this treatment. When you ask for

AYER'S Sarsaparilla

don't be induced to purchase any of the worthless substitutes, which are mostly mixtures of the cheapest ingredients, contain no sarsaparilla, have no uniform standard of appearance, flavor, or effect, are blood-purifiers in name only, and are offered to you because there is more profit in selling them. The Recent Fire in St. John's.

In accordance with the Bishop of Toronto's pastoral letter, published in our columns last Monday, the collections to-morrow at St. John's, and St. Luke's churches, St. John's Mission and Chemong Park, will be devoted to the fund now being raised towards restoring the various Church of England buildings destroyed by the recent conflagration in the city of St. John's, N. F. The following telegram received in Montreal just after the fire, will give our readers some idea of the overwhelming nature of the disaster so far as the Bishop of Newfoundland and his people are concerned:

ST. JOHN'S, N.F., 12th July.

Diocese broken hearted; Cathedral, Bishop's and clergy houses, schools, synod hall, orphanage destroyed by fire. Scarcely any insurance. Cathedral, designed by Gilbert Scott, recently completed, taxing local resources to the utmost—total cost half a million—now a ruin. Beseech sympathy of Canadian Church with us in our terrible affliction, and aid to restore historic landmark—St. John's being first place where Anglican service celebrated in New World. Plead for us.

[Signed].
BISHOP OF NEWFOUNDLAND.

New Sunday School Rooms.

The work on St. Andrew's church new Sunday school rooms is progressing favourably. The brick and masonry work of the large eastern transept is completed and men are now engaged in shingling the new structure. Underneath this new addition is a fine large cellar where the furnaces will be placed. A new brick vestibule is being erected on the west side in front of the old Sunday school rooms. It will add greatly to the heating of the rooms besides providing better means of exit and entry than formerly. The flooring and plastering will be begun in a few days. Mr. T. Rutherford has the contract and the formal opening of the new Sunday school home will probably take place next month with appropriate solemnities.

Big Things for Civic Holiday.

The Bay of Quinte is renowned for its beautiful scenery and many natural attractions. Added to these latter are many points of interest, such as Massassinga Park, Rathbun Co's big works at Deseronto, the Lake on the Mountain, known as Glenora, etc. Glenora is a picturesque place which in itself is worth a day's long journey to see. Picton is a thriving place in Prince Edward County, while within a short distance on Lake Ontario are the Sand Banks. These are the wonder of all who see them and a sight of a life time. All these attractions, together with a visit to the city of Belleville and a delightful sail down the Bay of Quinte are offered to those who go with the Oddfellows on the excursion to Belleville, Glenora and Picton on Civic Holiday. The fare is very low, and the feature of the trip will be the rapid transit. The return fare to Picton is only $1.50; children half fare. Make arrangements and go. 1d

Remembered Before His Departure.

Last evening in the parlour of the White House an interesting event took place when Mr. Samuel Forster, a prominent member of the Edison Club was, on the eve of his departure for his home in Hamilton, presented with a kindly worded address and a costly gold ring by about fifty of his friends and associates. Mr. W. J. Wiggett read the address and made the presentation of the heavy gold ring set with a fine carbuncle stone, and on which is inscribed "From E.A.A.C. Aug. 5th, 1892. Mr. Forster made a feeling reply thanking his friends for their extreme kindness and referring in grateful terms to the pleasant relations which had always existed between them. He wished them one and all the best of success and hoped they might all have a bright and prosperous future. Afterwards an adjournment was made to the dining room, where choice refreshments were served and songs, speeches and jokes fill in a pleasant evening all too soon. Mr. Forster leaves on Monday morning for Hamilton, followed by the best wishes of a host of friends. During his residence of a year in Peterborough, in which he has been a capable draughtsman in the Edison Company's work, he has won many friends, who, while regretting his leaving of Peterborough, will follow him with their best wishes. Mr. Forster was an enthusiastic supporter and clever player in the noted Edison Baseball Club of which he was captain. He has held many prominent positions in the Edison Amateur Athletic Club and it was largely owing to his untiring interest in its success and behalf that the club now enjoys its present large membership and sound financial footing.

The Weights and Measures Inspector's Visit.

The general inspector of the Weights and Measures Department for this district, Mr. Wm. Johnson, of Belleville, has frequent complaints made to him of fraud in using weights, scales and measures. He has got through enquiring into a couple of these in town and returned home last night. Mr. Johnson said before leaving that he was glad to say there was nothing in the charges laid against merchants here.

Monthly Prizes for Boys and Girls.

The "Sunlight" Soap Co., Toronto, offers the following prizes every month till further notice, to boys and girls under 16, residing in the Province of Ontario, who send the greatest number of "Sunlight" wrappers:—1st. $10; 2nd, $6; 3rd, 3; 4th, $1; 5th to 14th, a Handsome Book; and a pretty picture to those who send not less than 12 wrappers. Send wrappers to "Sunlight" Soap Office, 43 Scott Street, Toronto, not later than 29th of each month, and marked "Competition"; also give full name, address, age and number of wrappers. Winner's names will be published in *The Toronto Mail* on first Saturday in each month.

Death of an Old Resident.

Thos. Robinson, who has lived in Peterborough for the past 34 years, died at his home, 445 Bathune street, last evening. Deceased was born in Ireland and came to Canada many years ago. Some twelve years ago he met with a serious accident, in consequence of which he has led a retired life. The dread disease cancer of the throat was the immediate cause of his demise. Mr. Robinson was in his sixty-seventh year and much respected for his many good qualities and quiet peaceful life. He leaves a wife and several grown up children to regret his loss. The funeral will take place to-morrow afternoon at 3 o'clock from 445 Bathune street to Little Lake Cemetery. He will be buried under the auspices of Young Canadian, No. 49, L.O.L., of which he was an active member.

Introducing New Gold Extractor.

Mr. H. T. Strickland, of Ashburnham, returned this morning, after an absence of some three months in Nova Scotia, where he has been in the interest of Crawford's Mechanical Gold Extractor, introducing it to the important mine operators of the maritime province. This new patent gold grinder has been received with the greatest satisfaction wherever tests have been completed, and miners are loud in their praises of its work and mechanicism. It is manufactured by the Ecastus Wiman Co., of New York. Mr. Strickland was induced to go to Nova Scotia on behalf of those interested, who now control the North American patents. It was through the agency of this mill and the phenomenal work it did in saving the gold from refractory ores in the Belmont mine, which he discovered and was much interested in that. Mr. Strickland took the greatest concern in this machine. He will leave shortly for Western Ontario, where he will operate this great extractor which has revolutionized the gold mining industry for many who have purchased the machine.

The E.B.A's in Town.

Six Hundred Visitors Reach the Town this Morning From Toronto and are spending the Day With us.

The five branches of the Emerald Benefi cial Association, Toronto, accompanied by the grand officers of the grand branch of Canada and many friends arrived in Peterborough at 11.15 o'clock this morning. They are about seven hundred in number and arrived by a C.P.R. special, it taking eleven coaches to carry the burden of human freight. Toronto was left in safety at 7.30 o'clock this morning and the train carrying the happy but large party arrived at the station here promptly at 11.15 o'clock, where a large number of the excursionists disembarked. The remainder however stayed on board and were let off at the diamond in Ashburnham when the large party wended its way to the handsome picnic grounds of St. Joseph's Hospital where dinner was served by the local branch of the society. The Diamond baseball club of Toronto came down and are registered at the Phelan House. The Toronto Lacrosse club too accompanied the jolly party of excursionists. Both are playing matches this afternoon with the Peterborough clubs.

A fine list of games and sports of all kinds are being run off on the St. Joseph's Hospital grounds this afternoon. The picnickers will return at 8 o'clock this evening. Most of the Grand Branch officers of Canada came with the large excursion. They are as follows:—Br. D. A. Carey, Toronto, Grand President; Br. W. Lane, Toronto, Grand Sec.-Treas.; Bro. Wm. Hagan, Peterborough, Grand Vice-President; Bro. G. Ingersoll, Toronto, Grand Marshall Grand Organizers; Bro. G. H. Groux, Peterborough; P. J. Crotty, J. J. Nightingale, Matthew Madden, C. Burns, Toronto. There are others, but they reside outside of Toronto and are not here to-day.

The committee in charge of the whole excursion and to whom its great success can be attributed, are Bros. T. Doyle, Chairman; J. Hennessy, Secretary; M. C. O'Neil, Treasurer; Martin Madden, B. McGuffin, J. Smith, T. Mahoney and Geo. Marlborough.

The five branches present and their presidents are:

St. Patrick's, No. 2, E. B. A., Bro. P. J. Crotty, P.M.

St. Patrick's, No. 7, E. B. A., Bro. M. J. Hayes, Pres.

O'Connell, No. 8, E. B. A., Bro. Hurly, Pres.

David, No. 11, E.B.A., Bro. J. J. Wood, Pres.

St. Patrick's, No. 12, E. B. A., Bro. F. J. Downey, Pres.

The Grand Officers of the Grand Branch of Canada will be entertained to a banquet in the Balmoral Hotel this evening by the local branch of the Emerald Beneficial Association.

Mr. Phillip DeGrachy, V. C. R., C. O. F., Toronto, and a member of the E.B.A., accompanied the excursionists.

A reception committee, consisting of Messrs. Dr. McGrath, Jas. Dunn, W. Hogan and G. H. Groux met the excursionists at the station this morning.

A Big Wall Paper Purchase.

Unusual Bargains for Patrons of the Peterborough Bookstore.

The Peterborough Bookstore, ever on the alert in the interests of its customers, yesterday purchased at the assignment sale of the estate of Hunter, Grant & Co., Hamilton, $3 750 worth of wall paper at the low price of 30½ cents on the dollar. This big purchase comprises the best makers, and includes papers from the following well known manufacturers:

William Campbell & Co., New York.
Janeway & Co., New York.
Pratt & Hamann, New York.
Cresswell & Washburn, New York.
W. N. Peake New York.
F. E. James Co., New York.
H. Gleadhill, New York.
The Robt. Graves Co., New York.
Manhattan W. P. Co., New York.
M. H. Birdge, Buffalo.
A. Newport & Co., Boston.
Carey Bros., Philadelphia.
Lightbound, Aspinaval & Co., Manchester, England.

The papers are all of this season's make, the very newest styles, shades and patterns, and were shipped to Messrs. Hunter, Grant & Co. for their fall trade, and have never been opened nor even taken out of bond, and will remain in bond till taken out by the Peterborough Bookstore and placed in stock within the next few days. Hunter, Grant & were a fine firm—the leading wall paper dealers in Hamilton—and they selected this with the greatest care for their large circle of customers, and only the accident of their unexpected failure through accommodating friends put this splendid stock into the hands of the Peterborough Bookstore at less than one-third the cost price. This is one of the biggest deals in wall paper ever made in Ontario outside Toronto. This purchase at 30½ cents will be put in stock at the Peterborough Bookstore within a few days and the prices to the public will correspond with the purchase figures. Never has such a chance been presented to the public to purchase thoroughly first class papers at such wonderfully low prices. Remember this fact when you are thinking of purchasing wall papers.

TO WHOM IT MAY CONCERN.

All accounts due me will have to be paid to my lawyers after the 1st of August next, as I shall place my books in their hands at that date. THOMAS KELLY. d

Here in Numbers Many

Will be the 16 Toronto Courts of the Canadian Order of Foresters, on Monday, August 15th, on Queen's City's Civic Holiday.

Great preparations are being made for the monster excursion of the 16 Courts of the Canadian Order of Foresters, Toronto, to Peterborough, on Monday, August 15th. The date is Toronto's Civic Holiday, and this is the first annual excursion of the Canadian Foresters of that city. Yesterday Bros. Wm. Jamieson, C. R., Court Davis; Alex. Rooney, P.C.R. and S. D. Rogers, D. D. H. C. R., western district, who were appointed a committee by the courts in Toronto arrived in town to make the preliminary arrangements of the excursion and arrange all the necessary details of the trip. The visiting brethren on the 15 h will be given a hearty reception to Peterborough by the town brethren of Courts Little John, Langton, Peterborough and Young Peterborough. The officers of the local courts will meet the visitors at the station. Bro. Edward Towe, London, High Chief Ranger Canadian Order of Foresters, will accompany the excursionists and pay a flying visit to Peterborough. His genial countenance and the warm welcome which he received on his visit to our town last March, is still fresh in the memories of the members of the Order.

D.D.H.C.R. Rogers, in conversation with an EXAMINER reporter last night in answer to a question, said, "Yes, this is our first annual excursion, and we intend to do all in our power to make it a flattering success. The Canadian Foresters of Toronto have in years past given annually successful grand concerts, and it is our intention this year to introduce an innovation, and the 16 courts of the city will run an excursion to Peterborough. Although it is Toronto's Civic Holiday, and there are many attractions at home, still the event of the 15 h inst. has been largely advertised around the city and in the newspapers and I am certain we shall have an excursion which will prove a great success. We have about 800 members of the order in Toronto, of which at least 500 will be with us, and then we are sure to have that number augmented by about 500 outsiders, so that it can safely be calculated that 1,000 visitors will be in Peterborough on that day. All the programme of sports and games will be carried out on the Central Park under the supervision of an efficient committee. Dinner will also be served at the park on our arrival. The G.T.R. have given us a special, and we will leave Toronto about 8 o'clock, arriving in Peterborough shortly before noon. The Toronto bowling clubs in all likelihood will come down with us, and play a match in the park. A baseball or lacrosse club from Toronto may also come and play a game with some of the organizations in Peterborough, but that is not decided. The following are the names of courts in Toronto together with the names of their Chief Rangers:

EASTERN DISTRICT.

1 Court Rose, No. 18, Bro. H. J. Haroe, C.R.
2 Court Queen City, No. 81, Bro. B. Carter, C.R.
3 Court Eureka, Bro. R. Kidney, C.R.
4 Court Toronto City, Bro. John Kyler, C.R.
5 Court Davis, Bro. Wm. Jamieson, C.R.
6 Court Homewood, Bro. W. G. Wilson, C.R.
7 Court Equity, Bro. Fraser, C.R.
8 Court North Toronto, Bro. H. J. Johnston, C.R.
Bro. R. B. Rice, D.D.H.C.R.

WESTERN DISTRICT.

1 Court Occident, Bro. Wm. Gill, C.R.
2 Court Capital, Bro. J. Hurst, C.R.
3 Court Ivanhoe, Bro. R. Brown, C.R.
4 Court Parkdale, J. Welsh, C.R.
5 Court Dominion, Bro. J. Graham, C.R.
6 Court Crown, Bro. R. Franklin, C.R.
7 Court West Toronto Junction, Bro. W. Climer, C.R.
8 Court Mimico, Bro. S. D. Rogers, D.D.H.C.R.

Mr. Rooney returned to Toronto this morning. Mr. Rogers was taken quite ill at the Morgan House this morning and Mr. Jamieson is remaining with him.

The Sewerage Bylaw.

To the Editor of the Examiner:

SIR,—The Board of Trade will hold a public meeting in the town council chamber on Monday evening at 8 o'clock. The object in forming the Board was to provide the citizens with a means of holding public meetings at which questions of local policy might be discussed in a fair and candid way. The working man is especially invited, for he is the real backbone of the town. If anyone has an objection, let him go to the meeting and state it or have it stated for him. The opinion of the people is wanted. Some of the prominent citizens of the town have consented to speak and the *ultimatum* of the Board will be presented.

Yours, etc.,
BOARD OF TRADE.

An All-Day Round of Enjoyment.

That is the tour of the lakes on civic holiday. Just note that you leave the Grand Trunk station at 7 a.m., and in a few minutes you embark on board the "Golden City," and palace barge "Wave Crest." You steam through Chemong Lake, Gannon's Narrows, Buckhorn Lake, Lovesick Lake, Lovesick Rapids, Burleigh Locks, Stony Lake, Clear Lake, Lake Katchewanoonka, and then take train at Lakefield for home, on one of the most delightful excursions of Civic Holiday or of the season. With the early start there is time for two hour's delightful stay at Buckhorn and one hour at Burleigh. There will be found excellent means of enjoyment and two first class hotels where meals may be had. Don't think of any other route on Civic Holiday, but take the best and cheapest. Round trip tickets 85 cents, children 40 cents. A perpetual round of pleasure from 7 o'clock—remember their the time the train starts—till your happy return home.

Fifth Series of the Canadian Military Rifle League Shot Yesterday Afternoon.

The fifth and last series of the Canadian Military Rifle League Matches was shot at the rifle ranges yesterday. The light was bright, fouling dry, wind strong at 3 o'clock, and the weather fine. The second team did not have their full complement, owing to several of their number being unable to get away, consequently the score made by them does not count in the series. The standing of the two teams of the 57th Batt. in the league will be known in about ten days. Following are the scores of yesterday:

WATCH REPAIRING!

This season, so far, has been a very busy one in our Watch Repairing Department. People are surprised at the excellence of our workmanship, having been under the impression that work, of such a high grade, was not possible outside of the large cities. This department is under the charge of a strictly first-class specialist, who thoroughly understands his business in all its details. Our charges are remarkably low considering the quality of the work.

WATERMELONS.

Brother Gardner Cautions the Members of the Limekiln Club.

BRUDDER SAWED-Off Johnston, is he in dis hall to-night?" inquired Brother Gardner, as the Secretary announced that there was no further business on his desk.

Sawed-Off, who is a man only five feet high, with great breadth of beam, was on the back row of benches and had just got ready for his second nap. He waited long enough to tighten each suspender by two inches, and then scuffed up the aisle to the President's desk.

"Brudder Johnson," said Brother Gardner, as he looked down upon him, "I war in de grocery de odder night when yo' cum in dar an' got up a discushun wid a white man. I was in de shadder of a box o' codfish an' yo' didn't see me, but I heard all yo' said. Yo'r argyment was on de subjick of watermillyons."

"Yes, sah."

"Yo' said de Lawd made de watermillyon, an' darfore anybody could help hisself."

"Yes, sah, dat's my opinyon."

"An' yo'r opinyon hain't worf shucks, Brudder Johnson. De Lawd dun made apples, an' taters, an' oranges, an' sich, but whar do yo' git yo'r right to take 'em? De Lawd dun made de airth, but kin yo' git any of it widout cash?"

"I—I didn't think of dat, sah," stammered Sawed-Off.

"Reckon not. Yo' is jest like some chuckleheaded white men I knows of. Eberthin' dey knows is put into one argyment. Yo' stood right up dar by de cheese box an' waved yo'r arms around an' yelled at the top of yo'r voice, an' yo' made dat white man believe yo' had de Bible, de law, liberty, an' right on yo'r side."

"Ize werry sorry, sah."

"I 'spect yo' am, but I want to say a few words to yo' jest de same. De watermillyon didn't git yere until a long time arter marl. Jest how he made it I dunno, but his mouf was watering fur watermillyon an' he had to hev it. Dar may hev bin a time when millyons growed wild, an each one was as big as a beer keg an had a red core an a thin rind. It must have been nice to lib in those days. If dar was sich a time it soon passed away, an' a man who wanted millyons had to prepare de ground an plant de seeds. Dat made property of de fruit. Do yo' foller me, Brudder Johnson?"

"I does, sah."

"Dat disposes of yo'r hull argyment. Under only one sarcumstance has a pusson de slightest legal or moral right to visit anodder man's truck patch an take a watermillyon. If yo' had climbed up on yo'r cabin roof to stop a leak, an' slid off an' broke ye'r leg, an' yo' had bin lyin' in bed 'bout six weeks wid a fever, an' it jest seemed to yo' dat nuffin on airth would taste so good as a big hunk of watermillyon, den yo' would proceed as follers: Yo' would consult the almanax in regard to de moon. Yo' would sorter inquar around to diskiver if de man had a dawg. Yo' would draw a sort of war map of dat patch, an' pint out to the ole woman all de holes in de fences. Yo' would caushn her dat all de biggest, ripest, an' juciest millyons allus lie no'th and south. Yo' would instruct her dat a ripe millyon allus gives out a peecolier sound when yo' tunk on it. Do yo' foller me, Brudder Johnson?"

"I does, sah."

"De ole woman has got the millyon. She crawls back frew de fence. She reaches home. She takes de butcher knife an' cuts it squar' in two, and at de fust bite of yo'r half yo' begin to feel better. By de time yo have devoured it all de fever is all gone an' yo' git up an' walk around. Am dat all? No, sah! Arter a few y'ars, when yo' hev got sumsthin' ahead, yo' want to meet de white man who own dat millyon an' offer to pay fur it. If he doan' take it yo' am so much ahead. If he does, den you'd better send de ole woman arter another to make even. Dat's all, Brudder Johnson. Does yo' see whar' ye' was lame in yo'r argyment?"

"Werry plainly, sah."

"Den go' kin sot down. What I hev said to yo' I hev said to all others as well. I hev no doubt dat dis am gwine to be de biggest watermillyon season for twenty y'ars, an dat ebery millyon am gwine to be unusually large and juicy, but we must not deceive ourselves by false argyments an wicked theories, eben if we doan' git a bite. We will now bust de meetin up an go home."—Charles B. Lewis.

Where the Colonel Had Him

Col. Sterrepp is a Texas newspaper man and a great reader of standard matter. Not long ago he met a young fellow who beat him out on a question of biblical history and the colonel sought to get even.

"That boy of yours," he said to the young fellow's father, "is a bright one, but I guess I downed him."

"How?" inquired the father with a good deal of curiosity.

"Well, I went home after he flaxed me out on that biblical point and read up on the Peluponnesian war—did you ever hear of the Peluponnesian war?"

The father said he had, and the colonel looked disappointed.

"And," he resumed, "I came at him on it the next time I had a chance and, by thunder, sir, he told me he had not only heard of it but had studied about it in his school. Say, did you ever hear of the Peluponnesian war when you was a boy?"

The old gentleman confessed that he had and again the colonel looked hurt.

"Yes," he went on, "he not only said that but he asked me if I knew that Lincoln had got some of the ideas of his famous Gettysburg speech from the orations delivered on that war and that's where I had him," exclaimed the colonel with a broad smile of triumph.

"How?" inquired the father.

"Why, sir," and the colonel's face glowed, "I know all about that county in Illinois where Lincoln got his learning, and there ain't a man in it ever heard of the Peluponnesian war."

The colonel's argument was irresistible and the father had to confess it.

Misfit Confidences.

Linda—Bella, I'm greatly puzzled over a matter.

Bella—So am I. Tell me your trouble and I'll tell you mine.

Linda—Well. Dick Hardaway told me last night he loved me, but did not ask me to marry him.

Bella—And he asked me to marry him, but didn't say a word about love.—Judge.

Only One Thing.

"If it hadn't been for one thing," said a tough, "I'd a licked that slugger clean off the earth."

"What was that?" inquired his wife.

"He knocked me out in the first round."

Stick to the Right.

Right actions spring from right principles In cases of diarrhœa, dysentery, cramps, colic, summer complaint, cholera morbus, etc. the right remedy is Fowler's Extract of Wild Strawberry—an unfailing cure—made on the principle that nature's remedies are best Never travel without it. dw

Uric acid in the blood is the cause of nearly all disease, it visits every part of the body and is liable to fasten disease on any organ; the duty of the kidneys is to extract wastes from the blood; a cold will stop this action, a pain in the back follows, and unless relief is obtained, permanent inability of the kidneys to perform their functions follows, which may terminate in liver complaint, dyspepsia, blood disease, dropsy, diabetes or Bright's disease. Dodd's Kidney Pills assist the kidneys to natural work, and cure all complaints and results arising from same. dw

Are free from all crude and irritating matter. Concentrated medicine only. Carter's Little Liver Pills. Very small; very easy to take; no pain; no griping; no purging. Try them. dw

"German Syrup"

Here is an incident from the South—Mississippi, written in April, 1890, just after the Grippe had visited that country. "I am a farmer, one of those who have to rise early and work late. At the beginning of last Winter I was on a trip to the City of Vicksburg, Miss., where I got well drenched in a shower of rain. I went home and was soon after seized with a dry, hacking cough. This grew worse every day, until I had to seek relief. I consulted Dr. Dixon who has since died, and he told me to get a bottle of Boschee's German Syrup. Meantime my cough grew worse and worse and then the Grippe came along and I caught that also very severely. My condition then compelled me to do something. I got two bottles of German Syrup. I began using them, and before taking much of the second bottle, I was entirely clear of the Cough that had hung to me so long, the Grippe, and all its bad effects. I felt tip-top and have felt that way ever since." PETER J. BRIALS, Jr., Cayuga, Hines Co., Miss.

NEIL IDENTIFIED.

As the Man Who Entered the House of Matilda Clover.

LONDON, Aug. 5.—Thomas Neill Cream, the alleged poisoner, was brought up yesterday on remand at the Bow-street Police Court charged with the murder of Matilda Clover on Oct. 21 at 27 Lambeth-road. The evidence showed that a day or two before the prisoner went to Lambeth-road he made the acquaintance in Fleet-street of Elizabeth May and Elizabeth Masters and that he arranged to meet one of them on Oct. 9.

On that day he was seen by two women making the acquaintance of Matilda Clover, and he was seen to enter her house after her. Masters and May waited to see if he would come out, but he did not, and he did not return to his lodgings that night, October 9. On October 20, Lucy Rose, the servant girl at Clover's lodgings, saw Clover enter with a man, whom she described as tall, broad, about 40, with a heavy mustache and wearing a silk hat. That night Clover died in great agony, after stating that a man had given her some "pills."

There the matter rested as far as the facts of the death were concerned, but afterward an extraordinary state of things was disclosed. At the end of October and in November, when no one knew the truth as to the girl's death but the man who poisoned her, the prisoner asked Emily Sleaper, at whose house he lodged, to go around to Lambeth-road to enquire about a girl he knew who he thought had been poisoned, and on Nov. 28 he wrote a blackmailing letter to Dr. Broadbent, in which he definitely stated that Matilda Clover died through being poisoned by strychnine. He was thus giving information which could only be known by the man responsible for her death. In May the body was exhumed, and Dr. Stevenson found that death had occurred through a fatal dose of strychnine.

The principal witness to-day was Elizabeth Masters. At the beginning of October a man accosted her on Ludgate Hill and asked her to take a glass of wine. The witness identified Neill as the man, and also identified him as the associate of Matilda Clover.

The prisoner was remanded until Friday.

"A SWELL TURN-OUT."

Unpleasant Imagination.

Temple Kortwright (her affianced)—And while I am slaving here in town, you will sometimes think of me?

Mary Clausem (leaving town for the summer)—Yes, Tempy, darling. When I take a moonlight drive or a stroll along the beach with the other men, I shall imagine each one is you. I'm sure no girl could do more than that!

A Trying Sight.

Houlihan (in the menagerie)—Saint Pathrick presarve us! An' what may thot thing be?

The Keeper—An iguana; Central America.

Houlihan (relieved)—Me frind, Oi knocked off whiskey for seein' better-lookin' things than him; an' now Oi t'ought thot perhaps Oi'd hov to be givin' up wather!

The Bitterness of It.

"It ought to be very gratifying, Mr. Shepard, to see how unanimously your friends favor your candidacy for the Russian mission."

"Yes; but, hang it all! I've discovered it's only because they want to get rid of me."

A Labor-Saving Synonym.

Mrs. Moore.—Don't you think the grass in our yard ought to be cut?

Lon Moore,—By all means; I ignore it completely.

Child Wisdom.

Sunday-school Teacher.—You should fear God, my little man.

Johnny.—So I do, when it thunders.

During the dog-day season, the drain of nervous and vital energy may be counteracted by the use of Ayer's Sarsaparilla. In purifying the blood, it acts as a superb corrective and tonic, and enables the system to defy malarial and other climatic influences

THE SEA SERPENT OUTCLASSED.

An Inland Monster Which Terrified an Illinois Boating Party.

HAVANA, Ill., Aug. 5.—Some young people of this place persist in telling of a frightful experience they had last Sunday afternoon while rowing on Thompson's Lake, near here.

They say they had left the lake proper and were rowing through the flooded district, which is thickly grown up with underbrush. One young man had a revolver and, pointing to a log lying half submerged in the slimy water, asked his companions to note how accurately he would plug the centre of the fallen tree.

At the report of the weapon the supposed log began to move about in an extremely lively manner and soon the waters were white with foam.

To the horror of the boating party, an immense and hideous head reared out of the water. The shape of the head was like that ascribed to the sea serpent, and was surmounted by a scaly hood. The body was covered with enormous scales. The reptile had small, wicked eyes, which glittered fiendishly, and from the hideous mouth long fangs shot out with utmost rapidity.

So frightened were the occupants of the boat that they did not linger to take observations, but rowed for clear water as fast as they could.

The serpent followed the boat some distance, making the most hideous noises, and the atmosphere was filled with a sickening odor.

A farmer living on the Spoon River bottoms is satisfied this snake has been in the high grass in the bottoms. He has often wondered at the wide swath made in the grass and could never account for it.

Other people claim to have seen this snake, and some farmers report loss of stock and poultry.

It is reported that the reptile is the one that escaped from a river menagerie some two years ago.

WAS RICH, BUT GATHERED SLOPS.

His Daughter's Criticisms Made Him Commit Suicide.

DAYTON, O., Aug. 5.—Frederick Kayser, an aged eccentric and wealthy miser, hanged himself yesterday as the result of a quarrel with his daughter. In addition to stocks and bonds, he owns business and farm property here valued at $325,000, and has a large estate in Sweden left him by his parents.

For the past 25 years his daily avocation has been the collection of garbage and slops, which he fed to stock on his farm. Despite his wealth he dressed in rags and looked and acted like a distressed mendicant.

His only daughter, a cultured girl, returned recently from a five years' absence in Sweden, where she was studying music. Her efforts to induce her father to clean up and discontinue his slop-gathering incensed the old man so much that he committed suicide.

His wealth, estimated at $500,000, will go to his daughter and her imbecile brother.

A FIGHTING PARSON.

He Takes Off His Coat and Whips a Young Rowdy.

WEST UNION, O., Aug. 5.—At Mahogany, a small town 20 miles from here, a desperate row occurred Sunday night in the Methodist Church. A young man whom the minister had publicly reproved for whispering in church came in with a number of friends and proceeded to create a disturbance. He was warned to leave, but instead of doing so attacked the minister, who threw off his coat and went at the young men. The members of the flock also made war upon the disturbers. The pews and chairs were broken, the windows smashed, women and children hurt and some of them thrown through the doorway. Finally the pastor gained the upper hand of the principal disturber and whipped him soundly. After the rioters had been thrown out the fighting parson, bloody and battered as he was, mounted the pulpit and finished his sermon.

Will Pay the Tolls.

OTTAWA, Aug. 5.—It is rumored in political circles here that should the President of the United States impose heavy tolls on Canadian vessels in the Sault Ste. Marie Canal the Dominion Government will pay them and then refer the matter to Britain.

Economy.

"So you are going to be married," said one girl to another.

"Yes."

"I thought you said you intended to remain single."

"I did. But I've been taking lessons at the cooking school and I don't want to waste them."—Washington Star.

NEWFOUNDLAND'S DISTRESS LOAN OF £750,000

Lord Salisbury Promises to Support it Should it Come up in Parliament—Verdict Against the British Government in the Baird Case.

LONDON, Aug. 6.—In view of the present critical political situation Lord Salisbury has declined to legislate in favor of a distress loan of £750,000 for Newfoundland, but he promises to support the measure if it is introduced in Parliament.

The celebrated case of Baird v Walker has been settled at last by a victory for Newfoundland. It arose out of the closing in 1890 of lobster factories on the French shore, owned by James Baird, by Sir Baldwin Walker, captain of H.M.S. Emerald, acting by instructions under the modus vivendi arrangement. Baird contended that the factories were in operation before the modus vivendi was concluded, and took an action against the captain in the Newfoundland Supreme Court, claiming $2500 damages. The court unanimously upheld his claim, and the British Government, which upheld Walker, appealed to the Imperial Privy Council. It delivered judgment in London affirming the former decision, and Baird now makes the British Government disgorge the sum claimed, besides costs, which are enormous.

DUKE AND PLEBEIAN.

An Incident in England Showing That Republicanism Is Waking Up.

LONDON, Aug. 6.—Lord Chief Justice Coleridge delivered judgment yesterday regarding right of way in an action in which the plaintiff, a workingman, sued the Duke of Rutland because of the latter's gamekeeper stopping traffic on a highway while they were driving grouse. His Lordship in his deliverance said that the days of high-handed interference with the rights of the people had passed and that if the Duke would not conduct his shootings without meddling with the right of the public to use the highway he must select other places to hold his battues.

The evidence given during the trial of the suit showed that the gamekeepers knocked the plaintiff down on the highway and that when the plaintiff complained of this treatment to the Duke's son, Lord Edward Manners, the latter replied:

"Go to the devil. If you are shot your life will be on your own head."

This, the Lord Chief Justice said, could not be tolerated from any person, Duke or other.

Lord Edward Manners, interposing at this point in the remarks of the Lord Chief Justice, said that His Lordship's words seemed to hold him (Lord Edward) up as a prospective murderer.

To this His Lordship replied:

"I only said what I considered it my duty to say."

TO MEET THE AMEER.

Gen. Roberts Despatched to Jellalabad With a Detachment—They Regard the Situation as Serious.

LONDON, Aug. 6.—The serious position of affairs in Afghanistan has decided the Indian Government to send General Sir Frederick Roberts at the head of a large detachment to meet the Ameer at Jellalabad. The mission will be accompanied by a political agent, but the main object is a conference to arrange plans to strengthen the Ameer against internal feuds and Russian advance.

Steamer Australia on Fire.

LONDON, Aug. 6.—The steamer Australia, formerly the splendid Anchor liner plying between Glasgow and New York, while lying at the Portishead Dock, near Bristol, took fire on Wednesday night. In spite of the efforts to extinguish the flames the steamer was well-nigh gutted.

Palmer is suffering from nausea, which comes on after riding. He is, however, so full of grit that he may be depended upon to ride to the finish every time.

THEY BLAME A MOSQUITO.

But Peter Kenny's Death was Really Caused by Blood Poisoning.

NEW YORK, Aug. 6.—Peter Kenny, a laborer, 60 years old, died in Bellevue Hospital yesterday of what he and his family believed to be a mosquito bite.

The physicians, however, set down the trouble as cellulitis of the face and say it was simply a case of blood poisoning, brought on in some unknown manner. They say that the abscess may have started from a mosquito or other insect bite, into which some poisonous matter was introduced, probably by a scratch from a finger nail, but that it could not have come from a mosquito bite alone. The mosquito's bill, they declare, is not large enough to carry poisonous or putrid matter on which *he may have been feeding, and the pestiferous* insect has no means of injecting anything of that sort into anybody whom he may afterward attach His bill has simply a suction pump action.

TRAIN ROBBERS' RICH HAUL.

Dynamite Splinters the Express Car and $20,000 Is Secured.

FRESNO, Cal., Aug. 6.—The fifth train robbery in the San Joaquin Valley in three years occurred early yesterday near the small station of Collis, 15 miles from here. There were two robbers and their methods of procedure were precisely the same as in previous cases, except that they were not molested by any passenger.

After rapidly splintering the express car with dynamite they cleaned up about $20,000, jumped into a wagon and struck off across the plains.

Although detectives were on their trail in a few hours there are small prospects of capturing them.

EEGAN AT AN EARLY AGE.

Wisconsin Boy Who is Only 19 Arrested for Bigamy.

BRANDON, Wis., Aug. 6.—Not often does it occur that a young man not yet of age commits bigamy, yet Edward Nost, only 19, has been arrested here on that charge On July 21 he was married to Edith Abel of the town of Spring Vale, and on the following day he eloped with and married Miss Gertrude Cole of the same town. The runaways were overtaken at Grand Rapids and brought to this place. Nost's victims are both young daughters of farmers.

Sir John Thompson Declined.

HALIFAX, N.S., Aug. 6.—A large number of citizens met in the Halifax Hotel last evening to arrange for a banquet to Sir John Thompson during his visit to the Maritime Provinces. Sir John was communicated with to-day, and while expressing his appreciation of the honor finds he is unavoidably compelled to decline.

Dame Nature is a Good Book keeper,

She don't let us stay long in her debt before we settle for what we owe her. She gives us a few years' grace at the most, but the reckoning surely comes. Have you neglected a cough or allowed your blood to grow impure without heeding the warning? Be wise in time, and get the world-famed Dr. Pierce's Golden Medical Discovery which cures as well as promises. As a blood-renovator, a lung-healer, and a cure for scrofulous taints it towers above all others, as Olympus overtops a mole hill. To warrant a commodity is to be honorable and above deception, and a guarantee is a symbol of honest dealing. You get it with every bottle of the "Discovery." By Druggists.

AGONIZING ECZEMA

Awful Suffering. Driven Almost Insane by Doctors. Tried Cuticura. Relief Immediate. Entirely Cured in 4 Months.

I suffered with the dreadful eczema for over six months, during which time I had consulted three doctors, and this tormenting skin disease had grown worse and worse on me in spite of all medical treatment. My condition was unbearable. My legs were swollen, my arms were raw, my face and neck full of eruption, which made me scratch until my whiskers were soaked and pasted with the sickly fluid. I could hardly bear my clothing. When night came I was afraid to go to bed, no sleep would come to relieve me, but the itching would increase. During day time I had no rest, I was all broken up, nervous to the highest degree, and nearly driven to despair. At that time I read about the CUTICURA REMEDIES, intended to try them, and dropped the doctors. *After applying* CUTICURA *I had the first night's rest for several weeks.* Using the CUTICURA, CUTICURA SOAP, and CUTICURA RESOLVENT, with proper judgment, my condition improved slowly but surely day by day, until after three to four months' use of them I was cured. *Our minister, Rev. J. G. Perrault, in Mandan,* knows me and knows how I suffered. Any one may write to him and he will certify to the truth of this testimonial.

HOW WE HAVE DONE IT, AND HOW WE WILL KEEP ON DOING IT!

This is how we have done it—By purchasing our own materials direct from the manufacturers, thus giving us an opportunity to see every pattern that is turned from the loom in Canadian or Foreign Markets. We choose our own patterns and get the choicest that is to be had. Every garment is made up in our factory, with best linings, best making, and all the most stylish cuts that the designers of this enlightened age can produce. This is how we have done it

Now this is how we will keep on doing it—For the balance of this season we will keep on selling all Summer Goods at what they cost us to make them up, and never think of profit enough to pay for the paper and string tow rap them up in.

The Golden Lion
Is Himself Again.

The alteration in our store front is completed and every one is complimenting us on the improvement it has made. We have to thank our customers for their constant and continued custom during the bustle and inconvenience of these alterations.

Our Dress Goods Department—in fact all our departments—have gained such a reputation that nothing we can say in our advertisement could be construed as overdrawn.

New importations are now on their way, and, as we find that we have a surplus stock of certain lines, we are determined to make August clear them all out. Room is demanded and we must prepare the shelves for the new goods.

We have therefore planned for such activity during August as shall astonish even those whose interests have grown with the Golden Lion. Instead of waiting for trade in a naturally dull season, we're going to make it. Don't go by what's said, merely, but by your own judgment and come and compare our prices with any others you may hear of.

This SECOND week of August will make our stock dwindle, and we know it.

IMPERIAL PARLIAMENT.

THE COMMONS ENGAGED IN SWEARING IN MEMBERS.

The House Will Embark in Debate On the Address To-Day—Rumors of An Estrangement Between Mr. Gladstone and Sir W. Vernon Harcourt.

LONDON, Aug. 8.—The Commons were Friday and Saturday engaged upon the ceremony of swearing in members. To-day the House will embark in debate on the address. Mr. Gladstone is anxious to make this as short as possible and to try the issue in the division lobby. Accordingly the whips on both sides have arranged for a division to be taken on Tuesday.

It is growing daily clearer that the time is not long enough. If the Liberals are content with the practical blessing of a majority, and do not care for speech-making, the Ministerialists take another view. They are determined to show the ungrateful country how ill-advised it was in getting rid of Lord Salisbury. Tuesday is still talked of in official circles as the day of division, but it is pretty certain that the Government will live over Thursday.

One personal incident arose in connection with the action of Mr. Keir Hardie, who poses as the labor representative, and is working to defeat Mr. John Morley when he offers himself for re-election at Newcastle. Mr. Hardie came down to the House on Thursday in a waggonet, accompanied by some friends playing a brass band. The waggonet was adorned with a photograph of Mr. Hardie. Friday he approached the table to take the oath, wearing a sort of tweed traveling cap. The day has gone by when members of Parliament are required to wear top hats. Mr. Broadhurst hit on a happy medium. He used to come down to the House in a stiff billycock, as became a man who had been a working mason within the precincts of the House. It is not permitted to any man to cross the floor of the House of Commons with his head covered. The Speaker sternly called Mr. Hardie to order, and after a moment's hesitation he removed his cap. A little later he made peace with himself for this weakness by struggling at the table with Mr. Howard Vincent for a copy of the New Testament on which to swear.

A new feature in the ceremony was the sight of scores of members making affirmation instead of taking the oath. This, thanks to the Oaths Act passed four years ago by Mr. Bradlaugh, is now optional. Formerly the privilege of affirming was restricted to Quakers. Among those who affirmed was Naoroji, the Parsee, elected for Finsbury. He is the person whose political fortune Lord Salisbury made by alluding to him as a "black man." He does not turn out to be anything like so black as the Premier painted him, his color differing little from that of the average Englishman.

Estrangement Among the Leaders.

Rumors are current of an estrangement between Mr. Gladstone and Sir Vernon Harcourt and of resentment on the part of Mr. Gladstone toward Mr. Labouchere. The first is based on stories about Sir Vernon Harcourt attempting to oust his chief, landing him in the House of Lords, while he looked after affairs in the Commons. It is quite true that Sir Vernon Harcourt took up his residence in town promptly on the conclusion of the general election placing Liberals in power, and also that he had an interview at a private house with various members of the advanced wing of the party; but the story is merely one of the spiteful inventions constantly floated in disparagement of Sir Vernon Harcourt. He has been one of Mr. Gladstone's most powerful assistants during the long contest in Opposition and remains his loyal lieutenant. There is more foundation in the story about Mr. Labouchere. That astute politician has openly declared in favor of postponing Home Rule till certain planks in the British Radical program are nailed down. Mr. Gladstone is furious at the suggestion, it is said. But this again is evidently a mere rumor. The line taken by Mr. Labouchere has imperilled his chances of having office offered him.

Sir Charles Dilke has quietly taken his place in the Commons. He has selected a seat below the gangway, corresponding with that he occupied before he came into his baronetcy, and had made his mark in politics. He has Mr. Labouchere for an immediate companion, and he may be expected to play a prominent part in debate. His reception by old friends was exceedingly cordial. This demonstration was doubtless intended to mark the feeling of disgust created in the public mind by the constant howling of Mr. Stead at Sir Charles Dilke's heels. It was to that well-meaning but not very wise person that Sir Charles largely owed his overwhelming majority in the Forest of Dean.

Mr. Blake, who comes over from Canada to join the Irish parliamentary party, was very well received. The Eighty Club entertained him at dinner on Thursday night. He delivered a long speech, chiefly dealing with Home Rule. It was an able and enthusiastic essay, but the members had gathered to hear a speech, and were rather disappointed to find Mr. Blake reading by the hour from closely-written manuscript. Happily this is not permitted in the Commons, and Mr. Blake, thrown on his resources of extemporaneous oratory, may justify his Canadian reputation.

THE QUEEN'S SPEECH.

It Intimates That Parliament Has Not Met for the Transaction of Business.

LONDON, Aug. 8.—The Queen's speech as communicated to the chiefs of the Ministerial and Opposition parties is the briefest speech from the Throne ever yet read in Parliament. It formally intimates that Parliament has not met for the transaction of business.

It contains no reference to prospective legislation and is almost silent in regard to foreign affairs and Ireland. The Queen simply says that no immediate work can be expected of the members so soon after the labors of the last session and the fatigues of the general election.

HARDIE, THE LABOR MAN.

He Kept His Hat On and Wears the Garb Of a Workingman.

LONDON, Aug. 8.—The action of Kier Hardie, one of the newly elected labor members of parliament, in keeping his cap on while taking the oath, until ordered by the speaker to doff it, and in wearing the garb of a workingman while in the house, has disgusted the Liberals as well as the Conservatives. It has afforded a fruitful text for sneering Commons on the part of the Tories in regard to the make-up of a new majority. The St. James Gazette in commenting on it says: Hardie has proven by his conduct since he absented from society that he is a charlatan and an offensive sort of a person in every way. He is likely to do a good deal of harm to the cause he misrepresents. John Burns, meanwhile, goes about his business in a common sense and honest manner, and by this course he deserves the honor that has come to him in being raised to a higher sphere of usefulness.

COMMUNICATING WITH MARS.

The Flashing of a Beam of Sunlight From a Series of Mirrors.

LONDON, Aug. 8.—Francis Galton, F.R.S., F.G.S., chairman of the committee in charge of the Kew Observatory, has written a letter to The Times relative to a scheme for establishing communication between Mars and the earth. Mr. Galton declares that a beam of sunlight reflected through a hole one-tenth of an inch square in a plate in front of a mirror would be just as distinctly seen as a faint glint at a distance of ten miles. The amount of fog and haze which a beam of light would traverse between the earth and Mars, when the latter is high above the horizon, Mr. Galton says, could not exceed that along an earthly 10-mile base. Therefore, the same proportion between the size of the mirror and the distance holding true, it follows that the flash from many mirrors simultaneously, whose aggregate width was 15 yards and whose aggregate length, to allow for slope, was say 25 yards, would be visible on Mars if seen through a telescope like that at the Lick observatory in California; and the inhabitants, if they have eyes and fairly good telescopes, would speculate concerning the beam and would wish to answer.

SHOT DEAD IN A BALLROOM.

It Cost a Prince His Life to Dance With Another Man's Girl.

MOSCOW, Aug. 8.—At a grand ball arranged by the officers corps of the Czar's Body Hussars at the Casino, First Lieut. Ivan Rattovitch suddenly stepped into the middle of the ball room, drew a pistol from his dolman, took deliberate aim and shot Prince Nicholas Sussolovitch, a brother officer. Prince Nicholas was waltzing with the lieutenant's fiancee.

The Prince, who received the bullet in the heart, fell dead instantly, dragging his partner with him to the groupd. The assassin, amid wild excitement, stepped over the body of his comrade, raised his affianced's head by the air and then blew his own brains out.

All this happened in less than 30 seconds. So quickly was the shots fired that interference was impossible. The cries of the terrified women first gave the alarm to those in other parts of the hall.

Medical assistance was at once procured, but was of no avail in the case of Prince Sussiovitch and Ivan Rattovitch.

The young lady was with difficulty dragged from the death grip of her murdered partner. She is lying at the point of death.

The murder has created great excitement in Russia's upper circles, where all parties concerned were well known.

Believed to Be the Work of Parnellites.

DUBLIN, Aug. 8. — Some miscreants placed an iron box filled with gunpowder outside the public room of a hotel in Rathkeal, County of Limerick, and, after igniting the fuse attached to the box made their escape. In a few seconds there was an explosion which smashed the windows of the room and wrecked the furniture. Several persons in the room were thrown to the floor and sustained slight injuries, but no one was seriously hurt. The outrage is believed to have been perpetrated by Parnellites as an act of revenge against the hotelkeeper, who is a vigorous supporter of the McCarthyite faction.

Will Not Oppose Gladstone.

LONDON, Aug. 8.—At a meeting of Unionists held in Midlothian Saturday it was decided not to oppose Mr. Gladstone when he comes before the people for re-election on accepting office.

Premier of New South Wales Knighted.

LONDON, Aug. 8.—Mr. George Richard Dibbs, Premier of New South Wales, arrived at Osborne and was introduced to the Queen, when Her Majesty conferred upon him the honor of knighthood and invested him with the insignia of a Knight Commander of the Order of St. Michael and St. George.

The Sultan's Troops Repulsed.

LONDON, Aug. 8.—A despatch to The Times from Tangier says: Fifteen hundred of the Sultan's troops with two field pieces and 500 tribesmen advanced Saturday to the Anghera hills, where they were repulsed by the rebels. They then retreated to within three miles of Tangier. A detachment of cavalry which attempted to charge the rebels was also repulsed. The whole force retreated to camp in the evening, having lost 15 killed and wounded.

The Meteor Wins.

LONDON, Aug. 8.—The Meteor, Emperor William's yacht, won first prize in the Southampton Yacht Club races yesterday, beating her old rival the Iverna by six minutes. The Meteor took the lead at the start and maintained the position throughout the race.

No Clemency.

AMSTERDAM, Aug. 8.—The Queen Regent has refused to remit the sentence of three months' imprisonment imposed on Captain Baker of the Netherlands-American Line steamer Obdam for cruelty to a stoker on board of that vessel.

Captured Russians Put in Chains.

LONDON, Aug. 8.—A despatch to The Times from Simla says it is stated there that four or five Russians who were captured in collision with Afghanistan troops in the Hazara country have been sent in chains to Cabul, the capital of Afghanistan.

Russian Cholera Victims Number 2678.

LONDON, Aug. 8.—The St. Petersburg correspondent of The Times says cholera continues to increase and spread in Russia. Aug. 2 there were reported in the Rostoff district 115 new cases and 59 deaths. According to an official bulletin there were reported in all Russia on Aug. 1 and 2, 4107 cases and 2073 deaths.

Prince Bismarck's Movements.

BERLIN, Aug. 8.—Prince and Princess Bismarck arrived at Spandau yesterday on their way to the ex-Chancellor's brother at Naugard, Prussia. They were given a hearty greeting by a large crowd. The Prince and Princess will pass through Berlin en route.

A CIVIL SERVICE EMPLOYE BLOWS OUT HIS BRAINS.

Sir Richard's Narrow Escape—International Exhibition of Postage Stamps—An Oakland Butcher's Death—Fire at Petrolea.

HALIFAX, Aug. 8.—Frank Stewart Dickie, until very recently a reporter on the Toronto press, committed suicide Saturday. Dickie has of late been employed in the civil service at Ottawa, and accompanied the cricket team from the capital to the Halifax tournament.

Deceased was 27 years of age, and was a son of Senator Dickie of Amherst and brother of Arthur R. Dickie, M.P. for Cumberland.

SIR RICHARD'S NARROW ESCAPE.

His Skiff Upset by a Squall in the St. Lawrence—Rescued After Half an Hour's Exposure.

KINGSTON, Aug. 8.—On Saturday about noon Sir Richard Cartwright left the city in a skiff to row to his country house on the banks of the St. Lawrence, a few miles down. When rounding Point Frederick he was caught in a terrific squall, which was accompanied by hail and torrents of rain. His boat was capsized and Sir Richard thrown out.

The accident was witnessed by men of "A" Battery at the barracks, and Major Drury and Captain Gaudet hurried to the rescue. Sir Richard clung to the overturned boat tenaciously and was in the water nearly half an hour, the storm beating fiercely about him.

The Canada Western Road.

VICTORIA, B.C., Aug. 8.—Theodore Davie, Premier of British Columbia, entertained Frank Bakeman, Judge Blackman and Colonel Kane of Chicago at a dinner, given on account of the successful conclusion reached between Bakeman and his associates and by the Government for building the Canada Western Railway. This road will extend from Victoria to Seymour Narrows, on Vancouver Island, crossing to the mainland by a bridge or ferry. Surveys have been made for the Canadian Pacific by way of Bute Inlet to the eastern boundary of the province, at Yellow Head Pass, Rocky Mountains, there to connect with the line now being built through the Canadian Northwest. The Government has already subsidized the road with 20,000 acres a mile. It is also understood that the Government has agreed to aid in the construction by means of guaranteeing interest. Victoria will also aid the scheme.

Died in the Doctor's Office.

BARRIE, Aug. 8.—Samuel Corbett, living near Oro Station, came to town to attend the funeral of his little grandchild. He took dinner in the home of his daughter whose child had died, and after, on his complaining of a pain in the head, was taken by a son to the office of Dr. W. A. Ross, intending to join the procession on its way westward to the cemetery. But the funeral cortege had scarcely covered a quarter of a mile when a messenger from the physician threw the already saddened group into intense grief by the announcement that the aged grandfather had died in the doctor's office. The deceased was between 60 and 70 years of age.

Petition Against the Pontiac Member Filed.

OTTAWA, Aug. 8.—A petition against the return of Mr. John Bryson, M.P. for Pontiac, was filed with the registrar of the Supreme Court at Aylmer Saturday by Mr. F. X. Chouquet, Q.C., of Montreal. The petitioner is Mr. M. J. McLean, farmer, of Leitchfield, and the principal charges are based upon the promises made by Mr. Bryson and his agents with respect to the railway bonus. All the members of the Government are made parties to the petition.

Exhibition of Postage Stamps.

OTTAWA, Aug. 8.—The Postoffice Department has been informed that an international exhibition of postage stamps will be opened on Sept. 15, at Paris. This exhibition has no official character, but it is organized under the patronage of the French Government, and the usual custom house facilities will be given to foreign exhibitors. The Postoffice Department and private citizens are cordially invited to take part in the exhibition.

An Old Stage Driver's Death.

BELLEVILLE, Aug. 8.—Mr. Thomas Canniff, for years proprietor of the stage which plied between the city and the village of Stirling, died Saturday. Deceased was born in the village of Canifton in the year 1817, being thus in his 75th year.

An Oakland Butcher's Death.

BRANTFORD, Aug. 8.—Mr. Isaac Stonebaugh, butcher of Oakland, who was so shockingly injured in his slaughter house on Tuesday night by falling upon a hook, lingered on in great agony until 1 o'clock Saturday morning, when he expired.

To Vote On Scott Act Repeal.

OTTAWA, Aug 8.—A petition was received at the Secretary of State Department asking for the repeal of the Canada Temperance Act in Northumberland, N.B. It bears the necessary signatures to permit an order in council being passed allowing a vote.

Mr. W. McGregor, M.P., Injured.

ST. THOMAS, Aug. 8.—A closed carriage in which were seated Mr. William McGregor, M.P. for North Essex, Capt. Sullivan and Rev. Mr. Howles was overturned through the horses becoming frightened at a G.T.R. train at Walkerville Saturday afternoon. Mr. McGregor's face and head were badly cut, his left leg broken between the knee and the ankle, and it is thought he sustained internal injuries as well. The other occupants of the carriage escaped with a severe shaking up.

Killed at Fletcher.

ST. THOMAS, Aug. 8.—A fatal accident occurred at Fletcher on M.C.R. Saturday morning. Mr. John Hawkins, section foreman, was struck by the engine of a Denver special and instantly killed. He was either on his handcar at the time or assisting to take it off. Mr. Hawkins was about 55 years of age and was one of the oldest section foremen on the road, having been employed on the C.S.R. ever since it was opened.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

The E.B.A. Excursion.

The Sports at St. Joseph's Hospital Grounds.

The excursionists on arriving in town repaired to St. Joseph's Hospital grounds. The lady friends of the local E.B.A. had the tables heavily laden with edibles, which were partaken of by the visiting brethren and their friends, and also a large number of town people. The large dancing platform was largely patronized by lovers of the Terpsichorean art, who tripped the light fantastic to the excellent music supplied by Butcher's orchestra, Mr Archie Moore acting as floor manager. There was also an exhibition of Irish jig dancing during the afternoon, which was applauded by those present. Besides the dancing platform, there were also a bowling alley and air gun on the ground where the sports tried their skill. Rev. Father Rudkins and Collins, of the Cathedral, were on the grounds during the day and did everything in their power to make the gathering a success. A large number from town and country visited the grounds during the afternoon and entered heartily into the enjoyment of the occasion.

THE BASEBALL MATCH.

Two baseball matches were announced to take place on the grounds between the senior Peterboroughs and the Athletics, of Toronto, and a junior Peterborough team and the Atlantics, of Toronto. The senior Toronto team failed to connect, so the two junior teams were pitted against each other. The Peterborough team was composed of players picked from different nines of the town and were "not in it" with the Atlantics of the Queen City, who play good ball for a junior team. Mr. A. Madden acted in the capacity of umpire, and his decisions gave general satisfaction. As will be seen by the following score, Peterborough was defeated by a score of 25 to 8 runs:

Atlantics.		*Peterboroughs.*

At the conclusion of the game, Grand President D. A. Carey, on behalf of the local branch of the E. B. A., presented the victorious team with the handsome silver cup offered for competition.

Blaze in Ashburnham.

Two Dwelling Houses Burned to the Ground on Sunday Morning—Heavy Losses for the Owners.

A fire which wrought more damage to property than any blaze for some weeks past, occurred shortly three o'clock on Sunday morning. It occurred on Driscoll Terrace, Ashburnham, a short distance north of the P.A.A.A. grounds in two frame dwelling houses, which were levelled to the earth by the devouring element. The fire originated in the story and a half frame house owned and occupied by Mr. Wm. Geary. He and his family were in bed at the time, when Mrs. Geary suddenly awoke to find the whole upstairs enveloped in flames. She at once aroused Mr. Geary, and they with their children made their escape from the burning structure. Mr. Michael Greer, first mate on the steamer Golden Eye, who resides next door, was also aroused and ran over town to give the alarm, to which the brigade promptly responded with the hose wagon and the steamer.

The flames communicated from Mr. Geary's house to the domicile occupied by Mr. Greer and owing to the inflammable material of both structures and the time and distance it took to sound the alarm, both buildings were beyond all hope of saving from destruction when the firemen arrived and they had to turn their attention principally to the surrounding buildings to prevent them from becoming ignited. The origin of fire is hid away among the unsolved mysteries. Mr. Geary lost all his household furniture, clothing, etc, except some chairs, tables and other articles which the neighbors rescued from down stairs. His loss on the contents will amount to $400, and on the building $600, about $1000 in all, partially covered by insurance. Mr. John Gainey who owns the house in which Mr. Michael Greer resided estimates his loss at $400, no insurance. Mr. Greer's loss on his household furniture, very little of which was saved will equal $400 with no insurance. The houses of Mr. John Gainey and Wm. Neil adjoining had a scorching. A shed to the rear of Mr. Geary's house was also badly burned.

Upon What Shall We Feed Baby?

Let the little darling be fed upon the breast if the mother is able to satisfy its wants with pure and wholesome nutrition. Breast milk is nature's food, but owing to various circumstances it is often unsafe to allow the infant to use it. When this is the case, wisdom points directly to Lactated Food as the nearest approach to pure and life giving breast milk.

Lactated Food possesses all the elements necessary for infant growth and expansion. It is a preventive of cholera infantum, diarrhœa and dysentery. It enables the infant to rest naturally, and then the dear mother is relieved of all anxiety and worry. Mothers, Lactated Food is a boon in every home where a baby claims care and attention.

A Close Call.

After suffering for three weeks from cholera infantum, so that I was not expected to live, and, at the time, would even have been glad had death called me, so great was my suffering. A friend recommended Dr. Fowler's Extract of Wild Strawberry, which acted like magic on my system. But for this I would not be alive now.

EMERALDS BANQUETTED

At the Balmoral Hotel on Saturday Evening.

The Grand Branch Officers Hospitably Entertained by the Local Branch—The Toasts Warmly Received, the Speeches Eloquent and Pithy and the Time Pleasantly Passed.

The banquet tendered the grand officers of the grand lodge of Canada at the Balmoral hotel on Saturday evening by the local branch of St. Peter's No. 21, Emerald Beneficial Association was a pleasing affair. The attendance was not large owing to its being Saturday evening and in consequence many of Peterborough's business men were unable to get away. The spread provided by mine host T. Cavanagh was elaborate and appetising. The large and well appointed dining room was profusely decorated from floor to ceiling with flags, flowers and bunting, all arranged in pretty and variegated array. The tables were nicely arranged and tastefully decorated while the menu was costly and the bill of fare had inscribed on it all that could gratify the heart and wishes of an epicure or he who assumed that pleasure was the highest good. After ample justice had been done to the costly spread and the sense of hunger appeased, the tables were cleared and then began that most delightful period of the evening.

THE FEAST OF REASON AND FLOW OF SOUL.

Bro. G. H. Giroux, Grand Organizer and President of St. Peter's Branch No. 21, occupied the position of chairman of the evening and on his left Bro. D. A. Carey, Grand President of the Grand Branch of Canada; J. R. Stratton, M.P.P.; Bro. W. Lane, Grand Secretary Treasurer; Bro. W. Madden, Grand Organizer, and others, while seated on the right were His Worship Mayor Jas Kendry, Bro. Wm. Hogan, Grand Vice President and Secretary of the local branch and Councillor Thos. Cahill.

President Giroux proposed the health of "The Queen," which was drank heartily amid the strains of the National Anthem and the loyal expression of "God bless her."

The next toast was that of the "House of Commons and Legislative Assembly," coupled with which were the names of Messrs. Jas. Stevenson, M.P., and J. R. Stratton, M.P.P. The chairman read a letter of regret from Mr. Stevenson, expressing his inability to be present.

Mr. J. R. STRATTON expressed his cordial thanks for the pleasure it gave him to be present and the hearty manner in which the toast had been drunk. He was glad to see the friendship existing among the members and grand officers of the Emerald Beneficial Association so warm and fraternal. After expressing regret at Mr. Stevenson's absence to uphold the interest of the House of Commons, the speaker eulogized the parliaments of Canada and Ontario, and said that it would be impossible to find anywhere on the globe legislative bodies composed of abler and truer men. The founders of Canada had done a noble work when they established a Dominion parliament to look after the great affairs of the nation and Provincial Assemblies to legislate in minor and provincial matters. He welcomed to Peterborough the Emerald Beneficial Association, of Toronto, and had no doubt, that in making this the destination of their excursion the members would return home with pleasant memories and high opinions of Peterborough's manufactures, enterprise, prosperity and hospitality.

The next toast proposed was that of "Our Guests," which was received with "He's a jolly good fellow," enthusiastically sung and brought to his feet Bro. D. A. Carey, Worthy Grand President of the Grand Branch of Ontario. The speaker said he did not intend to spoil the good opinion entertained of him that he was a jolly good fellow, by delivering a long speech. He was glad to be present to mingle with the members of the order in Peterborough and their friends. This was not the first welcome extended to him by members of the order in Peterborough. The members of the society here might well feel proud of its membership and the way it had been organized. The Emerald Beneficial Association in its principles inculcated brotherly love and a spirit of true friendship. The society was not organized for the purpose of arousing the enmity of those who differed from them in religious belief, It was from a higher and better motive than this. Their duty was to do all in their power, side by side with other bodies and organizations, in uniting in a loyal spirit of brotherly love in doing all for Canada that they could and assist in making her the foremost country in the world. By association all their different relations were buried and the one motive was in making our land a grand country. The speaker then dealt with the E.B.A. and its many benefits. Although it was not an insurance society still it had all the beneficiary advantages of any other organization. Any one who thoroughly studied its benefits and work would be convinced of this. The association was calculated to give those members whose early education had been neglected, a training in literature which would qualify them for high and useful spheres of occupation. Many of the greatest men in Canada and the United States had received their training in the E. B. A. The good work which the Association was doing in this line was still going on and prospering. The grand officers and visiting members had been treated right royally by the association in Peterborough. They could not have been used better. The Emeralds of Toronto would be glad to reciprocate the kindness and attention shown them when any from Peterborough ever visited the Queen City. Thanking the assembly for the hearty manner in which the toast had been received, and expressing pleasure at the appropriate manner in which the 117th anniversary of O'Connell, the great Irish Liberator, had been observed, the Grand President resumed his seat.

"The Mayor and Corporation" was next heartily toasted, and associated with the toast were the names of the Mayor and Councillor Cahill.

Mayor KENDRY said it afforded him a great deal of delight to be present at such an auspicious occasion. He welcomed the guests of the day to Peterborough and was sure from the many complimentary expressions made during the evening that they had been hospitably treated. The Emerald Beneficial Association he was certain were doing a good work. The Mayor jocularly remarked that he had not come prepared to make a speech but he had a heavy weight on his right, Councillor Cahill who always upheld ably the reputation of the town and the dignity of the corporation on such enjoyable occasions as the present.

Mr. Cahill followed in his usual facetious style and his sayings put all in an exhilarating mood. He was pleased to be there and say a word in the interests of the good town of Peterborough. He spoke at length of Daniel O'Connell, the liberator. He rejoiced that Mr. Gladstone, the mighty upholder of her just and righteous cause had been successful in the recent contest, and Ireland was on the eve of enjoying self government the same as the people of Ontario. He welcomed the visitors to Peterborough and thanked them for the hearty manner in which they had received his name.

"The Ladies" were defended by Bro M. Madden, Grand Organizer, in a neat speech.

"The Press" was next toasted and responded to by Messrs. Philip DeGrachy, V.C.R., C. O. F. Toronto, formerly of the *Mail* staff; F. D. Mackay, of the *Review*, and George VanBlaricom of the *Examiner*.

This concluded the programme and the interesting proceedings closed at twelve o'clock.

A most estimable lady almost destroyed until Dr. Butler's Golden Pills came to the rescue. After their use for a short time she was able to resume her duties, after suffering untold misery from nervous prostration and the ills that attend that most distressing disease. These, if not checked in time, lead to insanity and death. Golden Pills are guaranteed to cure all nervous and blood diseases.

A Friend

Wishes to speak through the *Register* of the beneficial results he has received from a regular use of *Ayer's Pills*. He says: "I was feeling sick a..l tired and my stomach seemed all out of order. I tried a number of remedies, but none seemed to give me relief until I was induced to try the old reliable Ayer's Pills. I have taken only one box, but I feel like a new man. I think they are the most pleasant and easy to take of anything I ever used, being so finely sugar-coated that even a child will take them. I urge upon all who are

In Need

of a laxative to try Ayer's Pills."—Boothbay (Me.) *Register*.

"Between the ages of five and fifteen, I was troubled with a kind of salt-rheum, or eruption, chiefly confined to the legs, and especially to the bend of the knee above the calf. Here, running sores formed which would scab over, but would break immediately on moving the leg. My mother tried everything she could think of, but all was without avail. Although a child, I read in the papers about the beneficial effects of Ayer's Pills, and persuaded my mother to let me try them. With no great faith in the result, she procured

Ayer's Pills

and I began to use them, and soon noticed an improvement. Encouraged by this, I kept on till I took two boxes, when the sores disappeared and have never troubled me since."—H. Chipman, Real Estate Agent, Roanoke, Va.

"I suffered for years from stomach and kidney troubles, causing very severe pains in various parts of the body. None of the remedies I tried afforded me any relief until I began taking Ayer's Pills, and was cured."—Wm. Goddard, Notary Public, Five Lakes, Mich.

For your boots and shoes go to R. J. Kidd. He is the man who gives the best value and sells at reasonable prices. He handles the famous boots of J. D. King & Co., Toronto, a sufficient guarantee of their quality and durability. Go see him—Kidd the Booter. daf

Christian Endeavour Excursion.

Have you brought your tickets for to-morrow's excursion? If not, or if any of your friends want to go, you had better get them to-night and save confusion at the station. The train leaves at 8.40. We check your baskets from this station to boat at Lakefield, and provide hot tea on the boat. Bring your Endeavour Hymnal; we want good singing.

Consigned to the Tomb.

The funeral of the late Thomas Robinson took place yesterday afternoon from his late residence, 445 Bathurst street, to the Little Lake cemetery. The funeral of the departed were attended by a vast concourse of people. Rev. R. D. FRASER, M.A., of Bowmanville, conducted the funeral services. Deceased, who joined Young Canadian Orange Lodge, No. 409, was buried under Orange auspices. Both Young Canada, No. 49, and Diamond, No. 80, lodges turned out in large numbers, over 200 Orangemen being in the procession. The Orange services at the grave were conducted by Bros. J. G. Weir, County Master; Sidney B Weir, W. M. Young Canada Lodge, and Robert Baker chaplain.

A New Merchant.

Mr. R. H. Kells, of Millbrook, has purchased the drygoods business and stock of Mr. H. S. Griffin, and will hereafter conduct the business with that energy and enterprise which are characteristic of him. The shop is closed to-day for stock taking, and when this is completed the premises will be thrown open for business. Mr. Kells is a young man, thoroughly acquainted with the business in all its details, and with his large experience, and backed by ample capital, will conduct it in a manner to merit a liberal share of the public patronage. He will dispose of his Millbrook drygoods stock and devote his whole attention to the newly acquired Peterborough business in which the EXAMINER wishes him every success. From the low rate at which the H. S. Griffin stock was purchased the public can rely upon getting goods at the most reasonable rates.

Grand Triple Combination

On Peterborough's Civic Holiday, Aug. 18th, All the citizens are looking forward to secure a good day's beneficial outing. All parties taking advantage of the magnificent excursion to Hastings, under the triple management of the C.M.B.A., E.B.A. and C.O.F. Associations, will be right. Now this is the route to take in on above date, providing you want to have a solid day's comfort, good amusement, superior fishing, grand list of sports, elegant music for dancing, or in fact to secure anything to complete a genuine day's fun. Don't miss this and regret it afterwards. Johnston's grove is noted as having no equal in Ontario for holding a picnic, everything is perfect and the committee has made proper arrangements for all those attending. Make your arrangements so as not to avoid this monster excursion, because it will have an equal on above date. This is going to be one of the old reliable social gatherings, everybody will have a good time and make no mistake.

Bankrupt Stock still in the ring. Everything goes at T. Dolan & Co.'s store at your own price.

TO THE BUYING PUBLIC.

People of Peterborough, buy no goods after six o'clock to encourage the early closing movement and give the boys a chance to get a mouthful of fresh air; as I am aware you never give them anything but lots of lip. If this is not carried out clubs will have to be used.

Respectfully yours,

J. DOLAN

News Nuggets.

—C. B. Rontley is having city water put into his premises.

—There was no court this morning. All is quiet in police circles.

—The local and 5.50 express, C.P.R., were 20 minutes late on Saturday night.

—To-day is Kingstons civic holiday—a week from Thursday is Peterborough's.

—Something new in Fancy Table Covers at Miss E. MALVILLE'S, 424 George street. Stamping done.

—Messrs. J. J. Turner & Son have received an order for twenty large tents, from a western customer.

—Messrs. George Fitzgerald and J. A. Cameron caught two large muskinonge at Chemong Park on Saturday.

—There was a heavy hail storm on Friday at Stony Lake. Hail stones as large as marbles fell for twenty minutes.

—The Rockwood Asylum team defeated the Princess street nine at Kingston on Saturday in a 10 innings game by a score of 8 to 7.

—Campbellford will play the return match at cricket here with the local club on Aug. 17th. They have written the secretary to that effect.

—Mr. R. V. Winch some time ago had a wheel stolen from one of his meat waggons which he had stored over winter in the Agricultural Hall.

—The monthly meeting of the Workingmen's Building and Savings Society will be held this evening in the office of Jas. Stevenson, M.P. A large attendance is requested.

—Mr. Wm. Fitzgerald has been awarded the contract of erecting Mr. C. B. Rontley's new brick residence on Stewart street, between Hunter and Brock, and will begin operations forthwith.

—Port Perry's civic holiday is on Wednesday next. The firemen of that town will run an excursion to Port Hope. The Port Perry lacrosse team will also play the Port Hope lacrosse on that day.

—Prospects look bright for Peterborough having a first class foot ball club this fall that will not take a back seat with any neighbouring clubs at Association. A challenge has been received from Stirling already asking for a match.

—There will be a fine game of lacrosse on the P.A.A.A. grounds this evening at 7 o'clock between the Senior Shamrocks and the Junior Peterborough lacrosse clubs. This will be the second time that these teams have met this year.

—Don't forget the public meeting of the Board of Trade, in the council chamber this evening at 8 o'clock, to discuss the sewerage by-law. Dr. P. H. Bryce, secretary of the Provincial Board of Health, and others will be present and address the meeting.

—The Lakefield *News* says:—As the two o'clock train was coming from Peterborough, Monday last, one of the box cars attached to the train caught fire about two miles from Lakefield and before the trainmen could extinguish the blaze the top and sides were badly burned. The train was detained nearly an hour.

—The Lindsay *Post* says: Mr. B. Ostrom and party, who have been at the hotel for some time, enjoyed some fine sport fishing at Rosedale this week. They engaged the pulp mill steamer from Mr. Burgoyne to make the trip. The party are loud in their praises of the beautiful scenery met with on the passage through Cameron and Balsam lakes.... Since his arrival we understand that Mr. Ostrom has caught over 30 muskinonge, but his sense of modesty forbade him making his phenomenal success public. While out the other morning he caught three fine fish that tipped the scales at 32 pounds—an average of over 10 pounds each.

Church Chimes.

The Baptist Y.P.S.C.E. will tender Mr. R. J. Colville, of Toronto, a farewell reception this evening.

Rev. Mr. Carmichael, of Norwood, preached in St. Andrew's Presbyterian church yesterday to large congregations.

Last evening in St. Paul's Presbyterian church Master Gussie Aldridge sang "Rest in the Lord" with fine finish and admirable effect.

Mr. C. W. Hedley conducted the services in St. Luke's church yesterday. Rev. Geo. Warren, of Lakefield, will have charge next Sunday.

The work on the Park street Baptist mission is nearing completion. The structure is now enclosed, and workmen are engaged in plastering it. The formal opening will be in September.

Rev. Wm. Barker, of Lakefield, preached two splendid sermons in the Murray street Baptist church. Rev. P. C. Parker, of Toronto, a former pastor of the church, will officiate next Sunday.

Mr. Dinin, secretary of the Y. M. C. A. of Lexington, Ky., who is visiting relatives in town for a few days, gave two able addresses at the Y.M.C.A. meetings yesterday to large audiences.

Collections were taken up in St. John's and St. Luke's churches at yesterday's services in response to a call made by the Bishop of Newfoundland for help to the sufferers in St John's. The amount realized were large.

The Young People's Societies of Christian Endeavour of Port Hope hold a united picnic around the lakes to-morrow. They will be joined at Peterborough by a large number of the Local Union who intend taking in the trip with their Port Hope friends.

At the Charlotte street Methodist church last evening a quartette entitled "The Bells of Your Consolence are Ringing" and sung by Mrs. C. Green and Miss Annie Fawcett, Messrs. Brooks and Squires, was finely rendered, Mrs. Green taking the solo part in excellent voice.

Rev. Mr. Edwards, pastor of the Charlotte street Methodist church, conducted the services at Juniper Island, Stony Lake, yesterday morning. The service was attended by about 200. In the evening Mr. Geo. E Williams, Secretary of the Kingston Y.M.C.A., preached to a large and attentive audience.

The regular quarterly services were held in George street Methodist church yesterday. At 9 30 o'clock love feast was conducted by the pastor with a large attendance. In the morning Evangelist Forster, of the Wesleyan Conference, England preached and in the evening Rev. E D. Lewis, of Warsaw, conducted the services. At the close the Sacrament of the Lord's Supper was administered and the number of communicants was very large. Twenty five new members joined the church.

Rev. James Thom, B. A., the popular pastor of Mark street Methodist church, preached a very impressive and practical discourse in his church last night on the great temperance question, basing his remarks on the 15, 16 and 17th verses of the 2nd chapter of 2nd Peter, and branching out on the vote taken in Manitoba on the local option aspect of the question as it now stands. His remarks were well arranged to suit his subject, and were listened to by a large congregation. The pastor and flock appear very united on this important question.

Last evening in the Charlotte street Methodist church, Rev. Mr. Mallett who has been supplying for Rev. Mr. Edwards, pastor, during his holidays, announced that yesterday would be his last Sunday with the people of that church. Mr. Mallett has ministered to the congregation very acceptably for the past few weeks and his discourses have been earnest and thoughtful. Rev. Mr. Thom, B A., pastor of Mark street church, Ashburnham, will occupy the pulpit of Charlotte street church next Sunday, and Mr. Mallett will fill Mr. Thom's appointment.

Foresters Grand Union Excursion.

A union excursion under the auspices of Courts Peterborough and Lougton, Canadian Order of Foresters, will be run on Thursday, August 25th. The excursion will leave the Grand Trunk station at 7 o'clock, and proceeding by steamer Sunbeam and palace barge, Paragon, will take the charming route of the lakes, making an hour and a half stay at both Buckhorn and Burleigh. Batcher's orchestra will accompany the excursion, and the committee will provide hot water, tea and sugar for excursionists. Refreshments will also be served on board the boats. Fare for round trip 80 cents, children half price.

An All-Day Round of Enjoyment.

That is the tour of the lakes on civic holiday. Just note that you leave the Grand Trunk station at 7 a.m., and in a few minutes you embark on board the "Golden City," and palace barge "Wave Crest." You steam through Chemong Lake, Gannon's Narrows, Buckhorn Lake, Lovesick Lake, Lovesick Rapids, Burleigh Lake, Stony Lake, Clear Lake, Lake Katchewanooka, and then take train at Lakefield for home, on one of the most delightful excursions of Civic Holiday or of the season. With the early start there in time for two hour's delightful stay at Buckhorn and one hour at Burleigh. There will be found excellent means of enjoyment and two first class hotels where meals may be had. Don't think of any other route on Civic Holiday, but take the best and cheapest. Round trip tickets 85 cents, children 40 cents. A perpetual round of pleasure from 7 o'clock—remember that's the time the train starts—till your happy return home.

A Complete Cure by HOOD'S SARSAPARILLA.

This is from Mr. D. M. Jordan, a retired farmer, and one of the most respected citizens of Otsego Co., N. Y.

"Fourteen years ago I had an attack of the gravel, and have since been troubled with my

Liver and Kidneys

gradually growing worse. Three years ago I got down so low that I could scarcely walk. I looked more like a corpse than a living being. I had no appetite and for five weeks I ate nothing but gruel. I was badly emaciated and had no more color than a marble statue. Hood's Sarsaparilla was recommended and I thought I would try it. Before I had finished the first bottle I noticed that I felt better, suffered less, the inflammation of the bladder had subsided, the color began to return to my face, and I began to feel hungry. After I had taken three bottles I could eat anything without hurting me. Why, I got so hungry that I had to eat 5 times a day. I have now fully recovered, thanks to

Hood's Sarsaparilla

I feel well and am well. All who know me marvel to see me so well." D. M. JORDAN.

Challenge.

To the Editor of the Examiner:

SIR,—As the proposition regarding trotting sweepstakes made by Mr. Wm. Clancy has fallen through owing to insufficient entries, I herewith challenge him to trot a race, mile heats, best 3 in 5, on the Driving Park track, during the Exhibition week, between his stallion "Mambrino Mitchell" and my stallion "Boxer" for $100 or $200 a side. I have this day deposited a forfeit of $25 with Mr. Wm. Collins, secretary of the Peterborough Central Exhibition, for Mr. Clancy's acceptance. This challenge to remain open for acceptance till the 10th inst. If accepted, a further sum of $25 to be deposited on or before the 1st of September and the remainder before the first day of the Exhibition.

Sewerage and the Board of Health.

To the Editor of the Examiner.

The compositor made a mistake in the letter signed "Board of Trade" in Saturday's issue of your paper. In the last line the manuscript had "the *ultimatum* of the *Board of Health* will be presented," but in print the words "of Health" were left out. This makes it appear that the Board of Trade had some *ultimatum* up its sleeve, which is not the case. The Board of Health is bringing strong pressure to bear on the question, and the final resolution passed by it will be read to-night and spoken to by Dr. Bryce and Dr. Brennan.

Yours, etc.,
BOARD OF TRADE.

Some Strange Misnomers.

Much of the Russia leather comes from Connecticut, Bordeaux wine from California, Italian marble from Kentucky, French lace from New York, and Spanish mackerel from the New Jersey coast. Dr. Pierce's Golden Medical Discovery comes from Buffalo, N. Y. but there is nothing in its name to criticise for it is truly golden in value, as thousands gladly testify. Consumption is averted by its use, and it has wrought many positive cures. It corrects torpid liver and kidneys, purifies the blood, banishes dyspepsia and scrofula, renews the lease of life, and tones up the system as nothing else will do. What is more, it is *guaranteed* to do all this, or the price is refunded.

A Serious Railway Smash-up.

Five Cars Wrecked—Three Men Injured, One, Rather Seriously—A Passing Cow the Cause—Details of the Accident—No Blame to be Attached to the Railway Employees.

A railway smash-up occurred a few minutes before nine o'clock this morning on the C. P. R. spur line to the Dickson Company's mills, near the Hunter street bridge, in which several cars were derailed and three employees of the Dickson Company sustained severe injuries of which at the time of writing it is impossible to ascertain the extent. An engine and thirteen cars, some of which were flat and others box cars, was backing northward at the usual speed, about five miles an hour, to be loaded with railroad ties. At the Hunter street crossing, a cow attempted to cross the track in front of the rear cars. She was struck by the backing up train and shoved along on the track for a distance of seventy-five feet, which by some means the trucks of the last car left the track. Before the driver at the other end of the train knew of the mishap, five cars were piled up, one on top of another. The crash was a vigorous one. The ground was ploughed up in deep, ragged trenches, there was a

TERRIBLE TWISTING AND WRENCHING

of iron and wood for a few seconds, then all was over. On the front car (the way the train was going) were seated four employees of the Dickson Company. The men were facing towards the engine on the flat car which was loaded with several cords of wood. They were totally unaware that their car had collided with the cow until the cars were derailed and the smash-up came. Mr. John Duignan, who has charge of the shipping of the ties was an eye witness of the catastrophe. In conversation with an EXAMINER reporter this morning he gave the following version of the affair. He said: "I was standing only a few feet away from the scene of the accident when it occurred, superintending the piling of the ties. I noticed the train approaching. It was backing up at the usual speed as it is up grade at this point. The engine had just gone out this morning to the C P R. station with a train of ten cars, some of which were loaded with ties and others with edgings for Toronto. The car which ran against the cow went out with the first train but the loading of it was not finished and the four men on the car were returning to complete its loading. The train backed up at the time, the four men being seated on the further end of the car and, the edging being up high at one end, they were unaware their

CAR HAD STRUCK AN OBSTRUCTION.

The engineer, as the train was backing up, did not know of occurrence either, and the train kept in motion. I saw that trouble would result and shouted at the top of my voice to the men who were on top of the piles of ties at the time, to watch out. They heeded my words and jumped, but none too soon, for in another instant the train was derailed about 100 feet north of the Hunter street crossing with cars, trucks and everything were piled up high in one great heap of wreckage. The wood on the car was thrown forty feet in the air so sudden was the jolt. Two of the men who were seated on the car, whose names are G. Johnson and Dan'l Turcotte, were thrown several feet in the air clear over the telegraph poles and landed several feet away, Turcotte coming down on a drying kiln. Both were picked up and they were taken to Mr. Haslitt's boarding house. The former is badly cut and bruised around the head and back, and the latter sustained severe cuts around the head, Henry Whibbs another of the quartette, landed on this side of the car some feet away and by a miracle was uninjured. Beyond a bad shaking up I do not think that he was hurt. The one who was most badly hurt and who is lying in a critical condition is John Kerr, an old and faithful employee of Mr. Haslitt. He remained in the same place he was seated, and was jammed in between two flat cars, the platform of the car next to the rear one

COMPLETELY WEDGING HIM FAST.

Mr. Wesley Owens, Mr. Faint, myself and others succeeded in removing the obstructions and carried the poor fellow into Mr. J. H. Dobson's residence where physicians were summoned. It appears that Kerr has one of his arms and legs broken, as they were very limp when we picked them up. His groans were pitiable. When asked whom he thought was to blame, Mr. Duignan said: "No one is to blame in the matter except the residents of Peterborough and Ashburnham, allowing their cattle to run at large all over the streets. The cow by-law should be enforced. It was a cow that caused the sad business."

Mr. T. G. Haslitt also ascribed the trouble to stray cattle. He had had them driven away several times, and the people in consequence thought that he was too strict. They now saw the results of allowing cattle to run at large. Mr. Haslitt said he had sold cedar ties to the C. P. R. for several years and the Ashburnham mill had been turning them the company during the past six weeks. The edging was being shipped to Toronto, where he had sold large quantities of it.

Mr. Kerr was removed to the Nicholl's hospital and proper surgical attention given his injuries, which consist of a broken arm, two broken ribs, a dislocated hip, and several contusions. He is getting on very comfortably and will recover in due course.

The strictures mentioned above in reference to cattle running at large, while generally true do not apply in this case. The cow was being driven to pasture by a boy, and instead of crossing the track directly, fled up the track before the train and was overtaken and bisected by the wheels. A wrecking train is clearing the track of the spar.

Sewerage and the Local Improvement Act.

To the Editor of the Examiner:

SIR,—During the past few days I have met with several ratepayers who are anxious to see the town provided with a good system of sewerage, who expressed themselves opposed to the present scheme on matters of detail. In every case I found that the uncertainty was due to the fact that our citizens are not familiar with the local improvement clauses of the municipal act, and that when these were explained the action of the council appeared in a new light. Will you therefore permit me to mention very briefly what the council can do under these sections. There are three ways in which sewers can be built and these three ways will provide the machinery for extending the sewers to every portion of the town which absolutely requires them.

1st. A sewer may be constructed on any street upon petition to the council signed by at least two thirds in number of the owners of real property to be benefitted thereby, such owners representing at least one half in value of such real property.

2nd. A sewer may be constructed on any street upon recommendation of the local Board of Health, confirmed by a vote of two thirds of all the members of the council, when necessary in the public interest for sanitary purposes.

3rd. The council may notify the owners on any street, that they intend to construct a sewer thereon, in which case the owners, if they do not want the sewer, must petition against it, and the petition must be signed by a majority of the owners representing at least one half of the value of the properties to be benefited.

These three modes of constructing the sewers and charging a frontage tax therefor, appear to cover all the contingencies which may arise. On streets where the owners are shortsighted alive to the necessity for sewerage, a petition will at once come in to the council from the ratepayers, and the sewer will be built. On streets where the residents are lukewarm, and the council thinks it desirable to build a sewer, the owners will be notified of the intention of the council, when they will be forced to bestir themselves sufficiently to petition against the work, if they really do not want it. And in portions of the town where the sewer must be built in order to perfect the system, the apathy or even downright opposition of the ratepayers will be over ruled by the combined action of the Local Board of Health and the council.

It, therefore, follows that the people of the central portions of the town will have the sewers as soon as they can be built, if it is really necessary, and they need not be afraid (as some appear to be,) that their own wishes in the matter may be thwarted by the opposition of those who are unwilling to petition in the matter. On the other hand those who live in the less congested portions of the town will only have the sewers when they want them, nor can the council or the Board of Health force them to pay a frontage tax until they are ready to do so.

Allow me at the risk of encroaching too much on the space at my disposal to refer briefly to the amount of the frontage tax in the Town of Brockville where a system of sewerage similar to the one proposed for Peterborough is now being well. I understand that the cost of constructing sewers in Brockville by reason of the amount of rock cutting required, is more than the estimated cost for Peterborough, so that our rate should be lower than theirs. We find however that four cents per foot frontage is about the highest frontage tax necessary in Brockville, and in most cases the rate is about three and one-half cents per foot. Thus a man with one hundred feet of frontage with the sewer in complete working order before his door is called upon to pay between three and four dollars per annum, or less by a good deal than the amount now paid the scavenger for doing his necessary but very offensive work. Add to this practical view of the matter the invaluable advantages we will receive from the purification of our atmosphere and the increased comfort of our homes.

Yours etc,
R. MAX DENNISTOUN.

WATCH REPAIRING!

This season, so far, has been a very busy one in our Watch Repairing Department. People are surprised at the excellence of our workmanship, having been under the impression that work, of such a high grade, was not possible outside of the large cities. This department is under the charge of a strictly first-class specialist, who thoroughly understands his business in all its details. Our charges are remarkably low considering the quality of the work.

Another Lacrosse Match.

Result is a Victory for Peterborough by 4 Games to Toronto's 2—A Good Exhibition of the National Game.

The lacrosse match on Saturday afternoon between the Toronto intermediate lacrosse club and the Peterborough's, on the P.A.A.A. grounds, resulted in a victory for the home club by four games to two. The struggle which was a keen and well played one, was witnessed by a fair crowd of people and was a good exhibition of Canada's national game.

The Toronto's proved themselves no mean lacrosse, and the game, in consequence, was one of interest and excitement throughout. Peterborough put on four of her junior players and as a result, the team was not as strong and able as that which faced the Orillia's on Thursday week. Happily the the town boys did not suffer any by this change, although the issue might have been disastrous for the Toronto's had it been otherwise. nevertheless, Wasson, Adams, Dobbin and Parks, proved their metal, though juniors and did some clever playing.

The following players lined up before referee Wm. Rudkins at 10 minutes to four o'clock.

On the face off Begley drew the ball and after some clever dodging made an ineffectual shot on goal. A scrimmage ensued around the Peterborough goal shortly after, when McDonough got it and passed to Begley who made a good run and threw up the field; it was returned by York. The ball then went back of the goal and in being returned to field again Parks collared it and made an run for the flags when it went back the goal again. McDonough secured it and soon another shot was aimed for Toronto's goal. Things now began to look amazing for the Toronto's as the Peterborough's were playing a thoroughly aggressive game while their opponents were endeavouring to defend their territory out with varying success. A foul was made in the field, a scrimage resulted and Heap relieved. Begley made more of this runs up the field, McCabe aiming for the flags. The defence work of Toronto was weak, Brammell, Luysdan, Scott and York not being in it with Hickey, Heaps, McDonough, McCabe and Parks. The homes of the visitors did better work and formed the strongest element in their play. After fifteen minutes Begley dropped to W. Phelan who made a drop on goal but the shot was fumbled and the ball coming to the ground, Joe Phelan's clever stick knocked her through winning first blood for Peterborough.

In the second game, Begley, as he did in all the succeeding games, drew the ball from Livingston on the face off Toe rubber passed up and down the field when Joe Phelan got it and made a nice drop to Walter Phelan splendidly for goal. Afterwards it hovered around Peterborough's flags then it flew near Toronto's quarters when Wasson passed to Phelan but the aim failed. The ball was delivered by Irwin and from a scrimmage Livingston got hold of it and after a short run aimed a lively shot for goal and according to the umpire's ruling it went between the flags although most of the onlookers asserted it went too high. Score 1 for Toronto in 7 minutes.

The third game ended auspiciously for Peterborough in 30 seconds. Begley aimed for goal, it was secured by Wasson but soon after it was sent down field when Begley got it again in centre and running right up to the jaws of the enemy shot it through. Score 2 for Peterborough.

In the fourth game shortly after the face off Hickey got it and made a good shot on the flags. Brammell relieved. The ball went out of bounds and on the face off Daly got it, but it was soon thrown over the fence. Joe Poelan made a shot on goal, and a scrimmage in that neighbourhood followed. The ball then alternated between Toronto and Peterborough's goal. The finest team play and the best stick handling was done in this game, in the course of which Hickey and Conlin made beautiful drops on goal. Parks made an effort for to raise the number of Peterborough's games. A scrimmage took place behind Toronto goal, in which amid the fusilade of stick and blows Irwin, who was playing a fine point game for Toronto, was struck on the back of the head and stunned for a few minutes. The ball went out of bounds and on face off Daly got it. Joe Phelan acquired it to the middle of the field, and made a good shot on goal, which was stopped by Toronto's clever goal keeper, Keith. W. Phelan and Hickey made futile attacks on goal. Lugsden captured from a scrimmage dropped on goal. The ball struck the ground and Bob Conlin made a scoop shot through. Score 2 for Toronto, time 25 minutes.

Peterborough took the fifth game in five minutes. It was scored by W. Phelan, securing it from the field, dropping to Adams who fired; the ball was passing by when Joe Phelan wielding his stick over his shoulder swerved the course of the ball between the flags.

The sixth and last game was scored by Peterborough about half a minute before time was called. The play was very vigorous and spirited, Toronto being anxious to secure another game and even the record. Wasson, Parks, McDonough, Heap, W. Phelan, J. Poelan and McCabe all made shots on goal, the play being all around Toronto's territory during this stage and her men were blocking the goal. Keith made stop after stop. He proved himself to be a tower of strength against the inroads of the enemy. One of the goal stakes were knocked down and the ball went between them but the referee for Peterborough refused to allow the game one of the flags being down. Joe Phelan scored after forty minutes for Peterborough on W. Phelan's throw on goal, which bounded and was knocked between the flags, scoring the fourth game for Peterborough. The Toronto's did well and played a fair, square game, their being no roughness to characterize the match, nor any hot words to disturb the pleasant relations existing between the members of both clubs in their struggle.

Every Available Means of Transport Overtaxed.

DENVER, Col., Aug. 8.—It is estimated that by Tuesday next 200,000 strangers will have arrived in Denver to attend the grand conclave of the Knights Templars or to witness the evolutions of the Knights. The crowds are so great that the railroads have been forced to put windows into baggage and box cars, turning them into passenger coaches. In lieu of seats settees are put in, taken from depots. Even work train cars have been cleaned up and used.

Wheat Shippers Object.

DULUTH, Minn., Aug. 8.—There is opposition here among the heaviest wheat shippers and vessel brokers to the imposition of tolls on Canadian boats in passing through the Soo Canal, in order to force the Dominion to discontinue discrimination against American ships passing through the Welland Canal. It will knock vesselmen, so they claim, out of a large amount of business and will cripple heavy wheat exporters by removing Canadian competition for carrying business. It is probable the President will be memorialized either to defer action or at least give interested parties due notice before imposing tolls as provided in the bill lately passed in Congress.

"August Flower"

Perhaps you do not believe these statements concerning Green's August Flower. Well, we can't make you. We can't force conviction into your head or medicine into your throat. We don't want to. The money is yours, and the misery is yours; and until you are willing to believe, and spend the one for the relief of the other, they will stay so. John H. Foster, 1122 Brown Street, Philadelphia, says: "My wife is a little Scotch woman, thirty years of age and of a naturally delicate disposition. For five or six years past she has been suffering from Dyspepsia. She became so bad at last that she could not sit down to a meal but she had to vomit it as soon as she had eaten it. Two bottles of your August Flower have cured her, after many doctors failed. She can now eat anything, and enjoy it; and as for Dyspepsia, she does not know that she ever had it."

FORESTALLING UNCLE SAM.

Pago-Pago Harbor Seized By a British Man-of-War.

SAN FRANCISCO, Cal., Aug. 6.—The steamer Mariposa arrived last evening from Australia, and in addition to details of the British occupation of Johnston Islands brought intelligence that a British man-of-war has seized Pago-Pago harbor, to be used as a coaling station by the English Government. This has created considerable talk in San Francisco. The steamer Alameda, which sailed for Sydney via Samoa on July 15, took an officer of the United States navy, Lieut. John H. Coffin, whose destination was Apia. His duty was to put the United States coaling station at Pago-Pago in order and to appoint officers and men to take charge of it. Before leaving he stated that the United States was going to keep a large supply of coal there and make a regular naval station of the place. The Evening Star of Auckland, New Zealand, says Pago-Pago Harbor was formerly used by the Americans as a coaling station, but with the loss of their ships in Apia in the 1889 hurricane it has been discontinued.

In 1875 a Samoan envoy made a visit to the United States, and the grant to the United States of the exclusive privilege of establishing a naval station at Pago-Pago was confirmed. In 1876 the coaling station established there in 1872 by Commander Meade was formally inspected by Special Agent Steinburgyr.

Just the Point.

"Doctor, my little boy is in a very critical state, and I am satisfied that Dr. Probe, who is now attending him, doesn't understand the case. I wish you would come right over and see the boy."

"I don't see how I can do it. Probe and I were old friends, and in these matters of professional courtesy we have to be mighty careful."

"But, great heavens, man, if you don't come the boy may die!"

"That's just the point. Suppose I should save the boy. Why, Probe would never forgive me."

Often.

"I don't see why you admire Jennie Lawrence. She is as homely as sin."

"Ah, yes!—but sin is often attractive, don't you think?"

MORLEY CHIEF SECRETARY.

Conference Between the Irish Leaders and Mr. Gladstone.

LONDON, Aug. 6.—The series of conferences between the leaders of the Irish party and Mr. Gladstone has definitely resulted in such a degree of mutual confidence as promises to expedite greatly the advent of Home Rule in Ireland. The acceptance by Mr. John Morley of the post of Chief Secretary for Ireland was a point upon which the chief of the McCarthyite faction laid considerable stress.

Mr. Morley only agreed to accept the secretaryship when it was represented to him by Mr. Gladstone that no other Minister would so fully command the support of Irish members of Parliament.

In an interview yesterday John Dillon expressed the satisfaction of the Irish party at the prospect of Mr. Morley's holding the post during the critical period in the progress of the Home Rule Bill.

Referring to the reports printed in some of the English papers that certain Irish members might take office under Mr. Morley, Mr. Dillon said that such a thing was next to impossible. No member of the party, he declared, would dare to accept a place under an English Government. "We are pledged," he added, "to accept no post except under a purely Irish administration, when we get it, and any man violating that rule would be expelled from the party."

When asked whether he could communicate what modification Mr. Gladstone had made in his Home Rule Bill Mr. Dillon replied he was not at liberty to say anything, except the bill was likely to be one that Mr. Parnell would have accepted, adding, "We will not take anything less. Mr. Gladstone knows that our position in the matter is definite and inflexible. He has pledged himself to place Home Rule in front of all other measures and to keep it there until it is passed. I believe we can rely upon his intention to do so."

"When do you expect Mr. Gladstone to introduce the Home Rule bill?"

"As soon as the House reassembles in January or early in February. We do not expect an autumn session. The House is likely to adjourn next Friday."

The proceedings of Parliament yesterday were of a routine nature and devoted to swearing in of members and choosing of seats.

Sir William Vernon Harcourt said in convention yesterday that they intended to bring in a home rule bill which will make the Tories shiver.

The Times says: Mr. Balfour regards the capture of five seats from the Nationalists as one of the most significant features of the election. In his speech on the address he will give special prominence to the attitude of Ulster in regard to Home Rule. It is stated that the Queen's speech will be of unusual brevity, and that the greater part of it will be devoted to foreign affairs.

Sixty-six McCarthyites met Thursday and re-elected Justin McCarthy as sessional chairman, Mr. Deasey, Sir T. Esmond, Mr. Malloy and Dr. Tanner as whips, and Arthur O'Connor and Donald Sullivan as secretaries. Mr. McCarthy was re-elected as a mere figurehead to keep differences in abeyance. The McCarthyites will sit on the Opposition side of the House, though they will co-operate with the Gladstonians on the Home Rule bill.

To Contest Newcastle-on-Tyne.

LONDON, Aug. 6.—The Newcastle Unionists have selected a wealthy London merchant, Mr. Ralli, to contest the seat against Mr. Morley. Mr. Ralli has consented to run.

The Recount Made It a Tie.

WINNIPEG, Aug. 6.—The recount of votes cast in St. Boniface at the recent election was concluded Friday. The judge declared Prendergast and Marion, the two candidates, a tie. The returning officer then gave the casting vote in favor of Prendergast.

Bourinot on the School Question.

OTTAWA, Aug. 6.—Dr. Bourinot, the distinguished Clerk of the Dominion House of Commons, referring to the decision of the Privy Council in the Manitoba school question, said yesterday that a decision of the highest court of the empire, which declares that no rights have been interfered with, leaves no room for another appeal or for remedial legislation, since in law and in fact it is declared that there is nothing to remedy.

FOR MEDICAL PURPOSES BY THE

DORENWEND ELECTRIC BELT And Attachments.

HEAD OFFICE—103 Yonge St., Toronto

THE WORLD'S BEST.

ALL diseases curable by Electricity can be treated at home by the Dorenwend Appliance. The Dorenwend is the only legitimate Electric Belt made which fulfils the requirements of Electro-medical science. It is a complete BODY BATTERY. It has an independent battery, which generates a mild, continuous current of Electricity (without chemicals) and can be regulated to suit the strongest man or the weakest child. It is a CURRENT of QUANTITY, not merely a sensation current, and the quantity current is the greatest curative. It is a successful treatment for INDIGESTION, RHEUMATISM, NEURALGIA, SCIATICA, LUMBAGO, LIVER AND KIDNEY TROUBLES, WEAK BACK, SPINAL DISEASE, HEART DISEASE, NERVOUS DEBILITY, PARALYSIS, VERTIGO, FEMALE COMPLAINTS, IMPOTENCE, SEXUAL DECLINE and all diseases of the Nervous and Muscular Systems.

Remember that the DORENWEND BELT is the very latest invention in this line, and was invented by a competent electrician, and ranks as the best in the world; we defy anyone to bring proof to the contrary.

Do not class this Belt with the humbug combinations of leather and metal with which the country is being flooded. If you wish to experiment with cheap articles, buy them; but if you want to procure a genuine Electric Belt and one that will be a benefit get a Dorenwend Belt.

Send name and address for Illustrated Book on Home Electro-medical treatment and mention this paper. J. D. TULLY, Agent, Peterborough. 6:32 w

TRAIN ROBBERS' RICH HAUL

Dynamite Splinters the Express Car and $20,000 is Secured.

FRESNO, Cal., Aug. 8.—The fifth train robbery in the San Joaquin Valley in three years occurred early Friday near the small station of Collis, 15 miles from here. There were two robbers, and their methods of procedure were precisely the same as in previous cases, except that they were not molested by and passenger.

After rapidly splintering the express car with dynamite they cleaned up about $20,000, jumped into a wagon and struck off across the plains.

Although detectives were on their trail in a few hours there are small prospects of capturing them.

They selected one of the loneliest spots on the line, and showed such knowledge of the country and that there is no doubt they belong near Fresno.

As the train was pulling out of Collis just after midnight the engineer and fireman were startled by the appearance of two men on the tender.

The strangers were armed with shotguns and quickly covered the trainmen, at the same time telling them to obey orders.

When the train passed Rolendo station the engineer was ordered to stop and the fireman was ordered to touch off with a lighted cigar the fuse of a dynamite cartridge which the robbers placed on the piston of the driving-wheel on the left side of the locomotive.

The fireman hesitated, but under the persuasion of a shotgun touched the fuse. The explosion was terrific, breaking the piston rod and disabling the engine.

The engineer was ordered to get off and walk up the track while they proceeded to bombard the door of the express car with dynamite cartridges. About eight cartridges were used and the door was torn to splinters. Big holes were knocked in the sides of the car and the floor was smashed into kindling-wood. Then the pair, masked and completely disguised, entered the express car, covering Louis Roberts, the messenger, with shotguns and ordered him to open the Wells Fargo safe.

Roberts set about doing this, but he was so excited and nervous that he forgot the combination. He so informed his captors, and one of them struck him a heavy blow on the head with a gun and threatened to kill him if he did not immediately open the safe.

This action strengthened the messenger's memory, and with trembling hands he opened the strong box and they took out all the sacks of coin.

When the desperadoes exploded the first cartridge on the engine the passengers poked their heads out of the windows to see what was up.

Their curiosity was amply satisfied when one of the robbers fired a pistol twice along the row of windows. There was a panic, and the passengers made a wild scramble under the seats.

The explosions of the bombs against the express car rocked and shook the train with the violence of an earthquake.

A window in front of the passenger coach immediately behind the express car was shattered to pieces. For 25 minutes the train was held, but only one passenger attempted to interfere with the robbers, and as he was armed only with a small revolver he soon retired.

The safe contained three bags of coin, each containing $5000. These the robbers compelled the engineer and firemen to carry to a wagon which they had hitched by the side of the track. When the coin was thrown under the seat the masked men jumped in and rode off.

THE PAGO-PAGO INCIDENT.

Great Britain Only Exercising Her Rights Under the Treaty.

WASHINGTON, Aug. 8.—Very little interest is displayed in official circles in regard to the report that Great Britain has arranged to establish a coaling station in the harbor of Pago-Pago, Samoa, for the simple reason that such a course of action is in strict accord with the terms of a treaty concluded between Great Britain and Samoa in 1879, and does not interfere with or impair the rights or interests of the United States in any respect. Section 8 of the British Treaty provides that Great Britain may establish a coaling station anywhere on the shores of a Samoa harbor, except at Apia, which is a neutral harbor, at Saluafata, which was previously ceded to Germany, or at that part of the harbor of Pago-Pago, which may be selected by the Government of the United States under its treaty.

A WOMAN THE CAUSE.

A Fugitive Murderer Kills one Deputy and Wounds Another.

PITTSBURG, Pa., Aug 8.—The capture of the fugitive murderer Martin Reed at Noblestown this evening for sensationalism rivals anything since J. Wilkes Booth died in ignominy for the assassination of President Lincoln.

The murderer Reed stayed in an icehouse until it was shattered with nitro-glycerine and set afire; placed a pistol to his forehead and took his own life, perishing miserably in the ruins. He broke jail, was tracked for eleven weeks over three counties and when brought to bay shot Deputy Cole of McDonald through the heart and seriously wounded Deputy Sheriff Orr of Washington in the shoulder with a shot from a Winchester rifle.

A woman and illicit love for her was the cause of it all.

Rafts of Sawlogs From Canada.

WASHINGTON, Aug. 8.—The United States commercial agent at Waubaushene, Ontario, recently raised the question whether rafts of sawlogs shipped from Canada across the lakes to the United States being exempt from duty are subject to the requirements of certified invoices. In response to the question Acting Secretary Nettleton has informed the Secretary of State that under the provisions of section 4 of the act of June 10, 1890, no merchandise exceeding $100 in value except personal baggage can be admitted to entry without a duly authenticated *invoice* or a *bond* for the production of such invoice.

Good Prospects for the Lowell Memorial.

LONDON, Aug. 8.—The subscription has been opened for the proposed Lowell Memorial. The committee having the matter in charge have already received more than sufficient support to insure the insertion of the windows as planned in the Chapter House of Westminster Abbey.

The Division on the Address.

LONDON, Aug. 8.—It is practically certain the division on the address in reply to the Speech from the Throne will not occur before next Thursday, owing to the large number of Unionists who will take part in the debate.

60,000,000 Marks Military Expenditure.

MUNICH, Aug. 8.—The Allgemeine Zeitung says the new military bill will involve an expenditure of 60,000,000 marks, but the consent of the Emperor has not yet been obtained.

Another Balkan Conspiracy.

VIENNA, Aug. 8.—It is reported in Belgrade that a conspiracy has been discovered against the Prince of Montenegro, who is very unpopular.

Washington's New Russian Minister.

ST. PETERSBURG, Aug 8.—Charles De Struve, Russian Minister to the U.S., has been transferred to The Hague. He will will be succeeded in Washington by Prince Cantacuzime.

TOADSTOOLS KILLED HER.

May Stillwell Ate Them for Mushrooms While Out Huckleberrying.

KENT, O., Aug. 8.—May, the 15-year-old daughter of Byron Stillwell, made a mistake Saturday, which cost her her life. The girl's parents live near Brimfield, in the lower part of the county. She went out to gather huckleberries and saw something she mistook for mushrooms. They turned out to be toadstools.

In about an hour after eating them she was taken sick and hurried home. A physician was sent for, but she was dead before he arrived.

Every Testimonial

In behalf of Hood's Sarsaparilla is strictly true and will bear the closest investigation. No matter where it may be from, it is as reliable and worthy your confidence as if it came from your most respected neighbor. Have you ever tried this excellent medicine?

"Yes, they certainly are very fine and elegantly finished, besides, they are permanent."

"Do they cost more than bef re."

"No, not to us, though the material is much more expensive, yet Mr. Sproule believes in having the best obtainable. He says nothing is too good for his patrons, and these certainly bear out his statements; and his studio is so convenient—no stairs to climb yourself, nor have you any fear about the children."

"Yes, I have heard about the ground floor studio being so convenient,—but those photographs."

The Golden Lion Is Himself Again.

The alteration in our store front is completed and every one is complimenting us on the improvement it has made. We have to thank our customers for their constant and continued custom during the bustle and inconvenience of these alterations.

Our Dress Goods Department—in fact all our departments—have gained such a reputation that nothing we can say in our advertisement could be construed as overdrawn.

New importations are now on their way, and, as we find that we have a surplus stock of certain lines, we are determined to make August clear them all out. Room is demanded and we must prepare the shelves for the new goods.

We have therefore planned for such activity during August as shall astonish even those whose interests have grown with the Golden Lion. Instead of waiting for trade in a naturally dull season, we're going to make it. Don't go by what's said, merely, but by your own judgment and come and compare our prices with any others you may hear of.

This SECOND week of August will make our stock dwindle, and we know it.

THE CANADIAN BUDGET.

FUNERAL OF THE PRESIDENT OF TORONTO UNIVERSITY.

Death of Mr. W. G. Storm, the Well-Known Architect—A Mother Loses Her Life In Attempting to Save Her Child—Five Hundred in Cash Lost.

TORONTO, Aug. 9.—Yesterday St. George-street was crowded with citizens who had come to pay their last respects to the honored president of Toronto University, Sir Daniel Wilson. The house was filled by the mourners, and one by one they filed in to view the remains. The coffin was a handsome black one, and the deceased president lay embedded in flowers. There were few cards accompanying the flowers.

A brief private service was conducted at the house by Rev. Canon Sweeny, assisted by Rev. John Pearson. The pallbearers were Dr. Hoskin, Mr. Thomas Hodgins, Q.C., Prof. Hutton, Prof. Ramsay Wright, Sir Oliver Mowat and Vice-Chancellor Mulock.

The cortege proceeded to St. Philip's Church, Spadina avenue, where the Anglican service was conducted by Rev. Canon Sweeny, assisted by Rev. John Pearson of Holy Trinity Church, and Rev. J. O. Miller of St. Catharines.

When the procession arrived at St. James' Cemetery Rev. Dr. Sweeny's carriage led the way to the grave. The large assemblage stood by with uncovered heads as the burial service was read, and a look of sorrow was seen on every face when the remains of Sir Daniel were lowered into the grave.

Death of Architect Storm.

TORONTO, Aug. 9.—Mr. W. G. Storm, the well known architect, died yesterday morning. The cause of death was apoplexy, the deceased having been a full-blooded man. He leaves a widow and several young children. Deceased was one of Canada's best architects, the Toronto University, the Normal school, St. Andrews' church, Osgoode hall, Victoria College and other well-known buildings are designed by him and are his best monument.

A CONDUCTOR KILLED.

In a Collision on the Quebec and Lake St. John Railway.

QUEBEC, Aug. 9.—On Saturday night a fatal accident occurred on the Lake St. John Railway. The mixed train from Riviere la Pierre, on the Lake St. John Railway, became detached north of Quebec, near Charlesbourg, when the engine and a number of freight cars proceeded down grade at a rapid speed. Two detached passenger cars followed. On the platform of the front one stood Conductor James Norton with his hands on the brake.

There was a terrific collision, so much so that all the passengers were knocked from their seats. Two of them, named Henry Senior, aged 21 years, native of Quebec, and private secretary to C. A. Scott, manager of Laurentian Railway, and Alfred Prunneau, laborer, of Levis, had their heads knocked through the panel work and badly cut. The first car of the front train collided, was raised in the air, and landed on the platform, where Conductor Norton was standing, knocking his body through the car, and pinning his legs. It took half an hour to extricate him. When rescued both the unfortunate man's legs were broken and he suffered internal injuries. He was brought to the city in the first-class car and taken to the Hotel Dieu Hospital, where he died at 2.30 o'clock Sunday morning. He had only been married four weeks.

THE CHILD SAVED.

But the Mother's Life Lost in the Attempt.

TORONTO, Aug. 9.—Another drowning accident occurred at Island Park yesterday, in which a mother lost her life while endeavoring to save her child. Mrs. W. J. Moore took the children over to the Island to spend the afternoon in the Park. While the children were playing near the edge of the deep lagoon that runs through the Park one of them fell in. The mother became frantic and jumped in after the little one to save it. But she became a victim and sank, while a man near by managed to pull the child out.

Fell from a Raft.

LANARK, Ont., Aug. 9.—Monday afternoon Johnnie Wilson, 9 years of age, son of Thomas Wilson, jr., was drowned in the River Clyde here. In company with his sister Agnes, Grace Wright and Willie Cooper, all about 10 years of age, he was playing on a small raft on the river when the raft capsized and Wilson was drowned. The other children were rescued.

A Toronto Boy Drowned.

PORT DALHOUSIE, Ont., Aug. 9.—While playing near lock 1, Old Canal, Monday afternoon Johnnie Long, the only son of Mrs. Long of Toronto, aged 8 years, accidentally fell into the canal and before help could reach him he was drowned.

A Three-Year-Old Drowned.

MITCHELL, Ont., Aug. 9.—A 3-year-old child of Mr. R. T. Couch was drowned in the Thames River last evening about 5 o'clock.

$200,000 FIRE IN VICTORIA.

Plant of the National Tramway and Electric Light Company Destroyed.

VICTORIA, B.C., Aug. 9.—A supposed incendiary fire broke out yesterday morning in the upper shops of the National Tramway and Electric Light Company which quickly spread to the power house adjoining, and in two hours the whole plant, valued at $200,000, was completely destroyed. The insurance does not exceed $50,000.

The flying embers started another fire in the Icelandic settlement, and some private residences were destroyed. Loss $10,000.

Two Boys Burned to Death.

KINCARDINE, Aug. 9.—Monday morning about 5 o'clock Mrs. Young, wife of Robert Young, living on lot 35, concession 5, Greenock, started a fire in the kitchen stove and then went out to the barn. In some unaccountable manner the kitchen took fire, and the flames and smoke soon ascended by the staircase upstairs. The eldest boy, aged 21 years, escaped and ran to the barn for a ladder. On breaking the window and attempting to enter the smoke and flames drove him back, and two boys, Thomas, aged 16, and George, aged 12, were burned to death.

IMPERIAL PARLIAMENT.

THE NO-CONFIDENCE MOTION GREETED WITH LOUD CHEERS.

The Right Hon. George J. Goschen Hoped the House Would at Last Hear Something Definite About Home Rule—A Petition Against Redmond.

LONDON, Aug. 9.—The formal organization of the House of Commons was completed last week, and yesterday when the House met the members were summoned to the House of Lords where the Speech from the Throne opening the session of the 25th Imperial Parliament of Queen Victoria was read. The speech informed Her Majesty's Lords and gentlemen that by command of Her Majesty the present Parliament has been assembled in obedience to the terms of Her Majesty's proclamation of June 28, by which the late Parliament was dissolved.

Previous to that dissolution, the speech added, the business of the session was completed, therefore it is not necessary for Parliament to continue its session at an unusual period of the year for the transaction of financial or legislative business. Her Majesty expressed the hope that when Parliament meets again at the customary season it will direct attention to measures of social and domestic improvements, and that it will continue to advance in the path of useful and beneficial legislation, which has been judiciously followed at previous sessions.

Both Houses Took a Recess.

The commissioners bearing the Queen's speech entered the House of Lords at 2 o'clock and took their seats on the long bench in front of the throne. A few ladies occupied seats on the lower Opposition benches. Only 40 members of the House of Lords were present. The usual notice to the House of Commons was given and soon the Speaker, attended by a handful of the members of the lower House, was ushered into the chamber of the Peers to listen to the reading of the speech. After the speech was read both Houses took a recess until 4 o'clock.

A Petition Against Redmond.

Mr. Gladstone arrived in London Monday morning. His health has greatly improved. He held a brief conference with the Liberal leaders during the day.

A petition has been lodged against the return of William Redmond, Parnellite, who was elected by a majority of 446 votes in the East division of County Clare, defeating J. R. Cox, anti-Parnellite, who had represented the division since 1885.

No-Confidence Motion.

Before the opening of the debate on the address in reply to the Speech from the Throne Mr. Gladstone entered the House and took the usual oath administered to members. He was the recipient of hearty cheers from his supporters.

Neither the speech of Mr. Barton, in moving the address, nor that of Mr. Cross, who seconded the address, attracted any attention. The House was listless until Mr. Herbert Henry Asquith, Gladstonian member for the East Division of Fifeshire, rose to move the amendment, declaring that the House had no confidence in the Government. He was greeted with loud and prolonged cheering by the Liberals.

Mr. Asquith declared that Parliament had met for the obsequies of a dead majority. The House ought not to dally over a practical question, but should as speedily as possible place in power a government representing the decision of the country as expressed at the polls.

Mr. Thomas Burt, Gladstonian member for Morpeth, secretary of Northumberland Miners' Mutual Association, seconded the no-confidence amendment. He contended that the question of Home Rule for Ireland must dominate all other questions to which the Liberal party was pledged.

The Right Hon. George J. Goschen, Chancellor of the Exchequer, said he hoped the House would at last hear something definite about Home Rule. Mr. Gladstone, he declared, could no longer shirk explaining his Home Rule scheme, nor could Sir William Vernon Harcourt evade unpleasant questions by going out of the House instead of responding to them.

The Irish Party's Wants.

Justin McCarthy said that the Irish party expected that coercion would cease when the Liberals came into power. If the Liberal Government's Home Rule Bill did not satisfy the people of Ireland there would be an end of it. He believed in the sincereity of the Liberal assurances that Home Rule Bill would be kept in the front of their legislation. The Irish party also wanted an early measure of relief for evicted tenants, and an inquiry into the cases of Irish prisoners wrongfully convicted of offences against the crown. They further desired that the term of imprisonment of other Irish prisoners be shortened.

A Convict Cremates Himself.

PHILADELPHIA, Aug. 9.—Overwhelmed with the thought of the cheerless future before him, James Rodan, a convict in the Eastern Penitentiary, known in prison as "A, 6074," committed suicide yesterday afternoon in the most tragic manner. He set fire to his mattress and bedding, and sitting down deliberately in the midst of the flames, drew a keen-edged knife across his throat. The cries of the desperate man attracted the attention of his keeper, but before the latter could reach him he had sustained such severe injuries that he died in the prison hospital a few hours later. Rodan was a native of Ireland, having been born in Londonderry 32 years ago, and the greater part of his life had been divided between following the sea and tramping through the country. He was arrested in Chester County for house-breaking, larceny and carrying concealed deadly weapons, and three true bills were found against him on Oct. 26, 1891. He arrived at the Eastern Penitentiary on Nov. 2, 1891, to serve his sentence of two years and nine months, which would have expired on May 26, 1891.

Mr. Cady's Queer Monument.

CENTRAL VILLAGE, Conn., Aug. 9.—Gordon Cady, the veteran dancing master and farmer, has erected a uniquely-inscribed monument on his lot in Evergreen Cemetery. On one side is carved a violin and bow, with the words "All ready, Mr. Cady," above and "At rest" below. On another side is the figure of a cow (Mr. Cady's favorite Jersey), with the inscription: "Rosa—Record, 2 lbs. 15 ozs. butter from 13 qts., 1 day's milk."

Five Hundred in Cash Lost.

ALLISTON, Ont., Aug. 9.—About 5 o'clock yesterday Mrs. Sine's dwelling in Victoria-street was destroyed by fire. Loss $1000; fully insured. Mrs. Sine had the misfortune to lose $500 in cash.

ITALIANS VS. NEGROES.

A Bloody Fight Between the Two Races at Orange, N.J.

ORANGE, N.J., Aug. 9.—A race war between Negroes and Italians broke out here last night and one man was seriously stabbed and 20 others injured with clubs, brick bats and stones. The trouble arose through a dispute between a negro and Italian. The men began to fight in Frank Matt's saloon, and on being put out continued the fight on the street. The negro was beaten and his friends came to his rescue, and the Italians started in to help their countryman. About 600 men and women were engaged and a brisk fight took place. Stones, sticks and bricks flew thick and by the time the police reserves arrived twenty persons had been seriously injured. The police force, for some time, could make no impression on the crowd. When the combatants were finally separated they quickly dispersed and no arrests were made. Daniel Tucker, one of the negroes, was found later with a bad stab wound in the neck and medical attention had to be summoned. A force of police is now guarding the street and endeavoring to prevent a recurrence of the trouble.

HE TREATED THEM TO DEATH.

Dr. Cole Gave His Friends Carbolic Acid Instead of Whisky.

CHICAGO, Aug. 9.—In the belief that they were drinking whisky C. S. Ingram, Louis Brunig and Dr. Vincent Cole swallowed enough carbolic acid yesterday to kill a dozen men. Ingram is dead, Dr. Cole is dying and Brunig is still in agony.

The three men are prominent residents of East Chicago. Dr. Cole invited them into his office to take a drink of good whisky. It was very dark in the room and the doctor poured out three liberal drinks from a bottle which he took from his surgical case. The bottle contained carbolic acid.

HAS NOT BEEN WITHDRAWN.

That's the Reason Official Information Has Not Yet Been Received.

WASHINGTON, Aug. 9.—Official information of the action of the Canadian authorities in withdrawing the rebate from vessels arriving at Montreal from the lakes by way of St. Lawrence River has not yet been received at the State Department, consequently no official expression of opinion as to the subject can be had, although it is quietly intimated that the Canadian action if such as reported will doubtless be accepted by the President as throwing all source of complaint on the score of discrimination, and absolving him from the necessity of issuing a retaliatory proclamation.

RESURRECTION IN A MORGUE.

An Attendant Badly Scared by a Supposed Corpse.

CINCINNATI, Aug. 9.—About noon Monday a man was carried into the Morgue, to all appearances dead, a victim of the heat. He was placed in a cooling box, washed and prepared for identification, covered with ice and a sheet spread over the rigid face. Henry Brunstrop went about his work as usual, when, some time later, glancing through the half open door of the dead room, a sight met his gaze that almost froze the blood in his veins.

There, slowly rising, with the sheet still clinging to him and the ice sliding off to the bottom of the box with metallic clicks, was the "corpse" so recently prepared for the grave. Recovering himself Brunstrop hastily called Superintendent Shaw, and they assisted the man, now clearly alive, to the adjoining room. A patrol wagon took the revived man to the hospital. He was Henry Klase, who had been overcome by heat and pronounced dead by his fellow laborers. Klase died at the hospital.

A Scythe Blade Thrust Into His Abdomen as He Climbed In a Window.

RALEIGH, N.C., Aug. 9.—A young man named Myatt was engaged to marry a young woman in Gaston County, but her parents forbade him the house.

The girl's father discovered a few days ago that Myatt was making secret visits to her at night, entering the house through a window, and prepared a savage trap.

The father sharpened a scythe blade and so arranged it that when Myatt crawled in through the window the blade inflicted an ugly wound in the abdomen.

Suffering intensely from the wound Myatt had to walk four miles before he could get surgical aid.

Riotous Negroes and Militiamen.

SPRINGFIELD, Ill., Aug. 9.—This town is much excited over a riot which occurred between members of the 4th Infantry, now in camp here, and a crowd of negroes. The militiamen say they have been greatly annoyed by colored loafers, and yesterday they tossed one of them in a blanket. Last night a number of soldiers were attacked at a merry-go-round and badly beaten. About midnight a crowd of soldiers forced the guard line and came into the city determined to punish the negroes for the attack on their comrades. They were meeting with success in their undertaking, when the police took a hand in the matter, arrested four soldiers, who were fined to-day by a justice. The military authorities are holding their men within camp lines, and the police are watching the negroes to prevent further trouble.

The Bijou Theatre Saved.

BALTIMORE, Aug. 9.—Fire broke out in Chaterton & Co.'s furniture factory, 13 South Frederick-street, yesterday. The flames secured a good start before the engines arrived and spread to Green & Co.'s Hope brass works and Openheimer's solder factory as well as to Fleishman's building. The total loss is $200,000, including $20,000 on furniture in the Chaterton building.

The old Bijou Theatre on the opposite side of the street caught fire from the intense heat. The hose was turned on it several times and it was saved.

A Tragedy in a Night Gown.

GUTHRIE, O. T., Aug. 9.—Kate Patterson of Crescent City at midnight secured a double-barrelled shot gun, walked in her night clothes to her lover's house, called him out and shot at him. Thinking she had killed him, she placed the muzzle of the gun in her mouth and with one of her bare feet pulled the trigger, her brains being blown out. Her lover was unharmed. Jealousy was the cause.

Quarantine Proclamation Withdrawn.

ST. PAUL, Minn., Aug. 9.—A despatch from Winnipeg says the Governor of North Dakota has withdrawn his proclamation placing quarantine on the Canadian Pacific, Northern Pacific and Great Northern Railway at boundary line owing to the outbreak of smallpox. Trains will resume running as usual to-morrow.

Weather Observations.

On Monday last Mr. Webber, Inspector, from the Meteorological office, Toronto, paid a visit to Mr. Thomas Telford, our weather observer, bringing with him a new thermometer and examining into Mr. Telford's system of keeping his records. After carefully going over them he expressed himself well pleased with the way the different observations of the weather were recorded and of the care taken of the instruments, in fact commending generally the exactness with which everything is done and cared for as he could not otherwise be. The rain-receiving instrument through long usage are getting out of repair, and a new lot arrived by express on Monday.

After fifteen years of such attentive service we think it full time the Government was making some allowance to Mr. Telford for the work performed as we understand from him he has never received any remuneration for his services during the time mentioned. An easy way of paying the Government's faithful and dutiful servants.

A Close Call.

After suffering for three weeks from cholera infantum, so that I was not expected to live, and, at the time, would even have been glad had death called me, so great was my suffering. A friend recommended Dr. Fowler's Extract of Wild Strawberry, which acted like magic on my system. But for this I would not be alive now.

Stand-and-Deliver Enterprise.

Not long ago it was announced that a steamship line was to be placed upon the route between Montreal and the West India Islands, for the purpose of supplying Canada with tropical fruits. Now the promoters of the scheme say they will make Boston the terminus of their line unless the Dominion Government grants them a big subsidy. It seems that all these so-called "patriotic" enterprises are merely so many schemes for bleeding the Dominion treasury. If the promoters of a steamship company can scare Mr. Foster into giving them a subsidy by threats of course they are not to be blamed for taking advantage of their opportunities. Business is business. The people to blame are the members of parliament who tolerate such systematic blackmailing of the public treasury.

Trend of the U. S. Elections.

The significance of the victory of the regular Democratic candidate for Governor in Alabama lies in the fact that his opponent though also a Democrat, was backed by the Republicans and the People's party. The question was whether the combination would be strong enough to break up the Solid South in the Presidential election. One paper says that the complete rout of the entire combination of renegade Democrats, Farmers' Alliance and Republicans in Alabama dispels the delusion that there is hope of carrying a single Southern State against Cleveland and Stevenson; and another declares that the defeat of the coalition throws a wet blanket over the attempt to break the Solid South by a flank movement. A curious feature of the election is that the negroes seem to have voted for the regular Democratic nominee.

POSTMASTERS DIRECTED TO SEIZE CONTRABAND MUSIC.

A Fugitive Kills a Deputy and Seriously Wounds Another—Rafts of Saw Logs from Canada—The Pago-Pago Island Incident.

BUFFALO, Aug. 8.—About a year ago the Postoffice Department sent out notices to postmasters warning them to be on the lookout for contraband music, and directing them to seize it and forward it to Washington. Since then a considerable amount has been seized at the Buffalo postoffice.

A large number of Canadian firms make a habit of seizing upon new publications and reprinting them, and as they have no copyright to pay they are enabled to sell them very much cheaper than the rightful publisher can.

About 75 packages, each containing about half a dozen sheets of music printed by Canadian publishers, are now at the Buffalo postoffice, having been spotted and seized, and will be sent to Washington next week.

Some Facts Furnished by the Leader of the Revolutionists.

EL PASO, Texas, Aug. 8.—The Times contains an interview with General Luis Sandoval, in which the revolutionary leader scouts the idea of Texas deputy Marshals arresting Garza. The most important feature of the interview is a discussion of the financial condition of Mexico. He says the actual condition of the country is one of financial embarrassment.

General Diaz's lack of knowledge of governing the country has led to this crisis. He mortgaged the future of Mexico for $30,000,000 to build railroads and these roads by exorbitant rates have killed the prosperity of the country. The national treasury has no money to pay the interest on the railroad bonds for the coming year, and to cover this it is proposed to float a loan of $20,000,000. Destitution is universal.

The demoralization in the official atmosphere is such that last week Senor Romero, recently nominated Minister of the Treasury, declared officially that $4,000,000 per annum might have been economized during the seven years Gen. Dias has been in power.

If the $20,000,000 loan can not be floated nothing is left but to take the money by force from the National banks to pay the outstanding foreign debts. The State of Zacatecas has already reached this stage, and is forcing a loan from the people.

UNCLE SAM'S PICTURE GALLERY.

Comprises the "Photos" of Nearly All the Chinese in the Country.

NEW YORK, Aug. 8.—It is hardly to be supposed that the United States Government has entered into collusion with the photographers of the big cities where our Chinese friend and brother doth mostly congregate to boom the picture taking industry, but the act of Congress recently enacted relating to the Chinese will have that effect.

Under its provisions every Mongolian, heathen or otherwise who wishes to remain in this country must have at least three cabinet photographs taken of himself and then make a present of them to the Government for purposes of identification.

General Kerwin, Collector of Inland Revenue, has been given the job of collecting the presentments of the Chinamen in this district, and he is already at work getting his big photograph album fixed up. The Chinamen will have to go to the collector's office in person and register at the same time they present their pictures.

The pictures have to be good ones, the collector says, and Coney Island bathing suit misfits won't go. Neither will the pictures of late lamented Chinamen go.

It should be understood that members of the Chinese elite or creme de la creme who may come to or be in this country are not affected by the new act. The regulations apply only to "lat-wero," to those who work regularly "for hire."

DEAR SIRS,—For several years my sister suffered from liver complaint. As doctors gave her no help we tried B. B. B. which cured her completely. I can recommend it to all.

dw MISS MAUD GRAHAM, Lyons, Ont.

The Morning Cold Bath.

Persons who have abundance of flesh and blood, who are sluggish in temperament, and whose nervous force is not depleted, can take the cold morning bath to advantage. Others who are inclined to be thin in flesh, whose hands and feet become cold and clammy on slight provocation, who digest food slowly and assimilate it with difficulty, who are nervous and who carry large mental burdens, should avoid early morning bathing. For all such the bath at noonday or before retiring at night is far more desirable, and it should be followed by rest of body and brain till equitable conditions of circulation are re-established.

Origin of Epicurean.

The Epicureans were a famous sect founded by Epicurus; their principal tenet was, that the happiness of mankind consisted in pleasure, not such as arises from sensual gratification, but from the enjoyment of the mind and the sweets of virtue.

To-day the Epicurean is known as a being who indulges in feast, riot and sensual enjoyments; he is also known to be a lover of luxuries pertaining to the table.

The Epicurean of the present day often suffers from ills brought on by his mode of living. His wealth and gold enable him to fare sumptuously; but often—very often—his stomach suffers untold agony. We often find the Epicurean in the hands of the physician; his digestive organism becomes sadly deranged, and it requires repairs quite as much as does the overworked and worn out parts of any mechanical machine.

The suffering Epicurean is found in Canada as well as in other lands. Here he has fortunately found a remedy for his overtaxed and overworked stomach, in Paine's Celery Compound. This great national remedy removes his dyspepsia and indigestion and enables him to enjoy life if he is willing to observe nature's laws. No preparation known to mankind has accomplished a grander work for the man or woman whose digestion has become deranged and disordered. Paine's Celery Compound is now regularly kept in every Epicurean's house, and is the only trusted remedy when digestion fails and other troubles arise.

Canadian Cheese.

A growing demand for Canadian cheese in Britain is a good sign and a natural consequence of attention to quality. From Montreal the shipments up to date aggregate 640,000 boxes compared with 524,000 boxes during the same period last year, an increase of 116,000 boxes. No one doubts that we keep our hold upon the English market by reason of the excellent quality of the cheese. Why should it not be the same with eggs? Complaints come that some egg shippers are not as careful as they should be, a very short-sighted policy which can only end in injury.

When weak, weary and worn out, Hood's Sarsaparilla is just the medicine to restore your strength and give you a good appetite.

A Friend

Wishes to speak through the *Register* of the beneficial results he has received from a regular use of *Ayer's Pills*. He says: "I was feeling sick and tired and my stomach seemed all out of order. I tried a number of remedies, but none seemed to give me relief until I was induced to try the old reliable Ayer's Pills. I have taken only one box, but I feel like a new man. I think they are the most pleasant and easy to take of anything I ever used, being so finely sugar-coated that even a child will take them. I urge upon all who are

In Need

of a laxative to try Ayer's Pills."—Boothbay (Me.) *Register*.

"Between the ages of five and fifteen, I was troubled with a kind of salt-rheum, or eruption, chiefly confined to the legs, and especially to the bend of the knee above the calf. Here, running sores formed which would scab over, but would break immediately on moving the leg. My mother tried everything she could think of, but all was without avail. Although a child, I read in the papers about the beneficial effects of Ayer's Pills, and persuaded my mother to let me try them. With no great faith in the result, she procured

Ayer's Pills

and I began to use them, and soon noticed an improvement. Encouraged by this, I kept on till I took two boxes, when the sores disappeared and have never troubled me since."—H. Chipman, Real Estate Agent, Roanoke, Va.

"I suffered for years from stomach and kidney troubles, causing very severe pains in various parts of the body. None of the remedies I tried afforded me any relief until I began taking Ayer's Pills, and was cured."—Wm. Goddard, Notary Public, Five Lakes, Mich.

There was not sufficient time to finish the game, but the two teams will come together again some afternoon to decide which is the best.

An Edison Illuminating Convention.

The annual convention of the Association of Edison Illuminating Companies commenced this morning at the Rossin House, Toronto, and the session will be continued to-morrow and the next day. A number of the chief officers of the various electrical companies and organizations of the United States and Canada will also take part in the proceedings. Among the most notable of the delegates are: C. A. Coffin, president of the General Electric Company of New York and Boston; Samuel Insull, president of the Chicago Edison Illuminating Company; W. I. Ahdrews, Peterborough, general superintendent of the Edison General Electric Company, of Canada; D. R. Weeks, manager of the Kansas City Edison Illuminating Company, and Mr. J. H. Vale, of the Edison General Electric Company of New York. When the election of officers and other routine business has been disposed of, some interesting papers will be presented and a number of addresses delivered by the most distinguished of the delegates. To-morrow afternoon the visitors will be driven over the city, and in the evening will be treated to a moonlight sail. The party will call at the Island, where they will be entertained at Hanlan's hotel. It is proposed that on Thursday the convention shall visit Peterborough in a body, where the shops of the Canadian department are located. The last annual meeting of the Association was held in New York.

Civic Holiday excursion to Hastings.
More genuine pleasure at it than any other.
Because everything is complete in all respects
Amusements of so many different kinds.
Everybody is certain to enjoy themselves.
Big list of sports to be competed for.
Angling, music, dancing and comfort for all.
Come one, come all, and enjoy yourselves,
Otherwise you will regret it forever.
Fun in abundance for everyone, hot water provided.

Foresters Grand Union Excursion.

A union excursion under the auspices of Courts Peterborough and Langton, Canadian Order of Foresters, will be run on Thursday, August 25th. The excursion will leave the Grand Trunk station at 7 o'clock, and proceeding by steamer Sunbeam and palace barge, Paragon, will take the charming route of the lakes, making an hour and a half stay at both Buckhorn and Burleigh. Butcher's orchestra will accompany the excursion, and the committee will provide hot water, tea and sugar for excursionists. Refreshments will also be served on board the boats. Fare for round trip 80 cents, children half price.

Bid Him Good-Bye.

Last evening the Baptist Y.P.S.C.E. bid good-bye to Mr. R. J. Colville, an old and consistent member of their association. President Pengelly presided. Addresses were delivered by Dr. Scott, on behalf of the church, L. Crowly, on behalf of the society and Sunday school and A. L. Grover, on behalf of the South Ward Mission, making references to Mr. Colville's earnestness and faithfulness as a worker in the cause of Christ. Mr. Colville made a feeling reply. Addresses were also delivered by A. J. Johnston, A. Hamilton, Miss Quinn and others. At the close refreshments were served.

Echoes From the Wreck.

Mr. John Kerr who so narrowly escaped with his life in yesterday's smash-up is progressing favourably. He rested peacefully last night and there is every prospect of his recovery.

The wrecker from Harwood is still on the scene. A dozen men were working all yesterday afternoon to clear the track. Remnants of broken cars and pairs of trucks are still strewn along the roadside.

Hundreds visited the scene of the smash-up last night and viewed the distorted mass of iron and wood with wonder.

Messrs. George Johnston and Daniel Turcotte who were severely bruised and cut are getting along nicely.

Preparing for the Vote

Mr. John R. Cobb, returning officer, is preparing the voters list, forms, ballots, etc., for the different deputy returning officers at the various polls divisions on Friday next, when the sewerage bylaw will be submitted to the people. The polls will be open from 9 to 5 o'clock. Those who have the privilege of recording their votes must be freeholders or lease holders whose term of lease extends over 30 years, the length of time according to the by-law for which the debentures are to be issued. On Tuesday at 12 o'clock the clerk will appoint persons to attend at the various polling places and at the final summing up of the votes by the clerk of those interested in promoting or opposing the by-law. On Saturday at noon the clerk will sum up the number of votes given for and against the bylaw.

A Handsome Little Craft.

One of the prettiest little crafts that will dot the bosom of Little Lake's blue surface is the staunch little craft of Messrs. W. D. Best, John Bennett and J. H. Metheral, which kissed the waters for the first time this afternoon. She is 18 feet long, has a 39 inch beam, and a speed of five miles an hour. The engine is a reversible oscillatory and the cylinder 1½ by ½ feet. She has a 10 inch propeller and weighs only only 320 pounds complete. The engine was manufactured by Mr. Best and the woodwork was done by Messrs. Metheral and Bennett. The launch was made at Bridgenorth and Messrs. Bennett, Best, J. H. Metheral and John Kincaid will leave on her to-morrow for a few days camping out around Bennett's Island, Stony Lake, and other places. The wee bark will carry five persons comfortably.

Grand Aggregation of Attractions Civic Holiday, Aug. 15th,

A TRIP UNEQUALLED—Through the beautiful chain of lakes from Chemong to Lakefield,

"Where lonely rivers creep by unknown ways,
And tangled forests near their shadowed maze;
Where giant rocks in frowning ruins strewed,
Obstruct the way and guard the solitude."

NO CROWDING—As a special train—carrying no other excursion—has been secured, leaving G.T.R. station at 7 a.m. and likewise the sale of tickets is limited.

NO TARDINESS ON THE WAY—As the steamer "Golden City"—the fastest boat on the lakes—carries excursionists on this delightful voyage.

NO MONOTONY—As the route presents a great variety of scenery; after passing through Chemong and Buckhorn lakes, two hours will be allowed at Buckhorn Rapids for fishing and viewing the scenery of this wildly rugged but beautiful spot. After a farther sail through Buckhorn river, Deer Bay, Lovelick locks and Lovesick Lake, Burleigh Falls will be reached when 1 hour will be spent, after which a sail of 3 hours through the beauties of Stoney Lake. Spending one hour at Juniper Island, brings us to Clear Lake, passing through Young's Point locks into Katchawanooka Lake, thence to Lakefield. A continuous round of pleasure.

NO INCONVENIENCE—As hot water can be had on board for making tea. A lunch and refreshment counter will also be conducted and at Buckhorn and Burleigh Falls excellent hotel accommodation can be had.

Round fare 85c, children 40c. Tickets for sale at the stores of Fairweather & Co., Metropolitan Grocery, P. Connal's, and at office of Canada Loan and Saving's Co.

An Unusual Death Rate.

At this season of the year there are always many deaths, particularly among children, from Summer Complaint, Diarrhœa, Dysentery, Cholera Morbus, Cramps, etc., but this season the cases seem to be unusually frequent and fatal, and everyone ought to know that a sure and speedy cure can easily be obtained by taking a teaspoonful of PERRY DAVIS' PAIN KILLER in sweetened water (hot water is the best) every half hour until relieved. This remedy has never been known to fail. Full directions are with each bottle. It is kept by every respectable druggist. New big bottle, old popular 25c. price.

News Nuggets.

—Belleville will probably hold horse race on Aug. 30th and 31st.

—There was no police court again this morning. All is quiet everywhere.

—The moonlight excursion down the river on Thursday evening promises to be a grand success.

—Something new in Fancy Table Covers at MISS E. MELVILLE'S, 424 George street. Stamping done.

—Ashburnham Lodge, I.O.G.T., will elect officers for the ensuing term at their regular meeting this evening.

In all probability the Ellisons and the Peterborough Baseball Clubs will meet again on Saturday afternoon next.

—The senior Shamrock Lacrosse Team and the junior Peterborough's will settle the matter of supremacy on the P. A. A. A. grounds on Saturday afternoon next at 2.30 o'clock.

—It is expected that the Aretics, of Toronto, will play the Peterborough baseball club here on Monday next, the date of the Grand Canadian Order of Foresters' excursion from Toronto to Peterborough.

—A meeting of the E. B. A. picnic committee who had charge of the arrangements on Saturday will be held in their rooms this evening for the purpose of winding up matters in connection with the late picnic.

—Mr. J. J. Lynch, grocer, had an unusual sight meet his eyes yesterday. He was handling some banana bunches when a small and young tarantula appeared from under the bunch upon the skin of one of the bananas. Mr. Lynch immediately threw the banana bunch in a tub of water and drowned the insidious spider whose bite is as deadly as the wound from a Zulu's poisoned arrow.

Miss L. Morris is visiting friends in Peterborough.—[Belleville Intelligencer.

Mr. R. Nagle and his daughter Miss Nagle, Ottawa, are the guests of Mr. H. Paelan for a few days.

The many old friends of Mr. Jas. McNabb, says the Port Hope *Guide*, formerly roadmaster of the G.T.R. here, but now filling a similar position at Peterborough, were greatly pleased to meet him here in town on Friday last. Mr. McNabb is looking hale and hearty, and as young and active as ever.

Col. Corry Smith, wife and family of London, England, are guests at the Oriental. Col. Smith intends taking up his permanent residence in Peterborough or vicinity. He is an old and tried British officer, having served gallantly in many of Britian's hard fought campaigns. He bears numerous recognitions in the way of medals for service in the Imperial ranks and will be welcomed as a good citizen of our enterprising town.

Kinmount Consumed.

By the Lightning's Flash—A Terrible Electrical Storm

At 1 40 this morning slumbering Kinmount was aroused by a terrible thunder peal, followed by the cry of "fire," from the watchman of the Lindsay Lumber Company's Mills, which were wrapped in flames, having been struck by lightning and fired. During the progress of a terrific storm the mill was burned to the ground together with 200,000 feet of lumber, 200,000 shingles and a quantity of bill timber, the stables attached and some dwellings in the vicinity. The mills were built by Thomas Dean, of Lindsay, two years ago. The exact amount of the loss is not yet known, but it is considered to be between $15,000 and $20,000 with $4,500 insurance. It will be a serious thing for the villagers, many at whom depended for their living upon the employment the mills afforded. The fire was still raging when the train left at 8 o'clock this morning.

Pleasure and Sight Seeing.

See Belleville, Massassaga Park, Deseronto, Glenora, Picton, and the Sand Banks, by going with the Oddfellows on Civic Holiday on their excursion. The sail down the Bay of Quinte is delightful and the trip will be made in quick time. You will be in Picton in time for dinner, or can get first-class meals on the boat. This is the new route and you can continue the pleasure of the outing with seeing places of which you have read but never seen. The chance is a golden one and the return fare is only $1.50, children half fare. Come with the Oddfellows and enjoy the day. 1d

St. Paul's R. C. Picnic, Roman Catholic Picnic to be held at Strickland's Point

Lakefield. Lakefield, on Peterborough's Civic Holiday, August 15th, is the finest chance for enjoyment the day presents. A splendid programme of amusements; boating, fishing, etc., in addition to a baseball match between two crack teams, a football match between Peterborough and all-comers, and a determined tug of war between Lakefield and the river men. A continuous round of enjoyment. Peterborough citizens can go by the Grand Trunk regular trains for a single fare—at either 8 40 a.m. or 1.15 p.m.

Ladies Attention.

Persons desiring to become expert cutters should call on Mrs. E. Keane who teaches Crow's mechanical system—best in use—fits every form—follows every fashion. Skirts cut or made complete, patterns drafted while you wait, seamless basques and dartless coats fitted to perfection. Intending pupils should call early; satisfaction guaranteed. Agents wanted at the Peterborough Cutting and Sewing School, corner of George and Elmburgh streets. Arrangements completed to do white sewing of all kinds, everything in the line of family sewing. Ladies needing sewing done should apply promptly to secure prompt filling of orders.

Raised from the Dead

Long and Terrible Illness from Blood Poisoning

Completely Cured by Hood's Sarsaparilla.

Mrs. Mary E. O'Fallon, a very intelligent lady of Piqua, Ohio, was poisoned while assisting physicians at an autopsy 5 years ago, and soon terrible ulcers broke out on her head, arms, tongue and throat. Her hair all came out. She weighed but 78 lbs., and saw no prospect of help. At last she began to take Hood's Sarsaparilla and at once improved; could soon get out of bed and walk. She says: "I became perfectly cured by

Hood's Sarsaparilla

and am now a well woman. I weigh 126 lbs., eat well and do the work for a large family. My case seems a wonderful recovery and physicians look at me in astonishment, as almost like one raised from the dead."

THE SEWERAGE BY-LAW

Thoroughly Discussed at the Board of Trade Meeting.

Held in the Council Chamber Last Evening—Opinions of the Ratepayers Expressed in a Forcible Manner—All Favourable to Sewerage—The Consideration of the Subject in all its Phases.

There was not a large attendance at the public meeting called by the Board of Trade held in the council chamber last night, only about 100 ratepayers being present but they were composed principally of business men and men of influence and weight. In the absence of Mr. Robt. Fair, president of the Board, Mr. J. Hampden Burnham, secretary, was appointed chairman. In his opening remarks he said that there was not as large a number present as there should be, especially when such an important matter as the sewerage system in which every ratepayer was interested was now before the people. He then read the resolution in reference to sewerage passed by the Board of Health on July 9th, which has already appeared in the EXAMINER. It mentions the advisability of the outfall sewer on Townsend street being constructed as soon as possible and that the Board in the event of the by-law being rejected intended to prosecute all persons using the creek or George street sewer for the discharge of sewage. Continuing Mr. Burnham said he understood that the members of the Board of Health intended to follow out the clauses in the resolution to the letter. They intended not to speak but to act. The chairman then in a few well chosen words introduced Dr. P. H. Bryce, Secretary of the Provincial Board of Health.

FAVOURS THE SEWERAGE SYSTEM.

Dr. BRYCE said he had been called here to enquire into a nuisance which had as yet remained unabated but in the view of the sewerage by-law it would now likely be effaced. He had been invited to remain and address the meeting, as the ratepayers intended to vote upon a certain portion of the sewerage system next Friday he might in order to bring the utility of it before the people refer to the many positive advantages other towns and cities of the size of Peterborough had derived from a complete system of sewerage. Dr. Bryce went into statistics to show what advantages towns who had adopted sewerage system, had derived in the shape of lower death rates. The town of Brockville, about the size of Peterborough, has had sewers completed for five years. The absence of the two diseases typhoid and diphtheria, were in direct ratio to the existence of sewers. Guelph had waterworks, but no sewers. Brockville with 12 miles of sewerage, had no case of diphtheria and only one of typhoid last year. The annual death rate in Brockville was 107 compared to 163 in Peterborough. The town of Brantford put in a system of sewerage on the distinct understanding that the health office would make the waterworks pay for the system of sewerage. Brantford as a fact would pay for its sewerage by the profits of its waterworks, and there was besides a

GREAT IMPROVEMENT IN THE PUBLIC HEALTH.

Last year Guelph had 38 deaths from diphtheria. A system of cesspools polluting wells caused a phenomenally high death rate, and that condition of things reacted prejudicially upon the commercial prosperity of the town in many ways, and Guelph had resolved upon sewers and was in about the same stage as Peterborough. As to the Peterborough system it was submitted to the Provincial Board of Health and approved. The present scheme seemed to possess the necessary scientific completeness of detail to permit of the construction of an efficient system of sewers. He did not think it advisable for the council to consider amendments to the first scheme. The outfall sewer of Brockville, 16 inches in diameter, discharged sewage in 90 minutes from the distant parts of the town. The Peterborough outfall sewer of 18 inches was amply sufficient for present needs and more, and if needed, that could be duplicated, but it would be more costly than a 24-inch pipe laid at first. The question of payment was an important matter. A main trunk sewer was a necessary complement to laterals, which experience has shown need to be much smaller than the main sewer. It was a question to decide how much of the 18-inch main was to be used as a trunk and how much as a lateral. He thought that a fair basis for the construction of a main sewer was to build the main sewer by a general tax, assessing to the property, using the main a frontage tax equal to the cost of a nine-inch. To make a lateral sewer effective there must be a main sewer. If the whole town was going to be taxed for the system of sewerage there would be objection on the ground of a general tax. A trunk sewer was necessary for the laterals wherever they were. How much was needed of an 18-inch lateral for people along the main street and how much of it a trunk sewer was the question. In Brantford a lateral 8 inch pipe cost 60 cents per foot on each side of the street, or $1.20 per running foot. On a 20 foot lot it would not be necessary to pay for laterals more than 60 cents and have $12 for a lateral sewer, the other side of the street paying the other $12. If this were true it should remove all objections to sewers not being completed at once. Mr. MacDougall and Mr. Belcher were two capable engineers, and the town would have a guarantee that the sewerage system would be carried out in a satisfactory manner and on a business like basis.

BOARD OF HEALTH OPINIONS

Dr. BRENNAN stated that he had been asked by Mr. Pierce (chairman), to be present as it so happened that he was the mover of the resolution passed by the Board of Health. It was the opinion of the Board that sewerage was necessary and must be put in. They knew nothing as to cost, it was the town's health they were looking after. In the resolution passed some system of sewerage was indicated as necessary, and he thought the present system was as good and efficient as any. The Board of Health felt that in this matter it must not only recommend but demand a system of sewerage and they feel it their duty to prosecute any one emptying sewerage into the creek or George street sewer. They intended to adhere strictly to all the clauses mentioned in the resolution.

Dr. FIFE another member of the Board of Health said he had been a member of the Board of Health for years and had come to the conclusion that sewerage was absolutely necessary for the safety of the town. The Board of Health were very anxious to see a system put in. The system proposed by Mr. MacDougall was as good as any. He hoped the citizens would support the bylaw.

THE COUNCIL ON THE QUESTION.

Mayor KENDRY said the council had as good a system of sewerage prepared as was possible, and it depended upon the people to say whether they would have it or not. There was some uncertainty among the ratepayers. They feared we were going to tax the town generally. This was not the proper way to look at it. $40,000 was to be spent on outfall sewer, and the money could not be expended by the council in any other way. The trouble in reference to the by-law was in the outskirts. The residents there thought they would reap no benefit from the system. If sewers benefitted the centre of the town, they would be good for the outskirts owing to these doing business in the centre living in the outskirts. Peterborough so progressive and go-ahead in other matters was behind in sewerage. The council had done its duty to the people and had prepared an efficient system. If the ratepayers voted it down on Friday the council were not responsible. Their responsibility in the matter had ceased. He lamented the lack of interest as evinced by the small attendance to-night. He would be glad to call a meeting in the Opera House on Wednesday night to discuss the matter and the building should be crowded.

THE CHAIRMAN'S REMARKS.

Mr. CAHILL, chairman of the sewerage committee, said he would prefer not to say anything on the matter but leave it to the ratepayers to decide the question. If he had not been a convert to the sewerage system he would be one upon hearing Dr. Bryce's lucid statements on the subject. In explanation of the reason of the sum of $40,000 being demanded by the by-law, Mr. Cahill said that the distance from the outfall at the river to Sherbrooke street was 6,800 feet. This, including manholes, flushing arrangements, engineering and inspection, was put down at $3 per foot, amounting to $20,400. This, he understood, the people had no objection to voting for, but they wanted to know what was going to be done with the balance of the $40,000 asked by the by-law. He explained this by the help of Mr. MacDougall's estimates. It was well understood he said, that the town was to pay the cost out of the general funds, of all sewers over and above the cost of a nine inch pipe. We had then, exclusive of the outfall sewer, 1,440 feet of 18 inch pipe to be laid on Aylmer street, north of King street. The differences, according to Mr. MacDougall's figures, between a 9 inch and an 18-inch pipe is 70c. per foot, amounting on 1440 feet to $1008. Then we had 4300 feet of 15-inch pipe to be laid principally on George street, north of Sherbrooke and on Aylmer street, north of Brock. The difference in cost between this and the nine inch pipe was 55 cents per foot amounting to $2,205. Then again we had 11,500 feet of 12-inch pipe to be laid principally on George street north, Aylmer street north, Park street and Water street. The difference in cost between this size and a nine-inch pipe being 30 cents per foot, it amounted to $3,450. This made a difference in these three items of pipe of $6 658, representing the difference in cost of a nine-inch pipe as compared to the cost of the sizes mentioned which are necessary to form part of the system, and without which the system would be of no use, for the main pipes would receive the 9 inch laterals and carry off the sewage from side streets to the outfall. Then we come to the street crossings, which would have to be paid for out of the general fund, the frontage tax in this case being impossible, the town owning the street. The street crossings amounted to 15 per cent of the whole area to be sewered. The whole area being 112 360 feet, 15 per cent on this would equal 16,846 feet, which Mr. Cahill put down as $1 per foot, being, he thought, a fair estimate as portions of it would be 18, 15 and 12 inches. This then amounted to $16,846 making with the $6 658 (mentioned previously as the difference in cost between 9 inch and other sized pipes) and together with the $20 400 for the outfall, a total of $43 904 or $3,904 more than asked for in the by-law. But he said it was fair to assume that all these streets would not be crossed with sewers for a few years. Therefore, taking one half of the streets, which would probably be sewered in the course of three or four years, we had a reduction of the amount for crossing streets for the next few years to $8,423, which, together with the cost of the difference in pipes, and the cost of the outfall sewer, amounted to $35,481, leaving a margin of $4 519 for contingencies, which was certainly not too much for a work of the kind in question, and which would of course be taken up as fast as more streets than estimated were crossed. Mr. Cahill stated that no change was made in the system without Mr. MacDougall's approval and concurrence, and although the outfall sewer was reduced in size to save a large immediate outlay, all the rest of the system remained exactly as the original plans provided. Mr. Cahill stated that the outfall sewer for the town of Brockville, which now has about 12 miles of sewerage, was only 16 inches, thus being an iron pipe running 1,000 feet under the St. Lawrence River.

GENERAL OPINION.

Mr. WM. LECH declared himself strongly in favor of sewerage. He thought the system proposed was a good one and adapted to meet all demands. He would be sorry to see the by-law defeated; though while all agreed that the outfall sewer would not cost more than $20 000, he could not see the wisdom of asking $40,000 for the construction of main sewers.

Mayor KENDRY explained that the council asked for $40,000 because $20,000 was not enough. He did not believe in only asking enough to carry on the work for a short distance and then be compelled to stop and have another by-law submitted. The $40,000 could not be expended by the council for any other purpose than main sewers. He was not in favor of a commission undertaking the construction of the system, as Mr. Cahill advocated.

Mr. DENNISTOUN said he would be glad to explain the question to any one who did not thoroughly understand it.

Mr. W. H. LAW suggested that a 26 inch pipe for the outfall would be double the capacity of an 18-inch pipe, while the cost was only about 25 per cent. more.

Mr. CAHILL quoted from a price list of a Montreal firm, showing that the price of 26-inch sewer pipe was about double of that of 18 inch pipe.

Dr. POOLE, of London, Eng., said he was a stranger in Peterborough but he had given the sewerage system some attention. He spoke strongly against the emptying of the main outfall sewer into the river. The land wanted the manure and why not give it up it instead of wasting it by disposing of it in the river.

Mr. DAWSON, councillor, desired to explain his reasons for opposing the by law. He did not object to sewerage, on the contrary, he was strongly in favor of it, but he opposed the by-law in the shape it was going before the people. He was opposed to voting $40 000 for main sewers when $20,000 would do the work. When the town came to have sewerage, half of the people would not use it. Not more than half a dozen merchants on George street were using the sewer to-day. He referred to the dam in the West Ward, which had never claimed the attention of the Board of Health.

Mr. YOUNG said, whatever amount was voted to the council by the people, was a sacred trust and the council was liable for the expenditure. Councillor Dawson should know that the council could not use the money for any other purpose.

Mr. DAWSON said there was no hindrance or restriction, as he understood it, to prevent the council spending the whole $40,000 for the outfall sewer.

Mr. YOUNG explained that $20,000 was to be expended on the outfall sewer and the other $20,000 was for main sewers on George, Aylmer and Park streets.

Mayor KENDRY said they were to be guided by the engineer. He said it would require $40,000 for main sewers and $20,000 would not cover it.

Dr. BRENNAN said the Board of Health's objection to people using the George street sewer was a good one as it emptied into the river only a short distance from the centre of the town and at low water in the river the stench arising from the disposal of matter at this point was very offensive.

JAS. STEVENSON, M.P., said he was in favour of sewerage and that the town must have it. He had watched the by-law and the system for himself and was in accord with the scheme proposed by the council. Sewers were as necessary for the town as a house for a citizen. It was a disgrace to Peterborough that she had not a thorough system long ago. He was sorry to see the council disagreeing on the matter. The river was large and the emptying of the sewage into it would not, with the number who would use the sewer for the next few years, be missed.

Mr. F. FOORE said the question of expense should be one of secondary consideration. Public health was the vital point at issue. The council should ask enough money to complete the main sewers without going to the people again.

Mr. D. W. DUMBLE said he was pleased at reading Dr. Poole's letter in the paper. He agreed with him that what came from the earth should go back again, but the present means of disposing of the sewage was the best in view of all the circumstances. It was a disgrace to Peterborough that she had not put in a system of sewerage long ago. The George street sewer was a good one of its kind, but it must be remembered that it was put there 40 years ago by intelligent men, but nothing had ever been done since by the citizens in the matter of sewerage. If the people wanted city improvements all they had to do was to ask for them and they generally secured them. Sewerage was a city improvement. He combatted the objections of some citizens living in the outskirts of the town, as paying for sewers on George street, by pointing out that a very large proportion of those doing business on George street, reside in the outer parts of the town and these including boys and girls would get the benefit of the improved sanitary conditions sewers would make possible. The council had done their duty in the matter, is remained now with the people. He would vote for the by-law.

Mr DENNISTOUN said the council was not forcing the ratepayers their own suggestions in the matter. They were those of a first class engineer. No very serious objections had been made to the proposed system. The interest charge on the debentures to be issued under the by-law was only $2,200 a year, a mere bagatelle in comparison to the benefits to be derived from the sewerage system. On a 100 feet lot the frontage tax for sewerage would be between $3 and $4; this was cheaper than paying the scavenger. He urged all those in favor of the by-law to turn out on Friday and vote for the system and bring all those along in favour of it. Men who opposed it would get to the polls; there was no need of looking after them.

Mr. W. J. DEVLIN enquired of Dr. Brennan as to what part of the town there was the most sickness in. He called attention to the unhealthiness of the western part of the town from McDonnel street south.

A little further conversational discussion by Mr. Yelland and others followed, and the meeting came to a close.

"El Padre" PINS.

FOR THE COMPLEXION.

It cannot be doubted that what one eats will make or mar the skin. The famous French writer on food, Brillat-Savarin, says, "rich food makes beautiful women." But this was badly translated; he meant by it, not rich as indicating greasy, or oily, or heavy food, but he meant good food, that which is properly cooked and which is fresh. The pale pasty complexion of many of our women is attributed, without any extra thought, to too much pastry, too many sweets, overdone meat and an insufficient quantity of fresh vegetables. The green salad in any shape, from the long curling lettuce leaf to the crisp little watercress, is a constant beautifier, and more than this, regularly eaten, it quiets your nerves and gives you a pleasant sleep. But if you flood it with vinegar and powder it with sugar you have simply made for yourself a dish that will have no effect upon you whatever, unless it should be by the force of the vinegar to break the enamel of your teeth.

The right way for you to eat this most beautifying of dishes is to have upon it a good French dressing, that is, one formed of pepper, salt, a small portion of vinegar and a large portion of good, sweet olive oil; if you do not care for this then eat your salad as did the hermits of old, dipping a leaf in some salt and having with it a piece of bread and butter. All fresh vegetables, especially asparagus, tend to improve the skin. I do not say give up all sweets, but I do say eat them in their proper place; that is, after you have had your dinner and when you will not require a great quantity. Pastry, if eaten at all, must be so light that it is above reproach; then it will not have any apparent effect on the skin, but it will tend to fatten you.

Meat should be under, rather than over-done, and whoever carves for you should give you a thin slice, so that it may be easily chewed, which means easily digested. Mutton and beef will tend to strengthen you, while fowl and game of all kinds, as well as fish, are direct agents working in the interest of your complexion. To the fact that so many chickens are eaten in the south many doctors attribute the peach-like skin possessed by southern women. However, each person while governed by general rules must make individual ones for herself, as that which is one man's meat is another one's poison is particularly applicable to the result on the skin. Too much cannot be said about the value of all fruits, and if to begin the day you can get nothing but an apple for your breakfast it will be much better to eat it than to permit yourself to go without any fruit. Oranges, grape fruit, melons and all the small berries are not only desirable, but really aid in getting one's constitution in such good condition that clear eyes and a good skin are the natural results. If you do not care to eat oranges, squeeze the juice of them in a goblet, weakening it with a little water and drink that. The first great necessity toward making one's complexion good is the knowledge of what to eat.

Speaking of fruit, how many people know that one of the most cleansing, as well as the most delightful washes for the teeth, is a ripe, sweet strawberry. The way to use it is to take it by the stem, press it against one's teeth, rub it all over them, and then, still retaining it in the mouth, rince your teeth off with clear water, which, when it disappears, carries the crushed strawberry with it. Not only are the teeth whitened and made clean by this, but a delightfully fresh taste is given to the mouth.—Ladies' Home Journal.

A Simple Prescription for Cool Weather.

The mercury appears minded to keep aloft for a day or two. But that is no reason why people in these parts should be seriously affected by heat.

Comparatively, cool weather may be had by following a simple prescription.

Don't drink alcoholic liquors.

Don't drink malt liquors.

Don't eat hot foods nor drink hot beverages.

Don't eat animal food except of the lightest variety.

Don't make unnecessary or violent physical exertion.

Don't drink iced water. It heats.

Remain without food or drink, except what may be indispensible for comfort, and very little will do.

Eat plain stale bread without butter. Drink cools but not iced milk, cool but not iced tea, cool but not iced coffee.

The soda fountain contains a good deal that is not wholesome. Cold beef tea is both food and drink. It gives substance while it cool and helps the digestive organs. It is better than soda waters.

Don't wear unnecessary clothing. Don't go into the sun. Wear a wet handkerchief under a straw hat.

Have a quiet mind, a kindly heart and take life calmly.

The weather is generally comfortable under conditions such as these suggestions produce.—Chicago Herald.

COLORED BAPTISTS RAISE A RIOT.

Pistol Shots Are Fired in a Sunday School Convention.

BOLTON, Miss., Aug. 8.—The County Sunday School convention of the colored baptists met Saturday at Chappal Hill. A difficulty occurred over the riding of a "flying machine," which resulted in a riot. Forty or fifty pistol shots were fired, one man being killed and seven persons wounded, including two women and a child. Several arrests have been made.

Forged Deeds to $1,000,000 Worth of Property.

CHICAGO, Aug. 8.—A local paper says: "Title deeds have been forged covering half a section of land valued at from $750,000 to $1,000,000 in this city belonging to Mrs. Pettie R. Green. The property is situated between 59th and 63rd streets, west of Western-avenue. The forged deeds are still in the hands of the forgers, as far as known. An attempt to borrow money on them led to an expose of the swindle.

Fire at Petrolea.

MORTGAGE SALE

OF VALUABLE

TOWN AND FARM PROPERTIES

In the Town of Peterborough and in the Townships of Ennismore, Otonabee and Smith, in the County of Peterborough.

Under and by virtue of the power of sale contained in certain indentures of mortgage, which will be produced at the time of sale there will be sold at the ORIENTAL HOTEL in the Town of Peterborough, on

Wednesday the 17th day of August,

1892, at Two o'clock in the afternoon, the following freehold properties:—

PARCEL I.

Under mortgages from Daniel Costello, the south half of the south half of lot number nine in the sixth concession of the Township of Ennismore, in the County of Peterborough, containing Fifty acres more or less.

The following improvements are said to be on the premises:—

This is a choice fifty acres of land, nearly all under cultivation, and in good state of cultivation; there is a frame two-storey house, 20x30, a back kitchen, 18x20 boarded, and a frame barn, 30x40.

PARCEL II.

Under mortgage from Andrew McFarlane.

Lot number twenty-eight north of Gilmour street and all lot number twenty-one south of Homewood avenue, as shown on registered plan Number 65 for the town of Peterborough, save and except the north twenty-one feet of said lot number twenty-one taken into and made part of Homewood avenue.

The following improvements are said to be on the premises:—A large and commodious two storey brick house fronting on Homewood avenue. This is a very choice property, and situated in one of the most desirable localities in the town, being directly opposite the handsome residence and grounds of A. L. Davis, Esq.

PARCEL III.

Under mortgage from Mary Ann Heather and Francis William Heather.

That part of lot number thirteen on the south side of Sherbrooke street and west of George street, in the Town of Peterborough, described as follows:—

Commencing at a point on the east side of Rubidge street, sixty-three and one-half feet from the north-west corner of said lot. Thence southerly along the eastern boundary of Rubidge street, sixty-three and one-half feet. Thence easterly in a line parallel with Sherbrooke street, one hundred and fourteen feet more or less to the rear of said lot. Thence Northerly along the rear of said lot, sixty three and one-half feet. Thence westerly in a line parallel with Sherbrooke street, one hundred and fourteen feet more or less to the place of beginning.

The following improvements are said to be on the premises:—A large comfortable two storey brick residence and small frame store, lately occupied as a grocery store.

PARCEL IV.

Under mortgage from William Northey.

The north half of lot number thirty-two in the sixteenth concession the east half of lot number thirty-four in the seventeenth concession, and part of the south-east quarter of lot number twenty-four in the twelfth concession, all in the Township of Smith, in the County of Peterborough, the last mentioned parcel being particularly described as follows:—Commencing at a point in the western limit of the Buckhorn Road at the distance of 349 feet northerly from the south east angle of said lot thence westerly parallel with the line between lots numbers eleven and twelve, 104½ feet, thence northerly parallel with the western limit of the Buckhorn road 345 feet, thence easterly parallel with the said line between lots eleven and twelve 104 feet more or less, to the western limit of said Buckhorn Road thence southerly along the western limit of said Buckhorn Road 345 feet more or less, to the place of beginning.

The following improvements are said to be on the premises:—On the south half of lot thirty-two in the sixteenth concession there is a good house, barn and stable, and ample wood and water. There is about fifty acres under cultivation. The east half of lot thirty-four concession 17, is situated on the west shore of Deer Bay, twenty acres are cleared, and the balance is lightly timbered with mixed timber. The remaining parcel consists of about three-quarters of an acre situated in the Village of Selwyn, on which there had been a house, which has been destroyed by fire.

PARCEL V.

Under mortgage from Mary Ann Metcalf and William Henry Metcalf.

The east half of lot number ten in the first concession of the township of Smith in the county of Peterborough, containing one hundred acres, more or less, save and except the right of way sold to the Midland Railway of Canada.

The following improvements are said to be on the premises: This farm is one of the finest in the county, situated one mile from the boundary of the Town of Peterborough, immediately opposite the residence of Capt. Wallis. There is a fine young orchard, of six years' standing, of very thrifty trees just beginning to bear fruit. The whole farm is under the very highest state of cultivation. There is a good creek crossing the south end, and it is also watered by wells. There is a two-story frame house, 32x28, with an addition 20x20, a wood shed 18x20, a frame stable and driving house 25x30, a frame barn, 30x60. The farm is well adapted for dairying purposes.

PARCEL VI.

Under mortgage from Rose Linda Coon and Francis Coon.

Part of lot number ten on Walton street in the Town of Peterborough, as laid out on a plan of the subdivision of part of park lot number nine and ten in township lot number thirteen in the thirteenth concession of the Township of Monaghan, more particularly described as follows; commencing at a point on the western side of Walton street in the said town of Peterborough, distant southerly from the intersection of Walton and Weller streets, 109 feet, thence southerly along the western side of Walton street aforesaid 60 feet, thence westerly parallel to Weller street, to the western limit of said lot ten, thence northerly along the western limit of said lot ten, 60 feet, thence easterly in a straight line to the place of beginning.

The following improvements are said to be on the premises.

There is a small 1½ story frame house situated in a good locality and is at present rented.

TERMS and conditions of sale. Ten per cent of the purchase money on the day of sale and the balance in one month thereafter without interest. Further particulars will be made known at the time of sale or on application to

PIANOFORTES

we are able to offer advantages to the public which are impossible to the ordinary dealer.

Our instruments have an established reputation for excellence of TONE, TOUCH, WORKMANSHIP, and DURABILITY, and

Every Instrument is Fully Warranted for Seven Years.

Chief among our instruments which have received preferences from the best musical artists, stand

—THE—

HEINTZMAN AND EVANS PIANOS.

These instruments have been before the Canadian public for a number of years, and the great praise bestowed upon them by musical experts, along with the continued increase of sales year by year, testify to their high excellence.

The aim of the manufacturers of these two favorite Pianos has persistently been to produce the best instruments at a moderate price. They are of solid build, warranted for durability, of handsome appearance and good finish; pleasant touch and quick repetition. TONE: rich, full, bright and resonant. Beautifully singing and sympathetic in quality. The prices are moderate, and within the reach of the majority of purchasers.

We are exclusive agents in Peterborough for the celebrated

"German Syrup"

Martinsville, N.J., Methodist Parsonage. "My acquaintance with your remedy, Boschee's German Syrup, was made about fourteen years ago, when I contracted a Cold which resulted in a Hoarseness and a Cough which disabled me from filling my pulpit for a number of Sabbaths. After trying a Physician, without obtaining relief—I cannot say now what remedy he prescribed—I saw the advertisement of your remedy and obtained a bottle. I received such quick and permanent help from it that whenever we have had Throat or Bronchial troubles since in our family, Boschee's German Syrup has been our favorite remedy and always with favorable results. I have never hesitated to report my experience of its use to others when I have found them troubled in like manner." REV. W. H. HAGGARTY, of the Newark, New Jersey, M.E. Conference, April 25, '90.

HOW THE POPE SPENDS HIS DAYS.

The Great Catholic Potentate is Busy from Morning to Night

In summer, as in winter, Pope Leo XIII. is awakened at 6 by his private servant. The Pope gets up from bed unaided, and also performs his toilet unaided, except shaving. At 7 he says his mass and hears a second mass celebrated by one of the attendants. It happens sometimes that the Pope, having been troubled with sleeplessness, gets up with a piece of Latin or Italian poetry composed during the wakeful hours. The breakfast of the Pope consists of coffee, milk and bread without butter. Soon after the official reception begins, except Tuesdays and Fridays, which are set apart for the reception of the diplomatic body. Cardinals, heads of congregations, generals of monastic orders, strangers of distinction, are received later in the day. In winter, if the sun shines, the receptions are interrupted for a while for a walk or a drive of half an hour in the Vatican gardens. Leo XIII. dines at 1 o'clock in the old Roman style. The dinner is composed of a soup, generally pate d'Italie, a roast, a vegetable, very often fried potatoes, and fruit. The only wine served is old Bordeaux.

The Pope is very apt to glance over the journals at meal times. He dines alone generally. An invitation to take coffee and milk after the Pope's mass is considered a great honor. It has lately been granted to the ex-Grand Duchess of Tuscany and the Princes Borghese, Aldobrandini, Altieri and Ludovisi. In all cases the visitors sit at a small table placed next to the Pope's. After dinner Leo XIII. takes a siesta never lasting beyond an hour. Then follows a drive in the Belvedere Gardens. At 6 o'clock after granting other audiences he takes a cup of bouillon and a glass of Bordeaux. Evenings are generally devoted to study and writing. The literary, or mental work of the Pope is really prodigious. He prefers to dictate to his secretaries from notes which are prepared on a number of small scraps of paper. The scraps are afterward torn into a thousand fragments to prevent their being saved, given away or sold as autographs.

When there is urgency in the work confided to one of the secretaries of the Pope confines him in a room, supplies him with writing materials, and goes away, putting in his pocket the key. The prisoner, after two or three hours, hears the key turning in the lock and sees the good Pope come quietly in with a bottle of excellent wine and a few biscuits. After examining the work, the august visitor says a few words to stimulate the activity of the writer, offers him the refreshments, and soon leaves again, taking with him his bottle and his biscuits.

When the night work is over the Pope recites the rosary. Between 10.30 and 11 o'clock he takes a cup of consomme, a bit of cold meat saved from the dinner, and the usual glass of Bordeaux. The regular hour for retiring is 11 o'clock. The Pope does not enjoy calm sleep, especially when he has over-fatigued himself during the day, or when there are sudden changes in the weather.—Giavenni Arnadi, in North American Review for August.

A Cool Head.

There is nothing that conduces to a successful meeting of emergencies better than a cool head, with a feeling of perfect confidence that everything is going to come out all right. Whether things are "coming out all right" or not, at least the feeling of quiet self-control makes one better able to work toward the good result. To a mother this self-possession is invaluable. In a large family small events calculated to upset the domestic machinery are constantly occurring. It seems to be a law of nature that children should continually have hair-breadth escapes, and come within an inch of losing their lives. But it is equally a law of nature that they should escape. And whenever the critical moment arrives in her own life or in the life of another, it is important for a woman to remember that the very worst thing she can do at that moment is to lose her head.

To do that means to be helpless instead of helpful, to be a drag instead of an assistance. In an emergency one should rather seem heartless than inefficient. There are always ten people ready to cry or faint or shed tears over the sufferer where there is one who stands coolly by and sees the way to help him. Affection and sympathy are often best proved by ignoring them, particularly when the moment arrives that calls for action and not for tears.—Harper's Bazar.

Like a ship without a rudder is a man or a woman without health and the necessary strength to perform the ordinary duties of life. When the appetite fails, when debility, and a disordered condition of stomach, liver, kidney and bowels assail you, take Ayer's Sarsaparilla.

The Head Surgeon

Of the Lubon Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dizziness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequences. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to man. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flushes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart beat quicker than the first, pain above the breast bone, etc., can positively be cured. No cure, no pay. Send for book. Address M. V. LUBON, 24 Macdonell ave., Toronto, Canada

Keep the Works in good order.

NORMAN, Ont., January 15, 1890.
W. H. COMSTOCK, Brockville, Ont.
DEAR SIR,—Your "Dr. Morse's Indian Root Pills" are the best regulator for the system that humanity can use. Life is as the time piece: frail and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheel in the works, and what is the result?—at first only a slight difference is perceptible in its time-keeping, but wait you; as the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve vigor and vitality.
Yours faithfully,
H. F. ATWELL.

GOSSIP!

"Dear me, these are the most beautiful photographs I ever saw."

"Yes, they certainly are very fine and elegantly finished, besides, they are permanent."

"Do they cost more than before."

"No, not to us, though the material is much more expensive, yet Mr. Sprouls believes in having the best obtainable. He says nothing is too good for his patrons, and these certainly bear out his statements; and his studio is so convenient—no stairs to climb yourself, nor have you any fear about the children."

"Yes, I have heard about the ground floor studio being so convenient,—but those photographs."

"Will you come down with me to-morrow to Charlotte street? I must have some."

"Yes, that is the only place where such work is made."

SCAVENGING.

THE undersigned is prepared to do scavenger work promptly and on most reasonable terms. Jobs of all sizes contracted before done. Holes dug and boxes put in. Orders may be addressed to P. O. Box 693, Peterborough. Letters will receive prompt attention.

Overeating Versus Overwork.

An abuse that tends to the injury of brain workers is excessive eating. A writer in the Medical Mirror recalls to mind several active brain workers who suddenly broke down, and fancied that it was due to brain fatigue, when, as a matter of fact, it was due to overstuffing of their stomachs. The furnace connected with mental machinery became clogged up with ashes and carbon in various shapes and forms, and as a result, disease came, and, before the cases were fully appreciated, a demoralized condition of the nervous system was manifested, and they laid the flattering unction to their souls that they had indulged in mental overwork. Hard work, mental or physical, rarely ever kills. If a mild amount of physical exercise be taken, and a judicious amount of food be furnished, the bowels kept open in proper manner, the surface protected with proper clothing, and the individual cultivates a philosophical nature and absolutely resolves to permit nothing to annoy or fret him, the chances are that he can do an almost unlimited amount of work for an indefinite length of time, bearing in mind always that when weariness comes he must rest, and not take stimulants and work upon false capital. The tired, worn-out slave should not be scourged to additional labor. Under such stimulous the slave may do the task, but he soon becomes crippled and unfit for work. The secret of successful work lies in the direction of selecting good, nutritious, digestible food, taken in proper quantities, the adopting of regular methods of work, the rule of resting when pronounced fatigue presents itself, determining absolutely not to permit friction, worry or fretting to enter into his life, and the cultivation of the Christian graces—charity, patience and philosophy.

Ajax the Elder.

Ajax defied the lightning in
The good old days long gone,
Before the present style of things
Had near approached their dawn.
But Ajax, in those modern times,
Would pull in his defy:
And if he saw a broken wire
You bet he'd sneak right by.
—Detroit Free Press.

Passengers on an Atlantic Liner.

So many styles of character come together on shipboard that they are a perpetual study. Men by the third day turn inside out. (I refer to their characters and not to their stomach.) Their generosity or their selfishness, their opulence of resource or their paucity, their courage or their cowardice, are patent. What variety of mission! This one goes to claim a large estate; this one to culture his taste in foreign picture galleries; that one to amass a fortune; this one to see what he can learn. On some the time hangs heavily, and they betake themselves to the "smoking room," since coming on board some of them have lost all their money by unsuccessful wager. Two or three they have won everthing, and the others have lost. They have bet about the speed of the ship—bet that it would be over four hundred and seventy-five knots a day, bet that if would be less, bet that the number of miles run would be an even number, bet that it would be odd. Pools, pools, pools! Pools of betting that are pools of sin!

But take them all in all, we never dwelt among men and women of finer culture, and better heart, and nobler life than our fellow passengers.—Dr. Talmage in Ladies' Home Journal.

Ears as Indicators.

In human beings of low or fleshbased mental standard the ears are large and flabby—note those idiots, cretins, etc.

When there is no lobe, and the ear widens from the bottom upward, the owner is of a selfish, cunning and revengeful disposition.

When the ear is oval in form, with the lobe slightly but distinctly marked, it indicates for its owner a lofty ideality, combined with a morbidly sensitive nature.

Large round ears, with a neat "hem" around their border, well carved—not flat, indicate a strong will and a bulldog tenacity of purpose.

Ears in which the "hem" is flat, as if smoothed down with a flat iron, accompany a vacillating mind and cold, unromantic disposition.

The person who has an ear with a rounded, ovate top is almost without exception one with a placid disposition and a nature that pines to love and be loved in return.

Large ears, drooping at the top, belong to persons more animal than human.—St. Louis Republican.

A Modern Girl.

She is kind and sweet and fair,
And her eyes are mirrored flame
Queenly gracious in her air;
Ever in her heart the same.
A ward of mercy forth she goes—
For her charity's immense;
It's a mystery no one knows
Why she hasn't any sense.

The Pill for the People.

MURILLA, Sta., Ont., Jan. 12, 1890.
W. H. COMSTOCK, Brockville, Ont.
DEAR SIR,—Have been selling your Dr. Morse's Indian Root Pills for the past eight years; they are the only Pill for the people. After having used them once, they always come back for more.
Yours truly,
JNO. MCLEAN.

Uric acid in the blood is the cause of nearly all disease, it vicies every part of the body and is liable to foster disease on any organ; the duty of the kidneys is to extract wastes from the blood; a cold will stop this action, a pain in the back follows, and unless relief is obtained, permanent inability of the kidneys to perform their functions follows, which may terminate in liver complaint, dyspepsia, blood disease, dropsy, diabetes or Bright's disease. Dodd's Kidney Pills assist the kidneys to natural work, and cure all complaints and results arising from same. dw

A Great Surprise

is in store for all who use Kemp's Balsam for the throat and lungs, the great guaranteed remedy. Would you believe that it is sold on its merits and that any druggist is authorized by the proprietor of this wonderful remedy to give you a sample bottle free; It never fails to cure acute or chronic coughs. All druggists sell Kemp's Balsam. Large bottles 50 cents and $1. dw

Stronger Every Day.

GENTLEMEN,—I have been ill for a long time with lame back and weak kidneys, and at times could not get up without help. I tried B.B.B and with two bottles am almost well. I find my back is stronger every day.
Yours truly,
MRS. L. THOMPSON,
Oakville, Ont. dw

Still Another Triumph.

Mr. Thomas S. Sellen, Sunderland, writes: "For fourteen years I was afflicted with piles; and frequently I was unable to walk or sit, but four years ago I was cured by using Dr. Thomas' Eclectric Oil. I have also been subject to quinsy for over forty years but Eclectric Oil cured it, and it was a permanent cure in both cases, as neither the piles or quinsy have troubled me since." w32

Milburn's Aromatic Quinine Wine is distinctly superior to any other as an appetizing tonic and fortifier. dw

CARTER'S LITTLE LIVER PILLS.
CURE
Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing
SICK
Headache, yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured
HEAD
ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not stop here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head
ACHE
is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.
CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail.

THROWN OUT OF A SYNAGOGUE.

Nathanie' Friedman Indiscreetly Preached Christ Crucified.

ST. PAUL, Minn., Aug. 9.—During the progress of the service in the Jewish synagogue yesterday a stranger who the worshippers supposed to be a rabbi, arose and began to preach in the Hebrew tongue. He spoke well and the audience was much interested in him.

Suddenly he began to preach Christ crucified. A match dropped into a can of powder could not have created a greater commotion. Instantly the congregation was on its feet demanding that the man be put out of the house. The man continued to preach Christ as though talking to the most appreciative Christian audience, and a moment later everybody made a rush for him at once. He attempted to defend himself but was knocked down, and after his head was well thumped on the floor, he was dragged and thrown out of the synagog. Then the stranger took the hint and concluded that he was not wanted there.

It seems that the stranger was a converted Polish Hebrew named Nathaniel Friedman, who lives at No. 626 Lawson-street. He claims that he was invited there by a prominent member of the congregation, and told that he might preach a short sermon.

Friedman says he will bring suit against the congregation to recover damages for his injuries. He is not seriously hurt, but has some big bumps on his head.

RACE FEUD IN LOUISIANA.

The Murder of Judge Long has Created a Bad State of Affairs.

NEW ORLEANS, Aug. 9.—The shooting of Judge Henry Long from ambush a few nights ago at Kenneville, just above New Orleans, has aroused great bitterness there. The whole trouble is attributed to political enmity and has resulted in a race feud. The parish officers who have been working up the case against the assassins, have made a number of arrests. On the other hand, a number of negroes and white men who are in sympathy with those who attacked Judge Long have held meetings, and are said to have formed a plot to force a number of white residents out of the place. It is said they had threatened to burn down several stores and residences. The situation finally began to look serious and an affidavit was sworn out against several of the negroes for making threats. The warrants were placed in the hands of the sheriff and a number of negroes in the neighboring parish of St. Charles were locked up in jail. The population of that town is almost exclusively colored. Some of the arrested negroes have given valuable information as to the shooting. Reports to the effect that the prisoners are to be lynched are in circulation.

OVER THE PRECIPICE.

The Horses Ran Away and the Whole Family Were Killed.

GUTHRIE, O.T., Aug. 9.—A whole family consisting of a man and wife and four children names unknown were killed Monday. The family had been in this city buying provisions and while returning to their claim their team ran away and went over the precipice.

Divorced at 82.

DETROIT, Aug. 9.—Jacob Claus, aged 82, was granted a divorce from his wife, aged 76. They were married 14 years ago but the bride tired of the groom soon after the honeymoon. He was so feeble he had to be carried into the witness box and so deaf the lawyers used ear trumpets. His wife laughed so heartily over the result of the trial that she fell from her crutches to the court room floor. She said their married life had been a complete fizzle.

Raisins Killed Her.

BRIDGEPORT, Conn., Aug. 9.—Fredericka Corman, aged 18, is dead from eating too many raisins. The girl suffered from peritonitis and an operation was performed, when it was found that a large quantity of raisin seeds had collected in her stomach. She had been in the habit of eating freely of raisin cake.

WELLS WINS THE RACE.

Carman and Palmer Beaten In the 10 Mile Race at Hamilton.

HAMILTON, Aug. 9.—Probably the best field of racers that ever lined up before a grand stand in Canada were present at the annual meet of the Hamilton Bicycle Club yesterday. The weather was clear. As it was Hamilton's Civic Holiday there was a very large attendance, about 8000 being present.

The races were a splendid success from every point of view. Among the contestants were: Zimmerman, the world beater; Hyslop, Canada's half mile champion; Wells, the one and five-mile champion, and Carman, the three mile champion, and the spectators were not disappointed in their expectation of seeing some records broken.

The Canadian half-mile record of 1.13 4-5, held by W. Hyslop, was lowered to 1.12 2-5 by Zimmerman. The same rider succeeded in lowering the Canadian quarter-mile record of 39 1-5, held by G. M. Wells, down to 36 seconds. In all the open events Zimmerman beat all other competitors, but was pushed hard at times by Hyslop and Wells of Toronto, W. S. Campbell of Springfield, Mass., and C. H. Callahan of the Press C. C. Buffalo.

In the 2-mile lap race a time limit of 5 minutes 30 seconds was made so as to prevent the contestants from lagging till the last lap, but the winning time was only 5.46, therefore no race was allowed.

The track is one-quarter of a mile of solid asphalt. The results:

FIRST RACE, novice, 2 miles—W. Nichol, Hamilton, 1; A. McMahon, Kingston, 2; Charles Bews, Hamilton, 3. Time 5.42. Albens of Hamilton, Smith of Toronto, Gullett and Stevenson of Toronto, and Hitchcock of Sarnia also started.

SECOND RACE, ½ mile dash, open—A. A. Zimmerman, New York, 1; W. S. Campbell, Springfield, Mass., 2; G. M. Wells, Wanderers, 3. Time 1.12 2-5. C. H. Callahan, Press Club, Buffalo, and Hyslop of Toronto also started.

THIRD RACE, 1 mile, 2.45 class—D. Nasmith, Toronto, 1; R. B. Griffith, Hamilton, 2; S. Hitchcock, Sarnia, 3. Time 2.41 1-5. J. G. Gould, Hamilton, Gullett, Toronto, and McQuilan and Doll, Wanderers, also started.

FOURTH RACE, 1 mile, open A. A. Zimmerman 1; C. H. Callahan, Press, Buffalo, 2; G. M. Wells, Wanderers, Toronto, 3. Time 2.42 2-5. Palmer, Hamilton, and Hyslop and Carman, Toronto, also started. The racers did not exert themselves until the last lap in this race, which accounts for slow time.

FIFTH RACE, ¼ mile dash in heats, best 2 in 3—A. A. Zimmerman 1; W. Hyslop, Toronto, 2; E. O. Suter, Kingston, 3. Best time 35.

SIXTH RACE, mile, 3-minute class—R. B. Griffith, Hamilton, 1; D. Nasmith, Toronto, 2; Hitchcock, Sarnia, 3. Time 2.43 1-5.

SEVENTH RACE, 2-mile lap race, open—A. A. Zimmerman, 1; C. H. Callahan, Press, Buffalo, 2. Time 5.49

EIGHTH RACE, 3 mile open—W. S. Campbell, Springfield, 1; C. H. Callahan, Press, Buffalo, 2. Time 5.51.

NINTH RACE, special 10-mile invitation race for a diamond ring—between A. W. Palmer, Hamilton, G. M. Wells, Wanderers, and W. M. Carman, Toronto. Much interest was taken in this race and there was considerable betting done among members of the three clubs. The contestants kept well together until the last half mile, when Wells made a beautiful spurt and passed the line a winner by 40 feet, W. M. Carman 2, A. W. Palmer 3. Time 20 11 3-5.

Fierce Sandstorm in Arizona.

PHOENIX, Ariz., Aug. 9.—A terrific storm of sand raged here for a half hour. Awpings, signs, sheds, stables and a few houses were blown down. The chimney at the asylum blew down, breaking through two floors. The walls of the building were badly cracked. In Tempo everything loose was overturned. Two Indians, squaw and buck were killed by lightning, and another squaw was badly burned. No other lives were lost, as far as known. Many trees were blown down.

A Dynamite Cartridge in a Wheat Sheaf.

OGDEN, Utah, Aug. 9.—While Charles Hadlock was threshing wheat near here yesterday a sheaf in which a dynamite cartridge had been concealed was fed into the separator. The result was an explosion, which tore the machine to pieces and threw the threshers in all directions. It is thought that two of them, whose names have not been learned, are fatally injured. There is no clue to the perpetrators of the deed.

This is how we have done it—By purchasing our own materials direct from the manufacturers, thus giving us an opportunity to see every pattern that is turned from the loom in Canadian or Foreign Markets. We choose our own patterns and get the choicest best is to be had. Every garment is made up in our factory, with best linings, best making, and all the most stylish cuts that the designers of this enlightened age can produce. This is how we have done it

Now this is how we will keep on doing it—For the balance of this season we will keep on selling all Summer Goods at what they cost us to make them up, and never think of profit enough to pay for the paper and string tow rap them up in.

Drop in and See our Goods if you have never seen them and be convinced like hundreds of others, that we mean what we say, and say what we mean.

The Golden Lion Is Himself Again.

The alteration in our store front is completed and every one is complimenting us on the improvement it has made. We have to thank our customers for their constant and continued custom during the bustle and inconvenience of these alterations.

Our Dress Goods Department—in fact all our departments—have gained such a reputation that nothing we can say in our advertisement could be construed as overdrawn.

New importations are now on their way, and, as we find that we have a surplus stock of certain lines, we are determined to make August clear them all out. Room is demanded and we must prepare the shelves for the new goods.

We have therefore planned for such activity during August as shall astonish even those whose interests have grown with the Golden Lion. Instead of waiting for trade in a naturally dull season, we're going to make it. Don't go by what's said, merely, but by your own judgment and come and compare our prices with any others you may hear of.

This SECOND week of August will make our stock dwindle, and we know it.

CONVENTION OF ELECTRICIANS IN THE QUEEN CITY.

The Goderich Libel Suit—Death of Dr. Edward H. Leger, M.P. for Kent County—Session of the Grand Lodge of Y.M.P.B.A.

TORONTO, Aug. 10.—The annual convention of Wizard Edison's illuminating companies was opened at the Rossin House yesterday morning.

The standing committees of the association were called upon for reports, and from these reports several discussions of practical subjects resulted. These included the importance of high insulation in the interior of buildings and the improvement of safety fuses.

Mr. J. H. McClement raised some interesting questions relative to the possibility of operating electric railway systems from lighting stations, and during the discussion Mr. William Lloyd Garrison, the famous reformer of Boston, was called upon and gave in an exceedingly interesting manner some results of his pioneer incandescent light experience at Brockton, Mass.

By invitation of the association Mr. M. J. Sullivan, for several years official stenographer of the association, and now publisher of The Street Railway Gazette of Chicago, read a paper entitled "The Central Station and Street Railways." Mr. Sullivan's paper showed that there are today no less than 400 street railroads in America using electricity, involving an industry of $400,000,000.

His paper also showed that it was economical to operate as small a number of cars as two, with the electric current, as has been demonstrated by experience. He advocated the consolidation of street railways with the electric lighting stations in order to effect a more economical line of operation.

An interesting and valuable paper, illustrated by statistical tables and diagrams, was read by Mr. J. H. Vail on "The Application of New Apparatus and High Economy Engines in Central Stations to Secure Greater Commercial Efficiency and Economy of Coal."

Among the notables present were: Samuel Insul, the late general manager of the united Edison interests, and now president of the Chicago Edison Company, and L. Stieringer, electrical engineer of the World's Fair.

Goderich Libel Suit.

GODERICH, Aug. 10.—The town hall held a sweltering crowd yesterday afternoon when the magistrate resumed hearing the charge of criminal libel and conspiracy against W. F. Maclean of The Toronto World by M. C. Cameron. Mr. Garrow appeared for the prosecution. Mr. Murphy for the defence. There was a great deal of cross-firing between the two Q.C.'s. After the cross-examination of Reporter Fox Mr. Murphy asked that the warrant under which Mr. Maclean was arrested be produced and impounded, notwithstanding Mr. Cameron's advice to the constables at the last court not to do so.

Thereupon a sensation was caused by Mr. Garrow saying that he used to amend the information by striking out the charge of conspiracy, and also the names of Laura Gordon, who was an invalid, and Richard Gore, who could not be found, and making it a simple charge of criminal libel against Mr. Maclean.

DEATH OF DR. LEGER.

The Popular Member for Kent County, N.B., Succumbs to Consumption.

MONCTON, N.B., Aug. 10.—Dr. Edward H. Leger, M.P. for Kent County, died at his home at Grand Ligne, at 4 a.m. yesterday. Deceased was first returned to Parliament at the by-election in 1890, to fill the vacancy caused by the elevation of Mr. P. A. Landry to a County Court judgeship. Parliament dissolved before the session, but Dr. Leger was again successful at the general election. He sat one session and went to Ottawa at the beginning of last session, but was unable to take his seat. The dread disease, consumption, had taken a firm hold of him, and he returned to New Brunswick in June to settle up his affairs and die. Deceased was only 27 years and 15 days old, and was very popular. He graduated M.D. at the Detroit, Mich., Medical College, in 1888.

THE ORDER IN THE EAST.

The I.O.F. to Be Registered Among the Fraternal Societies in Great Britain.

BARRIE, Ont., Aug. 10.—About 300 delegates attended the 15th annual session of the High Court of I.O.F. here yesterday.

Dr. Orchnyatekha reported that in a few days the order would be registered among the fraternal societies in Great Britain, and that $10,000 would then be deposited with the British Government and officers sent from Canada to introduce the order in the east.

A motion was introduced that created considerable discussion, it was relative to holding the High Court sessions at three or four central points in Toronto, Hamilton, London or Ottawa. The motion was defeated.

ORGANIZING FEMALE LODGES.

Annual Session of the Grand Lodge of the Y.M.P.B.A.

OWEN SOUND, Ont., Aug. 10.—The 12th annual session of the M.W. Grand Lodge of the Young Men's Protestant Benevolent Association was opened here Tuesday at 2 p.m., T. H. Wooster, Grand Master, in the chair.

The question of organizing female lodges under the jurisdiction of the Grand Lodge was discussed at full length, but action was deferred until to-morrow. A motion to change the regalia by abolishing the peaked cap was defeated.

IMPERIAL PARLIAMENT.

GLADSTONE'S SPEECH IN THE HOUSE OF COMMONS.

By the Provisions of the Home Rule Bill There Would be a Full and Effectual Maintenance of Imperial Supremacy, While Ireland Would Conduct her Own Affairs.

LONDON, Aug. 9.—The House of Commons was crowded to its full capacity yesterday, as it was expected Mr. Gladstone would resume the debate on the address in reply to the Queen's speech. His appearance in the House was the signal for ringing cheers from his adherents.

Mr. Gladstone's Speech.

Mr. Gladstone opened his speech by referring to the procedure of the Government in departing from precedents in not resigning when the verdict of the country was against them. The House had met, but did not know for what. [Cheers.] The Queen's speech told them nothing. Was it a fact, he asked, that the judgment of the nation was without appeal? Was the House of Commons to fight the battle of the last six years over again? Never had there been a great issue submitted to the country that had been so fully discussed as the issue decided at the last election.

The Government were perfectly aware of that. They knew well that a majority of the House had come prepared to give effect to the verdict of their constituents. [Cheers.] They could not do otherwise. Turning to the matter of Home Rule, amid wild cheering by the Irish members, Mr. Gladstone said the claims of Ireland had been for years at the front of the battle, and that that position was now held. The principles of his Home Rule Bill were pretty well known. By its provisions there would be a full and effectual maintenance of Imperial supremacy, while Ireland would be given the conduct of her own affairs. Irish representation in the House of Commons was also contemplated under certain conditions. As to the form in which these principles would be embodied it was the duty of the Liberals to select the best form, but not until they had been placed in power.

Mr. Gladstone further said he entertained no doubt about the duty of a Liberal Government in the event of a rejection of the Home Rule bill. Its rejection would not terminate their duty. [Cheers.] At the same time it would be necessary even in the year 1893 to deal with a considerable portion of British wants. [Irish cries of "Hear, hear."]

Unionists Accused of Corrupt Practices.

Mr. T. P. O'Connor accused the Unionists of corrupt practices during the recent general election and cited several instances in which the law against such practices had been violated.

Degredation of Ulster's Loyalists.

T. W. Russell, the Liberal Unionist for South Tyrone, replied to Mr. O'Connor. It was absurd, he said, for members elected by the foulest priestly intimidation to criticise the conduct of English electors. Home Rule meant the degredation of Ulster citizens the destruction of religious liberty, the placing of civil rights at the disposal of the world's most unscrupulous politicians, the placing of commerce at the mercy of men who had made Tipperary a howling wilderness. After several Unionists had spoken against Home Rule D. Naoroji, the Indian member for Central Finsbury, commented at dolorous length on the circumstances and significance of his own election. E. H. Hulse, Conservative for Salisbury, and W. Kenrick, Liberal-Unionist, for North Birmingham, followed in the debate.

To Be Judged by Historians.

Mr. Balfour maintained that the House had a right to know before entrusting the Government to the Liberals what their policy was, especially when the party upon which Mr. Gladstone relied was broken up at least three divisions each, owning a different leader. Referring to the policy of the present Government Mr. Balfour said that that would be judged by historians. Assured as to what the verdict would be he would neither anticipate nor defend it.

GAVE HIS LIFE FOR HER'S.

Clayton Witt Pays the Cost of His Heroism With His Life.

NEW BRUNSWICK, Aug. 10.—Young Clayton Witt, who took such desperate chances to save Gussie Adler from death, paid the cost of his heroism with his life last night. Last Friday Clayton was walking by the house, where with her parents, Miss Adler lived. He heard the sound of an explosion, followed by affrighted screams and cries for help. Without a moment's delay he dashed into the house, through the hallway and into the kitchen.

The room was a mass of flames and in their midst was Miss Adler. She had been cooking over a gasoline stove. The stove exploded and set fire to the room. The girl was so overcome by terror that she was powerless to save herself. Young Witt grabbed her in his arms and started to carry her from the room. The smoke was so thick that he did not see the stove and stumbled over it.

The inflammable gasoline was spilled upon the burning floor of the room and before Witt could bear the then unconscious girl into the open air he was horribly burned. But even after he had staggered from the house he made no effort to extinguish the flames which enveloped himself until he had smothered those which were feeding upon the clothes of Miss Adler. The latter was also very badly burned, but will, the physicians say, probably recover. Mr. Witt's funeral will be held on Wednesday.

Fell From the Cribwork.

PORT ELGIN, Aug. 10.—W. H. Ruby of the firm of Ruby & Hilker, while walking along the breakwater last evening tripped on the stones in the cribwork and fell in the water on large stone boulders and was drowned.

Cobain An Exhorter at Revival Meetings.

NEW YORK, Aug. 10.—Edward de Cobain, who was expelled from the British Parliament on the charge of committing foul crimes at Belfast, is in this city and is creating a sensation as an exhorter at revival meetings.

Thunderstorm at Penetanguishene.

PENETANGUISHENE, Aug. 10.—The worst thunderstorm within the recollection of the oldest inhabitant passed over here Tuesday morning. The electric fluid set fire to the central telephone office, which is situated in Smyth & Co.'s block. Considerable damage was done to the goods in Smyth's store. A large quantity of live stock was killed.

RESULT OF DRINKING.

A Terrible Tragedy at Fluvanna, on Lake Chautauqua.

JAMESTOWN, N.Y., Aug. 10.—A terrible murder and suicide was enacted last evening at the hotel at Fluvanna, three miles above this city, on the lake.

Patsy Dowd of Dunkirk was out driving with a couple of disreputable women from this city. It seems they had some words and Dowd hit one of the women in the mouth, drawing blood. This occurred a short distance above Fluvanna. They drove to the hotel and all got out and went in.

A young man named George Hass and some companions were there, and as one of the women, whose name was Nina Fahey, had blood on her face, Hass asked her what was the matter. She told him that Dowd had hit her in the face.

Dowd and the women then entered the parlor and closed the door.

Dowd drew a revolver and Hass and his companions threw beer bottles at him. He fired and Hass fell dead with a bullet in his heart. Dowd then left the hotel and the police from this city were sent for.

Dowd returned in a few minutes and seeing what he had done turned the revolver toward his heart and fired four shots into his body. He died in a short time.

TRAIN ROBBERS BAULKED.

A Texas Train Flagged Just in Time to Prevent a "Hold Up."

PARIS, Tex., Aug. 10.—As the southbound Texas and St. Louis Express approached the Winslow Tunnel yesterday it was flagged by a watchman, who notified the conductor 10 or 12 armed men had rented a house near there about three hours before and made particular inquiries about the train.

The conductor then backed the train to Winslow. As the train started back, three men who got on board the train at Winslow jumped off and disappeared in the thicket.

The superintendent at Fort Smith was notified, and a strong force of deputy marshals went down and guarded the train through.

When the train first left Winslow station a shot was fired on the mountain side near by, another near the tunnel and a third from the top of the ridge over the tunnel.

It is supposed these shots were signals for the gang at the west end that the train was coming, as it was found that preparations had been made for a "hold-up" at a high trestle near the west end.

It is thought the men lying in wait were the Dalton gang.

SHERIDAN, THE "INVINCIBLE."

Probably Fatally Hurt by Being Jammed Against a Gate.

CHICAGO, Aug. 10.—P. J. Sheridan, the "Invincible," who was charged by the British Government with the Phœnix Park murders, and whom it tried to extradite from France, and then from this country, was crushed between a vehicle and a gate in his ranch, eight miles south of Monte Vista, Colorado, and is probably fatally hurt.

Conference With the Secretary of State.

WASHINGTON, Aug. 10.—Various representatives from the lake ports of the United States, including Duluth, Cleveland, Oswego and Ogdensburg, held a conference with the Secretary of State respecting terms in which the proclamation of the President should be issued under the joint resolution of Congress relative to the discriminating Canadian canal tolls, should it become necessary to issue the proclamation by reason of the failure of the Canadian Government to relieve American commerce from such discrimination.

A Horse Attacks Two Ladies.

NYACK, N.Y., Aug. 10.—While driving here to-day Mrs. T. H. Story and her sister, Miss Cartwright of New York, guests at the Tappan Zee hotel, met with a strange and quite a serious accident. A horse ridden by Edmund Polhemus of Brooklyn jumped into the carriage, almost wrecking the vehicle and throwing both ladies to the hard macadamized road. They were carried into a house near by and attended by Dr. Polhemus. Both were bruised and shocked, and the horse's teeth made an ugly gash on Mrs. Story's forehead. The ladies are now resting comfortably at the Tappan Zee.

Fell Five Stories, But She Was a Baby.

NEW YORK, Aug. 10.—Annie Hiddleton, 18 months old, whose parents live on the top floor of the five-story building, No. 53 Catharine-street, was playing last evening on the fire escape, when she fell to the ground.

When examined by a physician it was found that the little one was damaged only to the extent of a broken right leg. She was cared for at home.

Killed By Five Hundred Volts.

PORT HURON, Mich., Aug. 10.—Newton Talbot, a lineman employed by the City Electric Company, was almost instantly killed at 9 o'clock Tuesday morning. He was working on the trolley wire at the time and came in contact with a guy wire. He was rescued almost instantly, but he did not live. The short duration of the contact and the face that the current is only 500 volts causes considerable surprise that he should have been killed.

Mrs. Croft Hid the Wine.

PITTSBURG, Pa., Aug. 10.—Arthur Croft, a tinner, swallowed five ounces of carbolic acid yesterday in mistake for wine and died in great agony this morning. Mrs. Croft had secreted the wine from her husband, and in seaching for it Croft came across the carbolic acid bottle and drank from it without looking.

Three Moons in Mars.

WASHINGTON, D.C., Aug. 10.—Mars has perhaps a third moon. Prof. Hall, the discoverer of Dimos and Phobos, the satellites, believes it not unlikely that there is still one more.

Killed by Lightning.

BARRIE, Ont., Aug. 10.—Mr. James Anderton, the well-known proprietor of the Fairview Brewery, took shelter in a barn on his farm during the storm last evening. The barn was struck by lightning and burned to the ground, and it is thought Mr. Anderton received a shock and was unable to escape from the burning building.

THE SEWERAGE SYSTEM.

THE by-law to raise a sum of money for the purpose of constructing an outfall sewer and certain main sewers, is one of the most important that has ever been presented for popular judgment. In the matter of sewerage a crisis has arrived in the history of the town. No one will deny that the town sorely requires a system of sewerage. Its absence is a disgrace, in a civic sense, to a progressive town, besides affecting its commercial prosperity and material progress. Persons desirous of settling in a town will naturally select the most healthy, other things being equal, and the first question asked by intending settlers in this town is in reference to our sewerage system. Therefore the absence of a sewerage system has a deterrent effect, and neutralizes the unequalled advantages we possess in all other respects. Sewerage being conceded as a necessity, the next question is as to a system. The system now presented to the people is one deserving their attention. It may not be perfect, but its chief objections lie in circumstances associated with expense, though it would seem difficult to secure anything approaching effectiveness at a lesser figure than that proposed. It is true the system submitted by the town council, does not meet with the approval of all classes of citizens. It is objected to for various reasons; some are entirely in favour of it, some object to the manner of paying for the system and some are in favour of paying for the entire system at the general expense. These various positions are necessarily the result of the varied feelings, interests and predilections of the community and while each has its weight, they really are not of a practical character. The present scheme is now before the people for their approval or condemnation. If it is defeated the question of sewerage for Peterborough may be postponed for years, and thereby incalculable injury would be inflicted upon the people and the town's prosperity. We should very much regret to see a popular decision upon the bylaw in question which might be construed into a condemnation of the principle of sewerage. A system of sewerage we need and must have—it has been too long deferred already,—and the scheme now submitted should receive the most serious and unprejudiced attention of the ratepayers.

Let us Reason Together.

Let us reason together for the benefit of the baby, in the hope that some good may be accomplished. Baby requires regular dieting in order to grow and remain healthy.

Cow's milk, when perfectly pure and fresh, contains more solids than mother's milk; it is too heavy and rich for the little, weak stomach, and sugar must always be added to bring it to the sweetness of breast milk. Thus we have a food altogether unsuited for perfect nutrition. Common diluted stale and sour milk, is poison—death to any infant in the heat of summer. Sensible mothers are aware of these facts, and regularly use wholesome Lactated Food for infants. The composition of this Food, renders it safe and satisfying at all seasons of the year. The little one thrives fast when fed with it, and sleeps well. There is no necessity for purging medicines to remove constipation; and those terrifying complaints that bring death to thousands of helpless ones, are all avoided. Give Lactated Food one trial, dear mother, and you will be convinced that you must use it ever after.

Suddenly Prostrated.

GENTLEMEN,—I was suddenly prostrated while at work with a severe attack of cholera morbus. We sent at once for a doctor, but he seemed unable to help. An evacuation about every forty minutes was fast wearing me out, when we sent for a bottle of Wild Strawberry, which saved my life.

A Close Call.

After suffering for three weeks from cholera infantum, so that I was not expected to live, and, at the time, would even have been glad had death called me, so great was my suffering. A friend recommended Dr. Fowler's Extract of Wild Strawberry, which acted like magic on my system. But for this I would not be alive now.

DECLINED TO ISSUE WARRANTS.

An Unsuccessful Attempt to Arrest the Members of the XIII Band.

CHICAGO, Aug. 9.—An unsuccessful attempt was made yesterday by the Chicago Musical Union to secure the arrest of the members of the famous 13th Battalion Band of Hamilton, Ont., as it passed through this city en route to Denver, on allegation that it had come into this country in violation of the alien labor law. It was stated that it was under no contract to play for any commandery in this country, and was merely in attendance on the Hamilton Commandery. United States Commissioner Hoyne declined to issue the warrants on this ground, and for the further reason that musicians are "artists" and exempt from the operation of the law.

Disposal of Sewage.

To the Editor of the Examiner:

DEAR SIR,—The kindness with which my letter of some weeks ago has been received has induced me to trespass again on your columns to urge your readers to vote for some scheme of sewage which is in itself valuable and feasible. This, I most emphatically urge, is the case with what is called the sewage farm system, which means, not the running of the sewage into pits and there precipitating the solids by chemicals, as Mr. Dumble's speech Monday night seemed to propose, but the actual distribution of the liquid sewage as it comes from people's houses on to the land by means of closed culverts. Each and every farmer who chooses has the privilege of receiving one of these culverts on to his farm. This can easily be done, either by the arrangement of levels or by pumping by means of water power the liquid sewage to waste spots that are higher than the bed of the river. Probably more than one spot where the sewage could be received and distributed as above.

The following is a return of deaths per thousand in some of the large towns in England. It will be observed that Croydon, which has a sewage farm, all the sewage being run upon the land, has the lowest mortality of any of the large towns of England. Why then, let me ask, in the face of this, the citizens of Peterborough should be so be so blind in the matter of their own health, which is far more valuable than money, and should hesitate for a moment to insist upon a scheme which should make use of the valuable products with which they now propose to contaminate the Otonabee river as well as the larger streams into which it flows:

QUICK HARVESTING.—Last week Mr. G. W. Mann, one of our enterprising farmers in Smith, found his harvest coming in very fast and man scarce. He undertook the task with his usual force of help, not intending to make any boast of what they would do, but after three days and eight hours found he had cut fifty three acres of heavy wheat; he only used one binder, cut some with dew on and not cutting at meal times. The same horses were used all the time and Mr. Albert Fraser and Mr. Charles White cut round all the the fields, bound all the swaths and stooked all the grain in the same time. All day harvesting is becoming a a thing of the past.

As Mr. and Mrs. Jas. Sucee were returning from Lakefield one evening last week about 10 o'clock in the evening, a large miller struck Mrs. Sucee on the ear and passed into it so far it seemed impossible to reach it. They drove into Mrs. Sucee's father's place and found the miller was out of reach and very painful. After driving to Peterborough, a distance of seven miles, with the insect still living in her head, Dr. Caldwell was successful, after some little difficulty, in bringing the intruder out to more room in the old world where it flew off as though glad to be free.

A large camping party embarked for Jacob's Island on Tuesday, August 9th, composed of four ministers and their ladies. The ministers were, Rev. D. S. Houck, Emblriller; Bailey, Bridgenorth; Bovis, Bridgenorth; Boyce, of Harvey. The fish will be in great danger while they remain on that Island. We wish them a good time, tanned faces and a big rest.

Seeing Yourself Talk.

An announcement was made some weeks ago that a Frenchman had succeeded in taking instantaneous photographs of the lips of a speaker and in resembling them in a kind of zoetrope so as to produce the original movement and enable a deaf mute to understand what was said, says the Philadelphia Record.

It is now stated that the inventor has improved on the process and brought out a new apparatus for combining the images, the device being termed the phonoscope. The changes in the lips in speaking are so rapid that fifteen photographs a second are required to give a good result. The whole head and bust of the speaker are reproduced in the photograph so as to get the benefit of the expression.

In the phonoscopes the positives are arranged around the periphery of a disk which is rapidly turned by a handle. A second disk having a single window in it opposite the plates is also rotated by the same handle, but at a much higher rate of speed than the other.

A beam of sunlight illuminates the plates from behind, and the observer, looking into the apparatus, sees them pass his eye, one after the other, in such rapid succession as to produce the effect of a single image endowed with animation. To produce this result it is necessary that at least ten or twelve must pass the retina in a second.

Curious Marriage Statistics.

A Germrn statistician has recently published the results of his investigation of the relative ages of husbands and wives in the various capitals of Europe.

He ascertained that marriages are the most frequent where the husband is two or three years older than the wife. Women under 20 years of age, however, usually take unto themselves husbands six or seven years older than themselves. The cases in which the man was a year younger than the woman were almost as numerous as those in which he was six or seven years older. The first condition was true of 6.7 per cent. of all married couples, and the latter condition of 6.4 per cent. The cases where the husband was six or seven years younger than the wife were also just as numerous as those where he was 13 or 14 years older. Only two cases were discovered where the husband was 35 years the senior; one case where he was 47 years older and one case where he was older by 46 years. One case was discovered where the wife was 34 years older than the husband. Twelve and three-tenths per cent. of all men who marry women under 20 years of age, according to the statistician, are between 26 and 27 years old.—Boston Courier.

A Friend

Wishes to speak through the *Register* of the beneficial results he has received from a regular use of **Ayer's Pills.** He says: "I was feeling sick and tired and my stomach seemed all out of order. I tried a number of remedies, but none seemed to give me relief until I was induced to try the old reliable Ayer's Pills. I have taken only one box, but I feel like a new man. I think they are the most pleasant and easy to take of anything I ever used, being so finely sugar-coated that even a child will take them. I urge upon all who are

In Need

of a laxative to try Ayer's Pills."—Boothbay (Me.) *Register.*

"Between the ages of five and fifteen, I was troubled with a kind of salt-rheum, or eruption, chiefly confined to the legs, and especially to the bend of the knee above the calf. Here, running sores formed which would scab over, but would break immediately on moving the leg. My mother tried everything she could think of, but all was without avail. Although a child, I read in the papers about the beneficial effects of Ayer's Pills, and persuaded my mother to let me try them. With no great faith in the result, she procured

Ayer's Pills

and I began to use them, and soon noticed an improvement. Encouraged by this, I kept on till I took two boxes, when the sores disappeared and I have never troubled me since."—H. Chipman, Real Estate Agent, Roanoke, Va.

"I suffered for years from stomach and kidney troubles, causing very severe pains in various parts of the body. None of the remedies I tried afforded me any relief until I began taking Ayer's Pills, and was cured."—Wm. Goddard, Notary Public, Five Lakes, Mich.

A Fine Picnic Dance.

A highly enjoyable "picnic dance," as those who dwell at summer resorts like to call them, took place at Chemong Park last evening. Three large conveyances left Peterborough at 7 o'clock last evening, taking about forty young people out to the Park. Prof. Butcher's orchestra furnished excellent music for tripping the light fantastic in the large pavilion. At twelve o'clock a sumptuous dinner was partaken of and all returned well pleased with the night's enjoyment.

B. B. A. Official Notice.

As the time has now expired for the enrollment of members under the new sick benefit clauses as adopted at the last convention in London, it is incumbent upon every member affiliated with the Emeralds to attend without fail the next regular meeting of the branch which takes place on Thursday evening, the 11th instant, for the purpose of conforming to the rules of the order. Every member will please take note that this notice is the only one which shall appear on the above subject.

A Successful Social.

A successful social was held in a tent at Mr. Crawford's grove last evening in the interest of the new Sunday School which is being erected in that vicinity. The tent was tastefully decorated inside, and many refreshment booths were nicely arranged within it, which were largely patronized during the evening. The attendance was large and those present thoroughly enjoyed themselves. The proceeds were large and will be devoted to the new Sunday school, which is strictly undenominational in its character, and will be rushed to completion as soon as possible.

Foresters Grand Union Excursion.

A union excursion under the auspices of Courts Peterborough and Langton, Canadian Order of Foresters, will be run on Thursday, August 25th. The excursion will leave the Grand Trunk station at 7 o'clock, and proceeding by steamer Sunbeam and palace barge, Paragon, will take the charming route of the lakes, making an hour and a half stay at both Buckhorn and Burleigh. Butcher's orchestra will accompany the excursion, and the committee will provide hot water, tea and sugar for excursionists. Refreshments will also be served on board the boats. Fare for round trip 80 cents, children half price.

Telephonic Tops.

A new switch board has arrived from the Bell Telephone Company's factory in Montreal, and will be placed in position here in October.

Men are engaged in connecting Ontario subscribers with the Bell exchange. The work is nearly completed, and there are only 92 subscribers connected with the Ontario central office. This office will be closed in a few days.

Manager Knapman reports that since the rent for telephones has been raised to $25 per year, only 20 subscribers of the Bell out of the 180 who previously enjoyed the convenience of the 'phone gratis, have had their instruments taken out. This is a gratifying record for the company.

The work of putting in a complete metallic line for Peterborough and Ashburnham subscribers will be commenced in October.

New cards giving new numbers of the old Ontario subscribers who are now on the Bell exchange, will be issued in a few days.

The number of the Bell subscribers now is about 375.

Mr. Jas. Donaldson, formerly assistant manager of the company here, who was recently appointed agent at Napanee, is his friends will be glad to learn, succeeding well

Royal Templars' Camp.

The annual camp of the Royal Templars' of Temperance will be pitched in Hamilton this year from August 13th to August 20th, in Woodland Park. There will be a most attractive programme including speeches by noted orators, and the camp will doubtless attract a great company of temperance sympathizers. Access to the city is easy as both the G.T.R. and C.P.R. issue return tickets on Saturday, August 13th, good to return till August 20th and on Tuesday, August 16th, good to return till August 20th, at the low fare, on either road, of $2.25—from Peterborough.

St. Paul's R. C. Picnic. Roman Catholic Picnic to be held at Strickland's Point

Lakefield. Lakefield, on Peterborough's Civic Holiday, August 15th, is the finest chance for enjoyment the day presents. A splendid programme of amusements; boating, fishing, etc., in addition to a baseball match between two crack teams, a football match between Peterborough and all-comers, and a determined tug of war between Lakefield and the river men. A continuous round of enjoyment. Peterborough citizens can go by the Grand Trunk regular trains for a single fare—at either 8 40 a.m. or 1.15 p.m.

There are Other Places.

Complaints are made about boys and and young men going in bathing in Little Lake with only nature's garb on. This nuisance generally takes place in the evening when the bathers go in off the logs and booms and at Point St. Charles. There are plenty of sequestered nooks to indulge in this favourite pastime without the young men of Peterborough practising the diversion so publicly. It is arriving at such a stage that ladies cannot venture out canoeing on Little Lake in the evening and preserve their self respect. This nuisance has been going on too long and the complaints from parties who are subjected to it are numerous and loud.

A Delightful Treat.

Yesterday Rev. Father Rudkins made about fifty of the altar boys of St. Peter's Cathedral happy. He procured 'busses, and the jubilant lads were driven to Chemong Park and there they were treated like a bevy of little princes, and happy as the day was long, enjoyed themselves as only boys can. Rev. Father Rudkins remaining with them during the day promoting and sympathing with their enjoyment. This is a graceful and thoughtful manner of recognizing faithful services, and one that will still further strengthen the love and increase the respect of the lads for their beloved pastor. Yesterday's outing will long remain a sunny spot in their memories.

The Band Instrument Fund.

Last night at the regular meeting of the Band a resolution was adopted commissioning Mr. W. H. Crowe and Mr. J. Logan to make a thorough canvass of the town, from house to house, soliciting contributions to the instrument fund, and they will enter upon their canvass in a few days. They should be cordially received and all who derive benefit from the public concerts of the band should make whatever contribution their means will admit of. To be at their best the band must have new instruments, and the public should be as liberal as possible in helping on this object. The instrument fund now amounts to $164.50, composed of the amount already acknowledged, $147 50, and the following additional contributions:—Mr. Henry Best, councillor, $10; Edison Amateur Athletic Club, $5; Mr. T. Irwin, $1; Mr. A. Comstock, $1. Let the public give Messrs. Crowe and Logan, the band contribution commissioners, a practical welcome.

Worst Case of Scrofula the Doctors Ever Saw

Completely Cured by HOOD'S SARSAPARILLA.

"When I was 4 or 5 years old I had a scrofulous sore on the middle finger of my left hand, which got so bad that the doctors cut the finger off, and later took off more than half my hand. Then the sore broke out on my arm, came out on my neck and face on both sides, nearly destroying the sight of one eye, also on my right arm. Doctors said it was the

Worst Case of Scrofula

they ever saw. It was simply awful! Five years ago I began to take Hood's Sarsaparilla. Gradually I found that the sores were beginning to heal. I kept on till I had taken ten bottles, ten dollars! Just think of what a return I got for that investment! A thousand per cent? Yes, many thousand. For the past 4 years I have had no sores. I

STOCKS FOR SALE.

OFFERS will be received (in writing) by either of the undersigned up to Monday, the 22nd day of August inst. for the purchase of the whole or any part of the following valuable Stocks, viz:—

32 Shares of $100 each of the Capital Stock of the Peterborough Lock Co (Ltd) 16 of these shares are fully paid up and 16 of them have 30 per cent. paid up thereon.

40 Shares of $100 each of the Capital Stock of the Brooks Manufacturing Co. (Ltd). all fully paid up.

These Stocks are well worthy the attention of investors. The Lock Co. has just paid a cash dividend for the past six months at the rate of eight per cent. per annum, and besides paying cash dividends varying from six to eight per cent. per annum for the last 5½ years, has distributed to its shareholders in the form of paid-up stock since its organization in 1885 twelve dollars and a half on every seven and a half dollars paid in cash. The Brooks Co. has not as yet paid a cash dividend, but it is believed that this will also prove a valuable stock. Both of these stocks are only placed on the market because it is necessary to the winding up of the estate to do so. The highest or any tender not necessarily accepted.

They Had a Pleasant Day.

The Christian Endeavourers Yesterday at Juniper Island — A Short Meeting Held.

Yesterday the Local Union of Christian Endeavour, Port Hope, held an excursion to the Lakes. At Peterborough they were joined by a large number of Christian Endeavourers from the town and country, and at Lakefield as the party proceeded up the lakes in the Golden City the number on board could not have been less than 200. At Juniper Island, which was reached in good time and after an enjoyable sail, about three-fourths of the party disembarked. The remainder of the company stayed on board the boat and took in the round trip of the lakes. The excursionists on Juniper Island had a fine day and plenty of sport. They went fishing, boating, bathing and followed many other picnic diversions. In the afternoon after all had partaken of a first-class dinner, a short meeting was held in front of Mr. T. W. Robinson's store, Mr. A. J. Johnston, President of the County Union, presided. Rev. A. W. Mallett, of Lindsay, lead in prayer, after which Mr. T. S. Cole, travelling secretary of the Y.M.C.A., gave an eloquent and inspiring address on "Studying the Bible." He spoke especially of the lack of knowledge among young people as to the acquaintance with its contents and truths. After another hymn had been sung Mr. Joplin, of Bowmanville, gave a splendid address on the great International Y.P.S.C.E. Convention recently held in New York city, and to which he was a delegate.

Mr. A. Hamilton, President of the Peterborough local union, closed the proceedings with a few remarks and some advice on the same line as Mr. Cole spoke. The meeting ended with a hymn and prayer by the provincial Y. M. C. A. Secretary, Mr. Cole. The handsome silk banner decorated with badges of societies from all parts of the United States, and which was presented to the Ontario delegates at the New York Convention, was unfurled to the breeze and floated merrily on the island during the afternoon. The banner had been on exhibition in Toronto for the past few days, and this morning Mr. Johnston shipped it to Hamilton.

The return home was made in safety. An enjoyable hour was spent in Lakefield, and the excursionists reached town shortly after 8 o'clock in the evening, all delighted with the day's outing.

Weather Notes For July.

PETERBOROUGH, Aug. 8.—The record of another month, July, now gone, shows that it has been one of the hottest months on record, coming in at 40°, morning observation. 1 p.m. at 70°, sundown 63°, and only on the 3rd did it come so low again, being 55°, 60° and 55° respectively. For the information of those readers not seeing the dailies I will give the highest each day during the hot spell, taking from 85° up. On the 7th, 8th and 9th and the 10th at 85° each, the 11th at 92°, the 12th at 93°, the 13th at 88°, the 14th at 91°, the 15th at 90°, the 17th and 18th at 85°, the 20th at 90°, the 21st at 92°, the 22nd at 91°, the 23rd at 96°, the 24th at 93°, the 25th at 97½°, the 26th at 86°, the 27th at 96°, the 28th at 92°, the 29th at 90°, with 82° and 84° to finish, leaving the mean temperature of the month at 65°, that being high. Rain fell on 11 days to the depth of 3 inches, a good fall for July. The finest display of auroral lights perhaps ever seen here took place on the night of the 13th, lighting over the whole heavens with wonderful brilliancy, continuing on to early morning, with another on the night of the 16th, but of less brilliancy, than that of the 13th. Although we had thunder on 7 days and one evening of vivid electricity still here we had no heavy storm, the most of rain falling at once being on the 2nd and that only 80-100 of an inch. Once mock sun and twice hale. The following are the different points from which the wind was blowing at sunrise during the month respectively, namely: Northwest 15 days, southwest 9 days, northeast 2 days, east 2 days, and west 3 days.—THOMAS TELLFORD.

Indigestion. Dizziness, take BEECHAM'S PILLS.

Grand Aggregation of Attractions,

Civic Holiday, Aug. 18th.

A Trip Unequalled—Through the beautiful chain of lakes from Chemong to Lakefield,

"Where lovely rivers creep by unknown ways,
And tangled forests rear their shadowed mazes!
Where giant rocks in frowning ruins strewed
Obstruct the way and guard the solitude."

No Crowding, as a special train—carrying no other excursion—has been secured, leaving G.T.R. station at 7 a.m. and likewise the sale of tickets is limited.

No Tardiness on the way, As the steamer "Golden City"—the fastest boat on the lakes—carries excursionists on this delightful voyage.

No Monotony, as the route presents a great variety of scenery; after passing through Chemong and Buckhorn lakes, two hours will be allowed at Buckhorn Rapids for fishing and viewing the scenery of this wildly rugged but beautiful spot. After a further sail through Buckhorn river, Deer Bay, Lovesick Locks and Lovesick Lake, Burleigh Falls will be reached where 1 hour will be spent, after which a sail of 3 hours through the beauties of Stony Lake. Spending one hour at Juniper Island, brings us to Clear Lake, passing through Young's Point locks into Katchawanooka Lake, thence to Lakefield. A continuous round of pleasure.

No Inconvenience, as hot water can be had on board for making tea. A lunch and refreshment counter will also be conducted and at Buckhorn and Burleigh Falls excellent hotel accommodation can be had.

Round fare 85c, children 40c. Tickets for sale at the stores of Fairweather & Co., Metropolitan Grocery, P. Connal's, and at office of Canada Loan and Saving's Co. td

WATCH REPAIRING!

This season, so far, has been a very busy one in our Watch Repairing Department. People are surprised at the excellence of our workmanship, having been under the impression that work, of such a high grade, was not possible outside of the large cities. This department is under the charge of a strictly first-class specialist, who thoroughly understands his business in all its details. Our charges are remarkably low considering the quality of the work.

THE COBDEN CLUB ON LORD SALISBURY'S HASTINGS SPEECH.

The Hearing in the Case of Thomas Neill Resumed Yesterday—A Bishop Murdered on a Train—Abandoned Their Patients—Forty-five Lives Lost.

LONDON, Aug. 9.—The annual report of the Cobden Club, which was submitted at a meeting held on Saturday, was devoted principally to Lord Salisbury's Hastings speech. It is impossible, the report said, not to lament the effect of Lord Salisbury's language on those central European countries having high protective tariffs, countries which were hanging out signals of distress at the very moment Lord Salisbury hoisted the protection flag. But this is not all. The speech will have a baneful effect upon free trade in the United States. Referring to the proposals of the United Empire Trade League and the proposals of the Canadian Legislature the report declared they were not worthy of this country. It considered the whole trade of Canada as a trifle compared with the trade of Great Britain and the United States, which would be endangered by the proposal of Sir Charles Tupper.

With regard to the tariff question in the United States the report observed that many competent critics doubted whether the competition of the United States in the neutral markets of the world under a regime of free trade would not injure the manufactures of the United Kingdom more than free intercourse between the United States and Great Britain would benefit them.

THE NEILL TRIAL.

The Hearing in the Case of Thomas Neill Resumed Yesterday.

LONDON, Aug. 9.—The hearing in the case of Thomas Neill, who is under indictment for the wilful murder of Matilda Clover by administering strychnine, was resumed in the Bow-street Police Court yesterday. Sir John Bridge, the presiding magistrate, decided to admit evidence regarding the deaths of the Marsh, Shrivel and Donworth girls, all three of whom were killed in a manner similar to that by which the Clover girl met her death. When this decision was announced the prosecution called to the stand Dr. Stevenson, Government analyst, who examined the stomachs of the Marsh, Shrivel and Clover girls. He testified he had found strychnine in the organs he had examined, and this poison was the undoubted cause of death.

Constance Longford, a friend of Ellen Donworth, testified she saw a man with a strange look in his eyes with Ellen Donworth on the night of Oct. 7. She saw Neill at Bow-street, but failed to identify him as this man. Neill removed his glasses and witness was asked if she now recognized him. She stated positively that he was not the man.

The court then adjourned until to-day.

Withdrew On the First Summons.

ST. PETERSBURG, Aug. 9.—Advices received here yesterday from Tashkend, a town of Asiatic Russia in Syra-Darya, are to the effect that the Chinese troops, who recently occupied various posts in the Pamirs, withdrew on the first summons from the Russian expedition commanded by Col. Yanoff, consisting of a force of 500 men armed with mountain guns.

A Bishop Murdered on a Train.

ROME, Aug. 9.—On the arrival of the train from Florence at Foligno yesterday the Bishop of Foligno was found lying dead in one of the carriages, with several wounds on his head. The police have arrested the suspected murderer.

Abandoned Their Patients.

VIENNA, Aug. 9.—A despatch to The Neue Freie Presse from Lemberg says that along the railway between Kursk, Charkoff and Azoff a great number of physicians have abandoned their patients and fled on account of the prevalence of cholera.

Regarded in Berlin As Incredible.

Forty-Five Lives Lost.

LONDON, Aug. 9.—A dispatch from Helsingfors, Finland, announces that a terrible quarantine disaster has occurred near there. A pleasure steamer was run down outside the harbor and forty-five lives were lost.

BY-LAW NO.—

A By-Law to raise the sum of Forty thousand dollars for the construction of Main Sewers for the Town of Peterborough.

Passed—

Whereas it is necessary and desirable to construct main sewers for the town of Peterborough.

And whereas for the purpose aforesaid it is necessary to raise the sum of forty thousand dollars and to that end to issue debentures of the said municipality for the said sum of forty thousand dollars.

And whereas it will be necessary to raise annually during the currency of the said debentures by special rate the sum of two thousand two hundred dollars for paying such debt and interest.

And whereas the amount of the whole ratable property of the said municipality according to the last revised assessment roll, being for the year one thousand eight hundred and ninety one, is the sum of four million one hundred and thirty five thousand nine hundred and fifty-five dollars.

And whereas the amount of the existing Debenture Debt of the said municipality is the sum of two hundred and ninety-three thousand five hundred and fifty dollars and there is no part of the principal or interest in arrear.

And whereas by the Act of the Legislature of Ontario passed in the fifty-third year of Her Majesty's reign, chaptered ninety-nine it is provided that it shall be lawful for the corporation of the town of Peterborough by By-law or By-laws thereafter to be passed with the assent of the electors in the manner provided by the Municipal Act, to incur liabilities for purposes within the powers of the said Corporation and to issue debentures for the purpose of raising money in the whole not exceeding ten per cent. of the assessed value of the taxable property of the said Corporation at the time of the passing of such By-law or By-laws respectively, including the liabilities of the said Corporation already incurred or authorized by any Statute theretofore passed and affecting the said Town, and which shall be existing liabilities at the time of the passing of such By-law or By-laws respectively.

And whereas the sum hereby proposed to be raised together with the existing liabilities of the said corporation is less than ten per cent of the assessed value of the taxable property of the said corporation.

The Corporation of the Town of Peterborough by the Council thereof enacts as follows:—

1 This By-Law shall come into force on the first day of September, one thousand eight hundred and ninety two.

2 It shall and may be lawful for the Mayor and Town Treasurer when requested by resolution of the council so to do and in such sums as may be required for the purposes of the work as it proceeds, to borrow the said sum of forty thousand dollars and to cause to be issued Debentures under the seal of the said Corporation to be signed by the Mayor and countersigned by the Treasurer of the said Town and by the Secretary of the Commissioners of the Peterborough Town Trust to the amount in the whole, not exceeding the said sum of forty thousand dollars.

3 Such Debentures shall be for sums of not less than one hundred dollars each, and shall be payable in thirty years from the date on which this By-Law takes effect, and shall bear interest at the rate not exceeding four and one half per cent. per annum, payable half yearly on the thirtieth day of June and the thirty-first day of December in each year during the currency of the Debentures, and shall have coupons attached thereto for the payment of such interest, such coupons to be signed by the Mayor, and such Debentures as to principal and interest shall be payable at the office of the Treasurer of the said Town of Peterborough.

4 There shall be raised and levied annually during the currency of said Debentures by a special rate on all the ratable property in the said Municipality, the sum of one thousand eight hundred dollars for the payment of the interest, and also the sum of four hundred dollars as a Sinking Fund for the payment of the said debt.

5 The moneys realized by the sale of the said Debentures shall be applied to the construction of Main Sewers including the securing of the right of way if any and the necessary expenses attending the same.

6 The votes of the duly qualified electors of the said Municipality shall be taken on this By-law on the Twelfth day of August, One Thousand Eight Hundred and Ninety-Two, commencing at the hour of nine o'clock in the forenoon and closing at the hour of five o'clock in the afternoon of the same day at the following places and before the following Deputy Returning Officers in and for the several Wards, that is to say:—

Ward Number One—At Mission School House, Dalhousie street, Joseph Lundy to be Deputy Returning Officer.

Ward Number Two—At Market building, George street. Charles Cameron to be Deputy Returning Officer,

Ward Number Three—At Metheral Bros.' shop, Aylmer street. John Irwin to be Deputy Returning Officer,

Ward Number Four—At William Lee's shop, Smith street William Lee to be Deputy Returning Officer.

7 The eleventh day of August, one thousand eight hundred and ninety two, and at the hour of twelve o'clock noon, the office of the clerk of the said Municipality are hereby fixed as the time and the place for the appointment of persons to attend at the various polling places, and at the final summing up of the votes by the clerk respectively on behalf of the persons interested in and promoting or opposing the passage of the By-Law respectively, and the thirteenth day of August, one thousand eight hundred and ninety two at the hour of twelve o'clock noon at the office of the Clerk of the said Municipality, are hereby fixed as the time when and the place where the Clerk of the said Municipality shall sum up the number of votes given for and against the By-Laws.

NOTICE.

TAKE NOTICE that the foregoing is a true copy of a proposed By-Law which has been taken into consideration and which will be finally passed by the Council in the event of the assent of the electors being obtained thereto after one month from the first publication thereof in the Daily Evening Review and Daily EXAMINER newspapers, the date of which first publication is the Twentieth day of July, One Thousand Eight Hundred and Ninety-Two, and that at the hour, day and places therein fixed for taking the votes of the electors, the polls will be held.

we are able to offer advantages to the public which are impossible to the ordinary dealer.

Our instruments have an established reputation for excellence of TONE, TOUCH, WORKMANSHIP, and DURABILITY, and

Every Instrument is Fully Warranted for Seven Years.

Chief among our instruments which have received preferences from the best musical artists, stand

—THE—

HEINTZMAN AND EVANS PIANOS.

These instruments have been before the Canadian public for a number of years, and the great praise bestowed upon them by musical experts, along with the continued increase of sales year by year, testify to their high excellence.

The aim of the manufacturers of these two favorite Pianos has persistently been to produce the best instruments at a moderate price. They are of solid build, warranted for durability, of handsome appearance and good finish; pleasant touch and quick repetition. TONE: rich, full, bright and resonant. Beautifully singing and sympathetic in quality. The prices are moderate, and within the reach of the majority of purchasers.

We are exclusive agents in Peterborough for the celebrated

KARN ORGANS

which stand ahead of all competitors. We have also at all times in stock the well-known and popular

THOMAS ORGANS,

AND OTHER MAKES.

Our large and well-lighted show room enables us to carry the Largest Stock ever shown in Peterborough, and as regards Prices, we have only to say that **we positively will not be undersold.**

Those not having the inclination or the means to purchase an instrument outright, can by a small monthly investment, secure a Piano or Organ on rental until paid for.

JACKSON & CO. wish it to be distinctly understood that in cases of emergency, they are always desirous of dealing justly and fairly with their customers. They do not want both the money and the instrument.

NOTICE.

To insure confidence and satisfaction, Jackson & Co. are willing to exchange any instrument purchased from them within twelve months if not approved of, themselves bearing all expense of carriage, and allowing all that has been paid, towards any other instrument selected.

All kinds of Instruments Tuned or Repaired on short notice.

"August Flower"

"I inherit some tendency to Dyspepsia from my mother. I suffered two years in this way; consulted a number of doctors. They did me no good. I then used **Relieved in** your August Flower and it was just two days when I felt great relief. I soon got so that I could sleep and eat, and I felt that I was well. That was three years ago, and I am still first-class. I am never **Two Days.** without a bottle, and if I feel constipated the least particle a dose or two of August Flower does the work. The beauty of the medicine is, that you can stop the use of it without any bad effects on the system. **Constipation** While I was sick I felt everything it seemed to me a man could feel. I was of all men most miserable. I can say, in conclusion, that I believe August Flower will cure anyone of indigestion, if taken **Life of Misery** with judgment. A. M. MEAT-EATING AND MORALITY.

Count Tolstoi Says They Are Incompatible, and Only Vegetarians Are Good.

I only desire to establish the propositions that, in order to lead a moral life, it is necessary to observe a certain sequence in good actions; that if a man is serious in his aspirations to lead a good life, the practical manifestations of that desire will necessarily unfold themselves in a certain order, and that in this order the abstemiousness (self-restery) is the first virtue which he will have to cultivate. In the pursuit of the virtue of abstemiousness he must again observe a certain definite order, and the first step therein will be abstemiousness in food-fasting. In the practice of fasting the first thing from which he must abstain, if he really and truly aims at leading a good moral life, is animal food; and this for the intelligible reason that, not to speak of the passions it engenders and fosters, the consumption of animal food is plainly immoral, because it demands an act which does violence to our moral sentiments, viz.: murder, and is encouraged and kept up only by men's greed of gold and their appetite for savory food. The reason why the first step in fasting and in right living is abstinence from animal food has been admirably formulated, not by one man only, but by all mankind in the persons of its most accredited representatives during the course of human history.

But why, one may ask, if the illegality, i. e., immorality, of consuming animal food has been recognized by mankind for such a long period, have people nevertheless persisted down to the present in ignoring this law? This question naturally suggests itself to those who are prone to be guided less by the light of their own reason than by public opinion. The answer to the question, however, is that all moral progress (and moral progress is the essence of all progress whatever) is a work of time, is accomplished slowly; but that the sign of genuine progress, as distinguished from casual advance, in its uninterrupted continuousness and its ever-increasing rapidity. The vegetarian movement ought to fill with gladness the souls of those who have at heart the realization of God's kingdom upon earth, not because vegetarianism itself is such an important step towards the realization of this kingdom (all real steps are equally important or unimportant), but because as it serves as a criterion by which we know that the pursuit of moral perfection on the part of man is genuine and sincere, inasmuch as it has taken that form which it must necessarily assume, and has truly begun at the very beginning. It is impossible not to rejoice at this, just as it would be impossible for people not to feel glad who, after having vainly endeavored to reach the top of the house by attempting to climb up the walls from various sides, at last meet at the bottom step of the staircase, and crowding together there, feel that there is no way of reaching the top except by ascending that staircase and beginning with this first and lowest step.—New Review.

Uses of the Umbrella.

"An umbrella is one of the most useful articles that a man can carry with him," said Lamar J. Saunders from Jackson, Miss. "One can be used in a dozen different ways. When the sun is shining hot, or when it is raining, a man without an umbrella must either remain indoor or suffer. As a weapon of defence there is nothing better. You can keep a man at his distance with one better than you could with a stick. You remember what a conspicuous part the umbrella played in the tragedy at Homestead the other day in the hands of the infuriated women? Next to a shotgun or a pistol there is no more dangerous weapon.

"I remember one time I was in a hotel that caught afire early in the morning. The guests were awakened by the stifling smoke and noise. My room was on the second floor, and by the time I had slipped on my pants the fire had gained such headway that all avenues of escape were closed. But there was my umbrella and a window and the rest was easy.

"Another time I was walking through a pasture when a bull with his eyes ablaze with fire made for me. I kept my senses, and when he got within about 50 yards of me I ran towards him, opening and closing the umbrella as fast as I could. The bull wheeled around and ran from me faster than he ever ran before in his life.

"And for frightening dogs I had rather have an umbrella than an arsenal."—St. Louis Republic.

"Dear me, these are the most beautiful photographs I ever saw."

"Yes, they certainly are very fine and elegantly finished, besides, they are permanent."

"Do they cost more than before."

"No, not to us, though the material is much more expensive, yet Mr. Sprouls believes in having the best obtainable. He says nothing is too good for his patrons, and these certainly bear out his statements; and his studio is so convenient—no stairs to climb yourself, nor have you any fear about the children."

"Yes, I have heard about the ground floor studio being so convenient,—but those photographs!"

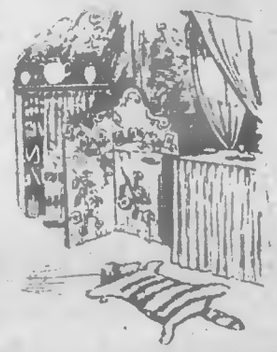
SOME STYLES OF TO-DAY.

A Couple of Gowns Designed for Everyday Wear.

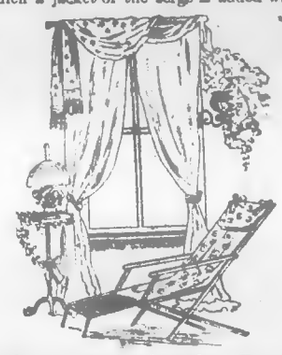
This gown for a schoolgirl can be made of any thin fabric you wish from soft crepe de chine to a pretty gingham, and if the material be inexpensive the trimming and pretty style will make it dressy. The guimpe may



be made of lawn or white india silk and the tri .....ng used is wide satin ribbon. The back is plain and pointed like the front. The ribbon can be arranged on the back in square or pointed shape.

In the corset waist we have a fashion which is both pretty and economical, for it will readily lend itself to the remodeling of a schoolgirl's dress. An old waist and skirt may be easily eked out in this fashion to cover a guimpe of any cool, thin material. It is finished by a cord of ribbon running around the top and buttons at the back.

For common everyday wear there is nothing so serviceable as serge or the smooth-finished velvet. The serge comes in bright shades for this purpose, one of the most attractive being a light red with yellow threads in it. Tweeds are usually gray or tan, but the newest are enlivened with heavy threads of red, blue, green or yellow, forming light stripe or plaids. Gay-colored silk blouses especially the Russian blouse, are worn with skirts of serge and tweed, making pretty and convenient dresses, to which a jacket of the serge is added when



comfort or necessity demands. For travelling dresses the same materials are used in subdued colors, made in strict "tailor" style and the dress is usually accompanied with a jacket of the same material, which on occasion can be worn with a blouse waist of silk instead of the natty, close-fitting coat-basque, which is the appropriate complexion to a tailor-made suit, but is not nearly so comfortable as a blouse on a warm day. The new serges are especially desirable for travelling, since they shed the dust and are easily kept clean. The omnipresent "bell" skirt is chosen both for travelling and seaside wear, but is made to clear the ground. Serge and tweed are also especially popular for tennis and bicycling dresses. Gay colors prevail in the tennis dresses, and fancy striped woolens are sometimes used. The skirts of tennis dresses clear the ground at least an inch or two, and usually there is a "blazer" of dress material to wear over a silk blouse. Leather belts and girdles are worn with such dresses, as well as belts of ribbon or metal; silver buckles and large bow-knots of the same rigid material are used to secure belts.

Gladstone's Senior.

There is an older man than Gladstone in the new British Parliament. Gladstone was born in 1809, while Isaac Holden, who represents the Keighly division of Yorkshire, was born in 1807. He is the oldest and probably the richest member of the House, having an income of a round million a year from his silk and wool manufactures. He is even more vigorous physically than is the Grand Old Man, and eight miles a day is his constitutional walk, rain or shine, hot or cool. His political sympathies are all with Gladstone when he styles a very bright and promising young man.

The Pill for the People.

MUSELLA, Ste., Ont., Jan. 12, 1890.
W. H. COMSTOCK, Brockville, Ont.

DEAR SIR,—Have been selling your Dr. Morse's Indian Root Pills for the past eight years; they are the only Pill for the people. After having used them once, they always come back for more.

Yours truly,
JNO. MCLEAN.

Uric acid in the blood is the cause of nearly all disease, it visits every part of the body and is liable to fasten disease on any organ; the duty of the kidneys is to extract wastes from the blood; a cold will stop this action, a pain in the back follows, and unless relief is obtained, permanent inability of the kidneys to perform their functions follows, which may terminate in liver complaint, dyspepsia, blood disease, dropsy, diabetes or Bright's disease. Dodd's Kidney Pills assist the kidneys to natural work, and cure all complaints and results arising from same. dw

Still Another Triumph.

Mr. Thomas S. Ballen, Sunderland, writes: "For fourteen years I was afflicted with piles; and frequently I was unable to walk or sit, but four years ago I was cured by using Dr. Thomas' Eclectric Oil. I have also been subject to quinsy for over forty years but Eclectric Oil cured it, and it was a permanent cure in both cases, as neither the piles or quinsy have troubled me since." w32

Self Application of Electricity
FOR MEDICAL PURPOSES BY THE
DORENWEND
ELECTRIC BELT
And Attachments.
HEAD OFFICE—103 Yonge St., Toronto.
THE WORLD'S BEST.

ALL diseases curable by Electricity can be treated at home by the Dorenwend Appliance. The Dorenwend is the only legitimate Electric Belt made which fulfils the requirements of Electro-medical science. It is a complete BODY BATTERY. It has an independent Battery, which generates a mild, continuous current of Electricity (without shocks) and can be regulated to suit the strongest man or the weakest child. It is a CURRENT of QUANTITY, not merely a sensation current, and the quantity current is the greatest curative. It is a successful treatment for INDIGESTION, RHEUMATISM, NEURALGIA, SCIATICA, LUMBAGO, LIVER AND KIDNEY TROUBLES, WEAK BACK, SPINAL DISEASES, HEART DISEASE, NERVOUS DEBILITY, PARALYSIS, VERTIGO, FEMALE COMPLAINTS, IMPOTENCE, SEXUAL DECLINE and all diseases of the Nervous and Muscular Systems.

Remember that the DORENWEND BELT is the very latest invention in this line, and was invented by a competent electrician, and ranks as the best in the world; we defy anyone to bring proof to the contrary.

Do not class this Belt with the numerous combinations of leather and metal with which the country is being flooded. If you wish to experiment with cheap articles, buy THEM but if you want to procure a genuine Electric Belt and one that will be a benefit get a Dorenwend Belt.

Send name and address for Illustrated Book on Home Electro-medical treatment and mention this paper. J. D. TULLY, Agent, Peterborough. dw

IT WAS WAR TO DEATH.

Miners Rescue a Comrade Who Was Wanted for Criminal Assault.

PETERSBURG, Ind., Aug. 10.—A bloody tragedy is reported from Winslow, this county. Miss Read, the daughter of a respected farmer, was assaulted by one Barnes, a coal miner. Sheriff Stillwell arrested Barnes in McCoy's saloon, when he was at once set upon by a dozen drunken miners, who demanded the release of Barnes.

This was refused and a general fight ensued with knives, razors, billiard cues, etc.

Bartley Stinson, one of the miners, was cut literally to pieces, one gash being on the breast near the heart, about eight inches long, another grah longer and uglier in the chest and abdomen and still another on the back, extending beneath the arm and down the side.

His brother, Pete Stinson, had his throat cut, the gash being about six inches long and very deep, with a deep wound on his breast and one arm about half severed. Both men are fatally wounded.

Levi Read, brother to the young lady assaulted, who was assisting the sheriff, was stabbed in three places and is badly hurt.

Several others were more or less hurt in the melee, but their names are unknown. The sheriff came out with a few painful bruises. No arrests as yet have been made.

A WELL-DIGGER'S BRAINY AIDE.

He Drops a Spade Down a 30-foot Well on the Head of His Employer.

CINCINNATI, O., Aug. 10. — "Hey, Schneider, send me down a spade," shouted up B. W. Schriechter from the bottom of a 30-foot well on Walnut Hill to his assistant Joseph Schneider, who was in the yard above him. Schneider had just been hired on probation by the well-digger, and he answered with an alacrity which he hoped would secure the job. He took the spade he was using and, leaning over the pit, cried: "Look out! Here comes!" and let it drop.

"Did you get it?" he asked, peering into the hole. But no answer came. Schneider lowered himself into the well to see whether or not the spade reached there all right, and found Schriechter lying unconscious with a long bleeding gash on his head inflicted by the spade, which will probably prove fatal. He managed to bring Schriechter forth and ran away.

HARTFORD, Conn., Aug. 10.—Ever since the Philadelphia and Reading Railroad got control of the Central New England and Western there has been trouble with the men working on the road. Sectionmen have left the road on account of a reduction of wages from $1.50 to $1.25 per day, and the men generally have been dissatisfied and discontented.

On Saturday 33 of the 65 employes in the car shops were discharged without warning. Some of the men had worked for the road twenty years. This seems to imply a determination to centralize all the work of this division in Philadelphia. New sectionmen are being put on, and the men who have left say that there will be trouble.

Watching American Fishermen.

HALIFAX, Aug. 10.—The cruiser Curlew has been sent to sea under sealed orders, undouptedly to watch American fishermen in the Bay of Fundy where poaching is reported. At present the Kingfisher is the only cruiser on the coast. She was ordered to watch the American fleet at St. John, but a heavy fog set in and barricaded her in St. Mary's Bay several days. Meanwhile the fishermen are reported to have made big hauls.

Crushed between Two Vessels.

PORTSMOUTH, N.H., Aug. 10.—While the schooner Charlotte was getting under way this morning she drifted across the bow of a collier. Two of the Charlotte's crew, Charles Bushnell of Cohasset and William J. Carroll of Boston went into a small boat between the vessels to keep them from fouling. The vessels unexpectedly came together with considerable force, smashing the boat and crushing Carroll to death. Bushnell was forced under water and drowned.

History of a Hungarian Bigamist.

LYNN, Mass., Aug. 10.—John Francis Vadnai, alias Philip Weiss, the Boston artist under arrest for bigamy, was admitted to bail to-day for his appearance Saturday. From the Consulate at Buda-Pesth, Hungary, the police have received a history of Vadnai, showing his marriage to Emma Berger of Buda-Pesth and to an actress, Nagy, the daughter of a hackney-coach driver, before he married Miss Slocum of this city.

Mexican Revolutionists Again Active.

RIO GRANDE CITY, Tex., Aug. 10.—The Mexican refugees on this side of the border are again on the warpath and are endeavoring to work up another revolutionary movement against Mexico. General Lorenzo Garcia, who commands the Northern Military Zone of Mexico, with headquarters at Meier, received word that a band of revolutionists had opened a recruiting station and established their rendezvous at the Jabaline ranch, below this city. General Garcia at once telegraphed the information to General Frank Wheaton, commanding the Military Department of Texas, and the latter ordered Second Lieutenant George L. Le ghorne of the 3rd Cavalry, stationed here at Fort Ringgold, to proceed with a detachment of 30 men from Troops A and C immediately to the scene of the reported revolutionary gathering. The troops left here two days ago and nothing has since been heard from them. It looks as though the Mexican revolutionists along the Rio Grande border have entered upon their second winter campaign against Mexico. United States Marshal Paul Frick and his posse are still searching for Catarina Garza northwest of here.

A Poison Snake in the Cabbage.

LEXINGTON, Ky., Aug. 10.—J. H. McIntyre's family of four and the colored cook of Buena Vista, ate cabbage for dinner and died shortly afterward. Upon investigation it was found that a poisonous snake had been cooked with the cabbage.

Smuggled Chinamen Captured.

PORT TOWNSEND, Wash., Aug. 10.—Yesterday afternoon a sloop from Victoria landed a dozen Chinese near Point Wilson and hastily sailed away. The customs officers arrested four of the Chinese and are now on the trail of the others.

Scores of Barns Blown Down.

LONDON, Ont., Aug. 10.—A bad cyclone occurred about 4 o'clock yesterday, extending across the G.T.R. lines between Dumfries and about four miles east of Paris. All telegraph lines, both on highway and railways, are completely prostrated. The majority of poles for 15 miles between Dumfries and Princeton are down. Scores of shanties and barns were blown down or struck by lightning. No. 13 Pacific express lost about 40 minutes running slow through the district, the track in a couple of places being covered by a foot of water. So far as learned up to the present no fatalities have occurred.

Cheering Gladstone From New Zealand.

WELLINGTON, N.Z., Aug. 10. Grey, Premier of New Zealand, and members of the Legislature sent the following message to Mr. Gladstone: "Faint not from old age. Be strong to the end."

A Love Song in M Flat.

"My modest, matchless Madeline!
Mark my wondrous mi ght mouse;
Much may my melting music mean—
My modulated moo-choose.

This young man stayed out too late serenading his lady love. He caught a cold, which developed into catarrh, but he cured it with Dr. Sage's Catarrh Remedy a sovereign specific for chronic cases. "cold in the head," catarrhal headache. It corrects the tainted breath, stops the offensive discharges, heals the irritated throat and nose, leaving the head clear, and smell and taste unimpaired. It costs but 50 cents, and the proprietors offer in good faith $500 for a case they cannot cure. c

BAD ECZEMA ON BABY

Head one Solid Sore. Itching Awful. Had to Tie His Hands to Cradle. Cured by Cuticura.

Our little boy broke out on his head with a bad form of eczema, when he was four months old. We tried three doctors, but they did not help him. We then used your three CUTICURA REMEDIES, and after using them eleven weeks exactly according to directions, he began to steadily improve, and after the use of them for seven months his head was entirely well. When we began using it his head was a solid sore from the crown to his eyebrows. It was also all over his ears, most of his face, and small places on different parts of his body. There were sixteen weeks that we had to keep his hands tied to the cradle and hold them when he was taken up; and had to keep mittens tied on his hands to keep his fingernails out of the sores, as he would scratch if he could in any way get his hands loose. We know your CUTICURA REMEDIES cured him. We feel safe in recommending them to others.
GEO. B. & JANETTA HARRIS, Webster, Ind.

A FASHIONABLE CUT

Is what you get in our $7.50 and $10 00 Suits. These two lines have had an immense run this season and we have just added six more new patterns to our already large range at that price for the August trade. These Suits are made of

FINE IRISH AND CANADIAN TWEEDS, SERGES AND WORSTEDS,

and lined, trimmed and made like the finest custom work. So many young men who have been accustomed to pay from $15 to $20 for ordered suits are now buying our READY-TO-PUT-ON SUITS at $7.50 and $10. The Pattern of Goods for our Boys' Clothing are of especial beauty and represent the choicest of the world's looms. And we know from experience that boys between 14 and 19 years old are more particular and fastidious than the average man in the styles they wear. They have ideas of their own—youthful tastes, sprightly notions—and our clothing meets their requirments to a T. We show hundreds of different styles; every one a beauty. Single and Double-Breasted Suits; Plaids and Checks; Solid Colours and Mixtures; and the prices to suit all purses, lean or fat—$3.25, $3.95, $4.50, $5, $5 50, $6.50, $7, $7.50, $8.50, $9.50, $10. Rely on it, you cannot find as good and stylish a suit for the money anywhere as at

The Golden Lion Is Himself Again.

The alteration in our store front is completed and every one is complimenting us on the improvement it has made. We have to thank our customers for their constant and continued custom during the bustle and inconvenience of these alterations.

Our Dress Goods Department—in fact all our departments—have gained such a reputation that nothing we can say in our advertisement could be construed as overdrawn.

New importations are now on their way, and, as we find that we have a surplus stock of certain lines, we are determined to make August clear them all out. Room is demanded and we must prepare the shelves for the new goods.

We have therefore planned for such activity during August as shall astonish even those whose interests have grown with the Golden Lion. Instead of waiting for trade in a naturally dull season, we're going to make it. Don't go by what's said, merely, but fix your own judgment and come and compare our prices with any others you may hear of.

This SECOND week of August will make our stock dwindle, and we know it.

TURNBULL'S.

We are showing to-day a window of Light Flannelettes and Ceylon Cloths, suitable or August weather. They are choice patterns and are ready sale, as the quality is good.

We are also showing an immense quantity of Dark Grey and Brown Flannelettes in checks and stripes, medium and good qualities. These should find ready sale at the prices we are offering them.

Just arrived, a full range of Heavy Shot Silks, suitable for trimmings. They are also being greatly used in the cities for under skirts, made with deep plait on the bottom, only 50c. a yard.

Our Canadian mills are now producing a finer make of Gray Cotton than usual, put up in 80 yd. ends, suitable for family wear. We have it in stock in three different qualities. Ask to be shown them.

The German steamer "Elbe" is now bringing us ont from Germany our first shipment of Fall Mantles. This season we have bought twice our usual quantity at very close prices, and will be prepared to show an immense range of the finest goods at low figures, and would ask everybody within reach of Peterborough when they think of Mantles or Mantle Cloths to remember Turnbull's.

ANOTHER TORONTO MAN DROWNED YESTERDAY.

The Goderich Scandal—First Electric Car in the Queen City—Tried to Poison Herself—Two Farmers Killed—Fatally Injured by a Falling Tree.

TORONTO, Aug. 11.—John Wicks, a labborer about 20 years of age, was drowned at the Credit Valley Wharf last night. He had gone down with a number of acquaintances for a bathe. Just before he jumped in his friend, Harry Leslie, asked him if he could swim. On receiving the answer, no, Leslie said, "Then, John, don't come in here, for God's sake, or you'll be drowned." Then Wicks jumped in, falling on his back. Some of his companions think he struck his head on the piling. At any rate, he sank and never rose again. The lifeboat crew of the Sons of England, of which society young Wicks was a member, were on hand, but their services were unavailing. Their opinion is that the body is under the cribwork or tangled in the weeds at the bottom.

The Goderich Scandal.

TORONTO, Aug. 11.—Micholas Murphy, Q.C., before he left Goderich yesterday was instructed to institute an action against M. C. Cameron for $5000 damages on behalf of Miss Laura Gordon for false arrest, imprisonment and malacious prosecution. It seems Miss Gordon was arrested in her bed on Monday of this week at the instigation of Mr. Cameron for conspiracy. Although the prosecution and the constable knew that Miss Gordon was on her death bed the warrant was taken to the home and the arrest made.

First Electric Car in Toronto.

TORONTO, Aug. 11.—Yesterday afternoon the first trolley car made its trial trip on Church-street. The distance from the City Hall to Rosedale was accomplished in 15 minutes. Those on board were the Mayor; Ald. W. Carlyle, Treasurer Patterson, Engineers Keating and Rust, E. J. Bird, Assistant Superintendent of the Railway Mrs. Everett, R. J. McKenzie, the Misses McKenzie and W. G. McWilliams. The directors of the road were highly pleased with the success of the trial.

Burned by Hot Pitch.

TORONTO, Aug. 11.—Some urchins were amusing themselves by throwing a ball into a tub of hot pitch, where paving was being carried on in Queen-street, and then fishing it out again. Finally the pitch was spattered into the face of one of the lads and he was seriously burned.

ORDER OF FORESTERS.

Session of the High Court of Ontario—Election of Officers.

BARRIE, Aug. 11.—The High Court of Ontario of the Independent Order of Foresters met again at 9.30 yesterday in the Opera House, High Chief Ranger Millar in the chair. General business relative to the welfare of the order was taken up and discussed.

The Committee on Constitutions and Laws submitted a report that invoked considerable discussion, a motion was introduced and carried amending the constitution so that in future past high officers will not be entitled to vote, but can sit in such as honorary members.

The election of officers followed: High Chief Ranger, Bro. Rev. Alexander Macgillivray, Toronto; High Vice-Chief Ranger, Bro. C. C. Baird, Hamilton; High Secretary, Bro. J. B. Halkett, Ottawa; High Treasurer, Bro. Atwell Fleming, Loudon; High Physician, Bro. Dr. Clark, Tamworth; High Councillor, Bro. L. T. Barclay, Whitby.

TRIED TO POISON HERSELF.

A Jealous Woman Who Took a Dose of Sulphate of Zinc.

HAMILTON, Aug. 11.—Early yesterday a man, greatly excited, rushed in Dr. Baugh's house and told him that his wife, Mrs. Clarkson, who lives in Cannon-street, between Steven and Ashley-streets, had tried to poison herself. The doctor went with the man and found his wife suffering great pain. She admitted that she had taken a large dose of sulphate of zinc, which she had purchased at a drug store. Dr. Baugh used a pump and succeeded in improving the woman's condition.

Mrs. Clarkson is about 24 years old. She got jealous because her husband was with some other woman. She became desperate when he did not come home last night and took the poison. Clarkson found her in a dangerous condition when he returned home in the morning.

I.O.O.F. GRAND LODGE.

The Thirty-Eighth Session Opened at Windsor Yesterday.

WINDSOR, Aug. 11.—The Grand Lodge of Ontario, I.O.O.F., opened its 38th annual meeting yesterday. The report of the Grand Master showed the order to be in a very prosperous condition. During the past 12 months seven new lodges have been instituted and one resuscitated.

The grand treasurer's report shows that there are 237 lodges in the order, five having been added this year. The membership is 18,390, showing a net increase of 683. There was paid out for relief during 1891 $65,293.84, of which $63,568.17 was for sick benefits and $11,842.67 to widows. The current expenses were $76,166.49, making a total expenditure of $141,460.33. The receipts amounted to $170,454.09, made up as follows: Initiations, $30,057.65; dues and reinstatements, $102,439.72; other sources, $37,956.72. The assets of the order amount to $747,004.04

An Old Man Killed.

TAVISTOCK, Ont., Aug. 11.—During the thunderstorm yesterday, Dingwall McKay, aged 70 years, a farmer living in the township of East Zorra, about three miles from this place, was struck and instantly killed. He was in the act of closing his gate when the accident occurred. A son, who was a short distance off, discovered his father lying on the ground, but the old man never spoke. Death was instantaneous.

Lightning Causes $85,000 Damage.

RUTLAND, Vt., Aug. 11.—The works of the Harris Manufacturing Co. were struck by lightning and partly burned. Loss about $75,000. The Central Vermont buildings and storehouse alongside were destroyed. Loss $10,000.

Took Embalming Fluid and Died.

WILLIAMSBURG, Aug. 11.—Michael Ferris, 32 years old, died at St. Catharine's Hospital last evening from the effects of drinking embalming fluid in mistake for mead water.

UNITED STATES NOTES.

THE $20,000,000 TRAIN ARRIVES SAFELY IN NEW YORK.

Guarded by Well-Armed Men—The Big Coin Shipment Treated as a Registered Letter by the Postoffice Department.

NEW YORK, Aug. 11.—The undertaking of the railway postal service to transport safely $20,000,000 in gold from the Sub-Treasury in San Francisco to the Sub-Treasury in this city has been successfully accomplished, the vast treasure now being locked up in the massive vaults in Wall-street.

The shipment was the largest of the kind ever attempted for anything like the distance involved, and the precautions taken for its safe transport were of an extraordinary character, making robbery practically out of the question. The treasure cars themselves were of steel and supposed to be bomb proof. Half a hundred and more trusty guards were aboard the train, each armed to the teeth, and arrangements had been made whereby the authorities of the postal service were informed by telegraph of the location of the train every quarter or half hour of the total time consumed in the journey.

The train left the metropolis of the Pacific slope at 6.30 o'clock on Thursday night and made the fastest run that has yet been made between that city and New York, covering the distance in 107 hours.

The train was in charge of Captain James R. White of the railway service, with 57 assistants.

The train consisted of five cars, one private car directly behind the engine, where, through the observation end a guard was kept day and night over the engineer and fireman; one mail and three express cars. In each car was an officer of the railway mail service and ten guards, each of whom carried a Colt revolver and a carbine.

The $20,000,000 was packed in wooden boxes, sealed and registered, and equally divided among the four cars. The guards slept upon these boxes, and not for a single moment were they left unguarded.

TO FERRY CARS 60 MILES.

Bold Move of Railroad Men to Cross Lake Michigan.

DETROIT, Mich., Aug. 11.—Preparation is being made, and the experiment will be tested during this fall and winter to deal shipping interests of the great lakes one of the severest blows that that industry has yet received from the railroads. Apart from the package freight carried by the swift steamships, there is hardly anything for vessels to take from Lake Erie to Lakes Michigan and Superior excepting coal. It is at this traffic that the railroads are now casting their eyes, and an attempt to gather it in is now being prepared for. At the yard of the Craig Shipbuilding Company in Toledo there are under construction two huge and peculiarly-shaped hulls. They are 360 feet long, 52 feet beam and 19 feet deep and will cost when completed about $180,000 each. They are for the Toledo, Ann Arbor and North Michigan Railroad and will both be completed this fall. Each of the steamers will be fitted with four tracks and will be capable of carrying 24 cars. They will be operated between Frankfort, Mich., and Kewanee, Wis., a route that is 60 miles long and can be covered in six hours. The projectors of the scheme figure that cars can be taken across at a cost of $2 each, against a present cost of $7, when bulk is broken. This refers to the handling of general merchandise. But it is the coal business that the best results are looked for.

ONTARIO'S NEW LAKE LINE.

It Will Have Steamers in Commission Between Duluth and Oswego.

NEW YORK, Aug. 11.—Before another season the New York, Ontario and Western Railway will probably have a through line of its own to Duluth and the Northwest. The company has been considering the plan for several years. President T. P. Fowler, General Manager J. E. Childs, General Freight Agent J. C. Anderson and other officials of the road are out of the city on an inspection tour. About this time they are measuring the Welland Canal with a tape line to find out what draught of steamers will go through.

The Ontario and Western has extensive wharves at Oswego and it has done considerable business in connection with the Ogdensburg Transportation Company, but it has no regular line and the purpose is to establish such a service. It is calculated that one of the existing steamer lines can be induced to make Oswego its regular terminus in case enough freight both west and east bound is guaranteed.

This will be the first effort of the Ontario and Western to participate in the lake and rail traffic. In some respects it has an advantage over its competitors. It has the shortest rail line from the lakes to tidewater and it can therefore haul freight somewhat more cheaply.

This new move of the Ontario and Western will give it a much better opportunity to secure Northwestern business.

MANKIND WERE MONKEYS.

A German Commits Suicide, Having Found Life to Be a Nightmare.

NEW YORK, Aug. 11.—Before Phillip Kraus of 315 Manger-street, Williamsburg, leaped into Newton Creek he had written the following letter in German, which was found in one of his pockets:

"I don't see the reason why I should be amongst animals and monkeys. You are nothing but birds, rats, nightmares and vermin. I want to know what God had against me to make me live amongst such animals as these. You are nothing but d——d tramps and cretans.

"I do not want my wife to die. I want her to dry up as a mummy and live forever. She promised to be faithful to me and was not. I wish her anathema, and I will follow her and her children day and night forever and ever. I pray God to give me the right when my soul goes before Him to do so. Now good-bye, for you will get money." The suicide's life was insured for $5000.

Bound, Robbed and Maltreated.

NEW YORK, Aug. 11.—Chilian advices report that a band of 15 bandits recently made a descent on the San Juan Jel Paral estate near Santiago, operated by Jose Miguel Velasco. Velasco was shot and killed in the presence of his family and his body mutilated and robbed. Mrs. Velasco seizing one of her children sought refuge in another room, while Velasco's sister with two other children fled to the yard. Mrs. Velasco was soon caught, bound, gagged, robbed and maltreated.

A WIFE'S REVENGE.

Mrs. Welch Attacks Her Husband With An Ax.

NEW YORK, Aug. 11.—David Welch, a laborer, who resides at Tipperary Corners, New Dorp, S.I., was attacked by his wife with an ax yesterday morning while he was lying awake in his bed.

Mrs. Nary Welch has been acting strangely for some time, her mental condition being the result, it is supposed, of the frequent quarrels between the pair. When Mrs. Welch entered the room, waving the ax in such a threatening manner, her husband thought it was time to make his escape, but not before he had received several violent blows on the head and on the arms and back.

Fortunately the ax was old and very blunt, or the blows might have resulted fatally.

Welch's cries of "murder" brought several neighbors to the scene, who succeeded in disarming the frantic woman. Welch was removed to Smith's infirmary at New Brighton, where his wounds, although serious, were pronounced not necessarily fatal.

Mrs. Welch was arrested by Policeman Kane and taken before Justice Kulmann at Stapleton. He held the woman on the charge of assault in the first degree. She was committed to police headquarters, where she will be examined to-day by Police Surgeon John L. Feeney. If found insane she will be committed to an asylum. The Welches have four small children, who have been taken charge of by Father Burns of St. Patrick's Church at Richmond, of which the Welches are members.

A GIRL BURGLAR.

Thirteen-Year-Old Rosie Sullivan Accused of Theft.

NEW YORK, Aug. 12.—Is 13-year-old Rosie Sullivan a thief? This question excites Sergeant McCarty, of the First Precinct, Brooklyn, also Martin Haggerty and Mrs. Paula Smykowski. It seems likely that Rosie does not only take what does not belong to her, but that she prevaricates. The girl, who is quite pretty, lives with her father, in Plymouth-street. She is motherless.

Rosie met Mrs. Smykowski of No. 71 Hudson-avenue and went to the woman's house with a companion. They were well received, and in the course of the visit viewed her jewelry.

There was in the collection seven finger rings, a gold watch, two silver watches, a pair of diamond earrings, a pair of gold bracelets, two gold sleeve buttons, three gold chains and two fancy gold pins. These all vanished on Saturday last during the visit.

When Rosie was arrested she at first denied ever having met Mrs. Smykowski before, but finally she took this back and confessed to Detective Noonan that she had robbed her with the aid of her friend, who is still at large.

Justice Haggerty tried to get Rosie to give the desired information yesterday, but Rosie had experienced another change and stoutly denied that she knew of any other girl or that she herself had been engaged in a robbery. She was given in charge of the Society for the Prevention of Cruelty to Children pending examination on the charge of burglary.

SHOT HIMSELF IN A ROWBOAT.

Despondent August Forst Cut Short the Life He Wearied Of.

NEW YORK, Aug. 11.—August Forst, residing on Bogart-street, Williamsburg, was found dead in a rowboat in Jamaica Bay yesterday. He had shot himself in the head and had been dead several days. His revolver, with one chamber discharged, lay in the bottom of the boat.

His brother-in-law, who took charge of the body, said he had been out of work for some time and had become despondent. He had attempted suicide a couple of weeks ago.

DR. COLES TIRED OF LIFE.

So He Blew Out His Brains to End His Troubles.

ST. LOUIS, Aug. 11.—Dr. Coles, resident medical examiner for the New York Mutual Life Insurance Company, committed suicide yesterday by shooting.

A Coaching Party's Narrow Escape.

NEWPORT, Aug. 11.—H. Astor Carey's coach, Aquidneck, came very near meeting with a bad accident. The leaders started to run and soon the coach was going at headlong speed. The horses ran the coach into an electric light pole, demolishing the dashboard. No one was injured with the exception of F. M. Ware, who has a badly sprained arm. Mrs. Eugene Kelly, jr., was occupying the box seat and had a very narrow escape.

Shot in a Fight Over Cards.

NORWICH, Conn., Aug. 11.—In a fight over a game of cards in the Portuguese lodging house, formerly known as the Thames Hotel yesterday, Manuel Ago shot Manuel Pichero three times with a revolver, one bullet entering under the eye, another the side and the third the shoulder.

Ago is locked up awaiting the result of Pichero's wounds, which are probably fatal.

A Crazy Disciple of M. Lecocq.

PROVIDENCE, Aug. 11.—Claiming to be a detective, responsible not to the ordinary authorities, but with a commission signed and sealed by divine command, Frederick Gunston attempted to execute an invisible warrant on George W. Seymour and F. W. Bucklin of South Norwalk, Conn. He took them to the central station, where he lodged a charge against them of being connected with murder. The officer in charge had the detective locked up. He was examined and pronounced insane.

Two Killed by Lightning.

BERLIN, Ont., Aug. 11.—During the thunderstorm yesterday afternoon two farmers named Simon Moyer and Allan Eby, living near Freeport, were struck by lightning and instantly killed. They were out in the field plowing when rain came on and they sought shelter under a tree.

Took All His Stock and Implements.

WINNIPEG, Aug. 11.—J. Moore, farmer, living near Morris, has been absent from his farm for a few days. He returned yesterday to find that his wife had eloped with another farmer and taken all stock and implements.

DISREPUTABLE indeed must be the management of the Intercolonial railway when such a slavish ministerial organ as the Halifax *Herald* condemns it. The *Herald* tells Mr. Haggart that "the time table on the Intercolonial is sufficient to condemn the management for incompetence, and as for the freight department, there is not a large merchant in the city who has not frequently been irritated beyond measure by its utter lack of business methods." And yet Reform papers are charged with treason, sedition and hostility to their country's interests if they venture to insinuate that each and every member of the federal cabinet is not a Solomon, a Sargeant and a Van Horne combined?

The Proposed Stallion Race.

In reference to the challenge of Mr. James Baptie, of Springville to match his stallion "Boxer" against Mr. William Clancy's stallion, "Mambrino Mitchell" to trot a race during the Central Exhibition for a purse of $100 or $200, Mr. Clancy says that he will decline to meet Mr. Baptie on the conditions laid down in his challenge of Aug 6th but that he has entered "Mambrino Mitchell" for the "Free for all stallion trot" during the exhibition and he is prepared to forthwith deposit with Mr. Wm. Collins, secretary of the Central Exhibition, the sum of $100 to be covered by a like amount by Mr. Baptie, Mr. Clancy to forfeit the stake thus made up, to Mr. Baptie, if "Mambrino Mitchell" does not take a better place in the free for all stallion trot than "Boxer." If the stallion race should fail to fill with Mr. Clancy and Mr. Baptie's horses entered, the former will leave the sum on deposit in Mr. Collins hands, his horse to trot with Mr. Baptie's stallion during the exhibition week, best 3 in 5, the winner to take the stakes.

Challenge.

Mr. Wm. Clancy has a two-year-old filly, sired by Mr. Alex. Patterson's "Harold Hartwood," which he will match with any of the get of Mr. James Baptie's stallion "Boxer" of the same age, to trot a race either half mile or mile, best 2 in 3, during exhibition week for a purse of $200—$100 a side, each hundred dollars to be deposited with Mr. Wm. Collins, Secretary of the Central Exhibition, within ten days from this date, Aug. 10th.

News Nuggets;

—His Lordship Bishop O'Connor, of Peterborough, held confirmation services in Warkworth on Sunday, at which four boys and thirteen girls received the sacrament.

—All the employees of the Bay of Quinte Railway injured in the recent collision, carried policies in an Accident Insurance Company, for which the Rathbun Company are agents. They are insured for $1,000.

—Kirby, the engineer on the B. of Q. Ry., who was so severely injured by the late collision, has so far recovered that he was taken to his home at Tweed on Saturday last. The company sent a special train to take him, and Dr. Wilson accompanied him.

—The Warkworth correspondent to the Hastings *Star* says:—Miss Edith Robertson has been engaged by the public school board to teach the junior division of the Warkworth school. This position was made vacant by the resignation of Miss Gratten, who is going to Peterborough to resume her studies.

—The *News Argus* says that Stirling, since the decision last spring when drunken men and rowdies were said to have free use of the streets, has become the rendezvous of all the toughs and riff-raff of Campbellford, Belleville and Trenton every Sunday, who congregate in the village, knowing full well they will not be molested.

Pigmies vs. Giants:

Lilliputians as they are in size (being no larger than mustard seeds) they achieve results that their Brobdignagian opponents utterly fail in. We refer to the efficacy of the powerful preparation known as Dr. Pierce's Pleasant Pellets, compared with that of their gigantic competitors, the old-style pill. Try the little giants when dyspepsia, liver complaint, constipation, biliousness, or any kindred ills assail you, and you will make no mistake—they'll disappear at once.

A Close Call.

After suffering for three weeks from cholera infantum, so that I was not expected to live, and, at the time, would even have been glad had death called me, so great was my suffering. A friend recommended Dr. Fowler's Extract of Wild Strawberry, which acted like magic on my system. But for this I would not be alive now.

The Bank of France.

The Bank of France, the proposed renewal of whose charter in 1897, at which date the one already existing will have expired, is engaging so much attention just now, was founded in the year XII, of the First Republic One and Indivisible, in other words in 1800, according to the ordinary chronology. That was at the period of the Consulate, just before Bonaparte had seized the supreme power. It is, therefore, a much more modern institution than the Bank of England, which, as most people know, was the outcome of the financial troubles in the reign of William of Orange. Both banks, however, have a similar origin, for it was in order to provide for a ready means of raising funds that the Consuls granted a charter to the men who, uniting several old established banking businesses, founded the Bank of France. In France that bank alone has the privilege of issuing bank notes, but in return for this and other advantages it is under very severe restrictions both with regard to reserves of cash and also as to the money. Commercial paper, for instance, can only be discounted if it bears three signatures. On the 2nd of June last year the Bank of France had in its vaults the enormous sum of two milliards 850 millions of francs, or about £114,000,000 sterling, in about equal quantities of gold and silver. This is about the average amount, and it represents about one-third of the total quantity of the precious metals in France.

The Four Hundredth Anniversary.

Hon. G. W. Ross, Minister of Education, has sent out a circular to inspectors and teachers which reads :—"I beg to call your attention to the propriety of having suitable exercises in our schools on the 12th of October, to commemorate the 400th anniversary of the discovery of America. For this purpose teachers are recommended to make whatever arrangements they may find most convenient for bringing to the notice of their pupils such an important historical event. I would suggest that on the afternoon of that day, so far as time may allow, there might be suitable songs and recitations by the pupils, a sketch of the life of Columbus might be read, and advantage might be taken of the occasion for having short addresses, dealing with the progress of civilization since the discovery of this continent. Exercises of this kind could be made very interesting, and should exert a good influence on the youth of our country."

A Valuable Invention.

British papers state that an engineer living in Glasgow has lately completed, after nineteen years' experimenting, a device for steam engines by which all steam is returned back to the boiler, after doing its work in the cylinders. In several cases it is said he has installed this engine, and it is at work with extraordinary results. In one case in a textile factory, the engine with his device is doing as much work with one ton of coal as it formerly did with ten tons. The problem of how to make use of the vast amount of steam everywhere blown off into the air after doing certain work, has long occupied engineers, and its thorough solution would be worth many millions of dollars in many ways.

Largest Lake Steamer.

The largest boat ever built on or for fresh water will soon be under construction at West Bay City, Mich. The contract for it was closed a few days ago. It will be 360 feet keel and 45 feet wide. Her extreme length will be nearly 400 feet, and she will carry on 16 feet of water not less than 4,500 tons dead weight. This is said to be much more than the average cargo of salt water steamer, and for the same draught is without precedent. When projected improvements in canals are completed she will carry over 6,000 tons. She will have a speed of thirteen miles an hour, and will be ready for service next spring.

Trade Restriction Results.

Speaking of the condition of Morocco and his efforts to negotiate a commercial treaty between that country and Great Britain, Sir Charles Euan Smith says it is clear that "in these days a country that will not trade with England, France or America, cannot live, any more than you can live in a cook-shop with your mouth sewn up." But our Canadian trade restrictionists think otherwise. They hold that the policy which has reduced Morocco to its present deplorable state is the proper policy for Canada.

To Keep Separate Schools.

A special despatch to the *Globe* from Winnipeg says:—At a mass meeting of Catholics, held here to-night it was unanimously decided to maintain separate Catholic schools in this city. Committees were appointed to devise ways and means for the successful carrying on of the schools. The Catholics will pay the taxes for the public schools, but send their children to separate schools supported by the people of their church.

A Hastings Fire.

The *Star* says:—About one o'clock Friday morning, as Mr. J. Watson was returning from the slaughter house he noticed Mr. Orth's potograph gallery on fire. The alarm rang out and in a few minutes the engine and hose reel clattered down the street and the building was soon flooded with water. The fire is supposed to have originated among the chemicals in the dark room. Everything in the studio was entirely spoiled with the fire and water. Damage to building, about $150, and to contents, about $500, covered by insurance.

Don't Carry Your Business Home.

"Don't carry your business home" is the advice given by the Merchant Sentinel. Leave it down town; wait and meet its hardships to-morrow when you have renewed strength. Don't meet your family with a flag of despair flying at half mast, and by word and act send a chill to the hearth and hearts of your home which will destroy every chance for them to help you by the loving tenderness they would otherwise extend. It is a hard matter to accomplish, we know; there are a thousand and one things to banish from your mind which it seems impossible to do, but it can be done. Forget when you close your ledger that your bookkeeper made a mistake which cost you a hundred dollars; forget when you close your safe that the note you held is yet unpaid, and the money you depended upon to meet the claims upon you to-morrow is not there; forget all, banish the last disagreeable business talk as you leave your friend, and step from the car at your home, and if you can't carry into it the brightest sunshine, don't bring a cloud by harping on failure. Life is worth living if its pleasures are not murdered by the misapplication of things to time and place. Let your out-of-business hours drive the wrinkles from your brow, and strengthen your manhood for the effort the future will demand.

Take Hood's and only Hood's because Hood's Sarsaparilla CURES. It possesses merit peculiar to itself. Try it yourself.

MINISTERS, lawyers, teachers and others whose occupation gives but little exercise, should use Carter's Little Liver Pills for torpid liver and biliousness. One is a dose. Try them. dw

DANDRUFF.—If you wish a preparation upon which you can rely for the complete destruction of Dandruff, use Capilline and you will be satisfied.

DYSPEPSIA in its worst forms will yield to the use of Carter's Little Nerve Pills, aided by Carter's Little Liver Pills. They not only relieve present distress, but strengthen the stomach and digestive apparatus. dw

A Friend

Wishes to speak through the *Register* of the beneficial results he has received from a regular use of Ayer's Pills. He says: "I was feeling sick and tired and my stomach seemed all out of order. I tried a number of remedies, but none seemed to give me relief until I was induced to try the old reliable Ayer's Pills. I have taken only one box, but I feel like a new man. I think they are the most pleasant and easy to take of anything I ever used, being so finely sugar-coated that even a child will take them. I urge upon all who are

In Need

of a laxative to try Ayer's Pills."—Boothbay (Me.) *Register*.

"Between the ages of five and fifteen, I was troubled with a kind of salt-rheum, or eruption, chiefly confined to the legs, and especially to the bend of the knee above the calf. Here, running sores formed which would scab over, but would break immediately on moving the leg. My mother tried everything she could think of, but all was without avail. Although a child, I read in the papers about the beneficial effects of Ayer's Pills, and persuaded my mother to let me try them. With no great faith in the result, she procured

Ayer's Pills

and I began to use them, and soon noticed an improvement. Encouraged by this, I kept on till I took two boxes, when the sores disappeared and have never troubled me since."—H. Chipman, Real Estate Agent, Roanoke, Va.

"I suffered for years from stomach and kidney troubles, causing very severe pains in various parts of the body. None of the remedies I tried afforded me any relief until I began taking Ayer's Pills, and was cured."—Wm. Goddard, Notary Public, Five Lakes, Mich.

Trent Valley Canal.

From the Departmental canal statistics for the navigation season of 1891 the following particulars are taken of traffic on the Trent Valley Canal. Freight to the amount of 16,632 tons, up, and 4,207 tons, down, passed through the canal, making a total 20 839 tons, on which the amount of tolls collected was $245 46. The tolls in vessels amounted to $317.42 and on passengers to $88.85, a total $651.73.

Foresters Grand Union Excursion.

A union excursion under the auspices of Courts Peterborough and Langton, Canadian Order of Foresters, will be run on Thursday, August 25th. The excursion will leave the Grand Trunk station at 7 o'clock, and proceeding by steamer Sunbeam and palace barge, Paragon, will take the charming route of the lakes, making an hour and a half stay at both Buckhorn and Burleigh. Butcher's orchestra will accompany the excursion, and the committee will provide hot water, tea and sugar for excursionists. Refreshments will also be served on board the boats. Fare for round trip 80 cents, children half price.

WARD NUMBER FOUR—At William Lee's Shop, Smith-st., William Lee to be Deputy returning Officer.

He is an Old Peterborough.

From time to time the journals on the Pacific Coast contain flattering references of Mr. Herb Kent's push and genuine hustling qualities. He is an old Peterborough boy and his many friends here are always glad to learn of his increasing success in the west. The *News* of Vancouver in this connection remarks:—Manager Kent, of the New Westminster and Barrard Inlet Telephone Company, is not a man to let the grass grow under his feet, but is all the time endeavoring to improve the telephone service. As soon as he assumed the local management he put the inter-urban line in good shape, and then he improved the Westminster local system until it is second to none in the Dominion. He has now turned his attention to the local service in this city, and has a large force of men at work on Georgia street changing the old system to the improved metallic one, and as the wires will be strung on the new tall poles, the street cars will not affect the communication in the least.

Bankrupt Stock still in the ring. Everything goes at T. Dolan & Co.'s store at your own price.

TO THE BUYING PUBLIC.

People of Peterborough, buy no goods after six o'clock to encourage the early closing movement and give the boys a chance to get a mouthful of fresh air; as I am aware you never give them anything but lots of lip. If this is not carried out clubs will have to be used.

Respectfully yours,

J. DOLAN.

Piano Tuning.

Nightwatchman Gordon's Report

The following is Nightwatchman Gordon's report for four months past:—Number of front doors found open, 8; number of back doors found open, 23; names of articles found outside, 4 hats; 2 whitewash brushes; 2 pairs of lacrosse shoes; 1 hat; 1 whitewash brush; 1 pair of lacrosse shoes; 3 brooms; 1 string sponges; 1 pair of boots; 1 thermometer; 2 pairs of boots; 1 lawn rake; 1 pair of ladies' boots; 1 overcoat; 2 suits of clothes.

A Physician's Fine Residence.

Dr. Greer, whose card appears in another column, has opened an office for the practice of his profession at 252 Charlotte street; temporarily, for he has made arrangements for the erection of a fine new residence and office. Dr. Greer has purchased from the Town Commissioners that fine building lot, south west corner Aylmer and Simcoe streets. Mr. W. Blackwell, architect, has prepared plans and Mr. H. Carveth has been awarded the contract for the erection of a fine modern residence, with an office entrance.

Lacrosse Lacosse.

The Peterborough lacrosse club will in all likelihood play the Tecumsehs of Toronto here on Monday next, at the great Canadian Order of Foresters excursion to Peterborough. The Tecumsehs is one of the best amateur clubs in Toronto and an interesting game may be expected.

The next match of the Kingston lacrosse club will be with the Athletics of Madoc.

The match here on the P.A.A.A. grounds on Saturday afternoon between the senior Shamrocks and junior Peterboroughs promises to be a grand struggle.

B. B. A. Official Notice.

As the time has now expired for the enrollment of members under the new sick benefit clauses as adopted at the last convention in London, it is incumbent upon every member affiliated with the Emeralds to attend without fail the next regular meeting of the branch which takes place on Thursday evening, the 11th instant, for the purpose of conforming to the rules of the order. Every member will please take note that this notice is the only one which shall appear on the above subject.

31 G. H. GIROUX, President.

Ladies Attention.

Persons desiring to become expert cutters should call on Mrs. E. Keane who teaches Crow's mechanical system—best in use—fits every form—follows every fashion. Suits cut or made complete, patterns drafted while you wait, seamless basques and dartless coats fitted to perfection. Intending pupils should call early; satisfaction guaranteed. Agents wanted at the Peterborough Cutting and Sewing School, corner of George and Edinburgh streets. Arrangements completed to do white sewing of all kinds, everything in the line of family sewing. Ladies needing sewing done should apply promptly to secure prompt filling of orders.

Met With an Accident.

Yesterday afternoon as Mr. Jas. Keane, of Ennismore, accompanied by his wife and family, were driving down Edinburgh street hill, one of the horses stumbled and the pole of the conveyance struck the ground causing the democrat to stop with a sudden jolt and and turn around. All the occupants were thrown out, but happily escaped uninjured, with the exception of Mrs. Keane, who was thrown out head foremost and was knocked insensible in the fall. She was carried into the residence of a neighbour when Dr. J. F. Wilkinson was summoned and dressed her injuries, which happily are not serious.

This Year's Harvest Operations.

This year's harvest operations are fast nearing completion. In one more week the earth will have given off all her burden of grains. Peas and oats are now being cut and garnered. Both grains are an excellent crop this year, are well headed and will turn out a good average to the acre. Spring wheat is not very well filled and is not yielding as much as was at first expected. Very little barley was sown in this section, and what was, proved to be a fair yield. Rye was a good crop, but very little sown. Numerous farmers have thrashed their wheat already. Potatoes, owing to a recent dry spell, have grown slowly, but the rains of today and yesterday will do a great deal of good. Apples are a good yield, but small fruits are not up to the average.

Taggre all Going to Lakefield.

And now they are all going to the Lakefield picnic on the Civic Holiday. In the first place the attractions are so numerous, the baseball match, the foot ball match, the tug of war, the pleasant ride on the railway, the agreeable outing on the steamer Mary Ellen, the magnificent scenery of river and lake, the return to town without any sense of fatigue. No wonder, then that they are all going to Lakefield on Peterborough's Civic Holiday, because in the second place they all find an additional and irresistible reason in the fact that the object of the picnic commends itself most heartily to all—help pay for the neat little church which a very small congregation recently purchased for purposes of Divine worship.

Civic Holiday Event.

The Oddfellows excursion on Civic Holiday to Belleville, Glenora and Picton stands out as the event of the day, the only trip over a new route where you can see something that you know is worth seeing. A special train leaves the Grand Trunk depot here at 7 o'clock, makes only three stops and runs direct to Belleville wharf. Here the fast steamer Rocket, with the registered capacity for 650, will be in waiting and carry the excursionists down the picturesque Bay of Quinte to Desoronto, Glenora and Picton. From Picton the world renowned Sand Banks can be reached. The return journey will be as rapid as the trip down and a great day of sight seeing and a pleasant sail is insured. The tickets are good to return the next day should any desire to remain over. It is the cheapest chance to see this route that will be offered, the return fare being only $1.50. Children half fare. Come along. 1d

News Nuggets.

—To-morrow is the 203rd anniversary of the Relief of Derry Walls.

—Freight and passenger traffic on the railroads is quite brisk at present.

—Peterborough Lodge, No. 111, I.O.O.F. meets to-night. The first degree will be put in.

—Confined in the county gaol at present are sixteen prisoners, 12 of whom are males and four females.

—Campbellford and Peterborough will play a cricket match here on Wednesday next, August 17th.

—Street Inspector Pope is to be commended for the promptness with which he has the crossings scraped after each rain.

—The Vatican Park Nine and Senior Park Nine will play a baseball match at the Riverside Park on Saturday afternoon.

—Mr. Ned Welsh, confectioner, will open out in the shop recently occupied by Miss Summers on Hunter street in a few days.

—There was no police court this morning. It is now some weeks since anything has come before the attention of the court.

—Yesterday was Madoc's Civic Holiday. An excursion was run from that place to Campbellford and proved a great success.

—County Police Magistrate Elmison is holding court at Havelock to-day. Some dog killing sheep cases will claim his attention.

—The Gun Club are holding a regular weekly shoot this afternoon. The match with the Port Hope club will come off shortly.

—The great Downey Company, of Belleville, coal, wood and grain dealers have disposed of their large business interests to Mr. Thos. Stuart.

—Messrs. J. J. Turner & Son shipped yesterday to Owen Sound a large tent and complete camping outfit—tables, chairs, beds, etc., and also a large awnings.

—Rev. Mr. Bloodworth, late of Calgary, has been called to the pastorate of the Garden Hill and Millbrook Presbyterian churches. His induction will take place in a few Sundays.

—R. Cowan, carpenter, and four others fell from a scaffolding at T. Hollowell's barns, Kendal, recently, but all escaped miraculously except Mr. Cowan who sustained injuries.

—The Brotherhood of Locomotive Engineers and Brotherhood of Locomotive Firemen held their annual picnic at Massassaga Park, Bay of Quinte, on Tuesday. Rain interfered with its success.

—The Sons of Canada and Ancient Order of Foresters' excursion from Port Hope to Sturgeon Point to-day was largely patronized. The picnickers went by G. T. R. and the steamer "Crandella."

—The Peterborough Light and Power Co. have begun the work of stringing wires on poles from their station house to the Edison Company's works for the purpose of being supplied with a power generator.

—The rain storm of yesterday did considerable damage to the G. T. R. line near Uxbridge, washing away some of the rails. The express from Toronto due here at 9 o'clock did not reach Peterborough until ten.

—No. 6 Company, of the 57th Battalion, accompanied by their sweethearts and friends will enjoy a moonlight excursion down the river to-night on the steamer Daisy with palace scow attached. Prof. Butcher's orchestra will furnish music for dancing.

—Work has begun by the Peterborough Light and Power Company to erect their new dam which matter has for some time past been in litigation, on the site of the old Snyder dam between Hilliard's and Nassau, for the purpose of giving the company a greater head of water.

—The Canadian Department of the General Electric Co., offered to the Edison Electrical delegates, at the Toronto convention, an excursion to the company's works at Peterborough, but other engagements prevented the delegates from accepting the invitation.

—The proprietors of the Strathroy Knitting Works, recently destroyed by fire, are looking about for a new town in which to locate. Two hundred hands are employed in this industry. The Manufacturers' committee of the town council might make a note of it.

—Plate glass windows were placed to-day in the front of Mr. Ray's tobacco store, Mr. Howden's butcher shop, and Mr. Mitchell's barber shop on Hunter street. Messrs. Mucklestone & Co. supplied the panes. Plate glass will also be put in the old Stewart House front.

—The baseball match between the Edison's and Peterborough's on Saturday afternoon on the P.A.A.A. grounds, promises to be one of the most exciting and interesting of any played so far this season in the series of games between these two rival clubs. There should be a large crowd of spectators.

—The Belleville *Ontario* says:—Hail fell this morning in Sidney and in the city about six o'clock this morning which did widespread damage. It was not felt in Thurlow. Several farmers suffered considerable damage to their crops, and the specials was to be seen this morning of farmers turning their cattle into their grain.

—Messrs. Wm. H. Crowe and J. Logan commenced their house to house canvas this morning in the interest of the 57th Batt. and Fire Brigade Band. They should receive a hearty welcome from all, as the object for which they are soliciting subscriptions is a laudable one, viz, to provide the band with instruments.

—Port Hope had a great day yesterday. The seaport town was alive with visitors, and everything was gay, happy and full of life. The firemen of Port Perry ran an excursion there and the lacrosse teams of both places in the afternoon crossed sticks in an exciting contest, which resulted in 3 goals to 1 in favor of Port Hope.

—Some modern improvements have been made and are about to be made at the C.P.R. station. New waterclosets and washrooms have been put in a room opening off the gentlemen's waiting room. A fine office is also to be erected in the freight shed adjoining the freight clerk's office, for the accommodation of the general agent, Mr. W. B. Bamford.

—The Belleville *Intelligencer* says:—A sample of the water taken out of the Cedar street well was recently sent to Dr. Bryce, of Toronto, secretary of the Provincial Board of Health, for analysis. His report, received by Dr. Tracy, the medical health officer, shows that the water contains sufficient animal matter to make it unfit for use. In view of this report the well will not be re-opened.

For the Good of Others

Rev. Mr. Williams Heartily Endorses Hood's Sarsaparilla.

We are pleased to present this from Rev. A. A. Williams, of the Sillsbee street Christian Church, Lynn, Mass.:

"I see no reason why a clergyman, more than a layman, who knows whereof he speaks, should hesitate to approve an

Article of Merit

and worth, from which he or his family have been signally benefited, and whose commendation may serve to extend those benefits to others by increasing their confidence. My wife has for many years been a sufferer from severe

Nervous Headache

for which she found little help. She has tried many things that promised well but performed little. Last fall a friend gave her a bottle of Hood's Sarsaparilla. It seems surprising what simply one bottle could and did do for her. The attacks of headache decreased in number and were less violent in their intensity, while her general health has been improved. Her appetite has also been better. From our experience with

Hood's Sarsaparilla

I have no hesitation in endorsing its merits."

TO-MORROW'S VOTE.

TO-MORROW the ratepayers will be called to vote upon the sewerage by-law. No one denies that the town needs a system of sewerage. The public health demands it and the material prosperity of the town is jeopardized in its absence. It is acknowledged on all hands that the wells in the centre of the town are the receptacles of the sewerage which filters gradually through our gravelly sub-soil, while it is admitted that we need sewers very badly, just what course is the best to take at the present junctions is a puzzle to a great many ratepayers. The storm sewer on George street, as well as the creek, may at any time be closed to the admission of sewage. The George street sewer is being used by as many as have access to it, and its closing will lead to no little inconvenience. While we are in favour of an efficient system of sewerage, and would prefer that a complete scheme that would admit of the people seeing exactly what they are committing themselves to, were presented, such a scheme is not before us. We have the scheme submitted by the council and dealing with that is the immediate concern of the ratepayers, and each ratepayer will have to cast his ballot in reference to the by-law, by the light he has upon it. Each voter will have to act upon his own judgment in the matter. If the bylaw is rejected the town council may reasonably conjecture that the scheme which they have prepared does not meet the public requirements and they will have to address themselves to the task of thinking out the problem of sewerage in a more acceptable shape, and if it is adopted it will be the duty of the council to see that the sum voted is strictly limited in expenditure to the amount mentioned in the by-law, and that the work is so constructed with reference to a complete system that it may be united therewith without unnecessary expense.

Grand Aggregation of Attractions,

Civic Holiday. Aug. 18th.

A Trip Unequalled—Through the beautiful chain of lakes from Chemong to Lakefield,

"Where lonely rivers creep by unknown ways,
And tangled forests rear their shadowed mazes!
Where giant rocks lie frowning ruins strewed.
Obstruct the way and guard the solitude."

No Crowding, as a special train—carrying no other excursion—has been secured, leaving G.T.R. station at 7 a.m. and likewise the sale of tickets is limited.

No Tardiness on the way, As the steamer "Golden City"—the fastest boat on the lakes—carries excursionists on this delightful voyage.

No Monotony, as the route presents a great variety of scenery; after passing through Chemong and Buckhorn lakes, two hours will be allowed at Buckhorn Rapids for fishing and viewing the scenery of this wildly rugged but beautiful spot. After a further sail through Buckhorn river, Deer Bay, Lovesick locks and Lovesick Lake, Burleigh Falls will be reached where 1 hour will be spent, after which a sail of 3 hours through the beauties of Stony Lake. Spending one hour at Juniper Island, brings us to Clear Lake, passing through Young's Point locks into Katchawanooka Lake, thence to Lakefield. A continuous round of pleasure.

No Inconvenience, as hot water can be had on board for making tea. A lunch and refreshment counter will also be conducted and at Buckhorn and Burleigh Falls excellent hotel accommodation can be had.

Round fare 85c, children 40c. Tickets for sale at the stores of Fairweather & Co., Metropolitan Grocery, P. Connal's, and at office of Canada Loan and Saving's Co. td

Personal.

Mr. A L Randle, of Ottawa, is in town for a few days.

Mrs Rose and daughter of Renfrew are guests at the Grand Central.

Mr. Jos. Cowling and wife, of Houston, Texas, are guests at the Oriental.

Mrs. C. Byam of Port Hope, is visiting Mr. T. Byam, G.T.R. station agent.

Messrs. Jas. Doyle and P. J. Doyle, of Oswego, N.Y., are registered at the Oriental.

Mr. J. W. Bennett returned home yesterday after spending a few pleasant holidays up the lakes.

Mr. and Mrs. William Walsh, Miss Annie Hall and Miss Laura Davidson are holidaying at Point's Point.

Dr. Gooding, of Syracuse, N.Y., is in town for a visit, and will spend a few days on our northern waters.

Mrs. Glover, daughter and son, of Lockport, N.Y., are visiting friends in Ashburnham for a few days.

Mr. Samuel Wood ("Uncle Thomas") and his wife ("Madge Morton") of the *Globe*, are in Belleville visiting relatives.

Miss Jennie Burke, and Miss Jennie Clydesdale, of Norwood, will leave on Monday next to attend the Normal School, Toronto.

Rev. P. C. Parker, of Toronto, formerly pastor of the Murray street Baptist church, is in town for a few days. He will take a trip to the lakes.

Messrs. R. S. Davidson, Mr. C. McGill and Mrs. McGill, and Mr. and Mrs. Jackson, left this morning for a short trip round by Bobcaygeon, Lindsay and other places.

Mr. Perry Stowell and wife, Lockport, N. Y., and Mr. A. J. Demarry and wife, Buffalo, who have been spending a few days at Buckhorn, left for their homes this morning.

Mr. Geo. W. Rose, of Brandon, Manitoba, was in town yesterday. He left this morning for Apsley, where he will visit his uncle, Mr. D. Anderson, Crown Lands Agent.

Mr. W. J. Welsh of Syracuse, is visiting Miss S. Callanane of the Stewart House. Before coming to Peterborough to recuperate he was in a railway wreck and sprained his ankle.

Mr. M. R. Kidd, wife and family, will leave in a few days for Cookston, Minn., where Mr. Kidd intends to reside in future. His many friends will regret to learn of his departure.

Mr. A. J. Gough, of the firm of Gough Bros., the Wonderful Cheap Man, has returned from a fortnight's outing among the Muskoka lakes. The fishing—well the less said about fishing, the less the moral responsibility.

Mr. G. Wickman, of New York City, who has been the guest of Mr. J. Henny for a few days, left for home this morning. Yesterday Messrs. Henny and Wickman were fishing at Young's Point and captured a muskinonge weighing 22 lbs.

The Kingston *Whig* says:—B. A. Ostrom and wife, Miss Ida Powell and C. E. Powell, Louisville, Ky., and Mrs. E. K. Ostrom, Peterborough, arrived at the British American hotel yesterday. They left to-day for the Thousand Islands where they will spend a few weeks.

Rev. P. Clifton Parker, of the First Avenue Baptist church, Toronto, formerly pastor of the Murray street Baptist church here, arrived in town yesterday and favoured the EXAMINER with a call. He will conduct the services in the Baptist church next Sunday and will spend the week following on Stony Lake.

In Favour of Sewerage.

To the Editor of the Examiner.

SIR.—It is earnestly hoped that the ratepayers will turn out to support the sewerage by-law to-morrow. In a town whose beauty of situation manufacturing advantages and railway facilities, are only beginning to develop, it would be nothing short of suicidal to defeat it. But a more important question is; Does the health of the town demand it? Now, scavengering has been carried on pretty thoroughly for a number of years past, with the effect of largely reducing the death rate. Last year, however, the rate went up, and it would appear from this, that we have got everything out of scavengering we can get, and that something more efficient should be sought for.

It is unnecessary to give particular cases but the universal experience of mankind is that proper sewerage improves health and decreases mortality, and as surely as night is followed by day it will do so here. The population of the town is 10,000 and it has been inhabited for nearly three quarters of a century. Can any one say that sewerage is not demanded, that the polluting influence of generations of human beings and animals upon the soil must not be an important factor in determining the health of the the people? But there is a feeling of apathy in the air. Times are dull, the weather is hot, and there is no prevailing epidemic to stimulate attendance at the polls. It is to be hoped that the by-law may not be defeated through pure indifference. As some one said, the opponents of the measure are sure to poll their votes.

The sum required, even for the whole system, will be but a flea bite as compared with the resources of the town. Looked on as the personal expenditure of a certain number of individuals it may seem considerable, but the life of a town is totally different from the life of those who compose it. Men may come and men may go but the town goes on for ever. So responsibilities which from an individual standpoint look large fade away into mere feather-weights when put beside our financial strength, a strength which would be much increased by the adoption of the by-law, for the town would gain incalculably in attractiveness to strangers.

I feel sure that if, to-morrow night the vote be found to be against the by-law, the people will wake up the next morning feeling ashamed of themselves, feeling that they have done something to soil the fair reputation of the town, something for which rival towns will point the finger of scorn at them for many a day. And there is no doubt the most will be made of it. The news will be carried as far as telegraphs can carry it and papers will put it in the largest type. Let this not be. A little exertion on the part of every friend of sanitary progress will carry the by-law by a substantial majority.

Yours, etc.,
J. CLARKE.

IMPELLED NEILL TO TALK ABOUT THE MURDERS.

The Unfortunate Women Seek to Catch a Glimpse of the Man Who Emulated "Jack the Ripper" in His Hostility to Their Class.

LONDON, Aug. 10.—The strange interest in the Neill poisoning case is stuffing the little court in Bow-street, which is crowded to the doors.

All yesterday unfortunate women with tired faces tried to force their way into the room to look at the man who made it a mission to destroy them and their class.

Hundreds who came late and who were turned away loitered about the door and street, hoping to catch a glimpse of the man who added a new terror to the uncertainty of their daily life.

"I hope they'll hang him," was the general expression.

Neill looked bad and very nervous. He kept fumbling with his hands and made notes on paper. He was pale and wiped the perspiration from his forehead every few minutes.

There is no reason why he should not have gone on poisoning hundreds of women indefinitely, as it would have been almost impossible to detect him, his method was so cunningly perfect.

But he could not keep from talking.

Mrs. Armstrong, where Neill had photographs taken, and where Neill often called thereafter, told how she mentioned before him that her house was watched.

They went next door to get a drink, when Neill spoke to her about one of the men in the bar and asked her if that was one of those who had been watching the house.

She said she could not see.

Neill then said: "Whoever poisoned those girls in Stamford-street ought to be hanged."

Up to that time nothing had been said about Stamford-street at all.

He said: "Yes, the man that did the murder ought to be hanged."

She said: "Did you know the girls, doctor?"

He replied: "Yes, I knew them well. They used to solicit up on the bridge of an evening."

All through this case the evidence shows how impossible it was for him to keep quiet about the murder.

A strange force impelled him to talk and write about it.

George Rich, coachman to Countess Russell, swore to a letter the Countess had received, in which the anonymous writer said that her husband had poisoned a girl named Matilda Clover at No. 27 South Lambeth-road, and if she would meet him he could prove it. Then she could get a divorce.

Neill had no reason for writing such a letter, nothing to gain by it, but it shows the fatality.

Laura Sabatin, who was engaged to be married to Neill, and others gave their testimony as previously published, and Neill was taken back to prison.

Ghastly Trophies for the Sultan.

TANGIER, Aug. 10.—The Sultan's troops have brought here three prisoners captured yesterday in an engagement with the rebellious tribesmen. The heads of three rebels who were slain in battle were cut off and the ghastly trophies of victory sent to the Sultan. The situation is still threatening. Reinforcements are expected daily, but notwithstanding this the alarm among the foreigners resident here is increasing.

Family Play.

It is detestable to organize a family solely for work. If you are a farmer, and have no croquet ground or lawn tennis or quoit or cricket ground, then prepare for them at once. I am talking of family play, where father and mother engage with the young ones in jolly hours of relaxation. You "cannot afford the time?" That is nonsense. Work will go twice as fast with play as without it. There should also be abundance of winter games. Reading to each other and discussion is of great value, as it brings mental growth in common. Family feeling and intellectual development is likely to diverge too much in America. I have heard a good deal said pleasantly of the German family life, because they all go together. That is certainly an improvement on our method—even when tastes are not on a high plane.

We can do better if we lay out our family plans not rigidly and solely for work, and if our families all have the love of fun and the need of relaxation anticipated. Oh, yes, you can, my dear fellow! You can afford the trifling expense better than you can doctor's bills. Invalid wives are terribly expensive luxuries. They are in the main caused by a falsely adjusted home life. I would say to every young married man: "The very first thing, you calculate deliberately on a certain amount of daily sport, and plan as much for your wife as yourself. Don't sneak off and leave her to work. Home is not necessarily a mere workshop. Marriage does not obligate you or your wife to incessant toil,"—Mary E. Spencer in St. Louis Globe-Democrat.

A most estimable lady almost destroyed until Dr. Butler's Golden Pills came to the rescue. After their use for a short time she was able to resume her duties, after suffering untold misery from nervous prostration and the ills that attend that most distressing disease. These, if not checked in time, lead to insanity and death. Golden Pills are guaranteed to cure all nervous and blood diseases.

MORTGAGE SALE

OF VALUABLE

TOWN AND FARM PROPERTIES

In the Town of Peterborough and in the Townships of Smith, Otonabee and Ennismore, in the County of Peterborough.

Under and by virtue of the power of sale contained in certain indentures of mortgage, which will be produced at the time of sale there will be sold at the ORIENTAL HOTEL in the Town of Peterborough, on

Wednesday the 17th day of August,

1892, at Two o'clock in the afternoon, the following freehold properties:—

PARCEL I.

Under mortgage from Daniel Costello, the south half of the south half of lot number nine in the sixth concession of the Township of Ennismore, in the County of Peterborough, containing Fifty acres more or less.

The following improvements are said to be on the premises:

This is a choice fifty acres of land, nearly all under cultivation, and in good state of cultivation; there is a frame two-storey house, 20x30, a bank bikkon 18x29 boarded, and a frame barn, 8x12.

PARCEL II.

Under mortgage from Andrew McFarlane.

Lot number twenty-eight north of Gilmour street and all lot number twenty-one south of Hazlewood avenue, as shown on registered plan Number 8 for the town of Peterborough, save and except the north twenty-one feet of said lot number twenty-one taken into and made part of Homewood avenue.

The following improvements are said to be on the premises:—A large and commodious two storey brick house fronting on Homewood avenue This is a very choice property, and situated in one of the most desirable localities in the town, being directly opposite the handsome residence and grounds of A. L. Davis, Esq.

PARCEL III.

Under mortgage from Mary Ann Heather and Francis William Heather.

That part of lot number thirteen on the south side of Sherbrooke street and west of George street, in the Town of Peterborough, described as follows:—

Commencing at a point on the east side of Rubidge street, sixty-three and one-half feet from the north-west corner of said lot. Thence southerly along the eastern boundary of Rubidge street, sixty-three and one-half feet. Thence easterly in a line parallel with Sherbrooke street, one hundred and fourteen feet more or less to the rear of said lot. Thence northerly along the rear of said lot, sixty three and one-half feet. Thence westerly in a line parallel with Sherbrooke street, one hundred and fourteen feet more or less to the place of beginning.

The following improvements are said to be on the premises:—A large comfortable two storey brick residence and small frame store, lately occupied as a grocery store.

PARCEL IV.

Under mortgage from William Northey.

The south half of lot number thirty-two in the sixteenth concession the east half of lot number thirty-four in the seventeenth concession, and part of the south-east quarter of lot number twenty-four in the twelfth concession, all in the Township of Smith, in the County of Peterborough, the last mentioned parcel being particularly described as follows:—Commencing at a point on the western limit of the Buckhorn Road at the distance of 349 feet northerly from the south east angle of said lot thence westerly parallel with the line between lots numbers eleven and twelve, 104½ feet, thence northerly parallel with the western limit of the Buckhorn Road 345 feet, thence easterly parallel with the said line between lots eleven and twelve 104 feet more or less, to the western limit of said Buckhorn Road, thence southerly along the western limit of said Buckhorn Road 345 feet more or less to the place of beginning.

The following improvements are said to be on the premises:—On the south half of lot thirty-two in the sixteenth concession there is a good house, barn and stable, and ample wood and water: There is about fifty acres under cultivation. The east half of lot thirty-four concession 17, is situated on the west shore of Deer Bay, there are about ten acres cleared, and the balance is lightly timbered with mixed timber. The remaining parcel consists of about three-quarters of an acre situated in the Village of Selwyn, on which there had been a hotel, which has been destroyed by fire.

PARCEL V.

Under mortgage from Mary Ann Metcalf and William Henry Metcalf.

The east half of lot number ten in the first concession of the township of Smith in the county of Peterborough, containing one hundred acres, more or less, save and except the right of way sold to the Midland Railway of Canada.

The following improvements are said to be on the premises: This farm is one of the finest in the county, situated one mile from the boundary of the Town of Peterborough, immediately opposite the residence of Capt. Wallis. There is a fine young orchard, of six years' standing, of very thrifty trees just beginning to bear fruit. The whole farm is under the very highest state of cultivation. There is a good creek crossing the south end, and is also watered by wells. There is a two-story frame house, 24x32, with an addition 20x30, a wood shed 18x20, a frame stable and driving house 25x30, a frame barn, 36x60. The farm is well adapted for dairying purposes.

PARCEL VI.

Under mortgage from Rose Linda Coon and Francis Coon.

Part of lot number ten on Walton street in the Town of Peterborough, as laid out on a plan of the subdivision of part of park lots number nine and ten in township lot number thirteen in the thirteenth concession of the Township of Monaghan, more particularly described as follows; commencing at a point on the western side of Walton street in the said town of Peterborough, distant southerly from the intersection of Walton and Weller streets, 109 feet, thence southerly along the western side of Walton street aforesaid 60 feet, then westerly parallel to Weller street, to the western limit of said lot ten, thence northerly along the western limit of said lot ten, 60 feet, thence easterly in a straight line to the place of beginning.

The following improvements are said to be on the premises.

There is a small 1½ story frame house situated in a good locality and is at present rented.

Being extensive dealers in only Reliable and Standard makes of

GRAND, SQUARE AND UPRIGHT

PIANOFORTES

we are able to offer advantages to the public which are impossible to the ordinary dealer.

Our instruments have an established reputation for excellence of TONE, TOUCH, WORKMANSHIP, and DURABILITY, and

Every Instrument is Fully Warranted for Seven Years.

Chief among our instruments which have received preferences from the best musical artists, stand

—THE—

HEINTZMAN AND EVANS PIANOS.

These instruments have been before the Canadian public for a number of years, and the great praise bestowed upon them by musical experts, along with the continued increase of sales year by year, testify to their high excellence.

The aim of the manufacturers of these two favorite Pianos has persistently been to produce the best instruments at a moderate price. They are of solid build, warranted for durability, of handsome appearance and good finish; pleasant touch and quick repetition. TONE: rich, full, bright and resonant. Beautifully singing and sympathetic in quality. The prices are moderate, and within the reach of the majority of purchasers.

We are exclusive agents in Peterborough for the celebrated

KARN ORGANS

which stand ahead of all competitors. We have also at all times in stock the well-known and popular

THOMAS ORGANS,

AND OTHER MAKES.

Our large and well-lighted show room enables us to carry the Largest Stock ever shown in Peterborough, and as regards Prices, we have only to say that **we positively will not be undersold.**

Those not having the inclination or the means to purchase an instrument outright, can by a small monthly investment, secure a Piano or Organ on rental until paid for.

JACKSON & CO. wish it to be distinctly understood that in cases of emergency, they are always desirous of dealing justly and fairly with their customers. They do not want both the money and the instrument.

NOTICE.

To insure confidence and satisfaction, Jackson & Co. are willing to exchange any instrument purchased from them within twelve months if not approved of, themselves bearing all expense of carriage, and allowing all that has been paid, towards any other instrument selected.

All kinds of Instruments Tuned or Repaired on short notice.

"German Syrup"

A Farmer at Edom, Texas, Says:

"We are six in family. We live in a place where we are subject to violent Colds and Lung Troubles. I have used German Syrup for six years successfully for Sore Throat, Cough, Cold, Hoarseness, Pains in the Chest and Lungs, and spitting-up of Blood. I have tried many different kinds of cough Syrups in my time, but let me say to anyone wanting such medicine—German Syrup is the best. That has been my experience. If you use it once, you will go back to it whenever you need it. It gives total relief and is a quick cure. My advice to everyone suffering with Lung Troubles is—Try it. You will soon be convinced. In all the families where your German Syrup is used we have no trouble with the Lungs at all. It is the medicine for this country.

WOMEN PAST FORTY.

They Allow Themselves to Grow Old and the World Neglects Them.

"Why should a woman at the age of forty be, in any sense of the word, passe?" asked Mrs. Trehune the other day at the Monona Lake assembly. And then she answered the question in a paper that was full of the simplest, yet the saddest and most pathetic sentences that one is likely to hear for many a day.

Mrs. Trehune pointed out that after the age of forty the mental forces of women are at their best, and yet the sunset of her life is darkened. Take the average case. A woman of twenty marries. She is handsome, intelligent and educated. She has read, she has bathed a little in the sea of thought and looked with wonderment upon its billows. She has even dreamed of voyages out there where stately ships of splendid minds are grasping all the winds that blow and are pushing for the port of progress. And then she returns to her duties as wife. At first she follows her reading and tries to keep up with the times, but it keeps her busier now than it did. Then the children come and she is so harried. Her work is so unending and so exacting. She finishes one task only to find it has brought her to the threshold of a hundred new ones. She thinks sometimes of the culture she is losing, but she has no time. Here are duties that will not be waved aside. She is a good mother, and her children shall not be neglected.

She loses her touch with the women whose cares are lighter. She forgets much that she once knew well. She bends every energy that the children may have advantages. She would feel that she has done a selfish, an unpardonable thing if she sat down to read or to study when there were tasks demanded of her by her husband or her children.

Presently she sees that the boys and girls have discovered that mother does not know. How quickly children come to that? They compare her with someone, and she suffers. Without meaning it or knowing it she loses interest in the things that interest them. She never would have thought she could do that. To avoid it is the very thing for which she sacrificed herself. She has made duty her slave so long that duty is her master. She cannot escape from the treadmill she has builded. She goes her weary way till the day is done, and even in sleep she dreams of toiling. All her associates drift further and further from her. Her circle narrows till she stands in the center—alone. There is not a throb from her brain that is answered by a thought from the world, and she knows it.

Has she done best? Would it have been selfishness for her to neglect the children a little in unconscious infancy to keep pace with them better in acute maturity? Does she not quicker lose hold of them, lose guidance of them when they can outrun her—out-think her? And when they have gone and left her alone, and the echoes are loud where laughter used to live, what has she? Neglected, forgotten, unrequitted, unthanked, in many things ignorant, in many things dull, the measure of suffering that must be hers will simply be the measure of possibility that was hers the day she wed.—Chicago Herald.

Keep the Works in good order.

NORMAN, Ont., JANUARY 15, 1892.
W. H. COMSTOCK, Brockville, Ont.
DEAR SIR,—Your "Dr. Morse's Indian Root Pills" are the best regulator for the system that humanity can use. Life is as the time piece: full and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheel in the works, and what is the result?—at first only a slight difference is perceptible in its time-keeping, but wait you; as the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve vigor and vitality.
Yours faithfully,
H. F. ATWELL.

DEAR SIR,—For many years, I have been a firm believer in your "Dr. Morse's Indian Root Pills." Not with a blind faith, but a confidence wrought by an actual personal experience of their value and merit. My business is such that I spend much of my time away from home, and I would not consider my travelling outfit complete without a box of Morse's Pills. Yours, &c.,

GOSSIP!

"Dear me, these are the most beautiful photographs I ever saw."

"Yes, they certainly are very fine and elegantly finished, besides, they are permanent."

"Do they cost more than before."

"No, not to us, though the material is much more expensive, yet Mr. Sproule believes in having the best obtainable. He says nothing is too good for his patrons, and these certainly bear out his statements; and his studio is so convenient—no stairs to climb yourself, nor have you any fear about the children."

"Yes, I have heard about the ground floor studio being so convenient,—but those photographs."

"Will you come down with me to-morrow to Charlotte street? I must have some."

"Yes, that is the only place where such work is made."

GEORGE STEVENS.

Dainties for Bakers.

A few hints bearing on matters connected with the pastry cook trade will no doubt be appreciated by the less experienced brethren in the craft.

Don't use a greasy pan or whisk to beat up egg whites for meringue.

Don't drop a particle of yelk in the white for either meringues or icing, as the greasy nature of the yelk will deaden the white to such an extent that it will be impossible to make it light and stiff.

Don't put all your eggs in a mixing without smelling them. A single musty egg will spoil a bushel of good ones.

Don't incorporate your baking powder without sifting with the flour, so as to get it thoroughly mixed.

Don't use volatile salts without dissolving them, otherwise the acid will show specky and black in the cakes.

Don't look into an oven containing goods in which salvolatile is used as a leavening ingredient. Let the fumes clear off before going too near.

Don't use unwashed and unpicked currants in cakes. They have a very disagreeable taste on being eaten.

Don't forget to sift your flour. Meal worms are very unpleasant things to find in the center of a cake.

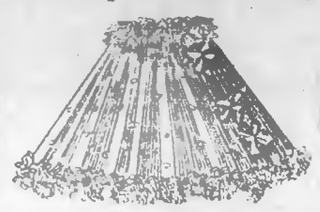
Don't use treacle without first passing it through a sieve. We have known a mouse to be discovered in the syrup.

Don't use a dirty cloth or brush in buttering baking tins and pans. The bottoms of the cakes will soon tell people of your neglect.

Don't neglect to use creamed butter when greasing savoy moulds, sponge frames, hard cake frames, or any small cake pans or frames. The goods deliver much better and show a smoother surface than if greased with uncreamed butter.

Something New in Lamp Shades.

This design for a lamp shade will be welcome to those who enjoy doing nice, neat fancy work, but who have no knowledge of painting or embroidery. Select a piece of cardinal red curtain material—the thin, glossy, rather stiff kind of which window shades are often made—not the opaque variety. Cut from it a curved piece—shaped like a broad collar—which should be as wide as the required depth of the shade, including the fringe at both edges, and a little longer around the outside edge



than the circumference of the finished shade. Slash the edges into fringe two inches deep, each strand of which should be less than a quarter of an inch wide, and crimp the fringe with the fingers into a light fluffy border. Dot the shade all over with irregularly scattered splashes of gold paint applied with a small brush. Ruby's liquid gold, rather thin, produces a rich and beautiful effect. Crease the shade in regular folds from edge to edge, pressing them to insure permanence, lap one end of the shade over the other and fasten with three bows of cardinal satin ribbon. Thread a piece of the same ribbon into a long-eyed needle, run it through each creased fold close up to the top, draw up until the top is of the required size, fasten the ends, and arrange the crimped fringe to fall lightly over the gathering. Such shades, while quite inexpensive, give a very cheerful effect in a room at all times, especially when the lamp is lighted and its rays shed a red, rosy glow through the room.

American Tourist Expenditures.

A yearly income of £20,000,000 is a handsome return to get for the trouble of entertaining strangers. This represents the amount of gold spent in Italy every year by tourists and visitors from foreign countries. Travelling American millionaires and others contribute about one third of the total amount. Englishmen and others the remainder.

The calculation, which is made in a report on Italian trade, issued by the British Embassy, is probably sufficiently correct. Italy obtains this amount of gold, over and above her earnings in other ways, and the sojourner in the land is the only gold mine.

He is certainly exploited with a zeal and thoroughness which it would be difficult to surpass. Perhaps the opportunity might be taken to ask that such a profitable stomer should be treated a little more tenderly. Neither Italian hotels nor Italian railways are perfection; nor is Naples quite such a clean city as it might be.

The Pill for the People.

MUBILLA, Ont., Jan. 13, 1890.
W. H. COMSTOCK, Brockville, Ont.
DEAR SIR.—Have been selling your Dr. Morse's Indian Root Pills for the past eight years; they are the only Pill for the people. After having used them once, they always come back for more.
Yours truly,
JNO. MCLEAN.

Uric acid in the blood is the cause of nearly all disease. It visits every part of the body and is liable to fasten disease on any organ; the duty of the kidneys is to extract waste from the blood; a cold will stop this action, a pain in the back follows, and unless relief is obtained, permanent inability of the kidneys to perform their functions follows, which may terminate in liver complaint, dyspepsia, blood disease, dropsy, diabetes or Bright's disease. Dodd's Kidney Pills assist the kidneys to natural work, and cure all complaints and results arising from same. dw

A Great Surprise

Would you believe that it is sold on its merits and that any druggist is authorized by the proprietor of this wonderful remedy to give you a sample bottle free; It never fails to cure acute or chronic coughs. All druggists sell Kemp's Balsam. Large bottles 50 cents and $1. dw

Still Another Triumph.

Mr. Thomas S. Sallen, Sunderland, writes: "For fourteen years I was afflicted with piles; and frequently I was unable to walk or sit, but four years ago I was cured by using Dr. Thomas' Eclectric Oil. I have also been subject to quinsy for over forty years but Eclectric Oil cured it, and it was a permanent cure in both cases, as neither the piles or quinsy have troubled me since." w32

MURDERED HER CHILDREN.

A Woman Gave Her 4-Weeks-Old Babe Poisoned Milk.

MANKATO, Minn., Aug. 11.—At Eagle Lake, a village six miles from this city, Mrs. Martha Koster has murdered her two little children. Sunday morning the woman fed milk poisoned with Rough on Rats to her four weeks' old babe and the child died Monday afternoon. The funeral was in progress yesterday when Constable Minor heard reports that all was not right and suspended the services.

Last evening Mrs. Coster took her only other child, aged 2 years, and after trying unsuccessfully to drown him in a basin of water, carried him to the farm of Joseph Richards, where she tossed him down a 70-foot well, drowning him.

Returning to the village she told Druggist Cook what she had done and then tried to drown herself in Lake Madison, but was prevented. She was arrested and was prevented from committing suicide in the jail by close watching.

THE BARK WENT DOWN.

Collision Between the Saale and a Norwegian Bark.

SOUTHAMPTON, Aug. 11.—Capt. Richter of the North German Lloyd steamer Saale from New York, Aug. 2, for Bremen which arrived at Southampton yesterday reports that at 7 o'clock on the evening of Aug. 4 during a thick fog the steamer came into collision with and sank the Norwegian bark Tordenskjold, Captain Ellertsen, which sailed from Dublin July 3 for New York. The bark went down soon after being struck, but the Saale succeeded in rescuing Captain Ellertsen and his entire crew of 18 men. The Saale received no damage.

Steve Brodie Makes the Market—Betting on Sullivan v. Corbett.

NEW YORK, Aug. 11.—Steve Brodie expects to find a small fortune on Sept. 7. He will bet a lot of money on Sullivan. Brodie called at The World last night and waved a certified check for $1000 in the air.

"I want to bet this against $800," he said, "and the sooner one of Corbett's friends comes along with the necessary the better I'll like it."

Then he dived down in his coat pocket and drew forth a letter which he was anxious to have published. It read:

I want to bet $1000 to $800 or $3000 to $1600 that Sullivan will whip Corbett. There is a splendid opportunity for all these Corbett men to get my good, hard money. Knowing that old John L. will be on Sept. 8 what he is to-day, the champion of champions, I remain the public's obedient servant, STEVE BRODIE.

Fatally Injured by a Falling Tree.

BELLEVILLE, Aug. 11.—Charles Parrott, 17 years of age, son of George Parrott of Napanee, was camping on Manhattan with his uncle and during Saturday's storm the tent was lifted off the ground by the wind. Charles Parrott ran out and attempted to hold it in its place when a huge basswood tree near him was broken off and hurled against him with terrific force. His right leg was broken, while the left leg was badly fractured. The boy is still unconscious and is supposed to be fatally injured internally.

Killed By a Runaway.

WATERLOO, Ont., Aug. 11.—Mr. David Bearinger, a farmer about 70 years of age, living about three miles from Waterloo was returning home yesterday afternoon and his team, a spirited one, took fright and ran away throwing the old man out where he was found shortly after. In spite of medical skill he only lived about four hours.

The Moorish Soldiers Fare Badly.

TANGIER, Aug. 11. — The Moorish soldiers fared very badly in their engagements with the rebels, 100 of their number being either killed or badly wounded. The Angherites, on the other hand, suffered but few casualties.

Forepaugh Struck By a Cyclone.

COHOES, N.Y., Aug. 11.—Forepaugh's circus tent is a wreck, it having been struck by a cyclone just as the people had left the afternoon performance. Several canvas men were slightly injured. The performers, who were dressing themselves, were drenched. It will take several days to put things in shape.

A SERIES OF TRAGEDIES.

Followed in St. Louis a Mother's Wholesale Malediction.

ST. LOUIS, Aug. 11.—The city was thrown into a state of great excitement shortly before noon yesterday by the news that Hon. James C. Normile, judge of the Criminal Court, had committed suicide at his boarding house, No. 1422 Washington-avenue. Judge Normile returned to his boarding house at 10 o'clock this morning after a short visit to the business portion of the city. On entering he requested his landlady to come to his room in an hour, stating that he felt unwell and might be seriously ill at that time. The judge retired to his room, and when it was visited by the landlady at 11 o'clock she found him lying dead on the bed. On a small table was an empty phial, which had evidently contained acid of a deadly character.

Lawyers Broke His Heart.

Some time ago The Post-Dispatch of this city severely criticised the judicial administration of Judge Normile, and recently the judge brought suit for libel against that paper in the sum of $400,000. Yesterday depositions were being taken in the proceedings and Judge Normile was subjected to a severe examination as to his antecedents life and rulings. It is believed that the examination preyed heavily on his mind.

Persecuted By a Paper.

The following note was found in a diary on the person of Judge Normile and had evidently been written this morning:

For more than a year the atrocious liars of The Post-Dispatch have had me on the rack. They have almost unfitted me for performing my judicial duties and made life little less than a protracted torture. For the past week I have slept little. I concluded to go to the office and kill Florence White, managing editor of The Post-Dispatch, but I have just this morning abandoned this purpose, as I shrink from taking human life, especially while being a judge. I cannot fight this paper in the courts. The law is slow, and it would be more than a year probably before I could get the damage case brought to trial. I crave rest, which also I must seek in the grave, upon whose brink I pencil these closing lines.

A MOTHER'S CURSE.

Judge James C. Normile was prosecuting attorney in the famous trial of Walter Lenoux-Maxwell, alias Brooks, who was convicted and executed for the murder of his friend and benefactor, C. Arthur Preller, at the Southern Hotel eight years ago. Preller was killed and his body placed in a trunk, where it was discovered several days after the murderer had flown. He was arrested at Auklaud, New Zealand, and brought back. *His father and mother came from* England, where Brooks, sr., is a school master, and made a heroic effort to save him. Failing, they remained till after the execution. Mrs. Brooks was convinced of her son's innocence, and it was said at the time in St. Louis that she cursed the trial judge, the prosecuting attorney, and lastly Governor Morehouse, who refused to interfere.

Judge Van Wagoner failed of a re-election, Governor Morehouse committed suicide in a fit of delirium less than a year ago, and now the prosecutor, Normile, has died by his own hands.

A FASHIONABLE CUT

Is what you get in our $7.50 and $10 00 Suits. These two lines have had an immense run this season and we have just added six more new patterns to our already large range at that price for the August trade. These Suits are made of

FINE IRISH AND CANADIAN TWEEDS, SERGES AND WORSTEDS,

and lined, trimmed and made like the finest custom work. So many young men who have been accustomed to pay from $15 to $20 for ordered suits are now buying our READY-TO-PUT-ON SUITS at $7.50 and $10. The Pattern of Goods for our Boys' Clothing are of especial beauty and represent the choicest of the world's looms. And we know from experience that boys between 14 and 19 years old are more particular and fastidious than the average man in the styles they wear. They have ideas of their own—youthful tastes, sprightly notions—and our clothing meets their requirments to a T. We show hundreds of different styles; every one a beauty. Single and Double-Breasted Suits; Plaids and Checks; Solid Colours and Mixtures; and the prices to suit all purses, lean or fat—$3.25, $3.95, $4.50, $5, $5.50, $6.50, $7, $7.50, $8.50, $9.50, $10. Rely on it, you cannot find as good and stylish a suit for the money anywhere as at

UNITED CANADA ON ROMAN CATHOLIC RIGHTS.

French Cabinet Ministers Said to Want School Lands Set Apart For Separate School Purposes—Funds For Nationalists.

OTTAWA, Aug. 12.—It is reported in political circles that the French members of the Cabinet are in favor of making some arrangements whereby a portion of the school lands in Manitoba shall be set apart for separate school purposes. Thus the loss of the former separate school taxes which Greenway has diverted to the public schools might be made up. This cannot be done without changing the existing law in regard to the administration of these lands. The present act would have to be amended. Even then, some authorities hold, it is difficult to see how the Dominion could dictate to the province in respect to the expenditure of the money derived from these lands since the question of education is purely one of a provincial character and wholly within the rights of the province to deal with it.

The school lands of Manitoba and the Northwest are held in trust by the Dominion Government for the province for educational purposes. Sections 11 and 29 of each block of land are set apart for this object. This is about one-twentieth of the whole province and territories.

It is provided that these school lands shall be sold by public auction and the proceeds go to education. The Dominion Government, in the first instance, sends a valuator to value the lands so as to get an estimate of their true worth. When a good opportunity of disposing of them presents itself, and when the money is required, certain sections are put up for auction. If the price offered is a fair one they are sold and if not they are withdrawn until their proper market value is reached. The money derived from sales of these lands is invested in Dominion securities, and the interest, after deducting the cost of management, goes to the province or the territories, as the case may be, for general school purposes. The act says it shall be expended "towards the support of public schools therein, and the money so paid shall be distributed for the purpose by the Government of such province or territory as is deemed expedient." The law on this point seems plain, and the Dominion Government do not handle one dollar of the money nor do they exercise any control over its expenditure beyond being simply trustees of the land, as is pointed out. Still, however, it is considered likely that legislation will be offered to divert some portion of these lands in Manitoba to assist Catholic schools.

United Canada published yesterday in its leading article entitled, "Minorities will be Protected," says that since the last issue of United Canada we have had the assurance of those high in councils of the state that the rights of the Catholic minority in Manitoba would be protected.

LEANED AGAINST THE GANGWAY.

Sad Fate of a Young Man on the Macassa at Hamilton.

TORONTO, Aug. 12.—As the Macassa was leaving Hamilton yesterday at 10.45 a.m. a lad named Harry Brothers, aged 17, who was employed as cook's assistant, was accidentally drowned. He was about to empty a pail and leaned against the gangway, which had not yet been secured. It gave way and he fell in and was drowned, not coming to the surface at all. After some search the body was found and it was brought in by the Modjeska last night on her last trip.

A Regular Freight Goes Into a Special Which is Shunting.

PORT CREDIT, Aug. 12.—An accident occurred on the Toronto branch of the Grand Trunk Railway yesterday which delayed traffic for hours and resulted in the destruction of considerable property. While a special freight was engaged in shunting at Port Credit a regular midnight freight, in charge of Conductor Kays, pitched into the special. Both Driver Williams and the fireman escaped without injury, and none of the train hands on the special were injured. Driver Williams' engine was considerably damaged and seven cars were wrecked.

CANAL TOLLS.

Montreal Corn Exchange Thinks the Question Safe With the Government.

MONTREAL, Aug. 12.—The Montreal Corn Exchange Association met yesterday to take action in regard to the Dominion Government's proposal to abolish the rebate on grain coming down the St. Lawrence canals. The meeting was a perfect fizzle.

The committee of the association submitted a resolution to the meeting protesting against the withdrawal of the rebate this season, as all contracts have been made on this basis, and any interference would result in a serious loss to the trade.

A discussion ensued, many of the members attacking the United States Government for what they called it high-handed proceedings.

After a good deal of talk Hugh McLennan of the Montreal Transportation Company moved that the resolution be laid on the table and that the matter be left to the Government.

Mr. McLennan's amendment carried.

Two More Bodies Found.

WIARTON, Ont., Aug. 12.—Two more bodies of those who lost their lives in the furious storm which prevailed on July 20 were recovered from the bay yesterday. They were those of Mrs. Currie and her daughter. The bodies of Stevens and wife still remain to be found.

Drowned as They Slept.

MONTREAL, Aug. 12.—A peculiar drowning fatality occurred early yesterday in the Lachine Canal in this city. The tug William Paul was docked for the night in the basin with three men on board. The engineer left the escape valve open and during the night the water flowed into the tug, drowning the three men as they slept. The craft also sank. The names of the drowned are: Alfred Beauchamp, aged 30; Alexander Ratell, aged 14; Henri Laronse, aged 15. This morning the tug was floated and the three dead bodies were recovered.

IMPERIAL PARLIAMENT.

SALISBURY'S GOVERNMENT DEFEATED BY 40 MAJORITY.

In a House of 660 Members 350 Voted Against the Unionists—Salisbury Will at Once Tender the Resignation of His Ministry.

LONDON, Aug. 12.—A division took place in the House of Commons last night on the motion of Mr. Asquith (Gladstonian) of "No-Confidence" in the Government and was carried by a vote of 350 to 310.

THE NO-CONFIDENCE DEBATE.

Speeches by Joseph Chamberlain and Other Members—An Immense Audience.

LONDON, Aug. 12.—The House was packed when Parliament assembled yesterday afternoon. Every seat was taken and crowds were standing on the floor and in the gangways.

Among the distinguished spectators were the Earl of Cadogan, Lord Knutsford, the Prince of Teck, the Duke of Devonshire, Prince Hatzfeldt, the German Ambassador, Minister Lincoln and other members of the diplomatic corps.

Happy Over Victory.

When Mr. Gladstone entered he was cheered enthusiastically. Mr. Joseph Chamberlain, who wore an orchid, in addition to his usual garb, was also cheered as he went to his seat, and more or less applause greeted each notable from his partisans. Members were generally good-humored, the Conservatives looking reconciled to defeat and the Liberals happy over victory.

The Right Hon. James W. Lowther stated, in reply to a question, that the document torn up by Sir Charles Euan-Smith, British Minister at Morocco, in presence of the Sultan, was the draft of a treaty which the Sultan desired to have signed. This is a vindication of the statement made by the correspondent in Morocco of the Central News Agency and the United Press, whose splendid work in giving to the world the thrilling circumstances of the British mission to that country has excited the envy of other news associations.

The Right Hon. Joseph Chamberlain arose to speak on the motion of "no-confidence."

Mr. Alpheus C. Morton, Liberal, of Peterborough, objected to Mr. Chamberlain being allowed to speak on the ground that he had already spoken the previous evening.

The Speaker overruled the objection, whereupon Mr. Chamberlain proceeded with his remarks. He bitterly commented on the tactics employed to prevent him from speaking, and said that it was an early sample of the petty and malignant treatment to be meted out to the Liberal-Unionists. Continuing, Mr. Chamberlain said: Mr. Gladstone was civilly answered; Irish members were treated in a similar way, but remarks by Unionists were regarded as irrelevant and impudent.

After this outbreak, which the Liberal-Unionists showed some signs of applauding and to which the Irish members listened with grim satisfaction, Mr. Chamberlain launched out against the incoming Government. He said that the policy and composition of the incoming Government were unknown; foreign troubles were looming up in Italy and in Egypt, and if ever a foreign policy was needed that would command the respect of the world it was now. He trusted that Lord Rosebery would be called to the Foreign Office. The people trusted Lord Rosebery. Why? Because his views were utterly opposed to the views of Mr. Gladstone and Mr. Morley.

Mr. Chaplin, President of the Board of Agriculture, then rose to speak, but was treated with such a storm of shouts of "Divide, divide," that his voice was inaudible.

Mr. Chaplin complained that such a reception had never before been accorded a responsible minister.

The Speaker then rose to put the question on Mr. Asquith's motion and was answered with a thunderous volume of ayes and noes from the respective sides of the House.

The strangers having withdrawn from the precincts of the chamber the Speaker repeated the usual formula of putting the question and was again greeted with sustained and vehement replies.

The House divided at midnight.

When Mr. Gladstone returned from the lobby the whole Liberal party rose and cheered him.

The tellers appeared at 12.25 a.m. with the paper containing the numbers showing the result of the division, and handed the paper to Arnold Morley, the Liberal whip.

This was the signal for a volley of Liberal cheers and Irish shouts of "Mitchelstown," "Down with Balfourism," etc., and it was some time before Mr. Morley was able to announce the figures.

The result announced was: For the motion, 350; against the motion, 310.

Then there was a fresh display of enthusiasm. The noise having subsided, Mr. Balfour and the whole body of Conservatives rose and, amid prolonged acclaims, Mr. Balfour moved that the House adjourn until Thursday next.

The motion was agreed to.

The Cabinet has been summoned to meet at noon on Friday, and Lord Salisbury will leave at 1 p.m. for Osborne House.

After formally resigning Lord Salisbury will remain at Osborne House for the night.

Mr. Gladstone will see the Queen on Saturday.

The representative of the Associated Press learns definitely that Sir William Vernon-Harcourt has accepted the post of Chancellor of the Exchequer in the new Cabinet.

Mr. Gladstone has cooled toward his former favorite, Mr. Fowler, owing to the latter's want of energy during the electoral period.

Petition Against Timothy Healy.

LONDON, Aug. 12.—Mr. P. Callan, Parnellite, who was defeated in the northern division of Louth by Mr. Timothy Healy, anti-Parnellite, has lodged a petition against the election of Mr. Healy on the ground that voters were intimidated by the priests.

Rejected the Offer.

PARIS, Aug. 12.—Edward Parker Deacon had an offer of release from prison on condition that he would leave France forthwith, never to return. Mr. Deacon refused to accept the offer.

Cholera Diminishing.

ST. PETERSBURG, Aug. 12.—The official reports in regard to the cholera epidemic say that the disease is diminishing in Samara and Saratoff and the Don districts.

OPIUN THROWN OVERBOARD.

But It Was in Barrels and Meant to Be Picked Up by Smugglers.

WASHINGTON, Aug. 12.—The United States district attorney at Portland, Ore., has been directed to libel the British steamer Wilmington and prosecute with vigor such of her officers as were concerned in the recent attempt to smuggle opium into this country.

According to reports received at the Treasury Department this vessel has been engaged for some time in smuggling opium into the United States from Victoria, B.C., where there is a large Japanese element devoted, so it is said, to the preparation of the drug for the American market.

The method of smuggling was to pack the opium into barrels filled with some light material and throw the barrels into the Columbia River about 30 miles below Portland, where they were secured by confederates in waiting and taken into the interior for shipment to the eastern market.

The authorities have been watching this vessel for some time. They captured five barrels thrown overboard on her last trip, and in this way secured good evidence of her operations.

SLEEPWALKER'S FATE.

He Sewed Up His Feet With a Rusty Needle.

READING, Pa., Aug. 12.—A remarkable story of somnambulistic adventure comes from Ridgewood, a sanitarium three miles below this city. Joseph R. Tomlinson, a drummer for a grocery house in Milwaukee, took up his quarters there last Wednesday. He told Dr. Stewart, the proprietor, that he was a somnambulist.

Shortly after midnight Friday piercing cries were heard coming from Tomlinson's room. The doctor found that while under the influence of medicine Tomlinson imagined that his great toes had been severed. He had secured a rusty needle and with this he began to sew his toe together. He had already sewed his right foot full of stitches, and was beginning on the left when the pain became so great that he was awakened. Dr. Stewart removed the stitches, but the wounds were so severe that blood poisoning set in and he will die.

SAYS HE HYPNOTIZED HER BOY.

A Young Man Spirited Away From Home by an Evangelist.

BALTIMORE, Aug. 12.—James M. Holden, a boardless youth of 18 years, of Providence, R.I., was arrested here yesterday at his mother's request.

She claims that he had been spirited away by Rev. Henry E. Howland, an evangelist, about a year ago and has since been traveling with him over the United States. She says he hypnotized her boy.

About a month ago they came to Woodbury, a suburb of Baltimore, and went to housekeeping. They drew immense crowds and lived well.

Howland left the town immediately after learning of the boy's capture in a borrowed carriage.

He has a wife and child in Providence.

Mrs. Holden wants her boy to return with her and he will probably consent.

DE COBAIN MUST NOT EXHORT.

The Brooklyn Gospel Tent Pastor no Longer Welcomes Him.

NEW YORK, Aug. 12.—Edward De Cobain, who was expelled from Parliament on serious charges, did not exhort at the Gospel tent erected by a few of the earnest brethren and sisters of the Fourth-Avenue Methodist Episcopal Church, Brooklyn, last night.

It was expected that he would take part in the services, but the publication of the fact that a person against whom grave charges were pending had been called upon to officiate in the name of the Methodist Episcopal Church had caused the pastor of the Fourth-Avenue Church to assert his authority, and Mr. De Cobain did not put in an appearance, to the great disappointment of a considerable audience.

A Big Safe Trust.

CINCINNATI, Aug. 12.—The success of the Herring-Hall-Marvin safe consodliation has impelled Eastern capitalists to seek to form a still greater company. The new corporation will have $5,000,000 capital stock and will comprise the Damon Company of Boston, the Eclipse of Baltimore, the York of York, Pa., the Barnes of Pittsburg, the National of Cleveland, the Standard of Detroit, the Diebold of Canton, the Mosler, the McNeale & Urban and Mosler, Bahman & Co., all of Hamilton, O.

To Lead the Fleet of Ocean Liners.

PHILADELPHIA, Pa., Aug. 12.—The announcement that the Cramps have signed contracts for the big ships of the Inman Line was a little premature. The Cramps will build the ships, but the signing of the contracts has been delayed by the extended absence in Europe of President Griscom of the Inman Line.

The Cramps are confident that they can build speedier vessels than the City of Paris, City of New York, Teutonic, Majestic or any of the other fast liners now struggling to smash records.

Death Caused by a Bee's Sting.

WALTON, N.Y., Aug. 12.—As Mrs. Bury, an elderly lady living on the banks of the Delaware, about two miles from this place, was walking in her garden yesterday she was stung on the temple by a bee. Feeling nothing more than a sharp pain she entered the house, when her condition was at once discovered to be serious and medical assistance was summoned, while the usual remedies were applied. In spite of these she sank rapidly and died within 30 minutes.

Water Route from Buffalo to Chicago.

CHICAGO, Aug. 12.—A Cleveland syndicate has taken the initial steps toward the operation of an all-water route from Buffalo to Chicago by the purchase of the passenger steamers City of Mackinac and City of Alpena from the Detroit and Cleveland Steam Navigation Company.

Dynamite in a Threshing Machine.

PARKERSBURG, W. VA., Aug. 12.—A steam thresher, operating on Thomas Faulty's farm, near Elizabeth, was blown to pieces this afternoon. Samuel Booth and another man were fatally and three others seriously hurt. Dynamite had been placed in the machine, it is believed, to kill the operatives.

He Will Never Touch Powder Again.

COLUMBUS, Ind., Aug. 12.—Enoch Ledraw, a farmer of Washington, had a can of powder to blast rock in a well. His 11-year-old son begged for some to blow up a stump with, but was refused. Determined to test the quality of the powder the lad sprinkled some on top of the can and touched a match to it. A violent explosion followed. The boy was fatally injured and a barn burned to the ground

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

A Shameful Neglect of Duty.

The stage of incompetency the Dominion Government has reached, arouses the rebuke of its own party organs. The Toronto *News* says:—Sir George Dibbs, Premier of New South Wales, was in Ottawa yesterday. Sir George is one of the most important visitors who has been in the Federal Capital for years back. He changed his route on his way home from London for the express purpose of meeting members of the Canadian Government and talking over matters of mutual interest to the two greatest of Britain's colonies; his coming was known for weeks in advance, and still only two of the *minor* members of the Cabinet were at the Capital to meet him.

The failure of the Premier, Sir John Thompson, and Hon Mr. Foster to arrange for an interview with the distinguished Australian, under such peculiar circumstances and at a time when so much depends upon drawing closer the bonds binding the Empire together, is wholly inexcusable.

Treason in the Inner Circle.

What is the matter with the new enactments of the Dominion parliament on the subject of treason, etc? The Montreal *Gazette* says that in proposing to impose prohibitory tolls upon Canadian vessels using the Sault Ste. Marie canal, President Harrison is acting "quite within the lines of the Washington treaty, or at any rate consistent with the Canadian interpretation of that convention." This, the Ottawa *Free Press* says, is really atrocious. Why are such traitorous utterances tolerated? The President of the United States proposes to cripple Canada's lake shipping, and the principal organ of the Abbott government declares that in so doing he is only acting within his rights and placing the Canadian government's interpretation upon the Washington treaty.

Royal Black Knights.

On Saturday night a Preceptory of the Royal Black Knights of Ireland was instituted in the True Blue Hall, Norwood, by D.G.M. Weir and W. Preceptor Campbell, of Peterborough. About twenty-five candidates were initiated, and the following officers elected:—

D. Andrews ..... W.W.P.
M. McGregor ..... W.D.P.
A. Robinson ..... Chap.
Sir K. S. Turner ..... Registrar
" M. Danis ..... Treas.
" H. Drain ..... Lecturer
" Jas. McLachlan ..... Censor
" Alex. Leeson ..... S.B.
" P. Beckett ..... Paramivant

After the business of the evening was over the visiting brethren were entertained at the McGregor House—" nine host " McGregor providing a substantial repast. The preceptory starts out with a good membership and bright prospects. The remaining officers were appointed last night.

The Best in the World.

The oil of the Norwegian Cod Liver is nature's grand restorative, and is only found in its entirety and purity in Miller's Emulsion. It is the most palatable and wholesome preparation of Cod Liver Oil in the world, and is now being taken by invalids, particularly those afflicted with consumption with the most astonishing success. It is the greatest blood and flesh maker in existence, and is a life saver to consumptives. In big bottles, 50c. and $1 00—at Peterborough Drug Stores. dw

A Close Call.

After suffering for three weeks from cholera infantum, so that I was not expected to live, and, at the time, would even have been glad had death called me, so great was my suffering. A friend recommended Dr. Fowler's Extract of Wild Strawberry, which acted like magic on my system. But for this I would not be alive now.

Street Watering Methods.

When Peterborough gets electric cars she may follow the Louisville, Ky. method of street watering with advantage. The electric Railway Company there has put on its line a special car for this purpose. The exterior aspect of the car does not differ much from the ordinary cars employed on the line, but is in reality a vast reservoir of water. The car is operated by two men, one of whom regulates the flow of water to suit the conditions of the street and the speed of the car, and the sprinkling pipe to the side of the car to escape any obstruction along the street. This novel and ingenious scheme of sprinkling is found in practice to be both economical and rapid, and more satisfactory than the ordinary method of laying the dust with carts.

Palpitation of the Heart.

Miss Jennie Bass, New Bayne, Ont., writes: "For two years I suffered from sick headache and palpitation of the heart and could get no relief until I began the use of Pink Pills. I now feel like a new girl." All dealers or by mail at 50 cents a box or 6 boxes for $2.50. Dr. Williams' Med. Co., Brockville, Ont., and Schenectady, N. Y. Beware of imitations.

Suddenly Prostrated.

GENTLEMEN,—I was suddenly prostrated while at work with a severe attack of cholera morbus. We sent at once for a doctor, but he seemed unable to help. An evacuation about every forty minutes was fast wearing me out, when we sent for a bottle of Wild Strawberry, which saved my life.

Bright Crop Prospects

Business men find great encouragement in the reports of the magnificent harvest now in progress all over the Province. Of reports from 28 counties, 11 indicated that the wheat crop was quite up to that of last year, 10 were to the effect that the average yield would be better than in 1891, and 7 intimated that the wheat crop was remarkably heavy, or the best ever obtained, while one report contained the pleasing intelligence that the yield so much exceeded expectations that the farmers' barns would not hold more than half of it. From these and other reports received by the wholesale trade it seems but reasonable to conclude that we shall have this year in Ontario the best crop of wheat in the history of the Province. The hay crop, which now appears to be pretty well harvested in most localities, was probably never heavier. The oat crop is a fair average in most sections, and heavier than last year in some important sections.

This Year's Apple Crop.

H. Peterson, well-known fruit exporter, Port Colborne, has issued his annual circular giving an estimate of the apple crop in Canada for 1892. He estimates that Ontario has ten per cent. more than last year, but the apples are not of so good a quality, many being spotted. In Nova Scotia the crop will be twenty per cent larger than in 1891. With the exception of the New England states, where the crop is larger and of better quality than last year, the various states of the American union show light crops, New York having but one-quarter to three-eighths of a crop, while Ohio, Michigan, Southern Illinois and Missouri will all have light crops.

Inspecting the Roads.

On Thursday last, Mr. Chas. Aylesworth, of Madoc, Provincial Government Inspector of Roads, inspected the roads in Dummer, Belmont and Methuen on which government monies have been expended this year. He was accompanied on his visit of inspection by Mr. Thos. Fraser, and, we understand, expressed himself as well pleased with the manner in which the work had been performed. All the different sections were visited except a portion of the Oak Lak road which will be inspected when Mr. Aylesworth visits Apsley.—Norwood *Register*.

Loss of the Homestead Strike.

On the 1st of August the Boston *Globe* estimated the loss caused by the Homestead strike for one month at $1,000,000. Chief among the cash losses is the militia bill of $320,000,, which will have to be paid by the taxpayers of Pennsylvania. The Homestead workmen have sacrificed $150,000 in wages, and outside workingmen who have engaged in a sympathetic strikes have lost $100,000. The Carnegie firm is out $100,000 through the idleness of outside plants. The best judges estimate that the fortifications, bills for Pinkerton service, loss of trade and other accumulating expenses at Homestead cannot fall far short of half a million dollars.

A new mineral not unlike asbestos in its properties has been discovered in immense deposits in the United States of Columbia. It is stated to be the color of amber, perfectly transparent and incombustible. Experiments indicate it will be of great value for making bank-note paper and as a fire-proofing material. A white varnish has been extracted from it.

The Titan crane, built for the harbor of refuge works, at Peterhead, was tested last Friday. A load made up to 63½ tons was lifted and slewed round a circle from the center of a cantilever. It was then run to the extreme end (10 feet from the center), and the monster crane made another revolution—that is, it lifted this great weight and swung it round the circumference of a circle 220 feet in diameter.

A recent English invention of great importance to navigators is a hermetically sealed chronometer to prevent the detrimental effects of the atmosphere and moisture on the mechanism. The invention consists in hermetically closing the casing of the chronometer, doing away with the key-hole through which the air and the moisture gained access to the works, and effecting the winding up of the chronometer by providing a flexible or elastic diaphragm.

A most estimable lady almost destroyed until Dr. Butler's Golden Pills came to the rescue. After their use for a short time she was able to resume her duties, after suffering untold misery from nervous prostration and the ills that attend that most distressing disease. These, if not checked in time, lead to insanity and death. Golden Pills are guaranteed to cure all nervous and blood diseases.

A Friend

Wishes to speak through the *Register* of the beneficial results he has received from a regular use of *Ayer's Pills*. He says: "I was feeling sick and tired and my stomach seemed all out of order. I tried a number of remedies, but none seemed to give me relief until I was induced to try the old reliable Ayer's Pills. I have taken only one box, but I feel like a new man. I think they are the most pleasant and easy to take of anything I ever used, being so finely sugar-coated that even a child will take them. I urge upon all who are

of a laxative to try Ayer's Pills."—Boothbay (Me.) *Register*.

"Between the ages of five and fifteen, I was troubled with a kind of salt-rheum, or eruption, chiefly confined to the legs, and especially to the bend of the knee above the calf. Here, running sores formed which would scab over, but would break immediately on moving the leg. My mother tried everything she could think of, but all was without avail. Although a child, I read in the papers about the beneficial effects of Ayer's Pills, and persuaded my mother to let me try them. With no great faith in the result, she procured

Ayer's Pills

and I began to use them, and soon noticed an improvement. Encouraged by this, I kept on till I took two boxes, when the sores disappeared and have never troubled me since."—H. Chipman, Real Estate Agent, Roanoke, Va.

"I suffered for years from stomach and kidney troubles, causing very severe pains in various parts of the body. None of the remedies I tried afforded me any relief until I began taking Ayer's Pills, and was cured."—Wm. Goddard, Notary Public, Five Lakes, Mich.

They're all Going to Lakefield.

And now they are all going to the Lakefield picnic on the Civic Holiday. In the first place the attractions are so numerous, the baseball match, the foot ball match, the tug of war, the pleasant ride on the railway, the agreeable outing on the steamer Mary Ellen, the magnificent scenery of river and lake, the return to town without any sense of fatigue. No wonder then that they are all going to Lakefield on Peterborough's Civic Holiday, because in the second place they all find an additional and irresistible reason in the fact that the object of the picnic commends itself most heartily to all—help pay for the neat little church which a very small congregation recently purchased for purposes of Divine worship.

A Foot Race for Blood.

It is rumoured in sporting circles, and the report seems grounded on pretty good authority—the stakes of the race—that a leading hotel keeper who is acknowledged by his friends to be a sprinter of no mean ability, will run a prominent local tailor a foot race, distance half a mile, on the P. A. A. grounds on Monday afternoon next. Both contestants are now in active and earnest training for the memorable contest. The sum put up on each side is $25 and this $50 has been deposited in the hands of a George street grocer, who will see that each party gets a fair show. Great interest is being taken in the forthcoming event, and the lovers of Myers, George and other heroes of sprinting fame are bestowing considerable time and attention on the big sporting episode. *Since writing the above it is learned* the race has been declared off by mutual consent.

Stunned From the Lightning's Flash.

The big storm of thunder and lightning on Wednesday afternoon did not pass over this section so at first supposed, without serious results. The celestial electric flashes were very wide and swept across the blue sky in incessant bursts of light. Then, that worst of all, chain lightning, now and then farrowed its course across the sombre dome above in an irregular z'z zag path. Mr. A. H. Kennedy was sitting in his residence on Homewood Avenue with the window partly up when he suddenly felt a burning sensation on his neck. He got up and started into another room which when he reached he fell unconscious across a table. He remained in that state fully fifteen minutes before he recovered from the shock which he sustained. Other residents in that locality were, it is reported, affected by the lightning also. A servant girl working in Mr. A. McFarlane's house and Mr. Lang, who resides on the corner of Charlotte and Park street were also stunned for a few seconds but not so seriously as Mr. Kennedy. Mr. Lang was out in the yard splitting wood when he sustained the unpleasant sensation. The family of Mr. Taylor, Gilmour street also felt the shock severely but were not stunned.

Opening for Peterborough Labor.

Mr. W. J. Kearns, an old Peterborough boy, is in town, staying at the Cavanagh House. He is advertising for 180 men to work on the Port Arthur, Duluth and Western Railway. He came all the way here, past many cities and towns in order that he might employ, if possible, Peterborough labor. *The wages which he is* willing to pay are good, being $1.50 and $1.75 per day, and $26 to $30 per month and board according to the kind of work which the men engage in.

Foresters Grand Union Excursion.

A union excursion under the auspices of Courts Peterborough and Lungton, Canadian Order of Foresters, will be run on Thursday, August 25th. The excursion will leave the *Grand Trunk station at 7 o'clock*, and proceeding by steamer Sunbeam and palace barge, Paragon, will take the charming route of the lakes, making an hour and a half stay at both Buckhorn and Burleigh. Butcher's orchestra will accompany the excursion, and the committee will provide hot water, tea and sugar for excursionists. Refreshments will also be served on board the boats. Fare for round trip 80 cents, children half price.

Almost a Whale's Length.

Mr. J. D. Tully, druggist, was fishing off the bridge at Chemong Park yesterday afternoon when he caught a specimen of the finny tribe and had an experience which he will not soon forget. He felt a nibble at the end of his rod and started to haul in but in his efforts to do so the pole snapped and his would be capture made off with the line and the remainder of the pole. The piece of the broken rod still clinging to the line was procured by the bystanders and by the united efforts of several men the enemy was forced to capitulate. The antagonist proved to be a large eel which measured exactly six feet from head to tail. Some difficulty was experienced in killing the snakish monster.

Off to Norwood and Lindsay.

Queen's Own Lodge, No. 48, True Blues, and Jubilee Lodge, No. 7, 'Prentice Boys, accompanied by several Orangemen, left this morning at 8.25 per G. T. R. for Lindsay to take part in the 203'd anniversary of the Relief of Derry in that town. The number of lodge members who went was about 40. They were accompanied by twenty outsiders. Twenty-five Peterboroughians went down to Norwood at 11 45 to-day per C. P. R. to witness the doings in that village. Several lodges from Toronto and other places along the lines were on the train also bound for Norwood to assist in the celebration. The town lodges bound for Lindsay marched down in a procession this morning.

How About Civic Holiday?

Hurrah for the grand excursion Hastings, healthful, beneficial and suitable for all.

Abounding in merriment for everyone attending, acceptable because of the variety of amusement.

Sterling in every manner and make no mistake, stimulative with attractions for all their patrons.

Tiptop arrangements on the most elaborate plans, tantamount to the entire combination of excursions.

Interspersed with superior enjoyment for all, itemize the sport list and you cannot resist.

None to offer you the same comfort and enjoyment, now don't miss this monster C. M. B. A., E B A. and C.O.F. excursion.

Gigantic and complete in every detail, gorgeous grove scorned that has no equal.

Surpassing them all in amusement, popularity and fresh air outing. Catch the train at 8.30 a.m., on Civic Holiday and be with the rest. The fare is only a trifle. 3d

A Patent Railway Crossing Signal.

Mr. Geo. S. Boyler, of Peterborough, an old railroad employee of several years experience, has patented an ingenious and useful contrivance in the shape of an entirely original railway signal crossing. The patent on a miniature scale is now on exhibition at the jewelry shop of Mr. Joseph McClelland. Railroad men and others who have examined this automatic invention say that it is complete and perfect in every particular, far ahead of any similar inventions in its line. Mr. Boyler showed an EXAMINER reporter this morning the working of the signal, It consists of a bell which is erected on a post near the crossings and at any distance desired from the crossings are placed two spring dogs which hug the rails closely. It is so arranged that the bell or gong sounds only at the approach of each incoming train. These iron spring dogs communicate by wire and springs with the alarm. The wires can be strung along the telegraph poles from the dogs. These spring dogs are plough shaped and so adjusted that the incoming train's wheels' inner flange runs over this attachment and the pressure causes the wire to become taut and loose by turns. Thus a train of twenty-five cars passing along, the gong would sound 104 times, once for each wheel. When the train reaches the other dog which is placed in a reserve position the wheels do not catch this but pass inside. When a train is coming from the opposite direction the pressure of the wheels on the dog causes an alarm to be given from this end and the other dog is passed in the manner previously mentioned. This compact yet simple alarm does away with the necessity of flagmen and gates and should be put on all crossings where the coming in and going out of trains cannot be seen. Only incoming trains ring the gong.

An Unusual Death Rate.

At this season of the year there are always many deaths, particularly among children, from Summer Complaint, Diarrhœa, Dysentery, Cholera Morbus, Cramps, etc., but this season the cases seem to be unusually frequent and fatal, and everyone ought to know that a sure and speedy cure can easily be obtained by taking a teaspoonful of PERRY DAVIS' PAIN KILLER in sweetened water (hot water is the best) every half hour until relieved. This remedy has never been known to fail. Full directions are with each bottle. It is kept by every respectable druggist. Now big bottle old popular price 25c. price.

A Hound and Sheep Case.

County Police Magistrate Elmiser held court at Havelock yesterday in which Wm. Cornell of Belmont township, laid a complaint against Absolom Brawn of the same place, for keeping a vicious hound which chased the plaintiff's sheep, one dying from the effects. Plaintiff wanted defendant to kill the canine but he refused, hence the action to have the dog destroyed. Mr. W. A. F. Campbell, of Norwood, appeared for the defendant. After several witnesses had given testimony the magistrate enlarged the case for two weeks owing to the complainant not being able to subpœna two witnesses in time.

Voting on the Sewerage Bylaw.

The voting on the sewerage bylaw to raise $40 000 debentures for the construction of main sewers in the town of Peterborough took place to-day. Very little interest was taken in the matter, and to an observer nothing unusual appeared to be going on. The vote up to noon was very small, but this afternoon the ratepayers turned out in large numbers although but a handful have voted at the time of writing. The general opinion is that the bylaw will be defeated, some strong opponents of the scheme say by 2 to 1. In No. 2 ward 56 had voted at three o'clock. In No. 1, 108, most of which votes may be against the bylaw. At noon in No. 4, only a dozen had cast their ballots, while in No. 3, 19 ratepayers had voted at noon. The result of the vote will be made known to-night at the office of Town Clerk Cobb, returning officer. The fate of the by-law will be known before six o'clock.

Band Instrument Fund.

To the Editor of the Examiner:

DEAR SIR,—Will you kindly allow me to state through your paper way we are appealing to the public for funds to purchase new instruments. It is now eighteen years since I took charge of the Fire Brigade Band. We started with five instruments and two drums, which we borrowed. The next year we purchased some more new instruments, with money received from the town council, our membership then being fourteen. Some time after we appealed to the people and town council for funds to purchase the brass instruments, which are now in use. Since that time we have added eight clarionettes and one piccolo, which, I am sure, the public appreciate. Now we wish to replace our old, worn-out brass instruments with new ones of a more modern and improved make. Also to add bass and tenor clarionettes which will soften down the leading clarionettes just in the same proportion as the leading clarionettes do the brass. The band needs the new instruments very badly. To keep pace with the times we have to procure a different variety of instruments or the band cannot produce the proper effect of music as now arranged for bands. Bands all over the country have advanced very rapidly within the last twenty years. They are all playing a better class of music than they did. I am glad to say that we are amongst those that have advanced with the times in the quality of music played, although we have done so under the difficulty of having worn and unsatisfactory instruments, which I hope the public liberality will help us to replace, thus putting us on a par, as regards equipment, with the best bands of the province. Our membership is now thirty-two, and with a new set of instruments, such as we wish to purchase, we shall have first class instrumentation and the public will be well repaid by be much better class of music we shall be able to give them on all occasions. We feel sure the public will support us in this matter as they have always done in the past.

A Trip Unequalled—Through the beautiful chain of lakes from Chemong to Lakefield,

"Where lonely rivers creep by unknown ways,
And tangled forests rear their shadowed maze;
Where giant rocks in frowning ruins strewed
Obstruct the way and guard the solitude."

No Crowding, as a special train—carrying no other excursion—has been secured, leaving G.T.R. station at 7 a.m. and likewise the sale of tickets is limited.

No Tardiness on the way, As the steamer "Golden City"—the fastest boat on the lakes—carries excursionists on this delightful voyage.

No Monotony, as the route presents a great variety of scenery; after passing through Chemong and Buckhorn lakes, two hours will be allowed at Buckhorn Rapids for fishing and viewing the scenery of this wildly rugged but beautiful spot. After a farther sail through Buckhorn river, Deer Bay, Lovesick locks and Lovesick Lake, Burleigh Falls will be reached where 1 hour will be spent, after which a sail of 3 hours through the beauties of Stony Lake. Spending one hour at Juniper Island, brings us to Clear Lake, passing through Young's Point locks into Katchawanooka Lake, thence to Lakefield. A continuous round of pleasure.

No Inconvenience, as hot water can be had on board for making tea. A lunch and refreshment counter will also be conducted and at Buckhorn and Burleigh Falls excellent hotel accommodation can be had.

Round fare 85c, children 40c. Tickets for sale at the stores of Farrweather & Co., Metropolitan Grocery, P. Connal's, and at office of Canada Loan and Saving's Co. td

'Twas Their Annual Outing.

And They had a Pleasant Trip—Much Singing and Dancing—Large Number of the Friends of No. 6 Co. on Board.

The gallant members of "F" Company, 57th Battalion of Infantry, Peterborough Rangers, Dr. F. H. Brennan, captain, held their annual outing down the river last night. The staunch boat "Daisy" with the palace scow attached steamed away from the dock about 8 30 o'clock with 200 happy souls on board. The boys of the company turned out in their uniforms every one looking neat and clean. Several members of the band, bugle band and ambulance and pioneer corps were present in uniform as the guests of No. 6 Co. The sail down the Otonabee was a joyous one and although the weather was not as propitious as the party might desire still the threatening rain did not come and soon after the trip was begun the silvery moon burst forth with her bright rays. Prof. Butcher's orchestra was on board and the whirl of the labyrinthine dance was enjoyed all the way down and all the way back. The voyagers went down as far as Victoria Park. On the return a short stop was made at the locks. Messrs. W. F. Harris and Michael Dunn were soloists and rendered some fine selections which pleased immensely. Refreshment booths were largely patronized by old and young. They were in charge of Messrs R. Hartly and W. Creamer. Peterborough was reached shortly after 12 o'clock and all voted the outing and the kindness of the members of No. 6 company the best that could be desired. The committee who had charge of the excursion and to whom success is due in a large measure be ascribed were Col. Sergt. L. Hall (chairman), Pte. J. F. Brockon (secretary), and Pte. A. Blodgett.

Not a Miracle Now.

Until recently consumption was considered incurable, but now people are beginning to realize that the disease is not incurable. The cure of consumption is not a miracle, now. Dr. Pierce's Golden Medical Discovery will cure it, if taken in time and given a fair trial. This world-renowned remedy will not make new lungs, but it will restore diseased ones to a healthy state when other means have failed. Thousands gratefully testify to this. It is the most potent tonic, or strength restorer, alterative, or blood cleanser, and nutritive, or flesh-builder, known to medical science. For Weak Lungs, Spitting of Blood, "Liver Complaint," and Dyspepsia or Indigestion, it is an equalled remedy.

WATCH REPAIRING!

This season, so far, has been a very busy one in our Watch Repairing Department. People are surprised at the excellence of our workmanship, having been under the impression that work, of such a high grade, was not possible outside of the large cities. This department is under the charge of a strictly first-class specialist, who thoroughly understands his business in all its details. Our charges are remarkably low considering the quality of the work.

AT A TIGER'S MERCY.

STORY OF A MAN WHO SPENT THE NIGHT WITH A SAVAGE BEAST.

Falling by Accident Into an Elephant Pit Where a Royal Bengal Tiger Was Trapped and the Story of How the Hours Passed Slowly By.

When we of the menagerie expedition reached Myauee, on the edge of the great forest of Chittagong, province of Bengal, we were told that we had at last reached the tiger's paradise. The people of the village, numbering about 600 souls, had heard that we were headed that way and that we would pay £10 for a full grown captive tiger, and the men had dug several pits and set two or three traps. Three days before our arrival they caught a tiger in one of the traps, but had bad luck with him.

A native tiger trap is a large cage constructed of bamboo, and about four feet wide by ten feet long. At one end is a door which slides up and down in grooves. The bait is placed on the opposite end, and when seized a trigger is pulled and the door falls. The tiger was caught some time during the night. Next morning, when they went out to carry the cage to the village, the beast became furious at sight of them and finally broke out of the cage and killed one man and badly wounded another before making off. They had inspected the tiger at short range and all had observed that a piece had been bitten out of his left ear. The wound had long ago healed up, but it was a good mark to identify him in case he was ever seen again.

Our first care was to construct several small, stout cages in which to transport our captives, in case we had the good luck to make any, and the next to lay out the ground. There were no man eaters haunting the neighborhood, and no tiger had been seen about the village. Hunting parties had routed them out in the ravine and thickets to the west, and now and then a bullock had been killed by them on the edge of the cleared land. After a survey of the country we dug several pits and placed several traps, and then had nothing to do but wait. Each pit and trap was visited twice a day by men detailed for the purpose. They went in the morning to see if we had caught anything, and again at mid-afternoon to rebait and reset in case a hyena or jackal had been made captive.

It was ten days before we made a strike, but the captive was well worth waiting for. He had just attained his prime and was a real royal beauty. Some men when ill luck befalls them rave and rage. So do some tigers. Other men and other tigers take matters more philosophically. This fellow was sitting down when we first caught sight of him, and it was only when we were within thirty feet of his cage that he rose and saluted us with a kingly growl. Then he lay down again, seeming to realize that his case was helpless and yet determined to preserve his dignity, and we had no trouble whatever in removing him to one of the transportation cages. He was so quiet and docile that some of the natives declared he must have been a captive before. That was not possible, however. He had just eaten a hearty breakfast, felt good-natured toward all the world and was intelligent enough to realize that he was helpless.

On the afternoon of the third day after trapping our tiger, who is to-day an inmate of the Royal Zoo of London, word was brought in by a native hunter that a large herd of elephants was in the forest about six miles away, and that one big tusker was lame and could easily be captured by the white men. Williams took ten natives and circled to the northwest, while I took the same number and circled to the southwest, calculating to get to the west of the herd before we effected a junction and then drive it toward a village. It took us three hours to reach our position, and it was a rare sight we saw when we crept down on the herd. They had just stopped feeding and were collected in a glade of about an acre in extent. There were twenty-six of them, including three babies not yet weaned.

The tusker mentioned was a noble big fellow, but had got the worst of a fight in which he had been severely hurt in the right shoulder. He could hardly put that forefoot to the ground, and was standing by himself and sulking when we caught sight of him. I crept around to the south to get a fair shot at him, while William was stalking an old fellow with one tusk broken off about half way up, and we would have got both of them but for an accident. One of the natives, moving on hands and knees through the brush, was struck in the face by a poisonous serpent and rose up and cried out at the top of his voice. At his first scream the elephants went off at a furious pace, and we knew they would not stop again under five miles.

The native had been struck by a jungle viper. I reached him within five minutes, and he was then rolling on the ground with his face so swollen that he could no longer see out of his eyes. In a quarter of an hour he was dead. His death made very little impression on his companions. I felt annoyed at their seeming indifference and said so to my head man, and he replied:

"Why, sahib, he is dead, and that ends it. My grandfather was eaten by a tiger, my father killed by a buffalo and my only brother died as he has just died, from a snake bite. My turn may come any day. Why should I weep or lament?"

Four of the natives were ordered to make a litter and convey the body to the village for burial, and we divided into two parties again and set out after the herd. Here and there we found well beaten paths to make travelling more easy, but at other times we could scarcely force a passage through the thickets. I was leading the way and supposed my men were following. The afternoon was wearing away, and whenever I struck favorable ground I increased my pace to a run. I finally heard the elephants ahead of me, and was creeping up when I suddenly realized that I was alone in the forest. I waited for perhaps ten minutes, and then followed slowly on after the elephants, who were feeding as they moved along. I expected to be overtaken at any moment, and was not in the least alarmed. I was gradually getting on to the heels of the herd when something occurred to alarm the beasts again, and away they went at a tremendous gait, and I knew I should see nothing more of them that afternoon.

I was now within four miles of the village and on a plain path, but the sun was so low that it was twilight in the forest. I was going forward at a good pace when a huge hyena crossed my path with a growl. Two minutes later there were yelps and snarls from every direction, and I realized that the night prowlers of the forest were astir. I was going bravely ahead and would have been out of the forest in half an hour more when the sun went down and I had to almost feel my way foot by foot. The situation was anything but pleasant. If I climbed a tree I might be bitten by a snake lurking among the branches, and the mosquitoes would eat me alive in two hours if I escaped the serpent. To go forward was to guess at the right or wrong point, and I heard sounds to prove that wild beasts were prowling about in every direction. Williams had borrowed my matchbox or I could have made a torch. I had a heavy single barreled rifle, but no extra ammunition and therefore dared not fire a signal.

I was picking my way slowly, feeling a beaten path under my feet, when of a sudden I felt myself falling. One cannot remember his thoughts in such emergencies. I may have cried out but I do not recollect it. I remember that as I brought up on my head and shoulders, I heard a fierce growling almost in my ear. I was stunned for a moment. When I pulled myself up to a sitting position I was at one end of an elephant pit, which was five feet wide, twelve long and twelve deep. The other end was occupied by a tiger. I knew it because I could smell him, and because he had his eyes on me, and I knew the eyes belonged to a tiger. Elephant pits are generally so firmly covered that no beast weighing less that 500 pounds can break through. This one, as I afterwards ascertained, had been covered so long that the poles had rotted and weakened. The tiger was ahead of me in falling in.

No one can tell how a wild beast will act under certain circumstances. There is even a wide difference between two of the same species. This tiger did not rush upon me as I fell into the pit, but that might have been the action of another. As I became certain of the situation I found little in it to console me, and I admit that I was badly rattled. The tiger kept his two greenish eyes fastened on me, but I glanced at him only at long intervals. The fact that he had not attacked me might be taken as proof that he would not if I did not provoke him. It was a very hot night above, but quite cool at the bottom of the pit, and not a single mosquito found its way down there. After the lapse of half an hour I began to get my nerve back, and it may astonish you to learn that I took a number of short naps during the long hours of that night. I was aroused from one of these by the low, fierce growls of the tiger, and a moment later I looked up to see the head of some wild beast on the path above. It growled in return, and I set it down for a hyena. I think the tiger also slept at intervals. If not, then he had his head turned so that I could no longer see his eyes.

I was sleeping quite soundly when daylight came, and a whining, snuffing noise made by the tiger aroused me. My eyes were hardly open when he came over to me and smelled of my knees and feet and hands. He actually rested his head on my knees and looked into my eyes. I think he was at first inclined to attack me, as he growled in a menacing way and lashed his tail, but as I shut my eyes and kept quiet he finally changed his mind and withdrew to his corner. As time passed he grew uneasy and kept up a continual whine. Every wild beast seeks his covert between daybreak and sunrise, and this instinct made the tiger restless. The sun was just up when I heard the reports of rifles, and five minutes later the voice of Williams came plainly to my ears. The tiger also heard the sounds, and I thought he acted as if badly frightened. I was watching him through half-open eyes when the face of Williams appeared over the edge of the pit and he called out in horror-stricken tones:

"Great heavens! but he's at the bottom of this pit with a tiger! Blank, are you alive?"

"Yes," I answered in a voice just above a whisper; "go and get one of the cages and our ropes. The tiger is cowed, and I think we can secure him."

He did not stop to argue the point, but returned within an hour with the outfit. During his absence the tiger dug at the bank with his claws and kept up a whining, and only once did he come near me. Then he backed up and made a leap for the edge of the pit. As he fell back he growled in anger and disappointment and lay down facing me. The only way to get him out was to noose him and draw him up through the bottom of the cage placed over the pit. Without another word to me they began operations. At the first throw of the noose the tiger showed fight, but only for a moment. The third throw caught him, and it didn't take more than a minute to land him in the cage. I was not yet out of the pit when the natives identified him by the bitten ear as the same beast they trapped before our coming. He didn't serve us the same trick he did them, however. About noon he became ferocious and tried to break out, but we beat him with sticks until he gave up, and from that time on until we shipped him for Calcutta he was almost as docile as a dog.

The merit of Hood's Sarsaparilla is not accidental but is the result of careful study and experiment by educated pharmacists.

"August Flower"

What is It For? This is the query perpetually on your little boy's lips. And he is no worse than the bigger, older, balder-headed boys. Life is an interrogation point. "What is it for?" we continually cry from the cradle to the grave. So with this little introductory sermon we turn and ask: "What is AUGUST FLOWER FOR?" As easily answered as asked: It is for Dyspepsia. It is a special remedy for the Stomach and Liver. Nothing more than this; but this brimful. We believe August Flower cures Dyspepsia. We know it will. We have reasons for knowing it. Twenty years ago it started in a small country town. To-day it has an honored place in every city and country store, possesses one of the largest manufacturing plants in the country and sells everywhere. Why is this? The reason is as simple as a child's thought. It is honest, does one thing, and does it right along—it cures Dyspepsia.

GLADSTONE TO GO TO OSBORNE FOR THE FOURTH TIME.

Lord Salisbury Is Expected at Osborne House to Tender the Resignation of the Present Government—Egan the Invincible.

LONDON, Aug. 11.—Mr. Gladstone yesterday received a communication from General Ponsonby, private secretary to the Queen, announcing that arrangements were being made for his reception on Friday at Osborne House, the Queen's residence on the Isle of Wright, whither Mr. Gladstone will proceed on a summons from Her Majesty.

Lord Salisbury is expected at Osborne House to-day to tender the resignation of the present Government upon the adoption by the House of Commons of the "no confidence" amendment to the address in reply to the Queen's Speech.

Egan, the Invincible.

The first matter taken up in the House of Commons was the case of Egan, the Invincible, who was sentenced for imprisonment under the Crimes Act. Mr. Timothy Harrington, member for the Harbor division of Dublin, asked a question concerning the release of Egan, to which the Right Hon. Henry Matthews, the Home Secretary, replied that he had again considered the case, but could not hold out hopes of Egan's speedy release.

Getting Out of Uganda.

Mr. J. W. Lowther, Parliamentary Secretary of the Foreign Office, announced that the British East African Company had instructed its officers to leave Uganda by Dec. 31. He added that Captain Lugard, in command of the company's forces in Uganda, had consented to a division of territory, it being provided that the armed French Catholics should stay in a specified locality, though Uganda itself should be free to all religions.

The Ministry Will Resign on Friday

LONDON, Aug. 11.—Contrary to expectation the political duel in the House of Commons did not culminate to-night in a division on the motion of "no confidence." The motion will come to vote probably early in to day's proceedings, and the Ministry will resign on Friday.

No Curb on the Enemies of the Church.

ROME, Aug. 11.—The anti-clerical demonstrations in this city have alarmed the Vatican and the Pope is about to send a note to Catholic states stating that the Italian Government puts no curb on the enemies of the church and that he is more a prisoner than ever before. The Vatican has granted 5000 lire for the establishment of new missions in Upper Egypt.

PLEASURE BOAT RUN DOWN.

A Midnight Struggle for Life—Ninety Persons Reported Missing.

ST. PETERSBURG, Aug. 11.—The pleasure steamer reported Monday as having been run down outside of Helsingfors was named the Ajax.

The captain of the Ajax, instead of following the rule and passing the outgoing steamer going to port, caused his helm to be put hard down and attempted to cross the bow of the Runeberg. Before the latter could alter her course she struck the Ajax and crushed into the latter's rotten timbers.

All discipline was lost and the crew made a rush for the boats, but there was no time to cast them loose, for in a minute after she was struck the Ajax sank. As soon as possible the engines of the Runeberg were reversed, and she went astern at full speed until she grounded near the scene of the collision. Those on board of her threw overboard life buoys, boxes, chairs, tables, in fact anything that would float and help to support the strugglers in the water. At the same time her boats were lowered and pulled back to the scene of the accident.

The night was so dark that it was almost impossible to distinguish objects half a boat length away. The boatmen were guided in their work of rescue by the frantic shrieks for help that could be heard coming out of the darkness. The first report of the accident stated that 45 persons were lost, but later details show that the number was much greater. Ninety persons are reported to be missing, and of this number the bodies of 35 have been recovered.

LEFT DEAD IN THE FIELD.

The French Commence Hostilities on the Dahomeyans.

PARIS, Aug. 11.—The French forces have begun hostilities against the Dahomeyans. The towns of Whydah, Abomey and Kalavy have been bombarded.

The guns of the fort at Kotonou aided two despatch boats to sweep the flat country around Kotonou. The expedition inland will start from Porto Novo. The French soldiers are now burning villages seven miles in the interior. They found the Dahomeyans lying in ambush for them, and in the fight which ensued between the two forces the French loss was two killed and 10 wounded. The Dahomeyans suffered heavily, many of their warriors being left lying dead on the field of battle.

Earthquake in Germany.

BERLIN, Aug. 11.—This morning an earthquake was felt at Ems, Coblenz, Valend, Nassau and Niederlahnstein. The movement lasted for ten seconds. At Niederlahnstein the shock was so severe that a number of chimneys were thrown down and the people were in great fear of their lives. The school house at this place was damaged and the scholars were panic-stricken. At Coblenz the people precipitately left their dwellings and made their way to open spaces.

A large number of the house at Ems were badly shaken.

May Attack the City.

TANGIER, Aug. 11.—Two thousand of the Sultan's troops made two attacks upon the rebellious Angherite tribesmen yesterday and were each time driven back in great disorder. Orders were finally given for the troops to retreat, and the force in a badly disorganized condition made their way to the camp at Tangier. It is feared the tribesmen may attack the city.

Mr. Nicholy Jensen, of Washington, has patented a simple device that greatly facilitates the accurate setting of watches. It consists in a lever which, when pulled out, stops the second hand at the 60 point. After this the other hands are set, and when the second-hand of the regulator reaches the 60 point the lever on the watch being set is pushed in. This releases the second-hand and the other two at the same moment. The three hands thus march in step.

A well-known German naturalist, Dr. Sauermann, has published a number of curious observations on the artificial coloration of canary birds fed on cayenne pepper. The plumage changes from yellow to red. The pepper contains an oily matter and an irritating principle, and when these are extracted by maceration the pepper loses its coloring property, but if olive oil be added to the macerated pepper, its coloring property returns. White hens treated in the same way also become reddish, and the yolks of their eggs become a bright red.

W. H. COMSTOCK, Brockville, Ont.

DEAR SIR.—Have been selling your Dr. Morse's Indian Root Pills for the past eight years; they are the only Pill for the people. After having used them once, they always come back for more.

Yours truly,
JNO. MCLEAN.

Uric acid in the blood is the cause of nearly all disease, it visits every part of the body and is liable to fasten disease on any organ; the duty of the kidneys is to extract waste from the blood; a cold will stop this action, a pain in the back follows, and unless relief is obtained, permanent inability of the kidneys to perform their functions follows, which may terminate in liver complaint, dyspepsia, blood disease, dropsy, diabetes or Bright's disease. Dodd's Kidney Pills assist the kidneys to natural work, and cure all complaints and results arising from same. dw

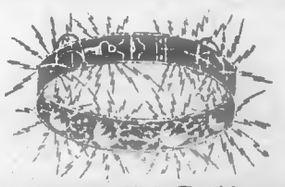
Self Application of Electricity
FOR MEDICAL PURPOSES BY THE
DORENWEND ELECTRIC BELT
And Attachments.
HEAD OFFICE—198 Yonge St., Toronto
THE WORLD'S BEST.



ALL diseases curable by Electricity can be treated at home by the Dorenwend Appliance. The Dorenwend is the only legitimate Electric Belt made which fulfils the requirements of Electro-medical science. It is a complete BODY BATTERY. It has an independent Battery, which generates a mild, continuous current of Electricity (without shocks) and can be regulated to suit the strongest man or the weakest child. It is a CURRENT of QUANTITY, not merely a sensation current, and the quantity current is the greatest curative. It is a successful treatment for INDIGESTION, RHEUMATISM, NEURALGIA, SCIATICA, LUMBAGO, LIVER AND KIDNEY TROUBLES, WEAK BACK, SPINAL DISEASE, HEART DISEASE, NERVOUS DEBILITY, PARALYSIS, VERTIGO, FEMALE COMPLAINTS, IMPOTENCY, SEXUAL DEBILITY and all diseases of the Nervous and Muscular Systems.

Remember that the DORENWEND BELT is the very latest invention in this line, and was invented by a competent electrician, and realizes the best in the world; we defy anyone to bring proof to the contrary.

Do not class this Belt with the humbug combinations of leather and metal with which the country is being flooded. If you wish to experiment with cheap articles, buy THEM but, if you want to procure a genuine Electric Belt and one that will be a benefit get a Dorenwend Belt.

Send name and address for Illustrated Book on Home Electro-medical treatment and mention this paper. J. D. TULLY, Agent, Peterborough. ced w

EDWARD BLAKE ADDRESSES A MEETING OF THE HOME RULE UNION.

Advises Irish Protestants to Join Hands With the Catholics and Banish Forever From the Arena All Religious Questions.

LONDON, Aug 12.—Hon. Edward Blake, who was elected in the recent campaign to represent South Longford in Parliament, addressed a meeting of the Home Rule Union of London last night. He spoke in the same general manner as he did during the speech he delivered at the Eighty Club dinner given in his honor on Thursday last.

He pointed out the necessity of continued work in order to capture all possible bye-elections for the Home Rule cause. Viewed in the light of a curious tendency to equality in popular opinion, he said, the Liberal majority was a substantial one.

Conservative advocates of unity had analyzed and cut the majority into sections, declaring that the majority had emanated from Ireland, and therefore did not count. Would they have said that if the circumstances had been reversed and Ireland had declared against Home Rule?

The Liberals must be prepared for exaggerated accounts of Irish outrages in the Tory papers. That was part of their game.

If the Protestants in the various parts of Ireland were to combine—he hoped that they would not—they could get what terms they liked from either side of the divided majority.

He recommended to them an altogether different policy—namely, to banish forever from the arena all religious questions and to join hands with the Catholics and to discuss intelligible differences of opinion, instead of the character of their creeds or the color of their hair.

Doubtless there would be blunders and friction in inaugurating the new regime in Ireland—bearings would get heated, pipes burst and steam escape—but that would soon be overcome.

Testing Democracy.

He did not idealize democracy He believed it was being put to the severest test as to whether it would be able to use its new power with wisdom, self-restraint and discernment, but he hoped it would be equal to the task.

The characteristics of the English nation were steadiness, resolution and energy in action—to advance slowly and never to retreat. Therefore English reforms were durable and blessed. Let them advance, and soon the dawn now visible would blaze into the perfect sunshine of the blessed day of reconciliation for joyful and regenerated Ireland—no longer the weakness, despair and shame, but the strength, the pride and the glory of the United Kingdom.

Hon. William S. Fielding also spoke in favor of Home Rule.

PORT ARTHUR SCANDAL.

Col. Ray, Prominent Banker and Military Man, Arrested.

WINNIPEG, Man., Aug. 12.—The arrest of Col. Ray, a prominent banker and military man of Port Arthur, who is well-known throughout the entire Dominion, has created a tremendous sensation in society circles. The facts of the scandal are these: Col. Ray met Mrs. Bathurst, wife of Dr. Bathurst, a well-known physician, and engaged her in conversation over church matters, both being leading members of City Church. They walked towards Mrs. Bathurst's residence, and when it was reached the Colonel asked permission to enter to continue the conversation. A few minutes after entering Ray made indecent proposals to the lady, the effect of which so startled her that she swooned away. While in a fainting condition, Mrs. Bathurst says, Colonel Ray accomplished his purpose. When the lady recovered she at once alarmed the household. Colonel Ray hearing that proceedings were to be taken sent a friend with a check for $5000 to suppress the matter. This she indignantly refused and at once swore out a warrant for Ray's arrest, which was executed. Dr. Bathurst, who was out of the city, did not return until the following day. He is furious over the outrage and swears to shoot Ray if he escapes justice in the courts.

VALUABLE TRAIN CAPTURED.

Mexican Brigands Make a Big Haul of Silver Sulphides.

DURANGO, Mex., Aug. 12.—The mail courier from Mazatlan brings information of a bold and successful robbery committed by a band of brigands near Culiacan, in the State of Sinaloa.

A train of 10 burros was on the way from the Yedras mines to Culiacan, loaded with $50,000 worth of silver sulphides in boxes for export.

It was guarded by 20 men, who were attacked in camp by 15 bandits. Three of the guards were killed and the others were overpowered and bound hand and foot. They were left in that condition by the brigands, who drove the mules with their precious loads into the deep recesses of the Sierra Madre mountains.

A company of Government troops has gone in pursuit of the robbers.

The Archbishop writes in connection with the draft:

"This amount was contributed by the clergy and laity of my diocese towards defraying the expenses of your recent electoral campaign. It is their voluntary and absolutely free offering to the land of their fathers, the early home of many among us, in sustainment of Ireland's efforts to regain by peaceful and constitutional methods her native Legislature, which she was deprived of nigh a century ago by fraud and violence combined with shameless corruption."

Eighteen Indians Drowned.

WINNIPEG, Man., Aug. 12.—British Columbia papers bring the intelligence of the drowning of 18 Indians of the Bella Coolla and Wake Neb tribes, while engaged in a sea lion hunt near Queen Charlotte Islands.

In the dense mist their canoes struck a rock and the Indians were precipitated into the water. None were saved.

Hon. George Duhamel Dead.

MONTREAL, Aug. 12.—The Hon. George Duhamel, who, during the late Mercier government held the position of Commissioner of Crown Lands, died at his residence, St. Denis-street, this morning at 7 o'clock.

Dr Daniel Wilson's Last Literary Work.

MONTREAL, Aug. 12.—Dr. Bourinot, Clerk of the House of Commons, was in this city yesterday for the purpose of arranging for the publication of the last literary work of Sir Daniel Wilson. It is a paper on the copyright question to be read before the Royal Society.

Large Barn and Contents Burned.

PENETANGUISHENE, Aug. 12.—A large frame barn near Wyebridge, the property of Allan McDonald, was struck by lightning yesterday and completely destroyed. The barn contained about 20 tons of hay, none of which was saved. The hay belonged to W. Preston, who had the farm rented on which the barn was situated.

Two Men Cut to Pieces.

PORT ARTHUR, Aug. 12.—A party of Germans who had been engaged in Montreal to work on the railroad here were sent out on a hand car. They did not heed the warning given them as they passed a gang of men to look out for an engine which was in the neighborhood. They were on a trestle about five miles east side of Schrieber when the engine came upon the unfortunate men. Two of men were cut to pieces and four [illegible] very seriously.

A FASHIONABLE CUT

Is what you get in our $7.50 and $10 00 Suits. These two lines have had an immense run this season and we have just added six more new patterns to our already large range at that price for the August trade. These Suits are made of
FINE IRISH AND CANADIAN TWEEDS, SERGES AND WORSTEDS,
and lined, trimmed and made like the finest custom work. So many young men who have been accustomed to pay from $15 to $20 for ordered suits are now buying our READY-TO-PUT-ON SUITS at $7.50 and $10. The Pattern of Goods for our Boys' Clothing are of especial beauty and represent the choicest of the world's looms. And we know from experience that boys between 14 and 19 years old are more particular and fastidious than the average man in the styles they wear. They have ideas of their own—youthful tastes, sprightly notions—and our clothing meets their requirments to a T. We show hundreds of different styles; every one a beauty. Single and Double-Breasted Suits; Plaids and Checks; Solid Colours and Mixtures; and the prices to suit all purses, lean or fat—$3.25, $3.95, $4.50, $5, $5.50, $6.50, $7, $7.50, $8.50, $9.50, $10. GEORGE STEVENS.

REBATE OF CANAL TOLLS.

IT WILL BE DECIDED UPON BY THE CABINET.

The Meeting to be Held at Sir John Abbott's Residence in Montreal—It is Generally Conceded that the Rebate Will be Abolished by the Government.

OTTAWA, Aug. 13.—The Evening Journal learned on excellent authority Friday that an order in council has been passed and forwarded to the Governor-General for signature abolishing the rebate on canal tolls.

This, as already fully explained, means that all vessels using the Welland Canal, whether destined for Montreal or American ports, will pay the old tolls of 20 cents a ton of cargo. The vessels destined for Montreal will no longer get a rebate of 15 cents.

The order in question is expected to be returned signed to-day and if the Government is disposed to abide by its decision it will be made public in Government press to-morrow.

The Journal's informant who is certainly in the confidence of the Government states that the trouble which arose in regard to the proposed change in Montreal may require some further consideration on the part of the Government.

It is said that one or two members of the administration feel that the abolition of canal tolls altogether would be the best way of settling the whole matter, but that would mean a loss of $300,000 revenue annually.

Meeting of the Dominion Cabinet.

MONTREAL, Que., Aug. 13.—For the first time in many years the Dominion Cabinet are to hold a meeting in Montreal this morning.

The meeting is held here for the convenience of the Premier and some of his colleagues and to settle questions in which Montreal is largely interested. It is said the questions to be considered are the canal tolls, harbor improvement and the changes suggested in the Customs Department.

Those expected to attend are Sir John Abbott, Sir John Thompson and Sir A. P. Caron; the Hon. Messrs. Chapleau, Ouimet, Tupper, Carling and Dewdney.

It is stated that the order in council abolishing the rebate on canal tolls has been passed, but awaits Lord Stanley's sanction.

A WIFE'S LETTERS BETRAYED HIM

Epistolatory Wooing Responsible for Edward Allan's Detention.

TORONTO, Aug. 13.—Detectives Cuddy and Black have for several days past noticed a man acting rather suspiciously around the Union Station and yesterday they concluded to arrest him. On searching him letters were found in his possession addressed to "Edward Allen." They were signed by his wife and in them he was told to address his letters to "Bernice Whalen, 122 St. Antoine-street, Detroit." In these letters his wife upbraided him for remaining in Canada, saying that he would be surely be caught. They further warned him that if he stayed in Toronto he would certainly be betrayed to the Montreal police, which would end very disastrously to him.

On being questioned about these letters Allen said that in 1885 he had got into difficulty with a woman named Stephens in Montreal. At that time he was living at 460 St. Urban-street, and left Montreal to avoid the unpleasant notoriety that would follow. This is a very unlikely story, for seven years have elapsed since that time, and he could not now be arrested for any such offence.

On his person were found several articles which led the detectives to believe that he was a sneak thief.

The prisoner speaks with an English accent. He is 5 feet 4 inches in height, and has light hair, smooth face and sandy complexion. He will be detained here until inquiries are made in Montreal.

NEWFOUNDLAND GRATEFUL.

She Gives Thanks for Succor, and Will Rebuild St. John's Fire-Swept Quarter.

ST. JOHN'S, Nfld., Aug. 13.—The special session of the Newfoundland Legislature called to consider questions arising out of the recent fire was opened Friday by Chief Justice Carter, acting governor.

His speech contained, besides references to the fire, expressions of thanks to the people of Great Britain, Canada and the United States for their generous contributions and of Newfoundland's heartfelt gratitude for the aid so promptly rendered.

Special mention was made in this connection of Halifax, which led the van in relief movements.

Measures for the rebuilding of the burned portion of the city, the relaying of streets therein and the erection of new public buildings were promised, and the necessity of a bill on the land question was strongly urged.

Four Men Killed and Twelve Injured.

HIGHBRIDGE, N.J., Aug. 13.—One of the buildings of the Edison Concentrating Works at Ogden collapsed, four men were killed and 12 others seriously injured.

Consolidation of European Peace.

ST. PETERSBURG, Aug. 12.—The Novosti welcomes Gladstone's advent to power as a happy augury of the consolidation of European peace.

Fell From His Bicycle Dead.

BAR HARBOR, Me., Aug. 13.—While riding a bicycle yesterday near Waymanlane Charles Werz reeled and fell to the road dead. Heart disease, superinduced by the heat and over-exertion, was the cause.

A Young Montrealer Murdered.

MONTREAL, Aug. 13.—Two young Canadians of Montreal, stonemasons by trade, left for Whitehall for the purpose of securing work. They were unaware of the fact that a strike in that line of business was then on there. As they were walking along the road towards a building where they intended to work they were suddenly met by a number of men, who assailed them at once. One of the young Montrealers ran for his life, but the other was shot through the head and his body thrown into a swamp.

Dragged to Death.

KINGSTON, Aug. 13.—James Perrigo, 12-year-old son of Andrew Perrigo, Round Lake, was taking one of the horses to water. The little fellow twisted the halter strap about his wrist, when suddenly the horse got frightened and sprang back, drawing the boy from his feet. The horse then dashed off, dragging the boy along the ground. After running about five acres the halter broke, and when the child was picked up it was found that he was dead, his skull having been fractured.

IMPERIAL PARLIAMENT.

MR. GLADSTONE WILL GO TO OSBORNE HOUSE.

Gladstone Maintains Absolute Silence on Proposed Appointments — Discussed the Disposition of the Cabinet with His Chief Advisers

LONDON, Aug. 13.—Mr. Gladstone will go to Osborne House on Monday with a complete list of the next cabinet to submit to the Queen, but in pursuance of constitutional usage he maintains absolute silence on proposed appointments.

The New Cabinet.

It has been impossible to conceal the arrangements made for Sir William Vernon Harcourt at the Exchequer, and for Mr. John Morley as Irish Secretary, but Mr. Gladstone's intentions regarding other Ministers are not known, even to some definitely appointed members of his Ministry. He has received queries of aspirants for office and has discussed the disposition of the Cabinet with his chief advisers without definitely communicating to anyone his final selections. Being a punctilious observer of official precedent, he will not formally offer a place to anyone until he has actually received the Queen's command to form a ministry. Surmises are rife regarding new Ministerial combinations.

Among the most striking reports finding credence in official legal quarters is one to the effect that Lord Herschell will become Governor-General of India; that Lord Chief Justice Coleridge will become Lord Chancellor, and that Sir Charles Russell will become Lord Chief Justice. Lord Herschell's appointment will cause a shudder of apprehension throughout the country in view of the critical position of Indian-Russian relations.

Until Tuesday, when Mr. Gladstone returns from Osborne House, the exact composition of the Cabinet will remain unknown.

The Queen will have an unusually exciting time during her conferences with Mr. Gladstone over the nominations. The names of the group re-entering the Cabinet she knows, but most of the new set she dreads knowing. It is known in the court circle that it is fear regarding the personnel of the Gladstone Ministry that mainly induced the Queen to consult the Duke of Devonshire during his visit to Osborne House just concluded as to whether it was possible for him to reunite with Mr. Gladstone and sweeten the Liberal ministry by taking office himself. Another source of the Queen's disquietude is the change in the Royal household appointments, inevitable on Mr. Gladstone's accession to power.

Changes in the Royal Household.

While the Liberal ranks included the old Whig families changes in the Royal household mattered little to the Queen. One duchess succeeded another as mistress of the robes and ladies of the bedchamber could easily be recruited from the Whig aristocracy. But now Mr. Gladstone has small choice and will find it exceedingly difficult to get personages agreeable to the Queen to fill the great court offices.

The House of Commons will resume business on Thursday next mainly to issue writs for the re-election of ministers. Most of the members of the House have already left town and intend not to return till the opening of the session in January. Neither Mr. Gladstone nor his leading colleagues will appear in the House on Thursday. The prorogation of Parliament is expected to take place on Aug. 22.

GLADSTONE'S MAJORITY.

Criticisms From the London Press—Their Task Hopeless.

LONDON, Aug. 13.—The Post says: A sight more earnest or impressive than yesterday's scene in Parliament has rarely been witnessed within the walls of St. Stephen's. Although defeated, the Unionists will re-assemble undiminished in numbers and unfailing in resolution. Gladstone will have to deal with the strongest and most united minority that ever assembled in Parliament.

Gladstonians' Task Hopeless.

The Times says: No Government that remained in office for six years has enjoyed the same measure of success as the Government just defeated. Blunders and disasters there are none to lay to the charge of the Unionist Ministry; so comes to an end a Ministry which has performed work the value of which has not been destroyed by the temporary triumphs of a system of pandering to the greed and passion of the masses, that outdoes the most extravagant flights of Aristophanic satire. It is impossible to assume that the vote of "No-Confidence" in Salisbury is equivalent to a declaration of confidence in Gladstone. When the Government meets Parliament in January it may turn out on the first trial of strength that Gladstone never had a real majority and never possessed the confidence of the House at all. The Gladstonians' task is as hopeless as that of surveying the circle. The course of separatism is upon them; they have the fear of the malady of disintegration against which the Unionists are secure.

Voted Against Balfour.

The Standard says: It is the hopelessness of keeping the Irish members in temper that must weigh upon Gladstone's spirits most. They voted last night against Balfour, but it may be the only occasion on which they will enter the same lobby with Balfour's successor.

The Chronicle says: The single effective point that Chamberlain made in his speech was that Gladstone will hold office for six months without defining his policy. Had an autumn session been conceded, as we advised, Mr. Chamberlain must have cut from his speech all of its most damaging passages. Until the new Ministry meets the House next session, no man dare say it is seated firmly enough to govern the country with authority and vigor. Until Gladstone brings his Home Rule measure forward it would be idle to ignore the fact that his majority is heterogeneous.

Final Adoption Inevitable.

The Pall Mall Gazette says: Gladstone's triumph is Parnell's also. Twenty years ago Parnell had not even entered Parliament; before he died he had converted nine out of ten Irishmen against revolutionary methods. The effect of the division is irrevocable. Difficulties and delays in Home Rule there may be, but its final adoption is now inevitable.

The St. James' Gazette, under the caption, "Leaping Into Darkness," says: The Government was ejected by a majority simply going it blind for the Grand Old Man and a half understood idea. If disaster results in increased taxation, malignant bickerings with France, a disgraceful retreat from Egypt, an open breach with Russia in Central Asia and renewed outrages and rioting in Ireland, the country has itself to thank.

SUFFOCATED BY SULPHUR GAS.

A Caledonia Man Smothered in a Natural Gas Well.

CALEDONIA, Ont., Aug. 13.—A fatal accident occurred here yesterday at the natural gas well being sunk by Carmody Bros. A few days ago a flow of sulphur water was struck, necessitating will the work. Yesterday morning one of the hands named Fitzgerald went down in the pit at the mouth of the well, which is about eight feet in depth, to enlarge the hole in the casing to allow the water to escape more quickly. He had been down but a very short time when the man at the top noticed something wrong with him. James Dennis, another one of the workmen, immediately went down to his assistance but had no sooner got down when he himself called to be pulled up. Another man with a noosed rope went down and slipped it over Fitzgerald's legs, but could do nothing more and had to be drawn up himself, so deadly was the sulphur gas. Fitzgerald had to be drawn up by a hook, no one being able to remain long enough below to do anything. He was quite dead when taken out, having been down only about seven or eight minutes. Dennis had still some life in him and after about three hours' working with him he regained consciousness.

BURIED BENEATH THE RUINS.

A Building in Course of Erection Collapses, Burying 20 Men.

OGDEN, N.J., Aug. 13.—A building which was being erected here fell yesterday, burying 20 men beneath the ruins. One dead man and four fatally injured have already been taken from the ruins and the work of digging out the remainder is still going on. The accident occurred by the sudden giving way of a derrick causing the entire structure of massive wooden beams and timbers to collapse. But few of the workmen employed on the building escaped.

There was great excitement and a big crowd of men employed in other factories stopped work and the search for the bodies under the wreck of the collapsed building was immediately begun. The first victim taken out was an Italian workman. He was dead, his body being terribly mangled.

Soon after three others were discovered and were removed in a dying condition.

Up to a late hour to-night 12 men had been taken from the ruins, all seriously and four fatally wounded. There are hundreds of men at the ruins and the work of rescue is being pushed forward.

TRADE GOSSIP.

Only a Fair Volume of General Trade Which is Seasonable.

NEW YORK, Aug. 13.—Special telegrams to Bradstreet's show only a fair volume of general trade during August, which is seasonable.

Special telegrams from leading Canadian cities indicate a moderate volume of general trade, less relatively in Ontario than last week, but with no perceptible change in Quebec.

The proposed abolition of the rebate on grain en route through Canadian canals unsettles freights. The outlook is for a fair autumn trade.

Bank clearings at Halifax, Montreal, Toronto and Hamilton aggregate $20,726,000 this week, a gain of 8 per cent., omitting the total for the city last named owing to lack of comparative totals. The total for the week is $20,042,000, an increase of nearly 9 per cent. over last week's aggregate, but a gain of 28 per cent. compared with the like week in 1891.

There have been 23 business failures in Canada this week, against 16 last week and 27 in the like week a year ago.

THE FISH CAUGHT THE BOY.

How a Big Bass Yanked the Lad Off a High Bridge.

POTTSTOWN, Pa., Aug. 13.—The danger of small boys fishing for big game was illustrated yesterday by John Keim, a lad of 13 years. He stood on the Schuylkill River Bridge, and in attempting to land a five-pound bass he was pulled over the railing and into the water, 35 feet below. Friends pulled him out and found his leg broken, but he got the fish.

RATTLESNAKE'S FATAL BITE.

A Boy Bitten Twice Dies in Five Hours.

LEWISTON, Pa., Aug. 13.—Edgar Smith, a lad who lived at Yeagertown, this county, and ten other boys went on the mountain to gather huckleberries. A large rattlesnake bit young Smith twice. His companions ran home to bring aid and when found again the unfortunate boy was unconscious. He died five hours after being bitten.

CREMATED THE MORTGAGE.

The Ceremony Jubilantly Performed in a Methodist Church.

LANCASTER, Pa., Aug. 13.—A large congregation in St. Paul's Methodist Church last night watched with curious interest the cremation of a $1000 mortgage. The mortgage had been canceled by money raised by the pastor, and the detested paper was publicly burned before the altar.

FAIR COINS COME HIGH.

A Bid of $4,000,000 Already Made for the $2,500,000 in Souvenirs.

CHICAGO, Ill., Aug. 13.—The treasurer of the World's Fair yesterday received a bid of $4,000,000 for the $2,500,000 in souvenir half dollars voted by Congress. The bidder is Leo A. Alton of this city. Bids of $150 for the first of the souvenir coins minted have also been made.

Floods Doing Great Damage in Spain.

MADRID, Aug. 13.—Heavy storms are sweeping over Spain and are doing an immense amount of damage. The rain is falling in torrents, and is destroying the grape and olive crops. Much damage has been done by the rivers overflowing their banks, and in some places the low lands adjacent to the rivers resemble huge lakes. In Huesca the Isuela River is out of its banks. The flood has already carried away thirty houses, and it is feared further damage will be done.

SATURDAY, AUGUST, 13, 1892.

Probably Infanticide.

Last Saturday forenoon Mack McCallum and Robert Menzies, jr., who were engaged in cribbing logs in Mowry's bay, near the mouth of Fenelon river, found the naked body of a new-born female child floating in the water. It was taken to the lock-up and buried towards night in the cemetery, Mr. Naylor, the coroner, having decided that the inquest was unnecessary. Dr. Graham, who saw the body, found it very much decomposed, and expressed the opinion that it had been in the water nearly or quite a fortnight. As a post-mortem examination was not held, he was unable to say whether it had breathed or not, but, as it was a large and fully developed infant, he thought it probable that it had been born alive. If so, it had either been drowned or allowed to die of neglect, as the umbilical cord had not been tied. Dr. Graham has no doubt that it came over the slide, and one of our villagers says that on Friday evening he saw in Cameron lake an object which he then thought and now feels sure was a baby's body, but did not go very close to it, as his niece was with him.—[Fenelon Falls *Gazette*

Dangerous Food for Babies.

A Health-Giving Diet.

Many mothers who mean well, often err regarding baby's diet and feeding. We have heard of mothers feeding a baby with grains prepared as porridge, with milk. This food is entirely unsuitable for infants, as it does not offer the proper proportions of albumen, sugar and fat; and it is well known by physicians that such food is actually irritating to the digestive canal. For the same reason, condensed milk is dangerous food for the little child.

Lactated Food is the only food that medical science can commend to mothers. While it is strengthening and fattening, it is suited to the weakest stomach. It allays all irritation and inflammation that may have arisen from feeding with other foods, and tends to make baby bright, hearty and happy. Are you using Lactated Food, dear mother? If not, try it at once, and your baby will soon show a marked change for the better.

Lindsay Accidents.

Mr. Robert Carew employed in Carew's saw mill, met with a very serious accident on Friday morning last. While scraping the sawdust from about a circular saw with a piece of stick, it came against the saw, and it was hurled back with such a force as to almost pass through his leg at the thigh. Medical aid was at once summoned, and the injured man was conveyed home, where he is improving as rapidly as could be expected.

Friday morning last Mr. Mark Watters met with a bad mishap at Rathbun's mill, near the lower wharf. He was riding on the tram car and in the act of jumping off the bottom of his trousers caught in a hook attached to the car, throwing him heavily to the ground, in which position he was dragged some distance over the ties. When liberated it was found that his collar bone was broken, in addition to other severe injuries. He is now mending rapidly.—*Post*.

Inter-County Bridges.

The Inter-County Bridge Committee met on Tuesday, at the Rockland, and went fully into the details of the Forest House Bridge. A contract has been given to W. H. Low, of Peterborough for an Iron Superstructure, which, it is agreed, is to include a sidewalk, the counties to pay $100, and the village the balance. Mr. Belcher and Mr. Duffus, engineers, expressed their views regarding the engineering points, and Mr. Belcher explained how he recently replaced a wooden bridge with an iron one, without causing the least delay in traffic, and without any temporary bridge. It was done by jacking up the old one, and placing the new one underneath. Mr. Belcher's plan may be adopted in the present instance, saving considerable outlay, and inconvenience. The committee also agreed to repair Pigeon Creek bridge in accordance with the report of Mr. Belcher. —*Independent.*

Use my Letter but Withhold my Name.

A gentleman, occupying a high position in the Government at Ottawa, briefly relates his experience with Paine's Celery Compound. At his special request we refrain from publishing his name, but his opinion will carry much weight, and will help to give encouragement and hope to all who are suffering.

He says:—"The dark and cares of office work and lack of muscular and out door exercise made my life wretched and miserable. I became dyspeptic and sleepless, weak and emaciated; and my physician barely kept me alive. I was losing ground fast, when a dear friend recommended your valuable Paine's Celery Compound. I began to use it with many doubts; these, however, were entirely dispelled after the first bottle was used. Up to the present time I have taken six bottles of the compound, and find myself completely restored. I have increased in flesh and muscle; I eat and sleep well, and can get through my work with ease. I cannot praise Paine's Celery Compound sufficiently; it requires an abler pen than mine to do it justice; I certainly think it marvellous in its effects, and will ever strongly recommend it. You may use my letter in your work, but kindly withhold my name."

Scugog as a Fishing Ground.

It is claimed by those who pretend to know that there is no better bass fishing in the province that can be had in lake Scugog this year. Some of the black bass that have been caught here this year are said to be the largest ever seen. The fishing is good in any part of the lake and it is no trick to slip out for an hour and catch eight or ten bass. The sooner the Ontario fishing regulations come into effect or are enforced the better it will be for the community at large, as there will be no wholesale catching done by outsiders and especially by Americans sports who catch and ship all they can get hold of.—Port Perry *Standard*.

DISEASE SPREAD BY BEDBUGS.

A Medical Journal's Theory as to the Development of Tuberculosis.

The recent publication of a map of New Haven, Conn., showing the number of deaths from tuberculosis in the past fourteen years to be almost 3,000 and indicating that there are what may be called tuberculosis districts in the city, making the general subject of tuberculosis and its propagation a matter of present interest. The theory of Dr. De Forest, who prepared the map, is, according to the Register, that there are certain houses in the tenement house districts that are favorable to the spread of this disease. Deaths from it have occurred there and are likely to occur again. Infected houses are a means of spreading the disease. But has the doctor any knowledge as to whether any of these houses which he has marked with numerous pin points as the homes of tuberculosis are infected with bedbugs? The question is not so irrelevant as it may appear. The Medical News in a recent number, copied from a German medical journal the report of the case of a boy 18 years old who had developed pulmonary tuberculosis after having slept with a brother who had died of the disease. The third brother, with whom the second brother had slept, had likewise died of tuberculosis. The patient presented numerous bedbug bites, and it was learned that the bed in which he slept contained a large number of the parasites. Thirty of these were taken and used in the inoculation of three guinea pigs, all of which died of tuberculosis. Cultures of tubercle bacilli were also obtained from the diluted and filtered pulp of fifty of these bugs. Cultures were also obtained from bugs taken from healthy surroundings and brought into contact with tuberculous sputum. The bugs become infected directly from human beings, or indirectly through the medium of the excoriation, or by transmission from one animal to another. The transmission of tuberculosis from the bugs to the human beings remains an open question, but the probabilities point very strongly toward the possibility of infection in this manner.

Cures Others

Will cure You, is a true statement of the action of AYER'S Sarsaparilla, when taken for diseases originating in impure blood; but, while this assertion is true of AYER'S Sarsaparilla, as thousands can attest, it cannot be truthfully applied to other preparations, which unprincipled dealers will recommend, and try to impose upon you, as "just as good as Ayer's." Take Ayer's Sarsaparilla and Ayer's only, if you need a blood-purifier and would be benefited permanently. This medicine, for nearly fifty years, has enjoyed a reputation, and made a record for cures, that has never been equalled by other preparations. AYER'S Sarsaparilla eradicates the taint of hereditary scrofula and other blood diseases from the system, and it has, deservedly, the confidence of the people.

AYER'S
Sarsaparilla

"I cannot forbear to express my joy at the relief I have obtained from the use of AYER'S Sarsaparilla. I was afflicted with kidney troubles for about six months, suffering greatly with pains in the small of my back. In addition to this, my body was covered with pimply eruptions. The remedies prescribed failed to help me. I then began to take AYER'S Sarsaparilla, and, in a short time, the pains ceased and the pimples disappeared. I advise every young man or woman, in case of sickness resulting from impure blood, no matter how long standing the case may be, to take AYER'S Sarsaparilla."—H. L. Niagara Falls Means $2 25.

$2 25 is the return fare from town to Niagara Falls by Foresters' excursion Civic Holiday. 3 days trip—C. P. R. and boats. Splendid chance to see this great wonder. See folders and bills. 2d36

To Dispel Colds.

Headaches and fevers, to cleanse the system effectually, yet gently, when costive or bilious, or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating of weakening them, use Syrup of Figs.

The Peach Crop.

Information comes in from reliable sources that the peach crop this year will be a scanty one, as in Lincoln County, the great peach producing district, the crop is far below the average, and lovers of this particular fruit should not lose the opportunity of securing their supply, even though the price may seem high, when Crawford's come in, as a lost opportunity can never be regained.

How to Spend Your Holiday.

You have only a few days left in which you can decide where you are to go on civic holiday. You cannot do better than take in the Sons of England excursion to Sturgeon Point. It is the most delightful trip of the day. You take the 8 20 train to Lindsay wharf, thence to Sturgeon Point by steamer Crandella. The sail from Lindsay to the Point is most delightful. You will have five hours on the grounds; returning you will have two hours at Lindsay. A first-class orchestra will supply music for dancing. See programme for further particulars. Tickets sold at the stores of Fred Mitchell, George Matthews, and Stroud's tea store. Tickets 80c., children under 12 years 40c.

They're all Going to Lakefield.

And how they are all going to the Lakefield picnic on the Civic Holiday. In the first place the attractions are so numerous, the baseball match, the foot ball match, the tug of war, the pleasant ride on the railway, the agreeable outing on the steamer Mary Ellen, the magnificent scenery of river and lake, the return to town without any sense of fatigue. No wonder, then that they are all going to Lakefield on Peterborough's Civic Holiday, because in the second place they all find an additional and irresistible reason in the fact that the object of the picnic commends itself most heartily to all—help pay for the neat little church which a very small congregation recently purchased for purposes of Divine worship.

A Dangerous Corporation Bridge.

There is a very dangerous bridge on the communication road between Mrs. Dickson's and Mr. Parnell's residence, just over the Smithtown hill which should receive attention immediately from the proper authorities. This morning as Mr. Alphonse Fobert son of Mr. L. G. Fobert, proprietor of the Chemong Park Hotel, was driving Mr. Willis, of the Traders Bank, Port Hope, to town to catch the train to return home, the horse becoming frightened at the structure before he could be controlled by the driver, dashed off the high ground near the bridge into the creek. The occupants were thrown and severely injured. Mr. Willis sustained painful internal injuries and Mr. Fobert received several cuts and bruises around the head. The vehicle was also smashed. Many complaints have been made of this bridge and many accidents have resulted from it. This is the third time Mr. Fobert has had a runaway at this point. Several other horses have also taken alarm at the dangerous structure and run away. The edge of the bridge are some five or six feet high from the ground and have no guard rail on either side besides the ditch at both approaches is very deep. The matter should be attended to at once before such serious damage occurs that the corporation will have to pay a snug sum for damages.

Bankrupt Stock still in the ring. Everything goes at T. Dolan & Co.'s store at your own price.

TO THE BUYING PUBLIC.

People of Peterborough, buy no goods after six o'clock to encourage the early closing movement and give the boys a chance to get a mouthful of fresh air; as I am aware you never give them anything but lots of lip. If this is not carried out clubs will have to be used.

Respectfully yours,

J. DOLAN.

Court Stanley No. 7680, A.O.F.

The regular meeting of Court Stanley No. 7680 Ancient Order of Foresters, will be held Monday evening in the rooms of Peterborough Lodge I O O.F., at 8 o'clock.

A. WILSON, C. R. A. E. OLIVER, Sec.

Don't Delay.

The time is growing short. If you are wise, take advantage of the few remaining weeks left to procure the cheapest bedroom sets, sideboards, bureaus, tables, chairs and general furniture, at the clearing sale now going on at H. NEWTON'S housefurnishing store, 432 George street.

Fishing at Chemong.

Some great catches are reported at Chemong. Yesterday Mr. Pope, caretaker of the grounds, hooked four good sized maskinonge. Mr. John Moloney, the genial county court clerk, captured a 17-pound "masky," of which he is justly proud, and Mr. Ernest Pierce caught a black bass 4½lbs. and a medium sized maskinonge. This is a splendid showing for one day's fishing.

Buffalo Means $2 50.

$2 50 is the return fare from town to Buffalo and back, with 3 days to do the trip. You may go by the evening train on 17th, stop in Toronto and see the evening's sights, and reach Buffalo by either of the morning or afternoon trips of the boats and trains. Return by night train Saturday. Big races and sports at Buffalo. Take this trip in. Foresters' excursion route by C. P. R. and steamers. See bills and folders. Aug. 18th, Civic Holiday. 2136

The Sand Banks.

By going to Picton with the Oddfellows' excursion on the Civic Holiday the famous Lake of the Mountain will be seen, and by proceeding on to Picton one can drive across to the Sand Banks. These Sand Banks are one of the wonders of the world. The sand, light, clean and powdery, has been blown out of Lake Ontario and is piled up in mountains that cover many acres. It is continually drifting, like snow, and ground that was bare a few years ago is now covered with huge hills of sand. Take the train at the G.T.R. at 7 o'clock, enjoy the beautiful sail down the Bay of Quinte to Glenora or to Picton, or both, and, if you wish, visit the Sand Banks. Tickets to Picton and return $1 50; children half price. 1d

Gun Club Pop.

The fluctuating Gun Club held a great shoot yesterday afternoon on Riverside Park. The wind was fine and some good scores were made, especially by S. Ray, F. Cameron and E. B Loucks. The two new regulation traps arrived yesterday and the shoot was made in true gun club style with three traps in use. This method facilitates fast shooting and gives great satisfaction.

How About Civic Holiday?

Hurrah for the grand excursion Hastings, healthful, beneficial and suitable for all.

Abounding in merriment for everyone attending, acceptable because of the variety of amusement.

Sterling in every manner and make no mistake, stimulative with attractions for all their patrons.

Tiptop arrangements on the most elaborate plans, tantamount to the entire combination of excursions.

Interspersed with superior enjoyment for all, itemize the sport list and you cannot resist.

None to offer you the same comfort and enjoyment, now don't miss this monster C. M. B. A., E. B. A. and C. O. F. excursion.

Gigantic and complete in every detail, gorgeous grove secured that has no equal.

Surpassing them all in amusement, popularity and fresh air outing. Catch the train at 8.30 a.m., on Civic Holiday and be with the rest. The fare is only a trifle. 3i

An All Day Round of Pleasure.

The round trip of the lakes! What memories of aquatic delight are recalled by those who have made the trip, and what new pleasure is in store for those who will join the grand union excursion of Courts Peterborough and Langton, Canadian Order of Foresters, on Thursday, August 25th! What is the round trip of the lakes? As on the excursion you leave the Grand Trunk station at 7 a.m., in half an hour you embark on board the "Sunbeam" and palace barge "Paragon." Then you glide over the bright waters of Chemong Lake, pass through the picturesque Gannon's Narrows, enter Buckhorn Lake, an hour and a half being made at Hall's Bridge for dinner, or if you prefer to wait a little, on through Lovesick Lake and Rapids to Burleigh, where another chance will be given for dinner. Then on through Stony Lake and home by rail from Lakefield. Butcher's orchestra all the way. Refreshments on board boats. Tea, sugar and hot water free. Round trip tickets, 80 cents; children half price.

Remembered by His Fellow Officers.

An unexpectedly happy event took place at the residence of Lieut. A. and Mrs. Stevenson, on Aylmer street, last evening, when Lieut.-Col. Rogers and the officers of the 57th Battalion, Peterborough Rangers, visited the handsome residence in a body. A suitable address was read expressing the cordial feelings which existed between Lieut. Stevenson and the other officers of the battalion, and congratulating him on the event of his recent marriage. Mr. and Mrs. Stevenson were presented with a handsome and ornate marble clock purchased from Mr. W. A. Sanderson. On a beautiful silver plate hanging from the elegant time piece were inscribed the words: "Presented to Lieut. A. and Mrs. Stevenson, on the occasion of their wedding, by the officers of the 57th Battalion, Peterborough Rangers." Lieut. Stevenson, who is one of the most popular officers of the 57th, made a feeling reply on behalf of himself and Mrs. Stevenson, thanking the officers for their kindness, and hoping that the same friendship which had always lingered among them might ever continue. Afterwards refreshments were served and a joyous time spent until a late hour.

Ask Your Friends

Who have taken Hood's Sarsaparilla what they think of it, and the replies will be positive in its favour. One has been cured of indigestion and dyspepsia, another finds indispensible for sick headache, others report remarkable cures of scrofula, salt rheum and other blood diseases, still others will tell you that it overcomes "that tired feeling," and so on. Truly, the best advertising which Hood's Sarsaparilla receives is the hearty endorsement of the army of friends it has won by its positive medicinal merit.

Chemong Park Summer Resort

The By-law Badly Defeated

A Majority of Nearly Two to One Against the Sewerage Scheme.

The following is the result of yesterday's vote on the sewerage by-law to raise a sum of forty thousand dollars to build "main sewers" for the the town of Peterborough There was very little apparent interest taken in the matter, but the opponents of the by-law, as was expected, polled a pretty full vote without persuasion, every ward giving a majority against the by-law :—

	For the Bylaw	Against Bylaw.	Majority
Ward No. 1.....	52	123	70
Ward " 2.....	35	38	3
Ward " 3.....	36	78	42
Ward " 4.....	24	53	29
	146	291	145

Total majority against the by-law 145.

The vote polled compared to the number entitled to vote, was small. The total number of ballots marked was 437, out of 1,300 qualified voters on the list. It is to be fairly assumed that the decisive majority recorded yesterday was not given against the principle of a system of sewerage for the town, but there was a great deal of doubt in the minds of the people as to lack of definiteness and completeness of the scheme presented. There was, too, a feeling that it was not wise to sanction $40 000 to complete a work which was popularly regarded to cost only $25 000 at the most. This created a great deal of confusion in the minds of the voters. The public were not made sufficiently conversant with the details of the scheme, which, no general description could make intelligible. If more personal explanation had been given on the part of the promoters of the scheme, the ratepayers would have been better acquainted with it and the result of the vote might have been different, for no elector will readily vote so large a sum as $40 000 without being pretty well convinced that it will be sufficient to do the designated work and that it will be judiciously expended for that purpose alone. The largely prevalent feeling of doubt and uncertainty in these regards as fully expressed on the streets found practical expression at the polls. Those actually in favour of the by-law took very little interest, from the fact that, in the existing state of public feeling, the by law was doomed. There was considerable expression of opinion in favour of a complete system of sewerage, heard on the streets yesterday. The question of sewerage is not by any means settled by yesterday's vote. The necessity of sewers for the town, and the responsibility of the authorities in relation to this necessity, still remain.

Grand Aggregation of Attractions.

Civic Holiday, Aug. 15th.

A Trip Unequalled—Through the beautiful chain of lakes from Chemong to Lakefield,

"Where lonely rivers creep by unknown ways,
And tangled forests rear their shadowed maze:
Where giant rocks in frowning ruins strewed
Obstruct the way and guard the solitude."

No Crowding, as a special train—carrying no other excursion—has been secured, leaving G.T.R. station at 7 a.m. and likewise the sale of tickets is limited.

No Tardiness on the way, As the steamer "Golden City"—the fastest boat on the lakes—carries excursionists on this delightful voyage.

No Monotony, as the route presents a great variety of scenery; after passing through Chemong and Buckhorn lakes, two hours will be allowed at Buckhorn Rapids for fishing and viewing the scenery of this wildly rugged but beautiful spot. After a further sail through Buckhorn river, Deer Bay, Lovesick locks and Lovesick Lake, Burleigh Falls will be reached where 1 hour will be spent, after which a sail of 3 hours through the beauties of Stony Lake. Spending one hour at Juniper Island, brings us to Clear Lake, passing through Young's Point locks into Katchawanooka Lake, thence to Lakefield. A continuous round of pleasure.

No Inconvenience, as hot water can be had on board for making tea. A lunch and refreshment counter will also be conducted and at Buckhorn and Burleigh Falls excellent hotel accommodation can be had.

Round fare 85c, children 40c. Tickets for sale at the stores of Fairweather & Co., Metropolitan Grocery, P. Connal's, and at office of Canada Loan and Saving's Co. td

Relief of Derry's Walls.

The 203rd Anniversary of the Event Fittingly Celebrated at Lindsay—The Peterborough Lodges Take Part.

The 203rd anniversary of the Relief of Derry's Walls was fittingly celebrated at Lindsay yesterday. The town was crowded with hundreds of visitors, while lodges of True Blues, Orangemen and Prentice Boy's arrived by each morning train and boat, who, with flying banners and beat of drums marched about the town. The weather was fine—all that could be desired. The Queen's Own Lodge, No. 48, True Blues, and Jubilee Lodge, No. 7, Prentice Boys, from Peterborough, were the first to arrive. They were met at the station by Hackett's lodge of True Blues, Lindsay, and a large crowd. A procession was formed and a march made to the market square. All the visiting lodges were met at the trains or boats and marched to the market square, where they were dismissed and allowed to spend the forenoon in seeing the sights of the town.

THE LODGES IN THE PROCESSION.

At 1 30 o'clock a monster procession was formed and the hundreds of visiting brethren paraded the principal streets of town in the following order :

SPEECHES IN THE RINK.

After the procession had marched to the skating rink, speeches were delivered. On motion of Sam Hughes, M.P., Bro. Davies, G.M., R.B.K. of I., was called to the chair. The chairman then introduced the Rev. Mr. McCam, English church ; Sam Hughes, M.P., County Master ; Rev. Mr. Hill, Methodist ; Chas. Fairbairn, M.P., Post County Master ; J. H. Delamere, D.G.M., who all delivered earnest addresses in commemoration of the day.

Mr. N. Clarke Wallace, M.P., Grand Master of Ontario gave an account of the founding of the Order and the influence it had on men in authority. He was glad to see Separate schools done away with in the Northwest. The speaker thought it would be unwise for the Parliament of Canada to interfere in the act of the Manitoba Legislature. He referred to the murder of Brother Hackett a staunch and prominent member of the Order in Montreal, and to the Orange procession in Montreal last June. They did not need military protection as they were well able to take care of themselves. Orangemen were the first to take up arms against the Fenians. Referring to the Gates of Derry no bribery of the present day was equal to that of Derry's traitors. There was a Derry within Canada that needed watching.

Rev. Chas. Perry, of Newtonville, Grand Organizer, had travelled 3,000 under the Order of the Orange Association. The Order was prospering all over Canada and Newfoundland. The Orangemen were looked up to as the defenders of the faith by the lukewarm Protestants when anything went wrong either in Parliament or out of it, or when the British colours were insulted. Their cry at such times was always : "What are the Orangemen doing ?"

Messrs. Sam Hughes, M.P., J. H. Delamere, of Minden, Revs. C. H. Marsh, Rev. Mr. McCam and others addressed the meeting, which was an enthusiastic one.

NOTES OF THE DAY.

Hackett's True Blues Lodge, Lindsay called after the late Bro. Hackett, who was murdered in Montreal, with his fine new banner bearing a large portrait of Bro. Hackett, was over 100 strong and was admired by all.

"Derry Walls" and "The spot where Hackett fell," were the favorite tunes.

About 2000 men were in the line of the procession.

Two fine arches spanned the main street, one of which represented the Gates of Derry, at the top of which was a grand portrait of Her Majesty Queen Victoria.

The Peterborough lodges were well treated and returned home at 9 o'clock last night, delighted with the visit, the day and the celebration.

The Celebration at Norwood.

There was a great celebration here to-day, the anniversary of the Relief of Derry. The town gave itself up to a holiday, these mottoes being prominent, "No Surrender," "Welcome," "Derry Walls," Some 200 True Blues came from Toronto, with the home forces and other visitors, making a total force of 700. The visitors arrived at one o'clock, amid much enthusiasm. About twenty-five Orangemen and others left Peterborough at noon going down with the Toronto lodges on the noon train to take part in the celebration. They were taken in hand by the ladies of the C.O.E. Women's Auxiliary and of the Salvation Army, who vied with one another in entertaining them. After partaking of a sumptuous repast they were escorted by the local lodges to the market square, and the following order of march to the grounds was formed :—Bro. McKevie, D.D.G.M., marshall of the day ; Bro. R. Newman, Grand Organizer ; Bro. H. Spencer, New York, Grand Lecturer ; Prince Arthur band, Toronto ; Victoria Coronation and Lady Eldon and Queen City No. 4, lady lodges, and Maiden City, Toronto ; No. 7, Toronto ; Jubilee Lodge Toronto, No. 44 The Toronto contingent was marshalled by Bro. G. Worrell, D.D.G.M., West York. The prominent Orangemen were : Rev. Brown, Havelock ; Rev. S. A. Dupras, Belleville ; Rev. Buchanan and Rev. Stevenson, Norwood ; Bro. R. Weir, D.G.M., Black Knights of British North America, Peterborough ; Bro. C. W. Sawers, C.M., L.O.L. Peterborough. Campbellford L.O.L., No. 36; band and banner; No. 34, with banner ; Royal Black Preceptory, Norwood ; Havelock L. O. L. 326, two marshals, band and banner; Belmont L.O.L., 277, two marshals, fife and drum band; Dummer L.O.L. No. 522; banner and band; Norwood L.O.L. No. 34; banner and band ; Warsaw True Blues; Havelock True Blues; Norwood brass bands; Britannia True Blues, Norwood, band and banner.

Arriving on the grounds, Bro. A Allison, of Norwood, was called to the chair. By this time there were fully 2 000 people present. Addresses, enthusiastically received, were made by Revs. Buchanan, Stevens, and Brown. Grand Organizer Newman, in a forcible speech, referring to the Manitoba case, said he had been a volunteer in defence of the Dominion during the North-West rebellion, but he would war against the Dominion if the rights of that province were disregarded. The sentiment was loudly applauded. After addresses from C. W. Sawers, County Master, R. Weir, D G M. Black Knights, Bros. C. Worrell, Rev. Mr. Dupras, Rev. Mr. Brown, and a vote of thanks passed to the people of Norwood on behalf of the visitors, the meeting closed with the National Anthem.

"Surprising Big Yield of Wheat."

Mr. Andrew Young of the gravel road, 12th concession, last week threshed a field of twelve acres of "Surprise" wheat, which yielded 420 bushels, or 35 bushels to the acre. The fall wheat throughout the township is exceedent and the spring wheat on high land is also good.

Is the manufacture of tobacco from the leaf sugar or molasses and gum of some kind are used. In the manufacture of the "Myrtle Navy" brand the sugar used is the finest white sugar, known in the trade as granulated. This is a sugar in which there is seldom any adulteration, but to guard against the possibility of it, all sugar used in the factory is submitted to careful tests of its purity. The gum used is the pure gum arabic.

WATCH REPAIRING!

This season, so far, has been a very busy one in our Watch Repairing Department. People are surprised at the excellence of our workmanship, having been under the impression that work, of such a high grade, was not possible outside of the large cities. This department is under the charge of a strictly first-class specialist, who thoroughly understands his business in all its details. Our charges are remarkably low considering the quality of the work.

STOCKS FOR SALE.

OFFERS will be received (in writing) by either of the undersigned up to Monday, the 22nd day of August inst. for the purchase of the whole or any part of the following valuable Stocks, viz :—

32 Shares of $100 each of the Capital Stock of the Peterborough Lock Co (Ltd) 16 of these shares are fully paid up and 16 of them have 20 per cent. paid up thereon.

40 Shares of $100 each of the Capital Stock of the Brooke Manufacturing Co. (Ltd), all fully paid up.

These Stocks are well worthy the attention of investors. The Lock Co. has just paid a cash dividend for the past six months at the rate of eight per cent. per annum, and besides paying cash dividends varying from six to eight per cent. per annum for the last 3½ years, has distributed to its shareholders in the form of paid-up stock since its organization in 1885 twelve and a half on every seven and a half dollars paid in cash. The Brooke Co. has not as yet paid a cash dividend, but it is believed that this will also prove a valuable stock. Both of these stocks are only placed on the market because it is necessary to the winding up of the estate to do so. The highest or any tender not necessarily accepted.

A CHATHAM MIRACLE.

Dr. Carl Verrinder's Vicissitudes of Torture and of Health.

He Survives Them all and Recounts His Wonderful Deliverance From Poverty and Death, and His Restoration to Prosperity and Vigor of Mind and Body—Good Words for the A.O.U.W.

Chatham *Planet.*

In a Raleigh street residence there lives with wife and one child—a little ten year old daughter—a musician known throughout Ontario, if not the whole Dominion, as a prince among pianist, organists and choir masters—a veritable *maestro* and "Wizard of the Ivory Keys," and no one who has ever listened to his manipulation of the great organ in the Park Street Methodist church, or heard him evoke "magic music's mystic melody" from the magnificent Decker Grand in his own drawing room but will declare that his eminence is well deserved, and his peers can be but few among the professors of Divine art. The door plate bears the following inscription:—

CONSERVATORY OF MUSIC.

DR CARL LEO VERRINDER,

Director.

To sit, as did a *Planet* reporter a few days ago, in a very atmosphere of sweet harmony, created by Dr. Verrinder's magician-like touch was an experience that might well be envied, and one calculated to inspire the most sentimental reverse. But sentimental moods finally varnish and leave one facing the sober and practical side of life. The music ceased and the conversation took a turn leading to the real object of the reporter's call.

"There are stories abroad," said the newspaper man, "regarding some extraordinary deliverance from death, which you have met with recently, doctor. Would you object to stating what foundation there is for them, and, if any, furnish me with the true facts for publication." Dr. Verrinder shrugged his shoulders and laughed. "I have not," he replied, "been given to seeking newspaper notoriety, and at fifty five years of age it is not likely I shall begin, and yet" said the professor after thinking a moment and consulting Mrs. Verrinder, "Perhaps it is best that I should give you the circumstances for use in The Planet. The story of my rescue from the grave might fittingly be prefaced by a little of my early history. We resided in England, where though I was a professor of music, I was not dependent on my art, as I had acquired a competence. My wife was an heiress, having £50 000 in her own right. Through the rascality of a broker she was robbed almost of all her fortune, while by the Bank of Glasgow failure, my money vanished forever. It became necessary for me then to return to my profession in order to live. I do not speak of it boastingly, but I stood well among the musicians of that day in the old land. My fees were a guinea a lesson, and it was no uncommon thing for me to give twenty a day. We came to America, landing in Quebec, where I anticipated getting engagement as organist in the cathedral but was disappointed. Subsequently we moved to St. Catharines, in which city I procured an organ and choir and soon had a large *clientale* Later, in order as I thought to better my fortune, I took up my residence in London, first filling an engagement with a Methodist church and afterwards accepting the position of organist in St. Peter's Cathedral. In those days I made many warm friends, and their tributes and gifts I shall ever retain as among the most precious of my possessions. It was while living in London and pursuing my art with much earnestness and labor that I received a stroke of paralysis. Perhaps,"—here the speaker rose and stretching himself to his full height, thus displaying his well built and well nourished frame—"I do not look like a paralytic. But the truth is I have had three strokes—yes, sir, first, second and third, and they say the third is fatal ninety-nine times out of one hundred. Yet here you see before you a three-stroke victim, and a man who feels, both in body and mind, as vigorous as he ever did in his life. My ultimate cure I attribute to my testing the virtues of a medicine whose praise I shall never cease sounding as long as I live, and which I shall recommend to suffering humanity as I am now constantly doing, while I know of a case and can reach the ear of the patient. After removing to Chatham I had not long been here when my health further began to give way. Gradually I noted the change. I felt at first and most strongly in a stomach affection which produced constant and distressing nausea. It grew worse and worse, I myself attributed it to bad water poisoning my system. One doctor said it was catarrh of the stomach. Another pronounced it diabetes, still another a different diagnosis. I kept on doctoring, but getting no relief. I tried one medicine after another, but it was no use. Grippe attacked me and added to my pain, discomfort and weakness. At last I took to my bed and it seemed that I was never going to get well. Nothing of a nourishing nature would remain on my stomach. No drugs seemed to have a counteracting influence on the disease which was dragging me down to death. My wife would sit at my bedside and moisten my lips with diluted spirits which was all that could be done to relieve me. Besides three local doctors who gave me up, I had doctors from London and Kingston whose skill I believed in and to whom I paid heavy fees, but without receiving any help or encouragement. It is true that a stomach pump operation afforded temporary relief, but yet I felt that my peculiar case needed some special and particular compound or remedial agent which I knew not of. But at last, thank God, I discovered it. I had been for eighteen months a miserable wreck, unable to work, unable to eat or sleep properly. My means were becoming exhausted. My poor wife was worn out in body and spirit. Suddenly the deliverer came! Pink Pills! Yes, sir! Pink Pills—God bless their inventor or discoverer!—have restored me from the jaws of death and miraculously made me what you see me to-day, hearty, happy, with a splendid appetite, a clear brain, a capacity for work and an ability to sleep sound and refreshing sleep—a boon that only a man who has experienced the terrors of insomnia can rightly appreciate. Bear in mind, my friend, I am no wild enthusiast over the supposed merits of this medicine. I have tested the virtues of Pink Pills and am ready to take oath to their efficacy. No one could shake my faith in them; because what a man has thoroughly proved in his own experience, and what he has had confirmed in the experience of others—I have prescribed the pills to other sick persons and know what extraordinary good they have effected in their cases, he ought to be convinced is so. I shall tell you how I came to try them. A fellow member of the A. O. U. W., the brethren of which order had been more than kind to me during my illness, recommended Pink Pills. I knew nothing about what they were or what they could accomplish. In fact, I am rather a sceptic on what are termed "proprietory remedies." But I started to take Pink Pills for Pale People, made by the Dr. Williams' Medicine Co., *Brockville*. From the very first, one at a dose, I began to mend, and before I had taken more than a box or two, I know that I had found the right remedy and that to the Pink Pills I owed my life. In nine months I had taken twelve boxes—just six dollars worth. Think of it, my friend! Hundreds of dollars for other treatment, and only six dollars for what has made a man of me and set me again on the highway of health and prosperity. There is some subtle, life-giving principle in Pink Pills which I do not attempt to fathom. I only know like the blind man of old;—"One I was blind; now I can see!" God, in the mystery of His providence, directed my brother of the A.O.U.W. to me. I took it. I live and rejoice in my health and strength. I have no physical malady, saving a slight stiffness in my leg due to grippe. I feel as well as in my palmiest days. My prospects are good. All this I gratefully attribute to the virtues of Pink Pills for Pale People, "and now my story is done!" as the nursery ballad runs. If anybody should ask examination of this tale of mine let him write to me and I shall cheerfully furnish it. The Pink Pills were my rescuer and I'll be their friend and advocate while I live!'

The reporter finally took his leave of Dr. Verrinder, but not without the professor entertaining him to another piano treat, a symphony played with faultless execution and soulful interpretation of the composer's thought.

Calling upon Messrs. A. E Pilkey & Co., the well known druggists, the reporter ascertained Dr. Williams' Pink Pills have an enormous sale in Chatham, and from all quarters come glowing reports of the excellent results following their use. In fact Dr. Williams' Pink Pills are recognized as one of the greatest modern medicines—a perfect blood builder and nerve restorer—curing such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus dance, nervous headache, nervous prostration and the tired feeling resulting therefrom, diseases depending upon humors in the blood, such as scrofula, chronic erysipelas, etc. Pink Pills restore pale and sallow complexions to the glow of health, and are a specific for all the troubles peculiar to the female sex, while in the case of men they effect a radical cure in all cases arising from mental worry, overwork or excesses of whatever nature.

These Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N.Y., and are sold in boxes (never in loose form by the dozen or hundred and the public are cautioned against numerous imitations sold in this shape) at 50 cents a box, or six boxes for $2.50, and may be had of all druggists or direct by mail from either address. The price at which these pills are sold make a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

A most estimable lady almost destroyed until Dr. Butler's Golden Pills came to the rescue. After their use for a short time she was able to resume her duties, after suffering untold misery from nervous prostration and the ills that attend that most distressing disease. These, if not checked in time, lead to insanity and death. Golden Pills are guaranteed to cure all nervous and blood diseases.

As a healing, soothing application for cuts, wounds, bruises and sores, there is nothing better than Victoria Carbolic Salve. dw

"Dear me, these are the most beautiful photographs I ever saw."

"Yes, they certainly are very fine and elegantly finished, besides, they are permanent."

"Do they cost more than before."

"No, not to us, though the material is much more expensive, yet Mr. Sproule believes in having the best obtainable. He says nothing is too good for his patrons, and these certainly bear out his statements; and his studio is so convenient—no stairs to climb yourself, nor have you any fear about the children."

"German Syrup"

Asthma.

Gentle, Refreshing Sleep.

"I have been a great sufferer from Asthma and severe Colds every Winter, and last Fall my friends as well as myself thought because of my feeble condition, and great distress from constant coughing, and inability to raise any of the accumulated matter from my lungs, that my time was close at hand. When nearly worn out for want of sleep and rest, a friend recommended me to try thy valuable medicine, Boschee's German Syrup. I am confident it saved my life. Almost the first dose gave me great relief and a gentle refreshing sleep, such as I had not had for weeks. My cough began immediately to loosen and pass away, and I found myself rapidly gaining in health and weight. I am pleased to inform thee—unsolicited—that I am in excellent health and do certainly attribute it to thy Boschee's German Syrup. C. B. STICKNEY, Picton, Ontario."

I.O.O.F. GRAND LODGE.

Important Business Transacted by the Oddfellows at Windsor.

WINDSOR, Aug. 12.—At the session of the Grand Lodge I.O.O.F. yesterday it was decided that the mileage rate be five cents per mile one way and $2 per diem. Bro. Auld of Amherstburg was appointed Grand Lodge secretary, Bro. J. A. Young of Thamesford assistant secretary, Bro. Thomas Hillier of Windsor grand messenger.

These officers of the Grand Lodge were elected: Grand master, Rev. Bro. T. W. Jolliffe; deputy grand master, Bro. Joseph Oliver; grand representative, Bro. Henry Robertson; grand secretary, Bro. J. B. King; grand treasurer, Bro. William Badenach; grand warden, Bro. W. H. Hoyle.

The report of the Special Committee on districts was adopted, the Grand Lodge making some important changes.

Mayor Fleming of Windsor tendered the members of the Grand Lodge a reception at his residence this evening.

TO MEET IN NOVEMBER.

The Date Said to Be Finally Settled Upon Session Liable to Be a Stormy One.

QUEBEC, Aug. 12.—It has been decided by the Provincial Government that the Legislature will be called together in the early part of November. The session will in all probability be much more stormy than the last, principally on account of the measures of taxation which have created such universal discontent all over the province. The latent discord existing between the two well-defined parties in the ministry will probably break out during the session or before it if Lieut.-Governor Angers is replaced at the expiration of his term of office in October next. Nothing is known here as to his successor, and it is thought in certain quarters that without being formally confirmed in a second term of office he will be allowed to continue in the enjoyment of his present functions until matters have been settled so as to avoid an open rupture between the ministers. These gentlemen are meanwhile enjoying their vacation and traveling over the country in separate groups.

A CANADIAN DANIEL.

Judge Delorimier Declares That Science Knows No Country.

MONTREAL, Aug. 12.—In the Superior Court here Judge Delorimier has granted Dr. Pavlides a mandamus against the Royal College of Physicians and Surgeons, that body having refused to grant him a license upon payment of the usual fee, although he had qualified in France.

The judge says that science knows no country and that it is not in the public interest to place an obstacle in the way of young Canadians studying abroad.

"I SHALL DIE TO-NIGHT."

A Man on Trial for Murder Accurately Predicts His Own Death.

MARSHALL, N.C., Aug. 12.—"I shall die to-night," said W. H. Shelton to the sheriff, who was conducting him from the court house to the jail.

Shelton was on trial for the murder of Grant Tweed some months ago, whisky and a woman having much to do with the homicide. During the day the state had put on the stand three eye-witnesses of the killing and Shelton, who had heart disease, was much affected by their testimony.

It was while on the way to prison, after court had adjourned for the day, that he told the sheriff he would die that night. He asked that he might be put into a comfortable room instead of a cell and his wife might visit him. His requests were granted.

As he predicted, Shelton was taken ill during the night, and although a physician exhausted his medical skill in trying to relieve him he died about 2 o'clock. Shelton was a robust-looking man and seemed in perfect health when the trial began.

Found Dead in Bed.

DETROIT, Aug. 12.—Mrs. Mary Hayes was found dead in bed yesterday at 67 Atwater-street. She came to Detroit from London, Ont., on May 16. She was about 60 years of age and very fleshy, weighing upwards of 300 pounds. About $85 in money was found on her person. The cause of death is supposed to have been heart failure or dropsy.

Like a ship without a rudder is a man or a woman without health and the necessary strength to perform the ordinary duties of life. When the appetite fails, when debility, and a disordered condition of stomach, liver, kidney and bowels assail you, take Ayer's Sarsaparilla.

A Sensible Man

would use Kemp's Balsam for the throat and lungs. It is curing more cases of coughs, colds, asthma, bronchitis, croup and all throat and lung troubles than any other medicine. The proprietor has authorized any druggist to give you a sample bottle free to convince you of the merits of this great remedy. Large bottles 50c. and $1. dw

The Head Surgeon

Of the Lubon Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dimness, smoke before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wears in consequences. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to men. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flashes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart beat quicker than the first, pain about the breast bone, etc., can positively be cured. No cure, no pay. Send for book. Address M. V. LUBON, 24 Macdonell ave., Toronto, Canada

Keep the Works in good order.

NORMAN, Ont., January 15, 1890.
W. H. COMSTOCK, Brockville, Ont.
DEAR SIR,—Your "Dr. Morse's Indian Root Pills" are the best regulator for the system that humanity can use. Life is as the time-piece: frail and delicate are many of its works. A tiny particle of foreign substance adheres to the smallest wheel in the works, and what is the result?—at first only a slight difference is perceptible in its time-keeping, but wait you; as the obstruction grows, the irregularity becomes greater, until at last, what could have been rectified with little trouble, in the beginning, will now require much care in thoroughly cleansing the entire works. So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve vigor and vitality.
Yours faithfully,
H. F. ATWELL.

DEAR SIR,—For many years, I have been a firm believer in your "Dr. Morse's Indian Root Pills." Not with a blind faith, but a confidence wrought by an actual personal experience of their value and merit. My business is such that I spend much of my time away from home, and I would not consider my travelling outfit complete without a box of Morse's Pills. Yours, &c.,

SEVEN PERSONS KILLED.

The Crowd Refused To Disperse and the Troops Fired Upon Them.

CONSTANTINOPLE, Aug. 12.—A despatch from Trebisond states that on Aug. 5 a serious disturbance occurred at Platana, seven miles west of Trebisond. The trouble arose from the enforcement of the sanitary regulations adopted by the Turkish officials to prevent the spread of cholera. Nearly 1500 persons were detained at the lazaretto and they attempted to break through the sanitary corridor. The local authorities were powerless to handle the crowd, and a battalion of troops was hastily summoned. The crowd refused to disperse and the troops fired upon them. At the first volley seven persons were killed. The people then turned and fled panic-stricken to the lazaretto.

THE JOGGINS COAL MINES.

They are Purchased By E. W. Wilson of New York and Others.

ST. JOHN, N.B., Aug. 12.—Negotiations were practically closed yesterday for the purchase by E. W. Wilson of New York of the Joggins coal mines for $160,000, Wilson to pay $60,000 down.

The present output of the mines is 300 or 400 tons daily, which may easily be increased to 700.

The Intercolonial Railway has contracted for 60,000 tons for this season.

The assent of the stockholders will close the sale in the course of a few weeks.

PROGRESS OF PHOTOGRAPHY.

Scientists Expect Soon to Be Able to Take Your Picture by Telephone.

A map of the heavens is being prepared at a cost of £1,200,000 (which the leading nations have agreed to raise), as an example of what telescope photography can do. Instantaneous photography seems to have attained perfection, for it is now possible to fix the image of a cannon ball flying through the air. Even microbes are now being photographed. A young French chemist, M. Henri Courtonne, is credited with a new discovery, for which we have been looking to Mr. Edison. Sound being transmissable by telephone, M. Courtonne argued by a rigorous analogy that light might be transmitted too. As the telephone consists of a transmitter, a wire and a receiver, so there was reason to believe that these three organs might be adapted for transmitting light vibrations, and for this purpose the transmitter and receiver should be prepared chemically for receiving and giving out light instead of sound vibrations. This was done by substituting sensitized photographic plates for the ordinary telephone plate. One of the plates was placed in front of an aperture through which an image was cast and this image has been forwarded by wire and has been seen at the other end. The first appartus was very imperfect, and M. Courtonne having heard that Mr. Edison was on the track of a similar discovery, resolved to publish his experiments, a description of which he, however, sent in a sealed letter to the Academy in 1889. This letter is only to be opened at the sender's request.

The Figaro says that the consequences of the telephotography cannot be over estimated. To-morrow, it says, you will see in Paris the image of a man smoking in St Petersburg.—London News.

Wonder-Workers.

It is said that a valuable oil can be produced from grape seeds.

Natural gas has been discovered in the District of Wels, in Upper Austria.

It has been discovered that colors when passing through a prism can be made to produce sound.

A pound of coal, it is said, contains a dynamic force equal to the amount of work a man does in a day.

Scientists estimate that every year a layer equal to 14 feet deep of the surface of all oceans and other bodies of water is taken up into the atmosphere in vapor.

The workings of the human heart have been computed by a celebrated physiologist, and he has demonstrated that it is equal to the lifting of 120 tons in twenty-four hours.

What is believed to be the largest block of asphaltum ever mined is that which was recently taken from the La Patera mine, in California. It weighed two and a half tons.

There is a church in the town of Bergan, Norway, that is built entirely of paper. It can seat 1,000 persons in comfort, and has been rendered waterproof by a solution of quicklime, curdled milk and white of eggs.

At the recent conversazione of the Royal Society, Dr. Gill projected on the screen a photographic star map, containing the images of about 42,000 stars. As every star is a sun, we may infer therefore something concerning the immensity of the scale on which the universe is established.

The Pill for the People.

MURILLA, Ste., Ont., Jan. 13, 1890.
W. H. COMSTOCK, Brockville, Ont.
DEAR SIR.—Have been selling your Dr. Morse's Indian Root Pills for the past eight years; they are the only Pill for the people. After having used them once, they always come back for more.
Yours truly,
JNO. MCLEAN.

Uric acid in the blood is the cause of nearly all disease, it visits every part of the body and is liable to fasten disease on any organ; the duty of the kidneys is to extract waste from the blood; a cold will stop this action, a pain in the back follows, and unless relief is obtained, permanent inability of the kidneys to perform their functions follows, which may terminate in liver complaint, dyspepsia, blood disease, dropsy, diabetes or Bright's disease. Dodd's Kidney Pills assist the kidneys to natural work, and cure all complaints and results arising from same. dw

A Great Surprise

is in store for all who use Kemp's Balsam for the throat and lungs, the great guaranteed remedy. Would you believe that it is sold on its merits and that any druggist is authorized by the proprietor of this wonderful remedy to give you a sample bottle free; It never fails to cure acute or chronic coughs. All druggists sell Kemp's Balsam. Large bottles 50 cents and $1. dw

Stronger Every Day.

GENTLEMEN,—I have been ill for a long time with lame back and weak kidneys, and at times could not get up without help. I tried B B B and with two bottles am almost well. I find my back is stronger every day.
Yours truly,
MRS. L. THOMPSON,
Oakville, Ont. dw

Still Another Triumph.

Mr. Thomas S. Ballen, Sanderland, writes: "For fourteen years I was afflicted with piles; and frequently I was unable to walk or sit, but four years ago I was cured by using Dr. Thomas' Eclectric Oil. I have also been subject to quinsy for over forty years but Eclectric Oil cured it, and it was a permanent cure in both cases, as neither the piles or quinsy have troubled me since." w32

Milburn's Aromatic Quinine Wine is distinctly superior to any other as an appetizing tonic and fortifier. dw

CARTER'S LITTLE LIVER PILLS.
CURE
Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing
SICK
Headache, yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured
HEAD
ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick
ACHE
is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.
CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills makes a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail.

THE HEARING IN THE CASE OF NEILL RESUMED YESTERDAY.

The Pamir Question—Lord Rosebery Will Not Join the New Cabinet—Russian Troops are Moved to the Afghan Frontier.

LONDON, Aug. 13.—The hearing in the case of Thomas Neill, indicted for the wilful murder of Matilda Clover, was resumed before Sir John Bridge in the Bow-street Police Court yesterday. The usual crowd of curious spectators was present. Constable Conley testified that he saw a man closely resembling the prisoner leaving the house No. 18 Stamford-street, where resided Alice Marsh and Emma Shrivell, who met their deaths in a manner similar to that of the Clover girl. This was shortly before the Marsh and Shrivell girls were found in agony on the floor of the house, and were taken therefrom to the St. Thomas' Hospital.

Mr. Birch of the manuscript department of the British Museum testified that in his opinion the letter sent to F. R. Smith, son of the late William Henry Smith, accusing him of the murder of Ellen Dentworth, was in the handwriting of Neill. Mr. Birch also gave it as his opinion that the letters to the Dentworth girl and to the other victims found in their rooms after death were *also in the handwriting of the accused.* The water marks on the paper also tallied with those on the paper that was admittedly used by Neill.

Mr. Birch was a witness before the Parnell Commission a few years ago and he was severely cross examined yesterday regarding the evidence he gave upon that occasion. He said he had formed a mistaken opinion then.

Neill greatly enjoyed the examination of Birch, and when the witness was forced to confess that he could be mistaken in his opinion of handwritings he laughed so heartily that he rocked backward and forward in the chair.

PARLIAMENTARY NOTES.

A Question About the McKinley Bill—British Columbia Loan.

LONDON, Aug. 13.—In the House of Commons yesterday, Mr. J. W. Lowther, Parliamentary Secretary of the Foreign Office, in response to a question asked by Mr. Mundella, said that the Government had made no representations or remonstrances to the United States Government concerning the McKinley tariff bill. No communications had been received at the Foreign Office from Washington relating to the alleged interviews on the subject.

British Columbia Loan.

The Right Hon. Sir John Gorst, Financial Secretary to the Treasury, stated that no loan had yet been advanced to British Columbia. The object of the loan referred to by Sir John is to aid in paying for the proposed fort works and other defences to be constructed at Victoria, B. C.

20 AGENTS KILLED.

Arab Tribes on the Upper Congo Are in Insurrection.

BRUSSELS, Aug. 13.—The Independence Belge says; Twenty agents of the Katanga company have been killed or captured by Arabs on the Upper Congo River. The steamer Beernaert, which was taking goods up the river, was seized and the factories were razed. Whole tribes on the western bank of the river are in insurrection. The Arabs northwest of Naingive have gone down the Lulaba River and captured the station at Ribariba, killing the whites employed there. The stations on the Upper Lomasis have also been destroyed. The Arabs at Stanley Falls and Isango, who have hitherto been loyal, are showing hostility. The Congo state authorities are sending reinforcements to the various points threatened by the Arabs.

Uprising Not Due to Local Arabs.

BRUSSELS, Aug. 13.—Reports from the Congo country agree in stating that the troubles are not due to an uprising of local Arabs but to an invasion of the Nyangwe regions by bands of Tanganyika Arabs.

THE PAMIR QUESTION.

Troops Ordered to Rangkul in the Chinese Province of Sarikol.

LONDON, Aug 13.—A special from Tientsin says: "The extreme gravity of the Pamir question is beginning to be recognized here. A force of infantry and horsemen have been ordered to proceed from Kashgar to Rangkul in the Chinese Province of Sarikol."

Fatal Accident on the Southern Pacific.

GALVESTON, Tex., Aug. 13.—As the Southern Pacific fast freight was going through a deep cut near the bridge which spans the Sabine River, the caboose left the track, having been thrown off by a floating tie. Recent rains had swollen the river until it overflowed and filled the cut with water. Several cars were pulled from the track by the caboose. One of them knocked down one span of the bridge over the river. Frank Leonard, a brakeman of Plains, Pa., was killed and six were wounded. The caboose fell 40 feet to the bed of the river and was shattered into fragments. It is thought that three of the wounded will die.

These nominations will be referred to the subordinate lodges for election by ballot of all Past Grands in good standing in their several lodges.

A Young Woman Accidentally Shot.

BELVIDERE, N.J., Aug. 13.—[illegible] Love, a young New Yorker, was at the farm house of William [illegible] Delaware Station, Warren County, accidentally shot Lizzie Albert who was employed in Mr. Bowers' family. Young Love was handling a revolver when it was accidentally discharged. The bullet entered woman's face, near the nose, and is believed to have lodged near the brain [illegible] that she will die. The young man was rendered to the authorities.

BAD ECZEMA ON BABY

Head one Solid Sore. Itching Awful. Had to Tie His Hands to Cradle. Cured by Cuticura.

Our little boy broke out on his head with a bad form of eczema, when he was four months old. We tried three doctors, but they did not help him. We then used your three CUTICURA REMEDIES, and after using them eleven weeks exactly according to directions, he began to steadily improve, and after the use of them for seven months his head was entirely well. When we began using it his head was a solid sore from the crown to his eyebrows. It was also all over his ears, most of his face, and small places on different parts of his body. There were sixteen weeks that we had to keep his hands tied to the cradle and hold them when he was taken up; and had to keep mittens tied on his hands to keep his fingernails out of the sores, as he would scratch if he could in any way get his hands loose. We know your CUTICURA REMEDIES cured him. We feel safe in recommending them to others.

A LAWYER ARRESTED CHARGED WITH COMPLICITY IN A SWINDLE.

It is Alleged That Kelly Was an Accomplice of Chrysler in the Attempt to Defraud the Teachers Who Answered the Famous Advertisement.

TORONTO, Aug. 15.—Government Detective John Murray arrived in the city from Simcoe on Saturday night, having in custody William Edward Kelly, barrister, of Simcoe. Kelly was arrested under a warrant charging him with having obtained money under false pretences from Lambert Norman, a student, of Toronto. The warrant arises out of the advertisement for a teacher to act as tutor for the two sons of wealthy widow. J. A. Chrysler, the Tecumseh school teacher, who inserted the advertisement was convicted of fraud at Simcoe on Friday, sentence being reserved. It is the intention of the authorities to use Chrysler in the case against Kelly.

Kelly was arraigned before Judge Miler, J.P. on Saturday night and remanded to appear in the Toronto Police Court Tuesday. Meantime Kelly was released on $1100 bail, Benjamin Cammell and Joseph Balmer of Simcoe becoming his bondsmen.

HE CAN HARDEN COPPER.

Important Discovery Made By a Poor Blacksmith at Quebec.

QUEBEC, Aug. 15.—Local scientists say that one of the most wonderful discoveries of recent years is that made by a poor blacksmith of this city named Ferdinand Allard. It is the long-lost art known to the pyramid builders of Egypt of hardening copper.

Axes and other edged tools made of hardened copper have been exhibited by him which in edge and temper rival the best steel of the present day. Allard prepared a sheet of his hardened copper one and three-fourths of a line in thickness and had it tested at the Government rifle ranges here. At the first shot, fired from 40 yards' distance, the bullet was shivered into a thousand fragments; on the second the missile striking the copper more fairly was completely flattened but remained embedded in the plate, which it merely dented lightly without cracking it in any way. This is claimed by experts to be vastly superior to anything the best steel could do under like circumstances, and the matter is to be brought under the immediate notice of the British Lords of the Admiralty. The leading military authorities here express the conviction that if on further trials in the English dockyards the discovery maintains the same superiority most important results must follow and existing systems be completely revolutionized.

Seizures in Behring Sea.

VICTORIA, B.C., Aug. 15.—The following seizures have been made by United States men-of-war in Behring Sea: The Adams seized the British schooner Mountain Chief of Victoria, the crew of which killed seals and violated the modus vivendi. The vessel was delivered in charge of a British man-of-war. The whaling bark Lydia was intercepted by the Rush while taking newly killed seals from aboard the whaling bark Northern Light in Behring Sea. A prize crew was placed aboard and she was sent to Sitka. The whaling schooner Jane Grey was seized by the Mohican for not leaving Behring Sea after being warned. The British steamer Winfred of Victoria, one of the vessels which transferred their cargo of sealskins to the British steamer Coquitlan at Port Elches, was seized by the Rush with fresh-killed seals aboard. The United States Fishery Commission steamer Albatross took the Winfred in tow and sailed for Sitka on Aug. 3.

Thrown Against a Tree.

PORT STANLEY, Ont., Aug. 15.—Saturday as George M. Reid of London was ascending the Fraser House hill with his daughter Mary in a phaeton Mr. Reid alighted to ease the burden on the horse, and in some accidental way the lines slipped from his hands, the horse ran up the hill and the buggy coming in contact with a tree threw little Mary out against the tree, injuring her very seriously and perhaps fatally.

How a Prisoner Escaped From a Detective in Chicago.

CHICAGO, Aug. 15. — Detective Bailey yesterday arrested E. G. Dumas of Boston, who is charged with forgery of $650 in that that city. Dumas protested that his name was Moore, and offered to show the detective papers to prove it, if he would go with him to his room in the Palmer House. The detective consented, and, upon reaching the room the young man showed him papers lying in the bottom of a large sample trunk. Bailey stooped over to pick them up, when his prisoner seized him by the heels, dumped him into the trunk, slammed the lid, locked the door and made his escape. It was 15 minutes before the detective was released from the room and he is now hunting for his man with small chances of finding him.

THE REBATE ABOLISHED

IMPORTANT MEETING OF THE CABINET AT MONTREAL.

Official Announcement by the Premier That the Existing System Will Be Terminated at the End of the Present Season.

MONTREAL, Aug. 15.—The fact that Montreal was temporarily the seat of Government on Saturday for the third time since the burning of the Parliament buildings in 1849 attracted unusual attention to the deliberations of the meeting of the Cabinet in this city, outside of the important nature of the subjects under discussion. The reason that Montreal was thus honored was simply on account of its central position. Sir John Thompson and Messrs. Tupper and Chapleau were in the east, and thus this city was most convenient for them, as well as for the Premier, while the excellent railroad facilities between this city and Ottawa rendered it easy to summon the remaining members of the Cabinet to be present.

Early on Saturday morning the residence of Sir John J. C. Abbott in Sherbrooke-street became a focus of attraction for newspaper men. Every variety of reporter, and many who could only claim the flimsiest kind of connection with the press, rang the bell and were told that no information could be given to them. As each Minister came up he was eagerly buttonholed and cross-examined until he secured the friendly shelter of the front door, but no information could be elicited, and a very crest-fallen body of newspaper men filed slowly away to try their luck later on. At a little after 10 o'clock the meeting was called to order by the Premier, there being then present Hon. Mackenzie Bowell, Minister of Militia and Defence; Hon. John Costigan, Minister of Inland Revenue; Hon. J. A. Chapleau, Minister of Customs; Hon. George H. Foster, Minister of Finance; Hon. C. H. Tupper, Minister of Marine and Fisheries; Sir Adolphe Caron, Postmaster-General; Hon. John Haggart, Minister of Railways and Canals; Hon. Edgar Dewdney, Minister of the Interior; Sir John Thompson, Minister of Justice; Hon. John Carling, Minister of Agriculture, and Hon. A. Ouimet, Minister of Public Works.

With the exception of a brief interval for luncheon the cabinet sat steadily until about a quarter past four, when the following official statement of the position of the Government upon the canal tolls question was imparted by the Premier.

Rebates to Be Abolished.

Sir John Abbott said that, in pursuance of the views of the Government as to the temporary character of the existing order-in-council respecting the rebate on canal tolls, and of its future policy, the existing system would be terminated at the end of the present season, and that to prevent a continuance of the misunderstanding which appears to prevail in the United States on this subject, an assurance to that effect would be sent to the Government at Washington. The numerous contracts and engagements which have been entered into for the present season under the existing canal regulations render it practically impossible to make an earlier change on account of the injury which would inevitably thus be caused to individual interests.

Later in the evening two other members of the Cabinet were questioned on the subject, and one of them stated that it was the intention of the Government to hold a conference with the United States authorities in Washington during the coming winter to discuss the whole question of railways and inland navigation.

The Quarantine Works.

Hon. John Carling stated in reply to a reporter that the Government had decided to go ahead vigorously with the quarantine works at Grosse Isle and Victoria, B.C., so as to give the most perfect possible protection against the importation of disease. The Department of Public Works is now preparing plans for the work to be done, and a sum of $250,000 will be expended in completely refitting and extending existing appliances at both points.

Saturday Hon. Mr. Foster left for St. John, N.B., and Sir John Thompson for St. Andrews in the same province. Hon. Mr. Dewdney and Hon. Mr. Tupper leave to-morrow morning for Ottawa.

Bound In An Ice Chest Into Which They Had Crawled In Play.

LANSING, Mich., Aug. 15.—Earl A. Price and Arthur Kurtz, each 8 years old, were found dead yesterday in an ice-chest. They had evidently crawled into it in play and had been smothered. They were missed early in the morning and searchers had been looking for them all over the city. A faithful spaniel whined around the ice chest and gave the clue.

It Took Two Trains to Kill Him.

SCRANTON, Pa., Aug. 15.—Timothy Harrington, a Lehigh Valley engineer, while sitting in the cab of his engine at Coxton Saturday was hurled from his seat by another train backing against his. He landed upon the rails of another track, and before he could recover himself another freight train ran over and killed him.

BOSTON, Mass., Aug. 15.—Gilman, Cheney & Co, flour and grain commission merchants, made an assignment yesterday. Rumor places the liabilities at $150,000. The failure is said to be due to the absconding of the senior member of the firm, J. E. Gilman.

The Warsprite Strikes a Sunken Rock.

VICTORIA, B.C., Aug. 15.—H.M.S. Warsprite, while returning to Esquimalt harbor yesterday from a cruise on the west coast, ran over a sunken rock in Ducovey Pass and sustained some serious injuries, the extent of which are as yet unknown. She will go on the dock at Esquimalt.

SWITCHMEN STRIKE.

Employes of Three Roads Go Out—Grievances of the Men.

BUFFALO, N.Y., Aug. 15.—The switchmen employed on the New York, Lake Erie and Western, the Lehigh Valley, or Reading, and the Buffalo Creek Railroad are on strike. Their object is virtually to obtain higher wages, although the question of the 10-hour day is involved. The decisive action was taken at a meeting of the local organization of the Switchmen's Mutual Aid Association of North America, held Saturday. The outcome was that the union men employed upon the three roads mentioned decided to go out on strike at 12 o'clock last night. The switchmen are those employed to couple cars, make up and send out trains and in a general way perform the work around the yards and are not those who turn the switches. The strike was fully sanctioned by Grand Master Sweeney. About 200 men thus far are out. The men demand that their pay be $65 a month for night switchmen, $70 a month for night conductors, $60 a month for day switchmen and $65 for day conductors; 26 days of 10 hours each to constitute a month's work. They also demand that all time over 10 hours be paid for at the rate of 25 cents an hour for night switchmen, 27 cents for night conductors, 23 cents for day switchmen and 25 cents for day conductors. It is claimed that the roads against which the strike was ordered were only paying 21 and 22½ and 19 and 21 cents for night and day work respectively.

A SERIOUS MATTER.

Riot and Incendiarism Mark Its Tidal Wave.

BUFFALO, Aug. 15.—There is no further disguising the fact that the strike of the Erie and Lehigh Valley switchmen is a serious matter. Riot and incendiarism mark its tidal wave.

Property belonging to the railroad companies has been destroyed by incendiary fires, men engaged in the peaceful performance of their duties in the companies' service have been assaulted and sent to the hospitals, the movements of trains has been seriously interfered with and the lives of innocent persons who were in no way connected with the strike and had not even heard of it have been endangered by the derailment of a passenger train on one of the roads.

Incendiary fires broke out Saturday morning simultaneously in the Lehigh Valley yards. Eighteen or 20 freight cars filled with wool, cotton, hay and various other merchandise, two passenger coaches and two watchmen's houses were burned!

The strikers, or their sympathizes, have pulled pins, turned switches and driven off crews. Three men are at the hospital, badly hurt. One was assaulted at 3 o'clock this morning, two others at 11, and another at 3 this afternoon.

One of the most cowardly things done was the throwing of switches under passenger train No. 17 at William street at 7.30 o'clock last night. Two passenger coaches were thrown from the track, but the conductor does not think anybody was hurt, though many were badly frightened.

The strikers say they are determined to win the fight, and they assert the roads are losing heavily by not having men to perform the work of the strikers.

$50,000 TO RESIGN.

Chicago's Gamblers Are Filling the City With Thugs.

CHICAGO, Aug. 15.—The gamblers who are behind the Garfield Park race track are carrying out their threats made a year ago. They said then that unless Chief of Police McClaughry and the Republican administration in general kept their hands off the gamblers they would fill the city with thugs and all kinds of toughs. The present increase of crime tends to show that they are carrying out their threats to the letter.

Indirectly Major McClaughry was offered $150,000 a year if he would not interfere with gambling as it then existed. This money was not to be given as a bribe, nor was it to go into the Major's own pockets but it was to be used to employ detectives for the police department. The answer the gamblers got was an intimation that the city could pay for its own detectives, and would enter into no agreement, covert or otherwise, with the enemies of law and order.

Then the Hankins-McDonald crowd made Major McClaughry another and more tempting offer. This time it came direct, and there was no concealment about it. The man who made the offer is as close to the heads of the gamblers' trust as John Condon is, and he assured the chief that he spoke for them authoritatively.

Major McClaughry was offered a cool $30,000 in cash if he would resign as chief of police of Chicago.

The offer was flatly refused.

The bid was raised to $50,000, and another refusal was given.

Threatened to Fill the City With Toughs.

"Then I am told to tell you," said the man who had made the offer, "that if you attempt to run this city with any of your puritanical notions, we will fill the town with thugs and thieves, and make the administration a laughing stock." Or words to that effect.

Ever since that time the gamblers have done at every opportunity whatever they could to malign and harass Major McClaughry.

What the gamblers will resort to next to wreck their vengeance can not be predicted.

"They made one threat which they thought they could easily carry out, because of their establishment on the West Side where thugs are graduated, given their diplomas and turned loose on the town; but I do not think they will succeed," is how the Chief puts it.

This attack on Chief McClaughry is not the only attack the Garfield Park gamblers have made on officials connected with the present administration. They threatened Stephen A. Douglas, when he was City Prosecuting Attorney, and made official life so miserable for him that he was forced to resign.

At present matters stand in a condition very dangerous for Chicago.

Gladstone's Replies Unsatisfactory.

DUBLIN, Aug. 15.—A monster amnesty meeting was held in Phœnix Park Saturday, the attendance numbering fully 10,000. Pierce Mahony, Parnellite, who was defeated for parliament in the north division of County Meath by Michael Davitt, presided.

In his speech at the meeting Mr. Mahony demanded the release of all political prisoners, even supposing them guilty. Mr. Redmond and others who addressed the meeting declared that Mr. Gladstone's replies to questions on this subject were unsatisfactory and reminded their hearers of Sir William Vernon Harcourt's opposition to amnesty.

MONDAY, AUGUST, 15 1892.

Mr. Blake in Imperial Affairs.

Mr. Blake recorded his first vote in the Imperial Parliament on Thursday; has revealed his views on the special topic that attracted him across the ocean in a written address, besides dealing with them in several addresses to the constituents; has addressed the Eighty Club and spoken before the Home Rule Union, and on Monday will speak at Newcastle on behalf of Mr. Morley, who, at one of the new Ministers, re-submits his claims to the confidence of the electors along the Tyne. It is quite evident therefore that Mr. Blake has plunged at once into the main stream of political life in the old land. His utterances have been commented on by the leading newspapers, daily and weekly, of the metropolis, while his past career and probable place in British politics have been treated of in the reviews. He has been put on the Executive Committee of the Irish party and will undoubtedly be a leading exponent of its views, or rather an exponent of practical and acceptable views of what self-government for Ireland should be. For it must be remembered that that measure, while based on the principle of the right of Irishmen to administer their local affairs, must also satisfy the people of the other portions of the Kingdom that the general supremacy of the nation at large over matters of Imperial concern will be unimpaired, and that under the new regime no leverage will afforded by which a minority may be squeezed or harassed. We may be sure that Mr. Blake will strive to secure for Ireland a constitution that will for ages testify to the wisdom of its framers, not a constitution creating occasion for fresh uneasiness and unwholesome ferment among another section of the population of the Island.

Canadian Cheese.

The interview published in a contemporary with Mr. J. W. Robertson, Dairy Commissioner, with respect to the proposed cheese exhibit at the World's Fair is worthy of perusal. Some idea of the magnitude of the cheese industry may be had when it is stated that the 1400 factories in the Dominion last year produced 1,760,000 boxes, or 5800 car loads, representing a total sum of $10,000,000; while this year, owing to the excellent pasture, the outcome will be considerably in excess of '91. The recent exhibition at Liverpool, in which Canada swept off all the prizes, has called further attention to the excellence of Canadian cheese, and the prospects are that the demand from England will be considerably enhanced.

The arrangements made by the Canadian commissioners for the exhibit at the World's Fair, and which are outlined previously, have been made with a view of preventing the mistake that was made in the cheese exhibited at the Centennial in '76. Then, only comparatively few samples of fancy cheese were exhibited, and the great majority of the exhibits were of the poorer quality. The present plan, by which it is proposed to secure a larger collection and submit it to expert supervision, will have the effect of obtaining a display of uniform excellence so as to remove the impression caused by the report of the Centennial commissioner that Canada made some fairly good fancy cheese, but that the great bulk of it was of inferior and common quality.

The Central Fair Directors Meet.

A meeting of the Peterborough Central Fair Directors was held on Saturday afternoon at the Morgan House. Present were Geo. E. Elliott, President; Wm. Collins, Secretary; and Directors Morgan, Vance, Hall, Kennedy and Davidson. There were scores of communicants presented, about half of which were read. They were principally from ventriloquists, contortionists, actors, show men, patent medicine men, balloonists and others, either asking for an engagement during the exhibition week or asking the privilege of showing their goods and wares. Some of these may be dealt with by the directors later on. A communication was also read from the Canadian Association of Fairs and Exhibitions which which meets at Toronto on Sept. 12th. It was resolved to send three delegates, the president, secretary and Mr. Robt. Vance to the annual convention of the association. The next business taken up was the appointment of judges for the coming exhibition on Sept. 21st, 22nd and 23rd. The judges in the various departments were duly appointed and the meeting adjourned.

Do Our City Governments Protect the Baby.

It should be the duty of city governments to provide proper sanitary inspection of all milk that is daily supplied to the people. It is only by such a system that thousands of infants can be protected from danger.

Happily, science has provided an article of diet for young infants, which takes the place of nature's food, when this is lacking in quantity or quality.

Lactated Food, as universally known, is now used by all careful mothers who know the great dangers and risks involved in using cow's milk.

Lactated Food, which is a perfect substitute for breast milk, is at all times pure and reliable. It protects the infant from summer complaints; it improves digestive vigor, and causes baby to grow plump and fat. The mother's happiness, in a large measure, depends upon this king of foods; therefore, every home should be supplied with it.

The Drives in the Lakes.

The Gilmour drive of logs, from Galway, had a tedious run down the lakes, and were much delayed by other drives. Quite a blockade of "drives" took place in Stoney Lake, and at one time there were twelve cookery cribs in the lake and Young's Point, each crib representing about 20,000 logs. In order to lessen the expense caused by delays several of the drives have been handed over to the Rathbun's, for running down to Trenton, where they will be sorted. Gilmour's two gangs of men were in this way disbanded at Young's Point, and the cookery cribs brought back to Nogey's Creek, on Monday, and laid up till next season.

CHAMPIONSHIP SERIES.

The Edisons Defeat the Town Again at Baseball.

A Rattling Good Game—Witnessed by a Large Crowd—Score at the Close 9 to 3—Some Costly Errors Defeat Peterborough—Bats and Balls.

The Edison and Peterborough baseball clubs came together for the fourth time on Saturday afternoon in the championship series of games with the result that the Association was again defeated by the electricians by a score of 9 to 3. A large number witnessed the game with keen interest. Some good ball was played, especially by the Edisons, who put up a united and well fielded game. Lomas in the box did effective work, while Pomfret, who has taken Foster's place on first, did not fill his successor's shoes "too bad". The Peterboroughs put O'Brien on first bag, and although he made a costly error or two at the outset, still he awakened to a sense of duty towards the fleish, and it is believed that "Bill" will do good work in his new position. Tighe at right field made a rank muff which, added to an unfair decision by the umpire, gave the Edisons 2 runs in the 4th innings. Oddfield, whom the Peterboroughs took on in order to fill up a nine, did good fielding, but, as was expected, did nothing at the bat, he being accustomed to swing the willow in cricket more effectively.

Peterborough went to bat first. Burnon picking up the club to begin the great game He bit to pitcher, out at first. McCabe struck out. Pearce swiped to Parks, short stop, who threw to first, catching runner.

For Edison Smith reached first bag on O'Brien's error, Pomfret s. o. Parks flew to left fielder Oldfied, Landers base on balls. Le Page also got first on first baseman's errors, Smith, Landers and Le Page all scored on McCabe's wild throw to Burnon on third. Hobbins, who is a new man for the Edisons from London, where he played with the Londons some years ago, was struck out. Score, Edison 3. Peterborough 0.

2nd innings—Ray struck out. Hay got first safely on a fly. Evans expired at first and Hay reached second. Tighe knocked a grounder to first. Side out.

Sweetlove knocked to Burnon, Duckworth was caught at first and Lomas beat the atmosphere.

3rd innings—O'Brien struck out. Oldfield, whose batting provoked much mirth owing to his having the swing and under hand sweep of a cricket bat, failed to negotiate with the leather. Burnon got his base on a good left fielder. McCabe flew to centre fielder, Landers leaving Burnon on third.

For the Edison's Smith reached first on a grounder near the base. Pomfret died at first. On Parks two bagger to r.f. Smith, got home; Landers base on balls. LePage made a hit to the left which went over the fence and Parks, Landers and LePage got home, the batter making a home run. LePage's hit should have been called a foul but the umpire refused to allow it. Hobbins fly was caught by Burnon, and Sweetlove knocked to 1st. which was taken by O'Brien. Score, Edison 6, Peterborough 0.

4th innings—Pearce got first on a left fielder, stole 2nd, and 3rd. Ray got first on a base hit. Hay made a sacrifice hit, was put out at first, but Pearce got home, scoring 1st run for Peterborough. Evans was stopped by short, out at first and Ray got home, scoring the second run for the Association. Tighe fanned the atmosphere; Duckworth out at first, Lomas made a base hit, Smith got first on a grounder. Pomfret failed at first, and Lomas got home. Landers knocked a pretty fly to Tighe, who made a pretty muff, and Smith got home, although Landers hit should have been called a foul. LePage s. o. Score—Edison 8, Peterborough 2.

5th—O'Brien and Oddfield struck out. Burnon made a base hit, McCabe was killed at first. Hobbins reached first on McCabe's error. Sweetlove struck by batted ball out. Duckworth got first, and Lomas couldn't dispute the umpire.

6th innings—Pierce and Ray s. o. Hay reached first on Pomfret's muff of his fly, stole second, and on Evans three-bagger reached the home plate. Tighe was put out at first.

Pomfret on a right field grounder got first. Parks and O'Brien didn't meet. Landers was caught by Ray. Pomfret reached home. LePage knocked a "corker" away out to centre field, but Hay reached up his right hand and seized it. It was a brilliant catch and was worthily applauded. Score—Edison 9, Peterborough 3.

7th innings—O'Brien knocked to Pomfret, Oddfield and Burnon struck out.

Hobbins to third to first out, Sweetlove batted ingloriously. Duckworth got first on Evans' error. Lomas thrown out at first by catcher.

8th innings—McCabe out at first. Pierce made a straight up fly, which was caught by Lomas in fine style. Ray knocked to pitcher to first out. Smith, Pomfret and Parks were all caught at first.

9th innings—Hay hit to pitcher and at 1st Evans got his base on balls but was caught stealing second, Tighe struck out, game ended. Following is the score.

BATS AND BALLS.

Pearce caught a great game for Peterborough. His throwing to bases was A No. 1.

Hobbins of London played right field for the Edisons in good style.

The Edisons will play the Port Hope nine here next Saturday.

The decisions of the umpire gave only fair satisfaction. His ruling in regards to two hits not calling them fouls gave the Edison's 3 or 4 extra runs to their score.

The Worst Form.

DEAR SIRS,—About three years ago I was troubled with dyspepsia in its worst form, neither food nor medicine would stay on my stomach, and it seemed impossible to get relief. Finally I took one bottle of B B B. and one Box of Burdock Pills, and they cured me completely.

Cures Others

Will cure You. is a true statement of the action of AYER'S Sarsaparilla, when taken for diseases originating in impure blood; but, while this assertion is true of AYER'S Sarsaparilla, as thousands can attest, it cannot be truthfully applied to other preparations, which unprincipled dealers will recommend, and try to impose upon you, as "just as good as Ayer's." Take Ayer's Sarsaparilla and Ayer's only, if you need a blood-purifier and would be benefited permanently. This medicine, for nearly fifty years, has enjoyed a reputation, and made a record for cures, that has never been equalled by other preparations. AYER'S Sarsaparilla eradicates the taint of hereditary scrofula and other blood diseases from the system, and it has, deservedly, the confidence of the people.

AYER'S Sarsaparilla

"I cannot forbear to express my joy at the relief I have obtained from the use of AYER'S Sarsaparilla. I was afflicted with kidney troubles for about six months, suffering greatly with pains in the small of my back. In addition to this, my body was covered with pimply eruptions. The remedies prescribed failed to help me. I then began to take AYER'S Sarsaparilla, and, in a short time, the pains ceased and the pimples disappeared. I advise every young man or woman, in case of sickness resulting from impure blood, no matter how long standing the case may be, to take AYER'S Sarsaparilla."—H. L. Jarmann, 33 William st., New York City.

They're all Going to Lakefield.

And now they are all going to the Lakefield picnic on the Civic Holiday. In the first place the attractions are so numerous, the baseball match, the foot ball match, the tug of war, the pleasant ride on the railway, the agreeable outing on the steamer Mary Ellen, the magnificent scenery of river and lake, the return to town without any sense of fatigue. No wonder then that they are all going to Lakefield on Peterborough's Civic Holiday, because in the second place they all find an additional and irresistible reason in the fact that the object of the picnic commends itself most heartily to all—help pay for the neat little church which a very small congregation recently purchased for purposes of Divine worship.

Driven by a Peterborough Jockey.

The Saturday Toronto *World* contains a glowing description of Mr. Chas. Brown's speedy mare, "Maud J." which won the 2.35 trot at Port Huron for an $800 purse. She was driven by Mr. Chas. Ray, the well known Toronto jockey, who is a brother of Mr. Sam Ray, town. The *World* in its account says:—The race was started on Wednesday on a track that was a sea of mud, and Chas. Ray, who drove the pole where the water was most plentiful, was obliged to drop behind early in the race and take an outside and better track. His generalship was good and the mare captured the heat and also repeated the performance in the next. Yesterday Maud J. captured the 3:1 heat handily and the race.

An All Day Round of Pleasure.

The round trip of the lakes! What memories of aquatic delight are recalled by those who have made the trip, and what new pleasure is in store for those who will join the grand union excursion of Courts Peterborough and Lington, Canadian Order of Foresters, on Thursday, August 25th! What is the round trip of the lakes? As on the excursion you leave the Grand Trunk station at 7 a.m., in half an hour you embark on board the "Sunbeam" and palace barge "Paragon." Then you glide over the bright waters of Chemong Lake, pass through the picturesque Gannon's Narrows, enter Buckhorn Lake, an hour and a half being made at Hall's Bridge for dinner, or if you prefer to wait a little, on through Loveslok Lake and Rapids to Burleigh, where another chance will be given for dinner. Then on through Stony Lake and home by rail from Lakefield. Butcher's orchestra all the way. Refreshments on board boats. Tea, sugar and hot water free. Round trip tickets, 80 cents; children half price.

Bankrupt Stock still in the ring. Everything goes at T. Dolan & Co.'s store at your own price.

TO THE BUYING PUBLIC.

People of Peterborough, buy no goods after six o'clock to encourage the early closing movement and give the boys a chance to get a mouthful of fresh air; as I am aware you never give them anything but lots of lip. If this is not carried out clubs will have to be used.

Respectfully yours.

J. DOLAN.

Gun Club Fun.

The Gun Club held a shoot on Saturday afternoon. The wind was fair and the enthusiasm keen. The three regulation traps worked to perfection, abbreviating the time of the shoot from an hour and a half, which was utilized formerly with one trap, to three quarters of an hour.

Penalty for His Crime.

County Police Magistrate Elmiston held court at Norwood on Saturday. A man by the name of Sharp, who was in a beastly state of intoxication and acting in a rowdyish manner at the celebration on Friday was arrested by the reeve of the village, John Finlay, and assisted by a few bystanders, the drunk and disorderly one was locked up. He was brought up for trial Saturday and the County Magistrate fined him $20 and costs or two months in the county gaol. He took the months. A warrant has been placed in the hands of the constable for a brother of Clark's who is charged with being drunk and fighting on the streets.

Ho, There!

Say, do you know this magnificent excursion and picnic on civic holiday to Hastings is by far the best on the list. Why, just think of the sports and amusement for everyone! It is crowded with attractions. The committee have secured a grove that has no equal for holding a picnic—grand fishing point, having no superior in Ontario. Big list of sports. Dancing, pleasure and enjoyment in variety for all. Fresh air outing. A genuine day's solid comfort and benefit you may have by taking advantage of this monster excursion. Always be with the best. Everything is perfect and complete. The committee have made proper arrangements in every detail. The triple combination of the C.M.B.A., E.B.A. and C.O.F. societies is sufficient guarantee that this excursion has no equal on the above day.

A Fine Carload of Horses.

Mr. R. Marian, of Montreal, and Mr. T. Cavanagh, proprietor of the Belmoral Hotel, have been purchasing as fine a class of horses as was ever bought in this section. They shipped a carload to Montreal on Saturday by C.P.R. for the old country. The total shipment numbered 16, and they were purchased principally around Owen Sound and Orangeville. A magnificent trotter bought in Owen Sound cost $390, while another purchased in Orangeville cost $240. A beautiful chestnut was bought of Mr. Quinn in Smith for $200. Messrs. Cavanagh and Marian also paid Dr. Fraser, of Lakefield, $200 for a speeder that can cover a mile in three minutes quite easily. Another beautiful animal was brought from Mr. George Graham, of Peterborough, at a cost of $200. They will shortly buy up another carload of horses in and around Peterborough. The horses just shipped were the finest and best lot of horses that money could buy.

Something to See and Learn.

When one goes on an expedition there should be an object in view. This object is generally pleasure, when one takes in a civic holiday excursion. But when instruction can be combined with pleasure, so much the better. Every mechanic should see the Suspension and Cantilever bridge at Niagara Falls. They are among the finest engineering works on the continent. Travellers come thousands of miles to see Niagara Falls. You can see the whole thing for $2 25. The cost is absurdly low. You can take three days for the trip if you like, or shorten it at pleasure. Talk about what you will see elsewhere, no such sight is offered by any other excursion. Splendid travelling facilities, C. P. R. to Toronto and steamers to Lewiston, rail to the Falls. Buffalo tickets only $2 25. Interesting services now going on at Grimsby. Toronto tickets only $1 75. Always something stirring in Toronto. Take the Foresters' excursion on civic holiday. 1438

Tremont House, Lakefield.

Col. Gibson the new proprietor is creating new attractions and making improvements every day. The premises throughout are kept exceedingly clean and tidy. Several handsome pieces of silver plate have been added to the dining room. The entire arrangement of the interior is elegant, homelike, attractive. One of May's new rubber cushion tables has been placed in the billiard room. The bar is well supplied in every sense and well kept. The bedrooms newly furnished and newly carpeted are neat, clean and soothing. The bath rooms are complete in every respect. In the grove on the grounds a large marquee, furnished with luxurious easy seats is placed at the disposal of the guests. From the trees here and there hammocks are swung, and tables and seats are placed in different parts of the shady grounds. Careful attention is paid all the guests in order to promote their comfort and enjoyment; the dining room department is decidedly superior, with clean apartments, fresh air, polite attendance, and shady retreats, the Tremont House will make a delightful home for a few weeks.

Citizen's Excursion Notice.

All going the round trip of the lakes from **Chemong to Lakefield** will notice that the **special train, chartered for this excursion only leaves the G. T.R. station at 7 a.m. and not at 8.30, as that train takes the firemen to Chemong, therefore come early and avoid the rush.** Also that the steamer Golden City, the fastest boat on the lakes, continues the trip thereby allowing 2 hours to be spent at Buckhorn village and rapids, 1 hour at Burleigh Falls, 3 hours in Stony Lake and 1 hour at Juniper Island store. Refreshments and lunch can be had on board and good hotel accommodation can be found at Buckhorn and Burleigh. Hot water for tea provided. Round fare tickets reduced to 80c, children half price. Tickets can be procured from the stores of Fairweather & Co., Metropolitan Grocery, P. Connell & Co. and office of Canadian Loan and Savings Co. Also on morning of excursion from Committee at G.T.R. station, 2d

News Nuggets.

—The main streets of the town have been scraped again by a gang of men.

—The Ashburnham school board will hold a special meeting to morrow night.

—Something new in Fancy Table Covers at Miss E. MELVILLE'S, 424 George street, Stamping done.

—Four young men in an intoxicated condition created a disgraceful scene on Hunter street Saturday afternoon.

—Mr. R. Carton is the champion fisherman at Chemong Park. He has captured 23 muskinonge so far this season.

—Belleville's civic holiday is on Wednesday next. A number of excursions will leave the city for different points.

—The schools in the country opened for the Fall term to-day. The schools in cities towns and incorporated villages open on the 29th inst.

—Mr. R. N. Scott, proprietor of the bi-daily 'bus line between Peterborough and Chemong Park carried 38 people to the latter resort on Saturday night.

—While Mr. Thos. Allen and wife, North Monaghan, were attending church on the 7th inst., some one entered their house and stole $16. There is no clue to the burglars.

—The Belleville baseball club will play the Princess street nine, Kingston, at Watertown on Wednesday next. On Thursday they will play the Peterborough's at Belleville.

—The horse attached to J. W. Brisbin's delivery waggon ran away on Saturday afternoon near St. Peter's Cathedral while delivering parcels. The vehicle was somewhat smashed.

—The handsome new steamer "Columbian," belonging to Dr. McCamus, Lindsay, will run her first excursion to Chemong Park on Thursday, Civic Holiday. The "Columbian" will ply on the lower lakes.

—The quiet in police circles remains unbroken. There has been no court for the last month in contradistinction to this time last year when police court was held nearly every day during the early part of August.

—Another immense drive of logs is passing down the river at present. They belong to Gilmour of Trenton, and Rathbun of Deseronto. The former has about 60 000 in the drive and the latter firm 80,000. The tail of the drive is at Lakefield.

—The stage coach line to Chemong Park is quite inadequate to accommodate the rush of travel the increasing attractions of the place are causing. It is more than probable that next year an electric railway line will be run to the park.

—The Ashburnham saw mill of the Dickson Company is kept busy sawing ties for shipment on the C.P.R. to various points. The C.P.R. have been loading cedar ties from the mill for the past two months. About a thousand are shipped away daily.

—Mr. Geo. Brown, an employee of the Bell Telephone Company, while working at the corner of Simcoe and Aylmer streets on Saturday afternoon, sustained a painful accident. He was working a grounding rod, which by some means slipped and pierced his foot.

—Miss Annie Patterson, of Hall's Bridge, has written Chief of Police Reazel, that she lost her Geneva gold watch and gold plated fob chain somewhere on George street, Peterborough, last week. Any information regarding to the missing articles may be left at the police station.

—The Pioneer Corps of True Blues, Toronto, were in town on Saturday night for a while. They were returning home from the celebration at Norwood on Friday, where they had taken part. The lodge missed the train and in consequence of which they took a trip to Kingston and were on their way from Kingston to Toronto when they paid Peterborough a lively visit.

—The police received a call between three and four o'clock this morning to quell a family disturbance in Cameron's terrace, McDonald street as a racket was being raised which aroused all the neighbors. An officer responded immediately to the call, but on his arrival he found all peace and quietness. Frequent complaints have been made of the family in question and it would do well for them to take fair warning.

—An amusing sight was witnessed on Saturday afternoon at Hilliard's dam. The Rathbun Co's. drivers were endeavouring to loosen a jam which suddenly moved off. One of the drivers being unable to reach the shore jumped to another log which rolling precipitated him into the water. The unfortunate victim was carried over the dam and down to the Black Bridge before he regained *terra firma*, none the worse after his involuntary experience.

—In St. Catharines according to the auditor's report for the past year the amount collected in fines was less than $100. The city keeps a force of a chief and six constables which they pay high, a man in his first year on the force receiving $1 25 a day. In Peterborough the number of arrests each year is between 400 and 500, while the revenue resulting to the town from fines is close on to $10,000. All this is done with a chief and three constables.

A Serious Accident.

A few minutes before one o'clock a rather serious accident took place. Mr. John Cole, of Sully street, Toronto, was going over the crossing at the corner of George and Charlotte streets. Sloan Bros.' 'bus was going southward, when Cole, who did not notice the 'bus (nor the driver of it notice him) was struck by one of the horses and knocked down, the front wheel of the 'bus which was, fortunately for Cole, empty, passed over his head from the front backward in a line with the ears. The hind wheel was also about to pass over his head when James Watkins another excursionist seized Cole and drew him out of danger. The injured man was carried into Dr. Spears' drug store and the doctor being absent, was removed in a cab to the Morgan house where his injuries were attended to by Dr. Yelland. The injuries to the head are of such a nature that their extent cannot at once be determined. Both ears are cut and there is a deep scalp wound, but effusion of blood from the ears and nose would indicate more serious internal injuries.

The Oddfellows Outing.

The Oddfellows' excursion on civic holiday presents a delightful trip over a new and picturesque route. The trip to Belleville, Glenora and Picton will not be too long and will be varied and full of interest. The special train leaves the G T R station here at 7 o'clock in the morning and in time to reach Belleville at 9.15. It will run direct to the wharf and the excursionists will only have to cross the wharf to reach the boats. Then the sail down the Bay of Quinte to Deseronto, Glenora and Picton will be made in good time by the fast steamer Rocket. Glenora is to be reached in time to allow all to see the sights and arrive in Picton in time for dinner. Then those who desire can see the celebrated Sand Banks. The return trip will be made with all possible speed and home will be reached in good time. This is the treat of the day. Fare for round trip only $1 50; children half fare.

A Complete Cure by HOOD'S SARSAPARILLA.

This is from Mr. D. M. Jordan, a retired farmer, and one of the most respected citizens of Otsego Co., N. Y.

"Fourteen years ago I had an attack of the gravel, and have since been troubled with my

Liver and Kidneys

gradually growing worse. Three years ago I got down so low that **I could scarcely walk.** I looked more like a corpse than a living being. I had no appetite and for five weeks **I ate nothing but gruel.** I was badly emaciated and had no more color than a **marble statue.** Hood's Sarsaparilla was recommended and I thought I would try it. Before I had finished the first bottle I noticed that I felt better, suffered less, the **inflammation of the bladder** had subsided, the color began to return to my face, and **I began to feel hungry.** After I had taken three bottles I could eat anything without hurting me. Why, I got so hungry that I had to eat 5 times a day. I have now fully recovered, thanks to

Christianity and Christian Parents.

Their Influence for Good and What They Have Done—Able Sermon Preached by the Rev. F. Clifton Parker Yesterday in the Baptist Church.

Large congregations assembled in the Murray street Baptist church on Sunday to extend a cordial welcome to their former pastor, Rev. F. Clifton Parker, now of the First Avenue Baptist church, Toronto.

In the morning his words were thoughtful. He spoke from I. Peter 1st chapter and 5th verse, 'Kept by the power of God."

In the evening his discourse was based on I. Timothy 1st chapter and 2nd verse and II Timothy 2nd chapter and 2nd verse:

"Unto Timothy, my own son in the faith, grace, mercy and peace from God our Father and Jesus Christ our Lord."

"Thou, therefore, my son, be strong in the grace that is in Jesus Christ."

The speaker said the mother of Timothy was Eunice, who was a Jewess. His father's name was not known. He, however, was a Greek and a native of Lydia. The grandmother of Timothy was also a Christian. The Apostle Paul came to Lydia to visit Timothy when he was about fifteen years of age, and brought him to a knowledge of truth and the Father. Timothy's father was a proselyte, but through the influence of Paul they were all brought to a knowledge of God, from Judaism unto Christianity. Several years afterwards Paul returned and found the young Timothy, who was now about twenty-two, a hearty Christian worker. Timothy was about 35 years of age when Apostle Paul first wrote his epistle unto him. At Lystria Paul was mobbed and hooted and persecuted by the Jews. He however returned within the walls of the city, after being flogged. Here in Lystria it was that Apostle Paul saw

HEATHEN BRUTALITY AT ITS WORST

and Christian tenderness at its best. Compensation was certain to follow suffering, woe and misery such as Paul endured at Lystria. No doubt Paul would have been glad to pass through the same experience again, for out of it he was to be rewarded by the conversion of Timothy and of those around him. The Lord to-day always repays, compensates us a thousand fold for all our suffering and hardships. Judson toiled and suffered for years in Burmah without any material result. But it was a glorious work to day, for on the same spot where the faithful missionary, three years ago, was incarcerated rotting away in a cell reeking with filth and vermin, has been raised the Judson memorial church where many native converts worship the only and true God. The Lord is compensating us all throughout the whole world. Carey spent ten years in India in labor and sorrow before the first native accepted Christ as the Saviour. Stephen's martyrdom received its compensation. Paul's suffering at Lystria was compensated for by the conversion of Timothy. Christ said, "Be thou faithful unto death and I will give you a crown of life." It was impossible to estimate the blessings that come from godly parentage. We did not believe that grace came from blood, but the blood is all the better from the grace. God had promised to bless

THE CHILDREN OF SUCH PARENTS

unto the third and fourth generation. Timothy in his ministerial work was no doubt greatly helped by his Christian parentage. The speaker said it seemed to him that common philosophy like common rumor was the greatest liar in the world. The reason was that people invariably noted the exceptions and not the rule, hence such false expressions as "Ministers' children are the worst in the world." "Tools of Satan he is sure to appear, etc." Statistics proved that nine-tenths of the Christian ministry to day of all denominations was made up of praying mothers and godly fathers. 95 per cent. of the Christian hymnology was composed by ministers in evangelical churches. We owed more for our Christian hymns to Christian parents than any one else. 85 per cent. of Christians in the United States to-day were sons of godly parentage. The speaker would urge upon each mother to teach her children Christian ways and principles. Timothy had a good report of all the churches. Paul in Iconium and all the region round about had a good name. They encouraged all men in the faith round about them. The preacher advised young men and young women to have a good report approved of by man and accepted of God—grandest things. Timothy became an Apostle and was the first missionary to Europe. Paul, Timothy, Silas and Luke first

CIVILIZED AND EVANGELIZED

the nations of Europe from which we in Canada have received our blessings to-day. Europe received her civilization from those first Christian missionaries. The first missionary to Canada was Father Haron. He was laying the foundations of a Christian empire when Champlain sailed up our shores. Pizarro took priests with him to Peru and South America, Livingston to South Africa, and so in every nation that has been visited, they have been civilized by the missionaries of Jesus Christ. Timothy was a man of wonderful influence, strong friendship and deep sympathy. His only fault was timidity but where was the man unless he be the biggest egotist in the world, but had not some weakness? Young Christians could often stand rebuff and rebukes in the face better than harsh sneering criticism. The speaker closed with an earnest exortation for the church to give more encouragement and help to the young, that we all might through Christ's influence have a higher ideal of ourselves, our spiritual life, our opportunities and our missionaries laboring in foreign fields.

Our Forester Friends

Arrive in Town From Toronto—Some 700 Strong—Sports, Games and Amusements in the Park this Afternoon.

The fourteen courts of the Canadian Order of Foresters, Toronto, arrived in town to-day with hundreds of their friends. The visitors came down on two specials, the first of which with nine coaches attached and bearing 500 passengers steamed gaily into the G. T. R. station at 11 45 o'clock. The other with ten coaches reached Peterborough shortly before one o'clock with between 200 and 300 passengers on board. The excursion was run under the auspices of the 14 Toronto courts comprising both the Eastern and Western districts.

Following are the names of the Courts:—Courts Ross, Davis, Queen City, North Toronto, Eureka, Equity, Toronto Civic and Homewood, Eastern district, Occident, Drummond, Capital, Ivanhoe, Crown, and Parkdale, of the Western district. Bro. Edward Towe, High Chief Ranger, of London, and Bro. R. A. Dixon, ex-member of executive committee, accompanied the excursion who were met at the station by the officers and several members of the four local Courts. The committee in charge of the excursion has for its chairman Bro. R. B. Rice, D.D H. C. R., Eastern District, while Bro. S. D. Rogers D.D.H.C.R., Western District, is the secretary of to-day's events. This afternoon a fine programme of sports and games is being carried out in the Central Park. There are some 16 interesting events to be run off under the auspices of the visiting courts. The excursionists will leave at 6.30 o'clock this evening for home.

AT THE CENTRAL PARK.

At the Central Park an impromptu meeting was held. At the request of D D H.C.R. Nesbitt, Bro. J. R. Stratton, M.P.P., took the chair and made a few remarks pertinent to the occasion, welcoming the Foresters to Peterborough, and eulogizing the several fraternal and beneficiary features of the order. He called on

MAYOR KENDRY, who on behalf of the town, welcomed the visitors and gave them the freedom of the best town in Canada, and hoped they would enjoy themselves.

BRO. ED. TOWE, High Chief Ranger then made a brief address on Forestry pointing out its beneficial features, and particularly dwelling upon its flourishing condition in the flourishing town of Peterborough.

BRO RICE, chairman of the excursion committee also made a few remarks referring to the pleasant reunion of Foresters' representing the two largest strongholds of the order in Ontario, Peterborough in the number of courts and strength of membership ranking next to Toronto, which headed the list.

BRO. DIXON, High Court solicitor and P. D.D H.C R. McKendry, also made very congratulatory remarks suitable to the occasion.

There were on the platform besides the visiting brethren, Bros. H. Nesbitt, D D., H.C R. W. Robinson, P C R., Court Peterborough and A. Carpenter, P.C.R., Court Peterborough.

At the conclusion of the speaking cheers were given for Peterborough and Toronto Foresters, the town of Peterborough and the Queen, and the sports and games were entered into.

NOTES OF THE DAY.

The Tecumseh Lacrosse Club and the Arctic Baseball Club came down with the party and are playing the corresponding clubs of Peterborough matches this afternoon.

The excursionists left the Union station, Toronto at 7 45 o'clock this morning.

The visiting officers and brethren are being given a loyal receptions by the Peterborough Foresters.

The Excursion Committee has it headquarters at the Morgan House.

This is the first annual excursion the Canadian Order of Foresters, Toronto, ever run and their venture has proved to be a phenomenal success although the day is Toronto's Civic Holiday and there are many attractions at home.

Sports and Premiums.

Well Worth Competing for at the Grand Union Excursion to Hastings on Civic Holiday.

By request the EXAMINER publishes a list of sports and prizes to be donated at the great union excursion of the C.M.B.A., E.B.A. and C. O. F. to Hastings on Thursday next, Civic Holiday. All the following events will be carried out in Johnston's grove where the party will picnic.

WATCH REPAIRING!

This season, so far, has been a very busy one in our Watch Repairing Department. People are surprised at the excellence of our workmanship, having been under the impression that work, of such a high grade, was not possible outside of the large cities. This department is under the charge of a strictly first-class specialist, who thoroughly understands his business in all its details. Our charges are remarkably low considering the quality of the work.

"El Padre" *PINS.*

VICTIM OF CIDER DRINKING.

Mrs. Nicholas O'Brien Murdered by Her Husband at Litchfield, Conn.

NEW HAVEN, Conn., Aug. 13.—Nicholas O'Brien, who lived with his wife and two children in a dilapidated farm house two miles from Litchfield, in the Milton-road, came home drunk late Tuesday night. He grabbed his wife by her hair, kicked and beat her and drove her outdoors. There he kicked and pounded her again, choked her till she was nearly insensible and pushed her into the woods by the roadside.

Two hours later Mrs. O'Brien was found covered with mud and blood and in a dying condition. She died soon after, and her husband has been arrested for murder

Six years ago when O'Brien married Miss Katie Heron of Litchfield he was industrious and sober. He formed a taste for hard cider, the tipple of the neighborhood, and notwithstanding his wife's warnings became a hard drinker. His crime is the sixth murder caused by cider drinking in Litchfield County during the last 10 years.

A DOUBLE MURDER.

Two Chinamen Killed by a Brother Celestial at Rivers' Inlet, B.C.

VICTORIA, B.C., Aug. 13.—A murder was committed at Rivers' Inlet, B.C., by a Chinaman named Wing, employed at Shotbolt's cannery, and his victims were two brother Celestials employed in the cannery. The murderer had been accused by his companions of stealing $600 from the company's safe. They threatened to tell the manager.

While the Chinamen, 16 or 17 in number, were at breakfast one of the white men engaged at the cannery came in to see one of the Chinamen. Wing evidently thought that the Chinamen were about to tell the white man that they suspected him (Wing) of having robbed the safe, for he immediately opened fire on them with a Winchester repeating rifle. Two of the Chinamen were killed outright and three others were wounded.

The murderer and the bodies of his victims will be brought to Victoria.

CHRYSLER CONVICTED.

The Man Who Swindled School Teachers Found Guilty.

SIMCOE, Ont., Aug. 13.—The Sellarville Schoolmaster Chrysler, who swindled school teachers in various parts of Ontario by inserting an advertisement in The Globe offering engagements to any and all parties answering his advertisement, was Friday convicted of fraud. Sentence was deferred pending the decision of the courts as to other cases.

A GOLD CURE THAT'S GILT.

A Western Whisky Remedy Declared to be Worthless.

COUNCIL BLUFFS, Iowa, Aug., 13.—A rival to the gold cure, the French League Safety Cure Co., of Sioux City, has been declared bogus by U.S. Commissioner F. M. Hunter and C. C. Cook of this city. The two were induced to invest $10,000 in it, which they have now brought suit to recover. They say the remedy is only a common treatment known to all physicians, is not very efficacious and contains dangerous ingredients.

The Monetary Conference.

LONDON, Aug. 13.—Arrangements for the meeting of the International Monetary Conference are progressing. The selection of Dresden finds approval among the English delegates. In regard to the personnel of the English representatives Mr. Currie is the strongest man appointed. He has no tendency whatever towards *bi-metallism*. On the contrary, he is sound for a single standard. His appointment has special significance for the American Government, as meaning that his influence will overrule any inclination of his co-delegates towards an arrangement satisfying America. Of the other delegates Sir C. W. Fremantle is a mono-metallist, Sir W. H. Houldsworth and Gen. Strachey are bi-metallists, and Mr. Murray, who is a treasury clerk, is neutral.

Lord Rosebery Will Not Join.

LONDON, Aug. 13.—The Daily Telegraph says: "It is understood that Lord Rosebery will not join the new Cabinet. Should this prove true Lord Kimberley will probably accept the Foreign portfolio with the leadership of the House.

The Meteor Wins Again.

LONDON, Aug. 13.—The Meteor, Emperor William's yacht, won a match around the Isle of Wight yesterday by 47 seconds, after an exciting finish. Queen Mab was second and Lerna third.

Governor of Bagdad Dead.

CONSTANTINOPLE, Aug. 13.—The death is announced of Suleiman Pasha, Governor of Bagdad.

10 YEARS' IMPRISONMENT.

Falsified the Books and Embezzled 4,400,000 Marks.

BERLIN, Aug. 13.—Anton Wolff whose was failure in 1891 caused a great sensation, sentenced yesterday to 10 years' imprisonment and the loss of his civil rights for five years. The investigation into affairs of his bank showed that *books* had been falsified and that he had embezzled 4,400,000 marks. Another banker named Leipziger, who assisted Wolff, was sentenced to 10 years' hard labor.

Tragedy in Vienna.

VIENNA, Aug. 13.—A clerk in the city named Johann Singer, who has been out of employment, and who saw no means of supporting the woman with whom he was living, and by whom he had three children, determined to kill them and then commit *suicide*. The means employed was burning charcoal. He started the fire in the room in which the women and children were asleep and inhaled the fumes. They soon died. Singer remained in the room and from appearances he too died shortly after his victims.

A most estimable lady almost destroyed until Dr. Butler's Golden Pills came to the rescue. After their use for a short time she was able to resume her duties, after suffering untold misery from nervous prostration and the ills that attend that most distressing disease. These, if not checked in time, lead to insanity and death. Golden Pills are guaranteed to cure all nervous and blood diseases.

Across the Continent

Wm. Renwick, M.D., M.R.C.S., of Victoria, B.C., writes: I have used Miller's Emulsion of Cod Liver Oil in cases of indigent patients with the most gratifying results. It does not upset the stomach, is easily assimilated and possesses undoubted power in rebuilding weakened constitutions, where the ordinary form of administering Cod Liver Oil is not admissible. For the future, whenever I have occasion to prescribe any preparation of Cod Liver Oil, I will give Miller's Emulsion the preference, being perfectly satisfied with its therapeutic efficacy. GOSSIP!

"Dear me, these are the most beautiful photographs I ever saw."

"Yes, they certainly are very fine and elegantly finished, besides, they are permanent."

"Do they cost more than before."

"No, not to us, though the material is much more expensive, yet Mr. Sproule believes in having the best obtainable. He says nothing is too good for his patrons, and these certainly bear out his statements; and his studio is so convenient—no stairs to climb yourself, nor have you any fear about the children."

"Yes, I have heard about the ground floor studio being so convenient,—but these photographs."

"August Flower"

Mr. Lorenzo F. Sleeper is very well known to the citizens of Appleton, Me., and neighborhood. He says: "Eight years ago I was taken "sick, and suffered as no one but a "dyspeptic can. I then began taking August Flower. At that time "I was a great sufferer. Everything I ate distressed me so that I "had to throw it up. Then in a "few moments that horrid distress "would come on and I would have "to eat and suffer "again. I took a "little of your medicine, and felt much "better, and after "taking a little more "August Flower my "Dyspepsia disappeared, and since that time I "have never had the first sign of it. "I can eat anything without the least fear of distress. I wish all "that are afflicted with that terrible "disease or the troubles caused by "it would try August Flower, as I "am satisfied there is no medicine "equal to it."

POINTS ON PAVEMENTS.

Vitrified Brick as Material Proposed by a Boston Paper.

Under the heading, "A Road to Fortune," the Boston Real Estate Record has the following to say on the subject of street pavement:

One of the roads to fortune and fame lies in the subject of street pavement. The one who discovers the material that will stand all tests will rank among the greatest of public benefactors. Durability combined with the least cost is the chief point to attain; a substance that will stand the test of heavy traffic as well as making a smooth, easy-going roadbed.

Granite is too expensive for a pavement of the future and requires too much care in maintaining. Asphalt is excellent for boulevards and light driving, provided it is laid in right proportions. For a business street it is not a success. This is amply demonstrated in that section of Water street, Boston, between Congress and India streets and it is surprising that more serious accidents do not occur than the falling down of horses in unexpected moments. This is bad enough in itself and the city street department should attend to the often treacherous condition of the asphalt, especially when it is wet.

Vetrified brick seems to be the acme of paving materials at the present time, although the progress thus far made in its use is not what it should be. To get a material manufactured by chemical process is the "open sesame," and no doubt American genius will discover the "missing link" and perfect the desired combination. There is a good field for those interested in vitrified material for street paving on the shores of Cape Cod. Not far from the southern coast of the cape are acres of heavy blue clay, and close at hand is a peculiar black sand containing a large percentage of iron. Experiments with these two substances have produced most satisfactory results, giving a vitrified substance that will withstand the hardest blow and capable of great wear. It will pay capitalists and others to look into the riches of Cape Cod. Possibly there is more wealth there than the average investor is willing to believe.

Aphorisms.

Next to excellence is the appreciation of it.—Thackeray.

A verse may find him when a sermon flies.—George Herbert.

Habits are soon assumed; but when we strive to strip them off, 'tis being flayed alive.—Cowper.

The wise prove, and the foolish confess, by their conduct, that a life of employment is the only life worth lending.—Paley.

The despotism of custom is on the wane; we are not content to know that things are; we ask whether they ought to be.—John Stuart Mill.

Poverty is hard but debt is horrible; a man might as well have a smoky house and a scolding wife, which are said to be the two worst evils of our life.—Spurgeon.

In the lottery of life there are more prizes drawn than blanks, and to one misfortune there are fifty advantages. Despondency is the most unprofitable feeling a man can indulge in.—De Witt Talmage.

Honest good humor is the oil and wine of a merry meeting, and there is no jovial companionship equal to that where the jokes are rather small and the laughter abundant.—Washington Irving.

Why destroy present happiness by a distant misery, which may never come at all, or you may never live to see it, for every substantial grief has twenty shadows, and most of them shadows of your own making.—Sydney Smith.

Duty is a power which rises with us in the morning and goes to rest with us at night. It is co-extensive with the action of our intelligence. It is the shadow which cleaves to us, go where we will, and which only leaves us when we leave the light of life.—Gladstone.

What sculpture is to a block of marble, education is to a human soul. The philosopher, the saint, and the hero, the wise, the good, and the great man, very often lie hid and concealed in a plebeian, which a proper education might have disinterred and brought to light.—Addison.

The Chinese pay their doctor only so long as he keeps them in health. They believe in preventing rather than curing diseases. This is sound sense, and one of the strongest recommendations of Ayer's Sarsaparilla, a medicine which not only cures diseases but prevents them.

The Four Cardinal Points.

The four cardinal points of health are the stomach, liver, bowels and blood. Wrong action in any of these produces disease. Burdock Blood Bitters acts upon the four cardinal points of health at one and the same time, to regulate, strengthen and purify, thus preserving health and removing disease.

The Head Surgeon

Of the Luben Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensations about the scrotum, wasting of the organs, dimness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function wanes in consequence. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to man. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flashes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart beat quicker than the first, pain about the breast bone, etc., can positively be cured. No cure, no pay. Send for book. Address M. V. Luben, 24 Macdonell ave., Toronto, Canada

A Pleasant Herb Drink.

The best cure we know of for constipation and headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs, and is made for use by pouring boiling water onto the dried roots and herbs. It is remarkably effective in all blood disorders, and is now the sovereign remedy for ladies in clearing up the complexion. Druggists sell the packages at 50c and $1 dw

Their gentle action and good effect on the system really make them a perfect little pill. They please those who use them. Carter's Little Liver Pills may well be termed "Perfection."

The Queen's Railway Cars.

The Queen's two railway saloons for continental journeys, which are the private property of Her Majesty, are kept in Brussels to be placed at the disposal of the Empress Frederick when she comes to England in September. These carriages, which are connected by a passage, are fitted with electric bells and lighted with oil lamps, as the Queen does not like the electric light for reading and writing. The day saloon is furnished with sofas, armchairs and various kinds of footstools, all covered in blue silk with fringes and tassels of yellow; the walls are hung with blue and pearl-grey silk brocaded with the rose, shamrock and thistle in yellow. There are a writing table of walnut wood, two small tables and one on which meals are served during a journey. The floor is covered with an Indian carpet of dark blue and the curtains are blue and white. There is a separate compartment in front for the Queen's Highland attendant, Francis Clark, successor to John Brown. The night saloon is a large carriage divided into several compartments. The dressing-room is decorated in the Japanese style, and the floor is covered with bamboo. There is a white metal bath and toilet service. The large basins on the washstand, which is covered with dark red morocco, are of the same material. The bedroom is decorated in grey and light brown, and contains two beds. The larger is occupied by the Queen, the smaller by Princess Beatrice. There is another compartment in which is stowed the luggage needed by the Queen during a journey, and the two maids who occupy it sleep on sofas.—Edmund Yates.

Bread and Baby.

The baby is a mighty lever, and somehow I've always harbored the idea that the sportsman who goes to a farmhouse after provisions and finds a baby there and then comes away without the grub must be an awful duffer. Praise the baby and the bread is yours; and then, oh! tactful man, praise the bread! Insinuate that it looks so tempting that you must try it at once; eat a bit and keep right along praising baby and bread, and as you leave the home praise God, from whom all blessings flow, that the female heart is not only noble and kind, but wondrous easily reached by a trifle of "soft sawder." When her man comes in for supper she'll say, "Wa'al, I vum, Jim, ef ther warn't the nicest, slickest feller here terday a buntin' fur some bread, an' he gin baby a hull quarter. He sed he wuz huntin'—an', say, Jim, he wuz all-fired good-lookin', tew." You may have been as homely as half-past seven, but that doesn't matter. You admired her baby and could not keep your teeth out of her bread till you got out of the house—and, well, you're all right!—Ed. W. Sandys, in Outing for August.

Yankee Ingenuity.

Uncle Dennet, of Cape Elizabeth., Me., who supplies the cottagers with milk, eggs and garden truck, has a rig that attracts a good deal of attention. It consists of a two-year-old bull with a ring in his nose, bearing a crooked yoke on his neck, harnessed to a flat bottomed cart, which will float in the water. The animal is driven by Mr. Dennet like a horse. Reins of rope are attached to the ring in the bull's nose; passing up over the horns through rings attached to them. With this queer team Mr. Dennet makes the trip to the beach two or three times a week, fording the Spurwink River at high tide. The bull swims the river like a dog and the cart floats like a boat, and will sustain the weight of Mr. Dennet and his load of produce safely. When Mr. Dennet and his unique team are seen approaching, the cottagers throng the banks of the river to see him make the passage.

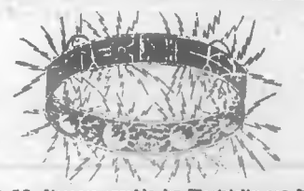
DORENWEND ELECTRIC BELT And Attachments.

HEAD OFFICE—103 Yonge St., Toronto

THE WORLD'S BEST.



ALL diseases curable by Electricity can be treated at home by the Dorenwend Appliance. The Dorenwend is the only legitimate Electric Belt made which fulfils the requirements of Electro-medical science. It is a complete Body Battery. It has an independent Battery, which generates a mild, continuous current of Electricity (without shocks) and can be regulated to suit the strongest man or the weakest child. It is a Current of Quantity, not merely a sensation current, and the quantity current is the greatest curative. It is a successful treatment for Indigestion, Rheumatism, Neuralgia, Sciatica, Lumbago, Liver and Kidney Troubles, Weak Back, Spinal Diseases, Heart Disease, Nervous Debility, Paralysis, Vertigo, Female Complaints, Impotence, Sexual Decline and all diseases of the Nervous and Muscular Systems.

Remember that the Dorenwend Belt is the very latest invention in this line, and was invented by a competent electrician, and combines the best in the world; we defy anyone to bring proof to the contrary.

Do not clean this Belt with two hundred combinations of leather and metal with which the country is being deeded. If you wish to experiment with cheap articles, buy them. If you want to procure a genuine Electric Belt and one that will be a benefit get a Dorenwend Belt.

Send name and address for Illustrated Book on Home Electro-medical treatment and mention this paper. J. D. JULLY, Agent, Peterborough. odw

LORD ROSEBERRY DECLINES TO BE FOREIGN SECRETARY.

Ill-Health Alleged to be the Cause—Gladstone Has Numerous Conferences With Probable Members of His Cabinet—Notes and Essays of the Situation.

LONDON, Aug. 15.—Mr. Gladstone after attending church Saturday resumed his reception and his conferences with intended colleagues. He held a conference of two hours' duration with Sir William Vernon Harcourt, Lord Spencer, Lord Kimberley, Mr. John Morley and Mr. H. Campbell-Bannerman. The absence of Lord Rosebery on this occasion is regarded as significant. He went to his country seat yesterday.

THE SALISBURY MINISTRY.

Gossip About Mr. Gladstone's Appointments—Will Labouchere Receive One.

LONDON, Aug. 15.—Lord Salisbury returned from Osborne Saturday, having handed the seals of office to his reluctant mistress. Mr. Gladstone will follow with one visit, probably two, a necessity that fastens the public attention somewhat discontentedly on the situation.

Beyond the facts that Lord Rosebery will be Foreign Secretary, Sir William Harcourt Chancellor of the Exchequer and Mr. John Morley Irish Secretary, nothing yet is settled with respect to the formation of the new ministry.

Next to the appointment of Lord Rosebery the question that excites the largest measure of interest in the public mind is whether Mr. Labouchere will get anything, and if so, what. It is pretty certain Mr. Labouchere will have an office offered to him, even of Cabinet rank, some gossips say. What is more uncertain is whether he will accept it.

To Mr. Labouchre acceptance would involve large sacrifices. He would have to abandon the agreeable position he now fills of farceur and of free lance in the House of Commons. Moreover, he would have to give up the proprietorship and editorship of Truth, an interesting journal which brings him in £13,000 a year, and the unrivalled opportunity of saying things. This matter has, I believe, been discussed from a business point of view, and it is suggested that the journal might be transferred temporarily to other proprietorship. But Truth is Labouchere; the nomenclature is exchangeable, and with his piquant personality and ready pen withdrawn the property would be seriously, even permanently, injured.

Mr. Chamberlain has increased his parliamentary reputation by his speech on the no-confidence vote. He had a magnificent audience, the House being full to the utmost limits in anticipation of a division. So great was the pressure that the Speaker authorized chairs being set forth in the lines flanking the benches, a thing seen only once in parliamentary history, when Mr. Gladstone explained the provisions of the Home Rule Bill in 1886. Mr. Chamberlain's main object in his speech was to show that Mr. Gladstone's majority held within it seeds of inevitable disruption, and that the only chance of salvation for him and the Liberal party was to go over to the dissentient Liberals.

The division was in some respects the most remarkable recorded in history. Of 670 members composing the House, only three were absent. Of these, two had paired and one was in Australia, he being paired off with the Speaker, who ranks as a Dissentient Liberal. This left the Gladstonian majority at its precise number of 40, established at the general election. This total of the poll does not appear on the face of the figures, which show only 660 voting, but two seats are vacant, and the four tellers and the Speaker do not appear in the division lists. So urgent was the whip on both sides that sick men, at the peril of their life, came down to vote. One was brought in the personal charge of his doctor, who, although it was midsummer, had a fire lit in one of the committee rooms, and there tended his patient till the division bell rang.

HER CARGO ON FIRE.

Foundering of Another British Steamer—No Lives Lost.

LONDON, Aug. 15.—The British steamer Empress of Japan, Captain Lee, from Hong Kong by way of Yokohama, for Vancouver, has returned to Takodadi, with her cargo on fire. The flames have been quenched. Part of her cargo was discharged in a slightly damaged condition. All her passengers are well.

The British steamer Elpitna, 462 tons, trading in the Levant, has foundered at sea. Her passengers and crew were rescued by a passing vessel, and have been landed at Tripoli.

The British steamer Mendelssohn, Captain Sawyer, from Liverpool for Montreal, is ashore near Portoferry, County Down, Ireland. She is badly damaged, and lies dry at low water.

The Inman Steamship Company.

SOUTHAMPTON, Aug. 15.—Yesterday the authorities of the town and the Southampton Harbor Board agreed, if the Inman Steamship Co. promise to move their line to that port for 10 years, to deepen the channel so that their vessels can go up to their locks at any time. The cost of deepening the channel will be $80,000.

The Canadian Member for Longford and the Irish Section.

LONDON, Aug. 15.—It is stated on good authority that there will be a meeting of the Irish sections on Tuesday, at which another effort will be made to compose the differences between the rival parties. Mr. Blake, the Canadian member of Parliament for Longford, has brought about the meeting, but it is not generally believed that an agreement will result.

Rebel Villages Burned.

LONDON, Aug 15.—A dispatch to The Times, from Tangier, says that the Sultan's troops who were driven back upon Tangier a few days ago by the rebel Anghera tribesmen have been reinforced by the Mesmoda tribesmen. On Saturday morning the combined forces moved forward into the Anghera district. They met with no opposition. Two deserted Angherite villages through which the Sultan's forces passed were set on fire and destroyed. After burning the villages and setting fire to the bushes in which the enemy might find a hiding place, the troops returned to Tangier. None of the rebels were met with. One report current is that the Angheras have fled, having disagreed among themselves.

His Health Is Bad.

LONDON, Aug. 15.—Mr. T. P. O'Connor, writing in his paper, The Sunday Sun, declares that the sole reason why Lord Rosebery hesitates to enter the new cabinet is that his health is bad; that he has suffered from insomnia since the death of his wife. "The talk of a difference of policy between Mr. Gladstone and Lord Rosebery," adds Mr. O'Connor, "is all moonshine. Mr. Fowler and Mr. Asquith will be among the new men."

Uneasiness in Financial Circles.

LONDON, Aug. 15.—Discount was a shade firmer the past week at 1 for three months and ½ for short. The continuous fall in silver causes uneasiness in financial circles besides the fall endangering business relations with the east and loss through investment in silver countries is becoming serious. On the Stock Exchange business remained very quiet throughout the week.

Cholera Returns.

ST. PETERSBURG, Aug. 15.—The cholera returns from the whole of Russia for the 11th inst. show a large increase in the number of new cases as well as in the mortality. There were reported 9177 new cases and 5000 deaths.

"Look me in the face! My name is 'Might have-been!'
I am also called 'No more.' 'Too-late,' 'Farewell!'"

The poet who wrote the above, must have been in the last stages of consumption. Perhaps he had only learned, for the first time, that if he had taken Dr. Pierce's Golden Medical Discovery in his earlier illness, he would never have reached his present hopeless condition! What can be more sad than a keen realization of what" might have been?'

Physicians now admit that consumption is simply scrofula in the blood attacking the lung-tissues. It is never safe to allow the blood to remain impure, and it is especially reckless when such a pleasant, harmless remedy as Dr. Pierce's Golden Medical Discovery will drive every taint of scrofula or impurity from the system, causing a current of healthy, rejuvenating blood to leap through the veins.

A FASHIONABLE CUT

Is what you get in our $7.50 and $10 00 Suits. These two lines have had an immense run this season and we have just added six more new patterns to our already large range at that price for the August trade. These Suits are made of

FINE IRISH AND CANADIAN TWEEDS, SERGES AND WORSTEDS,

and lined, trimmed and made like the finest custom work. So many young men who have been accustomed to pay from $15 to $20 for ordered suits are now buying our READY-TO-PUT-ON SUITS at $7.50 and $10. The Pattern of Goods for our Boys' Clothing are of especial beauty and represent the choicest of the world's looms. And we know from experience that boys between 14 and 19 years old are more particular and fastidious than the average man in the styles they wear. They have ideas of their own—youthful tastes, sprightly notions—and our clothing meets their requirments to a T. We show hundreds of different styles; every one a beauty. Single and Double-Breasted Suits; Plaids and Checks; Solid Colours and Mixtures; and the prices to suit all purses, lean or fat—$3.25, $3.95, $4.50, $5, $5.50, $6.50, $7, $7.50, $8.50, $9.50, $10. STRIKERS FIRE THE CARS

INCENDIARISM CALLED INTO PLAY AT BUFFALO.

The Sheriff Unable to Meet the Threatened Trouble, So the Militia Are Called Out—All Quiet at 1 O'Clock, But Extended Trouble Is Expected.

BUFFALO, Aug. 16.—The striking switchmen renewed their lawless work yesterday and the burning of cars continues. There are fifty freight cars now on fire between Lancaster and Cheektowaga and nothing can be done to save them, as they are outside the city line and engines cannot be got to them. There are probably 1500 cars between Buffalo and Lancaster, and unless something is done to stay the progress of the flames they will all be destroyed. The sheriff is swearing in a large force of deputies and the police department are swearing in specials. Everything is at a dead standstill on the Erie and Lehigh yards to-day. Upwards of 100 cars have already been burned.

Frank Sweeney, Grand Master of the Switchmen's Mutual Aid Association, who is here, said yesterday that he had already taken official action in the way of discouraging lawless acts, and would do so again at to-night's meeting, which he thought would be a large one. He said: "The strike has spread to Waverly and will probably spread to Hornellsville and Bradford, where the switchmen are dissatisfied. It has not spread to any other roads in Buffalo. We have come to an agreement with the W.N.Y. & P. on a 10-hour basis, and will have no trouble with that road. A conference with the general superintendent of the B., R. & P. has been arranged for to-day. He is coming here and I expect that a settlement on the 10-hour basis will be made."

Mr. Sweeney further said that the Erie and Lehigh switchmen here had not been treated in such a way as to keep them in good humor. Their advances had been spurned by those in high authority.

Switch Lights Stolen.

BUFFALO, Aug. 16.—A little before 2 o'clock Monday morning Erie car No. 38215, loaded with lumber, was set on fire at the Western New York and Pennsylvania railroad shops. But little damage was done before the fire department put the fire out. At the same time all the switch lights on the Erie between Smith-street and the Western New York and Pennsylvania target were stolen. It was then impossible to tell how the switches were set.

The Trouble Growing Worse.

BUFFALO, Aug. 16.—President McLeod of the Lehigh Valley Railroad has offered a reward of $5000 for the apprehension of any person or persons inciting the riots here. At this writing the trouble is growing worse. Conductor Neville, who was injured yesterday, is dead, and his assailant is unknown. There are nearly a score of injured people at the hospitals, and these institutions have been advised by the police to be ready for any emergency which may arise during the night.

The Strike May Extend.

NEW YORK, Aug. 16.—The strike of the switchmen and train hands of the Lehigh Valley and Erie Railroads at Buffalo may extend to the yards at the various railroads in Jersey City. The men complain they are required to work from 12 to 15 hours a day, and they want to be paid extra for every hour they work over 10 hours a day. They also want an advance in wages. There are 2800 men employed in the Jersey City yards.

Traffic Goes On.

PHILADELPHIA, Aug. 16.—The switchmen's strike on the Lehigh Valley Railway, while viewed with seriousness by the Reading management, occasions no apprehension as to the outcome. Men in numbers more than sufficient to fill the places of the strikers have been secured, they say, and thus far there has been no absolute stoppage of traffic and none of the perishable freight has been stopped.

No Riot But the Militia Is Ready.

BUFFALO, N.Y., Aug. 16.—No disturbance is reported up to 12.30 a.m. at the Cheektowaga yards except the burning of one car at 8.30 p.m. The 74th regiment and 65th regiment are assembled at their armories ready to move at a moment's notice. There has been nothing approaching a riot, although large crowds are strung out throughout the neighborhood.

The 65th Regiment has been sent to Cheektowaga to guard the Lehigh Valley and Erie yards. The 74th Regiment has been sent to protect the New York Central and West Shore properties, it being feared that the switchmen on these roads may go out to-night.

Fighting Contract Labor.

CHATTANOOGA, Tenn., Aug. 16.—Early yesterday 500 miners met at Whitewell, a few miles from Inman, where 250 convicts were at work in the iron mines of the Tennessee Coal, Iron and Railway Company and proceeded in a body toward Inman on a train on which there were some 40 unarmed men going to Inman to increase the guards at the stockade. The miners would not let the train proceed, and held the guards. About 150 of the miners took charge of the guards, while the remainder, about four hundred, went forward to the stockade determined to burn the barrier and turn the convicts over to the guards, put them all on a train and send them out of the country. The telegraph wires have been cut, but it is supposed the miners carried out their program.

Threatened Strike in Paris.

PARIS, Aug. 16.—Five thousand of the Parisian cabmen met yesterday, and the speakers advocated a general strike. No definite resolutions were adopted.

Sabred to Death.

MEMPHIS, Aug. 16.—J. D. Tolbert, a plantation superintendent, was attacked by a gang of drunken negroes near the Second-street bridge late last night and fatally slashed with sabers. The murder was without provocation. The affair has created great excitement and a large posse followed the murderers into the country whither they fled.

Fell From a Scaffold.

OTTAWA, Aug. 16.—George Hepinstall of this city met with a terrible accident at Bearbrook Crossing on Saturday and died yesterday morning from the injuries sustained. He missed his footing on a scaffold and went tumbling head-first to the ground, a distance of 25 or 30 feet. He was picked up unconscious. He died yesterday morning.

THE CANAL DISPUTE.

The Press Approves the Government's Action.

OTTAWA, Aug. 16.—The Citizen, the Government organ, commenting editorially upon the decision of the Government to continue the canal rebate system for the remainder of the season, says: "The Government's action in this matter will certainly commend itself to all who looked to them to adopt a policy in line with their persistent but dignified efforts in the past to secure a permanent settlement of this question, and we congratulate the administration upon a decision so completely in accord with the principles we confidently felt would prevail in council when we said: 'It will be for them to decide to day what line of immediate action will be most likely to promote the permanent settlement of the whole question of international traffic. And in arriving at a conclusion the Government will doubtless be found to have been swayed neither by the injudicious outbursts of well-meaning enthusiasts nor the silly ramblings of those whose ill-concealed aim it is to render an honest and honorable settlement of the question impossible.'"

Feeling in Washington.

DETROIT, Mich., Aug. 16.—A Washington special yesterday says: "No official information has been received at the State Department with regard to the alleged proposition which the Canadian Government will submit to the United States with regard to the matter of canal tolls now in dispute between the two countries. It is not, however, believed here in Washington that the vessel interests of the country will be satisfied with the proposed remission of rebates at the close of the present season. No word has as yet been received from President Harrison as to the proclamation he is to issue, and it is supposed that he will not write it until Canada has stated her position in the matter."

Montreal Opinion.

MONTREAL, Aug. 16. — The Witness states: "It is to be hoped that the Government has not, in coming to this decision, taken anything for granted concerning the views of the American Government, which are apt to be anything but conciliatory just before a Presidential election. The American Government certainly ought to be satisfied with the decision of our Government."

The Star comments thus: "The announcement that the Government will not withdraw this season the rebate on grain passing through the Welland Canal for Canadian ports will give our industries a new sense of security, for if the Government had yielded one right to force it might have to yield another. When one retires before threats there is no limit to his possible retreat. As for next session, that will take care of itself, and the Presidential election will be over then."

A Hamilton View.

The Hamilton Times says: "It is nonsense to say that Canada must continue to the United States the privilege of floating timber and lumber down the St. John River, while the consideration for which that privilege was granted is withdrawn. It is nonsense to say that United States vessels must continue to enjoy the privilege of navigating the Ottawa River and its canals, while the Canadian vessels are excluded from the Champlain Canal and Hudson River. It is nonsense to say that a United States vessel may carry lumber from Ottawa to New York and coal from Hudson to Ottawa, while a Canadian vessel may do neither. It is nonsense to say that New York may make her canals free of tolls and exclude Canadian vessels from them, while Canada may not grant a rebate of tolls on exported grain to Canadian and United States vessels alike. It is certain that if the Dominion Government has conveyed an intimation to Washington of its willingness to discuss the canal question that intimation carries with it no sacrifice of Canadian interests."

TORONTO TOPICS.

TORONTO, Aug. 16.—Albert Parker, arrested on a charge of abducting the 14-year-old daughter of James Leamey of Wood township, has returned to the city, having been acquitted of the charge. The only testimony given was that the Leamey girl had left for Gravenhurst the same day as Parker left, but no trace of the girl has since been discovered.

Robert Jones, aged 69, a traveler for Stone & Wellington, residing at 41 Borden-street, was around as usual yesterday morning apparently in the best of health. Shortly after 10 o'clock he complained of a pain in the chest. A mustard plaster was prepared, but a few minutes after it had been placed on his chest he expired. The attending physician said rheumatism of the heart caused death.

Deceased came here from Cobourg 15 years ago. He leaves a widow, one son and four daughters.

A Toronto citizen who arrived here from Marine City yesterday reports that a steam yacht, known as the Joker, was run down in the River St. Clair just below Marine City by the Susquehanna of the Anchor Line, and Edward Warden, son of the U.S. Consul at Dresden, Ont., was drowned.

There were no lights on the Joker at all except the small one in the engine room. From this circumstance, and from the fact that there were many mysterious boxes on the steam yacht, a strong suspicion is entertained that the Joker was making a clandestine run from Canada into the United States with dutiable goods, when the expedition came to an untimely end.

At St. Joseph's Convent yesterday morning three young ladies received the holy habit of the congregation of the Sisters of St. Joseph: Miss Tallon of Cornwall, in religion Sister Paulina; Miss Mullan of Oshawa, in religion Sister Vincent; Miss McKernon, Barrie, in religion Sister St. Catharine; Miss Whelan, Toronto, in religion Sister Perpetua; Miss Henry, Toronto, in religion Sister Ladina.

These sisters, having fulfilled their term of two years' novitiate, were permitted to make their final vows: Sister Francis, Sister St. Felix, Sister Clara, Sister St. Joseph, Sister St. Rock.

The electric car service was inaugurated in the city yesterday, when the new cars conveyed a large number of invited guests to Rosedale where luncheon was provided.

Alexander Lahrs, better known as Aleck, the life-saver, died in New York yesterday. He was born in Toronto, Canada, in 1846. He has saved no less than 32 lives since he moved to New York. He won the life-saving medal and a handsome testimonial from the ferry companies.

Michael Wooden, a laborer employed on the Dundas-street bridge, was struck by a falling timber about 4 o'clock yesterday afternoon and received injuries which will probably terminate in his death. He was taken to his home in Ossington-avenue and Dr. McConnell summoned, when it was found that his skull was fractured. Dundas-street bridge is furnishing more than its quota of accidents these days.

MALTREATED BY A MOB.

TAR AND FEATHERING CASE AT MATTAWA.

The Victim Dragged from His House and, After the Outrage, Ridden on a Rail—He Will Call Upon the Authorities to Prosecute His Assailants, Some of Whom He Can Identify.

OTTAWA, Aug. 16.—Great excitement prevailed in the village of Mattawa on Friday evening last, when a man named Madon Fournier, the keeper of an alleged disorderly house, was taken from his domicile by a number of men and after being treated to a coat of tar and feathers was ridden on a rail through the village streets. After a great deal of amusement had been taken out of the unfortunate Frenchman's antics on the rough rail some of the more law-loving citizens rescued the man and brought him to the lock-up for safe keeping. The victim of the outrage threatens to take legal proceedings against his tormentors, many of whom he identified.

DROWNINGS OF A DAY.

A West Indian Loses His Life in Lake Rosseau.

BRACEBRIDGE, Aug. 16.—A drowning accident occurred on Lake Rosseau this morning by which Percy Holwell of Jamaica, West Indies, a bright youth of 17 years, met his death.

He was a pupil of Upper Canada College, and with three other boys was camping on Lake Rosseau for the past three weeks. He was sitting on the stern of a boat, where he was seized with a fainting fit and fell into the water. The other young lads bravely jumped in to the rescue, but were unable to hold on to him in his death struggles. Before 10 minutes the body was recovered. Dr. Gullen did everything to restore life, but without avail. The body will arrive in Toronto at 5.30 Tuesday morning.

Got Beyond His Depth.

ST. CATHARINES, Aug 16.—George Nesbitt, son of William Nesbitt, pressman at The Standard office, was drowned in the Old Welland Canal this afternoon. The little fellow was wading in after water lilies, when he got beyond his depth. The body was recovered shortly afterwards.

Fatality in Lake Simcoe.

NEWMARKET, Ont., Aug. 16.—Yesterday afternoon about 5 o'clock Mr. Frank Wilson, wife and child were returning home on the Maskelonge River on Lake Simcoe, near Jersey, from a visit to relatives, when the boat was upset, and Mrs. Wilson and child were drowned in about 5 feet of water. The child who was drowned was deaf and dumb.

THE FALL RIVER MURDER.

Popular Feeling Turns in Favor of Miss Borden.

FALL RIVER, Mass., Aug. 16.—After the dead bodies of Mr. and Mrs. Borden were found in the old homestead suspicion fastened on Miss Lizzie Borden, the eldest daughter, who had not lived on friendly terms with her stepmother. The reaction has set in and to-day the popular feeling is noticeably quiet. There is very little violent discussion going on in the streets, and what few cases were seen were the outgrowth of hard expressions against the imprisoned girl. Three days ago it was the popular cry that Miss Lizzie was a criminal. To-day, although the District Attorney and Judge have passed their opinions on the evidence, there are many thoughtful and influential men, who believe a trial will substantiate Miss Borden's protestations of innocence.

There is now but one policeman at the Borden homestead and he is doing patrol duty on the street to prevent curious people from annoying the family. The police have recommenced their regular patrol duty and only three men are hunting up further evidence of the murder.

The city marshal said this morning that he was confident that the evidence to be submitted at the hearing on the 22nd inst. would be strong enough to warrant the holding of Miss Borden for the grand jury.

That body will not convene until November, and the time of the special session of the Superior Court that must be held will be decided on afterward. While direct police surveillance has been removed from Mr. Morse and Miss Sullivan yet their whole connection with the case will be gone over by the police again within the next few days and they will not be far away should the police need them. There will not be a great many witnesses summoned for the preliminary hearing unless the present plans are changed. The proceedings will be open to reporters.

The Marshal again denies the statements made editorially and otherwise in many papers to the effect that no search was made until after the funeral. A search was made during the afternoon of the day of the murder, and Miss Lizzie's room was searched thoroughly as other portions of the building. Police inquiry is being made again into the details of a mysterious robbery, which took place at the Borden homestead about a year ago. A lady's watch and several articles of jewelry were taken from a dressing case in one of the upper rooms, and to this day the police have been unable to trace the thief.

BURNED THEIR CAPTIVE.

Palmy Days of Italian Brigandage Recalled by a Crime.

ROME, Aug. 16.—Information has been received by the police of this city of the murder of the rich landed proprietor, Billotti, who fell a victim to the prevailing insecurity of the public highways.

It appears that Billotti has been captured by brigands, who sent a messenger to the family demanding a ransom of 500,000 francs for the release of their relative.

The messenger being detained longer than the brigands anticipated, the robbers feared that Billotti's family put the police on their track and resolved to execute the threat contained in the letter demanding ransom, wherein they had announced their intention of burning Billotti alive in case his relatives should turn traitors.

The brigands carried Billotti to an isolated spot in the mountains and burned him.

When the messenger returned with the money he found only the unfortunate man's charred remains.

The Manitoba Schools Case.

The leading papers publish the full text of the decision of the judicial committee of the Imperial Privy Council. This text was awaited with considerable interest, as it was expected that there might be something that affected the question of "remedial legislation," which Sir John Thompson so confidently promised to those favouring the contention which the Manitoba Legislature by its act decided against. Below are extracts from leading journals on this aspect of the question:

FROM THE "GLOBE."

This judgment, therefore, like the judgment of the Manitoba Court, which it restores in express terms, declares that no right or privilege of the Roman Catholic minority has been prejudicially affected by the Greenway-Martin laws. It follows, we think, by necessary inference that there is no ground for an appeal to the Governor General in Council, no scope for the operation of remedial laws, and no necessity for referring any question to the Supreme Court. If any such reference be made it will be because of an exigency purely political, namely, the necessity which the Minister of Justice feels of making his peace with those to whom he held out the illusory hope that the decisions of the courts might be practically set at naught by so-called remedial laws.

FROM THE "MAIL."

This decision of our highest Court of Appeal makes for the cause of liberty and progress in Manitoba, and it will strengthen the hands of those who are endeavouring to prevent the planting of a system of educations, the fruits of which are disunion and prejudice. But it also reminds us of what are the essential British views with regard to education, viz., that it shall be unsectarian, and such as all may participate in without distinction of creed. It would be well for those who are fond of waving the old flag and glorifying the British connection to remember that the waving can be most consistently done by those who are at any rate not flagrantly out of harmony with British opinion and British methods.

FROM THE "EMPIRE."

Their Lordships, however, have gone further than was strictly necessary to decide the point before them, but it is in the other direction. They were not called upon to say anything more than whether rights or privileges existing in 1870 were affected; but in the latter part of their judgment, while recognizing that they were travelling out of the record in doing so, they have gone on to give a very strong opinion on the act of 1890, unfavourable to the views of the respondents. We do not know what view the Government may take of this portion of the judgment, which has no legal effect, but in our opinion it practically settles the question of remedial legislation. The circumstances under which the powers of the Dominion Government and Parliament under sub-sections 2 and 3 can be exercised are involved in much obscurity, but, even if the power to do so was clear, it is out of the question to suppose that Parliament could be got to force on Manitoba a reversal of her legislation in the face of such a pronouncement from the highest court in the Empire. The *Empire* has always taken the ground that in a country like Canada, where race and creed distinctions are so marked, it is most unfortunate if any section of the community have reason to believe themselves suffering an injustice, and in the interest of peace and good government all complaints of that character should be calmly enquired into, with a view to redress if necessary; but under the circumstances it is obvious if anything is done to allay the feeling which the legislation of Manitoba has not unnaturally created, it must be by amicable arrangement, rather than an appeal to forcible intervention from outside authority.

Canal Revenue and Traffic.

The canal statistics contained in a blue book just issued from Ottawa are important in view of the controversy now pending. The revenue from the Canadian canals last year was $350,351. Rebates reduce this to $300,516, and that is the amount which we shall have to make up by other taxation or by economizing if the proposal that the Canadian canals be made free of tolls be carried out; while the freeing of the Welland alone would cost $150,000. The gross revenue was derived as follows:—Welland Canal, $198,523; St. Lawrence canals, $62,726; Chambly Canal, $19,346; Ottawa canals, $40,440; the revenue from the others is inconsiderable.

Is needed of the merit of Hood's Sarsaparilla than the hundreds of letters continually coming in telling of marvellous cures it has effected after all other remedies had failed? Truly, Hood's Sarsaparilla possesses peculiar curative power unknown to other medicines.

Interested People

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give housewife call for it, a sample bottle free, that they may try it before purchasing. The large bottles are 50c and a dollar. We certainly would advise a trial. It may save you from consumption. dw

Do You Sleep?

If Not, You are in Danger.

Sir Philip Sidney calls sleep, "the poor man's wealth," and he might have added, it is every man's health. Men have often, according to their own notions, attempted to limit or extend the hours of sleep. The error into which these have fallen arise not only from the fact that in this, as well as in other things, every man is a law to himself, but from the varying amount of renovation required by the nervous and muscular systems. John Wesley, the distinguished founder of Methodism, who attained the age of eighty-eight, and who could command sleep on horseback, says very properly, in some curious remarks, which he has left upon sleep, that no one measure will do for all, nor will the same amount of sleep suffice even for the same person at all times.

There are thousands of men and women in this age of hurry, worry and excitement, who are prevented from enjoying the blessings of sleep. They retire at night and arise in the morning unrefreshed and unrested. They cannot possibly sleep owing to their condition. They are nervous, excitable and disquieted. The nervous system is disordered and disorganized; the brain is confused and does not act properly. They are in a terribly dangerous condition—so critical that a week may bring on insanity.

These sufferers require a true nerve food—an agent that can strengthen nerves and body, and at the same time invigorate and clear the mind and brain. This nerve food is found in Paine's Celery Compound; no other agent can meet the necessities of such urgent cases. Paine's Celery Compound is specially recommended to all who suffer from sleeplessness and inexcitability. It produces calmness, tranquility and ease of mind, and gives tired and worn out nature a chance to rest and recuperate. It braces up the constitution, gives strength to the digestive organs, and tones up the whole system. Try Paine's Celery Compound, reader, if you are a victim of disease brought on by insomnia.

Wm. Renwick, M.D., M.R.C.S., of Victoria, B.C., writes: I have used Miller's Emulsion of Cod Liver Oil in cases of indigent patients with the most gratifying results. It does not upset the stomach, is easily assimilated and possesses undoubted power in rebuilding weakened constitutions, where the ordinary form of administering Cod Liver Oil is not admissable. For the future, whenever I have occasion to prescribe any preparation of Cod Liver Oil, I will give Miller's Emulsion the preference, being perfectly satisfied with its therapeutic efficacy. Our Toronto Visitors.

Returned Home last Night Well Pleased With Their Excursion—List of Games in Central Park and Winners.

In all the excursions that have had Peterborough this year as their destination, the visitors have always returned with glowing opinions of our town, our buildings, our enterprise and our people. The Canadian Order of Foresters proved here yesterday was a great success in every particular and the unanimous verdict of the members was, "we could not have selected a more eligible place than Peterborough for holding our first annual excursion." Everything passed off satisfactorily and all the Foresters and the friends who accompanied them returned home at 6 30 o'clock last evening, well pleased with the day and its pursuits. In the afternoon a large throng assembled at the Central Park to witness the long and interesting programme of sports. The judges were: Bros. J. McKendry, Past D.D.H.C.R., Toronto; W. S. Robinson, C.R., Court Peterborough, and Bro. Watts, treasurer of Court Davis. The starter in the race was Bro. Wm. Jamieson, C.R., Court Davis. All the events on the programme were keenly contested, there being many entries in all the sports while the enthusiasm evinced by the spectators in the various events was keen and enthusiastic. Following is a list of the sports together with the winners in each:

No. 1. Quarter mile dash (Foresters only)—1 Humphrey, 2 Bryson, 3 McCarron.

No. 2 100 yards dash (Foresters)—1 Moore, 2 McKelvie, 3 Bryson.

No. 3. 100 yards (open)—1 Johnson, 2 T. Humphrey.

No. 4 Foresters' daughters (16 years and under)—1 Miss Jamieson, 2 Miss Roberts.

No. 5. Potato race (open to all)—1 Young, 2 T. Humphrey, 3 McKelvie.

No. 6. Married men's race, 100 yards (Foresters only)—1 Slade, 2 Gilmour, 3 McKelvie.

No. 7. Running hop, step and jump, open to all—1 Button, 2 Burrows, 3 Crawford.

No. 8. Half mile dash, open to all—1 T. Humphrey, 2 T. Siddons.

No. 9. 50 yards backwards, Foresters—1 Bryson, 2 Jamieson, 3 McJarrow.

No 10. 55 yard race, Forester's wives—1 Mrs. Abell, 2 Mrs. Fair, 3 Mrs Layton.

No. 11 100 yard race, committee race—1 Gilmour, 2 Slack, 3 Kerwin. Two heats had to be run in this race owing to the large number of entries.

No. 12 Boot race—1 J. Humphrey, 2 Davidson, 3 Dawson.

No. 13. Ladies race, open to all—1 Miss A. Abbott, 2 Miss D. Abbott, 3 Miss Atkins, 4 Mrs. Layton.

No. 14 Quarter mile race, open to all—1 Simmonds, 2 T. Humphrey. Time 55 seconds

No. 15. Tug of war between 8 men on a side of Western and Eastern districts Toronto. The Westerners won in two straights but the Easterners claim their opponents won by default owing to their having a man belonging to the East among their number. The names of the winning team were Bros. McCarron, McWaters, Kelly, Goodday, Corbett, Kelly, Rogers and Smith, (anchor). Tee cup is to be held by Bro. S D. Rogers, D.D, H.C.R., Western district.

All those Peterborough brethren winning prizes will please communicate with Bro. W. Jamieson, 63 Queen street, East, Toronto, when their awards will be forwarded to them or to Bro. F. J Jamieson, Peterborough

PICK-UPS OF THE DAY PENCILLED.

The fare down from Toronto and return was $1,25, children 50 cts.

The 57th and Peterborough Fire Brigade Band serenaded the committee and officers at the Morgan House yesterday afternoon.

The visiting brethren were treated handsomely by the officers and members of Courts Peterborough, Little John, Lingham and Young Peterborough. The dignataries of the Order were, including the genial Edward Towe, High Chief Ranger, were driven about the town and the various places of interest visited.

The excursionists was composed of the quietest and most respectable class of people that has ever visited Peterborough.

The first annual excursion of the fourteen courts of the Canadian Order of Foresters, Toronto, was a phenominal success in every particular.

Cold Springs, Otonabee.

(From Our Own Correspondent).

FAREWELL ADDRESS.—On Sunday, Aug. 14th, after the Superintendent, Mr. M. W. Matchett, had finished the usual weekly review exercises of Cold Springs Union Sabbath School, Miss L. Bennett and Mr. H. P. Kennedy came forward, and Miss Bennett who is secretary-treasurer of the school, read the following address:—

MR. M. W. MATCHETT, Supt. Cold Springs Union Sabbath School.

DEAR MR. MATCHETT,—We have gathered to-day, knowing that we must say "good-bye" to you, who for over two years, have been our honoured superintendent. We cannot express the deep feeling of brotherly love which we cherish for you, nor the high esteem in which you are held by us, nor can we express the regret we feel in parting with you, but we present you with this short address that you may be assured we are sincerely grateful to God for the services which you have rendered here. While you have been with us you have ever faithfully sought to advance the spiritual welfare of our school and the cause of Christ throughout our community. Your regularity in attendance from Sabbath to Sabbath has been a noble example to all. Your keen watchful interest in every department of the Sunday school has, by the blessing of God, resulted in strengthening our school and establishing it more firmly upon the "Rock of Ages." It has been your constant aim and endeavour in the study of our lessons to lead us to centre our thoughts, not upon the facts alone, but upon Him who is the central figure of all God's word—Christ! Christ, a personal Saviour and Redeemer! But crowning all is the sweet Christian spirit, the gentle brotherly love, the utter forgetfulness of self which has characterized you in all our relations, and proven to all who witnessed your life that you have been with Jesus. Now that God in His wise providence sees best to take you from our midst, we rejoice even while we regret your departure, for we know that wherever your lot may be cast your life must be crowned with the blessing of God, for you have so fully consecrated all to God, and He has has promised that He "will not withhold any good thing from them that walk uprightly." May you continue to sow the good seed, and as you sow in other fields, trust in God that He may water and bless the seed sown here, that it may grow and bring forth fruit an hundredfold. We ask to be prayerfully remembered by you, and assure you that we will continue to bear you to the throne of grace. With our hearts thus bound in Christian love, and thus still united in the Master's service, we may still labour on, ever rising to a higher plane in the spiritual life, till at last the Master's "Well done" shall usher us into the eternal "rest that remaineth for the people of God."

Signed

D. DONAGHY, Assistant Supt.
L. BENNETT, Sec.-Treas.

After Mr. Matchett had replied in feeling words, the school sang "Blessed be the tie that binds." After the closing exercises all joined in singing "God be with you till we meet again."

Mr. Matchett goes to Ottawa to attend the Normal School, and Mr. H. P. Kennedy takes his place as Superintendent.

Cures Others

Will cure You, is a true statement of the action of AYER'S Sarsaparilla, when taken for diseases originating in impure blood; but, while this assertion is true of AYER'S Sarsaparilla, as thousands can attest, it cannot be truthfully applied to other preparations, which unprincipled dealers will recommend, and try to impose upon you, as "just as good as Ayer's." Take Ayer's Sarsaparilla and Ayer's only, if you need a blood-purifier and would be benefited permanently. This medicine, for nearly fifty years, has enjoyed a reputation, and made a record for cures, that has never been equalled by other preparations. AYER'S Sarsaparilla eradicates the taint of hereditary scrofula and other blood diseases from the system, and it has, deservedly, the confidence of the people.

AYER'S Sarsaparilla

"I cannot forbear to express my joy at the relief I have obtained from the use of AYER'S Sarsaparilla. I was afflicted with kidney troubles for about six months, suffering greatly with pains in the small of my back. In addition to this, my body was covered with pimply eruptions. The remedies prescribed failed to help me. I then began to take AYER'S Sarsaparilla, and, in a short time, the pains ceased and the pimples disappeared. I advise every young man or woman, in case of sickness resulting from impure blood, no matter how long standing the case may be, to take AYER'S Sarsaparilla."—H. L. LOCAL NEWS

A Few

Very eligible Island locations in Stony Lake for summer resorts, at low prices. Apply to H. GRUNDY, at present at "Ivanhoe" Island, Stony Lake. tf

An Important Order.

The Peterborough Lock Manufacturing Company has received an order from the Crossan Car Works, Cobourg, for the complete supply of hardware for twenty electric cars for the Montreal Electric Street Railway. This order shows a confidence in one of our leading local manufacturing establishments which it will be found has not been misplaced.

Campers Coming and Going.

The following ladies and gentlemen, known as the Hazelwood camping party, who have been spending a joyous two weeks at Mr. Grubbe's cottage, Stony Lake, returned home last evening:—Burt Snow, Jas. A. Tully, A. Jobe, Frank Packenham, Mr. and Mrs. A. Motherall, Miss M. E. Meharry, Miss Lizzie Meharry, Miss M. Regan, Miss Grace Fuller, Miss Millie Thorne.

The following party left this morning to occupy Mr. Grubb's cottage for a few days: W. S. Merrill, W. Rhodehouse, F. McAuliffe, W. McAuliffe, Miss M. McAuliffe, Miss B. McAuliff, Mrs. W. S. Merrill, Miss Collins, Chicago; Miss Lane and others.

Spend A Delightful Day.

The Oddfellows' excursion on Civic Holiday is the one new route and one which Peterborough people will not have an opportunity to take again for some time. Never mind the trips near at home, where you can go any week, but go over the new route and see the sights of the beautiful Bay of Quinte. The train leaves here at 7 a.m. and runs direct to Belleville wharf, where you take the steamer for Deseronto, Glenora and Picton. Then you can drive to the Sand Banks if you desire. It will make the best outing of the day and you can remain at any of these places until the next day and return by regular boats and trains. The fare is away down, only $1 50 for trip to Picton and return.

They're all Going to Lakefield.

And now they are all going to the Lakefield picnic on the Civic Holiday. In the first place the attractions are so numerous, the baseball match, the foot ball match, the tug of war, the pleasant ride on the railway, the agreeable outing on the steamer Mary Ellen, the magnificent scenery of river and lake, the return to town without any sense of fatigue. No wonder then that they are all going to Lakefield on Peterborough's Civic Holiday, because in the second place they all find an additional and irresistible reason in the fact that the object of the picnic commends itself most heartily to all—help pay for the neat little church which a very small congregation recently purchased for purposes of Divine Worship.

Prepared to Move Next Week.

The Montreal Clothing House, Messrs. Meiklenberg & Vineberg proprietors, will move into new and more commodious premises early next week. They will occupy the large and elegant shop formerly occupied by Mr. Jas. Bent, and next door to Mr. Jno. Cameron's grocery, which has been nicely renovated and important alterations made for their occupancy. Here they will open out as large, varied and well assorted stock of ready made clothing as has ever been offered to the people of Peterborough. They hope that in their new premises they may be better able to cater to the wants of their hundreds of customers in the line of all kinds of clothing than ever before. The Montreal Clothing House have earned for themselves the credit of being a live business house fully up to the times and with one of the best stocks in the city and an enviable reputation for honesty and fair dealing.

Chemong Park Mineral Spring.

An Important Discovery at this Popular Resort—A Mineral Well Whose Water Possesses Important Curative Qualities—Its Composition and Remedial Value.

Ever since the days of Æ culapius, when he was worshipped throughout Greece, mineral waters have been used in medical practice. In Grecian days the pill-compounding song of Apollo had temples erected to him in healthy places near mineral wells, which were believed to have healing powers, and in modern times popular belief is strong in the remedial virtues of mineral springs. Thousands every year flock to the noted springs of Great Britain, Europe and this continent. Therefore the discovery of a mineral spring at our very doors—Chemong Park—is an important event.

A mineral water is merely a complicated medicine, containing various salts and gases blended together. Their use is often attended with beneficial results and these results are much heightened by health-giving natural surroundings.

The discovery of a mineral spring at Chemong Park is a grand addition to the natural attractions of this popular summer resort Heretofore the healthy, but run-down, have gone to Chemong to gain strength and recuperation. Now others who are afflicted with divers maladies can have the benefit of the waters accelerated by the pure, bracing air and health-giving environments of Chemong's newly-discovered mineral spring.

Some time ago Mr. L. G. Fobert, proprietor of the Chemong Park Hotel, had a well sunk to nearly a depth of 70 feet. A free flowing spring was struck, but the water proved unsuitable for domestic purposes. The peculiar styptic taste and sulphurous smell were strongly reminiscent of the waters of other celebrated mineral springs, and an examination of the water was procured and the fact established that the well supplies a strong flow of mineral water of very decided medicinal quality. Without further comment the following certificates of its quality are submitted:—

L. G. FOBERT, Esq., Chemong Park Hotel.

DEAR SIR,—I consider the water shown me as being of very fine quality. It evidently contains a percentage of sulphur, iron, magnesium, calcium, etc. From the other natural advantages of the park, I would recommend it as an excellent resort for rheumatic and pulmonary patients.

Yours very truly

J. W. COUCH, M.D.

This certifies that I have examined a sample of water from Mr. Fobert's well at Chemong Park, and find that it contains sulphur, iron and calcium in considerable quantities, besides other ingredients. Its properties are tonic, alterative and cathartic, two to four tumblers before breakfast acting as a distinct purgative. I consider the use of this water would be beneficial in cases of rheumatism, general debility, etc., and on account of its freedom from organic matter, that it could be taken for a prolonged period with benefit.

J. CLARKE, M.D.,
Medical Health Officer.

Peterborough, 13th Aug, 1892.

The composition and, consequently, the remedial qualities of the water of Chemong Park Mineral Spring as given above is very similar to that of some of the most noted mineral wells of Harrowgate, Yorkshire, and what is a further coincidence the surroundings are very similar. Harrogate is described as having a sandy soil, which is dry within a very short time after a rain, the air is pure and bracing, the situation is elevated and breezy, a description that would well apply to Chemong Park. Harrogate wells have enjoyed a high reputation for nearly 200 years, in which time millions have flocked thither and have been benefitted by the drinking of the waters.

It is reasonable to suppose, therefore, that Chemong Mineral Spring, which so closely resembles those of Harrogate, and Chemong Park, which has all the natural beauties of Harrogate and the important added advantage of a rich resinous atmosphere derived from the presence of numerous pines—so decided an advantage to pulmonary patients—will enter upon a similar course of popularity.

The waters of Chemong have been largely drunk by several persons with marked beneficial effect—one lady claiming to have been cured of rheumatism—and when the Springs are better known and a knowledge of their virtues more widely disseminated, thousands will flock to Chemong for health, in addition to the thousands that throng its groves, as one of the most enticing pleasure resorts in Canada.

To Dispel Colds.

Headaches and fevers, to cleanse the system effectually, yet gently, when costive or bilious, or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, use Syrup of Figs.

Don't Delay.

The time is growing short. If you are wise, take advantage of the few remaining weeks left to procure the cheapest bedroom sets, sideboards, bureaus, tables, chairs and general furniture, at the clearing sale now going on at H. NEWTON'S housefurnishing store, 432 George street.

An All Day Round of Pleasure.

The round trip of the lakes! What memories of aquatic delight are recalled by those who have made the trip, and what new pleasure is in store for those who will join the grand union excursion of Courts Peterborough and Langton, Canadian Order of Foresters, on Thursday, August 25th! What is the round trip of the lakes? As on the excursion you leave the Grand Trunk station at 7 a.m., in half an hour you embark on board the "Sunbeam" and palace barge "Paragon." Then you glide over the bright waters of Chemong Lake, pass through the picturesque Gannon's Narrows, enter Buckhorn Lake, an hour and a half being made at Hall's Bridge for dinner, or if you prefer to wait a little, on through Loveslok Lake and Rapids to Burleigh, where another chance will be given for dinner. Then on through Stony Lake and home by rail from Lakefield. Butcher's orchestra all the way. Refreshments on board boats. Tea, sugar and hot water free. Round trip tickets, 60 cents; children half price.

S. O. E. TO STURGEON POINT.

Come to Sturgeon Point with the Sons of England on Thursday. A good time guaranteed. A $75 programme of sports will be run off at grounds. See prize cup at W. A. Sanderson's store, presented by Mayor Kendry for a hundred yard dash. A first-class orchestra in attendance. Hot water supplied at the grounds Train leaves G. T. R. station at 8.20 for Lindsay wharf, thence by steamer Crandella to the Point. Tickets 80c., children under 12 years 40c. 2i

Funds Furnished Freely

By Our Citizens to the Band in Their Canvas for the New Instrument Fund—The Amount Now Over $300.

Messrs. W. H. Crowe and Jas. Logan, who were appointed a committee by the members of the 57th Batt. and Peterborough Fire Brigade Band to canvass the citizens of Peterborough and Ashburnham in the interest of the new instrument fund, have been hard at work during the past few days in the interest of the band, and our citizens have responded generously to the call. The new instrument fund now reaches over $300. $1 000 is needed to purchase new instruments for the band, and to say that they are badly needed is putting it mildly. The people should give Messrs. Crowe and Logan a warm reception and cast in their mite for this worthy object. Following is a complete list of the names and the amounts donated by each up to date:

Ho, There!

Say, do you know this magnificent excursion and picnic on civic holiday to Hastings is by far the best on the list. Why, just think of the sports and amusement for everyone! It is crowded with attractions. The committee have secured a grove that has no equal for holding a picnic—grand fishing point, having no superior in Ontario. Big list of sports. Dancing, pleasure and enjoyment in variety for all. Fresh air outing. A genuine day's solid comfort and benefit you may have by taking advantage of this monster excursion. Always be with the best. Everything is perfect and complete. The committee have made proper arrangements in every detail. The triple combination of the C.M.B.A., R.B.A. and C.O.F. societies is sufficient guarantee that this excursion has no equal on the above day.

Bankrupt Stock still in the ring. Everything goes at T. Dolan & Co.'s store at your own price.

TO THE BUYING PUBLIC.

People of Peterborough, buy no goods after six o'clock to encourage the early closing movement and give the boys a chance to get a mouthful of fresh air; as I am aware you never give them anything but lots of lip. If this is not carried out clubs will have to be used.

Respectfully yours,

J. DOLAN.

News Nuggets.

—Ashburnham School Board meets tonight.

A Complete Cure by HOOD'S SARSAPARILLA.

This is from Mr. D. M. Jordan, a retired farmer, and one of the most respected citizens of Otsego Co., N. Y.

"Fourteen years ago I had an attack of the gravel, and have since been troubled with my

Liver and Kidneys

gradually growing worse. Three years ago I got down so low that **I could scarcely walk.** I looked more like a corpse than a living being. I had no appetite and for five weeks I ate **nothing but gruel.** I was badly emaciated and had no more color than a **marble statue.** Hood's Sarsaparilla was recommended and I thought I would try it. Before I had finished the first bottle I noticed that I felt better, suffered less, the **inflammation of the bladder** had subsided, the color began to return to my face, and I began to feel hungry. After I had taken three bottles I could eat anything without hurting me. Why, I got so hungry that I had to eat 5 times a day. I have now fully recovered, thanks to

A Great Game of Lacrosse

Result is a Draw—The Tecumsehs of Toronto Take the First Two Games and the Home Team the Second Two—Hands out Play and Work on Both Sides.

The game yesterday on the P.A.A.A. grounds between the Tecumseh lacrosse club of Toronto and the Peterboroughs resulted in a draw, each team taking two goals in magnificent style. Defeat seemed to stare the Peterboroughs in the face until the last half hour, when they awakened to a knowledge of the fact that if they did not desperately strive to retrieve the advantage which had not been theirs, victory would not tread, as she has oftentimes done in the past, upon them again. The Peterboroughs had to play three or four juniors, but they all did well, although, like the Tecumsehs, Peterborough's homes were not so strong as her defence. Following is the way the ball is told:

Peterborough	Position.	Tecumsehs.
E Wesson	goal	A M Pringle
G W Parks	point	W. Irwin
J T McCabe	cover point	A Revell
J McDonough	1st defence	L Yorke
E Hickey	2nd "	H Douglas
G Heap	3rd "	H Brammell
J Begley	centre	H Lyons
W Hendren	3rd home	F Patterson
W Phelan	2nd "	F Wells
F Adams	1st "	E Burns
J Main	outside	F Lugsden
J Daly	inside	J Baker
W E Loch	field captain	H S Clemes
Referee		H Phelan

By mutual arrangement, in order that the Torontos might be able to get their suppers and reach the train, it was it was agreed to stop playing at five o'clock. The ball was faced at 3:22 and the teams lined up ready for the fray.

Neither Begley nor Lyons appeared to get any material advantage as the face, for as soon as the word was given a scrimmage resulted in midfield, when Begley got it and made a shot on goal. A contest ensued around the Tecumseh flags, when the ball wended its way down towards Peterborough's territory where it went over the fence, Hickey doing good work for the defence, and had to be faced. Another fight took place around Peterborough's goal when the ball went out of bounds near. On face off between McCabe and Baker, the former secured the rubber and passed to Heaps, who, after considerably fooling his opponents, aimed for Toronto territory. The ball was returned by Revell and assisted by York it was thrown on to Peterborough's flags, but Parks, who was putting up a fine point game, relieved and sent it down the field. By good team playing and some first class stick handling, the ball was again dropped down to Peterough quarters by Burns, Patterson and Lyons, but McCabe, who was always there with his unerring stick, relieved the goal by a long throw down the field. On a throw in Hickey relieved and the ball was being rushed up towards the home territory by Brammell when Hendren secured it from his opponent and threw it down the field. Both sides were now playing for dear life, the struggle was keen and hardfought while the spectators at every good point or play made by the Peterborough's yelled themselves hoarse. Heaps did some good defending but the Toronto's rushed up into the very jaws of Peterborough's flags when Wesson's clever stick handled with faultless hands and almost unaided relieved the goal by a long grand throw. Soon is was returned and in a scrimmage behind goal the doughty McDonough to whom the use of the wicker and the art of checking were no foreign, relieved. But Toronto kept the ball close onto the uprights of the home team Burns, Wills, Livingston and Baker doing great work, but Peterborough's defence was stronger than her home and McDonough passed to the steady McCabe who dropped down the field. Again it returned, Wesson passed to McCabe who threw to Heaps and the latter catching it, once more the goal was relieved. Begley got it and passed it to Phelan who threw well for goal, but again the tireless rubber after which so many sticks hankered came down the field, but Wesson made a good catch and in the scrimmage the sphere went beyond the limits. McCabe got it on face off, and a scrimmage resulted near the goal, but Lugsden, who was a tower of strength for Toronto, made a good but short run and threw between the flags taking the first game for Toronto after 35 minutes hard fought and magnificent playing.

In the second game Begley on the face off got the ball, and by a run made a shot on goal. The ball hovered around the flags and Main seized it and made a shot for the Tecumsehs' flags, but the ball was returned by Revell, and assisted by Yorke came down the field, but Heap made a good catch and relieved. Walter Phelan next directed nicely for goal, but Pringle was mighty and did good work. The ball was now flattering around uncomfortably near Toronto's goal in the same manner as it did around Peterborough's the last half of the previous game. Daly also has the honor of making a good shot on goal, also W. Phelan who passed to Fred Adams who fired so in line with the flags that it hit the post, before returned by Pringle, Yorke relieved in a good play and the ball, assisted by Toronto's home lines, drifted into Peterborough's land, but Wesson relieved the goal again. The rubber went through the air close to Toronto's stakes but Yorke seized it dropped to Burns who passed to Livingston and in his hands with his unerring stick the ball went through in two minutes securing the second game for the Tecumseh's.

In the third game Main and McCabe exchanged places, the former playing cover point and the latter outside home for the remainder of the time. After the face off the sphere was soon shot by Toronto close into Peterborough's domain and went out of bounds. On the face off Parks wrested it from Baker and relieved the goal by a long shot down the field but the sphere was returned by Irwin and Douglass but Wesson was proving himself a plucky goal keeper and made freedom for himself. Both teams were playing splendid lacrosse with a grave doggedness to win and so Peterborough did. In a scrimmage in front of goal McCabe pulled it down when it was bouncing over the goal and swiped it between the flags. He was well assisted by Hendren. Time, 11 minutes.

Only three minutes remained for playing after the customary ten minutes respite after a game, and the Peterboroughs buckled on their armour, and cheered on by the enthusiasm and shouts of their supporters, they battled for blood. On the face off Begley got it, a scrimmage followed, and by some wild aimed throws it went over the fence near Toronto's goal. Time was loaded with golden seconds. On the face off Walter Paulan secured the ball and over the fence it went again. Hendren got the face and a scrimmage followed, when Daly got the ball and made a nice pass to J. McCabe who never known to fail in the hour of need, shot the ball between the flags in the nick of time amid the vociferous shouting of the spectators. Thus the game ended at five o'clock 2 to 2.

OUT OF THE LIMITS.

The Tecumseh's are a fine team. They play good lacrosse in a gentlemanly way. No bulldozing characteristic of the game.

The Tecumseh's have the honor of being champions of the Toronto Amateur League, and two formidable rivals of the old Toronto's.

The spectators numbered nearly 400 and took the utmost concern in the game, voting it one of the best played matches that has taken place in the grounds this season.

It looked like old times to have the band on hand. They played some popular airs.

Peterborough has played six games this season. She has won three, lost two and drawn one.

C. J. Paulan, one of Peterborough's best home men was unable to play on account of a sore leg.

Wesson, a junior, in his new position in goal did well.

All the boys played well. It would be unfair to particularize.

GOSSIP!

"Dear me, those are the most beautiful photographs I ever saw."

"Yes, they certainly are very fine and elegantly finished, besides, they are permanent."

"Do they cost more than before."

"No, not to us, though the material is much more expensive, yet Mr. Sproule believes in having the best obtainable. He says nothing is too good for his patrons, and these certainly bear out his statements; and his studio is so convenient—no stairs to climb yourself, nor have you any fear about the children."

"Yes, I have heard about the ground floor studio, being so convenient,—but those photographs."

"Will you come down with me to-morrow to Charlotte street? I must have some."

"Yes, that is the only place where such work is made."

European Bands for the Fair.

MUNICH, Aug. 15.—The Bavarian Minister of War has refused to allow Bavarian military bands to give concerts in Chicago next year. The Prussian Minister of War gave a similar decision some time ago. Negotiations are said to be pending for concerts at the fair by a royal regimental band from Saxony. The band of the Brunswick Hussars, which at one time considered a proposition to go to the Fair, has given an unfavorable answer.

France Bribed Moorish Ministers.

LONDON, Aug. 15.—The Tangier correspondent of The Times says: "News received here from Fez is to the effect that the Moorish ministers who prevented the Sultan from concluding the treaty with England, each received £2000 from an agent of the French Government. The Sultan has become ill as a result of the worry attending the affair."

Police Withdrawn in Ireland.

LONDON, Aug. 15.—The Dublin Gazette announces that Mayo, Leitrim, West Meath and portions of Tipperary have ceased to be disturbed districts, and that the extra police are therefore withdrawn.

The London Daily News commenting on this announcement asks how it is that this decision coincides with the fall of the government. "The Conservatives," it suggests, "may desire to bequeath a little to their successors, else why were the police not removed earlier."

Frau Wagner Doesn't Like Chicago.

BERLIN, Aug. 15.—Frau Wagner refuses to permit the performance of "Parsifal" in Chicago during the Columbian exposition.

PARIS, Aug. 1 .—The Marquis Breteuil, a member of the Chamber of Deputies, and a prominent Monarchical leader, has retired from politics, owing to the action of the press in withdrawing its support of the French Royalists.

Anti-Slavery Men Caused the Trouble.

BRUSSELS, Aug 15.—M. Wanters, General Secretary of the Commercial Companies of the Congo, attributes the reported revolt to anti-slavery agents levying taxes on Arab caravans. Congo state officials here believe the reports are exaggerated.

An Immense Field of Icebergs.

LONDON, Aug. 15.—The Bark Grant, which arrived at Falmouth from Portland, Oregon, traversed a remarkable field of icebergs from midnight June 16 to the following evening, in latitude 44 30 south longitude 38 west, extending as far as the eye could reach east and west. On June 19 she passed an immense iceberg, probably 280 feet high. Some of the icebergs were earth-colored and might be mistaken for islands. They are right in the track of homeward bound ships rounding Cape Horn.

Sir Arthur's Opera Almost Finished.

LONDON, Aug. 15.—Sir Authur Sullivan has finished, with the exception of the overture and a couple of songs, the score of his new opera, upon which he has been engaged for some time and which is intended for production in D'Oyly Carte's Savoy Theatre. This opera will go into rehearsal Monday. Much time and care will be expanded in presenting the work. This latest effort is a more serious work than "The Yeoman of the Guard," but has occasional comedy scenes.

Constantinople for a Catholic Centre.

ROME, Aug. 15.—It is stated the Pope is preparing a document destined to produce a profound impression in the United States. The great consistory of cardinals will take place in December. The first pilgrimage connected with the Pope's jubilee occurs Oct. 15. The congregation of the propaganda has agreed in principle on the establishment of a Catholic patriachate at Constantinople. It remains, however, to find a practical application of the scheme without trenching upon the secular protectorate of France.

Foundered at Sea.

LONDON, Aug. 15.—The British steamer Elphita, trading in the Levant, has foundered at sea. Her passengers and crew were rescued by a passing vessel and have been landed at Tripoli.

A Generous Donation.

LONDON, Aug. 15.—The report has been confirmed that Mrs. Rylands, who recently purchased the famous Althorp library of Lord Spencer, will give the library, together with a collection of nearly £20,000 worth of modern books to the city of Manchester. Mrs. Rylands has bought a site on which she will erect suitable buildings for the reception of the Althorp library and other books.

The Chinese pay their doctor only so long as he keeps them in health. They believe in preventing rather than curing disease. This is sound sense, and one of the strongest recommendations of Ayer's Sarsaparilla, a medicine which not only cures diseases but prevents them.

GENTS,—Please ship as per G.T.R., freight prepaid three (3) gross more of your Anti-Dandruff. This makes six gross or 864 bottles purchased from you since January 15th 1892, a little more than two months. The large demand is due to the merits of the preparation, as our customers to whom we have sold it certify. We find it not only removes the dandruff and scurf, but it is an elegant hair-dressing for the hair. Clean to use and has an agreeable odor. It is one of the best preparations we know of to promote the growth of the hair and prevent its falling out. Wishing you continued success and an extended sale. We remain,

Yours truly,

Attempted Murder.

BERLIN, Ont., Aug. 15.—A bold attempt at robbery and murder was perpetrated on one of the oldest citizens. It appears that about 2 o'clock yesterday morning, Moses Erb, residing in King-street, heard rapping at the door, and thinking it might be some one in distress, or a friend, proceeded to dress himself. But while so doing he heard a noise seemingly in the house. He was on his way to make search when he was pounced upon by two men, one of them using his revolver with terrible effect over the head of Mr. Erb, who soon became prostrated and fell to the floor where he was kept. Mrs. Erb tried to make her way to the nearest neighbor's to raise the alarm, but was met by one of the gang, who threatened her with death were she to make any noise. Mrs. Erb retraced her steps and before closing the door gave a loud shout for help, which had the desired effect, and attracted the attention of neighbors and the scamps scattered.

The Ameer Avoids Meeting Gen. Roberts.

SIMLA, Aug. 15.—The Ameer of Afghanistan writes that he is pleased with the selection of General Roberts to visit him on a mission, but that owing to the rebellion among the Hazaras his hands are full and he is unable to name a time or place for meeting the British representative. As for the Hazaras, the Ameer writes that he will starve them out this winter. The Ameer's decision is held to be tantamount to the collapse of the mission. His altered attitude is due to the prospect of Mr. Gladstone being in power.

As Pale as Death.

Mr. E. T. Bailey, Elkhorn, Man., writes:—"My daughter was as pale as possible for a living person to be, short of breath and terrible pains in head. Pink Pills cured her." Of all dealers or by mail at 50c a box or 6 boxes for $2.50 Dr. Williams Med. Co., Brockville, Ont., and Schenectady, N. Y.

MORTGAGE SALE

OF VALUABLE

TOWN AND FARM PROPERTIES

In the Town of Peterborough and in the Townships of Ennismore, Otonabee, and Smith, in the County of Peterborough.

Under and by virtue of the power of sale contained in certain indentures of Mortgage, which will be produced at the time of sale there will be sold at the ORIENTAL HOTEL in the Town of Peterborough, on

Wednesday the 17th day of August,

1892, at Two o'clock in the afternoon, the following freehold properties:—

PARCEL I.

Under mortgage from Daniel Costello, the south half of the south half of lot number nine in the sixth concession of the Township of Ennismore, in the County of Peterborough, containing Fifty acres more or less.

The following improvements are said to be on the premises:—

This is a choice fifty acres of land, nearly all under cultivation, and in good state of cultivation; there is a frame, two-storey house, 20x32, a bark kitchen, 18x20 boarded, and a frame barn, 30x40.

PARCEL II.

With reference to this parcel the matter has been adjusted, and the property withdrawn from sale.

PARCEL III.

Under mortgage from Mary Ann Heather and Francis William Heather.

That part of lot number thirteen on the south side of Sherbrooke street and west of George street, in the Town of Peterborough, described as follows:—

Commencing at a point on the east side of Rubidge street, sixty-three and one-half feet from the north-west corner of said lot. Thence southerly along the eastern boundary of Rubidge street, sixty-three and one-half feet. Thence easterly in a line parallel with Sherbrooke street, one hundred and fourteen feet more or less to the rear of said lot. Thence northerly along the rear of said lot, sixty-three and one-half feet. Thence westerly in a line parallel with Sherbrooke street, one hundred and fourteen feet more or less to the place of beginning.

The following improvements are said to be on the premises:—A large comfortable two storey brick residence and small frame store, lately occupied as a grocery store.

PARCEL IV.

Under mortgage from William Northey.

The south half of lot number thirty-two in the sixteenth concession, the east half of lot number thirty-four in the seventeenth concession, and part of the south-east quarter of lot number twenty-four in the twelfth concession, all in the Township of Smith, in the County of Peterborough, the last mentioned parcel being particularly described as follows:—Commencing at a point on the western limit of the Buckhorn Road at the distance of 340 feet northerly from the south-east angle of said lot the one westerly parallel with the line between lots numbers eleven and twelve, 104½ feet, thence northerly parallel with the western limit of the Buckhorn Road 345 feet, thence easterly parallel with the said line between lots eleven and twelve 104 feet more or less, to the western limit of said Buckhorn Road, thence southerly along the western limit of said Buckhorn Road 345 feet more or less to the place of beginning.

The following improvements are said to be on the premises:—On the south half of lot thirty-two in the sixteenth concession there is a good house, barn and stable, and ample wood and water. There is about fifty acres under cultivation. The east half of lot thirty-four concession 17, is situated on the west shore of Deer Bay, there are about ten acres cleared, and the balance is highly timbered with mixed timber. The remaining parcel consists of about three-quarters of an acre situated in the Village of Selwyn, on which there had been a hotel, which has been destroyed by fire.

PARCEL V.

Under mortgage from Mary Ann Metcalf and William Henry Metcalf.

The east half of lot number ten in the first concession of the township of Smith in the county of Peterborough, containing one hundred acres, more or less save and except the right of way sold to the Midland Railway of Canada.

The following improvements are said to be on the premises: This farm is one of the finest in the county, situated one mile from the boundary of the Town of Peterborough immediately opposite the residence of Capt. Wallis. There is a fine young orchard, of six years' standing, of very thrifty trees just beginning to bear fruit. The whole farm is under the very highest state of cultivation. There is a good creek crossing the south end, and it is also well wooded by wells. There is a two-story frame house, 24x28, with an addition 20x30, a new shed 18x20, a first class stable and driving house 25x30, a frame barn, 30x60. The farm is well adapted for dairying purposes.

PARCEL VI

Under mortgage from Rose Linda Coon and Francis Coon.

Part of lot number ten on Walton street in the Town of Peterborough, as laid out on a plan of the subdivision of part of park lots number nine and ten in township number thirteen in the thirteenth concession of the Township of Monaghan, more particularly described as follows; commencing at a point on the western side of Walton street in the said town of Peterborough, distant southerly from the intersection of Walton and Weller streets, 159 feet, thence southerly along the western side of Walton street aforesaid 66 feet, then westerly parallel to Weller street, to the western limit of said lot ten, thence northerly along the western limit of said lot ten, 66 feet, thence easterly in a straight line to the place of beginning.

The following improvements are said to be on the premises.

There is a small 1½ story frame house situated in a good locality and is at present rented.

TERMS and conditions of sale. Ten per cent of the purchase money on the day of sale and the balance in one month thereafter without interest. Further particulars will be made known at the time of sale or on application to

"German Syrup"

Here is something from Mr. Frank A. Hale, proprietor of the De Witt House, Lewiston, and the Tontine Hotel, Brunswick, Me. Hotel men meet the world as it comes and goes, and are not slow in sizing people and things up for what they are worth. He says that he has lost a father and several brothers and sisters from Pulmonary Consumption, and is himself frequently troubled with colds, and he often coughs enough to make him sick at his stomach. Whenever he has taken a cold of this kind he uses Boschee's German Syrup, and it cures him every time. Here is a man who knows the full danger of lung troubles, and would therefore be most particular as to the medicine he used. What is his opinion? Listen! "I use nothing but Boschee's German Syrup, and have advised, I presume, more than a hundred different persons to take it. They agree with me that it is the best cough syrup in the market."

DR. WIGGINS ON MARS.

The Evening Star's Inhabitants Are More Intelligent Than We.

Dr. Wiggins, the weather prophet and astronomer, states that he was much surprised at the result of the investigations through the Lick telescope regarding the planet Mars. Such a result was certainly very disappointing to astronomers, as they had fully believed in the accuracy of Schiaparelli's investigation regarding the parallel canals on the face of that planet, but which the Lick telescope did not reveal in any shape. Of course there have been many false statements made as to astronomical discoveries, but coming from such a reliable person as Schiaparelli it was taken as accurate. If he is wrong in this matter, what about his statements regarding the revolution of Mercury? Are they all wrong? "Of course," continued the doctor, "we in Ottawa are at a loss in studying these matters, owing to the want of appliances by the Canadian Government for their observation, and must take our information from others regarding these small satellites, or moons which the Lick telescope has revealed. I notice one thing of a remarkable character" he said, "about these satellites. One of them, the one named the planet, travels so rapidly in its orbit that it actually rises in the west. All the satellites of the solar system, however, do not travel in the same direction, as, for instance, those of Neptune. This being the case, what becomes of the theory of Laplace, to the effect that all planets were thrown from the sun, and must revolve in the same direction?" Discussing then, the planet itself, the speaker referred to the fact that the snow caps on the poles of Mars can be easily traced at the Lick observatory, and said that the northern cap never comes further south, even in the planet's winter, than a point which would correspond with our Hudson's bay. Now, as Mars revolves outside the earth's orbit, this statement overthrows the theory that that heat of those planets proceed from the sun, for Mars is warmer than the earth. It must be a far more desirable world to live in than our own, because there is only a small spot near the poles where any winter exists, and it is such a dense atmosphere that the temperature is not excessive even at the equator. As it is many millons of years older than the earth. I judge that its inhabitants must be much more intelligent than we are, and probably live for hundreds of years. I would infer this from the fact that noxious vapors do not exist in its atmosphere to cause epidemics, for its volcanic agencies ceased many millions of years ago. Thirty years ago I demonstrated in my architecture of the heavens that the solar heat enjoyed by a planet does not depend solely on its proximity to the sun, but to the density of its atmosphere. This I have since verified by observing that the direct solar rays are not of so high a temperature when passing through a clear atmosphere as through a thin stratum of clouds. Mars possessing so dense an atmosphere, therefore, enjoys perpetual summer almost to its polar circles. As his attraction on the earth is now the greatest possible, our atmosphere's density is slightly increased, which accounts for the great heat of the present summer. This will also increase the violence of Mount Ætna's eruptions, and we will have increased volcanic action and humidity throughout the world.

ENGLISH YOUNGER SONS.

A Great Number of Them "Roughing It" in the West.

The proportion of young English gentlemen who are roughing it in the West far exceeds that of the young Americans. This is due to the fact that the former have never been taught a trade or profession, and have nothing in consequence when they have been cheated of the money they brought with them to invest but their hands to help them, and so take to driving horses or branding cattle or digging in the streets, as one graduate of Oxford, sooner than write home for money, did in Denver. He is now teaching Greek and Latin in one of our colleges. The manner in which visiting Englishmen are robbed in the West, and the quickness with which some of them take the lesson to heart, and practice it upon the next Englishman who comes out, or borrow from the prosperous Englishman already there, would furnish material for a bookful of pitiful stories, and yet one cannot help smiling at the wickedness of some of these schemes. Three Englishmen, for example, bought, as they supposed, 30,000 Texas steers, but the Texans who pretended to sell them the cattle drove the same 3,000 head ten times around the mountain, as a dozen supers circle around the back drop of a stage to make an army, and the Englishmen counted and paid for each steer ten times over. There was another Texan who made a great deal of money by advertising to teach young men how to become cowboys, and who charged them $10 a month tuition fee, and who set his pupils to work digging holes for fenceposts all over the ranch until they grew wise in their generation and left him for some other ranch, where they were paid $30 per month for doing the same thing. But in many instances it is the tables of San Antonio which take the greater part of the visiting Englishman's money. One gentleman who for some time represented the Isle of Wight in the lower house spent three modest fortunes in the San Antonio gambling-houses, and then married his cook, which proved a most admirable speculation, as she had a frugal mind and took entire control of his little income. And when the Marquis of Aylesford died in Colorado the only friend in this country who could be found to take the body back to England was his first cousin, who, at the time, was driving a hack around San Antonio. One hears stories of this sort on every side, and one meets faro dealers, cooks and cowboys who have served through campaigns in India or Egypt or who hold an Oxford degree. A private in G Troop, Third Cavalry, who was my escort on several scouting expeditions in the Garza outfit, was kind enough and quite able to tell me which club in London had the oldest wine cellar, where one could get best visiting cards engraved and why the professor of ancient languages at Oxford was the superior of the instructor in like studies at Cambridge. He did this quite unaffectedly and in no way attempted to excuse his present position, nor was he questioned concerning his position in the past. Of course the value of the greater part of these stories depends on the family and personality of the hero, and as I cannot give names I have to omit the best of them.—Harper's Weekly.

A Noble Girl.

Nellie Summergirl—We've been engaged over a week, George, dear! Don't you think we ought to break it off?

George Indemand—Break the engagement! Why, love, are you tired of me so soon?"

"No-o; but don't you think I ought to give the other girls some chance at you, seeing you're the only man here." Boston News.

A "Holy" War From Mecca.

BRUSSELS, Aug. 15.—Le Patriot publishes a letter from the Lake Tanganyika country, the writer of which declares that the Arab rising in the Congo State is in obedience to the proclamation of a "holy" war from Mecca.

An Honest Opinion Wanted.

"Have you fixed up my will?" said the sick man to Lawyer Quillipa.

"Yes."

"Everything as tight as you can make it?"

"Entirely so."

"Well, now, I want to ask you something—not professionally, but as a plain, every-day man. Who do you honestly think stands the best show for getting the property?"—Washington Star.

Progressive.

Neighbob—And you expect to support my daughter on $10 a week?

Clarklets—Yes, sir.

Neighbob—Well, go ahead; my heart refuses, but my pocketbook consents. She costs me $50.—New York Herald.

The Head Surgeon

Of the Labon Medical Company is now at Toronto, Canada, and may be consulted either in person or by letter on all chronic diseases peculiar to men. Men, young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face or body, itching or peculiar sensation about the scrotum, wasting of the organs, dimness, specks before the eyes, twitching of the muscles, eyelids and elsewhere, bashfulness, deposits in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes surrounded with leaden circle, oily looking skin, etc., are all symptoms of nervous debility that lead to insanity and death unless cured. The spring or vital force having lost its tension, every function ceases in consequence. Those who through abuse committed in ignorance may be permanently cured. Send your address for book on all diseases peculiar to men. Books sent free sealed. Heart disease, the symptoms of which are faint spells, purple lips, numbness, palpitation, skip beats, hot flashes, rush of blood to the head, dull pain in the heart with beats strong, rapid and irregular, the second heart beat quicker than the first, pain about the breast bone, etc., can positively be cured. No cure, no pay. Send for book. Address M. V. LUBON, 24 Macdonell ave., Toronto, Canada

Delay is Dangerous.

When the kidneys are out of order delay is dangerous. Any disease may follow and become so well established that months of suffering will follow. A gentle tonic like Dodd's Kidney Pills is always acceptable to the kidneys and protects them from disease. They are a kidney food.

CARTER'S LITTLE LIVER PILLS.
CURE
Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing
SICK
Headache, yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured
HEAD
Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not stop here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick
ACHE
is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.
CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills makes a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail.

GLADSTONE AT OSBORNE.

ANOTHER FORECAST OF THE NEW CABINET.

Gladstone Himself to Be Privy Seal and First Lord of the Treasury—He is Said to be in Fine Health and Spirits—The Report Denied That Morley Will be Raised to the Peerage.

LONDON, Aug. 16.—Mr. Gladstone, accompanied by Sir Algernon Edward West, left Carleton Gardens at noon Monday en route for Osborne House, Isle of Wight, to lay before Her Majesty the names of those who will compose the cabinet and to carry out the old custom which requires that the statesman summoned to form a government shall kiss the hand of the sovereign.

Notwithstanding the persistent rumors as to his physical condition, Mr. Gladstone looked remarkably sprightly. To judge from his appearances he did not look upon the journey to Osborne House in the light of a severe task; on the contrary, his every appearance indicated that it was a pleasure jaunt for him. A considerable number of persons had gatheied about the doorway of the house in Carleton Gardens, and when the Liberal leader appeared looking fresh and smiling he was the recipient of hearty cheers. Entering his carriage he was at once driven to Waterloo station, where a small crowd, including a few notable men, were gathered to see him. Arrived at the station, Mr. Gladstone took his seat in a first-class saloon car. Here he extracted a tuberose from a small box and carefully pinned it in a buttonhole of his coat. As the train pulled out of the station the crowd cheered Mr. Gladstone, who responded by lifting his hat and bowing.

Cabinet Forecasts.

LONDON, Aug. 16.—The News announces that Earl Rosebery will be Foreign Secretary, Baron Herschell, Lord Chancellor; Sir William Vernon Harcourt, Chancellor of the Exchequer; Herbert H. Asquith, Home Secretary; Right Hon. Henry H. Fowler, President of the Local Government Board Rt. Hon. H. Campbell-Bannerman, Secretary for War; Earl Spencer, First Lord of the Admiralty; Rt. Hon. John Morley, Chief Secretary for Ireland; Rt. Hon. A. J. Mundella, President of the Board of Trade; Sir Charles Russell, Attorney-General; John Rigby, Solicitor-General; Right Hon. Samuel Walker, Lord Chancellor of Ireland; Mr. Macdermott, Attorney-General for Ireland; Right Hon. Edward P. C. Majoribanks, Patronage Secretary; Alexander Asher, Solicitor-General for Scotland, and Right Hon. J. D. Balfour, Lord Advocate.

Messrs. Bryce and Acland will also have seats in the cabinet, while the Marquis of Ripon, Earl Kimberley and Sir George Trevelyan will undoubtedly be members.

The Earl of Aberdeen is mentioned to succeed Lord Stanley as Governor-General of Canada.

Mr. Gladstone's Offices.

LONDON, Aug. 16.—Mr. Gladstone will take the office of Privy Seal as well as that of First Lord of the Treasury. Lord Rosebery will be Viceroy of Ireland.

No Truth in the Report.

LONDON, Aug. 16.—There is no truth in the report that Arnold Morley will be raised to the peerage.

Lord Kimberley Couldn't Explain.

LONDON, Aug. 16.—In the House of Lords yesterday Lord Salisbury stated that the Cabinet had presented its resignation, which had been accepted by the Queen. His Lordship then asked Lord Kimberley, as the leader of the Liberal peers, to explain to the House the foreign and domestic policy of the incoming Government. Lord Kimberley replied that he (Lord Kimberley) was not yet a member of the Cabinet and could not, therefore, consider himself authorized to reply to the query of the noble Earl. Lords Connemara and Edinburgh took their seats after the usual oath, and the House adjourned until Thursday.

THE MARCH OF THE CHOLERA.

Frightful Ravages by the Plague in the Country of the Shah.

SIMLA, Aug. 16.—In consequence of the dread prevailing in Teheran, the capital of Persia, over the invasion of cholera, the Shah has taken up his residence at a camp at El-Burz, 24 miles from Teheran.

In the city there is an alarming increase in the number of cholera cases reported daily, and the deaths average 300. A few days ago the average number of deaths was 60. The American Protestant missionaries have many cholera patients at their hospital. They are doing incalculable good. All the railway and tramway traffic has stopped and the bazars have been closed. Nearly all the residents who have been able to do so have fled the city. Almost all the victims of the dread disease are from the lower classes.

At Tabriz, the capital of the Province of Azerbaijan, in Northern Persia, cholera is raging with the most fatal effect. The city contains about 175,000 inhabitants, and they are dying at a frightful rate. Every day the deaths amount to several hundred and the disease shows no sign of diminution in its violence.

EXCITED IMPERIALISTS.

The Napoleonic Fete at Paris Gives Them Opportunity.

PARIS, Aug. 16.—Monday was the anniversary of the Napoleonic fete day, and the occasion was celebrated by a great banquet, which was attended by 500 supporters of an imperial regime.

M. Engemand, a member of the Chamber of Deputies, presided. He made a speech in which he attacked the Jewish financiers and the plutocracy. Amid cries of "Vive L'Empire," "Abas Les Jeuifs" those present adopted a resolution declaring that the Imperialists at the elections would vote only for candidates who demanded the election of the President by a plebiscite.

A STEAMSHIP WRECKED.

The Thracian Cast Away on the Isle of Man.

LONDON, Aug. 16.—A large steamer named the Thracian, the building of which has just been completed at Glasgow, and which was being towed to Liverpool, has been lost off the Isle of Man. The crew of 17 men went down with the steamer.

Everything went well until last night when the wind freshened and in a short time was blowing a gale. The Thracian was proceeding light, and as the sea increased she pitched and rolled heavily. The strain on the towing hawsers was tremendous, and finally they parted. By this time the sea was so high that it was impossible to get other lines from the towboats to the steamer and it was equally impossible for any attempt to be made to rescue the crew.

The captain's wife was also on board the vessel. The six children of the captain and his wife were awaiting their arrival on the landing stage at Liverpool when the news of the disaster was broken to them. They were stunned by the announcement.

French and Belgian Miners Fight.

PARIS, Aug. 16.—For some time past trouble has existed among the French miners in the Pas de Calais district, owing to the employment of Belgian miners. The trouble culminated yesterday in a pitched battle between a number of Frenchmen and the Belgians. Revolvers were drawn and shots exchanged. Several men on both sides were injured. The gendarmes were promptly on the scene and succeeded in restoring order.

The Invasion of the Pamir.

BERLIN, Aug. 17.—According to reliable diplomatic information received here, China has addressed strong representations to Russia protesting against the occupation of the Pamir country by the Russians as a breach of the treaty of Livadia, which fixes the frontier 100 miles north of Aktash, where the Russians are encamped.

The governer of Chinese Turkestan has sent troops to protect the frontier.

The Irrepressible Small Boy.

Now is the season when the ubiquitous small boy fills himself with green plums and greener apples, and bolts half-ripe cherries, seeds and all. His voracity almost invariably leads to Cramps, Diarrhea, or Dysentry, and the family heartstrings resounds with lamentations. If his parents are prudent people, they will have a bottle of PERRY DAVIS' PAIN KILLER ready for such summer emergencies, and a spoonful of this great specific will bring the young scamp around all right. Druggists all sell it. Only 25c. per bottle new large size.

PORT ARTHUR SCANDAL.

THE EVIDENCE AT THE PRELIMINARY ENQUIRY.

Mrs. Bathurst Relates Her Story of the Alleged Assault by Col. Ray—No Evidence to Show That the Latter Offered to Settle the Affair With a Check.

PORT ARTHUR, Aug. 16.—No scandal which has occurred in Canada in recent years has convulsed the Dominion as has the recent arrest at Port Arthur of Col. Samuel Wellington Ray, the well-known banker and military man, on a charge of criminally assaulting the wife of Dr. Launcelot Bathurst.

The plaintiff in the case, Rose Louise Bathurst, is not yet 26 years of age. She is the mother of two children, and her Christmas present to her husband will increase the olive branches. Born in England, until 16 years of age she attended a school in Somerset, of which Prof. Clark, presently of Trinity College, Toronto, was the then rector. When 16 years of age she removed to London, where for three years she attended the London ladies' school. While there she met Dr. Launcelot Bathurst and they were married in February, seven years ago, by Rev. Mr. Griskin. They at once came to America, settling in Detroit. Some time afterwards she returned to England, where she remained 18 months, visiting her sister, her husband meantime continuing the practice of his profession in the mining district of Michigan. Three years ago they removed to the Thunder Bay district. Her husband's business called him frequently to Port Arthur, and finally in November last he removed his family to that town. He was frequently absent attending to the duties of his profession for from 24 to 48 hours at a time, and during this absence his wife would, with her family, find temporary lodgment at the Northern, a fashionable hotel on the water front. It is here where the Upper Tendom of the town foregather at semi-occasional assemblies, for since the boom which the building of the C.P.R. gave the town has subsided the settlement has been converted into a respectable, staid and proper abiding place; the only reminders of the good old times being the high price of drinks and the signs on 34 facades signifying that at a not very remote period liquid refreshments were legally on sale inside.

Mrs. Bathurst attended these assemblies or balls, and arrayed in all the splendor of millinery properties presented as fair a vision as ever maddened the heart of a cavalier. One of the boarders at the hotel and one of the regular attendants at the balls was Col. Ray. The two became acquainted, Dr. Bathurst introducing the Colonel to his wife. That was two years ago. "Time passed on," as the novelist would say, and the acquaintance did not ripen into friendship. Mrs. Bathurst says that when they met they simply spoke as they passed by until one night in leafy June last while the doctor was at the mines Mrs. Bathurst and a lady friend, Mrs. O'Connor, remained seated on the verandah at the Northern with Col. Ray from 8.30 to 11 o'clock.

The Colonel and Mrs. Bathurst next day waltzed together in the parlors of the Northern. They next met on Saturday, July 30, at the Northern, where Mrs. Bathurst went to see Mrs. Smith. Col. Ray met them on the balcony. The Colonel asked Mrs. Smith to play a waltz for them, which she did. Mrs Bathurst left about dark and Col. Ray accompanied her home. He said he had to be at his office that night, but he would see Mrs. Ray home first. This was the first time he had accompanied her home, and as the doctor was not absent he did not remain long. Tuesday afternoon Mrs. Bathurst started for the hairdresser's with the children and strangely enough ran across the Colonel in Cumberland-street. The Colonel asked the little girl about going for a horseback ride, and then remarked that he had something to say to her mother, would she meet him at her own house at 7.30 in the evening (the doctor had meantime left for the mines). She acquiesced, but did not go. It rained that night, but Mrs. Bathurst says that was not the reason. Wednesday morning, Aug. 3, they met again. Mrs. Bathurst had visited her house, so she claims, to change her dress. It was while returning to the Northern that she met Col. Ray. This is her account of what subsequently transpired:

Mrs. Ray's Story of the Affair.

Wednesday morning I met him again, when he spoke to me about a vestry meeting they had had the night before. It did not interest me and I did not pay much attention to what was said. He talked in an undertone. He spoke about being short $300. He asked me to walk towards my house, as he had something to say to me. I asked him if he could not say it then. He said no. I thought he was going to say something about money. We walked up to the house. I unlocked the door. He was behind me. He closed the door with one arm. The other arm he threw around my waist. He kissed me and then he acted like a madman. He said, "My God, my God!" I told him to let me alone and drew myself away, and he said, "Let us go upstairs." He kept saying all the time, "My God, my God!" I was nervous and frightened and faint. I was struggling to get away from him. He was much stronger than I was. I did not get away. By that time we were at the dining room door and he pushed me down. This was still in the hall. He then got up and closed the kitchen door. I was still on the floor, but got partly up. He came back and pushed me back again. I fainted. I am subject to fainting. The next thing I remember Col. Ray had me by one arm. I was crying. He told me not to cry and wanted me to sit down and talk to him for a few minutes. I told him no, to leave the house; if he did not I would call out. I have every reason to believe he accomplished his purpose. He then left and I sat down and had a good cry. I stood there until I was able to go out. I then went straight to the Northern, and going inside beckoned the proprietor, Mr. Wylie, to me and told him of the facts. My husband was away at the time. When he returned I complained to him of the occurrence in the house. An information was then laid.

What Followed the Explosion of the Bomb.

The first whisper that the public had of the storm which was about to burst was upon the return of Dr. Bathurst from Gunflint Lake. After his wife had related to him her story of the affair he went on a hunt for the Colonel. They met on the crowded wharf. The doctor stopped Ray and said: "I intend to have you arrested; I want to speak to you." The colonel said: "Don't make any disturbance here." The two then walked along the dock. Dr. Bathurst meantime unloading the vials of his wrath upon the alleged betrayer of his home, and finally he struck the colonel. The latter returned in kind. The colonel then proceeded to the sample room of the Northern, whither Dr. Bathurst followed, called him a brute, accused him of having seduced his wife, an unprotected woman, and again threatened him with arrest. The same night he swore out a warrant against Ray on the charge of criminally assaulting Louise Rose Bathurst. The warrant was executed by Constable Nichols and Col. Ray was placed under arrest.

Before the Magistrate.

The preliminary examination took place before Police Magistrate W. Dubie, associated with two local justices. District Attorney Lewis appeared for the prosecution. R. Clute of Belleville, who obtained a local reputation in June when he conducted the prosecution of Mrs. Carrothers, charged with the murder of her husband in the Rainy River district, had been engaged for the defence, associated with Mr. W. K. Cameron and James Gorman. Owing to the nature of the case the "vulgar herds" were not allowed admission to the hearing.

Mrs. Bathurst told her story virtually as detailed above. She was cross-examined at great length by Mr. Clute. It came out that her house was not located in a specially-settled district; that a Mrs. Squier, with whom she was acquainted, resided 13 feet to the east and Mrs. Ashforth, another neighbor, 12 feet to the west, while the police station was 30 feet distant. She did not notice whether the windows of the houses in the neighborhood were open, neither did she observe whether or not there was any person in the police station. After the alleged assault she proceeded past one of these houses and the police station to the Northern Hotel before acquainting any person with the facts. It also transpired that although her husband returned from Gunflint Lake in the afternoon she accompanied him to their house, returned with him to the Northern Hotel to dinner and did not unbosom herself of the foul crime of which she had been the unwilling victim until after tea when they went upstairs in the hotel. She said that in making the appointment to meet the Colonel at her house during her husband's absence it did not occur to her that there was any harm in her going to her house with any one for whom she had any respect. When asked if the reason for not keeping her appointment on the previous Tuesday evening was owing to the fact that it rained, she replied, "No, that was not the reason. I forgot about it." It will be recollected that she said that the assault took place in the hall after she had unlocked the door and invited the colonel to step inside. The parlor and dining room doors were open, and thus there were two open doors leading into a room, in which there were three open windows. To Mr. Clute she gave the following graphic description of the assault:

This deposition was signed by Mrs. Bathurst. The report which was telegraphed that Col. Ray had signed a check for $5000 to settle the affair may be correct, but if it is it is strange that evidence to that effect was not given when he was arraigned.

There was very little other testimony taken.

Arthur L. McEwen, a mining engineer, stated that Col. Ray had admitted to him that he had been indiscreet.

F. S. Wylie, the proprietor of the Northern Hotel, to whom Mrs. Bathurst first told her story, corroborated her evidence in respect to calling him out and laying the facts of the case before him. He also had a talk with Col. Ray, when the latter expressed the hope that the matter would be arranged. Mr. Wylie modified this statement, however, by saying that the suggestion came more from himself than from Col. Ray. From what the Colonel remarked he gathered that the latter thought that an apology would settle the whole matter.

Dr. Bathurst, the husband of the plaintiff, detailed the circumstances under which his wife acquainted him with the facts, and also stated that she fainted very easily during a fright, being of a very nervous disposition. Her fainting spells last from 5 to 20 minutes. While suffering from the fright she is rendered speechless. On this evidence Col. Ray was committed for trial and bailed to appear at the next assizes. As in Thunder Bay District all criminal cases are prosecuted by the Attorney-General's department direct, the provincial authorities will consequently have charge of the prosecution when it comes off.

The defence, of course, has not been gone into, but it is understood that Col. Ray denies that he was other than indiscreet and that Mrs. Bathurst's conjectures as to what occurred after she fainted are merely the creatures of her imagination.

THE BUFFALO STRIKE.

The Calling Out of the Militia Put an End to Disturbance.

BUFFALO, Aug. 17.—The backbone of the strike appears to be broken. If no further disturbance occurs to-day the railroads will have won the fight. This has been brought about by the action of Brigadier-General Peter C. Doyle, who is also general northern freight agent of the Lehigh Valley, in calling out the 74th and 65th Regiments and holding all others under his command in readiness to move at a moment's notice. It is perhaps fortunate for the Philadelphia and Reading to have a militia man of high rank in its employ. The military have stood guard since 3 o'clock yesterday all over the scene of dispute, at the Williamstreet yards, and under the protection thus afforded the Erie and Lehigh have been enabled to move their freight trains to-day for the first time since the blockade of Sunday morning.

Fire at Weston.

WESTON, Aug. 17.—What nearly terminated in a disastrous fire occurred in Weston yesterday. The driving shed and stable of the R. & W. Longstaff pump works were noticed about 6 o'clock last evening to be on fire. As there are no means of protection from fire the flames made great progress. The citizens fought the flames with buckets and after great exertion managed to save the pump works and dwelling of the firm. The buildings were totally consumed. The loss will be very heavy as the building contained quite a quantity of oats. The building has only been recently erected. Cause of fire unknown.

Canada's New Viceroy.

MONTREAL, Aug. 17.—A cable to The Star says: There is every reason to regard as official the belief expressed by The Daily News that the Earl of Aberdeen will succeed Lord Stanley on the expiration of the latter's tenure of office. The selection is heartily approved in Canadian circles in view of Lord Aberdeen's knowledge of Canada and his interest in Canadian affairs, and pleasant personal qualities.

Manitoba's Great Crop.

WINNIPEG, Aug. 17.—Wheat cutting is now becoming general. The sample is of the very best quality, and those most competent of judging say that a conservative estimate of the yield is 20 bushels per acre for the entire province. In some districts the yield will be easily 30 bushels to the acre.

All the Bodies Recovered.

WIARTON, Ont., Aug. 17.—The body of Mrs. Stevens, the last of 6 persons drowned on July 27, was found yesterday. The body was recovered within a radius of about two miles of the scene of the accident and three were found a mile south near the head of the bay and 2 more east near Oxenden. The bodies were well-preserved considering the time they had been in the water.

ADRIFT IN THE RAPIDS.

A ST. LAWRENCE RIVER STEAMER ASHORE.

She Had Two Hundred Tourists Aboard Who Will Never Forget Their Experience—They Complain of Extortion on the Part of Rescuers.

MONTREAL, Aug. 17.—The R. and O. steamer Bohemian arrived here yesterday with the passengers of the Columbian which ran aground yesterday afternoon on the Cedar Rapids. There were about 200 tourists on board the Columbian, and they had an experience which they will not soon forget. Their escape from being hurled to pieces in the swift rapids was miraculous and was due to the coolness of the pilot, who, when he saw the danger, ran the boat on a small island. The trouble arose from the steering gear, which broke down. The vessel became uncontrollable and swung around in the swift current, creating no little alarm and excitement among the passengers.

Fortunately the channel is quite deep in the rapids, and she descended clear of all rocks, until she ran on the shores of one of the small islands below the village of Cedars. She ran into this island with considerable force. The passengers were sent ashore by means of a bridge made of two long pine trees which were cut down by the crew and placed in position.

As soon as the residents in that locality saw the plight in which the steamer was they rowed across to render assistance by taking the passengers off in skiffs. Some of the passengers anxious to get to the city were taken from the island on which they were stranded to a neighboring island and from this to another island, and thence to the shore. They had to cross three channels in order to reach the mainland. Although many passengers crossed over that way there was no mishap, and not a piece of baggage lost. After reaching the mainland they took rigs for Vaudreuil, several arriving in Montreal this morning.

The passengers complained bitterly of the way the boatmen acted who ferried them to the shore. They refused to let the passengers land until they paid a dollar each. At first $3 a head was demanded, but they finally consented to take the lesser sum. The steamer Bohemian of the same company arrived at the scene of the accident early this morning and took from the stranded vessel 80 passengers, who had remained on board all night. They were landed in Montreal this afternoon. All spoke highly of the officers and crew of the Columbian and regretted the mishap to that vessel. Mr. Chabot, the manager of the Richelieu & Ontario Navigation Company, visited the ill-fated steamer to-day. It is feared that there will be great difficulty in floating the steamer. Tugs have been ordered down from Kingston and work will be commenced at once. The Columbian was a new boat and cost $200,000.

TORONTO TOPICS.

TORONTO, Aug. 17.—Since Mr. Booth's arrival here there has been quite a commotion in the Salvation Army. A number of officers have been removed and the complaint is that Boothism overshadows everything. The amount of money the Booth family has taken out of Canada in contributions from the Army must have been enormous, and it was to increase the contributions, which have fallen off, that General Booth's son was sent here to take charge. If he follow his present methods the Army here will not last long.

George M. Bligh, sales agent for P. D. Dodds & Co., Montreal, was run over and killed by a street car yesterday.

The deceased was 36 years of age and lived with his wife and child at 305 Crawford-street. At 12.40 he was standing in front of the Palmer House waiting for a car, as he was going home to lunch.

When the car was stopped Mr. Bligh was found lying beside the track, with the top of his head almost torn off, the wheels having passed over it.

The dead men's father-in-law took charge of the body. The funeral will probably take place this afternoon.

The remains of Percy Howell, the Upper Canada College pupil drowned in Lake Rosseau Monday, were interred yesterday afternoon from the residence of his uncle, Mr. Henry S. Scott.

The body arrived in the city on the morning train and the funeral took place at 4 p.m. A number of deceased's fellow-pupils were present and there were several beautiful floral offerings. Rev. Cecil C. Owen officiated at the house and at the grave. The interment took place in St. James' Cemetery.

The body of Henry Lloyd Broughall, one of the young men who were drowned at Port Credit on July 17, was found in the lake yesterday. About 12 o'clock County Constable Joseph Williams found the body about four miles east of Victoria Park and 300 yards from the shore. He secured the assistance of C. B. Baker, a camper at Victoria Park, and the body was wrapped in a sail and brought to the city in a small boat. On arriving at the morgue the dead man's brother was notified and he immediately proceeded to the morgue and claimed the body.

William Cuddy, a brother of Detective Alf Cuddy of the Toronto Police Force, was murdered in the Jackson, Mich., State Prison yesterday. The deceased was a member of the well-known contracting firm of Phillips & Caddy, and without a moment's warning was struck several terrible blows over the head with a hammer. He sank back unconscious and died three hours later. In the meantime Henry Blackman, his murderer, a life convict, sentenced years ago of killing members of his own family in a cold-blooded manner, had been placed in a cell, where, later on, he practically confessed the deed. Cuddy ran a broom factory in the prison.

The Attorney-General's Department has sent Detective Rogers to Barrie to investigate all the circumstances connected with the recent death of Brewer Anderton, who was at first reported to have been killed by lightning in his barn, but who, it is now claimed in the district, was murdered and the barn fired in a fruitless endeavor to destroy all traces of the crime.

Edward W. Kelly, the Simcoe barrister who was arrested some days ago charged with obtaining money under false pretences in connection with the recent school teaching frauds, was up in the Police Court yesterday. He was remanded until next Tuesday, his own bail in $1000 and two sureties of $500 each being accepted.

Canadian Cheese Still Strong.

That is, in a Commercial Sense.

The Montreal *Trade Bulletin* says:—A fresh accession of strength has characterized the cheese market since our last report, forcing prices up fully ½c per lb. the cost of finests Western goods going out on this week's steamers being 9¾ to 9¾c. while a considerable quantity of under-priced goods cost 9c to 9½c. The continued strength of the situation is all the more remarkable on account of the persistent heavy shipments from this side, no less than 87 000 boxes leaving Montreal last week with 53,000 boxes from New York, making a grand total from the two ports for May 1st to the close of last week, of 1,343,000 boxes against 119,000 boxes for the corresponding period last year, showing the large increase of 224 000 boxes. The total for the same period at this port was 727,000 boxes against 593 000 boxes last year, being an increase of 132 000 boxes. It is now a question with some of the leading men in the trade as to whether the advance has not nearly, if not quite, attained its climax, as prices are nearing a point that consumption may decline to follow. There can be doubt that the consumptive demand on the other side has been all that the *Trade Bulletin* has persistently claimed from the first of the present season; but there must be a halting place, and nothing will bring it about sooner than the advance in values which recently occurred. It will be remembered that last week we drew attention to the fact that cheese was being put into cold storage in this city, and that stocks had begun to accumulate, and since then the storage capacity here has been crammed to repletion, one of our large housemen having been compelled to decline receiving any more. Large stock have also gone into storage in the West, so that the time has arrived when great caution should be manifested by dealers on both sides of the Atlantic, lest the present movement should be hurried beyond its legitimate sphere, and the strong tone of the market supplanted by demoralization. Contracting has already commenced, about 10,000 to 12 000 boxes of Septembers and Octobers having been sold in the Belleville section at 10c to 10½c. There can be no question that the market has a strong aspect at the moment, but in any event it will do no harm if the *Trade Bulletin* cries, "Steady, boys! steady!"

The Central Exhibition.

The farmer that takes a practical interest in agricultural exhibitions, is sure to be found a leading farmer in his neighbourhood. The more farmers mix with, and rub against one another the greater will be the mutual improvement. For these aside from other reasons the Central Exhibition to be held on September 26th, 27th and 28th shou'd be largely patronized by both exhibitors and visitors. For the farmer a liberal list of prizes, larger than any previous year, covers every aspect of agricultural and domestic operations, while the varied exhibits are well worth the attention of the public. The live stock exhibits will give valuable pointers to those interested, and in every other branch there will be something to learn.

The programme is of varied interest, Monday, 26th September is to be given over chiefly to the placing of exhibits.

Tuesday, September 27th, has been set apart as school children's day, and will also witness the formal opening of the exhibition by His Honour G. A. Kirkpatrick, Lieutenant-Governor of Ontario. The opening ceremonies will take place at 1 30 o'clock. This day will also witness the full live stock exhibit on the grounds. Some of the special events connected with the speeding in the ring and the bicycle races will take place that day.

On Wednesday the third and last day of the exhibition, the special speeding events will be continued, and several of the best prizes in the special classes will be competed for.

Among the special attractions already assured, is the great baby show, in which the prize-winning baby will win a premium of $25, consisting of a five dollar gold piece to the baby, a suit for the father and a dress for the mother. Numerous other attractions will be presented, making the coming Central Exhibition well worthy of public patronage.

Little Borden in Prison.

TAUNTON, Mass., Aug. 16.—Miss Borden passed a comfortable night and yesterday was cheerful to an unusual degree, brought about, no doubt, by the prospect of a visit from her sister. Mr. Jennings and Miss Emma Borden came up this morning, and the former, after a brief conversation, went away, leaving Emma in the cell with her sister.

They conversed in low tones for some time but there were no tears, no complainings, and the whole affair had the appearance of a simple, ordinary, everyday visit between friends. During part of the time Lizzie was occupied with sewing which she had brought with her. It is understood that under no circumstances will she open her mouth, and Mr. Jennings, her counsel, will do all the talking necessary.

Ottawa's Ex-Clerk Dead.

The Minister Approves.

OTTAWA, Aug. 16.—Hon. Mackenzie Bowell stated yesterday that he is in hearty accord with the views of Gen. Herbert respecting the reorganization of the militia.

Say Mister!

Is it possible you are suffering from catarrh, and have not used Dr. Sage's Catarrh Remedy? All the terrible consequences of catarrh in the head may be averted if you will but make the effort! You know, too well its distressing symptoms! You possibly know, if neglected, it invariably goes from bad to worse, and is likely to run into consumption and end in the grave! Here is a way of escape: Its makers are willing to take all the risk, and make a standing offer of $500 for an incurable case of this loathsome and dangerous disease. You can get $500, or better—a cure!

One of our most influential residents and prosperous farmers, Mr. Jas. Magee, is at present lying at the point of death from a rupture received some time ago, but recently injured from a fall. Dr. Thompson and Brereton are the attending physicians.

The new hotel is rapidly approaching completion under the contract of W. Donnell, Peterborough Mr. McMaster, foreman, is the right man in the right place.

Mr. Atkinson, butcher, makes two trips weekly to Peterborough with supplies.

The EXAMINER is largely sought after for Peterborough news. It is always interesting and becoming more familiar.

Mr. Wm. Sherwood, a former resident of Peterborough (*45 years ago*) is still living here hale and hearty, and a good intellect. Mr. S. was the organist and teacher of the first brass band in Peterborough, having twelve members at that time, and being the only band in the county.

Disease Often Found in Cow's Milk.

The tendency of cow's milk to become sold is due to fermentation induced by certain bacteria. This fermentation is always increased by the action of oxygen in the air, and therefore is very rapidly induced when milk is exposed in shallow vessels, as is generally the case in dairies. Unclean vessels of any kind also induce fermentation, because they generally contain the bacteria that always accompany dirt. Cow's milk often carries disease germs, the principal one being those of tuberculosis, scarlet fever, and typhoid fever.

These are stern facts, and should be carefully considered by every mother who values the life of her infant. Little ones fed on cow's milk during the summer time are liable to be cut off at any time by disease, especially in large towns and cities.

The duty of the mother is to shield her babe from danger, when it is necessary to feed it artificially. Mothers have now that celebrated Lactated Food which is so strongly recommended by medical men as the nearest approach to mother's milk. Its composition is pure, healthy and invigorating. It is made from the best products of nature, and suited for the weakest digestion. The mothers of Canada who have used it, extol its virtues and recommend it to their friends. It can be said with truth, that Lactated Food saves babies' lives.

Hall's Bridge.

(From Our Own Correspondent.)

Tuesday morning Mr. Albert Douglass, jr., of Chillicothe, Ohio, left Buckhorn Hotel to go to Burleigh in company with his wife and a guide. While passing through Little Buckhorn Rapids he hooked an enormous muskinonge which started off towards Burleigh, but when it got as far as the first pier, it changed its mind and returned to Little Buckhorn. Mr. Douglass succeeded in getting on shore when he and the guide succeeded in overcoming their prey. The fish weighed 23 pounds, and an eight-ounce rod was the weapon of capture.

Wm. Renwick, M.D., M.R.C.S., of Victoria, B.C., writes: I have used Miller's Emulsion of Cod Liver Oil in cases of indigent patients with the most gratifying results. It does not upset the stomach, is easily assimilated and possesses undoubted power in rebuilding weakened constitutions, where the ordinary form of administering Cod Liver Oil is not admissable. For the future, whenever I have occasion to prescribe any preparation of Cod Liver Oil, I will give Miller's Emulsion the preference, being perfectly satisfied with its therapeutic efficacy. Cold "Crow" for the "Jingoes"

The "official" announcement of the Dominion Government's surrender to Yankee dictation on the canal tolls question, and the still more humiliating statement that President Harrison is to be asked to allow the rebate system to continue in operation until the close of navigation, has made the "ultra-loyal" Toronto Tories very sick indeed. They do not know what to say. Up to Saturday they were shouting "no surrender" and declaring that the man who would think of allowing President Harrison to dictate terms to Canada with respect to canal tolls or any other matter was "a traitor to his country." To-day the Jingoes are ashamed to look a Reformer in the face. Their loyal leaders have betrayed and humiliated them.

The Gossips Astray.

The Queen and Mr. Gladstone do not seem as the gossips have led us to believe, to be on such bad terms after all, seeing that the G.O.M. dined at Osborne house yesterday and slept there last night. The points that now remain to be cleared up are whether the G.O.M tucked his napkin under his chin while at dinner and disturbed the peace and calm of Her Majesty's residence by snoring in his slumbers. No gentleman would think of snoring in a palace.

Lakefield.

A new manufacturing team has been organized. Mr. T. J. Bird has associated himself with Mr. D. Mann, woollen manufacturer, the new firm to have the style and title of Mann & Bird. The division of labor is this—Mr. Bird looks after the books and the financing, while Mr. Mann devotes himself to the manufacturing and mechanical departments. The new firm will doubtless carry on a successful business and command the confidence of the public

Cures Others

Will cure You, is a true statement of the action of AYER'S Sarsaparilla, when taken for diseases originating in impure blood; but, while this assertion is true of AYER'S Sarsaparilla, as thousands can attest, it cannot be truthfully applied to other preparations, which unprincipled dealers will recommend, and try to impose upon you, as "just as good as Ayer's." Take Ayer's Sarsaparilla and Ayer's only, if you need a blood-purifier and would be benefited permanently. This medicine, for nearly fifty years, has enjoyed a reputation, and made a record for cures, that has never been equalled by other preparations. AYER'S Sarsaparilla eradicates the taint of hereditary scrofula and other blood diseases from the system, and it has, deservedly, the confidence of the people.

AYER'S Sarsaparilla

"I cannot forbear to express my joy at the relief I have obtained from the use of AYER'S Sarsaparilla. I was afflicted with kidney troubles for about six months, suffering greatly with pains in the small of my back. In addition to this, my body was covered with pimply eruptions. The remedies prescribed failed to help me. I then began to take AYER'S Sarsaparilla, and, in a short time, the pains ceased and the pimples disappeared. I advise every young man or woman, in case of sickness resulting from impure blood, no matter how long standing the case may be, to take AYER'S Sarsaparilla."—H. L. Jarmann, 33 William st., New York City.

Lumber Tools.

The lumber tools of Muckleston & Co. hardware store, Kingston, which are purchased now in Peterborough, are taking well and have a large sale. Through the influence of Mr. E. B. Loucks, the efficient local manager of the firm's business here, these goods are now purchased entirely in Peterborough, and at a cheaper rate than what the firm formerly bought their large supplies in Port Credit, for Mr. Geo. McWilliams supplied all the wood work for these and arrangements are now being completed to have the iron manufactured here also.

A 75 dollar programme of Sports will be run at at the Grounds.

The Unoccupied Customs Buildings.

The Dominion Government showed a masterly stroke of diplomacy in the "rebate" question; let them now turn their attention to the "abate" question—let them abate the nuisance at the corner of Charlotte and George streets. The new customs building, which has been completed a couple of months, is standing unoccupied, and what is worse, the sidewalk on both sides is torn up and presents a very unsightly, untidy and altogether unofficial appearance. Why this delay? The civil service officials in town would doubtless like to occupy the new buildings a few days before they die of old age.

A first-class Orchestra will be in attendance.

An All Day Round of Pleasure

The round trip of the lakes! What memories of aquatic delight are recalled by those who have made the trip, and what new pleasure is in store for those who will join the grand union excursion of Courts Peterborough and Lindsay, Canadian Order of Foresters, on Thursday, August 25th! What is the round trip of the lakes? As on the excursion you leave the Grand Trunk station at 7 a.m., in half an hour you embark on board the "Sunbeam" and palace barge "Paragon." Then you glide over the bright waters of Chemong Lake, pass through the picturesque Gannon's Narrows, enter Buckhorn Lake, an hour and a half being made at Hall's Bridge for dinner, or if you prefer to wait a little, on through Lovesick Lake and Rapids to Burleigh, where another chance will be given for dinner. Then on through Stony Lake and home by rail from Lakefield. Butcher's orchestra all the way. Refreshments on board boats. Tea, sugar and hot water free. Round trip tickets, 80 cents; children half price.

Tickets 80c.; children under 12 years 40c.

He Will be Well Received.

The Hon. G. A. Kirkpatrick, Lieut.-Governor of Ontario, will open the Peterborough Central Exhibition on Tuesday, Sept. 27th. It is proposed by the officers of the 57th Battalion to receive him with a guard of honor. Capt. E. F. Mason has received instructions to drill a select corps of men for this purpose and he would be pleased to meet all the members of the 57th Battalion who are desirous of joining this guard of honor at a meeting to be held at the drill shed on Wednesday evening. Col. Kirkpatrick will be cordially greeted to Peterborough by the gallant 57th.

"Visitas Ever New at Each Swift Throb."

Round the Lakes to-morrow, special train leaves the G. T. R station at 7 a.m sharp. Golden City fastest boat on the lakes connects at Chemong, and takes you everywhere on the route. No delay, no missing desirable scenery for lack of time to call, scow alongside and not dragged 50 feet astern to hinder "getting there." 2 hours at Buckhorn, 1 hour at Burleigh, 3 hours in Stony Lake, 1 hour at Juniper Island. Tickets limited. Reduced fare 80c. children half price. Refreshment and lunch counter on board. Tickets to be procured at Fairweather & Co. Metropolitan Grocery, P. His Foot Beneath the Wheel.

What might have proved a more serious accident occurred at the G.T.R. station about 9 o'clock last evening. Mr. J. H. Sinclair, of Montreal, had come up on Conductor Morris train from Belleville to visit his sister Mrs. Osborne, wife of Mr. T. Osborne, of the G.T.R. The train bearing the Sons of Canada excursion from Port Hope was just pulling out when "All aboard" was shouted and in the rush of passengers to get on the moving train Mr. Sinclair who was walking up and down the platform with Conductor Morris was knocked against the cars. He threw out his hands against the side of the coach and managed to partially save himself but his left foot was caught in the wheels. He was pulled from his perilous position by bystanders and removed to the Nicholls Hospital and Dr. King summoned. It was found that his foot was badly crushed and it was necessary to amputate two toes. The unfortunate gentleman is doing well to-day.

A Till Tapper Goes Up for Trial.

His Worship Mayor Kendry presided at the police court this morning. John Ford, a boy about twelve years old, who was arrested to-day, was brought up for trial on the charge of tapping the till in Mr. M Martin's grocery on George street and taking therefrom the sum of 75 cents. The evidence of Mr. and Mrs. Martin was taken. It appears that young Ford entered the grocery of Mr. Martin yesterday morning and asked for a pound of butter. Mr. Martin, who was in the store, told the prisoner that it was in the cellar, and as he did not like the looks of the boy, he refused to go down to get it. Mrs. Martin came in to relieve her husband, and Mr. Martin then went after the butter. Prisoner asked Mrs. Martin for a drink of water, which she refused. However, suddenly thinking that the butter after which Mr. Martin had gone was in a certain place in the cellar she stepped into an adjoining room to tell the husband what he would find the butter. When she returned to the store she found the would be customer missing. An examination of the till showed that only 15 cents remained, whereas on the previous night there was nearly a dollar in it in silver and coppers. Suspicion at once rested on Ford as the culprit, and the police were notified and arrested him. The presiding magistrate on the evidence submitted sent the youth up for trial at the next court of competent jurisdiction.

THE NEW ROUTE.

The Oddfellows' Excursion on Civic Holiday is over a new route and one you cannot run over every day. Take the trip to Belleville and enjoy the sail down the beautiful Bay of Quinte to Deseronto, Glenora and Picton. This will be a grand sail and you will see the sights of a new district. Return tickets only $1.50; children half fare. Train leaves G.T.R. station at 7 o'clock sharp. Be on hand.

—Peterborough Lodge No. 13, Sons of Canada, have postponed their annual excursion which was to have taken place to-morrow, Civic Holiday, to Jubilee Point until a later date.

—The men of No. 5 Company, 57th Batt., are undergoing a course of physical training, Colour-Sergt. Reginald Hounsell put a squad of men through the preliminary exercises in the drill shed last evening.

—The fine silver cup presented by His Worship Mayor Kendry for the winner in the hundred yards dash at the Sons of England excursion to-morrow has been on exhibition at the shop of Mr. W. A. Sanderson for a few days and is much admired.

—The Sons of Canada and the 46th Band, Port Hope, held their excursion to Burleigh Falls yesterday via G.T.R. and steamer Golden City. About 350 excursionists were on board when the party passed through here last night. They had a good time.

—The "Mary Ellen" will run up to Stony Lake this (Wednesday) evening on the arrival of the evening train at Lakefield, and to-morrow morning, Peterborough's Civic Holiday. She will make her regular trip from Lakefield to and through Stony Lake and return.

—The Peterborough baseball club will accompany the Oddfellows' excursion to Belleville to-morrow to play the Bellevillites. The following are the names of the team:—McCabe p, O'Brien c, Cummings 1b, Hopkins 2b, Hoops ss, Barnes, 3b, Lyle lf, Hay cf, Smart rf.

—Two young men from Peterborough while sailing past "Hazelwood" camp in their canoe last week had the misfortune to upset and would doubtless have disappeared finally beneath the deep had not the young ladies of the camp bravely rescued them with fishing poles.

—Mr. G. M. Rogers horse attached to the flower delivery wagon was standing on Brock street tethered to a 28 lb bit weight. It took fright and ran away up George street, falling by the way, but recovering and galloping as far as London street where it was stopped without doing any damage.

—Mrs. Felix Brownscombe while out trolling yesterday at Harrisons Point, was fortunate enough to catch a handsome lunge weighing 8 pounds. She had her four year old son in the canoe with her, but not caring to land her captive on the water, she towed it ashore and there beached the monster.

—On Monday last the steamer Mary Ellen brought down the largest number of passengers from the Lakes to Lakefield that she has had on board this season. There were so many skiffs and canoes to be towed on her that she had to leave a large cargo of boats and floating craft at Sherwood's Island.

—The 46th band of Port Hope, which was on the Sons of Canada excursion from Port Hope, played some fine selections at the G. T.R. station here yesterday morning and evening. They are a splendid aggregation. They also paraded the streets of Lakefield and treated the villagers to some lively airs.

—Chief Rorke wishes to warn all boys driving cattle to pasture on Hunter street that they will have to attend to duty better and not play along the roadside. Complaints have been made of cows being allowed to stop and graze on boulevards and on the St. John's church lawn besides committing other depredations.

—A young boy, 12 years of age, came within an ace of meeting a watery grave at Auburn Bridge on Monday afternoon. He was standing on a jam of logs when they suddenly gave way precipitating the youth into the river. He was rescued after much difficulty by the foreman and four men just before going under the logs.

—In the cricket match to-day between Campbellford and Peterborough the visitors went to the bat first and ran up a score of 75. Peterborough followed and put up 50 for the fall of one wicket, when stumps were drawn and the visitors had to leave in order to catch the train. T. Rutherford scored 24, Stocker 14, not, out and D. Rogers 12 not out.

—Mr. Walter Stocker, the veteran town bill poster, leaves to-day on a three days trip in the interest of the Peterborough Central Exhibition, to be held on 26th, 27th and 28th. He will visit Port Hope, Cobourg, Whitby, Lindsay, Bobcaygeon, Omemee and other places posting bills along the line and distributing prize lists and bills of the great coming Exposition.

—The Port Hope *Guide* says:—"Night-watchman Gordon, of Peterborough recently discovered a string of sponges outside a store in Peterborough after it had closed and took them in. Since then a string of sponges hang outside the hotels of that town, waiting to be taken in." They do things differently in Port Hope. Let the somnolent burg a sponge might hang around a hotel door till he grew black in the face with thirst, before a Port Hoper would come along with enough money to buy him a drink.

—There is a neat advertising attraction in the window of Mr. G. D. Mitchell & Son, Hunter street, of the coming Sons of England excursion to Sturgeon Point to-morrow (Civic Holiday). It consists of three handsome chromos of old and grey headed fathers sitting in a row and bearing roses on their knees while beneath hanging gracefully are the colored pictures of their pretty smiling babies. A motto is suitably inscribed under the patriarchs which says "We are going to the Sons of England excursion" and the wee dots of children re-echo "Oh! yes, and so are we."

DON'T FORGET

W. J. Morrow's big bankrupt sale of groceries, shop fixtures, etc. A splendid opportunity for bargains.

Wedding Bells.

Yesterday morning at St. Peter's cathedral Rev. Father Scollard performed the ceremony that united for life Mr. John McNeilley, of Peterborough, and Mary O'Brien, daughter of the late Thomas O'Brien, of Douro. Miss Maggie O'Brien, sister of the bride, performed the duties of bridesmaid, while Mr. Samuel Clancy, of Ashburnham, acted as "best" man. After the ceremony the family friends of the bridal pair enjoyed an elegant wedding breakfast at 384 Aylmer street, and the usual wedding festivities were enjoyed and hearty congratulations extended to the happy pair.

They're all Going to Lakefield.

And now they are all going to the Lakefield picnic on the Civic Holiday. In the first place the attractions are so numerous, the baseball match, the foot ball match, the tug of war, the pleasant ride on the railway, the agreeable outing on the steamer Mary Ellen, the magnificent scenery of river and lake, the return to town without any sense of fatigue. No wonder then that they are all going to Lakefield on Peterborough's Civic Holiday, because in the second place they all find an additional and irresistible reason in the fact that the object of the picnic commends itself most heartily to all—help pay for the neat little church which a very small congregation recently purchased for purposes of Divine worship.

A Run-off at the Grand Junction.

A run off on the Grand Junction occurred about seven o'clock this morning which delayed traffic for some hours. A freight train in charge of Conductor Howson passed through here from Lindsay at an early hour this morning bound for Belleville. When at Faulkner's ballast pit near the village of Foxboro, six miles from Belleville, seven cars were ditched and piled up in a great heap. The run off was caused by a broken flange of one of the wheels. The particulars of the affair are meagre, but it is believed, that it was the last seven cars of the way freight which were ditched. The run off delayed traffic somewhat and it was 10.45 o'clock before Conductor Stanton's train reached here from Belleville. An auxiliary came up from the latter place and cleared the track. The regular trains will all run to-morrow.

Mrs. Mary E. O'Fallon

of Piqua, O., says the Physicians are Astonished, and look at her like one

Raised from the Dead

Long and Terrible Illness from Blood Poisoning

Completely Cured by Hood's Sarsaparilla.

Mrs. Mary E. O'Fallon, a very intelligent lady of Piqua, Ohio, was poisoned while assisting physicians at an autopsy 5 years ago, and soon terrible ulcers broke out on her head, arms, tongue and throat. Her hair all came out. She weighed but 78 lbs., and saw no prospect of help. At last she began to take Hood's Sarsaparilla and at once improved; could soon get out of bed and walk. She says: "I became perfectly cured by

Hood's Sarsaparilla

and am now a well woman. I weigh 128 lbs., eat well and do the work for a large family. My case seems a wonderful recovery and physicians look at me in astonishment, as almost like one raised from the dead."

HOOD'S PILLS should be in every family medicine chest. Once used, always preferred.

Our Civic Holiday.

The List of Attractions for To-Morrow and Where you May Spend the day Pleasantly.

To-morrow, August 18th, is Peterborough's Civic Holiday and it is hoped that all classes of citizens will observe it as such. It is a day of rest annually proclaimed by the Mayor and Corporation, for all our busy citizens to enjoy a brief respite from the daily toils that beset them. Although there are no attractions at home and it is right that there should not be, for people as a rule see their native town and homes enough and a going out and coming in from distant points serves to make us appreciate our advantages all the better by a comparison of our lot with others. Many excursions, picnics and outings of all kinds and to all places are provided and at extremely low rates so that all may enjoy the benefits and pleasure of an outing. The list is so varied and wide in its ranges as to suit all tastes and all inclinations. The EXAMINER hopes that all its readers may enjoy a pleasant day, and that no mishaps or casualties may occur to mar the enjoyment and profit of Peterborough's Civic Holiday.

Following is a complete excursion list for the day.

No. 1. The Oddfellows will run an excursion to Belleville, Picton, Glenora and the Sand Banks per G.T.R. and Steamer Rocket. The Peterborough Baseball Club will accompany the excursion to Belleville to play the baseball team of that city. The train leaves the G.T.R. at 7 o'clock sharp.

No. 2 Sons of England excursion to Sturgeon Point. A good time assured all. The excursionists will go per G.T.R. and Steamer Ciardella. Train leaves G.T.R. station at 7 20 o'clock. A programme of sports will be carried out.

No. 3. A grand union excursion will be run to Hastings and Johnson's grove, by the C.M.B.A., E.B.A. and C.O.F. societies. Train leaves the G.T.R. at 8 30 o'clock. A fine programme of games and sports will be carried out in the grove.

No. 4 Court Little John Foresters' excursion to Toronto, Grimsby Park, Niagara Falls and Buffalo. Great sights and doings at all these places. Tickets good for all regular trains—good for two and three days.

No. 5. St. Paul's church excursion to Strickland's Point, Lakefield, to attend the Roman Catholic picnic. Excursionists leave G.T.R. station on regular trains at 8 40 and 1.15 o'clock. A specially attractive picnic programme.

No. 6 Firemens' great excursion to Chemong Park. All firemen are requested to meet at the hall at 8 o'clock in their uniforms. Everybody invited. Train leaves G.T.R depot at 8 30 o'clock. One of the best programmes of sports and games ever carried out. The Citizens band of Lindsay will also run an excursion to the Park also to morrow.

No. 7. Citizens excursion around the lakes, calling at Burleigh, Buckhorn, Lovesick, Chemong and all other places. Train leaves the G. T. R station at 7 o'clock sharp for Chemong and there the pioneers will embark on the steamer Golden City for a trip around the lakes.

No. 8. Calcutt's free gift excursion down the river. Steamer leaves Peterborough wharf at 8 a.m., calling at Ashburnham for trip down the river. Dancing on board. In the evening a great moonlight excursion will take place down the river. Boat leaves at 8 o'clock sharp.

No. 9. The Sons of Canada, which were to have held their annual excursion to Jubilee Point, have postponed it until a later date of which particulars will be given.

Citizen's Attention.

Civic Holiday is a day set apart for the citizens, in general, to have a day's recreation and outing.

Indispensible then is the magnificent and pre-eminent excursion and grand outing to Hastings, under the triple management of the C.M.B.A., E.B.A., and C.O.F., societies. (Stock your baskets and take it in.)

Vivid with pleasure, ever flowing with attractions, variable in amusements to suit the most fastidious, either old or young. (Happy and gay will be the time.)

Leap on the list of attractions and you cannot resist, big list of sports, fishing, amusements, swings erected, elegant music for dancing, hot water furnished, baskets conveyed too and from the grove. (All free of charge.)

Contrive by some means to be with this genuine old reliable social gathering. (A cotillion for everybody.)

Hallo there! how about Civic Holiday? No trouble to decide that matter. To Hastings I am going. You will have to go too, if you want to be with the best. (And don't forget it.)

Obvious that its attractions are superior to any.

Location of grove for this picnic has no equal.

Inviting in every manner that is possible.

Destination of this picnic for a day's genuine comfort and rest is just right. Note the reasonable time you depart and arrive home.

Assign this day and excursion to your own benefit and have a good day's beneficial outing and hilarity. Bring along your fishing apparatus and try your luck.

Young and old will be made welcome. Rest assured that everything will be complete. Don't forget that your excursion tickets admit you to the grove free. Come one come all and have a days good amusement.

Ashburnham School Board.

A special meeting of the Ashburnham School Board was held last evening. Present were, Messrs. Peck, (chairman,) Glover, Wright, Adams Sheridan and Russell. The minutes of the previous meeting were read and approved.

An estimate of the expenses of the current year was made and it was resolved to ask the village council to levy $1,800 for school purposes.

Misses Ferguson and Cairns were appointed teachers for the coming year, on condition of their signing a contract engaging for a year at the salary of $250. These new appointments were made in view of Miss Clarke's resignation and the Board's resolution to appoint a new teacher, on account of the crowded state of the school. The repairs to the old school building have been completed and the new school room is finely fitted up for the occupancy of the new teacher. The work cost the board some $600.

The Board adjourned to meet on Thursday Sept. 8th.

Mount Pleasant.

(From Our Own Correspondent.)

Miss Lizzie Seney, of Mount Pleasant, and Miss Belle Seney, of Ida, are visiting friends in Lindsay.

Mrs. Wade and daughter, of Rochester, were the guests of James McLean this week.

Miss Nellie McLean has returned from her tour to Toronto and vicinity.

Mr. T. Walter McLean, after spending four weeks outing around Chatham and Toronto, has returned, looking the better for his trip and ready to begin his pedagogical career on the 15th.

Master Percy McLean, Miss May Mills and Jenny Hunter, were successful at the recent entrance examinations.

Mr. Wm Hickson, principal of Bobcaygeon public school, and wife, are visiting in the village.

The following inscription was copied by your correspondent from a headstone in the Crawford cemetery, township of Raleigh, Kent county, Ontario, which cemetery is situate on a beautiful eminence adjacent to and overlooking the beautiful Lake Erie. The stone had been raised to the memory of a beloved wife and the inscription composed by her affectionate and sorrowing husband, as your correspondent learned:

My wife, so dear, be of good cheer,
We will meet you there, your children dear,
In a few more years if the Lord so please
Your wordly gears you left your dears,
In vain small years in hopes and fears,
Wishing your tears what sadly vext the little dears.

Your voice so dear your mare can't hear,
Your feathery tribe the same my dear,
The lowing kine, likewise the swine,
The lambs in time will miss you sair
If they should lose their mother dear.
Wheeler* my dear, has not been here,
So Gerryt is clear for this New Year.

O loving mother who lies here
As ever left her children dear,
Heaven's rest her soul where'er she is,
The wish of those left here.

STOCKS FOR SALE.

OFFERS will be received (in writing) by either of the undersigned up to Monday, the 22nd day of August inst. for the purchase of the whole or any part of the following valuable Stocks, viz:—

82 Shares of $100 each of the Capital Stock of the Peterborough Lock Co (Ltd) 16 of these shares are fully paid up and 16 of them have 30 per cent. paid up thereon.

40 Shares of $100 each of the Capital Stock of the Brooks Manufacturing Co, (Ltd), all fully paid up.

These Stocks are well worthy the attention of investors. The Lock Co. has just paid a cash dividend for the past six months at the rate of eight per cent. per annum, and besides paying cash dividends varying from six to eight per cent. per annum for the last 3½ years, has distributed to its shareholders in the form of paid-up stock since its organization in 1885 twelve bonus in a half on every seven and a half dollars paid in cash. The Brooks Co. has not as yet paid a cash dividend, but it is believed that this will also prove a valuable stock. Both of these stocks are only placed on the market because it is necessary to the winding up of the estate to do so. The highest or any tender not necessarily accepted.

RUN DOWN IN A RACE!

Horses and Jockeys Have a Fall at Gloucester.

GLOUCESTER, N.J., Aug. 16.—An accident which may result in two deaths occurred yesterday on the Gloucester track in the first race. The event was four and a half furlongs, and there were eleven starters. As the horses were rounding the turn entering into the home stretch Sir Jim was in the lead with Hurryaway, the favorite, running second. The others were closely bunched behind. Suddenly Hurryaway stumbled and fell and a half-dozen other horses and their jockeys fell in a heap like so many ten-pins. The animals, strange to say, were not injured, but picked themselves up and scampered away.

The jockeys with the exception of Pfankuchen, who rode Cavalier, were lying all over the track insensible, and Moore, the colored rider of Joe R., soon revived, but the other riders are mostly in a critical condition. They are Horton, who rode Patrick; Brooker, the ride of Catherine, and McGloan of Hurryaway, Cleary of Wild Fire colt and Morrissey, who was mounted upon Come On.

Cleary is the worst hurt of the lot. The colt tread upon his face and disfigured him fearfully. He is delirious in a local hotel, and had to be put in a straight jacket.

Ate a Man's Liver.

SAN FRANCISCO, Aug. 16.—A famous pirate was beheaded at Hortan, China, recently, and a letter received in this city gives the following details of the execution. The condemned man was presented with a face towel, 400 coppers, a little parasol, and a lantern for his use on hisway to the next world. This curious continuation of an old superstitious custom is to show the fellow-feeling of the judge for the condemned, since it is not he but the law of the land that has passed the sentence of death.

After the pirate's head was struck off the executioner and his assistants cut open the victim's headless body and tore out the liver. This was divided on the spot among the executioners, who devoured it, the liver of a decapitated man being regarded as a remedy against being visited by the spirit of the departed, as well as efficacious as medicine in case of consumption.

Crushed to Death.

CENTRALIA, Ont., Aug. 16.—A sad accident occurred yesterday, resulting in the death of a boy, the only son of Samuel Calfas, who recently came here from Iowa. The little fellow was playing around his father's hay rack when the horses started, catching him in the spokes of the hind wheels and crushing him against the inside of the rack. He lived but a few moments.

The British Grain Trade.

LONDON, Aug. 16.—The Mark Lane Express in its weekly review of the British grain trade says: English wheats are in large supply and prices show an average fall of 6d. The existing reserves are estimated at 860,000 quarters. The weather favors the harvest. The wheat crop is now expected to reach 8,250,000 quarters, which will be about 500,000 quarters under the yield of 1891. Barley promises an average yield of better quality than usual. Oats will yield 10 per cent. below the average.

The Chinese pay their doctor only so long as he keeps them in health. They believe in preventing rather than curing disease. This is sound sense, and one of the strongest recommendations of Ayer's Sarsaparilla, a medicine which not only cures diseases but prevents them.

GENTS,—Please ship us per G T R, freight prepaid, three (3) gross more of your Anti-Dandruff. Total makes six gross or 864 bottles purchased from you since January 16th 1892, a little more than two months. The large demand is due to the merits of the preparation, as our customers to whom we have sold it certify. We find it not only removes the dandruff and scurf, but it is an elegant hair-dressing for the hair. Clean to use and has an agreeable odor. It is one of the best preparations we know of to promote the growth of the hair and prevent its falling out. Wishing you continued success and an extended sale. We remain,
Yours truly,
JNO. A HARR & Co.

As a healing, soothing application for cuts, wounds, bruises and sores, there is nothing better than Victoria Carbolic Salve. dw

The British Postman.

The English carrier never has to buy any uniforms, the Government furnishing them, overcoats, rubber coat and boots included. He receives full pay while sick with the best of medical attendance and medicine free. If he is incapacitated for duty by reason of sickness or injury incurred while on duty, his salary goes on just the same. The Government will have to pay him as long as he lives unless they "buy him out." After twenty-five years' service he is pensioned off. He receives double pay for every minute overtime that he works. In addition to his salary he earns quite a sum each month by working overtime when the mails are heavy. His work is not so heavy as ours; he is not loaded down like a jackass. Thirty-five pounds is all he is asked to carry on any trip. In his intercourse with the public he is treated with respect. People do not try to use him for a door mat, and the policy of the department in insisting that his superiors, in their intercourse with him, shall treat him with respect ridds him of that terrible monster, the official bully. His comforts are looked after also, as the way the post-office in London is fitted up proves. And last, though by no means least, the greatest advantage that an English carrier has over a carrier in this country is in the security of his position. The tenure of his office is secured by the Civil Service rules which are simply perfect and strictly enforced.

You can never keep up with the work on the farm, if you ever put off until to-morrow what can be done to-day.

As Pale as Death.

GOSSIP!

"Dear me, those are the most beautiful photographs I ever saw."

"Yes, they certainly are very fine and elegantly finished, besides, they are permanent."

"Do they cost more than before."

"No, not to us, though the material is much more expensive, yet Mr. Sprouls believes in having the best obtainable. He says nothing is too good for his patrons, and these certainly bear out his statements; and his studio is so convenient—no stairs to climb yourself, nor have you any fear about the children."

"Yes, I have heard about the ground floor studio being so convenient,—but these photographs."

"Will you come down with me to-morrow to Charlotte street? I must have some."

"Yes, that is the only place where such work is made."

His New Story.

Boerum (doing his best to make a favorable impression, has just finished his best anecdote)—Ha! ha! ha! That's a pretty good story, now.

Miss Acres—Yes, I think so, too. And they say that poor Uncle Phil, who was killed at Gettysburg, never tired of hearing it.

Gladstone as a Joker.

To be able to make a joke well is a delightful gift; to be able to take one well is hardly less desirable. Mr. Harry Furniss, the distinguished comic artist of the London Punch, recently a visitor to the United States, relates a little incident which shows that Mr. Gladstone can do both, says the Youth's Companion.

The "Grand Old Man," it is well known, has a rather long neck, and habitually wears a collar of the kind which has been given his name—a collar snowy, immaculate, extensive and characteristic.

Mr. Furniss, in his innumerable clever caricatures of the great statesmen with which he has enlivened the pages of Punch, has never failed to make the most of this article of apparel, widening the band, accentuating the points and experimenting with all the ridiculous effects of which he is capable.

Sometimes he sketches a collar of such vast proportions that the merest glimpse of the head within it is visible, yet manages so artistically that that glimpse—be it an eye and the bridge of a nose, an ear and an eyebrow, or only an outline of the top of the head—is yet unmistakably Gladstonian.

It has been the custom for the most regular and frequent contributors to Punch to meet at a weekly dinner with the editor, there to communicate their ideas to one another, criticise, suggest, and arrange in the most sociable and pleasant manner a rough plan of the next number to be prepared.

At one of these little dinners not long ago Mr. Gladstone was an honored guest, and there was some previous speculation as to how he and Mr. Furniss would enjoy the meeting.

Mr. Gladstone proved equal to the occasion. He came, and hardly was he seated at the table when the company became aware of a change in his familiar personality. A second look revealed its nature. Mr. Furniss started; somebody tittered. There was a smile, a ripple and then a roar of laughter.

Mr. Gladstone had on the smallest, slenderest, and most inconspicuous of narrow, turn-down collars, assumed for that occasion only, and was quietly enjoying the artist's discomfiture.

Mr. Furniss soon recovered himself and appreciated the joke as much as any one else, but it is probable that Mr. Gladstone, in Punch, at least, will not again make a change in the fashion of his collars.

Good For The Crops.

WINNIPEG, Aug. 16.—The weather throughout Manitoba has been excessively hot for more than a week; too hot for comfort, but just the right weather to ensure magnificent crops.

Aground in the Rapids.

COTEAU LANDING, Aug. 16.—In running the Cedar Rapids the chain of the rudder of the steamer Columbian broke and the steamer went aground at the Conacs Island, about one mile below the Cedars. All the passengers were sent ashore at St. Timothe and it is reported that no one was hurt.

A most estimable lady almost destroyed until Dr. Butler's Golden Pills came to the rescue. After their use for a short time she was able to resume her duties, after suffering untold misery from nervous prostration and the ills that attend that most distressing disease. These, if not checked in time, lead to insanity and death. Golden Pills are guaranteed to cure all nervous and blood diseases.

A Pleasant Herb Drink.

The best cure we know of for constipation and headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs, and is made for use by pouring boiling water onto the dried roots and herbs It is remarkably effectacious in all blood disorders, and is now the sovereign remedy for ladies in clearing up the complexion. Druggists sell the packages at 50c and $1 dw

The Worst Form.

DEAR SIRS,—About three years ago I was troubled with dyspepsia in its worst form neither food nor medicine would stay on my stomach, and it seemed impossible to get relief. Finally I took one bottle of B B B. and one Box of Burdock Pills, and they cured me completely.

Baby was sick.

DEAR SIRS,—My baby was very sick with diarrhœa, and everything we tried failed. But on trying Dr. Fowlers Extract of Wild Strawberry we found it gave prompt relief and very soon cured him completely.
dw MRS JOHN CLARK, Bloomfield, Ont.

The Four Cardinal Points.

The four cardinal points of health are the stomach, liver, bowels and blood. Wrong action in any of these produces disease. Burdock Blood Bitters acts upon the four cardinal points of health at one and the same time, to regulate, strengthen and purify, thus preserving health and removing disease.

The Children's Friend.

GENTLEMEN,—Last summer our children were very bad with summer complaint, and the only remedy that did them any good was Dr. Fowler's Extract of Wild Strawberry. We used twelve bottles during the warm weather and would not be without it at five times the cost.

Chapped Hands.

Made smooth, soft and white by using Dyer's Jelly of Cucumber and Rose. Try it. Druggists keep it. W. A. Dyer & Co, Montreal.

There are many forms of nervous debility in men that yield to the use of Carter's Iron Pills. Those who are troubled with nervous weakness, night sweats, etc., should try them.

THE ARIZONA KICKER.

The Editor Announces His Determination About the Postmaster.

IT MUST COME.—We shall have to shoot the Postmaster of this town, and we shall have to shoot him stone dead. We have sought to dodge the issue in every possible way, but it will not be dodged. Two years ago, when he was appointed, we stated that he was teetotally unfit for the position, and ought to refuse it. It wasn't three months before we had to shoot him in the shoulder in the interests of our subscribers. Four months later we felt it our duty to shoot him again to expedite the mail service. Ninety days since we got the drop on him again, and but for his promises of reform we should have created a vacancy in the postal service. Saturday last we received a score of complaints from subscribers regarding the non-arrival of their papers. The package for Lone Tree had not reached that office at all. Clinch Valley was sixteen papers short. Of eighteen papers sent to Turkey Bend only eight went through. We called at the Post Office to make our statement and asked for an explanation, but the Postmaster refused to see us. He sent out word that he was running that shebang, and if we didn't like his style we could move on to the next town. He also added that if we came prancing around again he should open on us through the general delivery window with two six-shooters.

Saturday evening we called a meeting at the Kicker office, which was attended by twenty-two of our most prominent citizens. We made our statement of the case, and, after considerable discussion, this resolution was presented by Judge Baxter and unanimously adopted:

Resolved, That it is the duty of the editor of the Kicker, as a man, a citizen, and an editor, to shoot the Postmaster on sight.

We do not wish to rush affairs of this kind. Sunday afternoon we sent a copy of the resolution to the Postmaster and asked him to get his official affairs in shape as soon as possible, and Monday morning we telegraphed Mr. Wanamaker that there would probably be a vacancy to fill before the week was ended. We owe a solemn duty to our subscribers and we shall not shirk it. When a person subscribes for the Kicker we guarantee to get it to him regularly every week, even if we have to clean out two or three Post Offices to do it. Should the Postmaster call at this office and make reasonable excuses and promise better things for the future we should probably be inclined to leniency, but if he doesn't show up within a day or two there will either be a new editor of this paper or a new Postmaster in the shanty on Apache avenue.

AS A SOUVENIR.—From and after Sept. 1 each subscriber to the Kicker will receive as a souvenir a beautiful lithograph, 8 by 12 in size, of our private graveyard by moonlight. There are ten graves in all, five on each side of the main walk. The whole lot is a beautiful grass plot, with trees, shrubs and flowers in profusion, and a white picket fence surrounding the lot. The total cost up to date has been about $1,000, but tourists who have travelled in every country declare that they have seen nothing to begin with it. We believe there is an editor somewhere in Idaho who has a private graveyard with three graves in it, but we have been told that he killed his victims with a pick-axe while they were drunk.

The lithograph represents a full moon shining down upon our p. g. and bringing out every detail as clearly as if seen under the noonday sun. A sort of halo is thrown upon each grave, and the trailing arbutus and blossoming violets produce a softness of detail which goes right to the heart of the beholder.

A Bloodstirring Poem.

"Now," said the poet, after he finished reading one of his effusions to a friend, "that's what I call a bloodstirring poem."

"Bloodstirring!" exclaimed the friend. "I hope you will excuse me, but I should call it rather tame."

"Well, you should have seen how it stirred the editor's blood when I read it to him and asked him to buy it."

Theory and Practice.

Mr. Baggie—Confound that tailor! These trousers are a mile too long.

Mrs. Baggie—How much shall I turn them up?

Mr. Baggie—About half an inch.

Wasn't Genuine.

Landlord—Here's a telegram just arrived for you, Mr. Rural.

Mr. Rural—Don't say! Must be from Sara; she's got lonesome an' want's me back agin.

Landlord—Perhaps so. Open it and see.

Mr. Rural (opening dispatch)—Say, landlord! That's a bunco game. Sary's name is signed to it but I know her writin' too well to be deceived by any such forgery as that.—Boston Commercial.

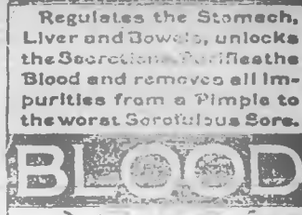
THE WORLD'S BEST.



ALL diseases curable by Electricity can be treated at home by the Dorenwend Appliance. The Dorenwend is the only legitimate Electric Belt made which fulfils the requirements of Electro-medical science. It is a complete BODY BATTERY. It has an independent Battery, which generates a mild, continuous current of Electricity (without shocks) and can be regulated to suit the strongest man or the weakest child. It is a CURRENT OF QUALITY, not merely a sensation current, and the quantity current is the greatest curative. It is a successful treatment for INDIGESTION, RHEUMATISM, NEURALGIA, SCIATICA, LUMBAGO, LIVER and KIDNEY TROUBLES, WEAK BACK, SPINAL DISEASES, HEART DISEASE, NERVOUS DEBILITY, PARALYSIS, VERTIGO, FEMALE COMPLAINTS, IMPOTENCE, SEXUAL DECLINE and all diseases of the Nervous and Muscular Systems.
Remember that the DORENWEND BELT is the very latest invention in this line, and was invented by a competent electrician, and ranks as the best in the world; we defy anyone to bring proof to the contrary.
Do not class this Belt with the humbug combinations of leather and metal with which the country is being flooded. If you wish to experiment with cheap articles, buy THEM. But if you want to procure a genuine Electric Belt, and one that will be a benefit get a Dorenwend Belt.

BLAKE AT NEWCASTLE.

Tyneciders Have an Eloquent Address on Home Rule.

LONDON, Aug. 17.—Edward Blake last night addressed an enormous gathering of Gladstonians in Newcastle. He spoke just over an hour. Home Rule, he said, was the capital question for the present Parliament. It was 12 years since he first pronounced publicly in favor of Home Rule, long as he had been a friend to Home Rule, he had been for a much longer period in British politics a Liberal and a Radical. He abhorred the despotism of the majority over the minority. One thing more detestable than that even was the despotism of the minority over a majority which was kept down by external force. He believed that the British democracy would never agree to set its heel upon the neck of the Irish masses. Home Rule was not disunion, but union in the truest sense. He appealed, and appealed earnestly, to the constituency to return John Morley at the forthcoming election.

The Silver Question.

LONDON, Aug. 17.—In an editorial on the silver question The Standard says: The day is approaching when America will discover that it is easier to become possessed of a debased form of money than to get quit of it. By a lucky "fluke or a great sacrifice she may surmount the danger, but it is otherwise with India, and we are astonished that Indian statesmen have not sooner awakened to the necessity of checking the mischief. Whatever is done, however, we must avoid grasping at nostrums, although overhaul and *reductions* of home charges would do more to relieve India and give her time to recuperate than all other suggested remedies. The stoppage of the coinage of silver in Indian mints would not pay India's debts abroad, but might smash trade with the Straits settlements, China and Japan, while the adoption of a gold standard would not be beneficial; being only to curtail exports.

Cholera in Russia.

ST. PETERSBURG, Aug. 17.—The total number of new cases of cholera reported in Russia yesterday was 7600. The total number of deaths from the epidemic were 3900. These figures represent all the returns received, but two-thirds of the towns attacked have no telegraphic communication with the chief town of the province in which they are situated, which towns make daily reports to St. Petersburg.

Cabless Paris.

PARIS, Aug. 17.—Four thousand cab drivers struck yesterday.

WYNDHAM'S DOINGS.

He Marries a Woman in Montreal and Deserts Her.

MONTREAL, Aug. 17.—The effects of the notorious Captain Wyndham, who disappeared mysteriously from this city several months ago, and who was reported to have committed suicide at Niagara Falls, were sold by auction here to-day. The Captain came to Montreal as a fellow-passenger of Lydia Rogers Carlyle, then engaged for the position of matron in the Maternity Hospital. The result of the acquaintance on board ship was their marriage soon after their arrival here at the Church of St. John the Evangelist. Then they disappeared from Montreal under somewhat of a cloud. A valuable gold watch entrusted to Miss Carlyle's care by one of the patients in the maternity disappeared at the same time and Capt. Wyndham neglected the formality of paying his bill at the St. Lawrence Hall.

The next heard of Capt. Wyndham was a press dispatch from Buffalo, stating that he had committed suicide by throwing himself over Niagara Falls. His waistcoat, found near the bridge, was the principal evidence of his rash act. But this was soon after discovered to be a clever ruse on the captain's part. Instead of going over the Falls he sailed to England, deserting his new love for some old one. This was confirmed by a letter recently received in Montreal from the unfortunate lady whom he married in this city. In this letter she said she had been deserted by Wyndham and was now endeavoring to obtain employment in some of the western hospitals. Another discovery made was that the captain's real name was J. H. Windrum, and not Wyndham, as signed in the marriage record of St. John the Evangelist. This fact was brought out by a letter addressed by an interested Montreal gentleman to the English Horseguards stating the facts of his marriage here and inquiring as to his antecedents. The answer received was to the effect that no one of that name had been an officer there, but that there was a Capt. J. H. Windrum in the Enniskillen Fusiliers, who left England in February last, leaving a wife behind him.

The Fall River Murders.

FALL RIVER, Mass., Aug. 17.—The most important subject of talk in town last evening was that relating to the prospects for securing an impartial preliminary hearing for Miss Lizzie Borden next Monday. The point raised by Counsel Jennings has started a discussion.

The Daily News puts the matter in the best light as follows. There is a very general opinion of the lawyers and citizens that Judge Blaisdell should not preside over the preliminary examination on Monday next.

This is urged on the ground only that having heard the Government's side of the case in its strongest light, he must be prejudiced in forming his opinion, in fact, in consenting to a warrant, he has already made his opinion public.

Rosebery's Firm Stand.

LONDON, Aug. 17.—The chief point of difference between Mr. Gladstone and Lord Rosebery is on the question of the policy to be pursued regarding Egypt. Mr. Gladstone has favored evacuation by the British power. Lord Rosebery considers the retention of Egypt indispensable to the security of Great Britain's possessions in the east, and he is rather inclined to strengthen than weaken the hold upon that country. It is remembered that when Mr. Gladstone was last in office he did not interfere with the policy of his predecessors regarding Egypt. Before being called to the Ministry he had expressed his intention of abandoning action in that direction, but nevertheless he ordered the bombarding of Alexandria and opened the way for British occupation. Any departure from the same policy now would weaken him before the country. Lord Rosebery in the Ministry is a guarantee that the regeneration of Egypt will not be interfered with.

Attractive to American Farmers.

WINNIPEG, Aug. 17.—The Vermont delegation, after visiting the district of Prince Albert, expressed their satisfaction with the country in a lengthy report, recognizing the superior quality of the soil, the magnificent crops, the abundance of water and the beautiful climate.

Agents of the Immigration Department have just returned from the colony of Dakota farmers established this season in the Northwest, and report that the people of the settlement are contented and prosperous and will be joined by many of their old neighbors in Dakota next season.

They Will Have Their Own Schools.

WINNIPEG, Aug. 17.—A meeting of the Catholic citizens of Winnipeg will be held on Friday evening to consider the question of maintaining separate schools for the education of their children. A committee appointed at a previous meeting to discuss ways and means will present a full report.

A Pilferer of Mail.

WINNIPEG, Aug. 17.—W. J. Dugan, teacher of the public school at Saltcoats, has been arrested for stealing registered letters from the postoffice there.

ITCHING AND SCALY

Skin Disease 9 Years. Doctors and Medicines Useless. Cured by Cuticura for $4.75.

I feel it is my duty to tell you my experience with your CUTICURA REMEDIES. I have been troubled for over nine years with a dreadful skin disease. When I first felt it, there appeared a few small red spots on my breast, and it kept on spreading slowly. It started the same on my back, between my shoulders. A few days after the spots turned gray, and began itching. Small scales would fall off, so it continued spreading all over my body. I tried all the patent medicines I could think of, or get hold of. I also consulted doctors. Yes, they would cure me in a short time, but they always failed. Then I gave it all up, thinking there was no cure for me. Some few months ago, I noticed your advertisement in the Tacoma *Morning Globe;* thought I would try the CUTICURA REMEDIES, not thinking it would do me much good, but to my surprise, three boxes of CUTICURA, one cake of CUTICURA SOAP, and three bottles of CUTICURA RESOLVENT cured me entirely. My skin is now as white and pure as that of a child. I send my photograph. I have many friends in Chicago, Ill., and St. Paul, Minn.

A FASHIONABLE CUT

Is what you get in our $7.50 and $10.00 Suits. These two lines have had an immense run this season and we have just added six more new patterns to our already large range at that price for the August trade. These Suits are made of

FINE IRISH AND CANADIAN TWEEDS, SERGES AND WORSTEDS,

and lined, trimmed and made like the finest custom work. So many young men who have been accustomed to pay from $15 to $20 for ordered suits are now buying our READY-TO-PUT-ON SUITS at $7.50 and $10. The Pattern of Goods for our Boys' Clothing are of especial beauty and represent the choicest of the world's looms. And we know from experience that boys between 14 and 19 years old are more particular and fastidious than the average man in the styles they wear. They have ideas of their own—youthful tastes, sprightly notions—and our clothing meets their requirments to a T. We show hundreds of different styles; every one a beauty. Single and Double-Breasted Suits; Plaids and Checks; Solid Colours and Mixtures; and the prices to suit all purses, lean or fat—$3.25, $3.95, $4.50, $5, $5.50, $6.50, $7, $7.50, $8.50, $9.50, $10. THE STRIKE AT BUFFALO

THE MEN STILL HOLDING STRONGLY OUT.

The National Guard Being Called From All Parts of the State—The Men Will Call Out Every Road in Buffalo if Found Necessary—The Effects Widespread.

BUFFALO, N.Y., Aug. 19.—The sixth day of the switchmen's strike in this city closes with increasing complications. The leaders of this strike have witnessed the movement and massing of troops with growing determination to meet every advance of their opponents with a counterstroke. Before to-morrow shall have dawned 8000 troops in the state service will be upon the field here to watch and control about 850 strikers. The presence of so large a number of soldiers is relied upon by the railway officials as a cover under which they may put to work non-union men already engaged to break the freight blockade. What the counterstroke of the strike leaders may be to this situation was at nightfall problematic, but it is not beyond the range of near possibilities that the firemen and the trainmen on all the lines where strikes now prevail may be called out.

The situation may be broadly stated thus: The latest addition of strength to the striking switchmen was 90 men in the Nickel Plate yards who struck this afternoon because asked to handle boycotted freight. So it is now that the switchmen upon the entire Vanderbilt system in this vicinity are now out. The Lake Shore men, to be sure, were working on the western schedule at the same rates for which their colleagues in Buffalo went on strike last Saturday. They went out solely to add strength to the movement of their fellows. The Nickel Plate men who went out to-day struck only out of sympathy, for they are receiving at least 10 per cent. higher rates than the men who originated this strike. The Michigan Central, which is of the Vanderbilt system, practically has no yards in Buffalo, their switching being done on the Central's tracks. So stands the Vanderbilt system, so far as the strike in this city is concerned. The leaders of the striking men hold to-night that the Vanderbilt roads are tied up and inactive at this point. They urge in addition that the Erie, the Lehigh Valley and the Buffalo Creek road are likewise paralyzed by their strike. They feel that the movement against the roads by the men has now reached such magnitude and completeness in this locality that it may not be necessary for any men in allied trades to be called out at this point. Their reserve ground for operation is a possible calling out of the switchmen on the Delaware, Lackawanna and Western, Buffalo, Rochester and Pittsburg and the Western, New York and Pennsylvania Roads. The relations of these roads with the strike leaders are extremely amicable and they will not be called out except to make the strike absolutely complete in this vicinity. Indeed, it is more probable that the firemen and the trainmen will be called out on the lines already affected by the switchmen's strike.

Arbitration Refused.

PHILADELPHIA, Aug. 19.—The following telegram was sent by President McLeod of the Reading Railroad yesterday to Gen. Supt. Bonzano at Buffalo:

General Office Philadelphia and Reading Railroad Company.

PHILADELPHIA, Aug. 18, 1892.

M. F. Bonzano, Gen. Supt., Buffalo, N.Y.

I am in receipt of your message informing me that the New York State Board of Mediation and Arbitration have written to you that one Sweeney is willing to arbitrate, and has asked whether this company is willing to consent to arbitration. You are instructed to reply to the board that in the opinion of the management of this company the time to ask for or consider the question of arbitration had passed when the men abandoned the services of the company, destroying its property and threatening to murder its employes.

They are now, therefore, in my judgment, not entitled to any consideration other than that of outlaws.

(Signed) A. A. McLEOD, President.

Mobilizing the Militia.

ALBANY, Aug 19.—Adjutant-General Porter by 1 o'clock this morning will have finished his no easy task of mobiliziug nearly 7000 of the state militia in Buffalo and vicinity. By that time all of the 4000 men ordered out from this end of the state will have passed through here. Adjutant-General Porter has not had his clothes off since 6 o'clock Tuesday morning. He has been in constaut communication with General Doyle of Buffalo and the commanding officers of the different companies in the state and in that time has personally sent and received over 400 telegrams. Every body of militia passing through here has been met at the depot by him and the commanding officers and given their instructions personally. He has made all the arrangements with the railroads from here for the transportation of the troops. Now that all the forces thought to be necessary are moving towards Buffalo, Governor Flower thought yesterday it would be best for General Porter to go to Buffalo and personally assume command of the troops.

General Porter himself wanted to go at first, but it was thought best that he remain here to guide the movement of the troops. Troop "A" from New York city left for Buffalo last night. The troops will number from 80 to 100 horsemen and are sent as a precautionary measure for patrol duty. They will also be useful in scattering crowds.

Lallup's Signal Corps left New York city last night for the scene of the trouble. The corps number about 20 and contain the best signals in the country. They are sent so as to be ready for service in case the strikers become turbulent and cut the wires or otherwise block electrical communication. All of the Fourth Brigade is at the scene, numbering 2092 men. The total number of men ordered out is 7883. The adjutant-general thinks nearly 7000 men of these will go to Buffalo.

The remainder of the National Guard, numbering 3543, are held in reserve to be ready at a moment's notice.

Trouble At Louisville.

LOUISVILLE, Aug. 19.—Unless an adjustment is made within a few hours it is probable the switchmen of all the roads entering Louisville will go out on strike. They are dissatisfied with their wages and hours. The strike at Buffalo precipitated a demand on the Louisville and Nashville for the adoption of a standard or Chicago scale. The switchmen of the road will be informed to-morrow by the company that their request has been refused. The men claim they will immediately quit work.

THE PREMIER'S HEALTH.

HIS FRIENDS ANXIOUSLY CONCERNED ABOUT IT.

He is About to Make a Journey to the Pacific Coast, and While Away Will Collect Information for the Imperial Authorities Regarding Defences for Canada.

LONDON, Aug. 19.—The Scotch Liberal members are dissatisfied at the appointment of Sir George O. Trevalyan as Secretary of Scotland, as he opposed the policy of the majority on the question of local taxation in Scotland. The Scotch Radicals, it is said, will join the English malcontents in Parliament.

The following from Truth, Labouchere's paper, is regarded as a threat: "If the electors find that the ministers, who owe their existence to a Radical triumph, are not prepared to use the weapons placed in their hands, then the people must properly decline to trust them, and will justly say there is no great difference, except in words, between the parties."

The Pall Mall Gazette says: "It looks as though Mr. Bryce, in accepting the Chancellorship of the Duchy of Lancaster, had consented to become maid-of-all-work to the Cabinet."

The resolutions adopted at the meeting of Irish societies held at Ogden Grove, Chicago, on Monday last, are being used by the Unionists to embarrass the Liberals.

The Times says that one of the principal problems of the Separatists is the treatment of so-called political prisoners. It is probable, The Times adds, that the Clericals, including Messrs. Dillon and Davitt, would readily acquiesce in a postponement of the subject did the decision rest with them, but the feeling in patriotic circles on both sides of the Atlantic is too strong. This feeling affords the Parnellites a dangerous instrument with which they will keep prodding the Clericals.

It regards the meeting at Ogden Grove as proof that dynamiting is still alive, and concludes; "Among the convicts now in jail are men who were despatched to Great Britain by O'Donovan Rossa himself since his release. Are they to be sent back to enlist fresh recruits who will be hailed as heroes in America?"

Sir Algernon Borthwick has refused the peerage which was offered him on condition that he transfer his seat (South Kensington) to Rt. Hon. C. T. Ritchie, who was defeated in the St. George's Division in the general election.

Labouchere's Feeler.

LONDON, Aug. 19.—The European edition of The Herald says: The "feeler" thrown out by Mr. Labouchere with a view to the shelving of "Home Rule" has quickly produced a response. The Parnellites declared themselves first. They protested that the proposition was base and cowardly and that they would have nothing to do with it. The anti-Parnellites had no choice but to follow suit. They have told the Irish people for years that "Home Rule" in the one thing needful for them. To turn round suddenly now and declare that it may be postponed indefinitely is a little too much of a good thing.

So Mr. T. P. O'Conner speaks out plainly. He declares that his party must and will have "home rule" first. They "have no choice in the matter." The Irish party will not be trifled with. Let Mr. Gladstone try any hocus-pocus and the Irish contingent will turn upon him at once. What must happen then we all know. Mr. Gladstone will only be a tenant at will. At any moment he will be liable to "eviction" without compensation. The Irish know how to work the machine. Before the "Old Man" knows where he is he may find himself bundled out into the road.

We have never envied him his position and it daily grows more unpromising. Before he has laid his hands upon the reins he finds the coach pretty nearly upset. If he were wise he would decline to form a Ministry under existing circumstances. Why incur all this humiliation for a few months of office? Is it worth while? To us who stand outside it does not seem so. But Mr. Gladstone regards the matter from a different point of view. So let him mount the tight rope and begin his perilous walk across Niagara.

A SEVERE EARTHQUAKE.

The Shock at Milford-Haven, in Wales, Lasted Twelve Seconds.

LONDON, Aug. 19.—A severe earthquake shock was felt in various sections of England, Wales and Scotland yesterday. Crockery and glassware were broken.

At Milford-Haven, Wales, the first movement lasted 12 seconds. At 10 a.m. another shock was felt which lasted 5 seconds. The last shock resembled an explosion and consternation prevailed among the people. Many houses oscillated violently.

HIS MOTHER'S MURDERER.

He Was Suffering from the D. T.'s When He Did the Deed.

CARLSBAD, Aug. 19.—Young Crocker, who murdered his mother yesterday, was suffering from delirium tremens when he committed the deed. He had been watched for several days.

Just before the murder, however, he seemed to be so much quieter that his mother relaxed her vigilance and sent the servant out. In Mrs. Crocker's pocket was found £2000.

Mrs. Crocker was a resident of New York and not Chicago, as stated. She was a very charitable woman and was constantly making contributions to help the poor. Those who knew her well say that she was aware that her son's mind was affected. She had told some of them that one night some years ago she awoke to find him standing over her with a knife in his hand. He was about to plunge it into her bosom when she shrieked and he dropped the knife and fled from the room. She always refused to put him in an asylum.

To Suppress Pool Rooms.

MONTREAL, Aug. 19.—The Provincial Government has given orders that proceedings shall be taken to stop the turf pool rooms, which have been lately doing a rushing business in Montreal.

Fire at Edmonton, N.W.T.

WINNIPEG, Aug. 19.—At Edmonton Conners furniture and Martin's taxidermist stores were burned last night; loss $11,000, insurance $2000.

Europe Feels the Heat.

NEW YORK, Aug. 19.—Foreign advices state that all Europe is suffering from the extreme hot wave, which shows no sign of abating. In many places business is practically suspended, and hundreds of deaths are reported.

NIAGARA ELECTRIC RAILWAY.

It Will Not Be Under the Control of the Canadian Pacific.

HAMILTON, Aug. 19.—In regard to the report published in the Toronto papers to the effect that the C.P.R. has secured control of the tramway along the Niagara River Mr. William Hendrie, who is interested, was asked concerning it and promptly gave it an unqualified denial.

"It is a story manufactured out of whole cloth," he said, "and manufactured in Montreal, too. That road is an electric railway. Our charter does not give us the right to use locomotives on it, and we do not want to if it did. We are going to run our cars into the Grand Trunk Station, into the Michigan Central station and into the C.P.R. station, doing business with all, but remaining absolutely independent of each. The fact that Mr. Osler has a large interest in the road does not connect it with the C.P.R. My interest is as large or larger than his and the road will remain independent. It is our intention to do all the passenger business we can without concerning ourselves about other lines. You can give the statement the strongest denial possible, on my authority."

This disposes of another of the wild rumors that have been started regarding the intentions of the C.P.R. in the Niagara peninsula.

He Drew the Gun Towards Him.

CAMPBELLFORD, Ont., Aug. 19.—Yesterday while spending the day at Kemp's Pond, 10 miles from here, Mr. H. Palmer, bookkeeper and traveler for R. J. Hay of this place, was instantly killed by the accidental discharge of his gun, which he was pulling out of the boat, muzzle towards him. The charge entered the right groin and caused immediate death. The deceased, who was 43 years of age, was a member of the Sons of England and Canadian Order of Foresters, both of which societies will attend the funeral, held here to-morrow at 4 p.m. His death has cast a gloom over the town, where he was well and favorably known. A wife and four small children survive him.

Suicide Near Port Hope.

PORT HOPE, Aug. 19.—Yesterday Dr. Corbett held an inquest on the body of Cornelius Coghlin of Port Granby, who died on Monday last from the effects of a dose of paris green mixed for him by his wife. The evidence showed that the deceased was laboring under a grievous and painful disease and was out his mind. Mrs. Coghlin is also mentally deficient and she mixed a dose of paris green and put it beside his bed. The old man drank this dose and soortly afterwards died. The jury returned a verdict in accordance with these facts and found that the woman was not accountable for her act.

Singular Blunder.

MONTREAL, Aug. 19.—In the extradition case relating to the Marks murder a singular blunder has been committed in the indicting of the warrant. The warrant is made out against the two men, Blanc and Harris, for a murder committed on July 18. The actual time of the crime was March 19, and on July 18 both prisoners were under lock and key.

The prisoners' counsel will want it explained how these men could commit the murder while they were in jail, and legal complications may arise from the error.

Nova Scotia Crops.

HALIFAX, N.S., Aug. 19.—The Nova Scotia Government's crop report, issued yesterday, shows that the hay crop is from 3 to 20 per cent. over the average in 12 counties and under the average in six counties, or for the whole province 2 per cent. more than the average. Wet weather interfered with the root crop early in the spring, but that will be an average. The prospects for fruit crops are not bright. Pasturage is good and live stock satisfactory.

Senator Stevens' Successor.

MONTREAL, Aug. 19.—It is stated that one of the items of business decided at the recent Cabinet Council in Montreal was the appointment to the Senate of Hon. George B. Baker, M.P. for Missisquoi, who will replace the late Hon. G. G. Stevens. The appointment, however, has not yet been officially made public. Mr. Baker's elevation to the Senate will necessitate a bye-election in Missisquoi county.

Van Horne Going to Europe.

MONTREAL, Aug. 19.—President Van Horne will leave this day week for England. It is said that his mission is, in the main, to confer with the Barrow Furness Ship Building Company with a view to the establishment of the proposed fast line of Atlantic steamers. Mr. Van Horne is also said to have been recently in conference with Premier Abbott on this same question.

The Reciprocity Convention.

WINNIPEG, Aug. 19.—The agent of the reciprocity convention shortly to be held in Dakota has succeeded in inducing the Winnipeg Board of Trade to send delegates, and has now gone west to secure the attendance of delegates from other places in Manitoba and the Northwest Territories.

Robert Strachan, barrister of Edmonton and formerly of Winnipeg, died suddenly yesterday.

How to Raise the Wind.

WINNIPEG, Aug. 19.—An American sharper named Gillies arrived here from California recently. He paid a small instalment on a lot, and then let a contract for a handsome residence. The contractors when they had nearly finished the house, sought for Gillies for the payment of the architects estimate, to find that he had mortgaged the unfinished house for a large amount and skipped with the funds.

Attempted Suicide of a Traveler.

MONTREAL, Aug. 19.—Edward Taylor, a commercial traveler from England, attempted suicide by cutting his throat. He left a cablegram to be sent to Wakeham, Eng.: "None of these references know me; spare them. Stop letters at postoffice." Taylor will recover.

They Refuse to Work.

MONTREAL, Aug. 19.—A letter received here from St. John's, Nfld., states that parties are selling flour sent for relief. Men refuse work and hang around the relieving stations.

Pinkertons on Guard.

ELMIRA, Aug. 19.—The Reading Company brought 300 men to Sayre, the majority of them being coal and iron police and Pinkerton men. A number of freight handlers and other men were also brought, but only a small number of them consented to do any switching, and they very soon quit. The company has succeeded in moving several coal trains and several freights. They were guarded by armed police and were not molested by the strikers.

A CARELESS PILOT.

The Steamship Coomassie Ashore In the St. Lawrence.

QUEBEC, Aug. 18.—The steamship Coomassie, which passed here from Montreal at 10 o'clock last night, is ashore at Chateau Richer. The pilot, who is named Anctil, is a young man, having passed his examination just two years ago. Instead of taking the south channel, which is the only channel practicable for vessels of large draft, the Coomassie was headed for the north channel, the route followed by river boats going to Ste. Anne de Beaupre. The Coomassie reached Chateau Richer and then grounded hard and fast on a reef. The chief officer of the boat was at Quebec early this morning, and after having secured the tugs, Lord Stanley, Florence and Mersey, returned on board with Pilot Simard, the oldest pilot of the corporation. So far the efforts of the three tugs have proved to be fruitless. Another attempt will be made to-night to float her. The Coomassie had a cargo of grain and cattle for London.

THE COLUMBIA STUCK FAST.

It Will Be a Difficult Job to Get Her Off.

MONTREAL, Aug. 18.—The accident to the Richelieu & Ontario Navigation Company's steamer Columbian at Cedar Rapids is still the talk. From all accounts it will be some time before the Columbian will resume her route again. She is in a very awkward place to work at, and it was stated yesterday that the tugs which were sent to her assistance could not get at the boat. Mr. Julien Chambot, general manager of the company, has returned to the scene of the accident. He admits that the lifting of the boat will be a very great difficulty, and will have to be proceeded with cautiously. It appears now that the steering rope which broke was an ordinary manilla rope. It is claimed that some time ago the pilot told the officers of the boat that the manilla rope should be changed. A number of passengers presented their claims at the office of the Richelieu Company this morning and were promptly paid.

COL. RAY AT LIBERTY.

He Makes a Successful Application For Bail.

TORONTO, Aug. 18.—Col. S. W. Ray, the Port Arthur private banker, awaiting trial on a charge of assaulting Rose Louise Bathurst, wife of Dr. Bathurst, is once more at liberty. A few days after his arrest application was made to Mr. Justice Robertson, who was holidaying in Port Arthur, for the release of the Colonel on bail, but the application was refused.

Tuesday the application was renewed in Toronto before Mr. Justice MacMahon, and the application not being opposed by the Attorney-General an order was granted for Col. Ray's release on furnishing bonds of $20,000, himself in $10,000 and two sureties of $5000. This was promptly furnished by Mr. James Conmee, M.L.A., who is a firm believer in the innocence of Col. Ray, and the accused was released.

Owing to the recent change in the law under which two sessions of the assize court will be held in Thunder Bay district each year the trial will take place in November. Meantime, Col. Ray will remain in Port Arthur and look after the interests of the banking firm of Ray, Street & Co., of which he is now the sole partner. The other partner, Mrs. Street, sister-in-law of Judge Street, retired a few days ago, the partnership having become dissolved by lapse of time.

Colonel Ray, who is in command of the 96th Battalion, carried on an extensive business, and is worth at least $60,000.

In making application for bail, Colonel Ray made affidavit to the effect that the information of Mrs. Bathurst was "unfounded and false," that he was innocent of the charge and that the evidence given by the woman in her preliminary examination was untrue.

A most estimable lady almost destroyed until Dr. Butler's Golden Pills came to the rescue. After their use for a short time she was able to resume her duties, after suffering untold misery from nervous prostration and the ills that attend that most distressing disease. These, if not checked in time, lead to insanity and death. Golden Pills are guaranteed to cure all nervous and blood diseases.

Diarrhœa and Vomiting.

GENTLEMEN,—About five weeks ago I was taken with a very severe attack of diarrhœa and vomiting. The pain was almost unbearable and I thought I could not live till morning, but after I had taken the third dose of Fowler's Wild Strawberry the vomiting ceased, and after the sixth dose the diarrhœa stopped, and I have not had the least symptom of it since.

When the kidneys are out of order delay is dangerous. Any disease may follow and become so well established that months of suffering will follow. A gentle tonic like Dodd's Kidney Pills is always acceptable to the kidneys and protects them from disease. They are a kidney food.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give hesewhe call for it, a sample bottle free, that they may try it before purchasing. The large bottles are 50c and a dollar. We certainly would advise a trial. It may save you from consumption. dw

THE WAR ON CONVICT LABOR.

Tennessee Miners Capture the Stockades.

CHATTANOOGA, Tenn., Aug. 17.—At 3 p.m. 200 convicts arrived at Knoxville and with them the news of the surrender of the stockade at that place to the miners. The facts as reported here are that the camp doctor whose office was not in the stockade but in the village, went into the stockade and told the warden in charge that it was folly to resist the miners, who numbered 1800 and were prepared to attack and capture the stockade. This brought about a conference between the miners' leaders and the warden, resulting in 28 soldiers and 18 guards surrendering to the miners without firing a shot. The miners at once took possession, ran the convicts out to the railroad, loaded them on a train with their guards and started them for Knoxville. The miners have gone to Coal Creek, where they will be joined by several hundred more. If they attack the military there they will meet a bloody reception. The state is aroused, and men of all classes are ready to join the law and order party to aid the military in restoring order. Mayor Chandler has made his escape from Oliver Springs. He says that when the guards and convicts there were surrendered to the mob this morning the militia refused to surrender and marched out of the stockade, but when a short distance down the track were surrounded and compelled to surrender their arms and with guards the convicts were placed on on the cars and and started for Knoxville. The miners left for Coal Creek, where the miners of the entire region are concentrated. The wires are cut beyond Clinton and nothing can be heard, but the general belief is that Coal Creek will be attacked before morning. It is impossible now to reinforce Camp Anderson at Coal Creek and the whole brunt of the battle will fall on Captain Anderson and his 180 men. They have a commanding position on the top of the mountain overlooking the stockade and are heavily armed.

THE TROOPS AT FUFFALO

THE NATIONAL GUARD TO BE MASSED THERE.

In All Thirteen Thousand Men Will Be Mustered There—The New York Central Demanded the Protection of the State and the Governor Ordered Out More Troops.

BUFFALO, Aug. 18.—The day shift of the West Shore switchmen struck yesterday. Their demands are similar to those of the Central men. The night shift will undoubtedly refuse to work to-night. Depot Master Fitzgerald of the Central said this morning that he was making up trains and despatching them on time. He was surprised to find his men had gone out, as they had made no complaint. The day force of the Central are out as well as the night men. It is the opening day of the fair, and every road coming into the Union depot has excursion trains scheduled for the day. The men on duty are being worked to the best advantage, but in spite of this trains are becoming very thick. There seems little doubt that a strike among the locomotive firemen is imminent. Frank Sargent, Grand Master of the Brotherhood, is in the city. The firemen are said to be in hearty sympathy with the switchmen, and the engineers are in accord with the firemen and switchmen. If the firemen strike the engineers will refuse to go out with green firemen. The Delaware, Lackawanna and Western is refusing freight from the tied-up roads. The fast freight lines are probably the greatest sufferers by the strike. Thousands of dollars of perishable goods are standing on the side tracks of the several lines, and nothing can be done towards forwarding them. The entire Fourth Brigade New York State National Guards, numbering 2000, are now on duty here.

Freight Business Blockaded.

Supt. Voorhees of the New York Central says: "It is purely a strike for increased pay. The pretension of the men that they want fewer hours is all humbug. They have worked in the past 11 hours a day actual work, and they expect to continue to work that way, but they want their hourly compensation increased by an amount which is practically 10 per cent. It is, as I said before, a strike for increased pay. The men have never before made the slightest objection to the number of hours they work."

Mr. Voorhees said there would be no difficulty in filling the strikers' places if protection was given by the authorities. The strike will very nearly blockade business on the lake, so far as Buffalo is concerned. Already the shipment of coal has about stopped, and the northwestern flour agencies are complaining that they are getting swamped with flour, and with only the Lackawanna left to help them they will accomplish very little towards keeping up with eastern business.

The receipts of grain are so heavy that the elevators will soon be full. During yesterday alone 25 cargoes of grain arrived. This means at least 700,000 bushels of grain and the shipments both at Chicago and Toledo are still heavy. General package freight will accumulate so rapidly that the warehouses will fairly run over with it. The lumber traffic will suffer less severely, for the canal remains and at the worst sales will merely stop. The yards will hold all that comes. Package freight westbound will soon be confined to the canal, which suddenly rises very rapidly in importance. So far the passenger service on the New York Central and West Shore has not been affected. The trains are all running on time.

A Soldier Killed.

BUFFALO, Aug. 18.—Frederick W. Elsenesser, a soldier of the 65th Regiment, was accidentally shot by another soldier named Hosmer yesterday morning. Elsenesser died this afternoon.

A fireman in the Lehigh yard at East Buffalo was ordered to do some switching. He refused and was discharged. If the company refuse to reinstate him a strike on the Lehigh Valley Division and possibly on the entire Reading system may follow.

Chief Engineer Arthur is expected here to-day.

Thirteen Thousand Men Called Out.

BUFFALO, Aug. 18.—The Governor has ordered two regiments from New York city to proceed to Buffalo. All the militia of the State are under arms and it is likely will have a general order to move to Buffalo to-day (Thursday). The roster contains 13,000 names and about one-quarter are now here. The strike situation is very bad and growing worse.

The Strike Extending.

BUFFALO, N.Y., Aug. 18, 1.45 a.m.—The Lake Shore switchmen have just quit work. A gang of them were seen and said that they had been ordered out and that the Lackawanna switchmen would follow in less than half an hour. Seven switch engines in the South Buffalo yard, usually working at this hour, are idle. A telephone message from the servant precinct states that the men in the East Buffalo Lake Shore yards are also out. This is confirmed by other advices.

Mr. Webb of the N.Y.C. Speaks.

BUFFALO, Aug. 18.—Vice-President Webb of the Central last evening focused the situation from the standpoint of his road thus: "We intend to run our road and move all trains as usual. There will be no Pinkertons employed and we shall attend strictly to business and we shall look to the State of New York to do the same and protect our men from assault. This cannot be done with a few militiamen nor a thousand militiamen. We have run the New York Central a non-union road for two years and we like it. Our men are higher paid than those of any other road and are well satisfied. We, on the other hand, have been spared the constant firing of committeemen and grievances at us, which was almost continual while the union was trying to help us run the road. The situation resolves itself into this: We can run this road now this minute with the men we have at our disposal if we can guarantee them sure protection in the discharge of their duties. The State of New York must do that at once. We are in no trouble whatever for men. All we want is soldiers to prevent the men being killed or injured at their posts. As soon as there are soldiers enough we will have switchmen and other help in abundance. The New York Central, as I said will run its road its own way."

Ripon and Rosebery.

LONDON, Aug. 18.—The Marquis of Ripon's selection as Colonial Secretary meets with a fair amount of approval in Liberal colonial circles. Lord Ripon, though much criticised during his previous tenure of office, has always shown himself a strong man, and fully in accord with the Liberal movements of the time. He is sometimes described as the most Radical member of the House of Lords.

The Earl of Rosebery's presence in the Cabinet is of great colonial importance, since it secures in the Ministry a powerful champion of the best Federation ideas. This is the more important as it is now stated that the special committee appointed by the Federation League to consider and submit definite practical proposals will recommend to the council in the autumn to ask the Premier to convene a colonial conference for the definite discussion of a joint scheme of Imperial defence.

Say Mister!

Is it possible you are suffering from catarrh, and have not used Dr. Sage's Catarrh Remedy? All the terrible consequences of catarrh in the head may be averted if you will but make the effort! You know, too well its distressing symptoms! You possibly know, if neglected, it invariably goes from bad to worse, and is likely to run into consumption and end in the grave! Here is a way of escape: Its makers are willing to take all the risk, and make a standing offer of $500 for an incurable case of this loathsome and dangerous disease. You can get $500, or better—a cure!

Cures Others

Will cure You, is a true statement of the action of AYER'S Sarsaparilla, when taken for diseases originating in impure blood; but, while this assertion is true of AYER'S Sarsaparilla, as thousands can attest, it cannot be truthfully applied to other preparations, which unprincipled dealers will recommend, and try to impose upon you, as "just as good as Ayer's." Take Ayer's Sarsaparilla and Ayer's only, if you need a blood-purifier and would be benefited permanently. This medicine, for nearly fifty years, has enjoyed a reputation, and made a record for cures, that has never been equalled by other preparations. AYER'S Sarsaparilla eradicates the taint of hereditary scrofula and other blood diseases from the system, and it has, deservedly, the confidence of the people.

AYER'S Sarsaparilla

"I cannot forbear to express my joy at the relief I have obtained from the use of AYER'S Sarsaparilla. I was afflicted with kidney troubles for about six months, suffering greatly with pains in the small of my back. In addition to this, my body was covered with pimply eruptions. The remedies prescribed failed to help me. I then began to take AYER'S Sarsaparilla, and, in a short time, the pains ceased and the pimples disappeared. I advise every young man or woman, in case of sickness resulting from impure blood, no matter how long standing the case may be, to take AYER'S Sarsaparilla."—H. L. Telfordian Temperature Topics.

PETERBOROUGH, August 19th, 1892.—Another hot spell. The thermometer on the 17th reaching 88°, yesterday the 18th morning observation 65°, highest during the day 93°, sundown 82°, will be a little cooler now but no appearance of rain however, as Mars is dropping into winter quarters he will soon be giving us the cold shoulder.

THOMAS TELFORD.

The Foresters' Excursion.

The annual excursion of Court Little John Canadian Order of Foresters, was a great success, and many availed themselves of the opportunity to enjoy the trip. The destination was to Toronto, Niagara Falls, Grimsby Park and Buffalo. The excursionists all went by the C.P.R to the number of between two and three hundred. Many went on Wednesday night, but more went on the early morning train. The horse races and other attractions at Buffalo were splendid. Most of the party returned last night. A few are enjoying the limit of their ticket, and will not return until to-night or to-morrow morning.

Yesterday Was Civic Holiday.

Yesterday was Peterborough's annual civic holiday, and it is pleasing to record that it was generally observed as such. Very few of our enterprising business men kept open their places of business, and then only for a few hours in the morning. In the afternoon one would mistake the closed doors and drawn blinds for a Sabbath observance in Peterborough. It is estimated that about 3,000 left the town during the day, either by the numerous excursions or driving out to some distant points, and all had, it is believed, a pleasant and profitable time. The day was all that the most fastidious could desire, warm, balmy and all nature seemed to act in harmony with the many pleasant events around. No serious casualities or mishaps marred the enjoyment of the day, and rested humanity will return to work this morning with a keener interest in their work after a days sport and recuperation.

A New Steamer "Columbian."

The new steamer "Columbian" is now ready for Chemong and connecting lakes and the owner, Mr. Thomas McCamus, has arranged a fifty cent round trip to Bobcaygeon on Monday, August 22nd, for the purpose of introducing his new boat. The "Columbian" is 113 feet long, 31 feet 6 inches beam. It is specially built with regard to strength and is doubtless one of the staunchest vessels on our inland waters The engines are of the newest and most approved make, the same style as those of the "Cibola," Toronto. It is a cross compound engine with cylinders 15 and 30 inches in diameter and three feet stroke and has a working pressure of 132 lbs. It was made by Inglis & Sons, Toronto, and was put in under the supervision of A. McVan, government certificate engineer, who will be in charge on the day of the above named excursion. The decks are fitted with very convenience. there is a grand cabin for ladies' use on the lower deck and up stairs a spacious area substantially roofed in and fitted with abundant seating accommodations.

The Shamrocks Host at Lacrosse.

Yesterday the senior Shamrock lacrosse club went down to Hastings on the grand union excursion to play the Hastings lacrosse club. The home team proved to be easy winners. The Shamrocks placed the following team in the field:—T. McDonough, goal; T. McMahon, point; J. McDonough, cover point; M. McDonough, 1st defence; F. Boland, 2nd defence; P. Carroll, 3rd defence; F. Metcalf, centre; J. Mahoney, 3rd home; W. McNamara, 2nd home; T. McNamara, 1st home; D. Hogan, inside home; J. Woodard, outside home. Mr. W. Hickey, field captained the team, and Mr. Joe Phelan referee. The Shamrocks had a complete walk over, outplaying their opponents at every turn. Metcalf took the first game in twenty minutes. Hogan the second in eight minutes and W. McNamara the third in one minute. The Hastings wanted to quit the field at the end of the second game. Headron scored the fourth game and first for Hastings in four minutes. The struggle lasted an hour and a quarter. The Hasting boys who had a team composed of four players from Norwood, some from Campbellford and other places, engaged in a purely defence struggle throughout. They were also out of practice.

Fitzgerald hooked four 'lunge, Mr. John Stanger 3 and a passenger on one of the boats 3. Several black bass were also caught.

—An alarm of fire was sounded on Wednesday night about 12 30 o'clock and the brigade responded. The blaze was in a shed near the corner of Brock and George street, adjoining Dr. Clark's stables and to the rear of J. J. Howden's. It was extinguished in a few seconds. The damage to the building which belongs to the Burnham estate is trifling. The fire was no doubt the work of boys.

Down the River.

A Delightful Day at Victoria Park.

It is claimed by those who patronized the gift excursion down the river to Victoria Park yesterday, that they had the most delightful and enjoyable outing of the day. By the morning and afternoon boats about 150 enjoyed the sail down the river and the quiet reposeful delights of Victoria Park, where everything pleases. A cool shady grove with all conveniences for picnicers. Any one who wants a day's quiet pleasure in the midst of pleasant surroundings can not do better than spend it at Victoria Park. The pleasure of the return home was much marred by the presence of logs in the river, but thinking persons submitted gracefully to the logic of necessity—commercial progress can not be stopped by holiday outings. During the trip the distribution of prizes was made and a large number of valuable and useful articles was distributed to the lucky winners.

Fire!

Felix Brownscombe, Insurance Agent, Water street, represents the following first-class fire companies: "London and Lancashire," "Sun Fire," "Alliance," and "Caledonian," all good "Old Country companies." Also the "Phenix" of New York. Money to loan and accepted back in monthly payments.

A Narrow Escape.

Yesterday morning as Dr. Fred H. Brennan was attempting to board Conductor Morris's train for Belleville at Hastings he met with an ugly tumble. The express was moving off, and the medico, misjuding its speed, in catching on the platform of the rear coach missed his hold and fell heavily on the rails. He received a bad shaking up and was bruised about the body in several places. It is fortunate that the doctor escaped as well as he did.

The Great Union Picnic

Of the C.M.B.A. B.B.A. and C.O.F. at Hastings a Great Success—List of Sports.

The great union picnic of the C.M.B.A., B.B.A. and C.O.F., at Hastings yesterday was a first class success. Two members, together with their wives, families and friends, to the number of 350, boarded the train at 9 o'clock. Hastings was reached at 10 30 where the Hastings band and a large number of citizens were at the station to welcome the visitors. The picnicers then repaired to Johnson's Grove, a beautiful spot on the river Trent, about a quarter of a mile distant. Here dinner was served and in the afternoon a splendid programme of sports was run off under the supervision of the following capable committee: Messrs. M. Giroux, Goodie Halpin, J. McCormick, Simons, Callaghan, Doris and Heffernan, and Mr. James Drain, the efficient secretary. Messrs P. Heffernan and Callaghan acted as gatekeepers. There were about six hundred Hastings people on the grounds. Following is a complete list of the sports and winners:

1. 100 yards race (men)—1 Heffernan, 2 Breeseman.
2. 100 yards race (boys)—1 Riley, 2 Gauthier.
3. Running long jump—1 Heffernan, 2 Breeseman.
4. Standing long jump—1 Heffernan, 2 Jackson.
5. 250 yards race—1 Heffernan, 2 T. Lane.
6. Tarowing heavy weight—1 F. Lynch, 2 O Brien.
7. 100 yards race (girls)—1 Eliza McCarthy, 2 Maggie McCarthy.
8. Irish jig—John Cronin.
9. Swimming race—1 F. Lynch, 2 P. J. McDonough.
10. Quoiting match was not finished owing to lack of time.

The excursionists returned at 8:45 o'clock last night on Conductor Morris' train, all pleased with the trip in every particular. Conductor Morris said it was the best excursion he had ever run. The committee desire to express their thanks to the people of Hastings for the kindness and attention shown them. Mr. Thos. Doris supervised the dancing in his usual good style. A first class orchestra from the Hastings band provided good music. The committees from the E. B. A., C. M. B. A. and C. O. F. worked arduously and their excursion was a great success in every way.

Peterborough Defeated at Belleville.

The Peterborough Baseball Club accompanied the Oddfellows excursion to Belleville yesterday and played a game with the I. X. L. nine. The match took place on the Agricultural Park in the afternoon before a large crowd. The Peterboroughs, although defeated by hard luck, put up a rattling good game, many brilliant plays being made on their side. Mr. McMullen umpired the game and his decisions were very unfair, favouring the Belleville's at every opportunity. The grounds were also very rough and covered with long grass. Take accounts in a measure for the defeat of the home team. O'Brien caught a great game, while McCabe pitched well. Bradford was in the box for Belleville. On account of the ground the hits made by the Belleville's in the infield bounded over the pitcher's and baseman's heads. The Belleville's started a bad practice of cutting the bases, which was allowed by the referee. The Peterborough's returned home last night. Following is the score, which will explain itself:—

St. Paul's R. C. Picnic at Lakefield.

The First Annual Picnic a Fine Success.

The first annual picnic of the congregation of St. Paul's Roman Catholic church, Lakefield, was held at Strickland's Point yesterday, and was a gratifying success. There were between 400 and 500 persons present from Lakefield, Smith, Douro, Eanismore and Peterborough. The clergy present were, Rev. Father Kelly, parish priest, Rev. Father Scollard, the Cathedral, town, and Rev. Father McColl, parish priest, Eanismore. The Point is a fine place, and those present enjoyed themselves excellently. The usual picnic programme was carried out, including sumptuous dinner and tea by the ladies, the ever-popular dancing platform and a fine programme of sports and games. Brief addresses were delivered by Rev. Father Kelly, who congratulated the congregation on the success of the picnic, and announced that hereafter the annual picnic of St. Paul's would be held on May 24th, except when Her Majesty's birthday falls on a Sunday. Rev. Father McColl also announced that the 1st of Sept. with similar restrictions was moved to the parish of Eanismore for picnic purposes. Rev. Father Scollard, Mr. J. R. Stratton, M. P.P., and Mr. John Hall, J.P., also delivered brief congratulatory addresses. The first annual picnic of St. Paul's was a great success of which the credit is due to the energetic Father Kielty, the liberal congregation and a liberal spirited public.

The Edisons Defeated at Cobourg.

In the baseball match at Cobourg yesterday the Edisons were badly defeated in a nine innings game by a score of 21 to 6. The Cobourgs outplayed them at every turn, and proved their right to the title of champions of eastern Ontario. The Edisons although defeated are not discouraged. They will play a match here to-morrow afternoon on the P.A.A.A. grounds with Port Hope. The *Guide* says a large number of citizens will accompany the boys who are in fine shape, having done some great practising lately.

Oddfellows' Outing.

Down the Quinte on the Steamer Rocket—Picton, Glenora and the Sand Banks all Visited.

The Oddfellows' excursion yesterday was a great success, and one of the most delightful outings Peterboroughians have ever enjoyed. A special train left the G.T.R. station at 7 o'clock with two hundred happy souls on board. This number was largely augmented by excursionists who boarded the train at Hastings, Campbellford, Stirling and other places. Belleville was reached shortly after ten o'clock, where a large number remained over for the day, to visit friends, see the sights of the Bay City and witness the baseball match between Belleville and Peterborough. The excursionists were run down to the Grand Junction dock, where they stepped on board the swift steamer "Rocket" bound down the Bay of Quinte for a delightful sail to Picton and Glenora. A large number of Bellevillians accompanied the Peterborough party, making a jolly crowd of three hundred in all. The steamer sailed at Deseronto where the picnicers from the lofty decks of the "Rocket," could see in operation the great saw mills of the Rathbun Company and the immense lumber industry carried on there. The sail from Deseronto to Glenora was a pleasant one. The scenery along this route is grand and picturesque. High bluffs, wooded glens, sloping banks, wooded shores and fields of golden grain with a farm house nestling here and there all presented a scene lovely and indescribable. A stay of nearly an hour was made at Glenora, where the wonderful lake way up on the mountain was viewed with unfeigned delight. The sheet of water is hundreds of feet above the level of the bay, and has no apparent outlet. From Glenora the boat steamed into the pretty harbor of Picton town, reached shortly after two o'clock. A large number took conveyances and drove to the far famed sand banks, ten miles distant, where from Lake Ontario's strands mountains of pure white sparkling sand have been blown up mountains high. Those who remained at Picton visited the enchanting "Glenwood Cemetery" one of the most beautiful necropoli in Ontario. The great canning factory was also inspected. The Bay of Quinte lodge, I.O.O.F., Picton, treated the visiting brethren most handsomely, throwing open their hospitable rooms to them and bestowing every care and attention upon their guests. They also had prepared delicious refreshments for the Peterborough boys and their kindness could not be excelled. The return trip was commenced at 5 30 o'clock and home reached about midnight. The affair could not have been a more gratifying success to the Oddfellows than it proved to be. Some of those who ventured to visit the Sand Banks were left in Picton. The steamer waited for them as long as she could but finally had to start. The belated passengers caught the "Hero" and made Belleville last night, where they lodged and reached Peterborough on the 8 20 express this morning.

Simply Awful

Worst Case of Scrofula the Doctors Ever Saw

Completely Cured by HOOD'S SARSAPARILLA.

"When I was 4 or 5 years old I had a scrofulous sore on the middle finger of my left hand, which got so bad that the doctors cut the finger off, and later took off more than half my hand. Then the sore broke out on my arm, came out on my neck and face on both sides, nearly destroying the sight of one eye, also on my right arm. Doctors said it was the

they ever saw. It was simply awful! Five years ago I began to take Hood's Sarsaparilla. Gradually I found that the sores were beginning to heal. I kept on till I had taken ten bottles, ten dollars! Just think of what a return I got for that investment! A thousand per cent? Yes, many thousand. For the past 4 years I have had no sores. I

MAGNIFICENT

WATER POWER.

"Blythe Mills," Peterborough.

OWING to the death of the Proprietor, the executors offer for sale the extensive milling property known as the "Blythe Mills," Peterborough, consisting of SAW MILL capacity 20,000 feet per diem; STONE FLOUR MILL capacity eighty barrels per diem; WOOLLEN MILL capacity four sets; One New Elevator, capacity 35 000 bushels; complete Electric Light Plant capacity 150 16 candle power lamps, made by the Royal Electric Company, Montreal; about ten acres of land with facility for more extensive development; five dwelling houses.

The water of the river Otonabee (Trent) affords unfailing and almost unlimited water power, and extremely uniform throughout the entire season.

This property is within the limits of the Town of Peterborough—one of the best railway centres in Ontario, G. T. R. siding adjoining. The proximity to the town will make the power for electric and other purposes of constantly increasing value. The property must be sold to wind up the estate and its sale presents an opportunity for profitable investment seldom offered.

TERMS OF SALE.—Cash or half cash, half mortgage for 5 years, interest 6 per cent.

The property is offered at an upset price of $40,000, a figure just 50 per cent. of its estimated value. The highest tender over $40,000 will take the property.

Tenders will be received for the entire property up to 2 P.M. September 3rd, 1892, and must be accompanied by a marked cheque for $1,000, to be returned if tender not accepted.

Forms of tender with more exact description of property, can be had on application to Executors.

Never before was a Practical Business Education more appreciated than to-day. The age of fashionable education is past, and the one of solid worth is here. Fewer young men are preparing for the professions and more are turning their attention to a systematic knowledge of business affairs. That such is the fact, the increased patronage of the Peterborough Business College, Peterborough, is receiving from every section of the country, fully proves.

The Game Between Campbellford and Peterborough was Greatly in Favor of the Latter.

The Campbellford Cricketers arrived in town on Wednesday forenoon to play the return match with the Peterborough cricket club. The visitors won the toss and went to bat first, at 11.30 o'clock but were soon retired piling up a score of only 84 runs. Peterborough then had their innings and had run up a score of 50 runs for the fall of only one wicket when stumps were drawn at 2 30 o'clock, the players agreeing to play on time, the visitors having to catch the train. Had Peterborough been allowed an opportunity to play out the innings she would have wiped her opponents out of existence. For the latter Ferris, not out, made the highest number of runs, while Horkins and Douglass came next, up thirteen each. Oldfield, Stocker and D. Rogers trundled for the home team, the first man doing good work, taking 8 wickets for the cost of 35 runs. Following is the score :—

The Fire Fighters Frolic.

They Hold Their Annual Excursion to Chemong Park and it is a Great Success —List of Sports and Winners.

The annual excursion of the Peterborough Fire Brigade to Chemong Park was a monster one. At 9 o'clock a train of nine coaches, bearing 600 people pulled out of the station. The Park was reached a few minutes before 10 o'clock, on the steamer "Maple Leaf" with palace scow attached. A large number also drove out from Peterborough, until the ground was black with people.

The band, 22 strong, accompanied the fire ladders and on the way up discoursed many tuneful selections. The forenoon was soon passed away in boating and bathing, fishing and viewing the sights of the Park. After dinner the excitement began and the picnickers were thoroughly happy. Dancing was started in the pavilion at two o'clock. An excellent orchestra composed of Messrs. F. W. Miller, E McCabe, J. Sherwood and W. Metherall, provided music. The sports, which had been widely advertised, now came on. The entrance in all the events was free. Messrs H. Evans and J. D. Tally, were appointed judges. Mr. John Craig, vice-president of the department, was starter. No time or distance was kept in any of the events. Following is a complete list of the sports and winners :—

1 100 race (4 entries)—W. Hornbeck, A. Moore, E. Nott, C. A Meikle. Won by A. Moore by about two feet.

2 Putting heavy shot (8 entries). Won by A. Moore, Chas. Pogue second.

3. 220 yards dash, entries—S. Chapman, A. Milburn, E. Nott, C. A. Meikle, Arthur Elliott, E Wasson. Won by E. Wasson, C. A. Meikle second.

4, Running long jump, entries—Chas. Pogue, E A. Meikle, S. Chapman, E. A. Nott, A. Milburn, A. Moore, W. Hornbeck, Hornbeck 1st, Milburn 2nd.

5. Standing long jump, entries—J. J. Clearburn, S Chapman, A. Moore, Chas. Pogue, A. Milburn, W. Hornbeck. Won by Milburn, Moore second.

6. Running high jump, entries—S. Chapman, W. Chapman, A. Milburn, Chas. Pogue, W. Hornbeck, J. Haggart, A. Moore. Won by Hornbeck, Milburn second.

7. Three-legged race, entries— Metheral and Moore, Barry and Bathwell, Elliott and Wasson, Champman and Pogue. Won by Metheral and Moore, 2nd Chapman and Pogue.

8. Fireman's race (100 yards, entries—A. Moore, Samuel Sharp, W. Metheral. Moore was handicapped 10 yards, but came in first with Metheral a good second.

9, Standing hop, step and jump, entries—S, Chapman, A. Moore, A. Milburn. 1st Moore, 2nd Milburn.

10. Boys' race, 100 yards, under 16, hundreds of entries—1st, A. Ralph; 2nd, L Owens and E Sheffield, ties.

11. Young ladies' race between the ages of 15 and 18. Entries—Lizzie White, Essie Thornton, E. McVeith, K. Thompson, Mamie Sergeant. 1st, Miss Thornton; 2nd Miss White.

12. Running hop, step and jump. Entries—S. Chapman, A. Milburn, A. Moore, W. G. Geary, J. Clearburn. Won by Milburn with A. Moore 2nd.

13 Bandsman's race, 100 yards. No entries, but the prize of a bird cage was unanimously tendered to W. H. Crowe for the interest manifested by him in the band.

14. The next event was the tug of war. This was keen and exciting and afforded lots of sport. A. Moore captained one team composed of Messrs. J King, Wm. Roberts, James Fanning, J. Paul, W. McNairn, S. Hennessy, J. Montgomery, A. Fitzgerald, M. Lockington, A. Moore (anchor). The other team was captained by Harry Evans and composed of Messrs. George Fitzgerald, D. Westaug. J. Haggart, W. Metheral, Charles Pogue, George Hutchinson, W. J. Geary, H. Evans, J. Metheral, and A. Jones (anchor) Best to out of three. First heat won by Evans' team, second heat by Moore's team, third after many minutes by Evans' team again. Prize, box of cigars.

After the sports the firemen and band all repaired to Mr. Fobert's newly discovered sulphur well and had a drink of the mineral water. Then the band gave a short but grand open air concert which was much enjoyed by the listening hundreds. Afterwards tea was served and all partook thereof. The happy excursionists returned home a few minutes before 10 o'clock last evening voting unanimously the firemen's excursion to one of the best ever held.

NOTES OF THE TRIP.

The committee in charge of the excursion and to whom its success was in a measure due was composed of Messrs. W. G. Metheral, Chairman, J. Yelland, Secretary, and Messrs. Kincaid, Hutchinson and Jones.

The crowd was one of most orderly and well behaved that has visited the park this year.

Nearly 150 had dinner at the Chemong Park Hotel yesterday

Nothing disturbed the pleasure of the trip; everything passed off without a hitch.

Among the guests at the hotel for the day were :—E Howell, Capt. W. Bottom, Jas. Kimbel, J. Gallagher, A E. Bottom, H. Sergey, H. Henry, Bobcaygeon; J. H. Bash, Chicago; Mr. E A. Tanner and Mrs. Tanner, Lakefield; and others.

Fine Smokers.

You may be satisfied with the brands of tobaccos you have been using for years. Grant it; that you are satisfied. As there is always room for improvement, we ask you to try our OLD CHUM PLUG, or CUT smoking tobacco; we believe you will be BETTER satisfied. In any case, a trial wont hurt you. Don't delay upon the order of buying, but buy at once.

Piano Tuning.

Mr. G. Gumpricht is in town. Orders may be left at Messrs. Taylor & Macdonald's or at the Peterborough Bookstore. d

MR. LEON STE MARIE, of Marieville, P.Q., says that he has been taking a number of different medicines for many years against dyspepsia but no one has done him so much good as Dr. Sey's Remedy.

Don't Delay.

The time is growing short. If you are wise, take advantage of the few remaining weeks left to procure the cheapest bedroom sets, sideboards, bureaus, tables, chairs and general furniture, at the clearing sale now going on at H. NEWTON'S housefurnishing store, 432 George street.

Bankrupt Stock still in the ring. Everything goes at T. Dolan & Co.'s store at your own price.

TO THE BUYING PUBLIC.

People of Peterborough, buy no goods after six o'clock to encourage the early closing movement and give the boys a chance to get a mouthful of fresh air; as I am aware you never give them anything but lots of flip. If this is not carried out clubs will have to be used.

Respectfully yours,
J. DOLAN.

At Sturgeon Point.

The Sons of England Picnic—A Fine Programme of Sports—The Excursion a Great Success in Every Way.

Lansdowne Lodge No. 25, Sons of England held their annual excursion to Lindsay and Sturgeon Point yesterday, per G.T.R. and steamer "Crandella" and it is needless to say that the event was a surpassing success. The route was a new one to most of those on board, hence a keener interest was awakened in the excursionists, who drank deep draughts of nature's beauty and feasted heartily upon the gentle zephyrs and bracing atmosphere of the waters.

At 15 minutes to 9 o'clock the train steamed boldly out of the town with its burden of human freight, some four hundred in number. At Lindsay, which was reached shortly before ten, the immense throng, bent on nothing but pleasure and that at its best, embarked on the staunch steamer "Crandella," which was near at hand, the Grand Trunk having kindly run the party in on a side line. All on board, the safe passenger boat began to wend its way up the sinuous waters of the blue serpent to Lindsay's "Coney Island," the far-famed Sturgeon Point. The "Crandella" is a large vessel, 120 feet long, 31½ feet broad and under the new steamboat regulations is capable of carrying 400 persons. The genial veteran of the waters, Capt Geo Crandall, is in command, and he did everything in his power for the comfort and convalescence of the excursionists. The "Crandella" was built last summer, and is finely fitted up and all the arrangements are complete. After a steam of 10 knots Sturgeon Point was reached. Here the party disembarked and prepared for dinner. The Point is a large stretch of land comprising many acres, well wooded with different growths of trees, and has a fine bold beach. The Sturgeon Point House run by Miss Host Wm. Simpson, of Lindsay, enjoys a good run of patronage at the hands of the public, while the *cuisine* and the accommodations of the hostelry rank first-class. In the afternoon many strolled around viewing the Park in all its beauty, others repaired to the dancing pavilion where a first class orchestra provided music for the tread of nimble feet, and the remainder gathered around the scene of the sports, which were run off successfully under the management of an efficient committee. The entries in each were numerous, the contest exciting and the awards of good value. Following is a full list of both sports and winners :

No. 1. Boys foot race—1 Ben Miller, 2 Percy Green

No. 2 Girls foot race—1 Maud Redmond, 2 Maud Roberts.

No. 3, Fat men's race—1 W. Taylor, 2 C. Crane.

No. 4. Married womens race—1 Mrs. W. J Ellison, 2 Mrs. Oliver.

No. 5. Three-legged race—1 Percy Wright and George Might.

No. 6 Men's smoking race—1 S. McIntyre, 2 B. Roberts.

No. 7. Boat race—1 G. Wanwing, 2 B McIsaacs.

No. 8 Girl's race—1 May Redmond, 2 Flossie Weber.

No. 9. Boys' race—1 H. Mormes, 2 B. Cranfield.

10 Race on all fours—1st, Percy Wright, 2nd, Albert Banton.

11. Young ladies' race (between ages of 15 and 30 years)—1st, Miss Bridgewater; 2nd Miss Soanes.

12. Grinning through a horse collar. This was an enjoyable event, and the physique and facial contortions which some of the competitors converted their beautiful countenances into was appalling. E. Calvert, Lindsay, was awarded first prize, and W. Edwards, second. The spectators enjoyed much laughter.

13 Double canoe race—1st, W. Flavelle, and Goodwin, Lindsay; 2nd Cocks and Roberts.

14. Single canoe race—1st, W. Flavelle, Lindsay; 2nd, B. Roberts; 3rd, C. Davids.

15. Putting the stone—1st, David McGrath; 2nd, W. Edwards.

Officers' race—R Waram; 2nd J. Downing.

16. The 100 yards dash for the silver cup, presented by His Worship Mayor Kendry, was another enjoyable event and the spectators went wild with the enthusiasm. Mr. F. H. Ferguson won from the many entries after a slight struggle.

17. Running hop step and jump—1 D. Oliver, 2 A Gaskins.

18 Committee Race—1 W. Saxby, 2 S. Kemp.

19 Officers race—1 A. Downing, 2 R. Waram, 3 W. Saxby.

20. Oldest married man and wife on grounds—W. Taylor and wife.

21 Young st married couple on grounds—A. Benton and wife.

22. Son of England having largest family on grounds—Amos Green.

Tug of war between teams chosen by the President and Vice-President of Lansdowne Lodge. Vice President Martin's team was captained by W. Barlow, President W. Saxby's by Mr. Smart. The latter won after a close struggle. This ended the long and varied list of sports after which the happy excursionists boarded the boat for home and after a pleasant hour's sail down Sturgeon Lake and the Scugog, Lindsay was reached at six o'clock. Here another two hours of pleasure and delight were consumed in seeing the sights of the town, and at eight o'clock all boarded the train for home and reached Peterborough in safety at nine o'clock, tired but happy.

NOTES OF THE TRIP.

The committe in charge of the excursion was F. I. R. Mitchell, Chairman; Messrs. W. Taylor, Carpenter, Saxby, Waram, Barlow, Downing and Kemp. Mr. T. H. Martin, Vice-President of Lansdowne Lodge was the untiring and energetic secretary. All the members have the flattering reward for their efforts that the excursion was a success.

The committee desire to thank Manager Hopkins of the Crandella for his pleasant business relations and great attention given them.

Sturgeon Point has 74 cottages all of which are now occupied. The hotel has 35 rooms and is capable of accomodating 70 guests. It was built in 1875.

Many of the excursionists yesterday complained bitterly of not being able to procure dinner until 1.30 o'clock at the hotel. This was very unsatisfactory.

Miss Oliel is the accomplished pianist of the Crandella. She played many selections for the voyagers.

Mr. Fitzgerald, proprietor of the Sturgeon Point House in a few weeks will enlarge it to double its present capacity.

The Irrepressible Small Boy.

Now is the season when the ubiquitous small boy fills himself with green plums and greener apples, and bolts half-ripe cherries, seeds and all. His verocity almost invariably leads to Cramps, Diarrhea, or Dysentry, and the family hearthstone resounds with lamentations. If his parents are prudent people, they will have a bottle of PERRY DAVIS' PAIN KILLER ready for such summer emergencies, and a spoonful of this great specific will bring the young scamp around all right. Druggists all sell it. Only 25c. per bottle new large size.

Around the Lakes

The Citizens' Excursion Makes the Circuit of Inland Waters.

The Citizens' Excursion around the lakes was another of those successful voyages which characterized civic holiday. About 450 people left here yesterday morning at seven o'clock per G. T. R., and at the Chemong terminus all embarked on the steamer "Golden City," with palace scow, "Wave Crest," attached. A fine sail was then enjoyed up Chemong and Buckhorn to Buckhorn Rapids, which was reached about ten o'clock. Here a stay of two hours was enjoyed and dinner partaken of in the pretty grove at this point. Many consulted the bill of fare at Mr. Thomas Eastwood's hostelry. The large party enjoyed themselves to their heart's content viewing the scenery and indulging in many picnic festivities. At noon the picnickers left and sailed down through the Buckhorn Lake, Deer Bay, Lovesick Locks into Lovesick Lake to Bridgh Falls, which was reached at two o'clock.

Here another halt was made and the people visited the Falls, Trent Valley Canal Locks and other places of interest. Then the journey was resumed again and Stony Lake loomed up, through which the steamer sailed until Juniper was reached where a call was made. Thence on again to Clear Lake, Lake Katchawanaka to Lakefield which was reached an hour before train time. The happy searchers after pleasure and sight seeing stepped on the train at eight o'clock and were soon whirling home joyous and contented. In Deer Bay an exciting race took place between the steamer "Sunbeam" and the "Golden City" but the former could not down Capt. Reynolds' swift bark although she had a large crowd on board and a scow attached.

BRITAIN'S NEW MINISTRY

IT IS NOPOPULAR WITH THE RADICALS.

Earl Rosebery Will Hold the Position of Foreign Secretary—The Appointment of Baron Houghton as Viceroy of Ireland Causes Surprise.

LONDON, Aug. 17.—The new Government officially announced last evening is as follows: Mr. Gladstone, Lord Privy Seal and First Lord of the Treasury; Earl Rosebery, Foreign Secretary. Baron Herschell, Lord Chancellor; Sir William Vernon-Harcourt, Chancellor of the Exchequer; Herbert Asquith, Home Secretary; the Right Hon. Henry H. Fowler, President of the Local Government Board; the Right. Hon. H. Campbell-Bannerman, Secretary of State for War; Earl Spencer, First Lord of the Admiralty; the Right Hon. John Morley, Chief Secretary for Ireland; the Right Hon. A. J. Mundella, President of the Board of Trade; Sir Charles Russell, Attorney Gen.; John Rigby, Solicitor-Gen.; the Right Hon. Samuel Walker, Lord Chancellor of Ireland; Mr. McDermott, Attorney-General for Ireland; the Right Hon. Edward P. C. Marjoribanks, Patronage Secretary to the Treasury; Alexander Asher, Solicitor-General for Scotland; the Right Honorable J. B. Balfour, Lord Advocate of Scotland; the Earl of Kimberley, Secretary of State for India and Vice-President of the Council. The Marquis of Ripon, Secretary of State for the Colonies; Sir George O. Trevelyan, Secretary for Scotland; Mr. Arnold Morley, Postmaster-General; Mr. Arthur Herbert Dyke Acland, Vice-President of the Council on Education; Baron Houghton Viceroy of Ireland without a seat in the Cabinet.

The announcement of the appointment of Baron Houghton to the position of Viceroy of Ireland was so incredible that the representative of the Associated Press made inquiries about it, when he found that the appointment had been made as announced.

Baron Houghton is a lifelong protege of Mr. Gladstone's. He is likely to spend much beyond his whole official income in lavish entertainments. Still, everybody questions the wisdom of putting an unknown and untried young man of 34 years in the highest post in Ireland, though only as a figure-head. The informant of the Associated Press representative predicts that Baron Houghton will soon gain popularity among the Irish, that he will not interfere in politics, but will support Irish sports, keep an open table and win good will.

Crowds Cheer the Premier.

LONDON, Aug. 17.—Despite the falling rain a large crowd waited for hours to receive Mr. Gladstone in the vicinity of Stuart Rendle's house in Carleton Gardens, where Mr. Gladstone is stopping until he takes up his official residence in Downing-street. When he drove to the house the crowd cheered him. He smilingly bowed his thanks for the reception. After the lapse of a brief interval he emerged again, accompanied by his wife and daughter. The party were driven to Kensington to attend a wedding. Upon his return Mr. Gladstone met the members of the new ministry and a conference took place.

Radicals Amazed And Angered.

LONDON, Aug. 17—The composition of the new Government causes intense disappointment among the radicals. Not a single man, except John Morley prominently identified with the Radicals has been appointed a cabinet minister and among the ex-cabinet posts few members, of the new set have any but the remotest chance of getting a place. The old set are masters of the situation and representatives of old Whig families and Liberal mediocrity having aristocratic connections and never associated with extreme views have been Mr. Gladstone's exclusive choice. Even Mr. Stansfeld, who, in the latest Gladstone cabinet represented democratic opinion, has been shelved.

The official list when scanned to-night at the National Liberal Club awoke vehement protests. Was it for this undiluted list of old men associated with the traditions of Whiggery, from the territorial and aristocratic class, that Radicals had given their money and their time?

Apart from Radical opinion the Cabinet is really composed of eminently reputable men. Mr. Gladstone has preferred collecting around him tried colleagues accustomed to subordination and certain not to deviate into strange ways. His three new Cabinet Ministers—Asquith, Arnold Morley and Acland—are sound Liberals.

Baron Houghton's appointment as Viceroy of Ireland amazed even Mr. Gladstone's intimate friends. When an inkling of the appointment reached Dublin this morning it was held to be without foundation until the appointment was officially announced.

The Chinese pay their doctor only so long as he keeps them in health. They believe in preventing rather than curing disease. This is sound sense, and one of the strongest recommendations of Ayer's Sarsaparilla, a medicine which not only cures diseases but prevents them.

GENTS,—Please ship as per G.T.R. freight prepaid, three (3) gross more of your Anti-Dandruff. This makes six gross or 864 bottles purchased from you since January 16th, 1893, a little more than two months. The large demand is due to the merits of the preparation, as our customers to whom we have sold it certify. We find it not only removes the dandruff and scurf, but it is an elegant hair-dressing for the hair. Clean to use and has an agreeable odor. It is one of the best preparations we know of to promote the growth of the hair and prevent its falling out. Wishing you continued success and an extended sale. We remain,

Four Persons Burned to Death.

LONDON, Aug. 18.—A serious conflagration occurred yesterday in a lodging house in Lion-square, Tredegar. The building was gutted in a short time. There were 74 persons in the building, and it was with great difficulty that any of them escaped. Four were burned to death and several seriously injured.

The loss of life was much larger than at first reported. Instead of only four persons being killed it is now known that eleven perished in the fire. Nine bodies have already been recovered. The search for the others is being prosecuted as rapidly as circumstances will permit.

Gladstone's Program.

LONDON, Aug. 18.—The Times says it believes that in addition to Home Rule, measures for the extension of local government and for reform of the registration laws and a total local option will be decided upon at the first formal cabinet meeting on Friday.

Demand for a Gold Standard.

CALCUTTA, Aug. 18.—A public meeting to consider the currency question has been held at Madras. The meeting resolved to found a branch of the Currency Association and to ask the Government to appoint a commission to inquire into the advisability of establishing a gold standard in India.

"German Syrup"

A Cough and Croup Medicine.

For children a medicine should be absolutely reliable. A mother must be able to pin her faith to it as to her Bible. It must contain nothing violent, uncertain, or dangerous. It must be standard in material and manufacture. It must be plain and simple to administer; easy and pleasant to take. The child must like it. It must be prompt in action, giving immediate relief, as childrens' troubles come quick, grow fast, and end fatally or otherwise in a very short time. It must not only relieve quick but bring them around quick, as children chafe and fret and spoil their constitutions under long confinement. It must do its work in modera e doses. A large quantity of med icine in a child is not desirable. It must not interfere with the child's spirits, appetite or general health. These things suit old as well as young folks, and make Boschee's German Syrup the favorite family medicine.

THE SMUGGLER CAPTIVE

BOUCHARD AND HIS VESSEL TAKEN BY THE PATROL.

The Capture of Young Bouchard and the Marie Rose—The Government Cruiser Makes an Important Capture and Also Secures a Large Quantity of Smuggled Whisky.

RIMOUSKI, P.Q., Aug. 18.—The campaign inaugurated by the Government against the daring smugglers of the Gulf of St. Lawrence is still being vigorously prosecuted, and the little war is by no means at an end as is testified by the report of the brush with the smugglers and the capture of Bouchard's other schooner, the Marie Rose.

With the capture of the veteran Bouchard by the cruiser Constance, with the assistance of the Canadian artillery men from Quebec, it was thought that the operations of the smugglers would cease. This, however, was not the case apparently, as even without their chief the smuggling has been carried on in the lower St. Lawrence as briskly as ever, although the scene of operations was largely changed. The waters of the gulf, as in the past, are dotted with the swift white-winged craft, the terror of the revenue officers.

The armed cruiser Acadia, one of the smartest and staunchest vessels of the Canadian Government marine, commanded by Captain Osprey Spain, arrived here yesterday afternoon, after an exciting brush with the smugglers, and what was more to the purpose, she had a large quantity of contraband liquor on board. In convoy of the cruiser was the schooner Marie Rose, which had been captured red-handed. The feature of the capture, however, is that the schooner was commanded by a brother of the celebrated Bouchard, who is said to be but a degree less daring than the smuggler chief.

After the search of Isle aux Coudres and the confiscation of liquor found hidden there, it was ascertained that the smugglers had made their new headquarters among the Seven Islands, at the entrance of the bay of that name, but a short distance from Moisic, some 330 miles below Quebec, on the north shore of the St. Lawrence. Last week the Acadia visited these islands, and armed crews were sent ashore to search for the contraband liquor. The inhabitants of the islands, who were in sympathy with the smugglers, as were the inhabitants at Isle aux Coudres, at first offered objection to the landing of the crews, but awed by the superior force they gave way, and the result was the success of the mission in finding a large supply of smuggled liquor. The stuff was transhipped to the Acadia, which then proceeded for Quebec, calling here.

The cruiser had hardly cleared the islands, however, before a suspicious looking craft was sighted standing up the river. An exciting chase ensued. Although every stitch of canvas that would draw was crowded on the craft she was no match for the cruiser, which quickly overhauled the stranger and in a little less than an hour the craft, which proved to be the notorious schooner Marie Rose, with Captain Bouchard, jr., in command, was a prize. A prize crew was put on board and the schooner started on the way to Quebec, where she will probably arrive to-day. Captain Spain and the officers and crew of the Acadia are highly complimented here by all for their clever capture.

Drowned at Goderich.

GODERICH, Ont., Aug. 18.—A lamentable case of drowning occurred here last evening. James and Roy, youngest sons of Rev. J. E. Howell, were drowned in the lake. It appears they were out boating north of the river mouth, and the young brother fell overboard. The other brother jumped in to save him, but both were drowned before assistance could be rendered. The body of the younger brother was recovered about 7 p.m.

A Verdict of Manslaughter.

KESWICK, Ont., Aug. 18.—An inquest was held last night on the bodies of Mrs. Frank Wilson and her little daughter and the coroner's jury returned a verdict of manslaughter, implicating Frank Wilson, husband of the deceased.

Be sure and put a box of Ayer's Pills in your satchel before travelling, either by land or sea. You will find them convenient, efficacious and safe. The best remedy for costiveness, indigestion, and sick headache, and adapted to any climate.

A Pleasant Herb Drink.

The best cure we know of for constipation and headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs, and is made for use by pouring boiling water onto the dried roots and herbs It is remarkably efficacious in all blood disorders, and is now the sovereign remedy for ladies in clearing up the complexion. Druggists sell the package at 50c and $1 dw

The Worst Form.

DEAR SIRS,—About three years ago I was troubled with dyspepsia in its worst form, neither food nor medicine would stay on my stomach, and it seemed impossible to get relief. Finally I took one bottle of B B B. and one Box of Burdock Pills, and they cured me completely.

The Four Cardinal Points.

The four cardidal points of health are the stomach, liver, bowels and blood. Wrong action in any of these produces disease. Burdock Blood Bitters acts upon the four cardinal points of health at one and the same time, to regulate, strengthen and purify, thus preserving health and removing disease.

The Children's Friend.

GENTLEMEN,—Last summer our children were very bad with summer complaint, and the only remedy that did them any good was Dr. Fowler's Extract of Wild Strawberry. We used twelve bottles during the warm weather and would not be without it at five times the cost.

Across the Continent

Wm. Renwick, M.D., M.R.C.S., of Victoria, B.C., writes: I have used Miller's Emulsion of Cod Liver Oil in cases of indigent patients with the most gratifying results. It does not upset the stomach, is easily assimilated and possesses undoubted power in rebuilding weakened constitutions, where the ordinary form of administering Cod Liver Oil is not admissable. For the future, whenever I have occasion to prescribe any preparation of Cod Liver Oil, I will give Miller's Emulsion the preference, being perfectly satisfied with its therapeutic efficacy. THE RADICALS NOT IN IT.

A CABINET COMPOSED OF LIBERALS ONLY

Mr. Labouchere Not Chosen Because Mr. Gladstone Does Not Like Him—Houghton's Appointment, Though Surprising, Does Not Meet With Opposition, as He is Rich and Hospitable.

LONDON, Aug. 18.—The Irish Viceroyalty is the only appointment in Gladstone's Cabinet over which any difficulty arose.

It was intimated to him by the Irish party, when Lord Brassey's appointment to that post was announced, that Lord Aberdeen or Lord Carrington would be a preferable appointment.

Brassey was on the fence for a time, when Gladstone produced his Home Rule Bill in 1886, and is not regarded by the Irish party as being a strong man in any sense.

Gladstone immediately bowed to the view of the Irish party, and, as Lord Carrington was otherwise provided for, he appointed Lord Houghton, the son of the late Monckton Milnes, the poet, first Lord Houghton.

Lord Houghton is the youngest Viceroy Ireland has ever had, being 34 years of age. He is tall, handsome, popular, of literary tastes, and holds strong radical views.

Lord Aberdeen could not take the office because of the large outlay entailed.

The appointment of Lord Houghton is received with mixed feelings in Ireland, but it is better liked than that of Lord Brassey.

Report says that Mr. Bryce may yet come in as First Commissioner of Works, with a seat in the Cabinet, but this is only likely to happen if Mr. Gladstone finds the storm of Radical indignation overpowering.

The official list, when scanned at the National Liberal Club, awoke vehement protests. A prediction followed that such a Government could not last three months after Parliament resumed business.

Mr. Gladstone's three new Cabinet Ministers, Messrs. Asquith, Arnold Morley and Acland, are sound Liberals. Mr. Asquith alone is slightly tainted with Radicalism, but he has a legal mind, with such a strong bias towards his high office as makes him malleable on principles. Arnold Morley is in everything Gladstonian. Mr. Acland has potent old Whig family connections and is heir to large estates.

Fortunate ministerialists explain that the name of Labouchere was on the list which Mr. Gladstone presented to the Queen, but that Her Majesty being irreconcilable Mr. Gladstone was forced to omit the name.

Mr. Labouchere's friends refuse to credit this statement, and point to the omission of other Radicals as proving the hollowness of the excuse The open truth is that Mr. Gladstone detests Mr. Labouchere, and the latter heartily reciprocates.

Nothing in Mr. Labouchere's political life is likely to cause him so much rejoicing as leading a schism destroying the Gladstone Government. He will have ample opportunity for this in the coming session, when the irate Radicals refuse to gratify Mr. Gladstone's passion for Home Rule before everything.

Baron Houghton has been from early life a protege of Mr. Gladstone. He has published a volume of verses. He now has ample means to fulfil the traditional hospitalities of the viceregal office, his estate in Yorkshire having in recent years returned him a large income from newly-discovered coal and iron mines.

Instead of the appointment being, as is gossiped in clubs, due to Mr. Gladstone's desire to give his protege a post worth £200,000 yearly, Baron Houghton is able and is likely to spend much beyond his whole official income in lavish entertainments.

Robert Offley Ashburton Milnes, second Baron Houghton, was born in 1858, was educated at Harrow and at Trinity College, Cambridge. He was a Lord in Waiting to Her Majesty in 1856. In 1880 he married Sibyl Marcia, who died in 1887, daughter of Sir Frederick Ulric Graham, Bart., by whom he has one son and three daughters. His country seat is Fryston Hall, Ferry Bridge, Yorkshire.

The Crowd Cries "Bravo."

LONDON, Aug. 17.—Mr. Gladstone, who Monday visited the Queen at Osborne House, returned to London yesterday. He is in excellent health. The enthusiasm manifested yesterday at various points along the route of Mr. Gladstone's journey was repeated to-day. Everywhere, particularly at Southampton and the Waterloo Station, he was surrounded by a good-natured crowd, who heartily cheered him and then greeted him with cries of "Bravo William," "Drop it into them, old man," etc.

CARTER'S LITTLE LIVER PILLS.

CURE
Cure Headache and relieve all the ills that result to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing
SICK
Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured
HEAD
Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick
ACHE
is the bane of so many lives that here is where we make our great boast. Our pills cure it while our are do not.
CARTER'S LITTLE LIVER PILLS are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them. In vials at 25 cents; five for $1. Sold everywhere, or sent by mail.

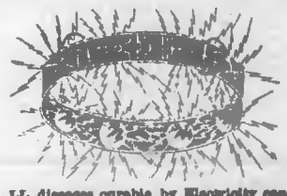
Self Application of Electricity
FOR MEDICAL PURPOSES BY THE
DORENWEND ELECTRIC BELT
And Attachments.
HEAD OFFICE—168 Yonge St., Toronto

THE WORLD'S BEST.



ALL diseases curable by Electricity can be treated at home by the Dorenwend Appliance. The Dorenwend is the only legitimate Electric Belt made which fulfils the requirements of Electro-medical science. It is a complete BODY BATTERY. It has an independent Battery, which generates a mild, continuous current of Electricity (without shocks) and can be regulated to suit the strongest man or the weakest child. It is a CURRENT of QUANTITY, not merely a sensation current, and the quantity current is the greatest curative. It is a successful treatment for INDIGESTION, RHEUMATISM, NEURALGIA, SCIATICA, LUMBAGO, LIVER AND KIDNEY TROUBLES, WEAK BACK, SPINAL DISEASE, HEART DISEASE, NERVOUS DEBILITY, PARALYSIS, VERTIGO, FEMALE COMPLAINTS, IMPOTENCE, SEXUAL DEBILITY and all diseases of the Nervous and Muscular Systems.

Remember that the DORENWEND BELT is the very latest invention in this line, and was invented by a competent electrician, and ranks as the best in the world; we defy anyone to bring proof to the contrary.

Do not class this Belt with the humbug combinations of leather and resin with which the country is being flooded. If you wish to experiment with cheap articles, buy them, but if you want to procure a genuine Electric Belt and one that will be a benefit get a Dorenwend Belt.

Send name and address for Illustrated Book on Home Electro-medical treatment and mention this paper. J. D. TULLY, Agent, Peterborough. dw

GLADSTONE'S HARD JOB

HE IS MEETING WITH TROUBLE IN HIS OWN PARTY.

The Scotch Said to be Displeased and Mr. Labouchere Ditto—The Irish Will Insist That Home Rule be the First Measure for Action and as Soon as Possible.

MONTREAL, Aug. 19.—For some weeks past many rumors have been current as to the state of health of Sir John Caldwell Abbott. Some of them have been of a most alarmist character, and these received some sort of confirmation from the calling of last Saturday's Cabinet Council in this city. Moreover, his appearance was not such as to give the idea that he was robust for his years. He did not appear to have fully recovered from the sudden attack of illness with which he was seized at Ottawa some ten or twelve days since. It was then given out by the ministerial papers that his faintness was due to overwork, while as a matter of fact Sir John had only just returned from a fortnight's fishing trip on the Lower St. Lawrence and he had only spent some four hours in his office.

If this is not sufficient to confirm the stories of the Premier's ill-health, they may be put down as substantially true when taken in connection with the fact that Sir John will early next week leave on a tour to the Pacific coast. He will go in the private car of President Van Horne, which has been placed at his disposal, and he will thus travel in the utmost comfort.

The trip will, however, have more significance than a mere jaunt for the benefit of the Premier's health, for it is currently reported that his visit to the coast is to be taken at the request of the Imperial Government that a report upon the condition of the Esquimalt fortifications may be made by some minister of eminence.

MANITOBA'S CROPS.

They Will Exceed That of Last and Several Previous Years.

WINNIPEG, Aug. 19. — The Canadian Pacific Telegraph Company received reports on the commencement of harvesting in Manitoba and the Northwest. While the growth of the straw is not so enormous as that of last year, the quality of the grain is excellent and the quantity of No. 1 hard will greatly exceed that of last and several previous years. All reports state that not the slightest damage has been done by hail or frost, and total expected yield is very good, that of wheat being estimated at 20 to 40 bushels per acre. Oats from 40 to 60 and barley from 30 to 40. A good start has been made in harvesting In some localities it commenced last week, and this week it is general except in the most northerly districts, where it will be ready for next week. A very short continuance of the present favorable weather will ensure vast quantities of the very best wheat and a crop that will astonish skeptics in the East. Farmers all over the country are delighted with the bright prospect and those who are now harvesting their first crop in this country are enthusiastic.

The good effects of the magnificent crops are being felt in business and money is reported easier in Winnipeg and elsewhere now than it has been for several years.

THE BORDEN TRAGEDY.

A Man Accuses Himself as the Murderer.

FALL RIVER, Mass, Aug. 19.—Charles H. Peckham of Central Village, Westport, Mass., walked into the Central Police station yesterday and said to Assistant Marshal Fleet: "Well, Mr. Marshal, I killed Mr. and Mrs. Andrew J. Borden, and I have come from home to give myself up. I went over the back fence and through the rear door of the Borden house two weeks ago to-day and killed both of these people out of pure love for blood. I went out of the rear door and over the back fence and walked over the New Bedford road home. I'm the murderer and I want to be locked up." The marshal took the man to the cell room and searched him. He found a pocket-book with a few recipes in it and also unearthed some official communications from the Russian bureau at Washington.

Peckham is 62 years of age, about five feet eight inches tall, and has a thin gray beard. He says he leases a farm from Edmund Davis. The police have started to hunt up his relatives and friends.

THE WAR ON CONVICT CAMPS.

The Miners and the Soldiery Have an Encounter.

KNOXVILLE, Aug. 19.—Yesterday afternoon the court house bell rang the riot call. The excitement is intense. At 2 o'clock yesterday the wires were cut at Coal Creek and newspaper men and railroad men knew that the last step was about to be taken, and shortly thereafter The Journal received a bulletin that an attack had been made on Camp Anderson, and from news now obtainable that attack must have been a fester as no casualties were reported. In a short time another attack was made and then a third. In the last the Gatling guns were brought to bear upon the miners with deadly effect and many were killed and wounded.

At 6 o'clock last evening the alarming news was brought in that Capt. Anderson had been captured and was held a prisoner with a guard to prevent a hotheaded mob hanging him. The details of the reported capture are not yet known, but it is said that it to some extent disheartened the militia. They are, however, fighting with desperation, as they know that capture will be followed by the death of all at the hands of the infuriated mob. Reinforcements are hurrying forward, but they are few in number, though brave fighters. At 8 p.m. Gen. Carnes and the West Tennessee troops have not yet arrived and it is feared that that little band that left Knoxville this afternoon will be butchered before help can reach it.

JENNIE TABOR CONFESSES.

She Lied a False Information Against Her Lover.

HUDSON, Mich., Aug. 19.—Jennie Tabor, the young woman dynamiter, who tried to blow up her brother and sister to obtain their money, and who is an admitted burglar, made a final confession this morning to the sheriff. When the girl was accused of burglary she declared that her lover, Charles Meyers, had forced her at the point of a revolver to go to a neighbor's house and rob them. On her word Meyers was arrested and locked up, although he strongly asserted his innocence. To day the sheriff went to Jennie's home with a search warrant. She led him to her bedroom and revealed many of the articles sought. Then she admitted that in implicating Meyers she had lied. He will be released at once. She also admitted that some of the money stolen was used to buy the dynamite to blow up her brother and sister, and that Meyers knew nothing of that scheme.

Fire at Ridgetown.

RIDGETOWN, Aug. 19.—At 12 o'clock last night fire started in the rear of Long's large drygoods store in the Livingstone block. By the energetic work of the fire brigade it was quickly subdued, but not before Mr. Long's large stock was completely ruined by fire, smoke and water. P. Bawden's stock of drugs next door to Long's was badly damaged by water and smoke. J. W. Coyne's dental parlors above Long's store and lodge rooms in third flat were also badly damaged. Long's loss will be heavy, as will Mr. Bawden's. Insurance unknown at present.

The Scott Act Sustained.

DANVILLE, Que., Aug. 19.—Voting for the repeal of the Scott Act in Drummond county took place yesterday. Following are the results so far as heard from: Drummondville, St. Germain, St. Cyrille, West and East Wyckham and St. Guilhaume, six pools, give 676 majority against the act, Ulverton, French Village, Kingsey Falls, three polls, give 241 mafority for the act, making as far as heard from 435 majority against the repeal of the Scott Act.

GRAFTON & CO.

Behold, Coming Events Cast Their Shadows Before Them!

The most astonishing event in the store of Grafton & Co. is the wonderful low prices they are clearing out the balance of their Summer Clothing at. We said a few weeks ago that the balance of our Summer Clothing would have to go if prices would do it. Well, that is just what is doing it. A few weeks more it will find our store filled with the finest and best assorted stock of Ready-Made Clothing ever displayed in the Town of Peterborough. This Clothing is all hand cut by the best and most stylish cutters that the country can produce, but this is not all; it has the right workmanship on it. Our Clothing is not stuck together to sell—we study our own interests and the interests of the public. We always give customers good goods for little money, and, when we turn the goods out we know that the buyer will come back again.

Now do you want to get a summer suit to wind up the season with and lay it away for another season. It will pay you to buy now. See our special $7.95 Suit. It will wear a lifetime, providing you don't live too long and wear the suit too often. Just think, we are selling Boys' Suits at 99c, $1.30, $1.50 $1.75, $1.95, $2; Youths' Suits at $2.75, $3.25, $3.50, $3.90, $4.25 and up. See them. Men's Suits at $2.50, $3.25, $3.95, $4.50, $5, $5.75, $6.50, $7, $7.50, $8.50 and $10. See our 50c. Overalls; with these we down them all. Small dealers flock from all parts of the country to buy them by the dozen. They all tax their brains beyond measure to find out how we get them up so cheap; but we do it nevertheless. Don't fail to see our 75c. and $1 Cottonade Pants. They are dandies and everybody says so. We cannot manufacture them fast enough to supply the demand for them. Call and have a look through our store.

SWITCHMEN STILL OUT.

THE COMPANIES CLAIM TO HAVE PLENTY OF MEN.

The Strikers Say That the Men Will Not Work When the Time Comes and That the Companies Are Deceived—To-Day Will Test the Dispute Either One Way or the Other.

BUFFALO, N.Y., Aug. 20.—Unless new complications are developed before morning in the switchmen's strike, which closes its first week with midnight last night, the public may fairly measure the accuracy of the statements made by the affected companies of the movement of freight, which shall be accomplished to-day. Each of the companies has definitely stated and repeated that they had at hand enough men to replace all the strikers and to handle all their freight if protection should be assured to the new switchmen.

The 4th Brigade of 2000 men was placed on duty, but the railroad officials held that 2000 men were not sufficient to protect their new employes in the movement of traffic on the 600 miles of yard tracks which lie within this city and vicinity. Hence 5000 more troops were ordered and are here. Their assignment to duty at all points where the tied-up companies feel there might be danger has been going forward to-day. Last night every command has been placed. Every militia man will be picketed in the morning and under these conditions, which meet all the demands of the roads, their officials must to-morrow be held to practical demonstration that their reiterated claims of abundant help have been well founded.

Careful enquiry through the strike districts has demonstrated beyond reasonable doubt to Associated Press correspondents that the companies have at hand the men they have claimed. During the afternoon and night there have, to be sure, been circulating rumors and statements from the men who are out in effect that many of the men being held in readiness by the companies are now being restrained of their liberty. An accompanying statement from the same sources is that the men were employed in the east to work on western roads and they did not know until their arrival here that their service here was to be on the tied up roads.

In the Central yards personal observation of the men who are waiting leads to conclusions opposed to the strikers. The statements that the new men are restrained of their liberty, the Lake Shore road—one of the Central's western feeders—has enough men in its yards last night to man the usual number of switching engines. They arrived Thursday night and will undoubtedly be put at work in the morning. The Erie yesterday moved five trains with ten switching crews, and have in quarters more than the number of men formerly employed in sending out the Erie's daily quota of 20 trains east bound. The Central Road is last night moving freight in its yards for the first time since the strike began. The Lehigh road has in one of its round houses men sufficient, the officials assert, to move its traffic under protection dan the Nickle Plate, the last road tied up, is possibly the only one of these affected which may not have secured new help. To-day will be the test day. The claims of the companies will be verified on the assertions of the strikers will be proven true. If the roads are not absolutely crippled the volume of traffic moved to-day must prove that fact. Then it becomes only a question how long the militia shall be maintained in the yards; or how soon the strikers concede their course to be hopeless.

THE G.T.R. AFFECTED.

They Have Refused to Handle Freight For Tied-Up Roads.

BUFFALO, Aug. 20.—Mutterings have been heard all day among the Grand Trunk switchmen who crossed the International bridge with trains of freight for eastern connections. Most of the men are Canadians and all of them live at Fort Erie or Victoria on the Canadian side, or at Amogaria, one mile in the interior, where the yards and round houses of the company are located.

An incident occurred early this morning that serves to shew the temper of the Grand Trunk switchmen. A New York Central engine with a crew of non-union men was attempting to move a train of live stock from Black Rock to East Buffalo. The movement was quickly noticed by the switchmen in the Lackawanna yard, and the news spread like wildfire all over Black Rock. It was at the time when the shop employes were on their way to work, and almost instantly men began to mass at the Amherst-street crossing. The green switchmen on the stock train became excited and the train was obliged to stop on the crossing while a clumsy novice was attempting to turn a switch to let it pass on the east bound track. Just as the wheels began to move a lusty Grand Trunk switchman rushed out of the throng and turning to one of the Erie strikers asked in an excited voice: "Shall I cut her for them, Pat?"

The crowd cheered and cried, "Go on, go, pull the pins, cut her in a dozen places."

But the striker slowly advanced and shook his head. Placing one hand on the Canadian's shoulder and pointing significantly across the river to where the smoke of a dozen engines raised the Amagara yards, he said: "no Jack, not here. there is no place for you to work. See that you do it when the time comes. 150 cars of Erie freight are standing in the Grand Trunk yards at Victoria and Amagara. The company received them, but the switchmen refused point blank to handle one of them. In marked contrast with usual arbitratary description of the great Canadian system the refusal was received by the officials in silence and no attempt was made to force the switchmen to handle the freight. The significance of this action on the part of the Trunk men cannot be ever estimated, as it shows that they are thoroughly organized and in accord with the American Federation. They seem to have no hesitancy in forcing an issue and there can be little doubt that they are ready to meet it at a moment's warning. The property interests of the Grand Trunk and Michigan Central at Victoria and Amagara are very large. The former corporation owns a large ice-house, where cars of fresh meat are reiced. Should the acts of violence that characterized the outbreak of the strike on the Lehigh and Erie at East Buffalo be repeated in the Canadian yards great destruction of property would follow, as there is no means whatever of coping with the fire.

It is by no means improbable that within a few days the waters of the Niagara River at this point may reflect the red coats of the Canadian Grenadiers on one side and the blue uniforms of the New York State Guards on the other.

How Toronto Railroads Feel.

All day yesterday there was a good deal of excitement in Grand Trunk circles over the report that employes would be required to move cars from Buffalo in place of the men who are now on strike there.

Last night a reporter of The World visited the Esplanade and had a quiet chat with two or three of the trainmen there. Said number one, "The Grand Trunk is no fool and is not likely to precipitate trouble by taking part in a funeral in which they have no interests. We were all notified to-day that Mr. Arthur of the Brotherhood of Locomotive Engineers had gone over there to see what could be done. Personally I do not think he can have much influence. But we all know him and have confidence in him and whatever he may say will carry weight with it."

Another railroader, a man who has been 25 years in the service, said: "There have been all sorts of yarns flying round, but I take no stock in any of them. The Grand Trunk knows too much to muddle with what don't belong to it and I don't think it will. But see here, if it were foolish enough to go into this thing it would be making a terrible mistaken. We all sympathize with the Buffalo boys and no action of ours shall in any way put them to extra trouble or difficulty. They are railroaders and so are we, and no one knows it better than the Grand Trunk. Fair play is bonny play, and we propose to have bonny play at all costs.

A Big Bill for Erie County.

BUFFALO, Aug. 20.—Erie county is now largely interested in the railroad strike, being called upon to foot a bill of nearly $20,000 a day to protect the property of the railroads. It is estimated that in all 8000 of the National Guard have been called to Buffalo at an average expense of about $2.50 per day per capita. In addition we may have to pay damages for property destroyed and for the deportation of workmen who profess to have been lured here by false representation.

The men are angry at the action of the state and county in calling out so many troops and incurring, so they say, a needless expense to benefit one of the parties—and that the richer of the two—without compelling them to submit the questions in dispute to arbitration.

The massing here of the troops for the protection of the railroad property and its imported non-union workmen is the trump card played by the roads. They say they can soon end the strike if they have all the protection they need.

Vice-President Webb Sanguine.

BUFFALO, Aug. 20. — Vice-President Webb of the New York Central thinks the backbone of the strike is broken. His men, of course, are not of his opinion, and there is ample room for a diversity of views. The men say the battle is as yet beginning, and that it will include firemen, trainmen, engineers and conductors, as necessity may require, until victory is won. The switchmen profess to be able to hold out for a month or two at least, while the companies say: "We can stand it if they can." From a union standpoint the present strike differs from that of two years ago in that it has been regularly called and sanctioned by the grand master. This strike will be a duel to the death between organized labor and its sworn foes.

The Union's View.

CHICAGO, Aug. 20.—Grand Secretary Simsrot of the switchmen's union said last night: "As long as the situation in Buffalo remains in its present shape there will be no general strike ordered along the entire lines of the affected roads. Even in case the companies should succeed in raising the blockade at Buffalo with non-union men no strike will be ordered in Chicago until it is decided upon at a mass meeting of all the local unions. From present indications I am inclined to think there will be no necessity for such a move, as I think the railroad companies see that the spirit manifested by other organizations of railroad employes is in favor of the strikers, and that the companies will make the concessions asked before they will precipitate a general strike of all the organizations."

Referring in this connection to the concessions asked of the railway companies Mr. Simsrot said: "Anyone would naturally think to read the interviews with the officials of the railroads that the switchmen were making demands which, if conceded, would wreck their companies. Nothing, however, is further from the truth. The switchmen are asking 27 cents per hour as a maximum rate of wages and that for men who work at night. The day men are only asking 26 cents per hour. Now a comparison of these wages with those received by almost any class of skilled mechanics will, I think, demonstrate the justice of such demands."

The distribution of the grand officers of the organization indicates that arrangements are being made for a long and determined fight. Vice-Grand Master Downey has taken up quarters in New York city, and Mills W. Barrett, grand organizer, has been ordered to Cleveland to prepare for the expected battle there.

CANAL TOLLS

This and the Subject of the Premier's Health Cause Discussion.

OTTAWA, Aug. 20.—The question of the canal tolls continues to be discussed in political circles with about as much vigor as before the Government arrived at its decision in regard to rebates. The majority of the ministers are credited with being of the opinion that the United States will still put in force their retaliatory act, notwithstanding the offer made by the Dominion Government. Should this be done, there may be a fall session of the Dominion Parliament.

The health of Premier Abbott is also exciting considerable apprehension among his colleagues and followers, and it is said that he is very much worse than is generally known.

It is understood that he will take a trip down the St. Lawrence in his yacht for the benefit of his health.

Struck by a Train and Killed.

BARRIE, Ont., Aug. 20.—Mr. James McKee, agent of the Singer Sewing Machine Company here, was struck by the mail train from Toronto while driving across the Tollendale crossing, about a mile south of Allendale, yesterday. He was brought to Barrie, but died shortly after the arrival of the train. His horse was killed instantly.

OLD ENGLAND DECLINES

TO DISCUSS ANY CHANGE OF MONETARY SYSTEM.

The International Conference Will Be Held, But the British Representatives Will Be Instructed to Decline to Discuss a Silver Standard.

LONDON, Aug. 20.—The Associated Press has high authority to state that the new Government will not interfere with the completed arrangements for the International Monetary Conference. No powers were vested in the delegates appointed by the Conservative Government to assent to anything that might be proposed at the conference without prior consultation with the treasury. The instructions given the delegates are exactly similar to those given the British delegates to the Paris conference in 1881.

They are charged to decline to discuss any proposals entailing an alteration of the monetary system of England, but they are authorized to consider proposals whereby India might join an influential league of states for fixing the ratio of silver. In official circles here the question is asked whether these instructions are likely to lead to any such practical results as will induce the United States Government to proceed with the conference.

Sir William Vernon Harcourt, the new Chancellor of the Exchequer, does not interest himself in the matter, and if the Washington authorities want to enlarge the basis open to the British delegates for discussion they ought to try to influence Mr. Gladstone, who has an open mind on the subject somewhat modified by views formed since 1881.

TO ROB HOTEL GUESTS.

Scheme of a Gang of Bell Boys Who Recently Went to New York.

NEW YORK, Aug. 20.—Ward Detectives Carey and Dourigan of the Mercer street station think they have discovered a scheme on the part of a gang of Western hotel boys to plunder guests of New York hostleries.

One alleged member of the gang, John Davis, has been arrested on suspicion of complicity in a $250 robbery at the New York Hotel, Broadway and Washington-place.

Davis, who is 18 years old, came to this city from St. Louis two months ago with five companions about his age. All had been bell boys in western hotels. Davis, the police say, admits that they came here to plunder hotels.

The plan, as the detectives tell it, was for some of the boys to get positions in hotels here and leave the doors of guests' rooms open, so the others might enter and plunder them.

Davis was the first to get a position at the New York Hotel. Two of his companions, the police say, hung around the place and Friday afternoon, when he was sent to the room of Major John Menger, a lawyer from Halifax, N.S., he left the door open. The room was stripped of the Major's wardrobe, jewelry and papers, the value of which was about $250.

When the detectives were notified of the robbery on Saturday they found that Davis had been discharged for drunkenness, and Monday afternoon, when they found him asleep in Madison-square Park, they arrested him. A handkerchief belonging to Major Menger, the police say, was found on him, whereupon he told of his scheme.

Davis said his companions were in a furnished room at No. 410 East Twentieth-street, kept by Mrs. Barnett, and that most of the stolen goods had been pawned at Stone's in Third-avenue, near Twenty-third-street. About $175 worth of plunder was recovered at the latter place, the police say.

When the detectives arrived at the room mentioned by Davis they found that the youths had gone with $100 worth of Mrs. Barnett's property.

Davis was remanded in Jefferson Market Police Court yesterday and also on Tuesday.

A FORGER SENT BACK.

Goldschmidt Handed Over to the American Authorities.

MONTREAL, Aug. 20.—Carl Goldschmidt, the Brooklyn-New York forger, who was arrested by the Canadian Secret Service officers at the demand of the United States Secretary of State, will leave here for New York in charge of a Deputy United States Marshal. Ward was received yesterday by Mr. C. Doucet, deputy clerk of the crown, from Quebec that the Dominion Government had decided to surrender him at once. This is the first case where the United States Government has had a prisoner arrested in Canada by Canadian officers, and afterwards were represented at the extradition proceedings by the United States Consul General here. Before this the different state officers have always handled their own cases with the assistance of local consuls.

Mrs. Maybrick to Be Released.

LONDON, Aug. 20.—It is expected that Mrs. Maybrick will soon be released from prison. It is understood that both Sir Charles Russell, the new Attorney-General, and Mr. Asquith, the Home Secretary, are in favor of her release.

Thirty Cases of Sunstroke in Paris.

PARIS, Aug. 20.—The military manœuvres at Lyon had to be suspended on account of the heat. The troops returned to the garrison by 8 o'clock? Thirty cases of sunstroke are reported.

Mulay-Hassan's Chief Eunuch.

LONDON, Aug. 20.—A letter from Fez reports that the Sultan's chief eunuch, Bubilai, recently killed a little negro slave by slowly pouring boiling water over the child'd head. This child is the fifth slave murdered in this way.

Although the Moors are accustomed to cruelty; an appeal was made to the Sultan to punish Bubilai, but the Sultan declined to do so on account of the high market value of the eunuch.

Losses in the Ridgetown Fire.

RIDGETOWN, Ont., Aug. 20.—The losses in last night's fire are about as follows: A. Long, dry goods, $15,000, insurance, $10,000, distributed as follows: Fire Insurance Association, $4000; Lancashire, $2000; Queen's of Canada, $4000; Peter Bawden, druggist, loss small from smoke and water, covered by insurance in Lancashire; Bell Organ Company, loss from smoke from $100 to $200, covered by insurance in Perth Mutual. John M. Keasey's loss to building will approximate $1500, covered by insurance in Perth Mutual and Economical Mutual of Berlin. The losses of the upstairs tenants is trifling so far as can be learned.

A Crowning Christian Alliance Meeting.

The "Old Orchard Sea Shell," a journal published at Old Orchard, Maine, has an elaborate report of an Alliance meeting held in the interest of the Missio cause, it says:—

Simpson's meetings last year were wonderful enough, but they are not to be compared with those which he has just closed at the campground. Vast crowds have been in attendance, sensational features introduced, wild enthusiasm and excitement aroused and one of the largest, if not the largest, collection taken that is known to missionary annals. This brilliant and inspired leader has a wonderful power over his hearers and Sunday gave the best exposition of this power that Old Orchard has ever known. The convention closes at noon to-day.

Saturday the subject before the convention was the evangelization of the world. The early morning prayer meeting was held as usual and at 8 30 there was a Bible school with lectures by Rev. Dr. Caspell, Rev. F. W. Farr and Rev. A. B. Simpson, who delivered an able address filled to overflowing with missionary statistics.

The afternoon and evening meetings were held in the grove and attended by thousands. They were meetings of power. Missionary addresses were delivered in the afternoon by Rev. M. B. Fuller, of India, Miss Crosby, of the South Sea Islands, Miss Langley, of Hayti and Miss L. Shepard.

At seven in the evening was held the young ladies meeting and also the ministers' meeting. A young Men's Christian Alliance League of over fifty members was formed.

The addresses of the evening were by Rev. Dr. Wilson, Mrs. Whittemore and Mrs. Baker, and were all upon missionary topics, ably handled.

Sunday opened with beautiful weather and everything favorable for the great meetings by the convention. The fellowship and praise meeting at 9 was led by Rev. F. W. Farr.

The great meeting of the day and week began at 10 o'clock Sunday forenoon. For three quarters of an hour readings of the scriptures, praying and singing was the programme. Fully 6000 people were in the great shaded auditorium. The stand was filled with the leaders and chief workers of the convention. Mr. Simpson, the great general of the Christian Alliance, stood at the front and led the opening exercises. Rev. Dr. Mallory read the lesson and Rev. Stephen Merritt, of New York, opened the prayer service.

After the large and enthusiastic service of singing was over, Dr. Simpson began to speak, and the great audience grew oppressively still. He said after a few opening words: In the 13th and 18th chapters of Joshua my lesson will be found. "There remaineth yet much land to be possessed" and "How long are ye slack to go to possess the land which the Lord God of your fathers has given you." He went on to show that in the various countries of the world there were only 15 millions out of 1 500 millions who were true Christians, and forcibly fixed the responsibilities of Christians as "trustees of the Gospel." There were gray hairs in the souls of those who did not care about the salvation of souls. To be missionaries was the great business of the Christians' life. The speaker did not object to building churches, but he said it was wrong to spend as much money in building a spire as to evangelize a province. After further insisting on the duty of advancing the missionary cause and mentioning the various hindrances, the speaker closed his impressive address, and the report adds: "The wonderful power of the speaker swayed the vast audience as a branch is swayed by the wind and a pin could be heard drop as he closed."

The annual missionary offering was taken and the result was that $60 000 was pledged, double the contributions for similar purposes at a similar meeting last year—enough to send out 240 missionaries.

After the afternoon meetings were over, a baptismal ceremony took place when 48 persons were baptized.

A most estimable lady almost destroyed until Dr. Butler's Golden Pills came to the rescue. After their use for a short time she was able to resume her duties, after suffering untold misery from nervous prostration and the ills that attend that most distressing disease. These, if not checked in time, lead to insanity and death. Golden Pills are guaranteed to cure all nervous and blood diseases.

Diarrhœa and Vomiting.

GENTLEMEN,—About five weeks ago I was taken with a very severe attack of diarrhœa and vomiting. The pain was almost unbearable and I thought I could not live till morning, but after I had taken the third dose of Fowler's Wild Strawberry the vomiting ceased, and after the sixth dose the diarrhœa stopped, and I have not had the least symptom of it since.

The Twine Combine.

Every effort is being made to conceal the facts concerning the attempts being made by the binder twine combine to prevent the Ontario Government undertaking the manufacture of twine in the Central prison. The combine managed to get a scratched deputation together to interview the Local Government on the proposal, but the result of the interview was to strengthen the determination of the Government to make the experiment. In the meantime a representative of the combine is visiting the local trade societies to try and work up opposition to the scheme, but the workmen seem very unwilling to do anything to assist the combine.

Law Observing Sportsmen.

Deer Turning as Tame as Pet Lambs.

Peterborough county is to be congratulated upon the law abiding sportsmen to be found in its limits. The deer are becoming as tame as pet lambs. The farm yard of Mr. John Lang, ex-M.P., Lot 27, 6th concession, Ohmabee, East Peterborough, about 7 miles from town, was visited the other day by an excursive deer, and very frequently deer are noticed coming down a "run-way" at Buckhorn, within 300 yards of mine host, Eastwood's hotel. The dogs are tied up and sportsmen are too intent on big muskinonge to pay any attention to small game like deer.

A Costly Mistake.

A young man named Detlor, of Napanee, who had spent the past two weeks at Sturgeon Point Hotel in company with a friend named Staunton, got himself into an unpleasant predicament by the method he adopted to settle his bill. When leaving last week for Chemong Park he handed Mr. Fitzgerald a cheque on the Merchant's Bank, Napanee, which was returned through a Lindsay bank with the memo. "No account here." To protect himself, Mr. Fitzgerald placed the matter in the hands of constable Blewett, Bobcaygeon, who found Mr. Detlor at Chemong hotel and brought him to Lindsay on Monday. After being examined by magistrate Deacon the case was adjourned until Tuesday, bail being accepted. During the course of the day the necessary funds were secured and paid over by Mr. Detlor and the case was allowed to drop. The whole trouble, Mr. D. explained, was the result of his forgetfulness in drawing upon the wrong branch.

An Editorial Bear Story.

The editor of the Campbellford *Herald*, who has been holidaying in the north county was loaded with bear by the settlers in the following manner:—"Perhaps the biggest bear ever captured in Peterborough county or elsewhere in many years, was killed in May last, near the Oak Lake settlement, township of Methuen, about four miles from the spot where the editor of this paper is now camping. Mr. Samuel Bice and Mr. Wesley Dalmage, residents of that locality, set a gun loaded with ball and buckshot, with the muzzle pointing towards the carcase of a horse that died at a lumber shanty near by, and awaited the result. Some days afterwards they found a huge bear lying dead a few yards away. The contents of both barrels entered its back, the animal having evidently taken aim at the string which was attached to the gun, in its effort to carry off the several hundred pounds of bait. It measured 7 feet 3 inches from the nose to the tail, and its paw was as long as a man's hand, and six inches in width. After removing the hide, the united efforts of the two men was only sufficient in moving the carcase a couple of feet at a pull. They took the hide to Coe Hill and sold it for $20 00 In its fattened condition in the fall, it is estimated that the monster would have weighed 700 or 800 pounds. Its skull may be seen at this office after the 1st of September.

Walking Blindfolded.

The difficulty of walking to any given point blindfolded can only be conceived by those who have made the experiment. After wandering about in every possible direction, now east, now west, at one time forward, at another time backward, working for a while at the zig-zag, then shooting out like an arrow from a bow, and not unfrequently describing a complete circle like a miller's horse, the party is generally a thousand times more likely to end his travels at the spot from which he set out, than at the spot to which he wished to go.

Many estimable men and women, afflicted by suffering and disease, are, unfortunately for themselves and friends, walking blindfolded in their endeavours to obtain a cure. Some are blindfolded by old customs and opinions to which they cling tenaciously. Some are blindfolded by the false representations of quack nostrum vendors and manufacturers; while others are misled by improper medical treatment. Under these various systems of treatment, they walk on through life until hope is exhausted; and when they come to think seriously of matters they find themselves just where they started out—still suffering and enduring the pangs of disease.

Thank heaven, many of these blindfolded sufferers have had the mask of darkness torn from their eyes, and have had a flood of gladsome light revealed to them. Paine's Celery Compound, that conqueror of disease, has been found, after all other remedies failed. It raised men and women from the quicksands of danger and death, and restored their lives. Paine's Celery Compound cannot for a moment be named in the same category or class with the numerous patents of our times. It is as far removed from them as heaven is from earth. Paine's Celery Compound is synonymous with honesty, truth and worth; it cannot, it dare not deceive. Sufferer, the great remedy waits to cure you; it will surely do so if you use it.

Riots in Russia.

LONDON, Aug. 19.—A dispatch to The Times from St. Petersburg says: Serious riots have occurred in the small manufacturing town of Hughesofka on the sea of Azof, where thousands of hands are employed in extensive iron works, collieries and rolling mills of the new Russia Company founded by the late John Hughes. Many buildings have been destroyed and it is reported that several Cossacks have been killed. The Governor of Taganrog has started for the scene with troops, and reinforcements have also left Ekaterinoslad. It is thought that the riots are due to the cholera epidemic.

To Preserve

The richness, color, and beauty of the hair, the greatest care is necessary, much harm being done by the use of worthless dressings. To be sure of having a first-class article, ask your druggist or perfumer for Ayer's Hair Vigor. It is absolutely superior to any other preparation of the kind. It restores the original color and fullness to hair which has become thin, faded, or gray. It keeps the scalp cool, moist, and free from dandruff. It heals itching humors, prevents baldness, and imparts to

THE HAIR

a silken texture and lasting fragrance. No toilet can be considered complete without this most popular and elegant of all hair-dressings.

"My hair began turning gray and falling out when I was about 25 years of age. I have lately been using Ayer's Hair Vigor, and it is causing a new growth of hair of the natural color."—R. J. Lowry, Jones Prairie, Texas.

"Over a year ago I had a severe fever, and when I recovered, my hair began to fall out, and what little remained turned gray. I tried various remedies, but without success, till at last I began to

USE

Ayer's Hair Vigor, and now my hair is growing rapidly and is restored to its original color."—Mrs. Annie Collins, Dighton, Mass.

"I have used Ayer's Hair Vigor for nearly five years, and my hair is moist, glossy, and in an excellent state of preservation. I am forty years old, and have ridden the plains for twenty-five years."—Wm. Henry Ott, *alias* "Mustang Bill," Newcastle, Wyo.

To be Returned to Peterborough.

A despatch says that a man named Reuben Kelly from Peterborough, Ont., went with his wife and five children to Bay City, Mich., some months ago. Kelly, it is said, showed no disposition to work, and now the Michigan authorities, under the pauper immigration law, have sent the whole family back to Peterborough.

Sentenced During Her Absence.

To-day's *World* says:—An order was obtained yesterday by Mr. E. B. Stone, Peterborough, from Mr. Justice MacMahon for the release of Elizabeth Allen, the keeper of a disorderly house, who was sentenced by a magistrate in Peterborough on Dec. 5th last, to six months imprisonment with hard labor. It appeared by the affidavits put in that neither Mrs. Allen nor her counsel was present when sentence was pronounced, and on this ground the conviction was adjudged irregular, and Mrs. Allen is free again.

Speech From Hon. E. Blake.

At the close of his speech the Hon. Edward Blake said : "Never forget to go to Dan's picnic or his excursion." This year there will be the excursion from Dan's to Fenelon Falls on palace steamer "Crandella." Don't lose this opportunity for you may never again have the chance to see Fenelon Falls locks, which has a lift of 20 feet from the level of Sturgeon Lake waters up to Camel's Lake, and remember you will see wild camels all around the shores of Camel's Lake. The steamer "Crandella" will leave Bridgenorth wharf on Thursday, Sept. 8th at 7 30 o'clock, calling at Chemong at 8, Indian Village at 8.30, Oak Orchard 9 and Bobcaygeon at 9 45. Returning leaves Fenelon Falls at 2 30 o'clock after a stay of two hours.

The "Columbian's" First Excursion.

Yesterday the EXAMINER contained a brief description of the beautiful, staunch and trim passenger steamer, "Columbian," owned by W. McCamus & Co., which is to ply upon the Chemong, Bobcaygeon and Lindsay route. On Monday next the "Columbian" will run her first excursion from Chemong to Bobcaygeon and return. This is to be an unusually cheap trip, the excursion being primarily intended to introduce the steamer to the travelling public. The return fare from Peterborough to Bobcaygeon only 50c. Train leaves Peterborough at 8 20 and returns at 6 30. This will be a delightful trip as the Columbian is the swiftest and best equipped steamer on the inland waters, and the early arrival at Bobcaygeon admits of spending three hours time in Bobcaygeon, ample time for dinner and seeing the beauties of the village.

A Fight Between Giants.

Both desperate, both determined ! The King of Medicines in contest with the King of Maladies ! Dr. Pierce's Golden Medical Discovery against "Consumption !" It is not the contest of a day, but the first blows are the fatal blows. In its early stages, consumption (which is Lung-scrofula) will yield to this great remedy ! This has been proven beyond a doubt by innumerable successes. Acting directly upon the blood, its scope includes all scrofulous affections, Liver and Lung diseases. As a blood purifier and vitalizer, it stands unequalled.

Death in the Hospital.

James Burns, an old resident of Peterborough, died in the Nicholls hospital yesterday afternoon. Deceased, who died of consumption, lived on Smith street and was in the 68th year of age. He was respected by all who knew him. The funeral takes place to-morrow to Little Lake Cemetery. He leaves one son, John, who resides in Peterborough.

Council Committees.

The Finance Committee met last evening and for several hours discussed the expenditure of the town and its revenue. They finally completed the estimates for the year and struck the rate of taxation. Their report will be submitted to the council on Monday night and the rate made public. It is understood the rate of taxation is fixed at 16 mills on the $

Death of a Well Known Resident.

Mr. Henry Huddleston Thompson, who resides at 417 Dowale street, died on Thursday last. The funeral of the deceased, who was in his 75th year took place this afternoon to Little Lake Cemetery. Mr. Thompson, better known as Captain Thompson, was born in England and removed to Canada many years ago. He with his family lived on a farm near Harwood for some years but later removed to Peterborough. He was highly esteemed by all those who had the pleasure of knowing him. Deceased always lead a quiet life and was of a retiring disposition.

Mechanics' Institute New Books.

The number of new books that are continually added to the already large and well-stocked library of the Peterborough Mechanics Institute betokens that the institute is in a flourishing condition and that the number of books being read by the members is unusually large. This evidences an intelligent community. The following books have been added during the past few days:—For Light and Liberty, Hocking ; Stone, Bronze and Iron Age, Haute-Dewar ; Recalled to Life, Grant Allen; That Wild Wheel, E Trollop; Scientific American; Cyclopedia of Epitaphs; Downfall.

Belleville-Peterborough Baseball Game.

The *Ontario* in referring to the ball game between Belleville's "Maple Leafs" and the Peterborough baseball club on Thursday last says:—At the start the Leafs secured a good lead which they kept throughout the game. The local boys demonstrated their ability to hit by pounding McCabe steadily from start to finish although they were somewhat aided by the loose fielding of the Peterborough team. Bradford, pitcher, struck out twelve men and held the visitors down to a few scattered hits. McCabe, who is a one armed man, put up a strong game. The Leafs have arranged games with Cobourg, Kingston and Watertown and expect to hold their own with all three". The worse than rank decisions of the umpire, the rough field on which the game was played and the cutting of bases by the Belleville's are not taken into consideration by the *Ontario* as the causes of the Peterborough's defeat.

The Lucky Eleven.

XI Make a note of it ! "'There's luck in odd numbers,' says Rory O'More,'" and that's why the grand union excursion which makes "the charming circle of the lakes" on August 25th—but where do the odd numbers come in? Why, 11—odd collectively and in its individual units. The digits of the numbers of Cants Peterborough, No. 29, and Langton, 344, added together make 11, a symbol of the union and harmony of the two courts, which will make the union excursion on August 25th so brilliant a success. You leave the Grand Trunk station at 7 a.m., embark on the steamer Sunbeam and palace barge Paragon and make "the charming circle of the lakes," stopping for fishing, eating, and sight seeing at Buckhorn and Bailegh. Popular prices—80 cents adults; children half price. Talk the matter over. Now that all the commonplace excursions are over, come join the really first-class excursion,

An Improved New Bank Draft.

Mr. C. L. Benedict, of the local branch of the Montreal Bank has applied for a patent in both Canada and the United States on an entirely new and original form of a bank draft which he has invented. Mr. Benedict was in Toronto on Thursday and there submitted his productions to the managers of the leading banks and monetary institutions of that city, as well as to the publisher of the *Monetary Times*. They all praised his invention unstintingly and welcomed it as a revolution in the modes of accepting and protesting drafts. Every manager expressed a hope that Mr. Benedict's new form of draft would soon be adopted by all the banks in the Dominion. This new invention differs from the form of draft now in vogue in many ways and some radical but convenient and sound conversions have been made in its form. Among these are a blank space on the left side of the draft for the acceptance of it by the drawer. This is always left and at a glance it can be told whether the draft has been accepted or not and at what date. On the right side is a slip which is attached to the draft and on it are the list of reasons why the one on whom the draft is drawn does not accept. The messenger on learning the reason immediately marks the one of the said list given by the drawee for its non-acceptance. Only managers of banks and those directly connected with these institutions will be able to see and appreciate this addition. The list is detached as soon as the draft is accepted. The corner for the amount of the draft in dollars is also changed from the left to the right hand side for the sake of convenience, so that a clerk in looking over the list of drafts can at a glance detect those drafts which are accepted because the slip giving reasons for non-acceptance is detached and if not accepted by looking at the mark made on this he can tell the reason why. The change in the dollar part and the space for acceptance certificates can also be noticed at a glance.

He reclines on the bank in the shade, ties the pole to the dog's tail, and when he sees the bobber disappear, he kicks the dog, and the animal lands the fish.

—An old lady who is rather easily excited nearly went into an epileptic fit this morning on the market, when she felt a large good-natured caterpillar crawling with his myriads of feet over the nape of her neck. It took the combined efforts of several ladies to quiet the terrible perturbation of the almost frenzied lady.

He is Coming to Peterborough.

The Lindsay *Post* says :—We learn with regret of the intended departure of Mr. O'Brien, who for ten years past has ably filled the position of principal in the R. C. separate school here, but has, we understand, resigned in order to accept a mastership on the staff of the Collegiate Institute, Peterborough, his native town. During his sojourn in Lindsay Mr. O'Brien has by his sterling qualities, both as an educator and as a citizen, formed for himself a wide circle of friends, who feel that in parting with him they lose one whom it will be hard to replace, so admirably was he fitted for the position he held for such a number of years. We wish Mr. O'Brien every success in his new sphere of usefulness, and hope that we may frequently enjoy the pleasure of welcoming him to Lindsay. Mr. J. P. Taylor succeeds Mr. O'Brien as principal of the school, whilst the vacancy caused by Miss Corkery's resignation will be filled by Miss N. Hanahoe.

Wednesday evening last Mr. Michael O'Brien, headmaster of the separate school, was tendered a complimentary supper and concert by the members of the Catholic Literary society, of which he has long been a valued officer and member. The tables were placed in the society's rooms in the *Post* block. About 50 were present. After the tasty viands provided by Mr. Scanes had been done ample justice, to speech and song without a couple of hours away very pleasantly.

Peterborough's List of Winners

Successful Candidates in the Departmental Examinations—Pass and Honour Senior and Junior Leaving and Matriculation.

The results of the recent High School primary, leaving and matriculation examinations held last July have been made out and the results as regards Peterborough are presented below. Candidates must apply to the principal of the Collegiate Institute for their marks and certificates. The papers this year were considered unusually stiff, and therefore success is proportionally greater honour. The number of candidates who wrote was about 80 in all classes ; of these 52 succeeded in passing—over 60 per cent.—a very creditable showing considering the difficulty of the papers set.

This showing is creditable to the Institute, being an onward step—an increase of twenty over the number of successful candidates last year, which was double of those the preceding year, a rate of progress which it is hoped will be maintained. The Institute students did particularly well in the junior leaving and matriculation examinations, nearly all the candidates in these examinations succeeding.

In explanation of the technical terms applied to the several examinations, it may be explained that the primary corresponds to the old third class certificate. The junior leaving to the old second class practically equivalent to the matriculation examination, the senior leaving is the equivalent of the old first class. The following are the successful candidates :—

Primary—A. Anderson C. Ball D. Best, H. Burnham, T. Burnham, J. Carey, W. Coonal, J. Dobson, B Duff, E Fitzgerald, G. Galvin, P. Galvin, A. Gairy, M. Hamilton, M. McKee, P. Might C. Munro, M. Murphy, A. Patterson, E. Porter, J. Read, J. Sheffield, W. Spence, J. Torpey, P. Udy, H Wood.

Junior leaving—A. Allin, H Bennett, E J. Bolton, S. Cowan, W. Craig J. Cummings, M. Dotcher, T. Dwyer, M. Fyfe, J. Fitzgerald, A. Laing, J. McNulty, L Miller, M. Morrow, M. Pakenham, L. Ryan, J. Smithson, A. Wood.

Matriculation—T. Dodds, J. Edmison, M. Malcolm (passed in Latin) ; S. Matthews (honours I. class mathematics) ; P. Morrow, (honours I class English, II. class French) ; J. Spence, (passed in Latin, French, German); C. Thompson, J. VanEvery, (honours I. class English, II. class French) ; T. Small, (passed in Latin.)

A Boston Boy's Eyesight Saved—Perhaps His Life

By Hood's Sarsaparilla—Blood Poisoned by Canker.

Read the following from a grateful mother: "My little boy had Scarlet Fever when 4 years old, and it left him very weak and with blood poisoned with canker. His eyes became so inflamed that his sufferings were intense, and for seven weeks he

Could Not Open His Eyes.

I took him twice during that time to the Eye and Ear Infirmary on Charles street, but their remedies failed to do him the faintest shadow of good. I commenced giving him Hood's Sarsaparilla and it soon cured him. I have never doubted that it saved his sight, even if not his very life. You may use this testimonial in any way you choose. I am always ready to sound the praise of

MAGNIFICENT

WATER POWER.

"Blythe Mills," Peterborough.

OWING to the death of the Proprietor, the executors offer for sale the extensive milling property known as the "Blythe Mills," Peterborough, consisting of SAWMILL; capacity 50,000 feet per diem; STONE FLOUR MILL, capacity eighty barrels per diem; WOOLLEN MILL capacity four sets; One New Elevator, capacity 35 000 bushels; complete Electric Light Plant, capacity 150 16 candle power lamps, made by the Royal Electric Company, Montreal; about ten acres of land with facility for more extensive developments; 8 residences.

The water of the river Otonabee (Trent) affords unfailing and almost unlimited water power, and extreme uniformity throughout the entire season.

This property is within the limits of the Town of Peterborough—one of the best railway centres in Ontario, G. T. R. riding adjoining. The proximity to the town will make the power for electric and other purposes of constantly increasing value. The property must be sold to wind up the estate and its sale presents an opportunity for profitable investment seldom offered.

TERMS OF SALE.—Cash or half cash, half mortgage for 5 years, interest 6 per cent.

The property is offered at an upset price of $60,000, a figure just 50 per cent. of its estimated value. The highest tender over $40,000 will take the property.

Tenders will be received for the entire property up to 3 P.M. September 3rd, 1892, and must be accompanied by a marked cheque for $1,000, to be returned if tender not accepted.

Forms of tender with more exact description of property, can be had on application to Executors.

READ!

Never before was a Practical Business Education more appreciated than to-day. The age of fashionable education is past, and the one of solid worth is here. Fewer young men are preparing for the professions and more are turning their attention to a systematic knowledge of business affairs. That such is the fact, the increased patronage of the Peterborough Business College, Peterborough, is receiving from every section of the country, fully proves.

The experiment which Messrs Tuckett & Son entered upon when they commenced to make their "Myrtle Navy" tobacco was this: to give the public a tobacco of the very finest Virginia leaf at the smallest possible margin beyond its actual cost, in the hope that it would be so extensively bought as to remunerate them. By the end of three years the demand for it had grown so much as to give assurance that the success of the experiment was within reach. The demand for it to day is more than ten times greater than it was then and it is still increasing. Success has been reached.

Personal.

Rev. C. S. Lord, of Grafton, was in town yesterday.

Mr. Joseph Mills and Mrs. Mills returned this afternoon from a trip to Buffalo.

Mr. George N German, of Belleville, is in town, the guest of Mr. Perry Goldsmith for a few days

He left by Chemong Valley road for Smith township, where he will spend a few days the guest of his relative, Mr. Wellington Manning, near Selwyn. Mr. Callaway was accompanied by Mrs. Callaway and children and sister-in-law, Mrs. Griffin.

Messrs. J. J. Turner & Son, the enterprising tent and awning makers, this morning at 8 o'clock received an order for a tent 8x14½ feet, and at 12 o'clock they had it made and ready for the purchaser to take it home. The firm also shipped a large tent to Owen Sound yesterday, another to Aimonte, and still another, together with a complete camping outfit, to a party in Waubaushene.

The Lindsay *Post* says:—Many friends in Lindsay and Peterborough will learn with interest of the marriage of Mr. D. A. McDonald, a former citizen of this town, who left some years ago for Chicago. The fair bride was Miss Nellie Kelly of Louisville, Ky., the ceremony being performed by the Rev. Chas. Reilly, pastor of St. Charles' church in that city. After the ceremony the happy couple took the evening train for Chicago, and were met at the station by a large number of friends who had gathered to escort them to their new home. The presents were many and costly. Congratulations, friend Dan.

STOCKS FOR SALE.

OFFERS will be received (in writing) by either of the undersigned up to Monday, the 22nd day of August inst. for the purchase of the whole or any part of the following valuable Stocks, viz.—

82 shares of $100 each of the Capital Stock of the Peterborough Lock Co. (L'td) 16 of these shares are fully paid up and 16 of them have 30 per cent paid up thereon.

40 Shares of $10 each of the Capital Stock of the Brooks Manufacturing Co. (L'td), all fully paid up.

These Stocks are well worthy the attention of investors. The Lock Co. has just paid a cash dividend for the past six months at the rate of eight per cent. per annum and besides paying cash dividends varying from six to eight per cent. per annum for the last 3½ years, has distributed to its shareholders in the form of paid-up stock since its organization in 1885 twelve dollars and a half on every seven and a half dollars paid in cash. The Brooks Co. has not as yet paid a cash dividend, but it is believed that this will also prove a valuable stock. Both of these stocks are only placed on the market because it is necessary to the winding up of the estate to do so. The highest or any tender not necessarily accepted.

Ingersoll's Ideas of Marriage.

One of the strongest and best things that I have witnessed in the Colonel's career occurred at a supper given by an uptown club in New York several years ago. Around the table there were gathered actors, authors, newspaper men, dramatic writers and club men. Colonel Ingersoll was one of the honored guests of the club. It was the habit of this club at dinners thus given to have a special subject for discussion. This night the subject was, "Is Marriage a Failure?" The tone of the talk was commonplace, vulgar, inane, almost idiotic. One guest after another made some commonplace attempt to be witty at the expense of the institution of marriage. In the midst of this talk the Colonel's turn came, and I have never seen a more triumphant display of the influence of serious and dignified treatment of what is the most serious and dignified thing in life. It was like a cool wind displacing an atmosphere of malaria. The Colonel with a brush of his hand waved aside the idle talk of the moment and said that the man who says that marriage is a failure has never stood with his hand locked in the loyal grasp of a wife and mother at the side of a child's grave. The tribute which followed to marriage, to love and its duties was so eloquent, so convincing and so touching that there was hardly a dry eye in the room when he finished. His speech put an end to the discussion. The Colonel is by nature a loyal enthusiast. He is a firm friend, and does not understand friendship clouded by personal interest. His devotion to his family is one of the most marked traits of his nature.—N. Y. Press.

A Summer Engagement.

Charlie and Ethel were betrothed.

Love had come to them sweetly in their home in the city and in the winter evenings and the cool spring days had crowned them.

Then the summer came, and Ethel with his kiss yet living on her lips, went away to the sea where the listless loiterers all the long, long days sit idly, or stroll aimlessly where the moon lays its golden shadows on the silver sands.

Charlie was working in the city and work was easy and labor light, for he thought of Ethel always, and that made the world pleasant to live in. A month went by on leaden wings to him, on feather ones to her and then Charlie came, gloomy and grim.

He had heard strange stories of Ethel, and his name wasn't Charlie.

He met her after dinner, for she had been sailing and the wind had stopped to rest for two or three hours.

"So," he said, sternly, when they were alone, "I hear you are engaged to another?"

"Who told you that?" she inquired, flushing angrily.

"It is enough that I have heard it," he exclaimed. "Is it true?"

"It is not, sir," she replied, firmly, "and since you refuse to tell me who told you this, will you be kind enough to say when you heard it?"

"Yesterday afternoon, and I came here as soon afterwards as I could."

"Yesterday afternoon," she repeated slowly, as if she were studying out the intricacies of the past.

"Yes," he said, coldly.

"That accounts for it," she murmured. "I told Harry that all must be over between us by 11 o'clock last night, for you were coming home, and Harry, like a good fellow, consented, and now, Charlie, I am all yours and yours only. How long will you stay, Charlie?" and she put her soft white arms about his neck and kissed him. —Detroit Free Press.

The Cholera and Superstition

"If it is true, as reported, that Asiatic cholera has made its way to Mexico, then God pity the poor people of that country," said S. W. Trueheart of New Orleans, a Southern. "Smallpox flourishes there as it does nowhere else on the earth. It is particularly severe among the ignorant negroes, and they have a religious superstition that an outbreak of the loathsome disease is a visitation of God's displeasure. For this reason they make little effort to relieve the horrible sufferings of the victim, and none whatever to relieve him of the disease. I have seen mothers holding little babes in their arms who were covered from head to foot with the terrible sores and scabs of smallpox, and when asked why they didn't do something for the poor children, reply with the most sublime faith in their religious tenets, that God had cursed them, and there was no use to try to cure the disease."

Sudden Death at Beamsville.

BEAMSVILLE, Aug. 18.—The people of our village were shocked on Tuesday morning to learn of the sudden death of Mr. Alem L. Couse, a widely-known hotelkeeper of this place. Deceased got up at his usual time on the morning in question, called the household and returned to his chamber. He had only been there a few seconds when he fell to the floor. The deceased carried on business for the last 25 years. He leaves a wife and two daughters.

The Chinese pay their doctor only so long as he keeps them in health. They believe in preventing rather than curing disease. This is sound sense, and one of the strongest recommendations of Ayer's Sarsaparilla, a medicine which not only cures diseases but prevents them.

DR. L. A. SMITH & Co.,
536 Bloor St., Toronto:

GENTS,—Please ship us per G.T.R., freight prepaid, three (3) gross more of your Anti-Dandruff. This makes six gross or 864 bottles purchased from you since January 16th, 1892, a little more than two months. The large demand is due to the merits of the preparation, as our customers to whom we have sold it certify. We find it not only removes the dandruff and scurf, but it is an elegant hair-dressing for the hair. Clean to use and has an agreeable odor. It is one of the best preparations we know of to promote the growth of the hair and prevent its falling out. Wishing you continued success and an extended sale. We remain,

Yours truly,

SCANLAN RAVING MAD.

It is Believed That He Will Not Live Long.

NEW YORK, Aug. 18.—The many friends of W. J. Scanlan, the actor, now confined in Bloomingdale, will hear with sorrow that the second stage of the malady from which he is suffering has apparently been reached, and from a state of physical health he has begun to decline, which leads to paresis, that form of slow madness which has carried off so many theatrical people—McCullough, Tony Hart and Bartley Campbell.

The disease during the first stage is confined to the brain. The sufferer seems to be in the best of health. The mind slowly gives way, and then comes the physical collapse. Scanlan has reached that period and the end is not far off.

"I see no harm," said a Bloomingdale physician yesterday, "in confirming the report current among theatrical people that Mr. Scanlan is failing. There is a report that a wandering organ-grinder played one of Scanlan's songs, and that the actor went into hysterics. The tune was played on the organ and Scanlan spoke of it to another patient. Then Scanlan sat down and cried. That was weeks ago. The change for the worse is recent, and is only the result of the progress of the disease. The body gives way, else there would be no reason why the patient shouldn't live to an old age. We have patients who have been in the institution for years, and who may die of old age. Their malady is not paresis, however."

Scanlan's wife visits him several times a week. She is aware of the change and knows that the inevitable must come.

As Pale as Death.

Mr. E. T. Bailey, Elkhorn, Man. writes:—"My daughter was as pale as possible for a living person to be, short of breath and terrible pains in head. Pink Pills cured her." Of all dealers or by mail at 50c a box or 6 boxes for $2 50. Dr. Williams Med. Co., Brockville, Ont., and Schenectady, N. Y.

"Dear me, these are the most beautiful photographs I ever saw."

"Yes, they certainly are very fine and elegantly finished, besides, they are permanent."

"Do they cost more than before."

"No, not to us, though the material is much more expensive; yet Mr. Sprouls believes in having the best obtainable. He says nothing is too good for his patrons, and these certainly lower out his statements; and his studio is so convenient—no stairs to climb yourself, nor have you any fears about the children."

"Yes, I have heard about the ground floor studio being so convenient,—but those photographs."

"August Flower"

Mrs. Sarah M. Black of Seneca, Mo., during the past two years has been affected with Neuralgia of the Head, Stomach and Womb, and writes: "My food did not seem to strengthen me at all and my appetite was very variable. My face was yellow, my head dull, and I had such pains in my left side. In the morning when I got up I would have a flow of mucus in the mouth, and a bad, bitter taste. Sometimes my breath became short, and I had such queer, tumbling, palpitating sensations around the heart. I ached all day under the shoulder blades, in the left side, and down the back of my limbs. It seemed to be worse in the wet, cold weather of Winter and Spring; and whenever the spells came on, my feet and hands would turn cold, and I could get no sleep at all. I tried everywhere, and got no relief before using August Flower Then the change came. It has done me a wonderful deal of good during the time I have taken it and is working a complete cure." ©

DEVONSHIRE'S WOOING.

He Waited for His Bride Until She Was a Widow.

LONDON, Aug. 18.—The Star, commenting upon the marriage of the Duke of Devonshire and the Dowager Duchess of Manchester, says:

"The Duke of Devonshire has married his old love, who is now aged 60 years. The story of their separation is a romance. They were fondly attached while both were young, but the habitual indolence of Lord Hartington prevented the declaration. The lady tried to infuse energy into him by listening to the attentions of the late Duke of Manchester. This had a contrary effect upon Lord Hartington than she intended. She finally became the wife of the Duke of Manchester.

"Lord Hartington's long bachelor life was attributed to the fact that the Duchess of Manchester after her marriage had a powerful influence over him. He consulted her before he took a single important political step.

"Their relations were so well known that the society papers began to speculate upon their marriage immediately after the death of the Duke of Manchester. The difficulty was the late Duke of Devonshire, who was strongly opposed to widows re-marrying, and Lord Hartington, who has strong views of filial duty, delayed the union during the lifetime of his father."

WAR SHIPS IN TROUBLE.

Two Ships Badly Damaged While Under Trial.

LONDON, Aug. 18. — While the new British cruiser Hawk was leaving the Chatham dockyard yesterday she gave a heavy list to starboard and went over bodily, smashing the shoring and pieces of timber into matchwood. Fortunately she was secured before she struck the stonework, and an examination showed that she had sustained no damage beyond a severe strain. The accident was due to the fact that the vessel was unduly weighted. Her construction has cost the Government £750,000.

While the British gunboat Sharpshooter, which was engaged in the recent manoeuvres about 20 miles off the Scilly Islands, was coming to Torbay from Holyhead under convoy of H.M.S. Thetis, her boiler tubes began to leak and it became impossible to keep her engine going. Members of the crew declare that the boat leaked like a sieve, that the engineers stood waist high in water and that during the recent heavy weather she shipped seventy tons of water, which extinguished her fires. The gunboat drifted to within five miles of the Scilly Islands, when the Thetis got a hawser to her and took her in tow for Plymouth. Each vessel lost a boat.

Strangled by Her Insane Son.

CARLSBAD, Aug. 18.—Mrs. Alice Crooker, a wealthy lady residing in Chicago, who arrived here on Sunday to take the waters of the famous springs, was found dead in her bed this morning.

The unfortunate woman had been strangled in her sleep by her insane son, aged 23, who accompanied his mother here.

The murderer has been sent to the insane asylum at Dobrzin.

ST. PETERSBURG, Aug. 18.—The official report shows that yesterday there were 7409 new cases of cholera and 3742 deaths from the disease in Russia. The disease is spreading.

Dublin Surprised.

DUBLIN, Aug. 18.—All the newspapers of this city express surprise at the selection of Baron Houghton as Viceroy of Ireland. They say they believe he will be popular, though he will be only a figurehead.

Charged With Incendiarism.

NIAGARA FALLS, Ont., Aug. 18.—Early yesterday the new house of Mr. John Gray, situated near the whirlpool, was discovered on fire. The building was a two-story brick house in course of construction, and was ready for the plasterers, who had just started to work when it took fire and was completely destroyed. The fire was supposed to have been incendiary. Two young men, who, it is said, have been working till to-day on the new electric road, have been arrested on suspicion of having set the building on fire, and are confined in the lockup. The loss is estimated at about $1000; no insurance.

A Pleasant Herb Drink.

The best cure we know of for constipation and headache is the pleasant herb drink called Lane's Family Medicine. It is said to be Oregon grape root, combined with simple herbs, and is made for use by pouring boiling water onto the dried roots and herbs It is remarkably efficacious in all blood disorders, and is now the sovereign remedy for ladies in clearing up the complexion. Druggists sell the packages at 50c and $1 dw

The Worst Form.

DEAR SIRS,—About three years ago I was troubled with dyspepsia in its worst form, neither food nor medicine would stay on my stomach, and it seemed impossible to get relief. Finally I took one bottle of B B B. and one Box of Burdock Pills, and they cured me completely.

The Four Cardinal Points.

The four cardinal points of health are the stomach, liver, bowels and blood. Wrong action in any of these produces disease. Burdock Blood Bitters acts upon the four cardinal points of health at once and the same time, to regulate, strengthen and purify, thus preserving health and removing disease.

Delay is Dangerous.

When the kidneys are out of order delay is dangerous. Any disease may follow and become so well established that months of suffering will follow. A gentle tonic like Dodd's Kidney Pills is always acceptable to the kidneys and protects them from disease. They are a kidney food.

Regulate the liver and bowels by the judicious use of National Pills, they are purely vegetable. dw

Across the Continent.

Wm Renwick, M.D., M.R.C.S., of Victoria, B.C., writes: I have used Miller's Emulsion of Cod Liver Oil in cases of indigent patients with the most gratifying results. It does not upset the stomach, is easily assimilated and possesses undoubted power in rebuilding weakened constitutions, where the ordinary form of administering Cod Liver Oil is not admissable. For the future, whenever I have occasion to prescribe any preparation of Cod Liver Oil, I will give Miller's Emulsion the preference, being perfectly satisfied with its therapeutic efficacy. TORONTO TOPICS.

TORONTO, Aug. 18.—John Burns, aged 48, an ex-U.S. soldier, who was a resident of this city for some years, moved to Hamilton two weeks ago. Yesterday he committed suicide by hanging himself in a barn on the Beach-road.

The remains of the late Mr. Broughall, son of the rector of St. Stephen's Church, were consigned to their last resting place yesterday. It will be remembered that Mr. Broughall was drowned off Port Union, July 17. A day or two ago the body was discovered and recognized through papers found in the pockets. The remains were conveyed to the Morgue, where they remained till yesterday afternoon. Then they were taken to St. Stephen's Church, where a service was held and from thence to the cemetery. A large number of the friends of the deceased attended. Mr. and Mrs. Broughall, who are at present in England, have the heartfelt sympathy, not only of the congregation of St. Stephen's, but of everyone who knows them.

W. H. Scripture, a West End druggist, is being sued for $200 by Miss Lizzie Jackson of Euclid-avenue, who claims that some medicine procured from the defendant did not cure the illness from which she suffered and was detrimental to her health.

President Bryan Lynch has called a meeting of the Irish National League for Richmond Hall on Friday evening to arrange for a reception to Hon. Edward Blake on his return to Toronto. The member for South Longford is expected to sail for Canada on the Parisian to-day, but it is not thought that he will reach the Queen City until about Sept. 1.

It is proposed, if possible, to have the reception take place in the Pavilion and the idea is to make it a provincial affair.

Invitation has been extended to the other local Irish societies to join in the arrangements.

F. Sackville Rogers, commercial reporter for The Telegram, died at St. Michael's Hospital at 6 a.m. yesterday. His death resulted from pleurisy, which had troubled him for some time. Regret was expressed by many members of the Board of Trade when they heard the news of Mr. Rogers' death. This regret is shared by all who knew the genial qualities of the young Englishman. The interment of his remains takes place this afternoon.

A representative of the Lehigh Valley Railway arrived in the city last evening, his mission being to engage men to take the places of the striking switchmen in Buffalo. In view of the fact that the alien labor law would prevent the men entering the United States under contract, it is hard to see how the railway company will be enabled to utilize the services of parties secured here, even should the agent's mission be successful.

He Left Two Widows.

MONTREAL, Que., Aug. 18.—There died last night at the general hospital here George Dillon, aged 31, whose body was claimed by two women, one of whom, Mrs. Smith, or Dillon, declared she had been married to the deceased seven years ago in Chambly, Que. The other, Bella Scott, stated that she had been married to him three years ago in Montreal. The scene at the hospital was a painful one, but finally Mrs. Smith intimated that Bella Scott might arrange the funeral. This morning both the widows attended the funeral, Mrs Scott following alone in a coach immediately behind the hearse, and Mrs. Smith in a second coach with a brother-in-law of the deceased.

To Call Out the National Guard.

BUFFALO, N.Y., Aug. 18.—After consulting with prominent railroad officials here, including Vice-President Webb of the Central, Sheriff Beck decided that on account of the strike having assumed such grave conditions, to call on the governor for the entire National Guard of the State. It is said that this call is based on information that a strike of trainmen in sympathy with the switchmen is impending. Again it is claimed that when an effort is made to move freight trains 2000 militia would not be sufficient to guard the area between here and Niagara Falls, where trouble would most likely occur, whereas the entire militia of the State would overawe the mischief-makers and by their numbers prevent damage to person and property.

Excitement Killed Him.

NEW YORK, Aug. 18.—J. A. Bostwick, the well-known Standard oil man and millionaire, died last evening while endeavoring to recover some blooded horses from his stable at Mamarone, which was on fire. He burst a blood vessel and bled to death.

First Meeting of the Cabinet.

LONDON, Aug. 18.—The first meeting of the new cabinet was held yesterday. Mr. Gladstone presided, and the session lasted two hours. Mr. Gladstone will to-morrow accompany the ministers to Osborne House. Mrs. Gladstone visited Downing-street to-day for the purpose of selecting the rooms in which the family will live during Mr. Gladstone's tenure of office.

NOT THE PATH OF PEACE.

GLADSTONE FINDS HIS WAY BESET BY TROUBLE.

The Radical Element Highly Displeased at the Evident Slight Put Upon It—The Grand Old Man Has the Majority, But He is By No Means Secure in His Position.

LONDON, Aug. 20.—Mr. Gladstone's selection of some minor members of the Radical section for minor posts in the Government has not reduced the tactical mistake made in the exclusion of Radical representatives from the cabinet. Thorough Radicals further declare that there is not a man amongst the whole of the latest appointments who is genuinely attached to progressive opinions, Sidney Buxton, perhaps, excepted. The three new whips, Messrs. Causton, McArthur and Ellis, though nominal Radicals, have never shown that sympathy with democratic movements which is now recognised as the leading inspiration of the left wing of the Liberal party. The fact is now universally recognized that Mr. Gladstone has carefully avoided admitting to office men who are in any wise identified with independent Radicalism.

Pseudo Radicals like Mr. Burt, the miners' delegate, who is a submissive Gladstonite, and Mr. Ellis, who is called a Radical because he is strongly in favor of church disestablishment, were admissible because they have never made a covenant with the progressive evangel, while those tainted with democratic notions, men of the Labouchere stamp have been ignored. The exclusion of Mr. Stansfeld is explained by Gladstonian papers as due to his expressed desire not to hold office, but Mr. Stansfeld himself says that it must have been due to other causes. Mr. Stansfeld was ready to accept office and seemed to expect his former cabinet post, but Mr. Gladstone never communicated with him. Mutterings of the storm that will now assuredly burst from Radical regions are already distinctly heard.

An article in The Star last night, after attacking the Government for refusing to hold a winter session of Parliament and delaying Radical legislation, concludes: "Let us keep our powder dry, hoping for the best. Londoners cannot disguise from themselves the fact that though they have given Mr. Gladstone one-half of his majority, London is practically without any voice in the Government."

The note which The Star strikes indicates the drift of the Radical opposition. They will refuse to support Mr. Gladstone in subordinating everything to Home Rule, and will take independent action on social reforms.

Another danger menaces the Government in the attitude of the Welsh members, some of whom have given assurance to their constituencies that they will not vote for Home Rule unless a bill to disestablish the church in Wales be introduced concurrently. Mr. Gladstone's plans to meet some of the danger threatening an early overthrow of the Government are already seen in the formation of Cabinet committees. At today's Cabinet council during a two hours' sitting, devoted to allotting work and preparing measures embodying part of the Newcastle program, three committees in addition to the Home Rule Committee, were formed. One committee is charged with labor questions, another is to draft bills for rural reform and local option and the third is charged with a measure of the first importance, the reforming of electoral registration.

Honors From the Queen.

LONDON, Aug. 20.—The list of honors bestowed by the Queen has been announced.

The Earl of Zetland, late Viceroy of Ireland, has been created a marquis.

Viscount Cranbrook and Baron Willoughby de Eresby have been created earls.

The new barons are: The Right Hon. George Cubitt, Sir Rainald Knightly, Sir Archibald Campbell, Sir Thomas Brooks, W. A. Tyssen Amherst, W. J. Legh, John Mulholland and J. A. Rolls.

Among the Privy Councillors appointed by Her Majesty are Professor Huxley and Mr. Jesse Collings, M.P.

Among those who have been made baronets are Mr. John Jaffray of The Birmingham Post and Mr. Edward Lawson of The London Telegraph.

Mr. Ellis Ashmead-Bartlett, member of the House of Commons for Ecclesall, and Mr. John Blundell Maple, member for Dulwich, have been knighted.

Bidwell's Accomplices.

LONDON, Aug. 20.—McDonald and Hill, accomplices of Bidwell in the great bank forgeries of 1873, have been released on condition that they leave the country. They have both started for America. Hill is a snowy-haired idiot as a result of his long confinement. McDonald, except that he is aged, looks well. He says the prison system is calculated to make men mad or brutes. He was offered 10 years off his sentence if he would divulge the method of splitting bank notes. He said he refused because he did not know the method. The bank authorities, however, persist in believing he did it.

Mr. Labouchere Somewhat Bitter.

LONDON, Aug. 20.—Mr. Henry Labouchere, M.P., whose passing over by Mr. Gladstone in the formation of his Cabinet has been the occasion of so much talk, being asked his views on the situation during the coming session replied: "I have no wish to be interviewed on this subject," and in reply to a further question as to whether he had "no objections to stating his intentions as to the course he would pursue with regard to the Egyptian question or giving his opinion as to the appointment of the Earl of Rosebery as Secretary of State for Foreign Affairs."

Mr. Labouchere said:

"I certainly intend at the earliest possible time to present a motion in favor of the early and absolute evacuation of Egypt, in accordance with the pledges which have been given. Lord Rosebery has been put into the Cabinet as a Tory watchdog in order to secure the continuance of Lord Salisbury's foreign policy. I have absolutely no confidence in Lord Rosebery as Foreign Minister."

The correspondent then asked Mr. Labouchere if he could explain how it was he had not been given a place in Mr. Gladstone's Cabinet when the general opinion was he would certainly be included in it.

Mr. Labouchere replied: "My exclusion was due to the direct action of the Queen, who resents my opposition to the royal grants. Surprise has been expressed at the fact that Mr. Gladstone yielded in a matter of such vital moment, as the royal interference is contrary to all usage, the reigning sovereign having always hitherto given the Prime Minister a free hand in the selection of his colleagues."

"What is the feeling in the Radical camp with regard to the constitution of the Cabinet?" asked the correspondent.

"The feeling over being unrepresented is very strong," replied Mr. Labouchere [illegible] that even the minor offices have been given to sucking young patricians, in order to qualify them to take the places of the old gang when the latter are too old for service.

"The appointments of Mr. Asquith (Home Secretary), Mr. Acland (Vice President of the Council of Education) and Mr. Arnold Morley (Postmaster-General) are regarded almost as insults by the Radicals. None of these gentlemen, with the exception of Mr. Arnold Morley, has ever taken a prominent part in the business of the House.

"These appointments are looked upon as little Gladstonian caprices, and the prospect is not regarded as favorable by the Liberal wire-pullers.

"Mr. Gladstone is really far less strong than he is reported to be by his friends, and bets are freely made that his Ministry will not last beyond next midsummer.

"In the composition of his Cabinet he has scarcely consulted his political lieutenants, and the Premiership is now practically a commission, the Commissioners being Mrs. Gladstone, their daughter, Mrs. Drew; their son Herbert, Mr. Arnold Morley and Sir Algernon West, with the result that the Administration is entirely composed of the old gang and their spawn."

ITCHING AND SCALY
Skin Disease 9 Years. Doctors and Medicines Useless. Cured by Cuticura for $4.75.

I feel it is my duty to tell you my experience with your CUTICURA REMEDIES. I have been troubled for over nine years with a dreadful skin disease. When I first felt it, there appeared a few small red spots on my breast, and it kept on spreading slowly. It started the same on my back, between my shoulders. A few days after the spots turned gray, and began itching. Small scales would fall off, so it continued spreading all over my body. I tried all the patent medicines I could think of, or get hold of. I also consulted doctors. Yes, they would cure me in a short time, but they always failed. Then I gave it all up, thinking there was no cure for me. Some few months ago, I noticed your advertisement in the Tacoma *Morning Globe;* thought I would try the CUTICURA REMEDIES, not thinking it would do me much good, but to my surprise, three boxes of CUTICURA, one cake of CUTICURA SOAP, and three bottles of CUTICURA RESOLVENT cured me entirely. My skin is now as white and pure as that of a child. I send my photograph. I have many friends in Chicago, Ill., and St. Paul, Minn.

GRAFTON & CO.
Behold, Coming Events Cast Their Shadows Before Them!
The most astonishing event in the store of Grafton & Co. is the wonderful low prices they are clearing out the balance of their Summer Clothing at. We said a few weeks ago that the balance of our Summer Clothing would have to go if prices would do it. Well, that is just what is doing it. A few weeks more it will find our store filled with the finest and best assorted stock of Ready-Made Clothing ever displayed in the Town of Peterborough. This Clothing is all hand cut by the best and most stylish cutters that the country can produce, but this is not all; it has the right workmanship on it. Our Clothing is not stuck together to sell—we study our own interests and the interests of the public. We always give customers good goods for little money, and, when we turn the goods out we know that the buyer will come back again.
Now do you want to get a summer suit to wind up the season with and lay it away for another season. It will pay you to buy now. See our special $7.95 Suit. It will wear a lifetime, providing you don't live treading and wear the suit too often. Just think, we are selling Boys' Suits at 99c, $1.30, 1.50 $1.75, $1.95, $2; Youths' Suits at $2.75, $3.25, $3.50, $3.90, $4.25 and up. See them. Men's Suits at $2.50, $3.25, $3.95, $4.50, $5, $5.75, $6.50, $7, $7.50, $8.50 and $10. See our 50c. Overalls; with these we down them all. Small dealers flock from all parts of the country to buy them by the dozen. They all tax their brains beyond measure to find out how we get them up so cheap; but we do it nevertheless. Don't fail to see our 75c. and $1 Cottonade Pants. They are dandies and everybody says so. We cannot manufacture them fast enough to supply the demand for them. RETALIATION AT THE SOO.

PRESIDENT HARRISON ISSUES HIS PROCLAMATION.

Because Canada Charges Rebate Tolls to Vessels Passing Through the Welland Canal the U.S. Imposes Tonnage Rates on Vessels Passing the Soo Canal—Feeling at Ottawa.

WASHINGTON, Aug. 22.—The President has proclaimed retaliation against Canada, in accordance with the authority conferred upon him by the "Act to enforce reciprocal relations with Canada," passed last July. His proclamation is dated Aug. 18, but was only issued Saturday, after a final interview between Secretary Foster and Mr Michael H. Herbert, the Charge d'Affaires of the British Legation here, which took place Saturday. The Canadian Government had asked for delay, pleading the absence of the Ministers from Ottawa and other reasons. A decision was promised by Lord Stanley, Governor-General of Canada, by Monday, Aug. 8.

On the 6th inst. Mr. Herbert telegraphed from Newport to Secretary Foster in Washington: "I have received assurances of further consideration. May I consequently venture to hope that no steps may be taken in the meantime?"

Secretary Foster replied: "Gratified at your telegram. You may count upon reasonable time such as indicated in our interview."

On Aug. 15 the United States Consul-General at Ottawa informed Secretary Foster that the decision of the Canadian Ministry was to "continue the rebate on canal tolls as now until the end of the season of navigation."

Thereupon the proclamation of retaliation was drawn up and sent to Loon Lake for the President's action. On the day it was signed, Aug. 18, Secretary Foster telegraphed Mr. Herbert: "When may I expect you here, or note on canal tolls?"

Mr. Herbert replied the same day from Newport: "Have telegraphed to inquire what day I may expect communication."

The next day Secretary Foster sent the following significant dispatch:

"DEPARTMENT OF STATE,
"WASHINGTON, Aug. 19, 1892.

"*Hon. Michael H. Herbert, British Charge, Newport, R.I.:*

"The United States Consul-General at Ottawa reports decision of Council was to abolish rebate at the end of this season. This confirmed by Canadian press reports.

"If Canadian discriminations are to continue during this season, compliance with recent act of Congress requires the President to establish tolls to run concurrently. Discussion as to future action can then proceed under parity of conditions.

"JOHN W. FOSTER."

Mr. Herbert hastened to Washington, telegraphing in advance to Mr. Foster: "Could I see you to-morrow morning early at the Department? Kindly reply on receipt of this, in order to enable me to catch train."

Mr. Foster answered: "You can see me any hour in the morning between 8 and 11 o'clock."

Mr. Herbert came here and saw Mr. Foster this morning. The memorandum of their final interview is as follows:

"Mr. Herbert, charge of the British Legation, called on the Secretary of State on Saturday, Aug. 20, and informed the Secretary that he had not yet received the official notice of the action of the Canadian Cabinet on the canal tolls, but he hoped to be able to communicate it early next week."

"The Secretary of State said that the United States Consul-General at Ottawa had reported that the decision of the Cabinet was to abolish the rebate on tolls at the end of the present season, and that this had been confirmed by the Ministerial press of Canada. He then asked Mr. Herbert if this conformed with his information on the subject.

"Mr. Herbert answered that he was not as yet authorized to make any official communication on the subject, but that he had no doubt the Consul-General's report was correct.

"The Secretary of State then said that such a solution of the question would not be regarded as satisfactory by his Government; and, in answer to an inquiry, he stated that the President considered it his duty to issue the proclamation contemplated by the Act of Congress. But he gave Mr. Herbert the assurance that should the Canadian Government give notice of its decision to abolish the discriminations now complained of, the proclamation would be suspended concurrently with such abolition."

The President's proclamation, after reciting the text of the Act of Congress under which it is issued, conclude as follows:

"Whereas, the Government of the Dominion of Canada imposes a toll amounting to about 30 cents per ton on all freight passing through the Welland Canal in transit to a port of the United States, and also a further toll on all vessels of the United States and on all passengers in transit to a port of the United States, all of which tolls are without rebate; and

"Whereas, the Government of the Dominion of Canada in accordance with an order in council of April 4, 1892, refunds 18 cents per ton of the 30 cent toll at the Welland Canal on wheat, Indian corn, peas, barley, rye, oats, flaxseed and buckwheat, upon condition that they are originally shipped for and carried to Montreal, or some port east of Montreal for export, and that, if transhipped at an intermediate point, such transhipment is made within the Dominion of Canada, but allows no such nor any other rebate on said products when shipped to a port of the United States, or when carried to Montreal for export if transhipped within the United States; and

"Whereas, the Government of the Dominion of Canada by said system of rebate and otherwise discriminates against the citizens of the United States in the use of said Welland Canal, in violation of the provisions of article 27 of the treaty of Washington, concluded May 8, 1871; and

"Whereas, said Welland Canal is connected with the navigation of the Great Lakes, and I am satisfied that the passage through it of cargoes in transit to ports of the United States is made difficult and burdensome by said discriminating system of rebate and otherwise, and is reciprocally unjust and unreasonable.

"Now, therefore, I, Benjamin Harrison, President of the United States of America, by virtue of the power to that end conferred upon me by said act of Congress, approved July 26, 1892, do hereby direct that from and after Sept. 1, 1892, until further notice, a toll of 30 cents per ton be levied, collected and paid on all freight of whatever kind or description passing through the St. Mary's Falls Canal in transit to any port of the Dominion of Canada, whether carried in vessels of the United States or of other nations, and to that extent I do hereby suspend from and after said date the right of free passage through said St. Mary's Falls Canal of any and all cargoes, or portions of cargoes, in transit to Canadian ports."

It Was Carefully Considered.

WASHINGTON, Aug. 22.—Included in the aftermath of the Canadian retaliation proclamation is a statement that this clause has been under careful advisement since before the adjournment of Congress. After the act of July 26, authorizing retaliation, had gone through both Houses without opposition, it was stated that the members of the Foreign Affairs Committees, who reported the bill, had done so at the personal request of the President. The information is now allowed to leak out that the precise shape which retaliation should take so as to produce the most telling effect on Canadian commerce and precipitate a solution of the difficulty was arrived at after repeated consultations with leading business men of our Canadian frontier, who were called into consultation by the State Department from Northern New York and other parts of the country so quietly that the fact of their presence here on this business is only now made known after their departure and the completion of the Act. The late hour yesterday when the proclamation was given out, and the fact that Canadian newspapers very largely follow the English fashion and publish no Sunday edition, sufficiently explains why so few echoes have yet been heard from Canada.

It is said in administration circles that the ground was so carefully gone over before hand that Canada is not left a leg to stand on, and must give in to the American demands and immediately revoke the order-in-council of April 4 last authorizing the discriminating rebate of 18 cents a ton on grain products shipped to Canadian ports and refused to all American merchandise. Equality of tolls in the Welland Canal was one of the distinct pledges made by article 27 of the treaty of Washington of 1871 and which Canada has profited so largely.

Another fact much commented on here is the humiliating position in which the Governor-General, Lord Stanley, and the Canadian ministers have placed the British Legation in Washington.

Mr. Herbert, the British Charge d'Affairs, twice asked of the United States Government an extension of time, stating that he did so as the request of the Canadian authorities, and on the last occasion, Aug. 6, holding out on the same authority a promise of some satisfying action, yet, the first news of the decision of the Canadian Government to continue the obnoxious rebate until the end of the navigation season, that is, until a period when retaliation would be harmless; came to State Department, not from the British Legation, which had been led to promise early and satisfactory information, but from the United States Consul-General in Ottawa. When Mr. Herbert journeyed postal haste from Newport to Washington and was asked by Secretary Foster whether the information conveyed by the United States Consul General was true, he was obliged to confess that the Canadian Government had left him absolutely in the dark, that he had no official communication to make, although he did not question the truth of the Consul General's despatch. It is surmised that Mr. Gladstone's Government and the new Colonial Secretary will not let this apparent gross discourtesy on the part of the Canadian powers to the British representatives pass without fitting rebuke.

Feeling in Montreal.

MONTREAL, Aug. 22.—There was a feeling of surprise in Montreal yesterday when it was learned that Harrison had put the power accorded him by Congress into effect, and people interested were at first inclined to doubt it. The managers of the different transportation companies were chary of speaking. Mr. Van Horne said in answer to an enquiry that he had nothing more to say beyond what had already been published as coming from him. Mr. Thompson of the Merchants' Transportation Company, who is interested to a very large extent, was also reticent and had nothing of any consequence to say beyond what he has already said. A rate of 20 cents a ton would ruin the Canadian trade. There is a general feeling of relief that the rate has been fixed so low and that the American Government had left the Canadian Government until Sept. 1 to act and the belief was expressed by one prominent shipping man that the Government would be enabled by some means or other, while satisfying the demands of the United States Government, to relieve them of the burden to which the proclamation would submit them.

The News At Ottawa.

OTTAWA, Ont., Aug. 22.—The intelligence that President Harrison has issued his proclamation against Canada has created no little excitement here. The members of the Government with the exception of the Postmaster-General, the Minister of Railways and Canals and the Minister of Agriculture are out of town. None of them are disposed to express any decided opinion at present as to what action Canada will take now that the American Soo Canal is to all intents and purposes closed to Canadian vessels owing to the prohibitory duties.

President Harrison's action was totally unexpected. Judging from the undercurrent of feeling displayed in official circles the Canadian Government will likely not yield.

It is surmised, however, that a full meeting of the Cabinet will be held at an early date to consider the situation.

Rev. W. W. Carson of Detroit is here. He said to the Associated Press to-night: "Unquestionably President Harrison's proclamation is an indication of the desperate strait in which the Republican party finds itself on the eve of an election. It may please the enemies of England to strike a blow at Canada, but it will awaken the hostility of every Canadian in the States against the President. The result will be a great Democratic gain and a guarantee of Cleveland's election."

Sir Adolphe Caron, Postmaster-General, was seen to-night. He declined to express an opinion until the cabinet had met.

The Cardinal's Jubilee.

QUEBEC, Aug. 22.—All incoming trains are loaded with French-Canadian visitors from all parts of Canada and the United States, who will take part in the great festival of St. Jean Baptiste and the celebration of Cardinal Taschereau's golden jubilee, both of which takes place Sunday, Monday and Tuesday. This afternoon the different St. Jean Baptiste societies of the Dominion and the United States will be presented to his eminence.

The Miners' War Over.

CHATANOOGA, Tenn., Aug. 22.—The war of the Tennessee miners is evidently over. Gen. Carnes is in possession of Coal Creek and reports his entire ability to care for all of the hostiles with the military and has ordered the volunteer citizens to return to their homes. The casualties among the troops and the citizens amount to 5 killed and about 15 wounded. The miners' loss has not yet been learned, but many of them must have been killed or wounded, as Col. Woolford is certain that six of them were killed in the early morning attack on his column. Two hundred miners are prisoners in the hands of the militia.

THE BLOCKADE BROKEN.

THE BUFFALO STRIKE NEARING AN END.

The Railway Companies, With the Assistance of the Military, Move Their Trains With Non-Union Crews—A Great Amount of Freight Moving East at the Present Time.

BUFFALO, Aug. 22.—The most sanguine of the striking switchmen can no longer deny that the roads are moving freight. Since the resumption of work yesterday morning the Central Company has moved more cars than ordinarily and the prospect of events arising that would impede further progress is hourly diminishing.

The congested condition of the yards at Black Rock has been relieved to such an extent that all embargo on western freight is practically removed, and cars that have been held back along the Michigan Central are being shoved across the International Bridge in numbers that exceed the ordinary influx. Since the first train was started for East Buffalo at 11 o'clock yesterday morning trains have continued to run over the Belt Line between the Rock and East Buffalo yards as fast as they could be made up by the non-union crews. Since 1 o'clock last night and up to 3 o'clock this afternoon 15 trains, or runs as they are called, have been sent eastward from the Black Rock yards. Stock, dairy and other perishable freight has been given the usual preference, and has moved with promptness and dispatch.

The Erie made their first attempt to start freight out of the Black Rock yards yesterday. It was the first sign of life that has been manifested in the yards since last Monday. Only one train was sent over this morning and another this afternoon. It is not probable that any attempt to work the Erie yards north of East Buffalo will be made to-night. The Central, Erie and Lehigh are all working vigorously at East Buffalo. The Erie sent six full trains east this morning, the Central have done a trifle better and the Lehigh about the same. The soldiers still patrol all yards in which there has been any trouble and have had to deal more with the crowds of spectators who have flocked around the yards than with the dissatisfied railroad men during the day.

Late Saturday afternoon the Central sent a train of hard coal from East Buffalo to Black Rock. The movement of coal is strong evidence that the yards are getting pretty well cleared up, as it is about the last product that would suffer by delay. The Erie moved 66 grain line cars this morning, besides taking all lake freight that was loaded to the East Buffalo yards. The local and transfer freight from the Louisiana-street house is being got out as fast as it is ready for forwarding. The operations of the yards to-day have been a victory for the companies.

The Food Supply Affected.

NEW YORK, Aug. 22.—The effect of the switchmen's strike is beginning to be seriously felt in this city. While the officials of the Erie and Lehigh Valley Railways say freight is being fairly well handled by their lines, wholesale dealers are grumbling at the delay in receiving goods. Perishable stock is found to be in bad shape upon arrival and some delivered had to be sent to the offal dock. Butchers are complaining of a shortage and fresh beef has been increased several cents a pound. The railway officials say this is done without reason.

No Trouble on the Grand Trunk.

MONTREAL, Aug. 22.—Mr. Wainwright, Assistant General Manager of the Grand Trunk Railway, does not believe the dispatch which states that the Grand Trunk yardman had refused to handle 150 Erie cars at Niagara. No official report had been received at the head offices to that effect, and Mr. Wainwright states that a refusal of the men to work would have been reported at once had it really occurred. He says that the company's traffic has been but slightly interfered with and that there is no reason to expect further trouble.

A GHASTLY BURDEN.

One Man Killed and Another Nearly Overcome by Gas in a Well.

SHAMOKIN, Pa., Aug. 22.—After discharging a shot in a new well in Shumantown yesterday Eli Heilner went down before the smoke had cleared and was overcome by gas.

Lewis Hartman responded to his cry for help. He had hardly reached the bottom before he grew faint. The bucket would not bear two and each wanted the other to go up first.

Finally Hartman bundled Heilner in the bucket and told the men overhead to pull. When nearing the top Heilner fell, and, narrowly missing Hartman, struck the rock, killing himself.

Hartman had strength enough to draw himself and the corpse to the bucket, but fainted before he could signal. The man at the windlass saw the rope shake, thought something was wrong and hoisted it. When the bucket and its ghastly burden reached the top many persons fainted.

It is thought that Hartman will recover.

THE "PRINCE" DESERTED.

He Is in Prison and His Wife Secures a Divorce.

DETROIT, Aug. 22.—Mrs. Michael E. Mills, wife of "Prince" Mike, former ruler of the Flying Roll colony, but who is now in Jackson Prison, was granted a divorce by Judge Brevoost Saturday. She appeared in court accompanied by Attorney Robbins. Divorce was granted on the ground that her husband had been convicted of a felony and sentenced to more than three years imprisonment. There may be some question as to the validity of this divorce. It was not granted on any allegation in Mrs. Mills' original bill, but on a supplementary bill filed a few days ago, which was practically a new affair, and the law requires that four months must intervene between the filing of the bill and the granting of the decree.

Praying the Other Way Now.

HALIFAX, Aug. 22.—For several weeks farmers of Prince Edward Island prayed for rain. Their prayers were answered. Six inches of rain fell in four and a half days, and now they are praying for fine weather. Floods have ruined thousands of tons of hay. Lightning was terrific. Many barns were struck and burned.

RECEPTION TO HON. EDWARD BLAKE.

It is not surprising that the gratitude of the Irish citizens of Toronto towards Hon. Edward Blake should take for its expression the form of a reception on the occasion of his return to his home. The arrangements for such a reception have been placed in the hands of a representative committee, including leading Irishmen of Toronto and of the leading centres, and the good judgment of the promoters of the reception is strong in the case of Peterborough by the selection of Mr. Councillor Cahill as a member of the committee. While it is natural and fitting that the Irish element of the Canadian population should take the lead in doing a deserved honour to the brilliant member for South Longford, it is also fitting that all Canadians should join with them, at least in spirit. Though Hon. Mr. Blake's new relations to the Irish Parliamentary Party and Imperial politics has been assumed in the interests of the extension of the benefits of Home Rule to Ireland, they have a wider significance. Mr. Blake's presence in the Imperial Parliament is a practical proof of his unflinching faith of the success of the Home Rule system applied to Canada. He has shown by both his acts and the eloquent words he knows so well how to use, that Home Rule has given to Canada the best possible advantages for the development of her national resources and civic institutions of the highest possible character, while it has served instead of alienating, of drawing still more closely and indissolubly the bonds of political as well as sentimental attachment. Mr. Blake's entrance into Imperial politics has served a more practical purpose. It has served to draw the attention of the British people to Canada in a manner never accomplished before. In the few weeks Mr. Blake has been in the Old Country, Canada and her affairs have been more discussed in press and on hustings than in as many years preceding, and such discussion centreing around the most distinguished type of Canadian the country has ever produced, must associate in the British mind, political and financial, ideas of Canada, its institution, resources, calibre and the spirit of its people are of a correspondingly elevated and favourable character. It is therefore evident that the occasion of his return to his native country, would be a fitting opportunity for especially honouring Canada's gifted son, who in his short stay in the old land, has won not only willing praise from his political sympathisers, but by the eminence of his talents as statesman and orator, has wrung unwilling, but honest, tributes to his talents, abilities and exalted character, from his most bitter and bigoted political opponents.

A most estimable lady almost destroyed until Dr. Butler's Golden Pills came to the rescue. After their use for a short time she was able to resume her duties, after suffering untold misery from nervous prostration and the ills that attend that most distressing disease. These, if not checked in time, lead to insanity and death. Golden Pills are guaranteed to cure all nervous and blood diseases.

A Sensible Man

would use Kemp's Balsam for the throat and lungs. It is curing more cases of coughs, colds, asthma, bronchitis, croup and all throat and lung troubles than any other medicine. The proprietor has authorized any druggist to give you a sample bottle free to convince you of the merits of this great remedy. Large bottles 50c. and $1. dw

Diarrhœa and Vomiting.

GENTLEMEN,—About five weeks ago I was taken with a very severe attack of diarrhœa and vomiting. The pain was almost unbearable and I thought I could not live till morning, but after I had taken the third dose of Fowler's Wild Strawberry the vomiting ceased, and after the sixth dose the diarrhœa stopped, and I have not had the least symptom of it since.

A Very Common Error.

Often Results in Death.

A very common error of our day, and one probably fatal in some cases, is the feeding of infants upon arrow-root, corn-starch and similar farinaceous foods, either with or without milk. Such foods have almost no material food value to the child, as they consist almost entirely of starch, and the glands in the infant that digest starch are quite undeveloped in the first two or three months of life.

The mothers who obtain the grandest results in the dieting of their babies, are those who daily feed the little ones on pure and health-giving Lactated Food. This scientific Food is specially prepared for the infant who cannot be fed from nature's fount. This Lactated Food is the nearest approach of any in the world to breast milk, and possesses the same life-giving principles. Lactated Food is a preventive of dysentery and diarrhœa; it removes irritation and all tendency to inflammation of stomach and bowels, and is always retained and relished by the weakest stomach.

Norwood News.

Norwood's Civic Holiday is on September 2nd.

Norwood's rate of taxation this year is 23 mills on the dollar.

The Norwood band has been engaged to play at the excursion to the Thousand Islands on the 29th inst., under the auspices of the Havelock Workmen and Oddfellows.

Mr. W. H. Minaker, while working with his hoes the other day, was so severely stung that for a time it was thought that his life was in danger. Under prompt medical treatment he gradually recovered and is now in his accustomed state of health. In a few minutes after the occurrence his left arm was so swollen that he found it impossible to get his coat on.

The Presbyterians are talking of running an excursion to Idyl Wild, via Peterborough, on civic holiday, Sept. 2nd.

The *Register*, remarks the local brethren, are very much annoyed at the failure of the Peterborough and Lakefield brethren to keep their engagements. They say they visited Lakefield on the 12th of July on the distinct understanding that the visit was to be returned on the 12th of August. It will be a long time before Peterborough and Lakefield will see an East Peterborough lodge on their streets again.

Official Dairying.

A Document Bearing on the Possibility of Winter Dairying.

The advance sheets of part of the Dominion Dairy Commissioner, Mr. Jno. W. Robertson's annual report, give particulars of the winter dairying at Mount Elgin and Woodstock Dominion Dairy Stations up to April 30th, 1892. There was some delay in obtaining the final Account Sales of the shipments of butter which were sent to Great Britain. Some of the butter was held in warehouse at Liverpool and elsewhere, longer than it should have been held by the consignees if my directions had been followed. In consequence, it came into competition with the grass made butter of England, and failed to realise a price which was quite satisfactory. Besides there were complaints concerning the quality of a few lots of it, from the development of a flavour which seemed to come from the feeding of roots, which had been kept badly during the winter.

The commissioner states:—I had the honour to recommend to the Minister of Agriculture that the patrons of the Mount Elgin Dairy Station be paid for the butter which was manufactured to the end of February at 24 cents per lb., and for the butter manufactured during March and April at 21 cents per lb; and that the patrons of the Woodstock Dairy Station be paid for the butter which was manufactured to the end of February at 22 cents per lb., and for the butter manufactured during March and April at 21 cents per pound. It is my opinion that the butter could have been sold to realise these prices for the patrons, had it been sold without any regard to advertising the growing importance and possibility of developing a large trade in winter-made butter with Great Britain in the near future. These prices should be satisfactory to the patrons, as the result of the first experiments in this direction, and I am confident that in coming years, with market prices equal to those which prevailed during the winter of 1891-92, our winter made butter from creameries would command a relatively higher price. The experience of the one season has brought to light a few facts which I take the liberty of emphasising here for the benefit of those farmers and factorymen who intend to continue or commence this branch of dairying.

I. An abundant supply of succulent feed should be provided for the cows for fall, winter and spring. Corn ensilage is cheapest and best; corn fodder comes next in point of economy and suitability; carrots, mangels, or sugar beets, with hay, straw and bran or meal, make excellent rations, but they cost too dear for profit. At pages 26 to 44, 78 to 84, and 99 to 109 of my Annual Report, detailed information on the combinations of feeds will be found.

II. Where these feeds have not been provided by the patrons, to alter a cheese factory and equip it for winter, butter-making would only invite failure and create dissatisfaction.

III. As far as practicable, milking cows should be kept in stables where the temperature is comfortable—never below 45° and never above 60° Fahr.

IV. The milk from a few fresh-calved cows imparts such a quality to the flavour of the whole quantity of butter, which may be made in a creamery from November to March, as will increase its value in the British market by from one to 4 cents per pound.

V. To supplement the general directions which are contained in my annual report, I will furnish specific information, to those who apply by letter giving the plans of buildings and other particulars, on the details of effecting the alterations in cheese factories, on the most suitable packages in which to put the butter, on the engagement of competent butter makers, and on the shipment of butter to the British market from those factories whose managers desire to dispose of the product in that way.

VI. It will be better policy to delay for one year the altering of a cheese factory and its equipment for butter-making during the winter, than to begin this new business before the manufacturer and patrons are both quite ready to conduct it with success.

"Feak and Weeble"

A friend of mine had an odd way of mixing her words. Perfectly unconscious of it, she would often make folks laugh. She would speak of feeling "feak and weeble" for weak and feeble, and "easter ill pods" for easter oil pills. But she was weak and feeble, until she took that powerful, invigorating tonic, "Favorite Prescription," which so wonderfully imparts strength to the whole system, and to the womb and its appendages in particular. For overworked women, run-down women and feeble women generally, Dr. Pierce's Favorite Prescription is unequalled. It is invaluable in allaying and subduing nervous excitability, irritability, exhaustion, prostration, hysteria, spasms and other distressing, nervous symptoms, commonly attendant upon functional and organic disease. It induces refreshing sleep and relieves mental anxiety and despondency.

Took the Veil.

Tuesday last was a day of unusual interest in the annals of St. Joseph's convent, Lindsay, it being the occasion of the reception of two young ladies into the community. The impressive ceremony was performed by his lordship Bishop O'Connor, of Peterborough, who also celebrated the high mass. Rev. Father Klarise, who has been conducting the retreat, addressed the newly received members in most eloquent terms upon the duties and privileges of "Religious life." There were present in the sanctuary, besides the clergy already mentioned, Rev. Father Murray, Cobourg; Very Rev. Vicar General Laurent and Rev. Father Scanlon, of St. Mary's church, Lindsay. The young ladies who received the habit were Miss M. Maher, of Cobourg, in religion Sister M. Eleanor; and Miss M. Carroll, also of Cobourg, in religion Sister M. Cecilia. The ceremony was necessarily private owing to the rather small dimensions of the convent chapel, which was found no more than sufficient to accommodate the visiting sisters who were assembled at the mother house for retreat, and the numerous friends of the young ladies who received the veil.

An Old, Old Timer.

The Campbellford *Herald* says that on New Year's day next, old Mrs. Taft, still in full possession of all her faculties, smart as a bee, and at present staying with her daughter, old Mrs. Frederick, will be ninety-nine years of age. Mrs. Frederick, herself, is now sixty-eight. Mrs. Taft is a native of Adolphustown; her maiden name was Greenleaf; she was twice married; first to Cornelius Greenleaf; two daughters by this marriage afterwards became Mrs. Sweet and Mrs. Hennessy. Greenleaf died; she then married a Mr. Taft and became the mother of ten children, seven of whom survive. Mrs. Taft was left a wealthy widow over thirty years ago. At seventy-five she shows an enlarged photograph, without a wrinkle or a grey hair. The family is of Dutch extraction.

To Preserve

The richness, color, and beauty of the hair, the greatest care is necessary, much harm being done by the use of worthless dressings. To be sure of having a first-class article, ask your druggist or perfumer for *Ayer's Hair Vigor*. It is absolutely superior to any other preparation of the kind. It restores the original color and fullness to hair which has become thin, faded, or gray. It keeps the scalp cool, moist, and free from dandruff. It heals itching humors, prevents baldness, and imparts to

The Kingston *News* says:—A Kingston man who travels a good deal says that the prevailing opinion of the Kingston Lacrosse Club is that it is very slow. They talk quite a lot in the press, but never seem anxious to back up their words. Tats, however, is a wrong impression, as the Kingston boys are always open for engagements. The Belleville *Ontario* retorts and the EXAMINER accords in its opinion as follows:—Of course they are, but they always take care to make their terms such as they know will not be accepted. What the Kingston traveller heard exactly sets forth the situation.

The Peterborough lacrosse club asked the Kingston team to give them a match yesterday in Belleville, but as usual, the Limestone players found an excuse for declining. —Belleville *Ontario*.

The Band Try to Cage Their "Crowe."

When Wm. H. Crowe, a member of the band, received from the firemen at their picnic on civic holiday a handsome bird cage the citizens fully expected that the band would use the said cage to confine their "Crowe," but the pesky fellow with his "Bill" has broken the wires of his cage and has succeeded in gaining his liberty again. He was seen flying around the streets on Friday and Saturday, owing to the citizens with his band subscription book for funds towards the new instruments but it appears from the list published in to-day's issue that his wings have not been injured by breaking loose from the cage. The citizens will cherish a hope that as soon as the $1,000 are raised, the band will re-capture the "Crowe" and cage him for ever, or else he may be out endeavouring to raise funds for new uniforms on behalf of the band.

A Singular Coincidence.

A singular circumstance exists in the fact, to which attention has never before been publicly called, that the sum of the digits of the numbers of the three courts of the Canadian Order of Foresters in town are exactly identical. For instance, Court Peterborough, No. 29—2 and 9 are 11; Court Little John, No. 92—9 and 2 are 11; Court Langton, No. 344—3 and 4 and 4 are 11. The "ones" that compose this total are also a type of the unity—"one"ness *Concordia*—that exists between the three courts mentioned and which, if there is anything in the expression, "there's luck in odd numbers," may account for the prosperous and flourishing condition of all three courts, which makes Peterborough one of the most populous and prosperous—and the most prosperous and populous in proportion to its population—centres of Canadian Forestry in the Dominion.

Bankrupt Stock still in the ring. Everything goes at T. Dolan & Co.'s store at your own price.

TO THE BUYING PUBLIC.

People of Peterborough, buy no goods after six o'clock to encourage the early closing movement and give the boys a chance to get a mouthful of fresh air; as I am aware you never give them anything but lots of lip. If this is not carried out clubs will have to be used.

Respectfully yours.
J. DOLAN.

Dropped Dead on the Street

A bay horse belonging to Mr. Wm. Donnely who resides a short distance south of the town, while being driven, dropped dead in the harness at the corner of Stewart and Sherbrooke streets this morning in front of Mr. W. Stock's bakery. The animal was a valuable one. Heart disease is supposed to be the cause of its death.

Excursion Postponed.

Owing to a slight mishap to the steamer Columbian on Saturday evening the excursion announced to take place to-day from Peterborough to Bobcaygeon has been postponed for a few days. The date will be advertised in the DAILY EXAMINER as soon as the repair has been made. A large number were disappointed this morning but it could not be prevented as the accident happened late on Saturday evening.

A Peterborough Horseman to the Fore.

The *Canadian Sportsman* of August 10th says: "The Canadian horses as usual got away with their share of the plunder at the Banner meeting at Port Huron, as they are the richer by about $4 000 of American gold. The leading winners were Charlie Ray, who landed one first, a second, a third and a fourth, and J. J. Baron, who took one fourth and a third." Mr Ray is an old Peterborough boy, and is one of the most noted horsemen in Canada to-day.

CARD TO THE LADIES.

Miss Neild will resume charge of our Dress and Mantle making department on Sept 1st. Orders are now being booked for that department. Ladies will kindly make a note of this, as we are prepared to give close and careful attention to all advance orders.

Business Changes.

Mr. Jno. McKee, druggist, is having fitted up in the most modern and convenient manner the double store recently occupied by James Dolan, two doors south of his present stand to which he will remove in a short time. Mr Bellegham has the contract and the shop is being fitted up in the usual good style that Mr. Cox fits up all his stores for good tenants.

Mr. Jno. McClelland will remove shortly to the store to be vacated by Mr. Jno. McKee, and it will be fitted up in splendid style for Mr. McClelland's jewellery business.

An Explosion Creates a Blaze.

An alarm of fire rang out at 3 30 o'clock this morning and the fire fighters were swift in answering the summons. The blaze proved to be in Mr. George Aherne's residence opposite the South Ward school on Sherbrooke street. A lamp had been left burning all night sitting on a stand in an upstairs room and by some means the kerosene vessel exploded, the fluid flying all over the room and igniting several articles. The incipient blaze was subdued by water, the latter doing more damage to the room and furniture than the fire itself. The loss on the furniture, carpets, etc., is $100, insured. This is the third instance within the past few weeks of fires being started by the explosion of burning lamps. This is doubtless due to the bad practice of burning cheap and inferior grades of coal oil.

Salvation Army Armaments.

Soribe Landers, secretary of the divisional office, Kingston, who is a converted Jew and a prominent member of the Army, will be present at the meeting in the Simcoe street barracks this evening and deliver an address. There should be a large attendance.

Staff-Capt. Southall, of Kingston, will be present next Saturday, Sunday and Monday and will take part in all the services. On Monday night the regular harvest home service of the Army will be held. The barracks will be decorated with grains and fruits.

A musical entertainment in the interest of the band will be held on Thursday evening next, the proceeds of which will be devoted towards purchasing new music. The event on Thursday has been named a "Musical Blizzard."

Adjt. Michiel and wife are proving themselves earnest and energetic commanders of the local corps. The meetings and Army since their advent here have been flourishing and largely attended.

The Lucky Eleven.

XI Make a note of it! "'There's luck in odd numbers,' says Rory O'More," and that's why the grand union excursion which makes "the charming circle of the lakes" on August 25th—but where do the odd numbers come in? Why, 11—odd collectively and in its individual units. The digits of the numbers of Courts Peterborough, No. 29, and Langton, 344, added together make 11, a symbol of the union and harmony of the two courts, which will make the union excursion on August 25th so brilliant a success. You leave the Grand Trunk station at 7 a.m., embark on the steamer Sunbeam and palace barge Paragon and make "the charming circle of the lakes," stopping for fishing, eating, and sight seeing at Buckhorn and Burleigh. Popular prices—80 cents adults; children half price. Think the matter over. Now that all the commonplace excursions are over, come join in really first-class excursion,

Into New and Commodious Quarters.

Mr. A R. Mosss, proprietor of the Grand Union tailoring establishment, is, it is stated, going to remove this week from his narrow and confined shop on Water street to the large and commodious premises in the Opera House block, formerly occupied by the Montreal Clothing House. His new place of business has been especially refitted for him in order that he may be able to accommodate the growing and increasing needs of his many customers. He will always aim to keep on hand the best and most carefully selected stock of piece goods possible. His ready-made clothing will all be of his own make, while his ordered work will be of such a character as to suit any and all who may give him a call. Mr. Moses trade since coming to Peterborough has largely and favorably increased and he hopes to satisfy the wants of his hundreds of customers, better in style, fit, quality and make-up than ever, in his new place of business.

News Nuggets.

—The next regular meeting of the School Board will be held on Sept. 6th.

—Mr. Hudson has opened out a shop on Brock street, for household repairing.

—There are nineteen prisoners confined in the county goal, four of whom are women.

—A meeting of the I. A. of M. will be held in the Labor Hall, Simcoe street, this evening.

—Something new in Fancy Table Covers at MISS E. MELVILLE'S 424 George street. Stamping done.

—One week from to-day and all the children in Peterborough will be bidding them-selves to school after the long mid-summer vacation.

—The council will hold a special meeting to-night when the estimates for the current year will be submitted and the rate of taxation struck.

—The "Maple Leaf" baseball club, of Belleville, will play the return match with the Peterborough's here on Wednesday, August 31st.

—A meeting of the junior lacrosse team will be held this evening at 7 o'clock on the P.A.A.A. grounds. Arrangements are being made to play more outside lacrosse clubs.

—The prize list of the Peterborough Central Exhibition, to be held on Sept. 26th, 27th and 28th, has been issued from the EXAMINER presses, and copies may be procured either at the EXAMINER office or the Peterborough Bookstore.

—All those members of the 57th Battalion who are desirous of joining the guard of honor to receive the Lieutenant-Governor to Peterborough at his forthcoming visit, will please meet Capt. E. F. Moore at the drill shed to-morrow evening at 8 o'clock.

—Mr. Joseph Brown, of Emily township, is threshing this year with his first-class steam thresher in the vicinity of Springville. Farmers report the work done by him as splendid, he threshing on average between 500 and 800 bushels daily, cleaning the grain nicely.

—Mrs. Elizabeth Allen, of Ashburnham, who was sentenced in her absence to six months imprisonment in the county gaol for keeping a house of ill repute, and whose conviction was set aside at Osgoode Hall on Friday last, was released from gaol this morning.

—A runaway occurred at the C. P. R. station on Friday. Mr. Wm. Cardwell's horse became frightened at an engine and ran the buggy against a telegraph pole. The whiffletree was broken, and the horse, becoming loose, dashed across the station platform in its fright.

—A meeting of the Peterborough Central Fair directors will be held at the Morgan House on Saturday afternoon next, when the list of attractions for the coming show on Sept. 26th, 27th and 28th will be arranged. This year's exposition promises to outstrip all previous ones.

—Although the sewerage by-law was heavily defeated on its submission to the ratepayers, still it is stated that the arbitrators in connection with the townships of Monaghan and Otonabee's objection in reference to the sewerage being deposited into the river, are willing, and will nevertheless proceed with the arbitration.

—As the 'bus conveying the Pope Hope ball players was returning to town after the game on Saturday afternoon it was followed by a number of hoodlums, who kept jeering at the umpire, and one of the number, of whom an example should be made, threw a stone through the open window, striking B. Edmonds, a player, on the neck, inflicting an ugly gash.

—Mr. Alex. Patterson returned on Saturday from Toronto with his stallion "Harold Hartwood" which has been in training for the past three weeks on the Woodbine track under the care of the well known horseman, Mr. Chas. Ray. The many admirers of "Harold Hartwood" will be sorry to learn that by some means he has sprained the tendons of his off fore leg and had to quit training.

—Many young men have formed a disgraceful habit in lounging around street corners on Sunday and other evenings and making remarks at pedestrians. The police are kept busy ordering them to move on. Peterborough is one of the worst towns in Ontario in regard to street and corner loafing and the police will receive the thanks of every respectable citizen in stopping the unsightly practice.

—The officers of the local courts of the Canadian Order of Foresters have received intelligence that Mr. Thomas White, High Secretary of the High Court, Canadian Order of Foresters, will in the course of his holiday trip, pay a visit to the local courts on Wednesday next when a general meeting of the members will be held in the Foresters' hall on Simcoe street. On Thursday he will accompany the joint excursion of Courts Peterborough and Langton around the lakes. It is hoped that as many members of the court as possible will take in the trip and enjoy the outing with the distinguished brother who so enjoys the confidence of the brethren at large.

The Jingle of Wedding Bells.

The Nuptials of Mr. Thos. W. Tobb and Miss Mary Rutherford.

A happy matrimonial event was that which transpired at the residence of Mrs. A. Rutherford, 539 Reid street, at the early hour of seven o'clock this morning, when Rev. J. H. Locke, pastor of the George street Methodist church, performed the solemn function which united for the span of life's career, Mr. Thos. W. Tobb, one of Peterborough's most promising young men to Miss Mary, fourth daughter of the late A. Rutherford. Only the immediate relatives and most intimate friends of the contracting parties were present on the auspicious occasion. The charming bride who was handsomely attired in a gray travelling dress was given away by her brother Dr. Rutherford of Milwaukee, Wis., while Miss Maud Bradburn performed the duties of bridesmaid and Miss Josie, sister of the happy bride, acted as maid of honor. Mr. F. Coleman, of Toronto, assisted the groom. After the interesting event the happy couple attended by the guests sat down to a choice wedding dejeuner which was duly partaken of amid mutual friendships and hearty felicitations. At 8 20 Mr. and Mrs. Tobb left via G.T.R. for an extended wedding tour to Chicago, Milwaukee and other western metropolis, followed by the best wishes and fondest hopes of a multitude of friends. The groom has been the efficient assistant postmaster in Peterborough for some time and also holds the commission of lieutenant in "A" Company of Peterborough's defence forces. The bride is well acquainted in Peterboro where her amiable disposition and many noble graces endeared her to all. The presents were many, and from their number and value testified to the high regard in which the uniting young couple were held. On their return Mr. and Mrs. Tobb will repair to their handsome house on Rosedale Avenue, where they will be wished a long life of connubial bliss, attended with few cares, by their numerous friends.

Church Chimes.

Rev. Geo. Edwards, pastor of the Charlotte street Methodist church, after his holidays, occupied his pulpit again yesterday. He announced his intention of preaching a series of sermons on the Lord's Prayer, and took as his text in the morning, "Our Father who art in Heaven."

Rev. E. F. Torrance, who has been holidaying for six weeks in the Maritime Provinces, occupied his pulpit in St. Paul's Presbyterian church yesterday. His congregation welcomed him back by turning out in large numbers at both the morning and evening services.

Rev. S. T. Bartlett, of Lakefield, preached two eloquent sermons in the George street Methodist church yesterday. The pastor, Rev. Mr. Locke, was ill and unable to officiate.

Toronto Industrial Fair.

The great event in exhibitions in Canada is the Toronto Industrial Fair, which opens this year Sept. 5th and closes Sept. 16th. It will be specially interesting on account both of the large and comprehensive prize list, and because of the special attractions to be offered. So great has been the demand for space in past years and to such large proportions has the Fair grown, that more space became a necessity and after repeated efforts the directors have secured additional accommodation on the Garrison Commons. A large new grand stand and a new speeding ring will be ready by opening day. The plan for the stand shows a design of the most complete character, with offices and side rooms to meet the convenience and comfort of all who may be engaged in the ring, or who may wish to remain as spectators of the speeding and other attractive events. Every farmer in the province ought to see this Fair. The special attractions this year are very numerous and are much superior to previous years. Cheap fares will prevail on all railroads.

THE VISITORS VICTORIOUS

In the Match Between Port Hope and Edison Clubs.

By a Score of 14 Runs to 4—A Scientific Game and Excitement Galore—A Prejudiced Umpire—The Visitors Play Many Outsiders on Their Team—Catches and Muffs.

The Edisons were defeated badly in the baseball game on Saturday afternoon on the P.A.A.A. grounds by a so called Port Hope nine who came up to Peterborough to play the return match with the electricians, and as one player expressed it, "they were going to win at any cost, come what may." About three hundred interested spectators gathered at the grounds to witness the memorable struggle, and they had the gratification of seeing a good game which was defaced only by the partial and ignorant decisions given by Mr. T. J. O'Neil, the umpire from Port Hope. To deal specifically with these decisions would be of no benefit, but in the fifth innings Mr. Wm. Salisbury was called out on the field to see that things went aright during the remainder of the game. Before the contest ended, Port Hope with her imported battery, Coby and Fitzgerald, who are the well known 'Varsity pitcher and catcher from Toronto, and the Edmunds brothers and Andrus who plays with Cobourg and other first class teams, one of the latter, R Edmunds, being an out and out professional, playing with Cobourg, and Andrus who earns his medical education by playing the scientific game, succeeded in winning, but is was not much honour, the outside public will think, to defeat a strictly amateur and home team by such ignominious means.

Following is the way the game was told: The Edisons went to bat first. Barnes hit to second base but was caught at first. Parks made a hit, Leaders swiped for a two bagger, McCabe struck out. LePage tipped to pitcher and was caught at first.

For Port Hope Andrus knocked to McCabe, out. R. Edmunds struck out, Hamely knocked to pitcher, out at first. Edison 0, Port Hope 0.

2nd innings. Pomfret struck out Hobbins made a hit. Sweetlove hit to pitcher, out. Elliott fanned the breeze. For Port Hope Fitzgerald flew to Le Page. Coby got his base on balls, A. Edmunds hit for first. Mingead club and the ball failed to encounter. Ganeby reached first on McCabe's error and Coby stole home scoring the first run for Port Hope. Marvin took first on balls and on Andrus' three bagger A. Edmunds, Ganeby and Marvin came galloping home, making three more runs. R. Edmunds was caught as he was leaving Andrus on third. Score, Edison 0, Port Hope 4.

3rd. innings. Barnes struck by a pitched ball took his base. Parks pounded to pitcher who threw to second to first, a neat double play being made. Leaders hit to right field and secured first, stole second, McCabe struck three times in vain.

Hamly flew to LePage on second. Fitzgerald hit, Coby got his on Pomfret's error. A. Edmunds evaporated at first but Fitzgerald got home. Mingead made a hit to left field, Ganeby hit along the line striking Coby who came running home. The umpire ruled that the run was all right, that the hit was a foul, but the Edison affirmed that it was a fair ball being along the line and that the baserunner being hit by a batted ball was out. A lively scene followed and the umpire came in for some severe reprimands for his unfair decisions, which he obstinately refused to alter. Ganeby struck out. Score, Edison 0, Port Hope 6

4th innings. LePage got his base on balls but was caught napping at second. Pomfret and Hobbins expired at 1st bag.

Marlin failed to solve McCabe's curves. Andrus knocked a "dandy" to right field, but Elliott muffed it and batter got 1st. On R Edmunds crack to right field, Andrus crossed the home plate, but batter was put out at second. Hamly and Fitzgerald introduced themselves to first on hits. Coby's "skier" was well taken by Leaders. Score—Edison 0, Port Hope 7.

5th innings—Sweetlove, struck out, Elliott tipped to pitcher, and Barnes hit was nabbed on third.

A. Edmunds, Mingead and Ganeby were all put out at first in quick succession. Score—Edison 0 Port Hope 7.

6th innings. Parks got first on Mingead's short stop, error. Leaders flew to right field. McCabe attained his base on R. Edmunds error. LePage ditto, Pomfret struck to right field, Parks and McCabe came home scoring, amid vociferous cheering, the first two runs for the electricians. Hobbins died at first and Pomfret retired at second.

Marvin hit, likewise Andrus in good style. On R. Edmunds three bagger Marvin and Andrus made the full circuit of the bases. Two more runs for Port Hope. Hamly terminated at 1st but Edmonds scored still another run for the visitors. Fitzgerald got his base on balls. Coby whacked to 2nd to 1st, out. A. Edmunds got first on Pomfret's error. Fitzgerald scored another. Mingead hit to right fielders territory, but Edmunds was put out pertaining second. Score, Edison 2, Port Hope 11.

7th innings. Sweetlove by bad outfielding made three quarters of the whole round on a hit. Elliott made a sacrifice hit, was put out at first but Sweetlove got home scoring another run for the Edison's. Barnes knocked a grounder to 3rd, the ball was fielded to first but on a muff by the baseman runner got 2nd. Parks lifted the leather out to right field taken by Edmunds in good style and Barnes starting to run from second was put out.

Mingead flew to short, Ganeby dropped in the right fielders paws. Marvin reached by bad infielding while Andus' foul was taken by the unerring Leaders. Score, Edison 3, Port Hope 11

8th innings—Leaders got first on bad fielding, McCabe perished at the first base, LePage's balls and Hamly's hands were clasped in hearty greetings and Leaders was retired at second base by a good throw.

R. Edmunds on centre fielders muff, made the "continental tour" home, piling up another run for Port Hope. Hamly hit and Fitzgerald trotted to first on balls, so did pitcher Coby. On A Edmunds hit Hamly and Fitzgerald came galloping home, Mingead flew to L. f. Mingead to s. s. and Marvin had s.o. written after his name in the score book. Score, Edison 3, Port Hope 14

9th innings—Pomfret embarked at 1st unharmed, thieved 2nd and 3rd and on Hobbins grounder got home, batter taking first. Sweetlove and Elliott could not get onto the gist of pitcher Coby's arguments with the ball, and the great game ended, the score standing Edison 4, Port Hope 14. Following is the score and summary of the game:—

CATCHES AND MUFFS.

The next game of the Edisons will in all probability be here on Saturday next, when the Cobourgs will play the return match.

McCabe pitched a rattling game, Leaders received in magnificent form, while LePage was fully up to his usual ability.

The dissatisfaction with Mr. T. J. O'Neil's umpiring was expressed in loud derisive sense and hoots throughout the whole match. This matter of "yelling at the umpire" as it is called was carried altogether too far. A lot of "kids" and ignoramuses in regard to baseball rules, who were around the fences, should be taught moderation at least.

Port Hope won, but she did it by a team composed of ex-professional, professional and ex-league players gleaned from all over Ontario. To win under such circumstances was no crowning glory or transcendant honour. Only three men who reside permanently in Port Hope playing!

The umpire's decisions were the rankest in calling off strikes and balls. The difference between these appeared to him unintelligible, which misapprehension was no doubt heightened by his persistently standing behind the bat instead of in front of the batter near the pitcher.

The Band Instrument Fund.

The Amount Constantly Growing Larger—It now Totals $525, Which is More Than Half the Sum Required—Messrs. Crowe and Logan, the Canvassers, are Hustlers.

The sum in the interest of the new instrument fund for the band is growing in its amount rapidly and, it is hoped, that another week will see the amount required for this purpose, which is $1000, realized. The total amount of money collected up to date is $525. Messrs. W. H. Crowe and Jas. Logan, two vigilant members of the band, have collected the most of this amount and our citizens have responded generously to their solicitations for this fund. They expect in another week to have the required sum collected, when the members of the band will be able to provide themselves with new instruments at once, to replace the old, worn out ones now in use. The 57th Battalion will contribute a considerable sum and in the near future Peterborough will be provided with a band which will be well equipped and first class in every particular and which will be relegated to no second place in competition with the other musical organizations of the province. Mr. F. W. Millar has been the talented and earnest leader of the band for twenty continuous years and has gathered around him a body of 32 first class musicians such as would be difficult to find a better and cleverer class. This organization has always given its services freely to the citizens on every occasion and at all times, and the Examiner is glad to see the healthy interest now being manifested in the instrument fund in contradistinction to what occurred at the outset when such a move was first mooted. Following is a complete list of the subscriptions received up to date since the publication of the last list:—

Horticulturists Meet.

On Saturday Afternoon—The Society's Show to be Held this Year on Sept. 8th.

A meeting of the Peterborough Horticultural Society was held at the office of Mr. J. H. Roper, on Saturday afternoon. Those present were J. H. Roper, John Burnham, M.P., Jas. Stevenson, M.P., Rev. V. Clementi, T. E Bradburn, W. H. Hill and the secretary, Mr. Peter Henry. After much general discussion it was decided to hold this year's show on Thursday, Sept. 8th, in the new market building when it is expected that the citizens will co-operate with the directors in making this year's show of plants and flowers one of the best and most successful in the history of the society. Considerable dissatisfaction was expressed at the meeting owing to the lack of interest and poor attendance and exhibitions made on the part of the citizens, and there was considerable talk of the society disbanding. As the society looks after the Court House Park and does everything in its power to foster the horticultural interest in Peterborough it would be too bad to see the society disbanded. The prize list for the forthcoming exhibition has been issued from the Examiner and copies may be obtained from the secretary. As this has been a good year for the culture of plants and flowers let all the citizens unite in making this year's exhibition of the society a flattering success.

WATCH REPAIRING!

This season, so far, has been a very busy one in our Watch Repairing Department. People are surprised at the excellence of our workmanship, having been under the impression that work, of such a high grade, was not possible outside of the large cities. This department is under the charge of a strictly first-class specialist, who thoroughly understands his business in all its details. Our charges are remarkably low considering the quality of the work.

AN APPLE BLOSSOM ROOM.

A Picture of Loveliness That Dainty Fingers May Fashion

It was fitted up for a happy girl graduate as a surprise on her final return home from college, and it just suited her glowing young beauty. Fortunately there was no lack of money to carry out the bright ideas, though much of the work was done by the hands of those who were planning the room.

The floor was covered with olive velvet filling, lightened by some fine rugs. The walls were tinted pale green, with frieze of darker shade, on which was a decoration of apple blossoms. The ceiling was covered with a delicate shade of pink silk mull, drawn in folds from the edges, where it was confined with a very narrow gilt moulding to the centerpiece. The weight of the silk itself caused a very slight sagging, which gave a billowy effect to the diaphanous staff, through which showed the white of the ceiling.

The windows were hung with lace curtains and finished at the top with simple lambrequins made by draping India silk, flowered with apple blossoms on a white ground, over a slender white enamelled rod. On the side where the folds were shortest was placed a flower-pot bracket, on which was a dainty jar holding a spray of blossoms made by attaching artificial ones to a real branch. Before this window was a steamer-chair, whose woodwork was enamelled white, and whose cane seat and back were covered with a thin padding overlaid with the blossom silk. A down pillow or two completed this most attractive of resting places.

WINDOW IN APPLE BLOSSOM ROOM.

The same silk was used to help make a white frame screen, which one sister, with her ready brush and inventive faculty, had designed and executed. This screen was considered a marvel of art. The wooden frame was made with a broad carved top, and to this was fastened little silk straps for inserting photographs. The wood was decorated so that the pictures would stand against a background of blossom, and a tiny bracket on one fold made a resting place for a vase of flowers under the pictures.

A square looking-glass, whose white frame was decorated with the same ready brush, hung over a toilet table draped with white Madras lace lined with pink. Here were some toilet articles, including a set of white combs and brushes, the backs of the latter adorned with painted blossoms.

All the other furniture was white enamelled wood decorated with blossoms. Some soft petals floated down from the group of flowers that ornamented the headboard and met the lace shams that were lined and crossed diagonally with ribbon bearing some suitable inscription in fancy letters. A coverlet of lace over pink completed the bed.

There were chairs and tables to match the furniture, also a writing desk and a bookcase, the latter hung with curtains of apple-blossom silk. A quantity of the artificial blossoms was used about the room. Some were employed in the construction of a table for the lamp. It was a tiny stand, with single leg and a round top. The top was covered with pink celleloid, which could be cleaned easily, and around the edge was lightly tacked a row of blossoms that trailed carelessly off at one side and were caught up to the leg. Another table was larger, to hold books and work-basket. It was covered with a flowered silk cover and the legs and shelf underneath were enamelled white.

The bureau adornments were exquisite, being all of white lace, silk and blossoms. The silk cushion was frilled with lace, with a sot of artificial blossoms in one corner. The bottles were trimmed to match and little mats made of five leaves out of pink silk, with a touch of yellow floss in the centre, held pin and match trays of silver.

No Other Sarsaparilla has the merit by which Hood's Sarsaparilla has won such a firm hold upon the confidence of the people.

To Improve Cheshire Cheese.

Science has at last been brought to bear upon Cheshire cheese—once pre-eminent in the market but of late rather struggling to maintain its reputation in competition with Canadian and the gradually improving quality of its American rivals. The complaints of "Cheshire" have been a certain lack of uniformity said to be chiefly due to changes in the original process of manufacture introduced with a view to bring the cheese more rapidly to maturity, and thus secure a speedier monetary return. It is admitted, even by experienced makers, that the conditions of successful manufacture are but imperfectly understood, and it is for these reasons that the Cheshire Dairy Institute, in consultation with the Board of Agriculture and other experts, has established its experimental farm, 163 acres in extent, at Worleston, near Crewe, which is in the heart of the Cheshire cheese district. The general plan of the investigations is stated to be that of noting daily the exact conditions under which each cheese is manufactured, and observing, by chemical tests or otherwise, to what extent modifications in the conditions of time and temperature influence the ripening qualities of the cheese and its value when marketed.

A Declining Industry.

Mr. Henderson, superintending inspector of factories and workshops, gives a melancholy account of the condition and prospects of the Lancashire cotton industries. It is estimated that more money has been lost in Lancashire in these trades during the past 12 months than in any year yet recorded. In Oldham alone it is believed that the losses on a quarter's working will not be less than £100,000. The explanation is found in the fluctuations which have taken place in the value of the raw material. In 1890 the American cotton crop was poor in quality, but exceptionally abundant. The result was a serious drop in prices, and spinners who had been accustomed for several years in succession to do well by buying cotton early in the season have, during the past year, been caught, and have had to face a falling market for the raw material and a stagnant market for the manufactured article.

"German Syrup"

For Coughs & Colds.

John F. Jones, Edom, Tex., writes: I have used German Syrup for the past six years, for Sore Throat, Cough, Colds, Pains in the Chest and Lungs, and let me say to anyone wanting such a medicine—German Syrup is the best.

B. W. Baldwin, Carnesville, Tenn., writes: I have used your German Syrup in my family, and find it the best medicine I ever tried for coughs and colds. I recommend it to everyone for these troubles.

R. Schmalhausen, Druggist, of Charleston, Ill., writes: After trying scores of prescriptions and preparations I had on my files and shelves, without relief for a very severe cold, which had settled on my lungs, I tried your German Syrup. It gave me immediate relief and a permanent cure. ©

THEY DIED OF FRIGHT.

Lamentable Scenes in the Cholera Districts of Russia.

ST. PETERSBURG, Aug 20.—The horrors of a frightful storm have been added to the misery and suffering caused by the cholera at Nijni Novgorod. The storm was one of the most frightful that has visited that region. It came sweeping over the town with a force and fury that many buildings were unable to resist. The cholera hospital was full of patients, many of them in a dying condition. As they heard the roar of the hurricane some of them actually died of fright. The terrible noise of the approaching storm was soon followed by the storm itself, which crashed in a large part of the cholera hospital like an eggshell, hurling the beds and wooden walls into a mass of ruin. From the debris came the shrieks and groans of the victims, a number of whom died while the work of rescue was going on.

Other buildings were also crushed, and the tents of the traders who had remained, notwithstanding the cholera, were scatterwith their contents in all directions. The wretched people of Novgorod have had all the courage driven out of them by this latest visitation, and many of the superstitious declared that the Almighty had determined to destroy the city on account of the wickedness of the people. Those who could fly have deserted the place, while the people who remain can be seen in crowds at the shrines and in the churches, praying for the mercy of heaven.

Imperial Federation.

LONDON, Aug. 20.—The report of the committee of the Imperial Federation League proposing a scheme for the defence of the United Kingdom and the British Colonies will be submitted to the council of the league in November. After approval of the scheme Mr. Gladstone will be asked to summon a conference of colonial statesmen to discuss the scheme with representatives of the Imperial Government.

Baron Houghton's Wealth.

LONDON, Aug. 20.—The wealth of Baron Houghton, the new Viceroy of Ireland, is partly derived from American land investments of his father, who held 60,000 acres in the United States. The wealthy and fatherly Lord Crew donated Baron Houghton £10,000 yearly during his tenure of office.

TORONTO TOPICS.

TORONTO, Aug. 20.—Detective Murray arrived in the city last evening with John A. Chrysler, who was convicted before Judge Robb at Simcoe a few days ago on a charge of fraud. Chrysler has turned Queen's evidence, and at the examination of Lawyer E. W. Kelly before the Police Magistrate on Tuesday next will tell what he claims to be the true story of the conspiracy to defraud the school teachers by means of an advertisement inserted in The Globe, offering a big salary to a tutor to travel for two years.

The Attorney-General's department have been requested to send a Government detective to Tilsonburg to inquire into a mysterious poisoning case in that town. For the past year some unknown scoundrel has been in the habit of scattering poison on the various streets and hundreds of valuable dogs and domestic animals have had their existence summarily terminated. A Citizens' Committee was formed to act in conjunction with the local police force and large rewards were offered by both the Town Council and by private individuals for the discovery of the culprit, but without the slightest light being thrown on the affair. The poisoner has been more than usually active of late, and as a result the Attorney-General has been appealed to. A detective will be sent to Tilsonburg in a few days.

William Ferns, a blacksmith at Vanatter, near Orangeville, came to Toronto six weeks ago and married a Queen City widow named Mrs. Greggs. They returned to Vanatter and started housekeeping, but their domestic bliss was short-lived. The other day Mrs. Ferns and her two incumbrances by a former husband packed up and deserted the bridegroom. She is now in Toronto and Ferns would like to get her address.

Cure for Constipation and Headache

Dr. Silas Lane, while in the Rocky Mountains, discovered a root that, when combined with other herbs, makes an easy and certain cure for constipation. It is in the form of dry roots and leaves, and is known as Lane's Family Medicine. It will cure sick-headache in one night. For the blood, liver and kidneys, and for clearing up the complexion it does wonders. Druggists sell it at 50 cents package. dw

The Worst Form.

DEAR SIRS,—About three years ago I was troubled with dyspepsia in its worst form, neither food nor medicine would stay on my stomach, and it seemed impossible to get relief. Finally I took one bottle of B B B. and one Box of Burdock Pills, and they cured me completely.
dw MRS. S. B. SMITH, Emsdale, Ont

The Four Cardinal Points.

The four cardinal points of health are the stomach, liver, bowels and blood. Wrong action in any of these produces disease. Burdock Blood Bitters acts upon the four cardinal points of health at one and the same time, to regulate, strengthen and purify, thus preserving health and removing disease.

Delay is Dangerous.

When the kidneys are out of order delay is dangerous. Any disease may follow and become so well established that months of suffering will follow. A gentle tonic like Dodd's Kidney Pills is always acceptable to the kidneys and protects them from disease. They are a kidney food.

Regulate the liver and bowels by the judicious use of National Pills, they are purely vegetable. dw

No one knows better than those who have used Carter's Little Liver Pills what relief they have given for dyspepsia, dizziness, pain in the side, constipation, and all disorders of the stomach. dw

From the Jaws of Death.

Some surprising effects have been recorded from the use of Miller's Emulsion of Cod Liver Oil in the most desperate cases of consumption. When all other remedies have failed, Miller's Emulsion nearly always succeeds. It is the best kind of a flesh and blood maker, and has been used with marked success by the physicians in the Insane Asylum, Penitentiary, Hotel Dieu, and General Hospital in Kingston, Ont. In big bottles, 50c. and $1, at Peterborough drug stores.

THE BORDEN TRAGEDY.

A New Theory for Solving the Fall River Mystery.

FALL RIVER, Mass., Aug. 20.—The Government is getting its evidence in shape for presentation next Monday. At 9 o'clock yesterday all the policemen employed on the case held a consultation at police headquarters.

It has been learned from reliable authority the State will attempt to prove that Miss Lizzie's motive in committing the crime, if she is guilty, was to gain the estate: that the family had recently been in discussion relative to the making of a will, and that Mr. Borden had already taken preliminary steps in that direction by having commenced to take an inventory of his property. At this family consultation he informed his daughters that it was his intention to draw a will in favor of his wife, because she had been to him a faithful and devoted companion, and to them a true and loving mother, and that in view of these facts he felt that she deserved more at his hands than a widow's dower.

To this declaration of Mr. Borden the state will attempt to prove that the daughters were opposed, and that to it is due the estrangement which is known to have existed among the members of the household. It is thought that this important piece of testimony can be supplied by Joan V. Morse and Emma Borden.

Inspector Hathaway of the New Bedford police has been at work on this part of the testimony for several days. He has found out much to strengthen the Government case, and to-night the feeling in police circles is stronger than ever that Lizzie is guilty.

The Food of the Coming Man.

Prof. W. O. Atwater, the chemist, in an instructive article in the Forum, points out the curious fact, in the extraordinary application of science to practical problems in recent years, one of the most important fundamental problems has been strangely overlooked, viz., the scientific study of food. The coming man will avoid four mistakes that are now largely made: (1) he will not buy as expensive kinds of food as are now generally bought, because some of the least expensive foods are the most nutritive and palatable; (2) with future scientific information the coming man will value food in proportion to their nutritive qualities; (3) if goods are boughten and eaten with reference to their nutritive qualities, and not to mere fashion and habit, it would require a much less quantity to keep a man in his best working condition than is now generally consumed; (4) there will be a revolution wrought in the present way of cooking, which is both wasteful and primitive and far behind our advancement in almost every other art.

Professor Atwater gives the results of practical diets made to show these conclusions. And he asks: "Has man yet reached the highest development? The poorer classes of people, and few realize how numerous they are—the world over are scantily nourished. The majority of mankind live on a nutritive plane far below that with which we are familiar. We may hope for the best culture, not of the intellectual powers, but of the higher Christian graces in the minds and hearts of men, in proportion as the care of their bodies is provided for. Happily, with the advance of knowledge comes the improvement of material conditions. May we not hope that the future development of our race will bring that provision for physical wants which is requisite for the best welfare of mind and soul?"

Alone on the Ocean.

CORUNNA, Spain, Aug. 20.—The Spanish steamer Vera Cruz from Havana, arrived yesterday. She reports that on Aug. 5, in latitude 42 north, longitude 49 west, she spoke the small boat commanded and manned by Captain Andrews, bound from Atlantic City, New Jersey, U.S.A., for Huelva. The Vera Cruz offered to supply provisions, but Captain Andrews declared that he did not want anything. Captain Andrews reported that all was well with him and his craft.

ALL diseases curable by Electricity can be treated at home by the Dorenwend Appliance. The Dorenwend is the only legitimate Electric Belt made which fulfils the requirements of Electro-medical science. It is a complete BODY BATTERY. It has an independent Battery, which generates a mild, continuous current of Electricity (without shocks) and can be regulated to suit the strongest man or the weakest child. It is a CURRENT of QUANTITY, not merely a sensation current, and the quantity current is the greatest curative. It is a successful treatment for INDIGESTION, RHEUMATISM, NEURALGIA, SCIATICA, LUMBAGO, LIVER AND KIDNEY TROUBLES, WEAK BACK, SPINAL DISEASE, HEART DISEASE, NERVOUS DEBILITY, PARALYSIS, VERTIGO, FEMALE COMPLAINTS, IMPOTENCE, SEXUAL DECLINE and all diseases of the Nervous and Muscular Systems.

Remember that the Dorenwend Belt is the very latest invention in this line, and was invented by a competent electrician, and makes the best in the world; we defy anyone to bring proof to the contrary.

Do not choose this Belt with the humbug combinations of leather and metal with which the country is being flooded. If you wish to experiment with cheap articles, buy them, but if you want to procure a genuine Electric Belt and one that will be a benefit get a Dorenwend Belt.

Send name and address for Illustrated Book on Home Electro-medical treatment as mention this paper. J. D. TULLY, Agent, Peterborough. 2nd w

LABOUCHERE HAD HOPES

BUT HE WAS OMITTED FROM THE CABINET.

It Is Likely That Mr. Gladstone Will Be Questioned in Parliament Regarding It—John Morley, Not the Lord Lieutenant, Will Be the Real Ruler in Ireland.

LONDON, Aug. 29.—H. W. Lucy telegraphs as follows to The New York Tribune: With one or two immaterial exceptions Mr Gladstone has completed the formation of his Ministry. The task has been one not, perhaps, of exceptional difficulty, but involving much pressure at what, in ordinary circumstances, should be leisure time. In private conversation Mr. Gladstone observes that the disposition of the minor officers cost him much more time and thought than those of Cabinet rank. Every minnow regards himself, and is regarded in his domestic circle, as a whale, and requires provision made for him accordingly.

The Rosebery scare, in due course, reached its inevitable conclusion. There is no doubt about Lord Rosebery's physical indisposition; he has been suffering from insomnia for many weeks. He tried to break the spell by a yachting trip, but was only partially successful. If he had consulted his own feelings and personal comfort he would undoubtedly have stood aside.

The general composition of the new Ministry meets with approval on the Liberal side, and but for one reason, oddest of all to come from such a quarter, is little carped at in the ex-Ministerial press. This particular criticism is the omission of Mr. Labouchere from the Cabinet. It is talked of more than anything else.

It is diversely reported that the exclusion was dictated by the Queen, who cannot forgive Mr. Labouchere's frequent frank criticism of matters concerning the Royal family, and by Mr. Gladstone, who regarded as unpardonable Mr. Labouchere's suggestion that Home Rule should stand aside till the Radical program was forwarded. The former is far more likely to be true.

The affair, however it has been brought about, might certainly have been more dexterously managed. Mr. Gladstone must have known a fortnight ago whether he was able and disposed to include Mr. Labouchere in the Ministry, or whether he was, for whatever reason, precluded. Since he had decided in the latter sense, it would have been easy for him to have sent for Mr. Labouchere and either offered him an appointment out of the Cabinet, not directly bestowed by the Crown, or frankly explained why the proffer of office was withheld. But while all the world, doubtless including Mr. Labouchere, have been waiting to hear that a message has been sent, a fortnight has sped; the contingency has been discussed in every newspaper, and Mr. Chamberlain went out of his way pointedly to allude to it in the Commons. Mr. Labouchere is thus left in a position galling to any man, which even a professed cynic cannot fail to feel, and may be expected to resent. Mr. Disraeli would have managed the affair differently. Mr. Gladstone, a bigger man, is prone to walk with his head in the clouds and occasionally stumbles over something at his feet that a meaner mortal would have seen and avoided.

Lord Houghton's position though nominally supreme as the direct representative of the Queen, is, in the main, ceremonial. The real ruler of Ireland will be Mr. John Morley; though by one of those fatuities that sparkle along the bulwarks of the British constitution, it is Lord Houghton who appoints Mr. John Morley, the eminent statesman's formal designation being Chief Secretary to the Lord Lieutenant. Before the writ for the vacancy at Newcastle, created by Mr. Morley's acceptance of office, could be moved, it was necessary for Lord Houghton's signature to be obtained. This being overlooked, Lord Houghton was not immediately approachable. According the Commons summoned at 3 o'clock, having agreed to the writs for the other elections, were obliged to suspend sitting for an hour till the Lord Lieutenant's appointment of his Chief Secretary had been duly signified.

One Man, One Vote.

LONDON, Aug. 22.—Mr. Gladstone has written a letter in response to an inquiry whether he would submit a measure to Parliament to abolish plural voting, in which he says that the Government has too recently come into office to make a practicable attempt in November next to pass legislation affecting the "one man, one vote" question, The matter, Mr. Gladstone adds, will receive the earliest possible attention, when it will not be encumbered by schemes for the redistribution of seats or the reduction of the strength of the Irish members of the House of Commons.

Davitt at Newcastle.

LONDON, Aug. 22.—Michael Davitt spoke at Newcastle-on-Tyne in support of the Right Hon. John Morley, who seeks re-election upon accepting the Chief Secretaryship for Ireland for Ireland. Mr. Davitt declared that he did not believe the Irish question would so monopolize Parliament as to shut out questions affecting the welfare of British workingmen. He stated that he had the consent of 70 of his colleagues to declare that they would vote as one man in favor of measure to improve the condition of workingmen.

THREATENED THE QUEEN.

A Lunatic Tells Her Majesty He Has Sworn To Kill Her.

LONDON, Aug. 22.—The Globe Saturday reports an incident that occurred to the Queen while she was driving near Osborne House, Isle of Wight. As the royal carriage was proceeding along the road a man making violent gestures advanced toward it. The carriage was stopped and the man approached the Queen. He told her that he was a foreign count and that he and many others had sworn that if the Queen did not resign they would kill her.

Her Majesty listened in silence to the wild harrangue, never once betraying any nervousness. She and her attendants at once saw that the man was mentally unbalanced and, though she did not know but what he would attempt to suit his actions to his words, she retained her presence of mind and gazed calmly at him, never uttering a word. One of her attendants dismounted and quietly talking to the man removed him from Her Majesty's presence. He was handed over to a constable and lodged in jail. There is no doubt that he is insane.

The Hot Wave in Europe.

VIENNA, Aug. 22.—There is no abatement whatever in the terrible heat that has prevailed for some time. The sun Saturday is shining as fiercely as ever, and the suffering entailed is dreadful. The long-continued heat is having a most serious effect upon persons who are confined to their beds by sickness. This morning several deaths from sunstroke have occurred, and it is a common sight on the streets to see people swoon. The city is practically taking a holiday. No one ventures out to transact any business, unless compelled by absolute necessity, and then they move along in a most listless manner. Unless a change for the better sets in soon the death rate will be enormously increased.

PARIS, Aug. 21.—The weather here is slightly cooler. Two fatal cases of sunstroke were reported here Saturday.

The Kaiser Says There Will Be No War.

BERLIN, Aug. 22.—The autumn parade of the Garde de Corps was held on the Tempelhof parade ground. The day was oppressively warm, the mercury marking 97° in the shade, and Emperor William, for the purpose of sparing the men, ordered that a march past be the only manœuvre. When the performance was over the Emperor, in the course of his customary remarks, begged the officers to give an absolute denial of all rumors of an approaching war and of an increase in the budget. He also denied the report that it was the intention of the Government to introduce a smaller calibre rifle in the army.

GRAFTON & CO.

Behold, Coming Events Cast Their Shadows Before Them!

The most astonishing event in the store of Grafton & Co. is the wonderful low prices they are clearing out the balance of their Summer Clothing at. We said a few weeks ago that the balance of our Summer Clothing would have to go if prices would do it. Well, that is just what is doing it. A few weeks more it will find our store filled with the finest and best assorted stock of Ready-Made Clothing ever displayed in the Town of Peterborough. This Clothing is all hand cut by the best and most stylish cutters that the country can produce, but this is not all; it has the right workmanship on it. Our Clothing is not stuck together to sell—we study our own interests and the interests of the public. We always give customers good goods for little money, and, when we turn the goods out we know that the buyer will come back again.

Now do you want to get a summer suit to wind up the season with and lay it away for another season. It will pay you to buy now. See our special $7.95 Suit. It will wear a lifetime, providing you don't live too long and wear the suit too often. Just think, we are selling Boys' Suits at 99c, $1.30, 1.50 $1.75, $1.95, $2; Youths' Suits at $2.75, $3.25, $3.50, $3.90, $4.25 and up. See them. Men's Suits at $2.50, $3.25, $3.95, $4.50, $5, $5.75, $6.50, $7, $7.50, $8.50 and $10. See our 50c. Overalls; with these we down them all. Small dealers flock from all parts of the country to buy them by the dozen. They all tax their brains beyond measure to find out how we get them up so cheap; but we do it nevertheless. Don't fail to see our 75c and $1 Cottonade Pants. They are dandies and everybody says so. We cannot manufacture them fast enough to supply the demand for them. Call and have a look through our store.
